Spark™ Series

Don Chadwick

Knoll

THE SPARK SERIES LOUNGE AND SIDE CHAIRS bring a spark of energy to every space through bright colors and unique personality. Offering a perfect balance between design and innovation, the chairs are comfortable for indoor, outdoor, dining, and lounge areas. The Spark chairs may be dressed up or down with the addition of an optional seat pad for indoor use, available in a wide array of fabric colors and textures. Both side and lounge chairs stack six high on the floor and ten high on the Spark dolly.

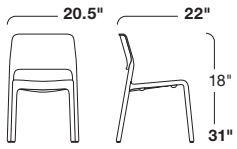

DON CHADWICK, known to be a premier ergonomics expert, has pioneered the use of modern materials, molding processes and mechanisms, leading to cutting-edge products that have raised the standard in their market. After receiving his principal training in design at the University of California, Los Angeles, Chadwick worked for architect Victor Gruen before establishing his own practice in 1964.

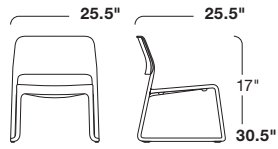

Chadwick's work with Knoll marks a milestone in the career of an innovative designer.
