

Relaxed Lounge Seating
Florence Knoll

FLORENCE KNOLL RELAXED LOUNGE SEATING Florence Knoll's classic lounge collection is available in a soft version, with deeper proportions for a more relaxed sit. Like so many of her groundbreaking designs, the collection has a clean profile that reflects the objective perfectionism of modern design in the early 1960s. The relaxed seat and back are tufted and covered with polyester fiberfills to enhance comfort. The collection is available with fabric or leather upholstery and does not have welting. The back cushions are attached with a zipper and can be removed. Note that the sofa is 3" deeper than the standard version.

FLORENCE KNOLL Considered a seminal leader of 20th-century design, Florence Knoll grew up among designers. She studied architecture with Mies van der Rohe and gained her earliest professional experience with Marcel Breuer and Bauhaus founder, Walter Gropius. In partnership with her husband, Hans, she championed the Bauhaus approach to furniture design at Knoll: to offer objects that reflect design, technological innovation and mass production. Her intellect and keen eye brought Knoll to the forefront of modern design, thus creating the legacy that continues today. For her extraordinary contributions to architecture and design, Florence Knoll was accorded the National Endowment for the Arts' prestigious 2002 National Medal of Arts.
