Jens Risom

RISOM TABLES Jens Risom's original 1941 collection for Knoll incorporates a natural aesthetic, characteristic of understated Scandinavian design. Risom's dining and low tables display the same sturdy straightforward construction and organic shapes that embody his distinctive style. The collection includes a round dining table, square and round side tables and an amoeba-shaped coffee table available in maple, walnut and ebonized walnut finishes.

JENS RISOM Danish-born Jens Risom immigrated to the United States in 1939 and designed Knoll's first commissioned collection, including a range of simple birchwood chairs in 1941. After World War II, he founded his own company and was among the first to manufacture furniture consisting of interchangeable standard components. Risom was knighted by Queen Margrethe II of Denmark in 1996.
