Geometric Designs

Every rug is a unique creation, blending geometric sophistication with a modernist spirit. Designed by noted architect Emanuela Frattini Magnusson, Spinneybeck rugs are fabricated with superb craftsmanship from the finest Italian leather.

Rugs are offered in three distinct styles: check, grid, and woven. To create a unique check or grid rug, simply select colors for the primary areas and one hue for the reveal from our finished leather collection. Woven rugs can be monochromatic or multi-color. With custom shapes and sizes, the design options are endless.
