

# Sustainability Overview

## Template™

### Template and LEED®

Knoll, Inc. is aligned with the U.S. Green Building Council and can help companies, healthcare organizations and educational institutions achieve Leadership in Energy and Environmental Design (LEED®) workplace certification.

### Template and Intertek's Clean Air Program

Template is certified Clean Air GOLD.

### Template and FSC®

The wood material used to construct Template is FSC chain-of-custody-certified when using laminate or North American veneer surfaces.

Template is manufactured using clean technology in an ISO 14001 certified building in Muskegon, MI.

---

### Features:

#### VOC-Free Finishes

Powder coating on steel virtually free of Volatile Organic Compounds (VOC).

#### VOC-Free Adhesives

Water-based adhesives used to adhere laminate and veneer to substrate are 99% VOC-free.

#### PVC-Free

Template is manufactured PVC-free.

#### Recycled Fabric

Fabric inserts and screens are available in 100% recycled content fabric.

#### Recycled Aluminum

Template uses 15-20% recycled content aluminum.

#### Recycled Particleboard

Template uses 100% recycled content particleboard.

#### Techwood Veneers

Template techwood veneers are based on reconstituted veneer made from wood grown in well-managed forests, providing substantially greater yield than natural wood veneers.

#### FSC®-Certified

Wood components are standard with FSC-certified materials.
