

Abacus

Sector Focus: Finance

Abacus provides client-centered, holistic financial planning services through collaboration, innovation and recognized expertise. When the firm relocated to a newly renovated 13,000 square foot space in Columbia, South Carolina's Financial District, it worked with design firm, Quackenbush Architects + Planners, to readapt the space, adding an atrium and bay windows to create open views and disperse daylight throughout the office. The firm selected a range of streamlined office products and iconic pieces from Knoll to foster adaptive re-use of the office, improve client interaction and implement a collaborative work environment.
