An Overview

In the first part of the Price List you'll find Lighting and Power Series.

The second part features a full range of desktop accessories including Smokador and Orchestra, perfect for panel-mounted or freestanding application.

Part three offers a broad range of systems support products, including technology management and communication boards.

Can’t find it? Consult the Table of Contents on page 1 or the Alpha-numeric Index on page 180.

Product Information on Each Page

The KnollExtra Price List was designed to provide you with everything you need to know in order to understand, specify, and care for KnollExtra products. On each page, the following features will assist you:

Description/Construction explains salient features, capabilities, materials, and country of origin.

Dimensions provide the overall space the product will require. Statistics are based on the maximum width, depth and height of the product.

Weight is based on the product itself. It does not include packaging or complementary items such as pens, memo paper or calendars.

Order Code/Ordering Information outlines exactly how to specify KnollExtra product and the full scope of finish options. The Order Code provides an example of how one pattern number is specified.

Custom Options reviews availability of special sizes, finishes etc.

For More Information

For more information, contact your Knoll sales representative, telephone Customer Service at 1-800-343-5665, or visit one of the Knoll showrooms listed on the last page of this book.

A Word About Finishes

KnollExtra finishes are designed to complement a broad range of interiors and office products.

Key KnollExtra finishes coordinate with specific Knoll systems finishes:

Placing Your Order

Use the Following Addresses

If you would like to send a standard lead time order to our order entry department, please use the following address:

For North American orders:
Knoll, Inc.
1235 Water Street
East Greenville, PA 18041
Attn: Order Entry
Fax: 215 679-1788
Tel: 800 343-KNOLL

All accepted orders will be confirmed in writing on the Knoll standard order confirmation form.

Ship-Complete Orders

Orders that must ship complete are to be so stated on the purchase order. Products with different lead times, combined on one order, can be acknowledged for shipment based on the longest of those lead times. Orders not marked “ship complete” will be released according to the confirmation, and invoiced in increments.

For More Information

For complete Knoll Selling Policy and warranty information, please refer to page 183 of this price list.

For additional information on KnollExtra, contact your Knoll representative, a Knoll dealer, or telephone Customer Services at 800 343-KNOLL.

*(stanchion-mounted)*

*EY for orchestra brackets. If your system is not listed, please consult your Knoll sales representative or Customer Service at 1-800-343-5665.*
**Maintenance**

While KnollExtra relies on highly durable materials in each product line, regular basic maintenance will ensure the longevity of your product. Most stains, marks, and discolorations can be removed by following the simple instructions outlined on this page.

**Plastic**
Windex and a dry cloth.

**Stainless Steel:**
Windex and a dry cloth.

**Antique Brass, Brushed Zinc and Black Oxide:**
A damp cloth with no cleaning agents.

**Satin Brass:**
Pledge.

**Linoleum:**
Windex and a dry cloth.

**Contemporary and Traditional Standard Leathers:**
Mild soap and water on a soft cloth.

**Spinneybeck Leathers:**
As a result of the high quality aniline dye process, most scratches or minor stains can be removed simply by gently rubbing them with your fingers. The body’s natural oils revitalize the leather. For stubborn stains, use mild soap and water. Take care to wash the surface evenly since soaps may slightly alter the leather’s tonality.

**Surf Collection:**
Wipe nylon skin using warm water and mild detergent. Do not use abrasives.

**Office Automation Accessories/Storage Drawers:**
Clean with a soft cloth and Windex, Fantastik, Endust or other non-abrasive household cleaners. Remove stubborn stains with SoftScrub.

For Surf Board and VDT Sleeve soft touch paints, never use abrasives. Clean with lukewarm water and a soft cloth.

**Marker Boards:**
For day-to-day use, surface requires only a dry cleaning with a standard felt eraser or dry cloth. For best results, keep marker board and marker pens at room temperature. KnollExtra suggests Bic Great Erase BOLD marker pens which are designed for use on marker boards. All marker pens should be tightly capped and stored horizontally when not in use.

Follow the instructions below as a periodic maintenance program, or to remove stubborn stains:

1. Clean with EV-1 or any liquid ammonia-added cleaner and rinse with clean water, then dry. For best results, wash board like a window with sponge and squeegee.

2. Interim cleaning may be done by sprinkling a dry powdered cleanser on an eraser and applying to the board in a circular motion. Rinse with clean water, then dry.

3. To remove crayon, scotch tape, or other stubborn materials, apply a mild solvent or paste made with scouring powder and water.

**Fabric Boards:**
Despite the durability of most panel textiles, fabric boards are subject to long-term soiling and wear. A regular maintenance program will significantly lessen soil and dirt build up or staining on your fabric boards. Cleaning is particularly important in areas adjacent to air conditioning or ventilation systems. Remember to consult the care instructions provided by the fabric manufacturer. The general recommendations below should apply to most fabric boards.

1. Avoid excessive heat or moisture which can affect finishes and adhesives. Never allow fabric panels to become wet inside the core. Room temperature should be maintained between 50 and 85 degrees; humidity should be maintained between 20 and 50%.

2. Avoid contact with sharp edges which could puncture the surface.

3. Do not handle fabric boards more than necessary. Avoid bending or flexing the panels; this could break the bond between the surface and core materials.

4. Grease or oil should be wiped off immediately upon contact. Remove excess grease or oil by blotting. Use hot water and mild soap to remove any remaining residue.

5. Whenever possible, clean only with warm water and mild soap. Use caution when applying cleaning agents, particularly those that contain alcohol, strong alkalies, or solvents. These ingredients may react to the vinyl backing or adhesives used in the fabric boards. Always test cleaning agents on fabric from the rear of the panel before using on the front.

6. Care should be taken in using strong room cleaners or pesticides. Their fumes may contain agents which lead to the loosening of the fabric board glue bond.

**Pop Up Screens:**
Clean with soap and water. For greasy stains, use a cleaning agent, first testing in a less visible area.
### LED Light Series: Sparrow®

Ordering Information

Specify:
1. Pattern number
2. Frame Finish
3. Mount
4. Certification/plug type:
   - CE - Europe and Middle East (not UK)
   - PSE - Japan
   - UK - Uk and Singapore
   - SAA - Australia

Data Sheet information do not apply for International orders, your account manager can request data sheets.

Frame Finish:
- Black (B)
- Silver (S)

Light Finish Options:
- Black (111)
- White (118)

Additional Information

Sparrow is available in a black or white light finish with stainless steel or black frame.

Occupancy sensor (LED PIR) can be added to any LED light and must be ordered separately.

UL Certified.

Open table clamp for use on open edge work surface and with minimum of 11/16 from back edge of work surface to wall, screen or panel. Work surface thickness minimum of 0.7, maximum of 1.5.

Panel table clamp for use with minimum of 3/16 from back edge of work surface to wall, screen or panel. Work surface thickness minimum of 0.9, maximum of 1.7.

Light Source Information

9 watts single multichip LED. 50,000 hours lifespan.

Height Range

Articulates 18° to 90°
- Table clamp: 2.5" to 21.4"
- Antenna beam side: 3.5" to 22.3"
- Freestanding: 4.3" to 23.2"

Construction

Lamp: LED, cast aluminum housing, stainless steel frame and plastic reflector and lens.

Table clamp mount: steel.

Antenna beam side mount: die cast aluminum.

Freestanding base: plastic and cast iron.

Occupancy sensor: extended aluminum body, plastic face, end caps and lens.

Design Awards

Best of NeoCon 2013 Silver Award.

Sparrow is TAA compliant.

**Ordering Information**

Specify:

1. Pattern number

**General Notes**

Each electrical module has either 4 outlets or 3 outlets and 2 USB ports, depending on specification.

Power Cube: 13" high with 4 levelers. Hard wired comes with 72" whip. Cord set comes with 72" cord with a 3-prong plug for 120V outlets. Base includes one slot per corner for choice of cord exit.

Magnetic Accessory Cup: See page 34.

**Construction**

Power Cube: Powder coated steel, steel and nylon levelers

Magnetic Accessory Cup: See page 41.

**Notes**

- Each Power Cube comes with a whiteboard finish and ships with 4 dry erase markers (blue, green, red and black) and a microfiber cloth eraser.
- To prevent dry erase markers from drying out, store them with the cap down in the optional cap.

Power Disc:

- Max Load: 120V, 15A, 50/60 Hz
- Voltage Protection Rating: L-N 600V, L-G 600V, N-G 600V
- UL Listed Relocatable Power Tap/ Surge Protection Device
- 10' 3-prong cord recesses in base for flat surfaces or can be threaded through standard grommet
- on/off switch with LED indicator
- Unit weighs 4.3 lbs.
- Made in China for Knoll.

Special sizes and small quantities unless may be painted:

Anodized aluminum finish: Silver Anodized (SV)

Painted Core aluminum finishes: Medium Grey (113) Silver Anodized (SV)

Painted Legacy aluminum finishes: Medium Metallic Grey (DG) Folkstone Grey (114) Sandstone (116)

Manufactured in the United States.

Mounting Options

Please note flat panel monitor arms cannot be mounted on Orchestra® load bars. Flat panel monitors can be mounted on Orchestra® slat wall only when mounted on an architectural wall. Please see p.128 for flat panel monitor support mounts options.

Custom Options

Note: Load Bar/info Rails are available in custom lengths. Please note that for all lengths greater than 66”, load bar will be painted, not anodized. Contact your local Knoll Customer Service representative for details.

Construction

Load Bar/info rail: Corrosion-resistant T-6063 painted or anodized aluminum. End caps are textured polystyrene plastic. Load Bar is filled with Delrin® plastic pellets to support papers on info rail.

Order Code

Example: OR-BKT-SM-A

**OR-BKT-SM-A**

**Worksurface-mounted bracket**

Specify:

1. Pattern number

Panel, stainless and wall-mounted brackets:

Worksurface-mounted bracket: Metal posts attach to underside of worksurface with C-clamp, raising Load Bar 10" above worksurface. Usable on worksurfaces 7/8"-1 1/2" thick. There should be at least 3/4"-1" of space between the back of the desk and the surface behind (e.g., it cannot be flush). Set of 2 brackets. For Load Bars wider than 6 1/2", order additional brackets. For use with load bars and 6 1/2" slat boards only.

Mounting Options

- Please note flat panel monitor arms cannot be mounted on Orchestra® load bars. Flat panel monitors can be mounted on Orchestra® slat wall only when mounted on an architectural wall. Please review and set-up changes may be required. Contact your Knoll sales representative or Customer Service for complete pricing information.

Custom Options

Brackets are currently available for virtually every major office system. Panel mounted brackets for other systems can be developed. Minimum of 100 sets per bracket. Tooling and set-up charges may be required. Contact your Knoll sales representative or Customer Service for complete pricing information.

- Beige Mist Metallic (161)
- Medium Metallic Grey (162)
- Silver Metallic (163)

**All Sapper mount kits for Horsepower include sleeve arms in black finish only. The mounts which attach to the Horsepower are available in all Antenna colors.**

**Mounting and Application Information**
To mount monitors on Horsepower, counter weights are necessary to keep the unit stable. A down-mounted cabinet or metal shelf along with a ballast kit are required, available in the Antenna price list. Please reference the Horsepower Technology Cart planning guide.

Sapper Monitor Arm kits can be mounted to 30", 36" and 48" wide Independent Horsepower and support screen widths up to 32", 36" and 50" wide overall on corresponding units. Horsepower, down-mounted cabinets or shelf and ballast kit must be purchased separately, available in the Antenna price list.
Horsepower Mounting Options

Sapper™ Monitor Arm Collection

Mounting, Construction and Application Information

Sapper Monitor Arms are intended to be connected directly to monitors or VESA adapter plates. Sapper Monitor Arms are not intended to support any additional devices that are connected or mounted to monitors. Loading monitors with additional devices, even within the weight support limits, will affect the functionality of Sapper Monitor Arms and will void their warranty.

*Please note this limit accommodates up to 95% of monitors on the market. There is no specific monitor size maximum limitation for a single Sapper monitor arm up to the maximum size of 100 mm x 100 mm (3.94" x 3.94") unless otherwise noted. The maximum size monitor that can be accommodated with the compact arm is 24" diagonal screen measured diagonally, but is not necessarily 19" in horizontal width. The maximum weight limitation for individual mounting is the sum of the weight limitations for each monitor or television and screw should be tested prior to installation to ensure correct length. Knoll is not responsible for any incorrect specifications.

Knoll and its dealers will not take the responsibility for mounting the monitor to the arm. The end user is responsible for confirming VESA mounting compliance and mount the monitor using custom VESA screws. The most common screws are M5 18mm and M5 10mm. Please follow installation instructions closely (even if the small kit box ships as well as Knoll Exchange).

Apple Computer Note: VESA Adapters are required for Thunderbolt Displays and Macs, available from apple.com. Contact Apple directly for VESA Adapter options on specific (Mac models as some may be included with integrated VESA Monitor Adapters). With these adapters, the distance to monitor will be 100mm x 100mm hole pattern, (Mac 21.3" x 21.3" on Sapper and 27.7" x 27.7" on Sapper XYZ. All other Apple displays must be mounted on Sapper 50 or Sapper XYZ SO 100 for weight specifications.

Clamp Mounting:

Two-Piece Table Clamp Mounting:
The standard two-piece clamp is easy to install or retrofit and works on most worksurfaces or desks that are a minimum of 1½" thick solid core. The maximum worksurface thickness is 2½" above which there are limitations on the range of worksurface thicknesses. For the fourth setting please contact Sapper at 1-800-225-4340 for your customer's specific monitor or television and screw should be tested prior to installation to ensure correct length. Knoll is not responsible for any incorrect specifications.

Knoll and its dealers will not take the responsibility for mounting the monitor to the arm. The end user is responsible for confirming VESA mounting compliance and mount the monitor using custom VESA screws. The most common screws are M5 18mm and M5 10mm. Please follow installation instructions closely (even if the small kit box ships as well as Knoll Exchange).

Knoll is not responsible for any incorrect specifications.
For ease of architectural walls only as outlined further on this page. Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight. See above for weight limits if mounting slat wall to an architectural wall.

Sapper 50 Direct Wall Mounting (for Sapper 50 monitor arm):
For single monitor mounting, you can use either the direct mast mount or direct wall mount. Please note that the Sapper 50 Direct Wall Mount is specific to the Sapper 50 arm. You cannot use the standard mount with the Sapper 50 arm or a standard arm with the Sapper 50 mount. For use on architectural walls only as outlined further on this page. Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight.

Interpole Mounting
Sapper arms can be mounted on either the slot or channel sides of Interpole with the proper mount. Mounts can be moved after installation but the pole may have residual markings due to manufacture. If screws are mounted on the slot side, use the channel mount. If eyebolts are mounted on the slot side, then a SapperXYZ with extended channel mount will be necessary for full adjustability.

Cable Management:
Monitor Arms
External cable management allows for easy installation and removal of monitors. There are gates under the arm that will contain wires from the monitor to plastic cable management clips that go on the mast to keep wires tidy in the electrical socket.

Gates

Clips

Beams
For full installation and removal of flat panel monitors by merely pulling the bottom of the movement joint slide toward the user from the beam while lifting the top of the monitor up. For installations with Fast Release Wall Gerbs, simply pull the cord down while lifting the top of the monitor up.

Thief Deterrence:
All movement joints come with a set screw within the fast release pin, to prevent fast release if so desired. Also there is a set screw at the top of the mast to deter removal of the entire arm and monitor from the mast.

Deactivate Fast Release with Set Screw

Fast Release

Fast Release:

Monitors cannot be mounted on KnollExtra/Orchestra® load bars.

Installation Instructions:
Comprehensive installation instructions will be shipped with product and are also available on Knoll Exchange for easy reference.

Construction:
Arm: die-cast aluminum with a cold rolled steel top plate
Mount: anodized aluminum extrusion
Beam: anodized extruded aluminum

Movement joint (includes fast release monitor plate): plastic bushings, zinc and plastic molded plastic tilt friction components and glass filled nylon VESA plate
Movement joint side: aluminum, powder coated silver
VESA plate adapters: steel
Table clamp, grommet mount, fixed table mount, Antenna center beam center mount: steel
Slot wall and wall mount (both mast mount and direct, both standard and compact arms): die cast aluminum with steel back plates
Double arm bracket: die cast aluminum, steel top plate, extruded aluminum posts, plastic upper and lower bushings
Triple support arm bracket: die cast aluminum, steel top plate, extruded aluminum posts, plastic upper and lower bushings
Mount-to-beam bracket: aluminum, powder coated silver
Cable management: transparent poly-carbonate clips on the mast and beams; plastic gates under standard arms
Antenna and Quadruple support arm bracket: die cast aluminum
Two-Piece Table Clamp, Drop Table Clamp, Heavy-Duty Table, Clamp, Grommet, Fixed Table and Antenna Center Beam Table Mounting: steel
Antenna Table Center Beam Side Mounting: die-cast Aluminum
Slot Wall and Wall Mount (both Direct Mast Mounting, Direct Mounting and Sapper 50 Direct Mounting for both standard and compact arms): Die-cast Aluminum with steel back plates
Quadruple arm bracket: Die-cast Aluminum
Horsepower mounts: die-cast aluminum, powder coated. Steel VESA mounts.

Screw

Deactivate Fast Release with Set Screw

Set Screw to Prevent Arm Removal

Compatibility:
The Sapper Monitor Arm Collection is not compatible with the Wishbone Flat Panel Monitor Support System (i.e., Wishbone, Zorro or Rotation supports, posts, tool bars, brackets, mounting, etc.). They have been designed independently and as such parts from one system cannot be used with the other.

Mounts cannot be mounted on KnollExtra/Orchestra® load bars.

Installation Instructions:
Comprehensive installation instructions will be shipped with product and are also available on Knoll Exchange for easy reference.

Order Code
Example: XYZ-MA-C-111
XYZ Sapper XYZ
MA Monitor arm
C Crossbar monitor arm
111 Jet Black finish

Ordering Information
Specify:
1. Pattern number
2. Finish

Standard Monitor Arm Finish Options:
Jet Black (111)
Medium Grey (115)
Bright White (116)

Silver Monitor Arm Finish Option: Silver (003)

Ordering Note
Due to extensive adjustability of Sapper XYZ monitor arms, a mock-up is recommended to ensure it is suited for the specific workstation, particularly if placed in front of a wall or panel.

Mounting and Application Information
See page 158 for comprehensive mounting, application and construction information.
Sapper XYZ® Monitor Arm Series  
Mounting, Construction and Application Information

**Double Cockpit**

Adopted by most panel manufacturers. Ship standard with fast release movement joint. A 360-degree degree of pivot at the base and at the elbow joint. 

**Double Flat**

For Sapper XYZ Crossbar, the maximum outer horizontal width per monitor is 25.7” for a cockpit position or 26.02” for a flat positioning flash next to each other.

**Sapper XYZ Crossbar**

- **Mounting**:
  - All Sapper XYZ monitor arms are compatible with the national Electronics Standard Association (VESA) industry interface standard (75 mm x 75 mm and 100 mm x 100 mm hole patterns or 2.95” x 2.95” and 3.94” x 3.94”)

**Clamp Mounting**

- **Two-Piece Table Clamp Mounting**
- The standard two-piece table clamp is easy to install or retrofit and works on most worksurfaces or desks that are a minimum of 1½” thick solid core. The maximum worksurface thickness is 2¼”. There are four settings to accommodate a range of worksurface thicknesses. It is important to mark up the table clamp, particularly on competitive products to ensure a proper fit. The clamp is not compatible with Newport.

**Desk Clamp Table Mounting**

- This clamp is one piece and works on most surfaces. The deep table clamp mount is intended to clear most knife-edge (45 degree angle) desks or workstations.

**Grommet Mounting**

- With all systems furniture, it is important to pair monitor and peripheral plug-through grommet mount cover while it is still loose. Please note the grommet mount is compatible with Autostrada, RoB, Propellor, but is not compatible with the Grahame Collection or Swoon’s Horizon grommet. Please request through Customer Service. The cutout is made in the workstations’ 3” x 1⅞”, which includes room for the threaded stud (actual hole in the grommet plate is 1⅞” x 1⅞”).

**Fixed Table Mounting**

- Installers will need to drill a permanent hole into the surface where it will be fixed to a dedicated location on the worktable. Please with this mounting, the arm will not be able to move upward or downward. So perform upward adjustment. The depth of the 360 degree position for horizontal or vertical position adjustment, the arm height, and 100 degrees and 180 degrees. The single arm can fort in on both 360 degrees to approximately 2¼” or fully extended. Sapper XYZ Crossbar folds in and out to fully accommodate 100 degrees. Sapper XYZ Crossbar folds in and out to fully accommodate 100 degrees. The single arm can handily be accommodated by adjusting the table clamp small fix the arm in place, the arm should stay exactly where you place it.

**Temperature Note**

- Sapper XYZ Crossbar’s gas strut weight tolerance performance may be reduced by 1-2 lbs when used in temperatures above 100 degrees Fahrenheit.

**Fast Release**

- Allows for swift installation and removal of flat panel monitors by merely popping the quick release pin up to remove monitor with movement joint back plate attached. Be sure to lift the arm to the highest position before removing monitor, or the arm will quickly move upwards.

**Thief Deterrent**

- All movement pin when a screw is inserted will prevent theft by removing the screw, but will not prevent the monitor arm from being stolen.

**Compatibility**

- The Sapper XYZ monitor arms are not compatible with the Sapper XYZ Monitor Arm Collection. It has been designed independently and as such parts from one system cannot be used with the other, with the exception of the movement joint.

**Construction**

- Arms: lasercut aluminum with steel channels and plastic molded dowel
- Movement joint (includes fast release monitor plate): plastic bushings, zinc and plastic molded plastic tilt friction components and glass filled nylon VESA plate
- VESA plate adaptors: metal table clamp, grommet mount, fixed table mount: metal
- Cable management: Sapper XYZ single arm and Sapper XYZ 30: transparent polycarbonate clip on post, bolt and hook fasteners on crossbar
- Antenna Table Center Beam Side Mounting: die-cast aluminum
Adjustable Keyboard Supports

<td>Keyboard support provides use with a more ergonomically working environment by allowing for height and tilt adjustment of the keyboard. When not in use, the keyboard support sits completely under the worksurface to free vital support stores completely under the worksurface. When not in use, the keyboard support provides under the worksurface. When not in use, the keyboard support allows it stay parallel to the worksurface as the arm is moved laterally. Pivots feature: Allows the keyboard platform to move independently from arm, allowing to stay parallel to the worksurface as the arm is moved laterally.</td>
<td>PLATFORM: All platforms are HDPE. Wrapsheets are polyethylene mold with polypropylene insert. Mechanisms: All arms are steel with a powdercoat finish. Tracks are steel with nylon glides.</td>
</tr>
</tbody>
</table>
Freestanding Ergonomic Accessories

VDT Sleeve

- Racetrack-shaped sleeve slides over worksurface to create VDT corner.
- Creates 17 3/8" wide VDT corner, 1 7/8" from worksurface corner.
- Can be adjusted to any angle, or removed when not needed.
- Heavy-gauge steel with felt backing to prevent scuffing.
- 1 1/4", 1 3/4", and 2 1/2" worksurface thicknesses.
- 1/4" screw holes on underside for optional attachment to worksurface.
- Available in two metallic and two soft-touch finishes.

Order Code

Example: OA-CPU-2-SLNG

Ordering Information

Specify:
1. Pattern number

Additional Information

Adjustable Sling CPU Holder:
- Accommodates equipment 2.5"-64" wide by 8.5"-59" high.
- Slides on track under the worksurface and swivels 360° for easy CPU access.
- Weight capacity of 75 Ibs.

Adjustable Vertical CPU Holder:
- Accommodates equipment 3.75"-9.3" wide by 11.25"-22.5" high. The lockable Vertical CPU Holder accommodates a CPU depth range of 11.25"-22.3".
- Slides on track under worksurface and swivels 360° for easy CPU access.
- Weight capacity of 85 Ibs.

Construction

Adjustable Sling CPU Holder:
- Black painted glass filled nylon mounting mechanism. Woven nylon sling.

Adjustable Vertical CPU Holder:
- Black painted steel frame with glass filled nylon slide clamp.
- Rack: Black painted steel

Mounting Note

CPU holders come standard with a 17" long track. They mount on worksurface 18" or deeper.

The lockable Adjustable Vertical CPU Holder offers theft deterrence with a heavy-duty, tamper-proof locking nut with pentagonal key.

Antenna, Tone and Telescope Mounting

Antenna:
- In order to mount on Antenna Workspace, an adapter is needed, available through the Antenna price list. Pattern code YAPCU.

Tone:
- In order to mount on Tone T-Leg and 24" deep C-Leg, an adapter is needed available through the Antenna price list. Pattern code YACPU. 30" deep C-Leg provides enough track clearance.

Telescope:
- Due to legroom clearance, CPUs cannot mount on Telescope tables less than 27" wide. For mounting on tables 27" or wider, only one power supply tray can be installed opposite from the CPU holder, and the YACPU adapter from the Antenna price list is needed.

1. Pattern number
2. Finish

### Options:

- Smooth Painted Finish: Jet Black (111), Brown (112), Dark Grey (113), Folkstone Grey (114), Medium Grey (115), Sandstone (116), SOot Grey (117), Beige: Matt Metallic (611), Medium Metallic Grey (612), Silver (613), Bright White (614)

### Additional Information

- **Single CPU Holder:** Accommodates equipment 4.8"-9.2" wide.

- **Height limitation for equipment dependent on lowest setting of table height.**

- **Double CPU Holder:** Each side accommodates equipment 4.8"-9.2" wide.

- **Height limitation for equipment dependent on lowest setting of table height.**

- Weight capacity of 50 lbs. per support.

### Construction

CPU holders are made of painted steel with adhesive-backed rubber liners and a nylon adjustment knob.

### Mounting Note

Height adjustable table leg CPU holders are designed to attach around the leg of Knoll height adjustable tables, resting on the foot of the leg.

### Table Compatibility

- Height adjustable table leg CPU holders will work with Teno, Roll, and k. stand height adjustable tables.
- The attachment for the table leg is not compatible with k. bench, Antenna Workspace, or Telescope.

</table>

### Ordering Information
- **Example:** TM-CM-BSKT-CL
- **TM:** Technology Management
- **CM:** Cable Management
- **BSKT:** Basket
- **CL:** Clear Finish

### Additional Information
- **Cable Management Clips:**
  - Each clip is 5.65" x 1.25".
  - Available in black finish only.
- **Cable Management Basket:**
  - Basket is available in two finishes:
    - **Clear (CL):** a clear powder coat finish on top of raw steel wire.
    - **Charcoal (CH):** a recycled black powder coat.

### Construction
- **Cable Management Clips:** Glass reinforced molded nylon.
- **Cable Management Basket:** Powder coated steel wire.

### Mounting Options
- **Cable Management Clips** have two mounting options. Hardware is included for both options.
- **Swivel mounting:** Install using the primary center screw only.
- **Fixed mounting:** Install using the three screws provided (primary center screw and two side screws). A double-sided stick pad is included for ease of installation when fixed mounting.

### Mounting Note
- **Cable Management Baskets** are designed to be mounted to the underside of height-adjustable or fixed height work surfaces through a series of screw holes in the attachment plates.

### Construction
- **Cable Management Clips:** Glass reinforced molded nylon.
- **Cable Management Basket:** Powder coated steel wire.

#### Edge Detail
- Rounded corner/radiused edge (add -R2 to end of fabric board pattern number)
- Squared corner/radiused edge (add -S2 to end of fabric board pattern number)
- Squared corner/rectilinear edge (add -S1 to end of fabric board pattern number)

#### Custom Options
- For specials contact Customer Service. Maximum fabric board size is 120" W x 24" H. Fabric must be railroaded on any panel wider than 60".
- Customer’s own material: For approval, submit at least one yard of fabric for application testing. For panel-mounted applications, all COMs and textiles that are not pre-approved must be UL-tested.

#### Construction
- 1/2" thick mineral board for durable, highly tackable surface.

#### Ordering Information
- Specify:
  1. Pattern number
  2. Corner/edge detail
  3. Fabric grade
  4. Fabric selection
  5. Mounting option pattern number
  6. System suffix (panel-mounted option only)

#### Mounting Options
- Standard fabric board has squared corner and rectilinear edge details. See above for edge upcharge.
- Thickness option: Standard fabric board has 1/2" thick mineral board.
- Wall-mounted applications must be specified as flush (F-WM-F) or reveal (F-WM-R). Both options are appropriate for any smooth, clean surface.
- Wall-mounted applications must be specified as flush (F-WM-F) or reveal (F-WM-R). Both options are appropriate for any smooth, clean surface.

#### Under overhead specification note:
For application under a system overhead, provide clearance distance between the worksurface and the bottom of the overhead or task light.

#### Side by side fabric board specification note:
Please note if a panel-mounted fabric board will be used contiguous to another fabric board drawings are required and there will be an up-charge.

#### Corner/Edge Detail
- S1. Squared corner/rectilinear edge
- S2. Squared corner/radiused edge
- R2. Rounded corner/radiused edge

**Pattern Information**

1. Pattern number
2. Marker tray
3. Frame finish

**Finish Options**

- Code: Description
- S $81 One tray
- D $162 Two trays
- A $139 One cup and one tray
- B $220 One cup and two trays
- F $197 Two cups and one tray
- G $278 Two cups and two trays

**Application Notes**

- Marker storage options: Marker storage options (trays and cups) must be ordered with markerboard and are not retrofitable in the field. Replace -X in pattern with:

**Construction**

- Whiteboard: Honeycomb core with medium-density fiberboard skin, high pressure laminate finish and ABS edge.
- Crossmember: Aluminum
- Legs: Steel
- Cup: Die cast aluminum with wool felt insert and steel fasteners.

**Note:** Each markerboard ships with four dry erase markers (blue, green, red and black) and a microfiber cleaning cloth. Overall height from floor is 72" high with writable surface starting 22" from floor. The optional marker tray runs the length of the crossmember. The optional marker cup mounts to the side. To prevent dry erase markers from drying out, store them with the cap down in the optional cup.

Selling Policy

Terms & Conditions of Sales
This Selling Policy supersedes all previous selling policies. Prices, discounts and product offerings are subject to change without notice.

Ordering Information
All orders must be in writing. The product pattern number(s) contained on Seller’s order acknowledgement shall be the final expression of the order.

Order Confirmation
A purchase order is not binding on Seller until Purchaser has received Seller’s order confirmation or acknowledgment.

Pricing Policies
List prices are subject to change without notice.

Taxes
List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller’s list prices.

Terms of Payment
Payment for one hundred percent (100%) of the net order amount is due within thirty (30) days of the date of invoice, which is generally issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than $100,000, a minimum deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice.

Freight Paid
Freight is paid and included in the price of all Products, except KnollTextiles, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice.

Delivery/Freight Charges
Shipment outside the contiguous 48 United States and Canada shall be shipped F.O.B. Origin. For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination. Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment in writing. Nonstandard methods of shipment and/or additional services are available upon request. Purchaser will be billed for the differential cost of any special services in excess of standard service carrier freight costs. Premium charges, at Purchaser’s request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redelivery.

Claims
All shipments for Knoll Products within the contiguous United States and Canada are F.O.B. Origin. All risk of loss passes to Purchaser at time of delivery to carrier. Purchaser shall inspect all Products upon receipt and notify Seller within ten (10) working days after receipt of any damage or defects which are, or should be, apparent from an inspection of the Product and its packaging. Failure of Purchaser to notify Seller during the ten (10) working day period shall constitute acceptance of the Products and waiver of any apparent defects, errors or shortages. For all claims relating to Product damaged in transit or for any other claims relating to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser for such claims. Seller may, upon request, assist Purchaser with filing of such claims with the carrier, but Seller will not be liable for any of these transportation related claims.

Returns
The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products.

Held Orders/Storage
If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.
**Customer’s Own Material**

A Purchaser who requests a fabric or other surface material not standard to Seller’s line of Products ("COM") must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, or any other physical attribute of the COM. purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to the use of the COM on the Product.

**Warranty**

Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below.

Warranty period set forth below is for 24-hour, 7 days a week, multi shift use (includes parts and labor to repair).

Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.

**Product and Period of Warranty**

2 Years:
- Anchor Storage digital locks, Quoin digital locks, all other KnollExtra product and KnollTextiles Ultrasuede.

1 Year:

This warranty does not apply to:
- • Damage caused by a carrier other than the Seller.
- • Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).
- • COM or other third party materials applied to Products.
- • Products not installed by or under the auspices of a Knoll Dealer.
- • Dramatic temperature variations or exposure to unusual conditions.
- • Changes in surface finishes, including colorfastness due to aging or exposure to light.
- • Except as specifically noted above, textiles and upholstery supplied by KnollTextiles and Spinneybeck FilzFelt (consult current price lists for applicable warranties).

Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures, or surface hardness of such materials. The Seller also does not guarantee the colorfastness of fiberglass panel surfaces.

**Delay/Force Majeure**

Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of war or terrorism, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wars or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delay, allocate available Product or cancel any purchase order.

**Compliance with Law**

PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.

Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendors, mediate and immediate, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.

The foregoing indemnity does not apply to the following:
- • Products supplied according to a design other than that of Seller, and which is required by the Purchaser.
- • Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.
- • Any settlements of a suit or proceeding made without Seller’s written consent.

**Limitations of Liability**

SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.

Purchaser’s remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.
General Ordering Information

The Products
This guide encompasses all standard products for this product group.

Sizes
Dimensions listed in this guide are indicated as:
H = height
W = width
D = depth
Dia. = diameter
Rad. = radius

Pricing
All prices shown are list.

How to Order
Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item’s “designated area” can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:
Knoll, Inc.
1235 Water Street
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll’s environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such “green” initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to knoll.com, click on “About Knoll” and then “Environmental Focus.”
