Cini Boeri Collection

Cini Boeri has created a collection of lounge furniture that is adaptable for either the home or office. Her intention is to create objects that can improve and simplify one's way of living. Paying particular attention to how one uses lounge seating, the Collection delivers multiple sitting zones: bench-like support near the seat front and relaxed comfort as one moves into the piece.

Juxtaposing generous proportions and sleek lines, the Cini Boeri Collection brings a Modernist approach to today's more expansive interiors. The lounge chair, sofa and ottoman are positioned on a metal chassis and casters that offer ease of movement and increased flexibility.

A graduate of Milan Politecnico, Boeri (b. 1924) has incorporated her ideas of expandability and pliability into many mediums. In the 1970s, she designed showrooms for Knoll in France, Germany, Italy and California. Her furniture and lighting designs use varied materials, such as formless foam pieces. Today, she heads an architecture studio in Milan.

The Cini Boeri Collection reflects the KnollStudio® commitment to timeless, enduring design, continuing the Knoll Legacy of producing furniture to the exacting standards of the designer and affirming our unwavering belief in the power and utility of modern design.
