Knoll and Sustainable Design

Each year Knoll sets key initiatives in our journey to sustainability. We are members of a global consortium on energy, have adopted a scientific, metrics-based approach to sustainable product design, and maintain a leadership position in establishing universal, verifiable, sustainability standards for our industry.

Knoll promotes independent third-party certification because it provides the most impartial and trustworthy foundation for industry-wide environmental compliance. Certification by established and respected third parties ensures that all manufacturers are held to the same high standards and that customers can trust a company’s declaration about the environmental benefits of its products. Knoll third-party partners include: the International Standards Organization (ISO); Forest Stewardship Council (FSC); Rainforest Alliance; GREENGUARD® Environmental Institute; and The Business and Institutional Furniture Manufacturer’s Association (BIFMA) level® certification from Scientific Certification Systems (SCS).

In addition, Knoll is aligned with the U.S. Green Building Council and can help companies, healthcare organizations and educational institutions achieve Leadership in Energy and Environmental Design (LEED®) workplace certification.

Global Climate Change

• Knoll is a sponsor of the Clinton Global Initiative, which brings together a community of global leaders to devise and implement solutions to some of the world’s most pressing challenges, including environmental change.
• Knoll has a comprehensive Energy Management Program to increase energy efficiency in products and processes.

Life Cycle Assessment (LCA) Tool

• Life Cycle Assessment is a science-based measurement of a product’s environmental impacts throughout its life cycle, from raw materials sourcing through manufacture, shipping, use and re-use or end-of-life. LCA enables cradle-to-cradle implementation of sustainable practices.
• Knoll has partnered with The Green Standard.org to develop an affordable, universal ISO-compliant computer-based LCA tool that can be used by the entire contract furniture industry and is partnering on the development of an Environmental Product Declaration System (EPDs) for Knoll products. EPDs are verified documents containing LCA results and additional environmental performance information about a product.

Setting Industry Standards

• Knoll partners with MTS (The Institute for Market Transformation to Sustainability) to develop the SMaRT© Consensus Sustainable Products Standards, a set of consensus-based sustainable product standards based on the LEED® model, for all building products, fabric, apparel, flooring and carpet. MTS, the developer of SMaRT©, is an accredited American National Standards Institute (ANSI) standard developer.
• Knoll also partners with BIFMA (Business and Institutional Furniture Manufacturers Association) to promote level® sustainability standards for the contract furniture industry.
• Knoll has established FSC® (Forest Stewardship Council) certified wood as the standard for general office open plan office systems, casegoods and tables.
• Knoll has launched Full Circle, a resource recovery program developed with ANEW, to help customers extend the life cycle of surplus furniture, fixtures and equipment (FF&E) in an economically, socially and environmentally responsible manner.
• Our goal is to encourage all manufacturers in the contract furniture industry and related industries to adopt standards that will lead to sustainable products and practices.

For more information about Knoll and sustainable design, visit knoll.com/environment.
All Knoll Office Seating is GREENGUARD Indoor Air Quality® certified and GREENGUARD for Children & Schools™ certified.

All KnollExtra® products are GREENGUARD Indoor Air Quality® certified.

Visit GREENGUARD.org for more information and to find printable certificates for Knoll Office Seating that can be used for verification and LEED® submission.

GREENGUARD provides the only guide to certified low-emitting interior products and building materials. Its goal is to help building owners and managers, architects, interior designers and product specifiers build and furnish healthier offices, hospitals, schools and homes by providing a register of tested and certified low-emitting products and materials.

GREENGUARD certification is recognized by the U.S. Green Building Council's LEED® Program. Air Quality Science, an independent indoor air quality laboratory, tests products submitted for certification using stringent environmental chamber testing protocols and current indoor air quality standard. Certification is administered by the GREENGUARD Environmental Institute (GEI), an industry-independent, non-profit organization.

GREENGUARD for Children & Schools™ certification complies with the State of California's Department of Health Services Standard Practice (CA Section 01350) for testing chemical emissions from building products used in schools, offices and other sensitive environments.

Certified products can contribute to achieving credits in the CHPS Best Practices Manual for K-12 schools, the LEED® Green Building Rating System, Green Guide for Healthcare™, NAHB Green Building Guidelines, Regreen and numerous other local authorities' green building codes.

Knoll Office Seating and KnollExtra® products can contribute to achieving LEED® credits.

GREENGUARD-tested and certified office furniture is required for Credit 4.5 in the LEED-CA Indoor Environmental Quality section.

GREENGUARD Certification Program

- Internationally recognized for evaluating product emissions and certifying building materials, furnishings, finishes and cleaning products and processes that meet stringent indoor air quality criteria defined by GEI.
- Products undergo rigorous, third-party testing to determine their impact on indoor air pollution with requirements for ongoing testing and verification.
- Certification confirms a manufacturer’s environmental responsibility, and signifies their environmental achievements through independent, third-party testing and verification.
- GREENGUARD Certified products are recommended by leading sustainable building programs, including:
  - U.S. Green Building Council’s (USGBC) LEED Rating System,
  - National Association of Home Builders (NAHB) Green Building Guidelines,
  - Green Guide for Health Care (GGHC),
  - Collaborative for High Performance Schools (CHPS) Best Practices Manual,
  - New York City Department of Design and Construction Sustainable Design Specifications, among others.
**An Overview**

In the first part of the Price List you'll find a full range of desktop accessories.

The second part features Orchestra Universal System Accessories, a complete scope of paper management accessories perfect for panel-mounted or freestanding application.

Part three offers a broad range of systems support products, including computer accessories, storage drawers, communications boards, and lighting.

Can’t find it? Consult the Table of Contents on page 1 or the Alpha-numeric Index on page 166.

---

**Product Information on Each Page**

The KnollExtra Price List was designed to provide you with everything you need to know in order to understand, specify, and care for KnollExtra products. On each page, the following features will assist you:

- **Description/Construction** explains salient features, capabilities, materials, and country of origin.
- **Dimensions** provide the overall space the product will require. Statistics are based on the maximum width, depth and height of the product.
- **Weight** is based on the product itself. It does not include packaging or complementary items such as pens, memo paper or calendars.
- **Order Code/Ordering Information** outlines exactly how to specify KnollExtra product and the full scope of finish options. The Order Code provides an example of how one pattern number is specified.
- **Custom Options** reviews availability of special sizes, finishes etc.

---

**For More Information**

For more information, contact your Knoll sales representative, telephone Customer Service at 1-800-343-5665, or visit one of the Knoll showrooms listed on the last page of this book.

---

**A Word About Finishes**

KnollExtra finishes are designed to complement a broad range of interiors and office products.

Key KnollExtra finishes coordinate with specific Knoll systems finishes:

Use the Following Addresses

If you would like to send a standard lead time order to our order entry department, please use the following address:

For North American orders:
Knoll, Inc.
1235 Water Street
East Greenville, PA 18041
Attn: Order Entry
Fax: 215 679-1788
Tel: 800 343-KNOLL

All accepted orders will be confirmed in writing on the Knoll standard order confirmation form.

Ship-Complete Orders

Orders that must ship complete are to be so stated on the purchase order. Products with different lead times, combined on one order, can be acknowledged for shipment based on the longest of those lead times. Orders not marked “ship complete” will be released according to the confirmation, and invoiced in increments.

For More Information

For complete Knoll Selling Policy and warranty information, please refer to page 169 of this price list.

For additional information on KnollExtra, contact your Knoll representative, a Knoll dealer, or telephone Customer Services at 800 343-KNOLL.

Maintaining Your Purchase

**Maintenance**

While KnollExtra relies on highly durable materials in each product line, regular basic maintenance will ensure the longevity of your product. Most stains, marks, and discolorations can be removed by following the simple instructions outlined on this page.

**Plastic**

Windex and a dry cloth.

**SofStone**

Early removal of a stain makes SofStone care much easier. This is especially true of coated areas which are frequently handled. If oil smudges are allowed to build up, they can soften the suede coating, and become very difficult to remove. Most dirt and smudges can be removed by the following methods:

1. **Greasy stains** (crayon, oil, lipstick, etc.): remove grease and wax stains with a naptha-dampened lint-free cloth. Change the cloth frequently to remove as much grease as possible without spreading the stain.

2. **Non-greasy stains** (dirt, coffee, mustard, catsup, etc.): dirt and smudge areas can generally be removed by using a sponge or soft bristle brush with Liquid Ajax, Mr. Clean, Lestoil, or 3M brand carpet spot remover and upholstery cleaner. Follow the instructions on the label, and rinse thoroughly with clear water and a lint-free cloth.

3. **Combination stains** (chocolate, ice cream, gravy, soup, etc.): combination stains are caused by materials that contain both greasy and non-greasy substances. First use the procedures for non-greasy stains as stated above. Then, rinse thoroughly with clear water and a lint-free cloth.

**Stainless Steel:**

Windex and a dry cloth.

**Antique Brass, Brushed Zinc and Black Oxide:**

A damp cloth with no cleaning agents.

**Satin Brass:**

Pledge.

**Linoleum:**

Windex and a dry cloth.

**Contemporary and Traditional Standard Leathers:**

Mild soap and water on a soft cloth.

**Spinneybeck Leathers:**

As a result of the high quality aniline dye process, most scratches or minor stains can be removed simply by gently rubbing them with your fingers. The body’s natural oils revitalize the leather. For stubborn stains, use mild soap and water. Take care to wash the surface evenly since soaps may slightly alter the leather’s tonality.

**Surf Collection:**

Wipe nylon skin using warm water and mild detergent. Do not use abrasives.

**Office Automation Accessories/Storage Drawers:**

Clean with EV-1 or any liquid ammonia-added cleaner and rinse. For best results, keep marker board and marker pens at room temperature. KnollExtra suggests Alliance Rite-On Wipe-Off marker pens which are designed for use on marker boards. All marker pens should be tightly capped and stored horizontally when not in use. If Expo brand markers are used, use the manufacturer’s recommended cleaning solution, Expo Dry Erase Cleaner.

Follow the instructions below as a periodic maintenance program, or to remove stubborn stains:

1. Clean with EV-1 or any liquid ammonia-added cleaner and rinse with clean water, then dry. For best results, wash board like a window with sponge and squeegee.

2. Interim cleaning may be done by sprinkling a dry powdered cleanser on an eraser and applying to the board in a circular motion. Rinse with clean water, then dry.

3. To remove crayon, scotch tape, or other stubborn materials, apply a mild solvent or paste made with scouring powder and water.

**Fabric Boards:**

Despite the durability of most panel textiles, fabric boards are subject to long-term soiling and wear. A regular maintenance program will significantly lessen soil and dirt build up or staining on your fabric boards. Cleaning is particularly important in areas adjacent to air conditioning or ventilation systems.

Remember to consult the care instructions provided by the fabric manufacturer. The general recommendations below should apply to most fabric boards.

1. Avoid excessive heat or moisture which can affect finishes and adhesives. Never allow fabric panels to become wet inside the core. Room temperature should be maintained between 50 and 85 degrees; humidity should be maintained between 20 and 50%.

2. Avoid contact with sharp edges which could puncture the surface.

3. Do not handle fabric boards more than necessary. Avoid bending or flexing the panels; this could break the bond between the surface and core materials.

4. Grease or oil should be wiped off immediately upon contact. Remove excess grease or oil by blotting. Use hot water and mild soap to remove any remaining residue.

5. Whenever possible, clean only with warm water and mild soap. Use caution when applying cleaning agents, particularly those that contain alcohol, strong alkalis, or solvents. These ingredients may react to the vinyl backing or adhesives used in the fabric boards. Always test cleaning agents on fabric from the rear of the panel before using on the front.

6. Care should be taken in using strong room cleaners or pesticides. Their fumes may contain agents which lead to the loosening of the fabric board glue bond.

- Black (BK)

### Custom Options

**Custom finishes available upon sample chip approval. 750 piece minimum on plated finishes; 100 piece minimum on painted finishes. Production set up fees vary by finish. Contact your Knoll color representative or Customer Service for complete pricing information.**

**Plastic wastebasket:**
- Custom colors available upon sample chip approval. $250 color match fee and 500 piece minimum per line item. Contact your KnollExtra representative or Customer Service for complete pricing information.

### Construction

**Metal Wastebasket:**
- The black oxide finish is a matte black hand-applied coating over steel.

**Plastic Wastebasket:**
- High-impact crystal styrene.

All items are manufactured in the United States.

**Order Code**

- 3301-2: Double letter tray
- VP: Velluto Pelle
- MB: Mirror brass posts
- V556: Suf

**Ordering Information**

- Specify:
  1. Pattern number
  2. Leather selection
  3. Hardware selection (Double Letter Tray only)

**Spinneybeck leathers:**
- Vicenza (VZ)
- Velluto Pelle (VP)
- Sabrina (SA)

There are 20 rich colors available in Vicenza and more than 100 vibrant colors available in Sabrina and Velluto Pelle. To view the complete color selection, please contact your Knoll sales representative or Spinneybeck.

**Custom Options**

- Customer’s own leather (COL): available upon approval of sample. 10 unit minimum on all specials.
- Upcharges based on number of cowhides required for production.
- Contact your Knoll sales representative or Customer Service for complete pricing information.

**Construction**

**Spinneybeck Vicenza (VZ):** A corrected grain, aniline dried leather. The correction process refines the surface of the leather preparing it for the reception of an embossed grain pattern prior to finishing.

**Spinneybeck Sabrina (SA):** An aniline dyed, full grain, kip leather. The fine quality and lightweight material produce a supple hand and smooth, tight grain appearance. Sabrina receives a breathable, protective finish and is appropriate for high-traffic use.

**Spinneybeck Velluto Pelle (VP):** An aniline dyed, enhanced full grain leather. The combination of the subtle surface enhancement and special ironing process creates the suppleness and smoothness of this leather. Velluto-Pelle has a breathable, medium, protective finish.

Spinneybeck leathers: Vicenza (VZ), Velluto Pelle (VP), Sabrina (SA)

There are 20 rich colors available in Vicenza and more than 100 vibrant colors available in Sabrina and Velluto Pelle. To view the complete color selection, please contact your Knoll sales representative or Spinneybeck. Please note that 10 or more units are required on all Spinneybeck orders.

**Construction**

**Spinneybeck Vicenza (VZ)**

A corrected grain, aniline-dyed leather. The correction process refines the surface of the leather preparing it for the reception of an embossed grain pattern prior to finishing.

**Spinneybeck Velluto Pelle (VP)**

An aniline-dyed, full-grain, kip leather. The fine quality and highly resistant material provides a durable and smooth, tight-grain appearance. Velluto Pelle has a breathable, medium, protective finish.

**Spinneybeck Sabrina (SA)**

An aniline-dyed, full-grain, kip leather. The combination of the subtle surface enhancement and special finishing process creates the supple and smoothness of this leather. Velluto Pelle has a breathable, medium, protective finish.

Manufactured in the United States, using domestic and Spinneybeck Italian leathers.

Spinneybeck leathers: Vicenza (VZ) Velluto Pelle (VP) Sabrina (SA)

Customer’s own leather (COL) available upon approval of sample. 10 unit minimum on all specials.
Upcharges based on number of cowhides required for production. Contact your Knoll sales representative or Customer Service for complete pricing information.

Construction

- Spinneybeck Vicenza (VZ): An aniline-dyed, full grain leather. The correction process refines the surface of the leather preparing it for the reception of an engraved grain pattern prior to finishing.
- Spinneybeck Sabrina (SA): A durable, immersion aniline-dyed, full grain kip leather which has received a protective surface finish. The sepia soft hand is achieved by its fine quality and light weight. Manufactured in the United States using domestic and Spinneybeck Italian leathers.
- Spinneybeck Velluto Pelle (VP): A durable, immersion aniline-dyed, full grain kip leather which has received a protective surface finish.

Please note that 10 or more units are required on all Spinneybeck orders.

* No charge when ordered with Load Bar or Slat board, configured in load bar and slat board pattern numbers when ordered with load bars and slat boards.

**Order Code**

**Example:** OR-BKT-SM-A

**Ordering Information**

1. Pattern number

**Mounting Options**

Panel, mount and wall-mounted brackets.

**Note:** Panel mounted arms cannot be mounted to Orchestra® load bars. Arms can only be mounted on Orchestra® slat wall if mounted per the Wibeham Test Matrix mounting instructions on Knoll Exchange. Please review before mounting. Flat panel monitor arm mounting options start at p. 122-123

**Custom Options**

Brackets are currently available for virtually every major office system. Panel-mounted brackets for other systems can be developed. Minimum of 100 sets per bracket. Tooling and set-up changes may be required. Contact your Knoll sales representative or Customer Service for complete pricing information.

**Construction**

Worksurface-mounted bracket: Die-cast aluminum painted black.

**Design Awards**

**Sapper™ Monitor Arm Collection**

**Easy Order Single Arm Kits**

Kit includes everything needed to mount one monitor to a workspace, desk wall or wall: single standard arm, 10” mast, movement joint (includes fast release monitor plate), adjustment knob, cable management clips and mounting option (see right for options).

  - Beige Mist Metallic (611)
  - Medium Metallic Grey (612)
  - Silver Metallic (613)

- See pp. 118 for comprehensive mounting, application and construction information.
Mounting and Application Information:
All Sapper standard monitor arms:
- Maximum weight of 20 lbs per arm, weight limits vary with mounting options.
- Ship standard with fast release movement joint.
- 105 degrees of vertical Travel and 360 degrees of rotation for portrait and landscape orientation.
- Fold into themselves to be highly compact at only 2.5" when fully compressed.
- Are durable and lightweight (standard arm weighs only 2.6 pounds)."
Cable Management:

Monitor Arms
External cable management allows for easy installation and removal of monitors. There are gates under the arm that will contain wires from the monitor to plastic cable management clips that go on the mast to keep wires tidy to the electrical socket.

Gates

Clips

For the beam solutions, there are beam cord management clips on the back of the beam (6 on the small, 8 on the medium, 10 on the large) that can hold wires from the monitor to the mast cable management. The beam mast cable management is wider than the standard mast cable management to accommodate multiple monitor wires.

Height Adjustment

Rotation, Swivel, Tilt and Depth Adjustment

Fast Release:

Monitor Arms
Allows for swift installation and removal of flat panel monitors by merely popping the quick release pin up to remove monitor with movement joint/back plate attached.

Construction:

Arm: die cast aluminum with a cold rolled steel top plate
Mast: anodized aluminum extrusion
Beam: satin anodized extruded aluminum
Adjustment knob: nylon undermold with a TPU overmold
Movement joint: plastic bushings, zinc and plastic molded plastic tilt friction components and glass filled nylon VESA plate
Movement joint slide: aluminum, powder coated silver
VESA plate adaptors: steel
Table clamp, grommet mount, fixed table mount, COT Center channel mount, DH Benchmount, Antenna center beam center mount: steel
Slat wall and wall mount (both mast mount and direct, both standard and compact sizes): die cast aluminum with steel back plates
Double arm bracket: die cast aluminum, steel top plate, extruded aluminum posts, plastic upper and lower bushings
Triple support arm bracket: die cast aluminum, steel top plate, extruded aluminum posts, plastic upper and lower bushings
Must-to-beam bracket: aluminum, powder coated silver
Cable management: transparent polycarbonate clips on the mast and beam, plastic gates under standard arms
Antenna and Quadruple support arm bracket: die cast aluminum
Twin-Fence Table Clamp, Deep Table Clamp, Heavy-Duty Table, Clamp, Grommet, Fixed Table, Cenntist Open Table, Center Channel, Dividends Horizon Benchmount and Antenna Center Beam Table Mounting: steel
Antenna Table Center Beam Side Mounting: die-cast Aluminum
Slat Wall and Wall Mount (both direct mast Mounting, Direct Mounting and Sapper 50 Direct Mounting (for both standard and compact arms): die-cast Aluminum with steel back plates
Quadruple arm bracket: Die-cast Aluminum

Fast Release:

Monitor Arms
Allows for swift installation and removal of flat panel monitors by merely pulling the bottom of the movement joint slide toward the user from the beam while lifting the top of the monitor up.

For installations with Fast Release Wall Cords, simply pull the cord down while lifting the top of the monitor up.

Thief Deterrence:

All movement joints come with a set screw at the fast release pin, to prevent fast release if so desired. Also there is a set screw at the top of the mast to deter removal of the entire arm and monitor from the mast.

Deactivate Fast Release with Set Screw

Rotate, Swivel, Tilt and Depth Adjustment

Compatibility:

The Sapper Monitor Arm Collection is not compatible with the Wishbone Flat Panel Monitor Support System (i.e., Wishbone, Zorro or Rotation arms, posts, tool bars, brackets, mounting, etc.). They have been designed independently and as such parts from one system cannot be used with the other.

Monitors cannot be mounted on KnollExtra®/Orchestra® tool bars.

Installation Instructions:

Comprehensive installation instructions will be shipped with product and are also available on Knoll Exchange for easy reference.

**Mechanism Attributes**

- Easy lift arm:
  - Spring assist adjustment
  - Centerless height adjustment
  - Soft touch knob adjusts tilt from 0° to (-)15°
  - Variable height adjustment of 3.25\" (up 1.06\", down 2.19\")
  - Pivot side to side: 360°
  - Black textured finish
  - Mounts on virtually any worksurface

- Sit/Stand arm:
  - Spring assist adjustment
  - Centerless height adjustment
  - Soft touch knob adjusts tilt from 0° to (-)15°
  - Variable height adjustment of 11.25\" (up 6.40\", down 4.85\")
  - Pivot side to side: 360°
  - Black textured finish
  - Mounts on virtually any worksurface

- Sit/Stand arm with pivot:
  - Same features as the Sit/Stand arm plus the keyboard platform moves independently from arm, allowing it to parallel the worksurface as the arm is moved laterally.

---

**Technology Management**
Adjustable Keyboard Supports

Prospero Platform/ Mechanism Configurations

Prospero Platform

• 20” x 11” x 1”
• 2” with palm rest
• Rigid plastic platform with steel stiffener plate for stable keying surface.
• Flexible soft textured plastic overcoat.
• Thin profile for extra knee room.
• Included palm rest provides soothing support
• Sized to accommodate keyboard and mouse
• No additional mousing surface required.

See Mechanism Attributes below

Application Notes

Keyboard support provides users with a more comfortable working environment by allowing them to adjust the height and pitch of the platform holding their computer keyboard. When not in use, the Adjustable Keyboard Support stores the keyboard under the worksurface to free vital worksurface space. Dimensions above are for the platform only. For full configuration details, all component measurements and application suggestions refer to the Keyboard Measurements tool on Knoll Exchange.

Construction

Prospero:
• TPE (thermoplastic elastomer) and 40% mica reinforced polypropylene undermold. Steel stiffener plate at the base of platform.

Mechanisms:
• All arms are steel with a powdercoat finish. Tracks are steel with nylon glides.
• Springs assist adjustment
• Spring assist adjustment
• Soft touch knob adjusts tilt from 0° to (-) 15°

Sit/Stand Arms:
• Mounts on virtually any worksurface
• Pivots side to side 360°
• Soft touch knob adjusts tilt from 0° to (-) 15°
• Black textured metal finish
• Black textured finish

Easy Lift Arm:
• Mounts on virtually any worksurface
• Variable height adjustment of 7.04” (up 2.83”, down 4.21”) / 18.3 cm (up 7.2 cm, down 10.7 cm)
• Spring assist adjustment

Sit/Stand Arm with pivot:
• Same feature as the Easy lift arm
• Soft touch knob adjusts tilt from 0° to (-) 15°

Mechanism Attributes

Order Code

Example: OA-K-PR-EL2-BK (16, 18, 22, 23, 25)

Ordering Information

1. Pattern number
2. Track size (if applicable)
3. Track length:
   Options: 16, 17, 750, 21, 625, 22.63 and 23 inches.

Minimum clearance required is the length of the track plus ½”.

Keyboard tray must be specified through that price list. Pattern code is YAK.

In order to mount to Antenna Workstation tables, you will need to order a special adapter available from Antenna Workspaces. Pattern code is YAK.

Keyboard tray must be specified with a sliding track that is less than the depth of the top and anything below the top such as a power harness or cable basket.

For taller individuals, we recommend using a pivot solution mounted on the diagonal to maximize knee space.

Caesar with easy lift arm

Caesar with sit/stand arm

OA-K-EL2-MS-(16,18,22,23,25) $405.
OA-K-MS $92.

Application Notes

Keyboard support provides users with a more comfortable working environment by allowing them to adjust the height and pitch of the platform holding their computer keyboard. When not in use, the Adjustable Keyboard Support stores the keyboard under the worksurface to free vital worksurface space.

Construction

Caesar: Black textured powdercoated steel plate
Mechanisms: All arm are steel with a powdercoat finish. Tracks are steel with nylon glides.

Microsoft® is a registered trademark of the Microsoft Corporation.

Mechanism Attributes

Easy lift arm:
- Spring assist adjustment
- Knobless height adjustment
- Soft touch knob adjusts tilt from 0° up (15°)
- Variable height adjustment of 2.83 to 4.21 (up 2.83, down 4.21)
- Pivot side to side 360°
- Black textured finish with black soft touch knob
- Mounts on virtually any worksurface

Sit/Stand arm:
- Spring assist adjustment
- Knobless height adjustment
- Soft touch knob adjusts tilt from 0° up (15°)
- Variable height adjustment of 11.57 to 5.17 (up 6.40, down 5.17)
- Pivot side to side 360°
- Black textured finish
- Mounts on virtually any worksurface

Antenna Mounting Note

In order to mount to Antenna Workspace tables, you will need to order a special adapter available through that price list. Pattern code is YAK.

Keyboard tray must be specified with a sliding track that is less than the depth of the top and anything below the top such as a power harness or cable basket.

For taller individuals, we recommend using a pivot solution mounted on the diagonal to maximize knee space.

**Ordering Information**

| Track length options | 16, 17.75, 21.625, 22, 23, 25 |

**Application Notes**

- Keyboard support provides users with a more comfortable working environment by allowing them to adjust the height and pitch of the platform holding their computer keyboard. When not in use, the Adjustable Keyboard Support stores the keyboard under the worksurface to free vital workspaces.

**Dimensions**

- Dimensions above are for the platform only. For full configuration, all component measurements and application suggestions refer to the Keyboard Measurements tool on KnollExchange.

**Construction**

- Board is phenolic.
- Wristrest is foam-filled vinyl on MDF board.
- Mousepad is lynca covered polyurethane.
- Mechanism: All arms are steel with a powder-coated finish. Tracks are steel with nylon glides.

**Mechanism Attributes**

**Short Easy Lift Arm**

- Spring assist adjustment
- Knobless height adjustment
- Soft touch knob adjusts tilt from 0° to (+) 15°
- Variable height adjustment of 2.50 (up), 2.60 (down), 3.20
- Tensile side to side 360°
- Black textured metal finish

**Easy Lift Arm**

- Spring assist adjustment
- Knobless height adjustment
- Soft touch knob adjusts tilt from 0° to (+) 15°
- Variable height adjustment of 2.60 (up), 2.80 (down), 3.20
- Tensile side to side 360°
- Black textured finish with Black soft touch knob
- Mounts on virtually any worksurface

**Sit/Stand Arm**

- Spring assist adjustment
- Knobless height adjustment
- Soft touch knob adjusts tilt from 0° to (+) 15°
- Variable height adjustment of 11.57 (up), 6.89 (down), 5.17
- Pivots side to side 360°
- Black textured finish
- Mounts on virtually any worksurface

**Antenna Mounting Note**

- In order to mount to Antenna Workstation tables, you will need to order a special adapter available through that price list. Pattern code is VAK.

- Keyboard tray must be specified with a sliding track that is less than the depth of the top and any thing below the top such as a power harness or cable basket.

- For taller individuals, we recommend using a pivot solution mounted on the diagonal to maximize knee space.

### Ordering Information

Specify:

1. Pattern number

Not all mousing solutions are appropriate with all platforms.

### Construction

**Worksurface mounted surf mouse pad**
Black painted steel mechanism mounted with hard surface backed surf mouse pad.

**Juliet mouse pad**
TPE (a thermoplastic elastomer) overmold with 40% glass reinforced polypropylene undermold.

**Juliet palm rest**
Nylon upholstered palm rest is dual density polyurethane. The gel beneath the fabric, nominally .65", is formulated to provide soothing support.

---

Technology Management
# Freestanding Surf® Ergonomic Accessories

by Ross Lovegrove & Stephen Peart

**Wrist Rest**
- Soft, biomorphic form reduces strain on wrist.
- Long, radial shape with single straight edge ensures a tight fit with standard size keyboards.
- Gel pad for greater use comfort.

**Lumbar Support**
- Self-adjusts over any seat back.
- Heat and pressure reactive foam responds to individual user.
- Support returns to original form within 10 seconds after use.
- Neoprene nylon outer skin allows body to breathe comfortably.

**Surf Board VDT Corner**
- Fits any worksurface thickness or edge profile.
- Creates generous 24" wide VDT corner, 14" from worksurface corner.
- Can be adjusted to any angle, or removed when not needed.
- Integral non-handed mouse pad.
- Felt back and rubber bumpers protect worksurface.

## Ergonomic Value

- The Surf Collection wrist rest, mouse pad, and lumbar support play a critical role in workplace ergonomics.
- Proper use of these pieces helps users maintain the body neutral position, reducing harmful strain on muscles and joints.
- The collection's design advantage is in its simplicity. These accessories are extraordinarily versatile and flexible, responding to the individual needs of the specific user, unlike over-engineered mechanical pieces.

## General Notes

The Surf Lumbar Support rests loosely over the chair like a saddle bag, held in place by a counter balance weight. The piece is easily adjusted up or down, to the preference of the user. The support's high performance patented foam molds itself to both the user and the chair back. As the user moves throughout the workday, the foam responds in kind, continuously resculpting itself around the user's body. When body pressure is removed, the lumbar support returns to its original form within 10 seconds, ready for the next user.

## Construction

- **Surf Board:** Rigid steel plate with 1" thick rolled front detail. Black rubber bumpers and non-scratching felt back.
- **Rivet and mouse pad:** Nylon upholstered dual-density polyurethane. Gel lycra fabric, nominally .65", is formulated to provide soothing support by displacement.

## Design Awards

- **First place, Interior Design Product Award, ASID, 1994.**
- **High Design Quality Red Dot Award, Design Zentrum, Germany, 1996.**
- **Lumbar support: Honorable Mention, Furniture, ID Magazine Annual Design Review, 1993.**
- **Surf Board: Best of Category Award, Consumer Products, ID Magazine Annual Design Review, 1994.**

## Technology Management
Freestanding Ergonomic Accessories

**VDT Sleeve**

- Racetrack-shaped sleeve slides over worksurface to create VDT corner.
- Creates 17 5/8" wide VDT corner, 9" from worksurface corner.
- Can be adjusted to any angle, or removed when not needed.
- Heavy-gauge steel with felt backing to prevent scuffing.
- 1 1/4", 1 3/4", and 2 1/2" worksurface thicknesses.
- 1/4" screw holes on underside for optional attachment to worksurface.
- Available in two metallic and two soft-touch finishes.

- 2 1/2" (C): Rolf

VDT sleeve finishes:
- Soft Grey (E)
- Medium Metallic Grey (J)
- Soft Touch Light Grey (GS)
- Soft Touch Black (BS)

**Construction**

- 175/8" wide VDT corner, 9" from worksurface corner.
- Can be adjusted to any angle, or removed when not needed.
- Heavy-gauge steel with felt backing to prevent scuffing.
- Available in two metallic and two soft-touch finishes.

**Knoll Extra**
Adjustable CPU Holders

**Adjustable vertical metal CPU holder**
- Adjusts to hold equipment 6" to 10" wide by 14" to 24" high.
- Hangs vertically from worksurface to maximize knee space.
- Slides on track under worksurface for easy CPU access.
- Ventilation holes on sides.
- Has a weight capacity of 60 pounds.
- Mounts on virtually any worksurface.
- Swivel is 360°.
- Track length is 17¾".

**Adjustable vertical sling CPU holder**
- Adjusts to hold equipment 6" to 10" wide by 14" to 24" high.
- Sling made of woven vinyl coated polyester for flexibility and ventilation.
- Hangs vertically from worksurface to maximize knee space under surface.
- Slides on track under worksurface for easy CPU access.
- Has a weight capacity of 60 pounds.
- Swivels 360°.
- Track length is 17¾".

**Order Code**
- **Example:** OA-CPU-SLNG-V
- **OA-CPU**
- **SLNG**
- **V** Vertical mounting option

**Ordering Information**
- Specify:
  1. Pattern number

**Installation Notes**
- CPU holders come standard with a 17¾" long track. They mount on work surfaces 18½" or deeper.

**Construction**
- Metal CPU Holder:
  - Black plastic pull.
- Sling CPU Holder:
  - Black painted steel mounting mechanism. Woven vinyl coated polyester sling.

**Custom Options**
- Longer and shorter track lengths are available. Contact Customer Service for pricing information.

**Antenna Mounting Note**
- In order to mount to Antenna Workspace tables, you will need to order a special adapter available through that price list. Pattern code is YACPU.
- Any KnollExtra CPU Holder can be mounted under a top deeper than the mounting track.

Order Code

Example: BP-SSF

**BP-SSF**

Specify
1. Pattern number
2. Lock option

Lock option: Lock attaches to slides in field. Removable for use elsewhere.

For wire management needs, the minimum depth worksurface for standard depth drawers is 24". When no wire management is necessary, the Standard Suspended File may be used on an 18" worksurface and the Deep Suspended File may be used on a 24" worksurface.

Knee clearance:

In order to maximize filing capacity, the Standard and Deep Suspended Files do not provide adequate knee clearance. For center worksurface applications, specify the Keyboard or Center File Drawers.

Construction

Design Awards

Application Notes

BackPack drawers can be used with virtually any Knoll or other wood worksurface. BackPack storage drawers attach to the underside of wood worksurfaces at any location. In most cases, the drawers may be mounted flush to side panels. When supporting brackets extend farther than 2 1/2" from the side panel, a slight reveal will occur. Mounting hardware and template included.

Storage

</table>
| Universal Pencil Drawer | - 7 roomy compartments.  
- Large rear compartment holds flat, legal files, ruler, etc.  
- Slanted card compartment holds index cards, Post-It™ Notes or business cards.  
- Middle compartment holds White-Out™ bottle or change.  
- Front middle compartment holds stapler, pens, scissors, etc.  
- Other compartments hold calculator, clips, pins, etc.  
- Available in textured matte black plastic.  
- Three-quarters extension, ball bearing metal slides with smooth, silent movement. | 16 1/2" | 22 1/4" | 1 1/4" | 5 lbs. 12 oz. |

### Pattern No.

- **ORCH-PD-A**

**List Price:** $207.

**Order Code:** ORCH-PD-A

**Example:** ORCH-PD-A

**Ordering Information**

1. **Pattern number**

**Application Notes**

Universal Pencil Drawer can be used with virtually any Knoll or competitor wood worksurface.

Minimum depth worksurface for drawer is 24". On freestanding Morrison Network systems, a 30" deep worksurface is required.

**Construction**

Universal Marker Boards
by Bruce Hannah & Ayse Birsel

Anodized aluminum snap-fit tray for Marker Board

No charge when ordered with Marker or Tack Board

OR-WB-LBZ *

Mounting Options

Panel-Mounted Brackets (Generic drop)
Panel-Mounted Brackets (Generic shallow)
Panel-Mounted Brackets for Dividends
Panel-Mounted Brackets for Equity
Panel-Mounted Brackets for Morrison
Panel-Mounted Brackets for Rolf
Top Cap-Mounted Brackets (Dividends only)
Top Cap-Mounted Brackets (Equity only)
Top Cap-Mounted Brackets (Rolf only)
Wall-Mounted Brackets. Set of 2.

Marker Board

- 9/16" wide anodized aluminum frame with white surface.
- Marker Tray option specified separately.
- Mountable on load bar, panel, wall or top cap.
- Lead bar-mounted brackets included in list price, but specified separately (see Mounting Options below).

Marker Board Equity panel-mount application

- 9/16" wide anodized aluminum frame with white surface.
- Marker Tray option specified separately.
- Mountable on load bar, panel, wall or top cap.
- Lead bar-mounted brackets included in list price, but specified separately (see Mounting Options below).

Marker Tray

- Anodized aluminum snap-fit tray for Marker Board
- 11 1/4" x 1 1/2" x 5 1/2"...

**Mounting Options**

- Panel-mounted bracket size must match height of fabric board.
- Recessed edge: Wall-mounted applications will need to specify a flush finish or reveal (F-WM-R).

**Custom Options**

- For special sizes, contact Customer Service.
- Minimum fabric board size is 120" x 24". Fabric must be railroaded on any panel wider than 60".

**Construction**

- 1/2" thick mineral board for durable, highly tactile surface.
- Manufactured in the United States.

**KnollExtra**

- Manufactured in the United States.
- Standard fabric board has 1/2" thick mineral board.
- Rounded corner or radiused edge, available at upcharge.
- Panel or wall mounting options.

**Ordering Information**

- Specify:
  - 1. Pattern number
  - 2. Edge detail
  - 3. Thickness
  - 4. Fabric grade
  - 5. Mounting option pattern number
  - 6. System suffix (panel-mounted option only)

**Equity application note:**

- For all equity panel-mounted applications, add **"E"** to end of base pattern number.

**Mounting brackets**

- Panel-mounted brackets are included in the list price but must be specified separately.
- To specify appropriate panel-mounted bracket, consult the KnollExtra Bracket Chart on page 11.
- Panel-mounted bracket size must match height of fabric board.

**Wall-mounted options:**

- Wall-mounted applications must be specified as flush (F-WM-F) or reveal (F-WM-R). Both options are appropriate for any smooth, clean surface. Flush wall-mounted option utilizes velcro system.

**Under overhead specification note:**

- For application under a system overhead, provide clearance between the worksurface and the bottom of the overhead or task light.

**Construction information:**

- 1/2" thick mineral board with squared corner and rectilinear edge details. See page 156 for edge upcharge.
- Standard fabric board has 1/2" thick mineral board.

**Ordering Information**

- **Specify:**
  1. Pattern number
  2. Corner/edge detail
  3. Fabric grade
  4. Fabric selection
  5. Mounting option pattern number
  6. System suffix (panel-mounted option only)

**Mounting Options**

- Panel-mounted brackets are included in the list price but must be specified separately. To specify appropriate panel-mounted bracket, consult the Knoll sales bracket chart on page 12.
- Panel mounted bracket size must match height of fabric board.
- Wall-mounted options:
  - Wall-mounted applications must be specified as flush (F-WM-F) or reveal (F-WM-R). Both options are appropriate for any smooth, clean surface.

**Custom Options**

- For special sizes:
  - Refer to the standard size scope. Locate the standard fabric board size which is equal to or greater in width and depth than the requested special. Add 10% to the standard list price. Note: “special” sizes are not pre-approved.
  - For specials above 60\(^{2}\)W x 24\(^{2}\)H, contact Customer Service. Maximum fabric board size is 120\(^{2}\)W x 24\(^{2}\)H. Fabric must be railroaded on any panel wider than 60\(^{2}\).
- For panel-mounted applications, UL-tested.

**Corner/Edge Detail**

- S1. Squared corner/Rectilinear edge
- R2. Rounded corner/Radiused edge
- S2. Squared corner/Radiused edge

- Standard fabric board has 1/2\(^{2}\)H11033 thick mineral board for durable, highly tackable surface.
- Flush wall-mount option utilizes velcro squares.
product description pattern no. list price

Standard Arm
• Standard Arm.
• 13 watt ENERGY STAR rated compact fluorescent bulb (equivalent of 75 watt incandescent bulb).
• Mounting option must be ordered separately.
• 20.75” x 21.75”w (at 90° angle)
• Reaches height of 29.75” when extended up and depth of 35.75” when extended out.

COPE-01-( ) $190.

Compact Arm
• Compact Arm.
• 13 watt ENERGY STAR rated compact fluorescent bulb (equivalent of 60 watt incandescent bulb).
• Mounting option must be ordered separately.
• 16.25” h x 17.75” w (at 90° angle)
• Reaches height of 23.5” when extended up and depth of 28.75” when extended out.

COPE-02-( ) 177.

Replacement bulb
• ENERGY STAR 13 watt replacement compact fluorescent bulb
  (fits compact and standard lights)

COPEBULB 13.

Mounting Options

Standard base
• Standard base.
• To be used with standard arm only.

COPE-01-BASE-( ) 104.

Compact base
• Compact base.
• To be used with compact arm only.

COPE-02-BASE-( ) 97.

Table clamp
• To be used with either size arm.
• Works on desks of up to 1 3/4” thick.

COPE-CLMP-( ) 58.

Panel Mount, Morrison
• Panel mount bracket for Morrison.
• To be used with either size arm.

COPE-PM-M-( ) 86.

Order Code

#### Description
- **Panel Mount, Equity**
  - Panel mount bracket for Equity.
  - To be used with either size arm.
- **Panel Mount, Reff**
  - Panel mount bracket for Reff.
  - To be used with either size arm.
- **Panel Mount, Dividends**
  - Panel mount bracket for Dividends.
  - To be used with either size arm.
- **Grommet Mount**
  - To be used with either size arm.
  - Slat wall mount.
  - To be used with either size arm.
  - Can be used on all Knoll systems slat wall as well as Orchestra® slat boards and load bars.

### Ordering Information

#### Standard Light
- Ships with a 13 watt compact fluorescent light bulb. This is equivalent light output of a 75 watt incandescent light bulb.
- E13/120v/2700k, UL listed, ENERGY STAR rated.
- An incandescent light bulb can also be used. 75 watt is the maximum.
- See above for bulb replacement.

#### Compact Light
- Ships with a 13 watt compact fluorescent light bulb. This is equivalent light output of a 60 watt incandescent light bulb.
- E13/120v/2700k, UL listed, ENERGY STAR rated.
- A “ceiling fan” incandescent bulb can also be used. 60 watt is the maximum.

### Construction
- The Copeland Light has a steel arm, aluminum rails, zinc coated cast iron base and metallic-painted ABS shade.

# Selling Policy

This Selling Policy supercedes all previous selling policies. Prices, discounts and product offerings are subject to change without notice.

## Terms & Conditions of Sales

Sales by Knoll, Inc., or KnollStudio, or KnollTextiles (hereinafter known as “Seller”) are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser’s assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supersede any prior and/or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and signed and shall be valid for all purposes as if they were originated and maintained in documentary form.

## Ordering Information

All orders must be in writing. The product pattern number(s) contained on Seller’s order acknowledgement shall be the final expression of the order.

## Order Confirmation

A purchase order is not binding on Seller until Purchaser has received Seller’s order confirmation or acknowledgment.

## Pricing Policies

List prices are subject to change without notice.

## Freight

Freight is prepaid and included in the price of all Products, except KnollTextiles, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice.

## Terms of Payment

Payment for one hundred percent (100%) of the net order amount is due within thirty (30) days of the date of invoice, which is generally issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than $100,000 net, a fifty percent (50%) deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice.

KnollStudio orders less than $2,000 require payment for one hundred percent (100%) of the net order amount (including any applicable sales tax and charges for inside delivery, special packaging, etc.), due at time of order placement. For KnollStudio orders greater than $2,000, a one-half (50%) deposit is due at time of order placement with the remainder (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due prior to shipment.

If, in the judgment of Seller, Purchaser’s financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance.

Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults in payment, Purchaser shall be liable for all collection costs, including reasonable attorney’s fees and costs.

## Changes and Cancellation

Purchase orders may not be changed or cancelled, in whole or in part, without prior written consent of Seller. Changes may effect delivery dates. Expenses incurred because of changes shall be charged to Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including “COM” (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled.

## Freight Prepaid

Freight is prepaid and included in the price of all Products, except KnollTextiles, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice.

## Delivery/Freight Charges

Shipments outside the contiguous 48 United States and Canada shall be shipped F.O.B. Origin. For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of shipment charges incidental to loading at the point of departure. Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment, in writing.

Nonstandard methods of shipment and/or additional services are available upon request. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser’s request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redelivery.

Partial shipments may be made and invoiced by Seller.

## Claims

All shipments for Knoll Products within the contiguous United States and Canada are F.O.B. Origin. All risk of loss passes to Purchaser at time of delivery. All claims relating to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser for such claims. Claims may, upon request, assist Purchaser with filing of such claims with the carrier, but Seller will not be liable for any of these transportation related claims.

## Seller’s Security Interest

Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.

## Returns

The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) of list restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products.

## Held Orders/Storage

If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.
Selling Policy

Customer’s Own Material

A Purchaser who requests a fabric or other surface material not standard to Seller’s line of Products (“COM”) must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of the use of the COM on the Product.

Delay/Force Majeure

Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below.

Warranty period set forth below is for 24-hour, 7 days a week, multi shift use (includes parts and labor to repair).

Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.

Product and Period of Warranty

Lifetime: Antenna Workspaces, AutoStrada, Calibre, Crinion Open Table, Currents, Dividends Horizon, Equity, Morrison, Reff Profiles laminate, Series 2 Storage, Template and other non-wood components (except cascade edge worksurfaces, operational parts, controls, electrical, Lighting, Series 2 Veneer Front Storage, special or custom products, see below)

12 Years: Chadwick, Essentials Work Chairs, Generation by Knoll, Life, Moment, MultiGeneration by Knoll, ReGeneration by Knoll, RPM and Supper seating (except seating upholstery, textiles, leathers and finishes, see below),

10 Years: Antenna Workspaces, AutoStrada, Crinion Open Table, Dividends Horizon, Reff Profiles, Template wood components, Series 2 Veneer Front Storage, cascade edge worksurfaces, Wood Casegoods (The Graham Collection) (except wood casegoods upholstered surfaces, see below), Interaction tables (except height adjustment mechanisms for Counterforce, crank-adjustable, and split-top tables and worksurfaces, see below), Reter overheads, Reuter vertical storage, KnollExtra Sapper Monitor Arm Collection, Adjustable keyboard mechanisms and platforms, Communication Boards (except fabric board textiles, see below), Smokador collection (except leathers, see below), and Orchestra Universal Systems Accessories,

5 Years: Operational parts, controls, electrical, Lighting (except light ballasts, bulbs and power supply, see below), special or custom product, wood veneer products, Currents handcrank, Interaction Counterforce, Interaction crank-adjustable, and split-top mechanisms, KnollStudio, Spark Series seating structural elements, Richard Schultz outdoor products, KnollExtra CPU storage and all universal storage drawers.

3 Years: Seating upholstery, textiles, leathers and finishes. Fabric boards textiles and Smokador Collection leathers,

2 Years: All other KnollExtra products

1 Year: Light ballasts, bulbs and power supply, seating upholstered armpads and soft armpads, wood casegoods upholstered surfaces. KnollStudio Maya Lin and Spark Series seating finishes.

This warranty does not apply to:

• Damage caused by a carrier other than the Seller,

• Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).

• COM or other third party materials applied to Products.

• Products not installed by or under the auspices of a Knoll Dealer.

• Dramatic temperature variations or exposure to unusual conditions.

• Changes in surface finishes, including colorfastness due to aging or exposure to light.

• Except as specifically noted above, textiles and upholstery supplied by KnollTextiles (consult current KnollTextiles price list for applicable warranty).

Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures, or surface hardness of such materials. The Seller also does not guarantee the colorfastness of fiberglass panel surfaces.

The EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

The remedies provided above are the Purchaser’s sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with respect to or arising out of the Product furnished hereunder.

Delay/Force Majeure

Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delay, allocate available Product or cancel any purchase order.

Compliance with Law

PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.

Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediate, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.

The foregoing indemnity does not apply to the following:

• Products supplied according to a design other than that of Seller, and which is required by the Purchaser.

• Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.

• Any settlements of a suit or proceeding made without Seller’s written consent.

• Products supplied according to a design other than that of Seller, and which is required by the Purchaser.

Limitations of Liability

SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.

Purchaser’s remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.
The Products
This guide encompasses all standard products for this product group.

Sizes
Dimensions listed in this guide are indicated as:
H = height
W = width
D = depth
Dia. = diameter
Rad. = radius

Pricing
All prices shown are list.

How to Order
Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item’s “designated area” can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:
Knoll, Inc.
1235 Water Street
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll’s environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such “green” initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to knoll.com, click on “About Knoll” and then “Environmental Focus.”
