Knoll and Sustainable Design

Each year Knoll sets key initiatives in our journey to sustainability. We are members of a global consortium on energy, have adopted a scientific, metrics-based approach to sustainable product design, and maintain a leadership position in establishing universal, verifiable, sustainability standards for our industry.

Knoll promotes independent third-party certification because it provides the most impartial and trustworthy foundation for industry-wide environmental compliance. Certification by established and respected third parties ensures that all manufacturers are held to the same high standards and that customers can trust a company’s declaration about the environmental benefits of its products. Knoll third-party partners include: the International Standards Organization (ISO); Forest Stewardship Council (FSC®); Rainforest Alliance; GREENGUARD® Environmental Institute; and The Business and Institutional Furniture Manufacturer’s Association (BIFMA) level® certification from Scientific Certification Systems (SCS).

In addition, Knoll is aligned with the U.S. Green Building Council and can help companies, healthcare organizations and educational institutions achieve Leadership in Energy and Environmental Design (LEED®) workplace certification.

Global Climate Change

• Knoll is a sponsor of the Clinton Global Initiative, which brings together a community of global leaders to devise and implement solutions to some of the world’s most pressing challenges, including environmental change.
• Knoll has a comprehensive Energy Management Program to increase energy efficiency in products and processes.

Life Cycle Assessment (LCA) Tool

• Life Cycle Assessment is a science-based measurement of a product’s environmental impacts throughout its life cycle, from raw materials sourcing through manufacture, shipping, use and re-use or end-of-life. LCA enables cradle-to-cradle implementation of sustainable practices.
• Knoll has partnered with The Green Standard.org to develop an affordable, universal ISO-compliant computer-based LCA tool that can be used by the entire contract furniture industry and is partnering on the development of an Environmental Product Declaration System (EPDs) for Knoll products. EPDs are verified documents containing LCA results and additional environmental performance information about a product.

Setting Industry Standards

• Knoll partners with MTS (The Institute for Market Transformation to Sustainability) to develop the SMaRT© Consensus Sustainable Products Standards, a set of consensus-based sustainable product standards based on the LEED® model, for all building products, fabric, apparel, flooring and carpet. MTS, the developer of SMaRT©, is an accredited American National Standards Institute (ANSI) standard developer.
• Knoll also partners with BIFMA (Business and Institutional Furniture Manufacturers Association) to promote level® sustainability standards for the contract furniture industry.
• Knoll has established FSC® (Forest Stewardship Council) certified wood as the standard for general office open plan office systems, casegoods and tables.
• Knoll has launched Full Circle, a resource recovery program developed with ANEW, to help customers extend the life cycle of surplus furniture, fixtures and equipment (FF&E) in an economically, socially and environmentally responsible manner.
• Our goal is to encourage all manufacturers in the contract furniture industry and related industries to adopt standards that will lead to sustainable products and practices.

For more information about Knoll and sustainable design, visit knoll.com/environment.
## Finish Options

### KNOLL CORE LAMINATES

*Matching edge band unless noted otherwise*

#### L1 - Solid Colors
- 114 Folkstone Grey
- 117 Soft Grey
- 118 Bright White
- 119 Pumice

#### L2 - Solid Colors
- 111 Jet Black
- 115 Medium Grey
- 128 Fog

#### L2 - Patterned
- 121 Micro Grey with 114 Folkstone grey edge band
- 122 Brushed Sand with 119 Pumice edge band
- 123 Brushed Grey with 128 Fog edge band
- 129 Micro Sand with 119 Pumice edge band

#### L2 - Patterned
- 124 Medium Cherry
- 125 Natural Maple
- 126 Natural Cherry
- 127 Walnut

### PULL FINISHES

#### Paint
- 114 Folkstone Grey
- 117 Soft Grey
- 118 Bright White
- 613 Silver

#### Anodized
- AA Anodized Aluminum

### LOCK FINISHES

- B Black
- S Matte Silver

Mixed Laminate Finishes

Anchor storage components may be specified with a maximum of two laminates per unit.
The below mixed laminate options are all available at an L2 price-point:
- Laminate A and Laminate B are both L1
- Laminate A is L1 and Laminate B is L2 (or vice-versa)
- Laminate A and Laminate B are both L2

Credenzas
Units are preconfigured including the top

Doublewide Pedestals & Lockers
Tops are specified separately

Credenza Specifications

Anchor Credenzas
Credenzas are 22" high wood construction cabinets sized to fit below and support one end of a desk top or be used as freestanding units. Credenzas feature one or two midpanels providing a unique combination of closed and open storage. Credenzas are available in 4 widths with a variety of configurations. Reference the Statement of Line for full product scope.

Available Sizes (nominal)
Height: 22”
Widths: 48”, 60”, 72”, 84”
Depth: 20”

Credenzas ship assembled including the top. Credenzas may be used as freestanding units or provide support for a perpendicular worksurface when specified with a spacer bracket or support adapter. Counterweight must be specified for certain credenzas when used in freestanding applications. Further information is detailed on pricing pages.

Construction
• Credenzas are constructed of wood core, laminate and ABS edge banding; cam and dowel construction.
• Material thickness: 1 1/8” (nominal) on credenza bottom and midpanels, 1/2” on credenza back, sides, interior shelves and drawer fronts.
• Material thickness: 1 1/8” (nominal) on credenza tops
• Box and File drawer suspension: Full extension, ball bearing slides
• Units include interlock to prevent more than one drawer (aligned vertically) opening at a time.
• Leveling glides: 5/16” diameter steel stem with 11/16” of height adjustment, 4 per 48” credenza, 5 per 60”, 72” and 84” credenza. (Fifth glide centered under credenza.)
• Longer glides are included to provide an additional 1/16” of height adjustment; 2 per 48” credenza, 3 per 60”, 72” and 84” credenza.

File drawer design allows for side-to-side letter or legal filing and front-to-back letter filing. Credenzas with a file drawer include a hanging file bar to accommodate front-to-back filing.

Locks
Anchor Credenzas may be ordered with or without locks. No lock hole is drilled on units specified as non-locking.

Internal Drawer Dimensions *
Box drawer
• Internal height: 3 3/4” (5 1/8” clearance)
• Internal width: 26 3/4”, 32 3/4”, 38 3/4”
• Internal depth: 16 1/4”
File drawer
• Internal height: 9 3/4” (11 3/8” clearance)
• Internal width: 26 3/4”, 32 3/4”, 38 3/4”
• Internal depth: 16 1/4”

Internal Clearances – Open sections *
• Internal height A: 6 1/2”
• Internal height B: 11 1/2”
• Internal width by nominal configuration size:
  18” w configuration = 16 1/2” w
  24” w configuration = 22 1/2” w
  30” w configuration = 28 1/2” w
  36” w configuration = 34 1/2” w
  42” w configuration = 40 1/2” w
• Internal depth: 18 1/4”

*Actual dimensions to the nearest 1/64th of an inch.

Pulls
10” Template Pull
10” wide x 3/8” deep x 1/4” high
Position: centered horizontally
Top drawer: mounted 1/4” from bottom of drawer
Bottom drawer: mounted 1/2” from top of drawer

Locks are randomly keyed unless otherwise specified. Other keying options include keyed alike or keyed with lock cores K001-K250. To specify units as such, reference KnollKey Lock Program.

AA pull finish has grooved underside.
Credenza Planning & Stability Guidelines

A variety of planning scenarios with the required connection or support brackets are shown below. Single freestanding credenzas may require counterweight kits; refer to pricing pages for specific requirements.

Credenza supporting a Dividends Horizon desk. Specify a Template BW1CSB Credenza Spacer to support one end of the work surface. No counterweight kit required.

*In this application, a credenza with a centered midpanel will require the spacer to be mounted off-center.

Credenzas mounted to Dividends Horizon panels. For each credenza, specify both the left and right hand Dividends Horizon Panel brackets BC1EPDPB to secure the unit to the panel. No counterweight kit required.

Credenzas supporting worksurfaces in a Dividends Horizon panel surround. Specify a Template BW1CSB Credenza Spacer per credenza. No counterweight kit required.

Credenzas supporting Antenna Big Table. Specify Template/Antenna YBATBT22 Floorstanding Cabinet Desk Support Adapters for Big Table in place of an end leg. Two YBATBT22 adapters would be required for the configuration shown. Units may be ganged back-to-back and/or side-by-side for additional stability. No counterweight kit required.

Credenzas supporting worksurfaces in a Dividends Horizon panel surround. Specify a Template BW1CSB Credenza Spacer for each credenza. No counterweight kit required. When used as freestanding units (not supporting the work surfaces), units may be ganged back-to-back for stability.

Credenzas supporting an Antenna desk. Specify Template/Antenna YBATE2 (pair) Floorstanding Cabinet Desk Support Adapters to support one end of the work surface. No counterweight kit required.

**Application Notes**

Cushions are for use on credenzas only.

Cushions are preassembled with hook and loop tape for mounting to credenza.
Pedestal Specifications

Anchor Doublewide Pedestals

Anchor Doublewide Pedestals are 28\textfrac{1}{2} high wood construction cabinets sized to align with desk height (when specified with top) and are designed to be used in a variety of applications.

Doublewide pedestals are available in 3 widths and 5 interior configurations. Reference the Statement of Line page for full product scope.

Available Sizes (nominal)
- Height: 28\textfrac{1}{2} (including top)
- Widths: 30\textfrac{1}{2}, 36\textfrac{1}{2}, 42\textfrac{1}{2}
- Depth: 20\textfrac{1}{2}

Doublewide Pedestals ship assembled excluding the top. **Doublewide pedestal tops must be specified separately.**

Doublewide pedestals may be specified with a full-width individual top, common top spanning two side-by-side units (facing the same or opposite direction) or with an extended top. Opposite end of the extended worksurface must be supported by a perpendicular work surface, support leg or a panel.

Counterweight kit must be specified for certain doublewide pedestals in applications that are not connected to a desk or another unit. Further information is detailed on pricing pages.

![Individual top](image)

![Common top, units facing same direction](image)

![Common top, units facing opposite direction](image)

![Extended top connected to a perpendicular surface](image)

Construction
- Doublewide Pedestals are constructed of wood core, laminate and ABS edge banding; cam and dowel construction.
- Material thickness: 1\textfrac{1}{2}“ (nominal) on pedestal bottom, 3\textfrac{1}{4}“ on pedestal back, sides, interior shelves and drawer fronts.
- Material thickness: 1\textfrac{3}{16}“ (nominal) on pedestal tops (specified separately)
- Box and File drawer suspension: Full extension, ball bearing slides
- Units include interlock to prevent more than one drawer opening at a time.
- Leveling glides: 5/16“ diameter steel stem with 11/16“ of height adjustment, 4 per doublewide pedestal.
- Longer glides are included to provide an additional 11/16“ of height adjustment; 2 per doublewide pedestal.

Internal Drawer Dimensions *

<table>
<thead>
<tr>
<th>Box drawer</th>
<th>File drawer</th>
</tr>
</thead>
<tbody>
<tr>
<td>Internal height: 3\textfrac{3}{4}“ (5\textfrac{1}{8}“ clearance)</td>
<td>Internal height: 9\textfrac{1}{2}“ (11\textfrac{1}{8}“ clearance)</td>
</tr>
<tr>
<td>Internal width: 26\textfrac{1}{4}“, 32\textfrac{7}{8}“, 38\textfrac{3}{4}“</td>
<td>Internal width: 26\textfrac{1}{4}“, 32\textfrac{7}{8}“, 38\textfrac{3}{4}“</td>
</tr>
<tr>
<td>Internal depth: 16\textfrac{1}{4}“</td>
<td>Internal depth: 16\textfrac{1}{4}“</td>
</tr>
</tbody>
</table>

Internal Clearances *

Pedestal with top shelf
- Internal height A: 12\textfrac{1}{2}“
- Internal height B: 11\textfrac{3}{4}“
- Internal height C: 11\textfrac{3}{4}“
- Internal width: 23\textfrac{1}{2}“, 34\textfrac{1}{4}“, 40\textfrac{1}{2}“
- Internal depth: 18\textfrac{1}{2}“

Filing
The pedestal file drawer design allows for side-to-side letter or legal filing and front-to-back letter filing. Pedestals with a file drawer include a hanging file bar to accommodate front-to-back filing.

Locks
Anchor Doublewide Pedestals may be ordered with or without locks. No lock hole is drilled on units specified as non-locking.

Standard lock placement is the upper right hand corner of the bottom file drawer. Center of lock is 1\textfrac{3}{4}“ from top edge, 1\textfrac{1}{2}“ from side. Dual-tab lock design allows one shared lock core per box/file and file/file configuration.

Counterweight kit must be specified for certain doublewide pedestals in applications that are not connected to a desk or another unit. Further information is detailed on pricing pages.

Pulls
10" Template Pull
- 10“ wide x 3/4“ deep x 1/2“ high
- Position: centered horizontally
- Top drawer: 1/4“ from bottom of drawer
- Bottom drawer: 1/4“ from top of drawer

Pull profile**

**AA pull finish has grooved underside.
Doublewide pedestal with extended top. Specify Dividends Horizon DB1F24SP flat bracket for connection to perpendicular work surface.
No counterweight kit required.

Doublewide pedestal with individual top. Specify both the left and right hand Dividends Horizon Panel brackets BC1EPDPB to secure the unit to the panel.
No counterweight kit required.

Doublewide pedestals with extended tops. Specify a Dividends Horizon DB1F24SP flat bracket where each extended top connects to a perpendicular work surface.
No counterweight kits required.

Common top spanning two doublewide pedestals facing opposite directions.
No counterweight kits required.

Doublewide pedestals each with extended top. Specify a Dividends Horizon DB1F24SP flat bracket where each extended top connects to a perpendicular work surface.
No Counterweight kits required.

Doublewide Pedestals facing opposite directions with common top.
No counterweight kits required.

Specification Information

Doublewide Pedestals with file drawers may require counterweights when used in freestanding applications. When applicable, corresponding counterweights kits are noted within the pricing section above.

Add $40 to the list price per lock. Reference Pedestal Specifications for lock configuration.

When specifying Anodized Aluminum pull finish, add $15 to the list price per pull.

Doublewide pedestals specified with mixed laminate finishes are L2 pricing. Refer to Mixed Laminate Finishes for further details.

Application Notes

Pedestal top must be specified separately, see “Pedestal Tops” section.

All Open pedestals are 19" deep (nominal). Pedestals with drawer fronts are 20" deep overall (nominal).

Pedestals complete with top (specified separately) align with desk height. The overall height of a finished pedestal including top is 28" (nominal).

Rails included with file drawer for side-to-side and front-to-back filing.

118  Front Finish, Bright White
(T) Pull Style, 10" Template pull
118  Pull Finish, Bright White
(S) Lock finish, Matte Silver

Specification Information
Doublewide Pedestals with file drawers may require counterweights when used in freestanding applications. When applicable, corresponding counterweights kits are noted within the pricing section above.
Add $40 to the list price per lock. Reference Pedestal Specifications for lock configuration.
When specifying Anodized Aluminum pull finish, add $15 to the list price per pull.
Doublewide pedestals specified with mixed laminate finishes are L2 pricing. Refer to Mixed Laminate Finishes for further details.

Application Notes
Pedestal top must be specified separately, see “Pedestal Tops” section.

All Open pedestals are 19" deep (nominal). Pedestals with drawer fronts are 20" deep overall (nominal).
Pedestals complete with top (specified separately) align with desk height. The overall height of a finished pedestal including top is 28" (nominal).
Rails included with file drawer for side-to-side and front-to-back filing.

Anchor Lockers

Anchor Lockers are 12" wide wood construction cabinets offered in 2 depths and 5 heights designed to correspond with Dividends Horizon panel heights.

Locker configurations include all open with shelves or enclosed with a door. Multiple door option is available in limited heights. Reference the Statement of Line for full product scope.

Available Sizes (nominal)

Height: 42", 50", 57", 64", 71"
Widths: 12"
Depth: 20", 24"

Lockers ship assembled excluding the top.

**Lockers tops must be specified separately.**

Lockers may be specified with a full-width individual top or specified in banks with a common top spanning up to eight units. They may be installed facing the same or opposite direction. Lockers may also be used to support one end of a work surface utilizing the accessory L-bracket.

Lockers must be ganged to a locker, another Anchor storage unit or connected to a work surface for stability.

---

Construction

- Lockers are constructed of wood core, laminate and ABS edge banding; cam and dowel construction.
- Material thickness: 1 7/16" (nominal) on locker bottom, 3/4" on locker back, sides, subtop, interior shelves and doors.
- Material thickness: 1 7/16" (nominal) on locker tops (specified separately)
- Leveling glides: 5/16" diameter steel stem with 1 5/16" of height adjustment, 4 per locker.

---

Locks

Anchor Lockers may be ordered with or without locks. No lock hole is drilled on units specified as non-locking.

Locks are randomly keyed unless otherwise specified. Other keying options include keyed alike or keyed with lock cores K001-K250. To specify units as such, reference KnollKey Lock Program.

Pulls

10" Template Pull
10" wide x 3/4" deep x 1/2" high

** AA pull finish has grooved underside.**

Standard pull position: 1 7/8" below top edge of door; exceptions shown below.

---

Internal Clearances*

All Open with Shelves

- 42" high: A: 11 3/16", B: 12 3/8"  
- 50" high: A: 11 3/16", C: 19 3/16"  
- 57" high: A: 11 3/16", D: 13 7/16"  
- 64" high: A: 11 3/16", E: 16 7/16"  
- 71" high: A: 11 3/16", F: 20 3/16"

Internal width: 10 13/16"
Internal depth: 18 7/8", 22 7/16"

*Actual dimensions to the nearest 1/16th of an inch

---

Pull positions on 71" high lockers standard except the following:

- Full Door: 11 3/8" below top edge of door
- Double Door locker, top door: 1 1/8" above bottom edge of door
- Triple Door locker, top door: 11 3/8" below top edge of door

---

*AA pull finish has grooved underside.

Locker Interior Planning

Locker Hook Locations

Locker Coat Hook and Coat Rod specifications

**Locker with coat hook factory-installed**
Sample pattern number: WL5724FHRHL(N)

*Locker, Full Door, including coat hook*

Includes:
- One full-depth shelf
- Coat hook, factory-installed, see hook location details below

Also shown:
- Two partial-depth shelves (must be specified separately)
- Locker top (must be specified separately)

This configuration allows for storage shelves at the back of the locker and coat storage at the front of the locker to maximize internal space.

Coat hook standard location:
Coat hook is located on the same side panel as the door hinges.

- 3 1/2" (on center) from front edge of 20" deep locker case
- 5 3/8" (on center) from front edge of 24" deep locker case
- 1/2" below inner top (42", 50", 57", 64" high lockers)
- 1/2" below top shelf location (71" high locker)

To specify a locker with custom coat hook location:
- Locker (not including a hook) - sample pattern number WL5724FDRHL(N)
- Coat hook (pattern number WACH); field-installed
- Locker top specified separately

To specify a locker with a coat rod:
- Locker (not including a hook) - sample pattern number WL5724FDRHL(N)
- Coat rod (pattern number WLCR); field-installed
- Locker top specified separately

### Specification Information

**Locker top must be specified separately, see “Locker Tops” section.**

Open lockers 42” and 50” high include 2 shelves; 57”, 64” and 71” high include 3 shelves. Lockers with full-height door include 1 adjustable shelf. Additional full-depth and partial-depth shelves may be ordered separately.

### Application Notes

Lockers must be connected to another locker, Anchor storage unit or a work surface for stability. Refer to Locker Specifications for further information.

Open lockers are 19” and 23” deep (nominal); lockers with doors are 20” and 24” deep overall (nominal).

Heights listed are nominal and indicate the overall height of a locker complete with a top.

### Specification Information

**Lock top must be specified separately, see “Locker Tops” section.**

Open lockers 42" and 50" high include 2 shelves; 57", 64" and 71" high include 3 shelves. Lockers with full-height door include 1 adjustable shelf. Additional full-depth and partial-depth shelves may be ordered separately.

Add $40 to the list price per lock. Lockers with double doors require two locks; lockers with triple doors require three locks.

When specifying Anodized Aluminum pull, add $15 to the list price per pull.

Lockers specified with mixed laminate finishes are L2 pricing. Refer to Mixed Laminate Finishes.

### Application Notes

Lockers must be connected to another locker, Anchor storage unit or a work surface for stability. Refer to Locker Specifications for further information.

Open lockers are 19" and 23" deep (nominal); lockers with doors are 20" and 24" deep overall (nominal).

Heights listed are nominal and indicate the overall height of a locker complete with a top.

Lockers including coat hook have a factory-installed coat hook on the end panel. Hook is located on the same side as the door hinges. See Locker Planning for details. Coat hook or rod may be specified separately and field-installed for lockers that do not include a coat hook.

**Specification Information**

**Locking top must be specified separately, see “Lock Top” section.”**

Open lockers 42" and 50" high include 2 shelves; 57", 64" and 71" high include 3 shelves. Lockers with full-height door include 1 adjustable shelf. Additional full-depth and partial-depth shelves may be ordered separately.

Add $40 to the list price per lock.

Lockers with double doors require two locks; lockers with triple doors require three locks.

When specifying Anodized Aluminum pull, add $15 to the list price per pull.

Lockers specified with mixed laminate finishes are L2 pricing.

Refer to Mixed Laminate Finishes.

**Application Notes**

Lockers must be connected to another locker, Anchor storage unit or a work surface for stability. Refer to Locker Specifications for further information.

Open lockers are 19" and 23" deep (nominal); lockers with doors are 20" and 24" deep overall (nominal).

Heights listed are nominal and indicate the overall height of a locker complete with a top.

Lockers including coat hook have a factory-installed coat hook on the end panel. Hook is located on the same side as the door hinges. See Locker Planning for details.

Coat hook or rod may be specified separately and field-installed for lockers that do not include a coat hook.

Selling Policy

Terms & Conditions of Sales

This Selling Policy supercedes all previous selling policies. Prices, discounts and product offerings are subject to change without notice.

Pricing Policies

Sales by Knoll, Inc., or Knoll North America Corp. ("Seller") or KnollTextiles (hereinafter referred to as "KnollTextiles") of KnollTextiles, within the United States and Canada are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser's assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supercede any prior and/or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and shall be valid for all purposes as if they were originated and maintained in documentary form.

Ordering Information

Order Confirmation

A purchase order is not binding on Seller until Purchaser has received Seller's order confirmation or acknowledgment.

Pricing Policies

List prices are subject to change without notice.

Taxes

List prices are those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller's list prices.

Terms of Payment

Payment for one hundred percent (100%) of the net order amount is due within thirty (30) days of the date of invoice, which is generally issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than $100,000 net, a fifty percent (50%) deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice.

Delivery/Freight Charges

Freight is prepaid and included in the price of all Products, except KnollTextiles, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice. All claims for shortages, damage or defects in condition, or for any other claims relating to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser for such claims. Seller may, upon request, assist Purchaser with filing of such claims with the carrier, but Seller will not be liable for any of these transportation related claims.

Claims

Nonstandard methods of shipment and/or additional services are available upon request. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser’s request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redelivery.

Partial shipments may be made and invoiced by Seller.

Returns

The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) list restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products.

Held Orders/Storage

If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.

June 2013
Selling Policy

Customer’s Own Material

A Purchaser who requests a fabric or other surface material not standard to Seller’s line of Products (“COM”) must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of the use of the COM on the Product.

Warranty

Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below.

Warranty period set forth below is for 24-hour, 7 days a week, multi shift use (includes parts and labor to repair).

Should any failure to conform to this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.

Product and Period of Warranty

Lifetime: Antenna Workspaces, AutoStrada, Calibre, Crinion Open Table, Currents, Dividends Horizon, Equity, Morrison, Reff Profiles laminate, Series 2 Storage, Template and other non-wood components (except cascade edge worksurfaces, operational parts, controls, electrical, Lighting, Series 2 Veneer Front Storage, special or custom products, see below)

12 Years: Chadwick, Essentials Work Chairs, Generation by Knoll, Life, Moment, MultiGeneration by Knoll, ReGeneration by Knoll, RPM, Sapper and Tolgoman seating (except seating upholstery, textiles, leathers and finishes, see below).

10 Years: Anchor Storage, Antenna Workspaces AUTOs, Crinion Open Table, Dividends Horizon, Reff Profiles, Template wood components, Series 2 Veneer Front Storage, cascade edge worksurfaces, Wood Casegoods (The Graham Collection) except wood casegoods upholstered surfaces, see below)

Interaction tables (except height adjustment mechanisms for Counterforce, crank-adjustable, and split-top tables and worksurfaces, see below), Reuter overheads, Reuter vertical storage, KnollExtra Sapper Monitor Arm Collection, Adjustable keyboard mechanisms and platforms, Communication Boards (except fabric board textiles, see below), Smokador collection (except leathers, see below), and Orchestra Universal Systems Accessories.

5 Years: Operational parts, controls, electrical, Lighting (except light ballasts, bulbs and power supply, see below), special or custom product, wood veneer products, Currents handcrank, Interaction Counterforce, Interaction crank-adjustable, and split-top mechanisms, KnollStudio, Spark Series seating structural elements, Richard Schultz outdoor products, KnollExtra CPU storage and all universal storage drawers and Power Collection.

3 Years: Seating upholstery, textiles, leathers and finishes. Fabric boards textiles and Smokador Collection leathers.

2 Years: All other KnollExtra product

1 Year: Light ballasts, bulbs and power supply, seating upholstered armpads and soft armpads, wood casegoods upholstered surfaces. KnollStudio Maya Lin and Spark Series seating finishes.

This warranty does not apply to:

• Damage caused by a carrier other than the Seller.

• Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).

• COM or other third party materials applied to Products.

• Products not installed by or under the auspices of a Knoll Dealer.

• Dramatic temperature variations or exposure to unusual conditions.

• Changes in surface finishes, including colorfastness due to aging or exposure to light.

• Except as specifically noted above, textiles and upholstery supplied by KnollTextiles (consult current KnollTextiles price list for applicable warranty).

• Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures, or surface hardness of such materials. The Seller also does not guarantee the colorfastness of fiberglass panel surfaces.

The EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

The remedies provided above are the Purchaser’s sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with respect to or arising out of the Product furnished hereunder.

Delay/Force Majeure

Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delay, allocate available Product or cancel any purchase order.

Compliance with Law

PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.

Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediately, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.

The foregoing indemnity does not apply to the following:

• Products supplied according to a design other than that of Seller, and which is required by the Purchaser.

• Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.

• Any settlements of a suit or proceeding made without Seller’s written consent.

Limitations of Liability

SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.

Purchaser’s remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.

June 2013
KnollKey Lock Program

General Information

Following is the KnollKey lock policy, applicable to all products.

Knoll furniture can be ordered keyed-alike or random keyed. Key-alike and random keying instructions cannot be mixed on any single order. Only one of the two instructions can be used on an individual order. When an order is submitted with mixed (key-alike and random) instructions, Knoll will release the order as key-alike only and lock cores will have to be specified separately.

Key-alike

For the convenience of the user, furniture may be keyed alike at no charge. Write “Key-alike” in the description of your purchase order for any pedestal, overhead, file or other item you wish to have keyed alike.

Using the key-alike instructions, order cores and keys as line items on your purchase order. Do NOT submit a key-alike form. The Knoll East Greenville Lock Center will select key numbers from the standard range of K 001 - K 250. Key numbers will not be repeated unless over 250 sets are ordered. Lock cores keyed-alike will ship separately from the product, ready for field installation.

There is no charge for key-alike orders if placed with the furniture order. IF THE KEY-ALIKE ORDER IS NOT PLACED AT LEAST TWO WEEKS PRIOR TO THE FURNITURE SHIP DATE, A $50 HANDLING CHARGE AND AIR FREIGHT CHARGES WILL APPLY.

If product is ordered and shipped random-keyed, additional lock cores for key-alike are billable.

Random-Keying

To specify product keyed-random, write “key-random” in the product description. Random-keyed product is shipped with the lock core factory installed. A shrouded key is included. Random means no effort has been made to match key numbers, or to make them different.

Keys

A Knoll shrouded key is shipped with every lock core. 250 Key numbers are available. For numbers above 250, contact Custom Product Development. Additional keys and key blanks are available. See service parts for more information.

Master Keying

Knoll locks can be controlled by means of a master key. There is no additional per-lock charge for master keying. A letter of approval from the client must accompany orders for master keys.

Installing Lock Cores

Lock cores can be installed or removed in the field by using a change key. Cores must be in the unlocked position to be removed. See service parts for change key pattern number and pricing.

Lock Distribution

All orders for key-alike lock cores/keys are packaged and shipped from the East Greenville Lock Center, regardless of where the pedestals, overhead, or other units are produced. Random keyed product will have cores factory-installed.

How to Specify Key-Alike

Following is an example of how to specify key-alike for a cluster of 10 workstations.

Step 1 - Using the project floorplan, count the number of locks in each workstation.

Step 2 - Count the number of workstations with the same quantity of locks. Group together the workstations with a like number of locks.

Step 3 - For the first group (5 sets of 2 locks), enter the number of workstations in the quantity column.

Step 4 - Then enter the pattern number “KSPEC_ _” and add a suffix for the number of locks for that group (i.e., for 2 locks per station, add the suffix “2”). Up to 30 lock cores are available in a set (i.e., KSPEC 30).

Step 5 - Repeat for other groups.

General Ordering Information

The Products
This guide encompasses all standard products for this product group.

Sizes
Dimensions listed in this guide are indicated as:
H = height
W = width
D = depth
Dia. = diameter
Rad. = radius

Pricing
All prices shown are list.

How to Order
Select pattern numbers and quantities required for your complete installation. Product questions can be
addressed in the specific sections of this guide or by contacting your sales representative or customer
resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the
Finishes and Fabrics pages for color designations.

On large installations, an item’s “designated area” can be specified to assist in product organization and
handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and
area identifications are completely specified. Also, include complete purchase order numbers, bill-to and
ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:
Knoll, Inc.
1235 Water Street
P.O. Box 157
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your
scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your
order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll’s environmental focus. Our commitment to social
responsibility and a healthy environment has prompted us to further articulate our longstanding
environmental programs and, with encouragement and support from our colleagues in the industry, we have
re-energized our focus on such “green” initiatives as life cycle analysis and LEED™ certification. Knoll is
proud to have contributed to projects that have received LEED certification from the U.S. Green Building
Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to
knoll.com, click on “About Knoll” and then “Environmental Focus.”
