

Pilot by Knoll™
Edward Barber and Jay Osgerby

PILOT BY KNOLL™ Designed by Edward Barber and Jay Osgerby, Pilot by Knoll is an innovative swivel lounge chair that marries visual and material lightness with exceptional comfort. The unique upholstery substructure provides greater flexibility to the seat with a refined silhouette for an essential, timeless design. Meticulous craftsmanship in the stitch detail features open parallel double side seaming for added dimension. Available in high or low back versions with loop arms, upholstered arms or armless.

EDWARD BARBER AND JAY OSGERBY Internationally acclaimed designers Edward Barber and Jay Osgerby founded their studio in 1996 after graduating with Master's degrees in Architecture from the Royal College of Art in London. Barber and Osgerby's Universal Design Studio is one of the world's most innovative creative design consultancies, working in architecture, interiors and exhibition design. Recognized in the Queen's Birthday Honours, they have also received OBEs for their service to the design industry. This is the third collaboration between Knoll and the British design team who also created the Barber Osgerby Lounge Collection and the Piton™ Table and Stool Collection.
