Calacatta (MC), (NC)

Calacatta (MC)

Description:

Ivory white background. Features strong gold random veins with additional veins varying from cream to green and grey.

Calacatta (MC) is a coated marble, featuring a transparent polyester coating that creates a non-porous surface to prevent use-associated stains. Coating may yellow over time.

Florence Knoll	Table Desks, Credenzas, Low Tables
Pascal	Conference Tables
Platner	Dining Table, Side and Coffee Tables
Saarinen	Dining Tables, Side and Coffee Tables

Care and Maintenance:

Wash surface with lukewarm water. Clean more thoroughly with a non-abrasive solution such as Windex or Fantastik. Rinse with warm water and dry with a soft cloth. Marble should not be used outdoors.

Note:

Marble is a natural material. Hues, veins, crystals, fossils and distinctive marks will vary from piece to piece. Please use this sample card only as a guide.

Calacatta (NC)

Description:

Ivory white background. Features strong gold random veins with additional veins varying from cream to green and grey.

Calacatta (NC) is a natural marble, featuring a penetrating sealer to protect the stone from aging and staining. The sealer must be renewed periodically.

D'Urso	Work, Conference and Low Tables
Florence Knoll	Low Tables
Platner	Dining Table, Side and Coffee Tables
Saarinen	Dining Tables, Side and Coffee Tables

Care and Maintenance:

The mineral surface of natural marble is very porous and easily absorbs moisture and fluids causing corrosion, staining and discoloring. If applied on a yearly basis, impregnators or penetrating sealers protect the interior of the stone, inhibit discoloration and allow the stone to breathe and release water vapor.

Wipe off stains and liquid spills immediately with water and a soft cloth. Never use steel wool or other abrasives on marble. Marbles should not be used outdoors.

Note:

Marble is a natural material. Hues, veins, crystals, fossils and distinctive marks will vary from piece to piece. Please use this sample card only as a guide.
