

Product Overview

- KnollTextiles indoor/outdoor upholstery fabrics are made from one hundred percent solution dyed fiber, so the color is integrated directly into the fiber. They are mildew resistant and water repellent; plus they have excellent lightfastness qualities.
- Available in two styles: Rio and Belize.

Cleaning Instructions

- Bella-Dura fabrics are easy to care for and exceptionally easy to clean; most spills blot up with a clean, dry cloth, and most stains can be removed with a mild detergent solution. A bleach solution can also be used.

Environmental Benefits

- Bella-Dura solution dyed fiber is Cradle-to-Cradle™ certified by the third party MBDC for reduced environmental impact and increased human safety.
- Compared to other synthetics, its manufacture requires less energy and produces no harmful industrial waste.
- This fabric is 100% recyclable.
