

International Financial Firm

Sector Focus: Finance

This International Financial Firm is a global leader in corporate banking and securities, transaction banking, asset management and private wealth management. With over 63,000 employees, the firm provides unparalleled financial services to 74 countries throughout the world. When the Company decided to open its second branch in one of the world's fastest growing financial hubs, it wanted its office to reflect the financial center's sophisticated, corporate environment. Thoughtfully considered Crinion Open Table™ systems from Knoll are an innovative solution, providing both the efficiency the firm needed with the elegance

it desired. For its open offices, cover, the International Financial Firm chose Crinion Open Tables™ and sustainable Life® seating. The high-performance design of the Crinion Open Table™ from Autostrada™ gives the Company's associates ample space for collaborating on joint ventures or planning future investments. With its slim silhouette and knit back suspension, Life® seating delivers innovative design and advanced, ergonomic support. A Florence Knoll sofa, Barcelona® lounge chairs and a Laccio coffee table, above, create an elegant focal point in the firm's lounge.
