Note: Use 120 Connecting Hardware discarding Standard Connecting Hardware

Dividends Standard Connectors Square Post

Dividends 120 Connectors Triangle Post

DISASSEMBLY FOR RECYCLING

Materials Identification and Segregation:

Where possible plastic components are marked with ASTM recycling codes. Use these codes to identify material type for recycling. Non-marked components should

be treated as mixed plastic. Ferrous metals can be identified using a small magnet for recycling. Non-ferrous metals should be separated and recycled separately.

To disassemble product, reverse the above installation steps.
