Phoenix	602 353-9099
San Francisco	510 613-8700
Los Angeles	951 280-5400

For additional recycling services you can contact your current waste provider or visit www.wm.com for additional information on local recycling companies in your area. Simply put your zip code and state into the "locate your provider" area of the Waste Management home page. You will also need to select the type of service (recycling services). Once you click "GO" a list of local recycling companies will be listed.

PLEASE NOTE: The 1-800 and local recycling numbers are provided as a courtesy to supply the customers who need support in getting rid of the corrugated material. Knoll does not pay any fees associated with the pickup, removal or recycling of these boxes.
