

Chadwick™

Product Information

Don Chadwick created a chair that embodies the best of his thinking with the finest principles of Knoll design. Its innovative design and engineering make it easy to assemble, simple to use, durable and stylish. Its efficient use of materials, parts and labor is also environmentally smart.

Designed with its life cycle in mind, Chadwick comes with a 10 year, 7 days a week, multi-shift use warranty. It is designed for ease of disassembly so that parts can be removed and replaced.

Designed by Don Chadwick for Knoll.

Manufacturing

Chadwick is manufactured in the Knoll LEED® Gold and ISO 14001 Certified Lubin Building using Clean Technologies:

- No ozone-destroying Chlorofluorocarbons (CFCs)
- Metal powder coating processes are 99% VOC-free
- Adhesive processes (water based or hot melt) are 99% VOC-free
- Returnable packaging is used for chair component parts

Chadwick and LEED®

Knoll is aligned with the U.S. Green Building Council and can help companies, healthcare organizations and educational institutions achieve Leadership in Energy and Environmental Design (LEED®) workplace certification.

Chadwick and GREENGUARD®

Chadwick is GREENGUARD Indoor Air Quality Certified® and can contribute to LEED® certification.

Minimal Materials
Chadwick is constructed using minimal materials

Recycled Content
Chadwick is constructed with raw materials that contain 13% post-consumer and 23% post-industrial recycled content

Structural Components
Chadwick's integrally colored plastic frame requires no coating, minimizing materials and eliminating Volatile Organic Compounds (VOCs)

GREENGUARD®
Chadwick is GREENGUARD Indoor Air Quality Certified®

Chadwick Fabric
Chadwick fabric is designed to be cleaned with low environmental impact cleaning fluids

Recyclable Content
41.2% of component parts are readily recyclable
