

O'Melveny & Myers, LLP

Sector Focus: Legal

O'Melveny & Myers, LLP is an international law firm guided by the principles of excellence, leadership and citizenship to deliver the highest quality client service. When the firm relocated to a newly renovated 120,000 square foot space in San Francisco's Financial District, O'Melveny & Myers worked with design firm, Gensler, with the goal of obtaining LEED® certification. The new office was designed to reduce environmental impact and increase overall indoor environmental quality. Accordingly, the firm selected environmentally responsible and sustainable furnishings from Knoll to help reach its goal. Graham Collection® private

offices with Forest Stewardship Council certified wood and Life® task chairs rated Sustainable Gold under the SMaRT® Consensus Sustainable Product Standard (cover) contributed to the firm achieving LEED® Gold Certification; Saarinen Executive chairs in light blue KnollTextiles bring the airy bayside environment into the O'Melveny & Myers space. The firm selected GREENGUARD Indoor Air Quality Certified® products manufactured using clean technology, including Autostrada™ paralegal and administrative workstations (left) and Graham Collection® associate and partner private offices (right).
