An Overview

In the first part of the Price List you’ll find Lighting and Power Series.

The second part features a full range of desktop accessories including Smokador and Orchestra, perfect for panel-mounted or freestanding application.

Part three offers a broad range of systems support products, including technology management and communication boards.

Can’t find it? Consult the Table of Contents on page 1 or the Alpha-numeric Index on page 192.

Product Information on Each Page

The KnollExtra Price List was designed to provide you with everything you need to know in order to understand, specify, and care for KnollExtra products. On each page, the following features will assist you:

Description/Construction explains salient features, capabilities, materials, and country of origin.

Dimensions provide the overall space the product will require. Statistics are based on the maximum width, depth and height of the product.

Weight is based on the product itself. It does not include packaging or complementary items such as pens, memo paper or calendars.

Order Code/Ordering Information outlines exactly how to specify KnollExtra product and the full scope of finish options. The Order Code provides an example of how one pattern number is specified.

Custom Options reviews availability of special sizes, finishes etc.

For More Information

For more information, contact your Knoll sales representative, telephone Customer Service at 1-800-343-5665, or visit one of the Knoll showrooms listed on the last page of this book.

A Word About Finishes

KnollExtra finishes are designed to complement a broad range of interiors and office products.

Key KnollExtra finishes coordinate with specific Knoll systems finishes:

Placing Your Order

Use the Following Addresses

If you would like to send a standard lead time order to our order entry department, please use the following address:

For North American orders:
Knoll, Inc.
1235 Water Street
East Greenville, PA 18041
Attn: Order Entry
Fax: 215 679-1788
Tel: 800 343-KNOLL

All accepted orders will be confirmed in writing on the Knoll standard order confirmation form.

Ship-Complete Orders

Orders that must ship complete are to be so stated on the purchase order. Products with different lead times, combined on one order, can be acknowledged for shipment based on the longest of those lead times. Orders not marked “ship complete” will be released according to the confirmation, and invoiced in increments.

For More Information

For complete Knoll Selling Policy and warranty information, please refer to page 195 of this price list.

For additional information on KnollExtra, contact your Knoll representative, a Knoll dealer, or telephone Customer Services at 800 343-KNOLL.

Maintaining Your Purchase

Maintenance
While KnollExtra relies on highly durable materials in each product line, regular basic maintenance will ensure the longevity of your product. Most stains, marks, and discolorations can be removed by following the simple instructions outlined on this page.

Plastic
Windex and a dry cloth.

Stainless Steel:
Windex and a dry cloth.

Antique Brass, Brushed Zinc and Black Oxide:
A damp cloth with no cleaning agents.

Satin Brass:
Pledge.

Linoleum:
Windex and a dry cloth.

Contemporary and Traditional Standard Leathers:
Mild soap and water on a soft cloth.

Spinneybeck Leathers:
As a result of the high quality aniline dye process, most scratches or minor stains can be removed simply by gently rubbing them with your fingers. The body's natural oils revitalize the leather. For stubborn stains, use mild soap and water. Take care to wash the surface evenly since soaps may slightly alter the leather's tonality.

Surf Collection:
Wipe nylon skin using warm water and mild detergent. Do not use abrasives.

Office Automation Accessories/Storage Drawers:
Clean with a soft cloth and Windex, Fantastik, Endust or other non-abrasive household cleaners. Remove stubborn stains with SofScrub.

For Surf Board and VDT Sleeve soft touch paints, never use abrasives. Clean with lukewarm water and a soft cloth.

Marker Boards:
For day-to-day use, surface requires only a dry cleaning with a standard felt eraser or dry cloth. For best results, keep marker board and marker pens at room temperature. KnollExtra suggests Bic Great Erase BOLD marker pens which are designed for use on marker boards. All marker pens should be tightly capped and stored horizontally when not in use.

Follow the instructions below as a periodic maintenance program, or to remove stubborn stains:
1. Clean with EV-1 or any liquid ammonia-added cleaner and rinse with clean water, then dry. For best results, wash board like a window with sponge and squeegee.
2. Intermittent cleaning may be done by sprinkling a dry powdered cleanser on an eraser and applying to the board in a circular motion. Rinse with clean water, then dry.
3. To remove crayon, scotch tape, or other stubborn materials, apply a mild solvent or paste made with scouring powder and water.

Fabric Boards:
Despite the durability of most panel textiles, fabric boards are subject to long-term soiling and wear. A regular maintenance program will significantly lessen soil and dirt build up or staining on your fabric boards. Cleaning is particularly important in areas adjacent to air conditioning or ventilation systems.

Remember to consult the care instructions provided by the fabric manufacturer. The general recommendations below should apply to most fabric boards.
1. Avoid excessive heat or moisture which can affect finishes and adhesives. Never allow fabric panels to become wet inside the core. Room temperature should be maintained between 50 and 85 degrees; humidity should be maintained between 20 and 50%.
2. Avoid contact with sharp edges which could puncture the surface.
3. Do not handle fabric boards more than necessary. Avoid bending or flexing the panels; this could break the bond between the surface and core materials.
4. Grease or oil should be wiped off immediately upon contact. Remove excess grease or oil by blotting. Use hot water and mild soap to remove any remaining residue.

5. Whenever possible, clean only with warm water and mild soap. Use caution when applying cleaning agents, particularly those that contain alcohol, strong alkalis, or solvents. These ingredients may react to the vinyl backing or adhesives used in the fabric boards. Always test cleaning agents on fabric from the rear of the panel before using on the front.

6. Care should be taken in using strong room cleaners or pesticides. Their fumes may contain agents which lead to the loosening of the fabric board glue bond.

Pop Up Screens:
Clean with soap and water. For greasy stains, use a cleaning agent, first testing in a less visible area.

**Note:** Sparrow is available in a black or white light finish with stainless steel or black frame.

#### Construction

- Lamp: LED, cast aluminum housing, stainless steel frame and plastic reflector and lens.
- Table clamp mount: steel.
- Antenna beam side mount: die cast aluminum.
- Freestanding base: plastic and cast iron.
- Occupancy sensor: extruded aluminum body, plastic face, end caps and lens.

#### Design Awards

- Best of NeoCon 2013 Silver Award.
- Sparrow is TAA compliant.

#### Height Range

- Articulates 15° to 90°
- • Table clamp: 2.7” to 21.4”
- • Antenna beam side: 3.5” to 22.3”
- • Freestanding: 4.3” to 23.2”

#### Additional Information

- Standard lead times do not apply for international orders, your account manager can request lead times.
- Frame Finish:
  - Black (B)
  - Silver (S)
- Light Finish Options:
  - Black (111)
  - White (110)

**Markerboard Cleaning Cloth**

- 30 x 30 cm microfiber cloth

**Markers**

- Set of 4 markers

**Magnetic Accessory Cup**

- Optional cup to hold dry erase markers and microfiber cloth eraser and/or personal device power cords; magnetic application can be applied to any side of the Power Cube

### Ordering Information

**Order Code**

- Example: ACT-PW-PC-24-24-13-1E

**Activity Spaces**

**PW**

**Power Collection**

**PC**

**Power Cube**

**36-36-13-1E**

**Electrical outlets on one side**

**General Notes**

Each electrical module has either 4 outlets or 3 outlets and 2 USB ports, depending on specification.

- Power Cube is 13” high with 4 levelers. Hard wired comes with 72” whip. Cord set comes with 72” cord with a 3-prong plug for 120V outlets. Base includes one slot per corner for choice of cord exit.

- Power Cube: Powder coated steel, steel and nylon levelers

- Magnetic Accessory Cup: See page 46.

**Construction**

- Note: Each Power Cube comes with a whiteboard finish and ships with 4 dry erase markers (blue, green, red and black) and a microfiber cloth eraser.

- To prevent dry erase markers from drying out, store them with the cap down in the optional cup.

**Ordering Information**

**Specify:**

- Pattern number

**Finish note:**

- Power Cube finish is white markerboard paint.

**Optional Magnetic Accessory Cup**

- Must be specified in one of the following finishes:
  - Code: Description
    - 115: Jet Black
    - 115: Medium Grey
    - 118: Bright White
    - 130: Dark Red
    - 131: Slate Blue

**General Notes**

- To prevent dry erase markers from drying out, store them with the cap down in the optional cup.

- **TAB** Power Disc tabletop module
- **EL** Electrical (120v)

### Additional Information

- **Max Load:** 120V, 15A, 50/60 Hz
- **Voltage Protection Rating:** L-N 600V, L-G 600V, N-G 600V
- **UL Listed/Relocatable Power Tap/ Surge Protection Device**
- **10’ 3-prong cord recesses in base for flat surfaces or can be threaded through standard grommet.**
- **On/off switch with LED indicator**
- **Unit weighs 4.3 lbs.**
- **Made in China for Knoll.**
### Product Description

**Desktop Screen**: 15"H x 39"W flexible molded foam screen

**Pattern Number**: POP-DT-15-39-G-M

**Finish Options**:
- Medium Grey (01)
- Light Grey (02)
- Slate Blue (03)
- Bright Red (04)

**Additional Information**
- Screen thickness: 3/8" thick
- 4 bases ship with each unit
- Curvature of the screen follows a 27" radius
- Screen ships with top and bottom rails in screen color

**Construction**
- Desktop Screen: Molded Foam
- Bases: Die-cast Zinc
- Floorstanding Screen: Fabric-wrapped foam
- Rails: Extruded aluminum
- Glides: Clear plastic

**Product Description**

Large accessory cup for application to any magnetic surface. Fits dry erase markers, power cords, etc. Interior diameter is 3.7”; interior height is 4.4”.

**Pattern Number List Price**

<table>
<thead>
<tr>
<th>Pattern Number</th>
<th>List Price</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACT-CUP-MG</td>
<td>$177</td>
</tr>
</tbody>
</table>

**Ordering Information**

- **Example**: ACT-CUP-MG
- Specify:
  1. Pattern number
  2. Finish

**Construction**

Die cast aluminum with textured powder coat paint, wool felt insert, neodymium magnets and steel fasteners. Pacemakers and items sensitive to magnetic fields should be kept 3.5” from product.

Note: A non-magnetic version of this accessory cup is available on Interpole (replace MG on pattern code with IP see Antenna Workspaces price list for pricing) and Scribe Mobile Markerboards (see page 194 for specifications and pricing). To prevent dry erase markers from drying out, store them with the cap down. To protect magnetic surface, avoid dragging the cup when repositioning.

- Panel is available in custom lengths of up to 96”. Please note that for all lengths greater than 60”, load bar will be painted, not anodized.

**Brackets are currently available for virtually every major office system. Panel-mounted brackets for other systems can be developed. Minimum of 100 sets per bracket.**

**Corrosion-resistant T-6063-T5 painted or anodized aluminum. End caps are 11 gauge steel painted matte black. Bottom rail is filled with 5/8” hexagonal plastic pellets to support papers on Info Rail.**

**Die-cast aluminum painted black.**

**Manufactured in the United States.**

---

**Nota bene:** Flat panel monitor arms cannot be mounted on Orchestra® load bars. Flat panel monitor arms can be mounted on Orchestra® slat wall only when mounted on an architectural wall. Please review before mounting. Please see p. 136 for flat panel monitor support mount options. Panel-mounted brackets for other systems can be developed. Minimum of 100 sets per bracket. Trimming and setup changes may be required.

* No charge when ordered with Load Bar or Slat board, configured in load bar and slat board pattern numbers when ordered with load bars and slat boards.

**Order Code**

**Ordering Information**

**Specify:**

1. Pattern number

**Mounting Options**

- **Worksurface-mounted bracket:** Metal posts attach to underside of worksurface with C-clamp, raising Load Bar 10" above worksurface. Usable on worksurfaces 7/8"-1 1/2" thick. There should be at least 3/4"-1" of space between the back of the desk and the surface behind (i.e., it cannot be flush). Set of 2 brackets. For Load Bars wider than 66" order additional brackets. For use with load bars and 6 1/2" slat boards only.

Sapper™ Monitor Arm Collection

Easy Order Single Arm Kits
by Richard Sapper

Kit includes everything needed to mount one monitor to a worksurface, slat wall or wall: single standard arm, 16" mast (unless otherwise specified), movement joint (includes fast release monitor plate), adjustment knob, cable management clips and mounting option (see right for options).

Two-Piece Table Clamp Mount

- Single monitor arm table clamp kit with 16" mast
- Single monitor arm table clamp kit with 24" mast

Deep Table Clamp Mount

- Single monitor arm deep table clamp kit with 16" mast
- Single monitor arm deep table clamp kit with 24" mast

Grommet Mount

- Single monitor arm grommet mount kit with 16" mast
- Single monitor arm grommet mount kit with 24" mast

Fixed Table Mount

- Single monitor arm fixed table mount kit with 16" mast
- Single monitor arm fixed table mount kit with 24" mast

Antenna Center Beam Center Mount

- Single monitor arm Antenna table center beam center mount kit with 16" mast
- Single monitor arm Antenna table center beam center mount kit with 24" mast

Mounting and Application Information
To mount monitors on Horsepower, counter weights are necessary to keep the unit stable. A down-mounted cabinet or metal shell along with a ballast kit are required, available in the Antenna price list. Please reference the Horsepower Tech Cart planning guide.

Sapper Monitor Arm kits can be mounted to 30", 36" and 48" wide Independent Horsepower and support screen widths up to 32", 38" and 50" wide overall on corresponding units.

Order Code
Example: SAP HP BKT

Sapper Horsepower Mount

Ordering Information
Specify:
1. Pattern number
2. Finish where required

Mounting and Application Information
To mount a monitor up to 20lbs, order a Sapper 24" mast, a Sleeve Arm, movement joint and one Horsepower Mount.
To mount a monitor up to 30 lbs., order two Sapper 24" masts, two Sleeve Arms (no movement joint needed), two Horsepower Mounts and a corresponding VESA plate.
Horsepower, down-mounted cabinets and ballast kits must be purchased separately, available in the Antenna price list.
Mounting and Application Information:

All Sapper standard monitor arms:
- Maximum weight of 20 lbs per arm, weight limits may vary by monitor.
- Ship standard with fast release clamp joint.
- Offer 117 degrees of monitor tilt up and down, 180 degrees of swivel left and right, 360 degrees of rotation for portrait and landscape viewing.
- Fold into themselves to be highly compact at 4.55 in fully compressed, 20.75 in flexible fully extended to each other in a row. Clients can accommodate larger screen monitors in triples by turning 18° left or right for a 5-in. clearance.
- Are durable and lightweight (standard arm weighs only 2.6 lbs).

All Sapper monitor arms:
- Maximum weight of 50 lbs per arm and single 30 lbs for double, weight limits vary by monitor.
- Ship standard with fast release clamp joint.
- Offer 117 degrees of monitor tilt up and down, 180 degrees of rotation for portrait or landscape viewing.
- Fold into themselves to be highly compact only 6.75 in fully compressed and 20.75 in flexible fully extended to each other.

Sapper monitor Standard Arm Configurations:
- The Sapper™ Monitor Arm Collection offers 180 degrees of swivel left and right and 360 degrees of rotation for portrait or landscape viewing.
- It is critical to understand the attributes of the selected monitor arm. Monitor designs vary in shapes, size, and construction which can lead to uneven weight distribution. Monitors that are asymmetrical or uneven in weight distribution may experience drifting or rotation in tilt or swivel over extended periods of time, which can lead to unsatisfactory performance. To ensure compatibility of a monitor with the selected monitor arm, Knoll recommends installing and double checking all seated weights or movement that may occur over time as a result from monitor irregularities.
- By virtue of this statement, Knoll is not responsible for client dissatisfaction or any damage.
- Works with most Knoll slat board and slat wall profiles. However, load ratings vary across products and mounting approaches. Please review product breakdowns in the following pages or contact Knoll for more details on how to ensure compatibility with your specific application needs.
- Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound and able to hold the slat board, the arm configuration and the monitor weight.

Direct Wall Mounting (for both standard and compact arms):
For single monitor mounting, you can use either the slat wall mast or direct wall mount. For double or triple monitor mounting, you can use the slat wall mast mount. The slat wall direct mount cannot be used for multiple monitors.

Please note that the Compact Arm Direct Wall Mount is specific to the compact arm. You cannot use the standard conformation of this kit to use with the compact arm or a standard arm with the compact arm.

Works with most Knoll slat board and slat wall profits, however, load ratings vary across products and mounting approaches. Please review product breakdowns in the following pages or contact Knoll for more details on how to ensure compatibility with your specific application needs.

Knoll/Extra

Sapper™ Monitor Arm Collection
Mounting, Construction and Application Information
Sapper™ Monitor Arm Collection
Mounting, Construction and Application Information

For use on architectural walls only as outlined further on this page. Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight. See above for weight limits if mounting slat wall to an architectural wall.

Sapper 50 Direct Wall Mounting (for Sapper 50 monitor arm):
For single monitor mounting, you can use either the direct wall mast mount or direct wall mount.
Please note that the Sapper 50 Direct Wall Mount is specific to the Sapper 50 arm. You cannot use the standard mast with the Sapper 50 arm or a standard arm with the Sapper 50 mount.
For use on architectural walls only as outlined further on this page. Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight.

Interpole Mounting
Sapper arms can be mounted on either the slot or channel sides of Interpole with the proper mount. Mounts can be moved after installation but the pole may have residual markings.
If screens are mounted on the slot side, use the channel mount. If overheads are mounted on the slot side, then a SapperXYZ with extended channel mount. If overheads are mounted on the slot side, use the Sapper 50 Direct Wall Mounting for Sapper 50 monitor arm.

Slat Wall and Wall Mounts:
Slat Wall and Wall Mounts both Direct Mast Mounting and Sapper 50 Direct Mounting for both standard and compact arms.

Fast Release:
Allows for swift installation and removal of flat panel monitors by merely pulling the quick release pin up to remove monitor with movement joint/back plate attached.

Fast Release:
Monitors:
The Sapper monitor arm collection offers intuitive adjustment. To adjust the height, you simply manually lift the arm and twist the adjustment knob like a screw up or down to the desired height. The easiest way to bring the monitor is to fold it in before making the adjustment. To adjust the depth, you can move the arm in or out. You can also rotate the monitor 360 degrees for landscape or portrait viewing and adjust the swivel back and forth 180 degrees and tilt up and down 165 degrees. The arm folds in and out from 2.8” fully compressed to approximately 17” when fully extended.

Compatiblity:
The Sapper Monitor Arm Collection is not compatible with the Wishbone Flat Panel Monitor Support System (i.e., Wishbone, Zorro or Rotation Support System, etc.). They have been designed independently and as such parts from one system cannot be used with the other.

Monitors cannot be mounted on KnollExtra® Orchestral® lead bars.

Installation Instructions:
Comprehensive installation instructions will be shipped with product and are also available on Knoll Exchange for easy reference.

Cable Management:
External cable management allows for easy installation and removal of monitors. There are gates under the arm that will contain wires from the monitor to plastic cable management clips that go on the mast to keep wires tidy to the electrical socket.

Heights:
For the beam solutions, there are beam cord management clips on the back of the beam (in the small, fl on the medium) that can hold wires from the monitor to the mast cable management. The beam mast cable management is wider than the standard mast cable management to accommodate multiple monitor wires.

Rotation, Swivel, Tilt and Depth Adjustment:
Height Adjustment:

Set Screw to Prevent Arm Removal:
Set Screw:

Deactivate Fast Release with Set Screw:

Cables and Connectors:
Mast: die-cast aluminum with a cold rolled steel top plate
Beams: satin anodized extruded aluminum
Adjustment knob: nylon undermolded with a TPU overmold
Movement joint (includes fast release monitor plate): plastic bushings, zinc and plastic molded plastic lift friction components and glass filled nylon VESA plate
Movement joint slide: aluminum, powder coated silver
VESA plate: die-cast aluminum
Table clamp, grommet mount, fixed table mount, Antenna center beam center mount: steel
Slot wall and wall mount (both mast mount and direct, both standard and compact arms): die-cast aluminum with steel back plates
Double arm bracket: die-cast aluminum, steel top plate, extruded aluminum posts, plastic upper and lower bushings
Triple support arm bracket: die-cast aluminum, steel top plate, extruded aluminum posts, plastic upper and lower bushings
Handle-to-beam bracket: aluminum, powder coated silver
Cable management: transparent poly-carbonate clips on the mast and beams, plastic gates under standard arms
Antenna and Quadraple support arm bracket: die-cast aluminum
Two-Piece Table Clamp, Drop Table Clamp, Heavy-Duty Table, Clamp, Grommet, Fixed Table and Antenna Center Beam Table Mounting: steel
Antenna Table Center Beam Side Mounting: die-cast Aluminum
Slot Wall and Wall Mounts both Direct Mast Mounting, Direct Mounting and Sapper 50 Direct Mounting (for both standard and compact arms):
Die-cast Aluminum with steel back plates
Quadraple arm bracket: Die-cast Aluminum
Horsepower mounts: die-cast aluminum, powder coated. Steel VESA mounts.

All mounting options come in a black finish, with the exception of the Antenna Center Beam Side Mount which will come in the same finish color that was specified for the arm.

**Ordering Notes**

Due to extensive adjustability of Sapper XYZ monitor arms, a mock-up is recommended to ensure it is suited for the specific workstation, particularly if placed in front of a wall or panel.

**Mounting and Application Information**

See page 168 for comprehensive mounting, application and construction information.
Sapper XYZ® Monitor Arm Series

Replacement Parts for Sapper XYZ Single Arms

Sapper XYZ® Monitor Arm Series
Mounting, Construction and Application Information

Double Cockpit

For Sapper XYZ Crossbar, the maximum outer horizontal width per monitor is 200 mm (7.9 inches) for a cockpit position of 26°27’ from the vertical.

Sapper XYZ Crossbar:
- Adopted by most panel manufacturers.
- Ship standard with fast release pin so the post will be fixed to a dedicated location on the worksurface. Please note with this mounting, the mount will not be able to remove panel without leaving a permanent hole in the worksurface. To avoid this, you must simply pull or push the monitor arm in or out. You can also rotate the monitor 300 degrees for landscape or portrait viewing, adjust the exit back and forth 100 degrees and tilt up and down 15 degrees. The single arm folds in and out from 2° fully compressed to approximately 24° when fully extended. Sapper XYZ Crossbar folds in and out from 2° fully compressed to 15.38° when fully extended. Due to the extreme adjustability of Sapper XYZ monitor arms, a mock-up is recommended to ensure it is suited for the specific workstation, particularly if placed in front of a wall or panel.

Weight Adjustment:
- The Sapper XYZ and Sapper Crossbar monitor arm is preset for a 10 lb monitor on a single arm and 16.5 lbs on a Sapper XYZ Crossbar. Other monitor weights up to 20 lbs can be accomplished by adjusting the weight adjustment nut to the proper weight using the wrench on the back of the movement joint. Note that the 20 lb setting is not visible on the scale. Turn the wrench on the back of the movement joint until you feel a slight give. Then check the weight to determine if it is the proper weight. The weight should be able to be increased up to 20 lbs in 1 lb increments. When proper weight is set, the arm should sit steady even when not in use.

Thief Deterrence:
- All movement joints come with a set screw within the fast release pin to prevent fast release if so desired.

Compatibility:
- The Sapper XYZ monitor arms are not compatible with the Sapper Monitor Arm Collection. It has been designed independently, and as such parts from one system cannot be used with the other, with the exception of the movement joint. Finish colors are consistent across the Sapper XYZ and Sapper Monitor Arm Collection portfolios.

Installation Instructions:
- Comprehensive installation instructions will be shipped with product and are also available on Knoll Exchange for easy reference.

Construction:
- Arm: die-cast aluminum with steel channels and plastic molded slotted
- Movement joint (includes fast release monitor plate): plastic bushings, zinc and stainless steel channels and plastic molded slotted
- Cable Management: plastic (includes fast release monitor plate): plastic bushings, zinc and stainless steel channels and plastic molded slotted
- Mounts: steel
- Table clamp: steel
- Cable management: Sapper XYZ single arm and Sapper XYZ 30: transparent polycarbonate clip on post, soft plastic in channel and under arm

Sapper XYZ Crossbar:
- Stock size, but can be accommodated by adjusting to the next size down. The single arm folds in and out from 2° fully compressed to 15.38° when fully extended. Due to the extreme adjustability of Sapper XYZ monitor arms, a mock-up is recommended to ensure it is suited for the specific workstation, particularly if placed in front of a wall or panel.

---

**Order Code** | **Ordering Information** | **Application Notes** | **Construction**
---|---|---|---
Example: OAK-21HP-AL-BK-PT-22 | OAK-21HP-AL | 1. Pattern number
2. Track length
3. Arm style
4. Mechanism
5. Finish
| Keyboard support provides users with a more ergonomic working environment by allowing for height and tilt adjustment of the keyboard. When not in use, the keyboard support stores completely under the work surface as the arm is moved laterally.
| All platforms are HDPE. Wrists rests are polyurethane mold with polypropylene insert. Mechanics:
- All arms are steel with a powdercoat finish.
- They are adjustable using a soft touch knob.
- They have a wristrest for hand support.
- They are compatible with the track system.

---

**Mechanism Attributes**

**All mechanisms have the following features:**
- Spring assist adjustment
- Non-adjustable tilt
- Pivot 360° on the track
- Wristrests are polyurethane mold with polypropylene insert.
- All mechanisms have the following attributes:
  - Advanced Easy Lift arm:
    - Variable height adjustment of 3.5” (up 2.5", down 1")
    - Soft touch knob adjusts tilt from 0° to 15°
  - Short Easy Lift arm:
    - Variable height adjustment of 5.1” below the work surface
    - Soft touch knob adjusts tilt from 0° to 15°
  - Sit/Stand arm:
    - Variable height adjustment of 14.2” (up 5.3", down 5.9”)
    - Soft touch knob adjusts tilt from 0° to 15°

**Antenna and Tone Mounting Note**

Keyboard support must be specified with a sliding track that is less than the depth of the top and any thing below the top such as a power harness or cable basket. For taller individuals, we recommend using a dual pivot solution with the track mounted on the diagonal to maximize knee space.

Antenna: In order to mount on Antenna Workspace, an adapter is needed, available through the Antenna price list. Pattern code YAK.

Tone: In order to mount on Tone T-Leg and 24” deep C-Leg tables, an adapter is needed only. For taller individuals, we recommend using a dual pivot solution with the track mounted on the diagonal to maximize knee space.

Pattern code YAK.
## Freestanding Ergonomic Accessories

### VDT Sleeve
- **Description:** Racetrack-shaped sleeve slides over worksurface to create VDT corner.
- **Create:** 17 5/8" wide VDT corner, 9" from worksurface corner.
- **Adjustable:** Can be adjusted to any angle, or removed when not needed.
- **Material:** Heavy-gauge steel with felt backing to prevent scuffing.
- **Sizes:** 1 1/4", 1 3/4", and 2 1/2" worksurface thicknesses.
- **Attachment:** 1/4" screw holes on underside for optional attachment to worksurface.
- **Finish Options:** Metallic finish (OA-SLV(A,B,C)-(E, J)) or Soft Touch finish (OA-SLV(A,B,C)-(GS, BS)).

<table>

</tr>
</tbody>
</table>

### Surf Board VDT Corner
- **Description:** Fits any worksurface thickness or edge profile.
- **Create:** Generous 24" wide VDT corner, 14" from worksurface corner.
- **Adjustable:** Can be adjusted to any angle, or removed when not needed.
- **Features:** Integral non-handed mouse pad. Felt back and rubber bumpers protect worksurface. Designed by Ross Lovegrove and Stephen Peart.

### Surf Board
- **Description:** Rigid steel plate with 1/8" thick rolled front detail. Black rubber bumpers and non-scuffing felt back.

### Construction
- **VDT Sleeve:** Heavy-gauge steel in painted finish. Felt backing protects worksurface. Manufactured in the United States.

### Design Awards
- **Surf Board:** Best of Category Award, Consumer Products, JD Magazine Annual Design Review, 1994.

### Order Code
- **Example:** OA-SLV-A-E
  - **OA-SLV:** VDT sleeve
  - **A:** 1 1/4" sleeve
  - **E:** Soft Grey finish

### Ordering Information
- **Specify:**
  1. Pattern number
  2. Thickness (VDT sleeve only)
  3. Finish

### Custom Options
- **VDT sleeve finishes:** Soft Grey (E), Medium Metallic Grey (J), Soft Touch Light Grey (GS), Soft Touch Black (BS)
- **Surf Board:**
  - Painted finishes: Soft Grey (E), Medium Metallic Grey (J), Soft Touch Light Grey (GS), Soft Touch Black (BS)
  - Custom colors available upon sample chip approval. Contact your Knoll sales representative or Customer Service for complete pricing information.

Order Code

Example: OA-CPU2-SLNG

Ordering Information

Specify:
1. Pattern number

Additional Information

Adjustable Sling CPU Holder:
- Mounting mechanism: Black painted glass filled nylon.
- Sling: Woven nylon.
- Weight capacity: 75 lbs.

Adjustable Vertical CPU Holder:
- Mounting mechanism: Black painted steel frame with glass filled nylon slide clamp.
- Weight capacity: 85 lbs.

Construction

Adjustable Sling CPU Holder:
- Black painted glass filled nylon.
- Sling: Woven nylon.

Adjustable Vertical CPU Holder:
- Black painted steel frame with glass filled nylon slide clamp.
- Weight: 85 lbs.

Mounting Note

Antenna, Tone and Telescope Mounting

Antenna:
In order to mount on an Antenna Workspace, an adapter is needed, available through the Antenna price list. Pattern code YAACP.

Tone:
In order to mount on a Tone C-Leg, an adapter is needed. Available through the Antenna price list. Pattern code YAACP. 30" deep C-Leg provides enough track clearance.

Telescope:
Due to legroom clearance, CPUs cannot mount on Telescope tables less than 27" wide. For mounting on tables 27" or wider, one power supply tray can be installed opposite from the CPU holder, and the YACP adapter from the Antenna price list is needed.

```
OA-CPU2-S-HAL-114
```

**Ordering Information**

1. Pattern number
2. Finish

**Options:**

- Smooth Painted Finish: Jet Black (111), Brown (112), Dark Grey (113), Folkstone Grey (114), Medium Grey (115), Sandstone (116), Salt Grey (117), Beige: Matt Metallic (631), Medium Metallic Grey (612), Silver (615), Bright White (110)

**Additional Information**

- Height limitation for equipment dependent on lowest setting of table height.

- Double CPU Holder: Each side accommodates equipment 4.18" - 9.2" wide.
- Height limitation for equipment dependent on lowest setting of table height.
- Weight capacity of 50 lbs. per support.

**Construction**

CPU holders are made of painted steel with adhesive-backed rubber liners and a nylon adjustment knob.

**Mounting Note**

Height adjustable table leg CPU holders are designed to attach around the leg of Knoll height adjustable tables, resting on the foot of the leg.

**Table Compatibility**

Height adjustable table leg CPU holders will work with Tonic, Rolf, and k. stand height adjustable tables. The attachment for the table leg is not compatible with k. bench, Antenna Workspace, or Telescope.
**Cable Management**

</tbody>
</table>

**Ordering Information**

Specify:
1. Pattern number
2. Finish

**Finish options for Basket**

- Clear (CL)
- Charcoal (CH)

**Additional Information**

- Cable Management Clips: Each clip is 5.6” x 1.56”.
- Cable Management Basket: Basket is available in two finishes: Clear (CL) is a clear powder coat finish on top of raw steel wire. Charcoal (CH) is a recycled black powder coat. Both finishes may vary in color slightly due to nature of the material.

**Construction**

- Cable Management Clips: Glass reinforced molded nylon.
- Cable Management Basket: Powder coated steel wire.

**Mounting Options**

- Cable Management Clips have two mounting options. Hardware is included for both options.
  - Swivel mounting: Install using the primary center screw only.
  - Fixed mounting: Install using the three screws provided (primary center screw and two side screws). A double-sided stick pad is included for ease of installation when fixed mounting.
- On average, use two clips per workstation.

**Mounting Note**

- Cable Management Baskets are designed to be mounted to the underside of height-adjustable or fixed height work surfaces through a series of screw holes in the attachment plates.

**Pattern No.**

- TM-CM-CLIPS-S2: $20.00
- TM-CM-CLIPS-S20: $135.00
- TM-CM-BSKT-CL: $276.00

- **List Price:** $473.00

### Ordering Information

1. **Specify:**
   - Pattern number
   - Case Finish
   - Knob Color
   - Liner

   - Knob Finish Options:
     - Black (B)
     - Red (R)

   - Liner Options:
     - Black Rubber (B)

   - Rubber Liner: Normal rubber

2. **Liner defaults to black rubber.**

### Case Finish Options

- **Case Paint Finish Options:**
  - Jet Black (111)
  - Brown (112)
  - Dark Grey (113)
  - Folkstone (114)
  - Medium Grey (115)
  - Sandstone (116)
  - Soft Yellow (117)
  - Bright White (118)
  - Black Brown (120)
  - Beige Mist Metallic (611)
  - Medium Metallic Grey (612)
  - Silver Metallic (613)
  - Accent Paint Finishes
    - Dark Red (130)
    - Slate Blue (131)
    - Olive Green (132)
    - Canary Yellow (133)
    - Rust Red (134)
    - Accent Paint Finishes
      - Dark Red (130)
      - Slate Blue (131)
      - Olive Green (132)
      - Canary Yellow (133)
      - Rust Red (134)

   - **Textured paint finish is available for both core paints and accent paints.**
   - For textured paint finish, add a “T” at the end of the corresponding finish code i.e. textured bright white (118T).

   - **Silver (613) does not have a textured option.**

### Ordering Note

- **Toolslot accessories** - Antenna, Powerbeam tray, and pencil cup (YNA TRAY, YNACUP) are sold separately.

### Application Information

- **4 factory-installed casters are included and are always black.**
- **Included knob may be repositioned in the field to make the unit right or left handed.**

### Ordering Information

- **Example:** OR-WB-24-18-BK
- **Order Code:** OR-WB-24-18
- **Color:** BK = Black frame
- **Style:** B = Black frame
- **Mounting Option:** Default = Wall-Mounted
- **Suffix:** Black frame: B = Black frame
- **Pattern Number:** OR-WB-24-18
- **Mounting Option:** Wall-Mounted
- **Pattern Number:** OR-WB-TR-BK

### Construction

Satin anodized aluminum frame (can be powder coated black). Porcelain coating on cold rolled steel laminated to corrugated and hardboard with a Mylar backing. All Universal Marker Boards are magnetized. Manufactured in the United States.

### Custom Options

- **Note:** If your system is not listed, contact your KnollExtra representative or Customer Service for appropriate panel-mounted bracket to specify.
- **Other writing surface and custom frame colors available. Custom frame sizes available up to 22" W x 48" D in size. 25 unit minimum per line item on all custom orders. Contact your Knoll sales representative or Customer Service for pricing information.

Universal Fabric Boards  
**Standard Sizes**

- Standard fabric board has 1/8" thick mineral board construction with squared corner.
- Rounded corner/radiused edge, available at upcharge.
- Panel or wall mount options.

**Fabric Grades**

- Fabric Grade 30
- Fabric Grade 40
- Fabric Grade 50
- Fabric Grade 60

**Types**

- F-WM-F: Wall-mounted, flush, fabric grade 30
- F-WM-R: Wall-mounted, rounded corner/radius, fabric grade 30

**Order Code**

- w: Width
- d: Depth
- h: Height

**Fabric Selection**

- Circle Line
- T wister
- Ta i lor
- Symbolic
- Skylark
- Pivot
- M essa
- C ircuit
- B eacon
- C ommunication Boards

**Custom Options**

- For specials: Contact Customer Services.
- Minimum fabric board size is 120” W x 24” D. Fabric must be railroaded on any panel wider than 60”.

**Construction**

- 1/8” thick mineral board for durable, highly tactile surface.

**Other**

- Manufactured in the United States.

---

**Ordering Information**

- Mounting options
  - Panel-mounted, brackets
  - Panel-mounted, rails
  - Custom options:
    - For approval, submit at least one sample of fabric for testing applications.
    - Wall-mounted applications are recommended and will be an upcharge.
    - Due to grades 50, 55 and 60 fabric widths less than the width of a 60” board, contact your KnollExtra representative or Customer Service for pricing and fabric railroading information.

### Mounting Options

- **Panel-mounted brackets:**
  - Panel-mounted brackets are included in the list price but must be specified separately. To specify appropriate panel-mounted bracket, consult the Knoll sales bracket chart on page 12.
  - Panel mounted bracket size must match height of fabric board.
  - Wall-mounted applications must be specified as flush (F-WM-F) or reveal (F-WM-R). Both options are appropriate for any smooth, clean surface.
  - Flush wall-mount option utilizes velcro squares.

### Custom Options

- **For special sizes:** For special contact Customer Service. Maximum fabric board size is 120"W x 24"H. Fabric must be railroaded on any panel wider than 60".
- **Customer’s own material:** For approval, submit at least one yard of fabric for application testing. For panel-mounted applications, all COMs and textiles that are not pre-approved must be UL-tested. Please consult Knoll sales Customer Service for details.

### Corner/Edge Detail

- S1: Squared corner/Rectilinear edge
- S2: Squared corner/Radiused edge
- R2: Rounded corner/Radiused edge

### Construction

- 1/2" thick mineral board for durable, highly tackable surface.

### Under overhead specification note:

- For application under a system overhead, provide clearance distance between the worksurface and the bottom of the overhead or task light.

### Side by side fabric board specification note:

- Please note if a panel-mounted fabric board will be used contiguous to another fabric board drawings are required and there will be an up-charge.

### Knoll Extra

**Construction**

- **Whiteboard:** Honeycomb core with medium-density fiberboard skin, high pressure laminate finish and ABS edge.
- **Crossmember:** Aluminum
- **Legs:** Steel
- **Cup:** Die cast aluminum with wool felt insert and steel fasteners.

**Application Notes**

- Each markerboard ships with four dry erase markers (blue, green, red and black) and a microfiber cleaning cloth.
- Overall height from floor is 72" high with writable surface starting 25" from floor.
- The optional marker tray runs the length of the crossmember. The optional marker cup mounts to the side.
- To prevent dry erase markers from drying out, store them with the cap down in the optional cup.

Selling Policy

Terms & Conditions of Sales

Sales by Knoll, Inc. or Knoll North America Corp. (“Seller”) of Knoll Product Lines (hereinafter “Products”) within the United States and Canada are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser’s assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supersede any prior and/or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and signed and shall be valid for all purposes as if they were originated and maintained in documentary form.

Ordering Information

All orders must be in writing. The product pattern number(s) contained on Seller’s order acknowledgement shall be the final expression of the order.

Order Confirmation

A purchase order is not binding on Seller until Purchaser has received Seller’s order confirmation or acknowledgment.

Pricing Policies

List prices are subject to change without notice.

Taxes

List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller’s list prices.

Ordering Information

All sales, use, excise and other taxes applicable to the sale of the Products shall be paid by Purchaser. If Purchaser claims an exemption from any tax, Purchaser shall submit to Seller the appropriate exemption certificates.

Terms of Payment

Payment for one hundred percent (100%) of the net order amount (including any applicable shipping and handling fee) is due within thirty (30) days of the date of invoice, which is generally issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than $100,000 net, a fifty percent (50%) deposit is due at time of order placement, with the remainder due within thirty (30) days of the date of invoice. KnollStudio orders less than $2,000 require payment for one hundred percent (100%) of the net order amount (including any applicable sales tax and charges for inside delivery, special packaging, etc.), due at time of order placement. For KnollStudio orders greater than $2,000, a one-half (50%) deposit is due at time of order placement with the remainder (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due prior to shipment. If, in the judgment of Seller, Purchaser’s financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance. Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults on payment, Purchaser shall be liable for all collection costs, including reasonable attorney’s fees and costs.

Changes and Cancellation

Expenses incurred because of changes shall be charged to Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including “COM” (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled.

Freight Prepaid

QuickShip orders may not be changed or canceled without Knoll’s authorization. In the event of Muuto order changes, 25% payment of original net order amount is required for changes incurring the week the order is scheduled to ship. If Muuto is ordered on QuickShip, the QuickShip policy supersedes.

Delivery/Freight Charges

For standard orders, freight prepaid includes the price of all Knoll Office and KnollStudio Products, except KnollTextiles and Muuto, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice. Freight for all Muuto orders must be specified at time of order placement and added to the PO.

Claims

For shipments outside the contiguous 48 United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination. Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment, in writing. Nonstandard methods of shipment and/or additional services are available upon request. Orders for QuickShip products shipping direct parcel or White Glove are subject to additional shipping and handling charges and must be paid by Purchaser. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser’s request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redelivery. Partial shipments may be made and invoiced by Seller.

Delivery/Freight Charges

Claims

All shipments for Knoll Products within the contiguous United States and Canada are F.O.B. Origin. All risk of loss passes to Purchaser at time of delivery to carrier. Purchaser shall inspect all Products upon receipt and notify Seller within ten (10) working days after receipt of any damage or defects which are, or should be, apparent from an inspection of the Product and its packaging. Failure of Purchaser to notify Seller during the ten (10) working day period shall constitute acceptance of the Products and waiver of any apparent defects, errors or shortages. For all claims relating to Product damaged in transit or for any other claims relating to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser for such claims. Seller may, upon request, assist Purchaser with filing of such claims with the carrier, but Seller will not be liable for any of these transportation related claims.
Selling Policy

**Seller’s Security Interest**

Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.

**Returns**

The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products delay after the time when Seller can defer production. Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.

**Held Orders/Storage**

If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.

**Customer’s Own Material**

A Purchaser who requests a fabric or other surface material not standard to Seller’s line of Products (“COM”) must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to use of the COM on the Product.

**Warranty**

Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below. Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.

*Product and Period of Warranty*

- **Lifetime:** Antenna Workspaces, AutoStrada, Caliber, Cirion Open Table, Currents, Dividends Horizon, Morrison, Reff Profiles laminate, Rockwell Unscripted, Series 2 Storage, Template, Quoin and other non-wood components (except cascade edge worksurfaces, operational parts, controls, electrical, Lighting, Series 2 Veneer Front Storage, digital locks, upholstery, textiles and leathers, special or custom products, see below), Islands Collection table structure, legs, and laminate worksurfaces; and Westy mobile bin.

**This warranty does not apply to:**

- Damage caused by a carrier other than the Seller.
- Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).
- COM or other third party materials applied to Products.
- Products not installed by or under the auspices of a Knoll Dealer.
- Dramatic temperature variations or exposure to unusual conditions.
- Changes in surface finishes, including colorfastness due to aging or exposure to light.
- Except as specifically noted above, textiles and upholstery supplied by KnollTextiles and Spinneybeck FilzFelt (consult current price lists for applicable warranties).

Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, graining or textures, performances of surfaces hard or soft or surface hardness of such materials. The Seller also does not guarantee any claim of ergonomics or health surfaces. The EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

The remedies provided above are the Purchaser’s sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with
Delay/Force Majeure

Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of war or terrorism, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delay, allocate available Product or cancel any purchase order.

Compliance with Law

PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.

Patents

Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediate, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.

The foregoing indemnity does not apply to the following:

- Products supplied according to a design other than that of Seller, and which is required by the Purchaser.
- Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.
- Any settlements of a suit or proceeding made without Seller's written consent.

Limitations of Liability

SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.

Purchaser's remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.
General Ordering Information

The Products
This guide encompasses all standard products for this product group.

Sizes
Dimensions listed in this guide are indicated as:
H = height
W = width
D = depth
Dia. = diameter
Rad. = radius

Pricing
All prices shown are list.

How to Order
Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item’s “designated area” can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:
Knoll, Inc.
1235 Water Street
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll’s environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such “green” initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to knoll.com, click on “About Knoll” and then “Environmental Focus.”
