Knoll and Sustainable Design

Each year Knoll sets key initiatives in our journey to sustainability. We are members of a global consortium on energy, have adopted a scientific, metrics-based approach to sustainable product design, and maintain a leadership position in establishing universal, verifiable, sustainability standards for our industry.

Knoll promotes independent third-party certification because it provides the most impartial and trustworthy foundation for industry-wide environmental compliance. Certification by established and respected third parties ensures that all manufacturers are held to the same high standards and that customers can trust a company’s declaration about the environmental benefits of its products. Knoll third-party partners include: the International Standards Organization (ISO); Forest Stewardship Council (FSC®); Rainforest Alliance; GREENGUARD® Environmental Institute; and The Business and Institutional Furniture Manufacturer’s Association (BIFMA) level® certification from Scientific Certification Systems (SCS).

In addition, Knoll is aligned with the U.S. Green Building Council and can help companies, healthcare organizations and educational institutions achieve Leadership in Energy and Environmental Design (LEED®) workplace certification.

Global Climate Change
- Knoll is a sponsor of the Clinton Global Initiative, which brings together a community of global leaders to devise and implement solutions to some of the world’s most pressing challenges, including environmental change.
- Knoll has a comprehensive Energy Management Program to increase energy efficiency in products and processes.

Life Cycle Assessment (LCA) Tool
- Life Cycle Assessment is a science-based measurement of a product’s environmental impacts throughout its life cycle, from raw materials sourcing through manufacture, shipping, use and re-use or end-of-life. LCA enables cradle-to-cradle implementation of sustainable practices.

Setting Industry Standards
- Knoll partners with MTS (The Institute for Market Transformation to Sustainability) to develop the SMaRT® Consensus Sustainable Products Standards, a set of consensus-based sustainable product standards based on the LEED® model, for all building products, fabric, apparel, flooring and carpet. MTS, the developer of SMaRT®, is an accredited American National Standards Institute (ANSI) standard developer.
- Knoll also partners with BIFMA (Business and Institutional Furniture Manufacturers Association) to promote level® sustainability standards for the contract furniture industry.
- Knoll has established FSC® (Forest Stewardship Council) certified wood as the standard for general office open plan office systems, caseworks and tables.
- Knoll has launched Full Circle, a resource recovery program developed with ANEW, to help customers extend the life cycle of surplus furniture, fixtures and equipment (FF&E) in an economically, socially and environmentally responsible manner.
- Our goal is to encourage all manufacturers in the contract furniture industry and related industries to adopt standards that will lead to sustainable products and practices.

For more information about Knoll and sustainable design, visit knoll.com/environment.
All Knoll Office Seating is GREENGUARD and GREENGUARD Gold certified.

All KnollExtra® products are GREENGUARD certified.

Visit GREENGUARD.org for more information and to find printable certificates for Knoll Office Seating that can be used for verification and LEED® submission.

GREENGUARD provides the only guide to certified low-emitting interior products and building materials. Its goal is to help building owners and managers, architects, interior designers and product specifiers build and furnish healthier offices, hospitals, schools and homes by providing a register of tested and certified low-emitting products and materials.

GREENGUARD certification is recognized by the U.S. Green Building Council's LEED® Program. Air Quality Science, an independent indoor air quality laboratory, tests products submitted for certification using stringent environmental chamber testing protocols and current indoor air quality standard. Certification is administered by the GREENGUARD Environmental Institute (GEI), an industry-independent, non-profit organization.

GREENGUARD Gold certification complies with the State of California's Department of Health Services Standard Practice (CA Section 01350) for testing chemical emissions from building products used in schools, offices and other sensitive environments. Certified products can contribute to achieving credits in the CHPS Best Practices Manual for K-12 schools, the LEED® Green Building Rating System, Green Guide for Healthcare™, NAHB Green Building Guidelines, Green Globes, Regreen and numerous other local authorities’ green building codes.

Knoll Office Seating and KnollExtra® products can contribute to achieving LEED® credits. GREENGUARD-tested and certified office furniture is required for Credit 4.5 in the LEED-CI Indoor Environmental Quality section.

GREENGUARD Certification Program
• Internationally recognized for evaluating product emissions and certifying building materials, furnishings, finishes and cleaning products and processes that meet stringent indoor air quality criteria defined by GEI.
• Products undergo rigorous, third-party testing to determine their impact on indoor air pollution with requirements for ongoing testing and verification.
• Certification confirms a manufacturer's environmental responsibility, and signifies their environmental achievements through independent, third-party testing and verification.
• GREENGUARD Certified products are recommended by leading sustainable building programs, including:
  – U.S Green Building Council’s (USGBC) LEED Rating System,
  – National Association of Home Builders (NAHB) Green Building Guidelines,
  – Green Guide for Health Care (GGHC),
  – Collaborative for High Performance Schools (CHPS) Best Practices Manual,
  – New York City Department of Design and Construction Sustainable Design Specifications, among others.
An Overview

In the first part of the Price List you'll find Lighting and Power Series.

The second part features a full range of desktop accessories including Smokador and Orchestra, perfect for panel-mounted or freestanding application.

Part three offers a broad range of systems support products, including technology management and communication boards.

Can't find it? Consult the Table of Contents on page 1 or the Alpha-numeric Index on page 178.

Product Information on Each Page

The KnollExtra Price List was designed to provide you with everything you need to know in order to understand, specify, and care for KnollExtra products. On each page, the following features will assist you:

*Description/Construction* explains salient features, capabilities, materials, and country of origin.

*Dimensions* provide the overall space the product will require. Statistics are based on the maximum width, depth and height of the product.

*Weight* is based on the product itself. It does not include packaging or complementary items such as pens, memo paper or calendars.

*Order Code/Ordering Information* outlines exactly how to specify KnollExtra product and the full scope of finish options. The Order Code provides an example of how one pattern number is specified.

*Custom Options* reviews availability of special sizes, finishes etc.

For More Information

For more information, contact your Knoll sales representative, telephone Customer Service at 1-800-343-5665, or visit one of the Knoll showrooms listed on the last page of this book.

A Word About Finishes

KnollExtra finishes are designed to complement a broad range of interiors and office products.

Key KnollExtra finishes coordinate with specific Knoll systems finishes:

Placing Your Order

Use the Following Addresses

If you would like to send a standard lead time order to our order entry department, please use the following address:

For North American orders:
Knoll, Inc.
1235 Water Street
East Greenville, PA 18041
Attn: Order Entry
Fax: 215 679-1788
Tel: 800 343-KNOLL

All accepted orders will be confirmed in writing on the Knoll standard order confirmation form.

Ship-Complete Orders

Orders that must ship complete are to be so stated on the purchase order. Products with different lead times, combined on one order, can be acknowledged for shipment based on the longest of those lead times. Orders not marked “ship complete” will be released according to the confirmation, and invoiced in increments.

For More Information

For complete Knoll Selling Policy and warranty information, please refer to page 180 of this price list.

For additional information on KnollExtra, contact your Knoll representative, a Knoll dealer, or telephone Customer Services at 800 343-KNOLL.

*EY for orchestra brackets. If your system is not listed, please consult your Knoll sales representative or Customer Service at 1-800-343-5665.
While KnollExtra relies on highly durable materials in each product line, regular basic maintenance will ensure the longevity of your product. Most stains, marks, and discolorations can be removed by following the simple instructions outlined on this page.

**Plastic**
Windex and a dry cloth.

**Stainless Steel**
Windex and a dry cloth.

**Antique Brass, Brushed Zinc and Black Oxide**
A damp cloth with no cleaning agents.

**Satin Brass**
Pledge.

**Linoleum**
Windex and a dry cloth.

**Contemporary and Traditional Standard Leathers**
Mild soap and water on a soft cloth.

**Spinneybeck Leathers**
As a result of the high quality aniline dye process, most scratches or minor stains can be removed simply by gently rubbing them with your fingers. The body’s natural oils revitalize the leather. For stubborn stains, use mild soap and water. Take care to wash the surface evenly since soaps may slightly alter the leather’s tonality.

**Surf Collection**
Wipe nylon skin using warm water and mild detergent. Do not use abrasives.

**Office Automation Accessories/Storage Drawers**
Clean with a soft cloth and Windex, Fantastik, Endust or other non-abrasive household cleaners. Remove stubborn stains with SofScrub.

For Surf Board and VDT Sleeve soft touch paints, never use abrasives. Clean with lukewarm water and a soft cloth.

**Marker Boards**
For day-to-day use, surface requires only a dry cleaning with a standard felt eraser or dry cloth. For best results, keep marker board and marker pens at room temperature. KnollExtra suggests Bic Great Erase BOLD marker pens which are designed for use on marker boards. All marker pens should be tightly capped and stored horizontally when not in use.

Follow the instructions below as a periodic maintenance program, or to remove stubborn stains:

1. Clean with EV-1 or any liquid ammonia-added cleaner and rinse with clean water, then dry. For best results, wash board like a window with sponge and squeegee.

2. Interim cleaning may be done by sprinkling a dry powdered cleanser on an eraser and applying to the board in a circular motion. Rinse with clean water, then dry.

3. To remove crayon, scotch tape, or other stubborn materials, apply a mild solvent or paste made with scouring powder and water.

**Fabric Boards**
Despite the durability of most panel textiles, fabric boards are subject to long-term soiling and wear. A regular maintenance program will significantly lessen soil and dirt build up or staining on your fabric boards. Cleaning is particularly important in areas adjacent to air conditioning or ventilation systems.

Remember to consult the care instructions provided by the fabric manufacturer. The general recommendations below should apply to most fabric boards.

1. Avoid excessive heat or moisture which can affect finishes and adhesives. Never allow fabric panels to become wet inside the core. Room temperature should be maintained between 50 and 85 degrees; humidity should be maintained between 20 and 50%.

2. Avoid contact with sharp edges which could puncture the surface.

3. Do not handle fabric boards more than necessary. Avoid bending or flexing the panels; this could break the bond between the surface and core materials.

4. Grease or oil should be wiped off immediately upon contact. Remove excess grease or oil by blotting. Use hot water and mild soap to remove any remaining residue.

5. Whenever possible, clean only with warm water and mild soap. Use caution when applying cleaning agents, particularly those that contain alcohol, strong alkalis, or solvents. These ingredients may react to the vinyl backing or adhesives used in the fabric boards. Always test cleaning agents on fabric from the rear of the panel before using on the front.

6. Care should be taken in using strong room cleaners or pesticides. Their fumes may contain agents which lead to the loosening of the fabric board glue bond.

**Pop Up Screens**
Clean with soap and water. For greasy stains, use a cleaning agent, first testing in a less visible area.

2. Frame Finish
3. Mount
4. Light Finish

**Additional Information**

Sparrow is available in a black or white light finish with stainless steel or black frames. Occupancy sensor (LED PIR) can be added to any LED light and must be ordered separately. UL Certified.

**Frame Finish Options:**
- Black (B)
- Silver (S)

**Light Finish Options:**
- Black (111)
- White (110)

**Height Range**

- Articulates 18° to 90°
- Table clamp: 2.5” to 21.4”
- Antenna beam side: 3.5” to 22.3”
- Freestanding: 4.3” to 23.2”

**Construction**

- Lamp: LED, cast aluminum housing, stainless steel frame and plastic reflector and lens.
- Table clamp mount: steel.
- Antenna beam side mount: die cast aluminum.
- Freestanding base: plastic and cast iron.
- Occupancy sensor: extruded aluminum body, plastic face, end caps and lens.

**Design Awards**

- Best of NeoCon 2013 Silver Award.
- Sparrow is TAA compliant.

### Construction

- Highwire: LEDs, extruded aluminum housing, plastic reflector and caps.<br>- Occupancy sensor: extended aluminum body, plastic face, end cap and lens.

### Design Awards

- Best of NeoCon 2013 Silver Award.<br>- Highwire is TAA compliant.
## Standard Arm
- **Pattern No.**: Cope-01-
- **List Price**: $237
- **Finished Size**: 29.75 h x 21.75 w (at 90° angle)
- **Extended**: Height 29.75 when extended up, Depth 35.75 when extended out.

## Compact Arm
- **Pattern No.**: Cope-02-
- **List Price**: $221
- **Finished Size**: 23.5 h x 17.75 w (at 90° angle)
- **Extended**: Height 23.5 when extended up, Depth 28.75 when extended out.

### Mounting Options
- **Standard Base**: To be used with standard arm only.
  - **Pattern No.**: Cope-01-base-
  - **List Price**: $129
- **Compact Base**: To be used with compact arm only.
  - **Pattern No.**: Cope-02-base-
  - **List Price**: $122
- **Table Clamp**: To be used with either arm.
  - Works on desks of up to 1 3/4 thick.
  - **Pattern No.**: Cope-clmp-
  - **List Price**: $73
- **Slat Wall Mount**: To be used with either arm.
  - Can be used on all Knoll systems slat wall as well as Orchestra® slat boards and load bars.
  - **Pattern No.**: Cope-slt-
  - **List Price**: $108

## Ordering Information
1. Specify pattern number for arm.
2. Specify finish for arm.
3. Specify mounting option pattern number.
4. Specify mounting option finish.

## Light Bulb Information
- **Standard Arm**: 10 watt LED bulb.
- **Compact Arm**: 6 watt LED bulb.
- **Standard**: 10W/120v/3000K.
- **Compact**: 6W/120v/3000K.
- **Incandescent**: Maximum 75 watt for standard and 60 watt for compact light.

## Construction
- Steel arm, aluminum axle, zinc coated cast iron base and metallic painted ABS shade.

## Design Awards
- Best of NeoCon 2005, Silver Award.

Markers
Set of 4 markers

Magnetic Accessory Cup
Optional cup to hold dry erase markers and microfiber cloth eraser and/or personal device power cords; magnetic application can be applied to any side of the Power Cube

Order Code
Example: ACT-PW-PC-36-36-13-1E

ACT Activity Spaces
PW Power Collection
PC Power Cube
36-36-13 36"x36"x13"
1E Electrical outlets on one side

Ordering Information
Specify:
1. Pattern number
2. Finish note: Power Cube finish is white markerboard paint.
3. Optional Magnetic Accessory Cup must be specified in one of the following finishes:
   - Code: Description
     - 111: Jet Black
     - 115: Medium Grey
     - 118: Bright White
     - 130: Dark Red
     - 131: Slate Blue

General Notes
Each electrical module has either 4 outlets or 3 outlets and 2 USB ports, depending on specification:
Power Cube is 13" high with 4 levelers. Hard wired comes with 72" whip. Cord set comes with 72" cord with a 3-prong plug for 120V outlets. Base includes one slot per corner for choice of cord exit.

Construction
Power Cube:
Powder coated steel, steel and nylon levelers

Magnetic Accessory Cup:
See page 41.

Construction
Note: Each Power Cube comes with a wht bls finish and ships with 4 dry erase markers (blue, green, red and black) and a microfiber cloth eraser.
To prevent dry erase markers from drying out, store them with the cap down in the optional cup.

Power Disc:
Max Load: 120V, 15A, 50/60 Hz
Voltage Protection Rating: L-N 525V, L-G 525V, N-G 525V
UL Listed Receptacle Power Tap/ Surge Protection Device
10' 3-prong cord recesses in base for flat surfaces or can be threaded through standard grommet.
on/off switch with LED indicator
Unit weighs 4.3 lbs.
Made in China for Knoll.

**Construction**

Die cast aluminum with textured powder coat paint, wool felt insert, neodymium magnets and steel fasteners.

Pacemakers and items sensitive to magnetic fields should be kept 3.5" from product.

Note: A non-magnetic version of this accessory cup is available on Interpola (Replace MG in pattern code with IP, see Antenna Workspaces price list for pricing) and Scribe Mobile Markerboards (see page 194 for specifications and pricing).

To prevent dry erase markers from drying out, store them with the cap down. To protect magnetic surface, avoid dragging the cup when repositioning.

* No charge when ordered with Load Bar or Slat board, configured in load bar and slat board pattern numbers when ordered with load bars and slat boards.

## Order Code

- **Example:** OR-BKT-SM-A
- **Ordering Information:**
  - Specify:
    - Pattern number
  - Mounting Options:
    - Panel, stanchion and wall-mounted brackets are included in the list price and are specified when ordering pattern number.
    - Worksurface mounted bracket: Metal posts attach to underside of worksurface with C-clamp, raising Load Bar 10" above worksurface. Useable on worksurfaces 7/8" - 1 1/2" thick. There should be at least 3/4" - 1" of space between the back of the desk and the surface behind (i.e., it cannot be flush). Set of 2 brackets. For Load Bars wider than 66", order additional brackets. For use with load bars and 6 1/2" slat boards only.

## Mounting Options

- Flat panel monitors cannot be mounted on Orchestra® load bars. Flat panel monitors can be mounted on Orchestra® slat wall only when mounted on an architectural wall. Please review p.128 for flat panel monitor support mount options.
- Worksurface mounted bracket is for use with load bars and 6 1/2" slat boards only. (14 3/4" slat board is too large for this application.)

## Custom Options

- Brackets are currently available for virtually every major office system. Panel-mounted brackets for other systems can be developed. Minimum of 100 sets per bracket. Tooling and setup charges may be required. Contact your Knoll sales representative or Customer Service for complete pricing information.

Sleeve arm finish (Jet Black only)

Soft Grey mount finish

Mounting and Application Information

To mount monitors on Horsepower, counter weights are necessary to keep the unit stable. A down-mounted cabinet or metal shelf along with a ballast kit are required, available in the Antenna price list. Please reference the Horsepower Technology Cart planning guide.

Sapper Monitor Arm Kits can be mounted to 30", 36" and 48" wide Independent Horsepower and support screen widths up to 32", 36" and 50" wide overall on corresponding units.

Horsepower, down-mounted cabinets or shell and ballast kit must be purchased separately, available in the Antenna price list.
Horsepower Mounting Options
by Richard Sapper

Horsepower Mounts and VESA plates can be ordered separately for planning flexibility.

Mounting and Application Information:

To mount monitors on Horsepower, counter weights are necessary to keep the unit stable. A down-mounted cabinet or metal shell along with a ballast kit are required, available in the Antenna price list. Please reference the Horsepower Tech Cart planning guide.

Sapper Monitor Arm kits can be mounted to 30", 36" and 48" wide Independent Horsepower and support screen widths up to 32", 38" and 50" wide overall on corresponding units.

To mount a monitor up to 20lbs, order a Sapper 24" mast, a Sleeve Arm, movement joint and one Horsepower Mount.

To mount a monitor up to 30lbs, order two Sapper 24" masts, two Sleeve Arms (no movement joint needed), two Horsepower Mounts and a corresponding VESA plate.

Horsepower, down-mounted cabinets and ballast kits must be purchased separately, available in the Antenna price list.
Sapper™ Monitor Arm Collection
Mounting, Construction and Application Information

Sapper Monitor Arms are intended to be connected directly to monitors or VESA plate adaptors. Monitor Arms are not intended to support any additional devices that are connected or mounted to monitors. Leading monitors with additional devices, even within the weight support limits, will affect the functionality of each Sapper Monitor Arm and will void their warranty.

**Mounting and Application Information**

**Sapper standard monitor arms:**
- Maximum weight of 20 lbs. per arm, weight limits vary by mounting option.
- Ship standard with fast release movement joint.
- Office 117 degrees of monitor tilt up and down. 180 degrees of rotation for portrait and landscape viewing.
- Fold into themselves to be highly compact at 34.7" when fully compressed.
- Maximum weight of 50 lbs. per arm and 30 lbs per arm, for double, weight limits vary by mounting option.
- Ship standard with fast release movement joint. Office 117 degrees of monitor tilt up and down. 180 degrees of rotation for portrait or landscape viewing.
- Fold into themselves to be highly compact only 5.7" when fully compressed.

**Sapper multiple monitor Standard Arm Configurations:**

<table>
<thead>
<tr>
<th>Double Cockpit</th>
<th>Double Flat</th>
<th>Triple Cockpit</th>
<th>Triple Flat</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>31.5&quot; Max</td>
<td>19.4&quot; Max</td>
<td>5.9&quot;</td>
</tr>
<tr>
<td></td>
<td>33.5&quot; Max</td>
<td>20.5&quot; Max</td>
<td>5.9&quot;</td>
</tr>
<tr>
<td></td>
<td>31.5&quot; Max</td>
<td>19.4&quot; Max</td>
<td>5.9&quot;</td>
</tr>
</tbody>
</table>

**Maximum Monitor Height on a 32” Desk for Double Stacked Monitors:**

Please note while four monitors (two-on-two) are shown above, the height limitation apply to six monitors (three-on-three) configurations as well.

**Mounting:**

- **Fixed Plate Mounting:**
  - The 24" monitor can accommodate that with the 45 lbs weight limit for lbs each equals 36 lbs total), we can accommodate those monitors which weighs 18 lbs (2 monitors x 18 lbs = 36 lbs) per arm support. A VESA plate adaptor may be necessary for the threaded stud (actual hole in the grommet usually 5.5 mm). Also, it is important to note VESA arm and position limits vary by application. See details below.

**Weight Limits:**

- **Weight limits for individual mounting options are outlined below. Taken together (the mounting option weight limit and the individual arm limit) you can determine the best mounting approach for your client given the number of monitors to be mounted and the weight of those monitors. Weight limits are outlined with mounting option on the next few pages.**

For example, if you want to mount two monitors on a cockpit, the weight limit is 36 lbs and each of those weighs 18 lbs (2 monitors x 18 lbs = 36 lbs total), we can accommodate that with the 45 lbs weight limit for lbs each equals 36 lbs total), we can accommodate three monitors weighing 18 lbs each (3 monitors x 18 lbs = 54 lbs total) with a 24" mast on a grommet mount, because the maximum weight limitation on a single mast is 45 lbs for the monitor.

**Mounting, Construction and Application Information**

Mounting, Construction and Application Information

Sapper™ Monitor Arm Collection

For use on architectural walls only as outlined further on this page. Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight. Please address for weight limits if mounting slat wall to an architectural wall.

Sapper 50 Direct Wall Mounting (for Sapper 50 monitor arm):

For single monitor mounting, you can use either the direct wall mount or direct wall mount. Please note that the Sapper 50 Direct Wall Mount is specific to the Sapper 50 arm. You cannot use the standard mount with the Sapper 50 arm or a standard arm with the Sapper 50 mount.

For use on architectural walls only as outlined further on this page. Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight.

Interpole Mounting

Sapper arms can be mounted on either the slot or channel side of Interpole with the proper mount. Mounts can be moved after installation but the pole may have residual markings.

If screens are mounted on the slot side, use the channel mount. If overheads are mounted on the slot side, use a SapperXYZ with extended channel mount. If overheads are mounted on the pole may have residual markings.

Cable Management:

External cable management allows for easy installation and removal of monitors. There are gates under the arm that will contain wires from the monitor to plastic cable management clips on the back of the beam (6 on the small, 8 on the medium) that can hold wires from the monitor to the mast cable management. The beam mast cable management is wider than the standard mast cable management to accommodate multiple monitor wires.

Beams

For use on architectural walls only as outlined further on this page. Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight. See above for weight limits if mounting slat wall to an architectural wall.

Sapper 50 Direct Wall Mounting (for Sapper 50 monitor arm):

For single monitor mounting, you can use either the direct wall mount or direct wall mount. Please note that the Sapper 50 Direct Wall Mount is specific to the Sapper 50 arm. You cannot use the standard mount with the Sapper 50 arm or a standard arm with the Sapper 50 mount.

For use on architectural walls only as outlined further on this page. Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight.

Height Adjustment

Rotation, Swivel, Tilt and Depth Adjustment

Changeable Mast Mounting: Steel, powder coated. Steel VESA mounts.

Horsepower mounts: die-cast aluminum, powder coated. Steel VESA mounts.

Horsepower mounts: die-cast aluminum, powder coated. Steel VESA mounts.

Compatible Masts:

Sapper XYZ (Die-Cast Aluminum)

Compromises:

The Sapper Monitor Arm Collection is compatible with the Wishbone Flat Panel Monitor Support System (i.e., Wishbone, Zero or Rotation arm, posts, tool bars, brackets, mounting, etc.). They have been designed independently and as such parts from one system cannot be used with the other.

The Sapper Monitor Arm Collection is not compatible with the Wishbone Flat Panel Monitor Support System (i.e., Wishbone, Zero or Rotation arm, posts, tool bars, brackets, mounting, etc.). They have been designed independently and as such parts from one system cannot be used with the other.

Maintenance:

Screw

Deactivate Fast Release with Set Screw

Mount Screw to Prevent Arm Removal

Arm: die-cast aluminum with a cold rolled steel top plate

Mast: anodized aluminum extrusion

Beams: satin anodized extruded aluminum

Adjustment knob: nylon undermolded with a TPU overmold

Movement joint (includes fast release monitor plate): plastic bushings, zinc and plastic molded plastic tilt friction components and glass filled nylon VESA plate

Movement joint side: aluminum, powder coated silver

VESA plate: adaptors: steel

Table clamp, grommet mount, fixed table mount, Orchestra center beam center mount: steel

Slot wall and wall mount (both mast mount and direct, both standard and compact arms): die-cast aluminum with steel back plates

Double arm bracket: die cast aluminum, steel top plate, extruded aluminum posts, plastic upper and lower bushings

Triple support arm bracket: die cast aluminum, steel top plate, extruded aluminum posts, plastic upper and lower bushings

Mast-to-beam bracket: aluminum, powder coated silver

Cable management: transparent poly-carbonate clips on the mast and beams, plastic gate under standard arms

Antenna and Quadrapole support arm bracket: die cast aluminum

Two-Piece Table Clamp, Deep Table Clamp, Heavy-Duty Table, Clamp, Grommet, Fixed Table and Orchestra Center Beam Table Mounting: steel

Antenna Table Center Beam Side Mounting: die-cast Aluminum

Slot Wall and Wall Mount (both Direct Mast Mounting, Direct Mounting and Sapper 50 Direct Mounting (for both standard and compact arms): Die-cast Aluminum with steel back plates

Quadrapole arm bracket: Die-cast Aluminum

Horsepower mounts: die-cast aluminum, powder coated. Steel VESA mounts.

Installation Instructions:

Comprehensive installation instructions will be shipped with product and are also available on Knoll Exchange for easy reference.
Weight limit per arm is 50 lbs. for Sapper 50 arm and sleeve unless weight limit for mounting option specified is less.

**Note:** Weight limit per arm is 20 lbs. for standard, compact and sleeve monitor arms unless weight limit for mounting option specified is less.

### Slat Wall Mounting Weight Limits

**Note:** Slat Wall Mounting Weight Limits are not an option for Sapper 50 monitor arm.

Ordering and Application Information

156 157
Sapper XYZ® Monitor Arm Series
Mounting, Construction and Application Information

**Sapper XYZ Monitor Arms:**
- Ship standard with a fixed front movement joint.
- A 180°-degree range of pivot at the base and at the elbow joint.
- Offer 360 degrees of rotation for portrait and landscape viewing.

**Sapper XYZ Single monitor arms:**
- Minimum width of 6 lbs. per arm and maximum weight of 20 lbs. per arm.
- Fold into themselves to be highly compact at less than 2 inches when fully compressed.
- Are durable and lightweight weighing only 4.5 lbs.

**Sapper XYZ Crossbar monitor arms:**
- Minimum weight of 5 lbs. and maximum weight of 18.5 lbs. per arm.
- Fold into themselves to be highly compact at less than 2 inches when fully compressed.
- Are durable and lightweight weighing only 4.5 lbs.

**Sapper XYZ Crossbar:**
- The standard two-piece table clamp is easy to install and works on most worksurfaces or desks that are a minimum of 1.5" thick solid core.
- All movement joints come with a set of spacers from 0.010" to 0.2" and are available from Knoll Extra.
- Includes room for the threaded stud and VESA plate adaptors: steel.
- Other monitor weights up to 20 lbs can be accommodated by adjusting the weight adjustment nut to the proper weight using the Allen key wrench on the back of the movement joint base.
- The 20 lb setting is not visible on the scale. Turn clockwise to decrease weight or counter-clockwise to increase weight to appropriate level. The arm should be held in a downward position if increasing the weight and an upward position if decreasing the weight.
- When proper weight is set, the arm should stay exactly where you place it.
- Temperature Note: Sapper XYZ Crossbar's gas strut weight tolerance performance may be reduced by 1-2 lbs when used in temperatures above or below typical office temperatures.

**Fast Release:**
- Allows for swift installation and removal of flat panel monitors by merely popping the quick release pin up to remove monitor with movement joint backplate attached. Be sure to lift the arm to the highest position before removing monitor, or the arm will quickly move upwards.

**Thief Deterrence:**
- All movement pin(s) come with a set screw within the fast release pin, to prevent fast release if so desired.

**Compatibility:**
- The Sapper XYZ monitor arms are not compatible with一定的作为阻止横杆的Monitor Arm Collection. It has been designed independently and as such parts from one system cannot be used with the other, with the exception of the movement joint.
- Monitor arms must be mounted on Sapper XYZ Monitor Arm Collection and Sapper XYZ Monitor Arm Collection assemblies.
- Monitor arms cannot be mounted on KnollExtra/Orchestra® load bars.

**Installation Instructions:**
- Comprehensive installation instructions will be shipped with the product and are also available on Knoll Exchange for easy reference.
**Adjustable Keyboard Supports**

**Easy Order Kits**

<table>

</tr>
</tbody>
</table>

**Mechanism Attributes: All mechanisms have the following features:**

- **Advanced Easy Lift arm:**
  - Variable height adjustment of 5.5° (up 2.8°, down 2.7°)
  - Soft touch knob adjusts tilt from 10° to (-) 20°

- **Pivot feature:**
  - Allows the keyboard platform to move independently from arm, allowing it to stay parallel to the worksurface as the arm is moved laterally.

**Antenna and Tone Mounting Note:**

Keyboard support must be specified with a sliding track that is less than the depth of the top and anything below the top such as a power harness or cable basket.

For taller individuals, we recommend using a dual pivot solution with the track mounted on the diagonal to maximize knee space.

Antenna: In order to mount on Antenna Workspaces, an adapter is needed, available through the Antenna price list. Pattern code YAK.

Tone: In order to mount on Tone T-leg and 24" deep C-Leg tables, an adapter is needed available through the Antenna price list. Pattern code YAK.

For 30" deep C-Leg tables, specify the 36" track only.
### Freestanding Ergonomic Accessories

**VDT Sleeve**
- Racetrack-shaped sleeve slides over worksurface to create VDT corner.
- Creates 17 5/8" wide VDT corner, 9" from worksurface corner.
- Can be adjusted to any angle, or removed when not needed.
- Heavy-gauge steel with felt backing to prevent scuffing.
- Available in two metallic and two soft-touch finishes.

**Surf Board VDT Corner**
- Fits any worksurface thickness or edge profile.
- Creates generous 24" wide VDT corner, 14" from worksurface corner.
- Can be adjusted to any angle, or removed when not needed.
- Integral non-handed mouse pad.
- Felt back and rubber bumpers protect worksurface.
- Designed by Ross Lovegrove and Stephen Peart.

Additional Information
Adjustable Sling CPU Holder:
- Accommodates equipment 2.5’-64’ wide by 8”-59” high.
- Slides on track under the worksurface and swivels 360° for easy CPU access.
- Weight capacity of 75 lbs.

Adjustable Vertical CPU Holder:
- Accommodates equipment 3.5’-9.3’ wide by 11.5’-22.5’ high. The lockable Vertical CPU Holder accommodates a CPU depth range of 14.8’-22.3’.
- Slides on track under worksurface and swivels 360° for easy CPU access.
- Weight capacity of 85 lbs.

Construction
Adjustable Sling CPU Holder:
- Black painted glass filled nylon mounting mechanism. Woven nylon sling.

Adjustable Vertical CPU Holder:
- Black painted steel frame with glass filled nylon slide clamp.
- Rack: Black painted steel

Mounting Note
Cup holders come standard with a 17’ long track. They mount on work surfaces 18” or deeper.

The lockable Adjustable Vertical CPU Holder offers theft deterrence with a heavy-duty, tamper-proof locking nut with pentagonal key.

Antenna, Tone and Telescope Mounting

Antenna:
In order to mount on Antenna Workspace, an adapter is needed, available through the Antenna price list. Pattern code YACP.

Tone:
In order to mount on Tone T-leg and 24” deep C-leg, an adapter is needed available through the Antenna price list. Pattern code YACP. 30” deep C-Leg provides enough track clearance.

Telescope:
Due to legroom clearance, CPUs cannot mount on Telescope tables less than 27” wide. For mounting on tables 27” or wider, only one power supply tray can be installed opposite from the CPU holder, and the YACP adapters from the Antenna price list is needed.
Cable Management

Ordering Information

Specify:
1. Pattern number

Additional Information

Each clip is 5.67 x 1.5" w.
Available in black finish only.
Glass reinforced molded nylon.

Construction

Mounting Options

Cable Management Clips have two mounting options. Hardware is included for both options.

- Swivel mounting: Install using the primary center screw only.
- Fixed mounting: Install using the three screws provided (primary center screw and two side screws).
A double-sided stick pad is included for ease of installation when fixed mounting.

Mounting Note

On average, use two clips per workstation.
BackPack® Pencil Drawer

- 25% 11 x 16 paper storage.
- Full width pencil trough.
- Two removable plastic organizing trays.
- Black painted steel construction with full extension ball-bearing slides.
- Optional lock.

2. Lock option (BackPack drawer only)

Application Notes

Pencil Drawers can be used with virtually any Knoll or competitive wood worksurface.

Universal Pencil Drawer:
- Minimum depth worksurface for drawer is 10".
- Pencil Drawer attaches 2 1/8" below the underside of wood worksurface at any location. Mounting hardware and template included.

BackPack Lock option:
- Lock attaches to slides in field. Removable for use elsewhere.
- Call Customer Service for availability and minimum requirement.

Construction

Universal pencil drawer: Durable vacuum-formed ABS plastic drawer in a matte black, textured finish. Three-quarter extension, ball bearing metal slides with smooth, silent movement.

Manufactured in the United States.

BackPack Pencil Drawer:
- Durable 20-gauge steel painted black. Full-extension ball bearing metal slides with click-stop in half-open position.
- Die-cast zinc lock painted black.

BackPack® Pencil Drawer manufactured in Canada.

### Standard Fabric Board Specifications

- **Thickness option:** Standard fabric board has 1/2 H thick mineral board.
- **Corner/Edge detail:** Standard fabric board has squared corner and rectilinear edge details. See above for edge upcharge.

### Fabric Boards Mounting Options

- **Reveal Wall-Mounted**
  - F-WM-R-(14, 16, 18, 20 or 24)
  - $131.
  - Reveal wall-mounted (no charge when ordered with fabric board).

- **Flush Wall-Mounted**
  - (No charge when ordered with fabric board)
  - F-WM-F-(24, 30, 36, 42, 48, 60)-(14, 16, 18, 20 or 24)
  - $41.
  - Wall-mounted option utilizes velcro squares.
  - Edge detail: Rounded corner/radiused edge (add -R2 to end of fabric board pattern number)

- **Panel-Mounted Dividends**
  - (No charge when ordered with fabric board)
  - F-PM-D-(14, 16, 18, 20 or 24)
  - $50.

- **Panel-Mounted Refs**
  - (No charge when ordered with fabric board)
  - F-PM-R-(14, 16, 18, 20 or 24)
  - $50.

### Edge Detail

- **Rounded corner/radiused edge** (add -R2 to end of fabric board pattern number)
  - R2
  - $42.

- **Squared corner/radiused edge** (add -S2 to end of fabric board pattern number)
  - S2
  - $42.

- **Squared corner/rectilinear edge** (add -S1 to end of fabric board pattern number)
  - S1
  - n/c

### Construction

1/2 H thick mineral board for durable, highly tackable surface.

**Construction**  
Whiteboard: Honeycomb core with medium-density fiberboard skin, high pressure laminate finish and ABS edge.

Grommet: Aluminum

Legs: Steel

Cup: Die cast aluminum with wool felt insert and steel fasteners.

**Note:** Each markerboard ships with four dry erase markers (blue, green, red and black) and a microfiber cleaning cloth.

Overall height from floor is 72" high with writable surface starting 25" from floor.

The optional marker tray runs the length of the crossmember. The optional marker cup mounts to the side.

To prevent dry erase markers from drying out, store them with the cap down in the optional cup.
Terms & Conditions of Sales

This Selling Policy supersedes all previous selling policies. Prices, discounts and product offerings are subject to change without notice.

Ordering Information

All orders must be in writing. The product pattern number(s) contained on Seller’s order acknowledgement shall be the only valid order number(s) for the shipment of the Products. List prices are subject to change without notice. Ordering Information

Pricing Policies

List prices are subject to change without notice. List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller’s list prices.

Taxes

All sales, use, excise and other taxes applicable to the sale of the Products shall be paid by Purchaser. If Purchaser claims an exemption from any tax, Purchaser shall submit to Seller the appropriate exemption certificates.

Terms of Payment

Payment for one hundred percent (100%) of the net order amount is due within thirty (30) days of the date of invoice, which is generally issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than $100,000 net, a fifty percent (50%) deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice. KnooStudio orders less than $2,000 require payment for one hundred percent (100%) of the net order amount (including any applicable sales tax and charges for inside delivery, special packaging, etc.), due at time of order placement. For KnooStudio orders greater than $2,000, a one-half (50%) deposit is due at time of order placement with the remainder (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due prior to shipment. If, in the judgment of Seller, Purchaser’s financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance. Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults on payment, Purchaser shall be liable for all collection costs, including reasonable attorney’s fees and costs.

Changes and Cancellation

Purchase orders may not be changed or cancelled, in whole or in part, without prior written consent of Seller. Changes may effect delivery dates. Expenses incurred because of changes shall be charged to Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including “COM” (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled.

Freight Prepaid

Freight is prepaid and included in the price of all Products, except KnollTextiles, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packaging is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice.

Delivery/Freight Charges

For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination. Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment, in writing. Nonstandard methods of shipment and additional services are available upon request. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser’s request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redelivery.

Claims

All shipments for Knoll Products within the contiguous United States and Canada are F.O.B. Origin. All risk of loss passes to Purchaser at time of delivery to carrier. Purchaser shall inspect all Products upon receipt and notify Seller within ten (10) working days after receipt of any damage or defects which are or should be, apparent from an inspection of the Product and its packaging. Failure of Purchaser to notify Seller during the ten (10) working day period shall constitute acceptance of the Products and waiver of any apparent defects, errors or shortages. For all claims relating to Product damaged in transit or for any other claims relating to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser for such claims. Seller may, upon request, assist Purchaser with filing of such claims with the carrier, but Seller will not be liable for any of these transportation related claims.

Seller’s Security Interest

Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.

Returns

The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) of list restocking charge. Products not currently offered for sale by Seller (including “COM”) shall not be authorized for returns. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products.

Held Orders/Storage

If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.

June 15, 2019
Selling Policy

Customer’s Own Material

A Purchaser who requests a fabric or other surface material not standard to Seller’s line of Products (“COM”) must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to use of the COM on the Product.

Warranty

Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below.

Warranty period set forth below is for 24-hour, 7 days a week, multi-shift use (includes parts and labor to repair).

Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.

Product and Period of Warranty

Lifetime: Antenna Workspaces, AutoStrada, Calibre, Crinison Open Table, Currents, Dividends Horizon, Morrison, Relf Profiles laminate, Rockwell Unscripted, Series 2 Storage, Template, Quon and other non-wood components (except cascade edge worksurfaces, operational parts, controls, electrical, Lighting, Series 2 Veneer Front Storage, digital locks, upholstery, textiles and leathers, special or custom products, see below).

12 Years: Chadwick, Generation by Knoll, k. task, Life, Moment, MultiGeneration by Knoll, Ollo, ReGeneration by Knoll, Remix, and Toboggan seating (except seating upholstery, textiles, leathers and finishes, see below).

10 Years: Anchor Storage except digital locks, Antenna Workspaces, AutoStrada, Crinison Open Table, Dividends Horizon, Dividends Horizon Satellite Surfaces, Relf Profiles, Rockwell Unscripted, Quon wood components, Template wood components, Series 2 Veneer Front Storage, cascade edge worksurfaces, Wood Casegoods (The Graham Collection) except wood casegoods upholstered surfaces, see below), Reuter overheads, Reuter vertical storage, KnollExtra Sapper Monitor Arm Collection, Supper XYZ Monitor Arm Series, Adjustable keyboard mechanisms and platforms, Communication Boards (except fabric board textiles, cork and FilzFelt, see below), Smokador collection (except leathers, see below), Orchestra Universal Systems Accessories, k. lounge structural components, KnollStudio Pixel and Propeller, Tone bases.

5 Years: Operational parts, controls, electrical, Lighting (except light ballasts, bulbs and power supply, see below), special or custom product, wood veneer products and plywood, Currents handcrank, KnollStudio, Rockwell Unscripted wire bases, Spark Series seating structural elements, structural elements of all KnollStudio outdoor products including all Richard Schultz designed products, KnollExtra CIP holders and all universal storage drawers and Power Collection, k. bench (except changes in finish, see below) and k. stand bases (except changes in finish, see below).

3 Years: Rockwell Unscripted upholstery (except textiles and leather), Office Seating upholstery, textiles, leathers and finishes. Fabric boards textiles and Smokador Collection leathers, KnollExtra Pop Up Screens.

2 Years: Anchor Storage digital locks, Quon digital locks, all other KnollExtra product.

This warranty does not apply to:

• Damage caused by a carrier other than the Seller.

• Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).

• COM or other third party materials applied to Products.

• Products not installed by or under the auspices of a Knoll Dealer.

• Dramatic temperature variations or exposure to unusual conditions.

• Changes in surface finishes, including colorfastness due to aging or exposure to light.

• Except as specifically noted above, textiles and upholstery supplied by KnollTextiles and Spinneybeck FilzFelt (consult current price lists for applicable warranties).

Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures, or surface hardness of such materials. The Seller also does not guarantee the colorfastness of fiberglass panel surfaces.

THE EXPRESS WARRANTIES CONTAINED HEREBIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

The remedies provided above are the Purchaser's sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with respect to or arising out of the Product furnished hereunder.

Delay/Force Majeure

Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of war or terrorism, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delay, allocate available Product or cancel any purchase order.

Compliance with Law

Purchaser is SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.

Patents

Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediate, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding.

Seller shall pay all damages and costs awarded in such suit or proceedings so defended.

The foregoing indemnity does not apply to the following:

• Products supplied according to a design other than that of Seller, and which is required by the Purchaser.

• Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.

• Any settlements of a suit or proceeding made without Seller's written consent.

Limitations of Liability

SALER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRIBUTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.

Purchasers' remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.

How to Order
Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item’s “designated area” can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:
Knoll, Inc.
1235 Water Street
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll’s environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such “green” initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to knoll.com, click on “About Knoll” and then “Environmental Focus.”
