

AutoStrada™

Product Information

AutoStrada combines high-performance furniture with interior architecture to create a distinctively modern office environment. Four planning models. One aesthetic. Furniture that's refined, comfortable and inspiring.

AutoStrada and LEED®

Knoll is aligned with the U.S. Green Building Council and can help companies, healthcare organizations and educational institutions achieve Leadership in Energy and Environmental Design (LEED®) workplace certification.

AutoStrada and GREENGUARD®

AutoStrada is GREENGUARD Indoor Air Quality Certified® and can contribute to LEED® certification.

AutoStrada and FSC

AutoStrada is available with materials certified by the Forest Stewardship Council.

VOC-Free Finishes

Water-based woodstains and UV-cured polyurethane wood top coats are virtually VOC-free

High Efficiency / Low Mercury Task Light

Knoll office system task lighting is energy-efficient, improves color rendering and reduces mercury waste emissions

FSC-Certified

Wood components are available with FSC-certified materials

Recycled Fabric

Panels are available in 100% recycled content fabric

Techwood Veneers

AutoStrada Techwood veneers are based on a reconstituted veneer made from wood grown in well-managed forests, providing substantially greater yield than natural wood veneers

VOC-Free Adhesives

Water-based adhesives used to adhere laminate and veneer to substrate are 99% VOC-free

Recycled Aluminum

AutoStrada uses 15-20% recycled content aluminum

Recycled Particleboard

AutoStrada uses 100% recycled content particleboard

GREENGUARD®

AutoStrada is GREENGUARD Indoor Air Quality Certified®

Recycled Steel

AutoStrada uses 20-24% recycled content steel
