

Arena Tables  
Piironen

**Knoll**Studio

**ARENA TABLES** Finnish designer Pasi Pänkäläinen offers a new take on the traditional café table with the versatile Arena collection. The Arena tables are available in both round and square shapes, in dining and bar heights and a broad range of sizes. Tables feature a white laminate top with a natural birch edge, a steel column and round laser-cut footplate. The Arena tables are the ideal complement to the spirited CHIP chairs and barstools, and are suitable for corporate café and breakout areas as well as hospitality and residential applications.

**PIIROINEN** founded in 1949 as a metal finishing company, Finland-based Piironen has evolved over the years to become an established and respected high-end contract furniture design and manufacturing company. Its metal and surface treatment skills, combined with the intuition and commitment of Finnish top designers, stand as a guarantee and requirement for the existence of its collection.
