Pollock
Executive Chair

Both timeless and contemporary, the Pollock Chair continues to establish itself as the premier seating in executive offices and conference rooms. Its signature perimeter aluminum rim in a polished or black painted finish accentuates the gentle curves of the shell, while the thick tufted upholstery cradles the body like a glove. A true icon of design, the Pollock Chair can be specified in classic leather upholstery or modernized with bright colors and textured textiles.

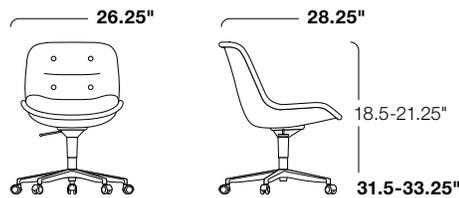

The 4-star base on glides and 5-star base on casters offer maximum functionality in a stylish package. The sleek design and profile of these base options are available in a painted black as well as a combination of polished aluminum and painted silver. Height-adjustable, swivel and tilt capabilities in both arm and armless versions offer the ease of movement and comfort needed whether meeting around a conference table, working from the office or from home.
