General Ordering Information
Knoll and Sustainable Design

Each year Knoll sets key initiatives in our journey to sustainability. We are members of a global consortium on energy, have adopted a scientific, metrics-based approach to sustainable product design, and maintain a leadership position in establishing universal, verifiable, sustainability standards for our industry.

Knoll promotes independent third-party certification because it provides the most impartial and trustworthy foundation for industry-wide environmental compliance. Certification by established and respected third parties ensures that all manufacturers are held to the same high standards and that customers can trust a company’s declaration about the environmental benefits of its products. Knoll third-party partners include: the International Standards Organization (ISO); Forest Stewardship Council (FSC®); Rainforest Alliance; GREENGUARD® Environmental Institute; and The Business and Institutional Furniture Manufacturer’s Association (BIFMA) level® certification from Scientific Certification Systems (SCS).

In addition, Knoll is aligned with the U.S. Green Building Council and can help companies, healthcare organizations and educational institutions achieve Leadership in Energy and Environmental Design (LEED®) workplace certification.

Global Climate Change

• Knoll is a sponsor of the Clinton Global Initiative, which brings together a community of global leaders to devise and implement solutions to some of the world’s most pressing challenges, including environmental change.
• Knoll has a comprehensive Energy Management Program to increase energy efficiency in products and processes.

Life Cycle Assessment (LCA) Tool

• Life Cycle Assessment is a science-based measurement of a product’s environmental impacts throughout its life cycle, from raw materials sourcing through manufacture, shipping, use and re-use or end-of-life. LCA enables cradle-to-cradle implementation of sustainable practices.

Setting Industry Standards

• Knoll partners with MTS (The Institute for Market Transformation to Sustainability) to develop the SMaRT© Consensus Sustainable Products Standards, a set of consensus-based sustainable product standards based on the LEED® model, for all building products, fabric, apparel, flooring and carpet. MTS, the developer of SMaRT®, is an accredited American National Standards Institute (ANSI) standard developer.
• Knoll also partners with BIFMA (Business and Institutional Furniture Manufacturers Association) to promote level® sustainability standards for the contract furniture industry.
• Knoll has established FSC® (Forest Stewardship Council) certified wood as the standard for general office open plan office systems, casegoods and tables.
• Knoll has launched Full Circle, a resource recovery program developed with ANEW, to help customers extend the life cycle of surplus furniture, fixtures and equipment (FF&E) in an economically, socially and environmentally responsible manner.
• Our goal is to encourage all manufacturers in the contract furniture industry and related industries to adopt standards that will lead to sustainable products and practices.

For more information about Knoll and sustainable design, visit knoll.com/environment.
Knoll Office Seating and KnollExtra® products can contribute to achieving LEED® credits. GREENGUARD-tested and certified office furniture is required for Credit 4.5 in the LEED-CI Indoor Environmental Quality section.

GREENGUARD Certification Program
- Internationally recognized for evaluating product emissions and certifying building materials, furnishings, finishes and cleaning products and processes that meet stringent indoor air quality criteria defined by GEI.
- Products undergo rigorous, third-party testing to determine their impact on indoor air pollution with requirements for ongoing testing and verification.
- Certification confirms a manufacturer’s environmental responsibility, and signifies their environmental achievements through independent, third-party testing and verification.
- GREENGUARD Certified products are recommended by leading sustainable building programs, including:
  - U.S. Green Building Council’s (USGBC) LEED Rating System,
  - National Association of Home Builders (NAHB) Green Building Guidelines,
  - Green Guide for Health Care (GGHC),
  - Collaborative for High Performance Schools (CHPS) Best Practices Manual,
  - New York City Department of Design and Construction Sustainable Design Specifications, among others.
Using the KnollExtra Price List

An Overview
In the first part of the Price List you'll find Lighting and Power Series.

The second part features a full range of desktop accessories including Smokador and Orchestra, perfect for panel-mounted or freestanding application.

Part three offers a broad range of systems support products, including technology management and communication boards.

Can’t find it? Consult the Table of Contents on page 1 or the Alpha-numeric Index on page 176.

Product Information on Each Page
The KnollExtra Price List was designed to provide you with everything you need to know in order to understand, specify, and care for KnollExtra products. On each page, the following features will assist you:

Description/Construction explains salient features, capabilities, materials, and country of origin.

Dimensions provide the overall space the product will require. Statistics are based on the maximum width, depth and height of the product.

Weight is based on the product itself. It does not include packaging or complementary items such as pens, memo paper or calendars.

Order Code/Ordering Information outlines exactly how to specify KnollExtra product and the full scope of finish options. The Order Code provides an example of how one pattern number is specified.

Custom Options reviews availability of special sizes, finishes etc.

For More Information
For more information, contact your Knoll sales representative, telephone Customer Service at 1-800-343-5665, or visit one of the Knoll showrooms listed on the last page of this book.

A Word About Finishes
KnollExtra finishes are designed to complement a broad range of interiors and office products.

Key KnollExtra finishes coordinate with specific Knoll systems finishes:

Placing Your Order

Use the Following Addresses

If you would like to send a standard lead time order to our order entry department, please use the following address:

For North American orders:
Knoll, Inc.
1235 Water Street
East Greenville, PA 18041
Attn: Order Entry

Fax: 215 679-1788
Tel: 800 343-KNOLL

All accepted orders will be confirmed in writing on the Knoll standard order confirmation form.

Ship-Complete Orders

Orders that must ship complete are to be so stated on the purchase order. Products with different lead times, combined on one order, can be acknowledged for shipment based on the longest of those lead times. Orders not marked “ship complete” will be released according to the confirmation, and invoiced in increments.

For More Information

For complete Knoll Selling Policy and warranty information, please refer to page 178 of this price list.

For additional information on KnollExtra, contact your Knoll representative, a Knoll dealer, or telephone Customer Services at 800 343-KNOLL.

Maintaining Your Purchase

Maintenance
While KnollExtra relies on highly durable materials in each product line, regular basic maintenance will ensure the longevity of your product. Most stains, marks, and discolorations can be removed by following the simple instructions outlined on this page.

Plastic
Windex and a dry cloth.

Stainless Steel:
Windex and a dry cloth.

Antique Brass, Brushed Zinc and Black Oxide:
A damp cloth with no cleaning agents.

Satin Brass:
Pledge.

Linoleum:
Windex and a dry cloth.

Contemporary and Traditional Standard Leathers:
Mild soap and water on a soft cloth.

Spinneybeck Leathers:
As a result of the high quality aniline dye process, most scratches or minor stains can be removed simply by gently rubbing them with your fingers. The body’s natural oils revitalize the leather. For stubborn stains, use mild soap and water. Take care to wash the surface evenly since soaps may slightly alter the leather’s tonality.

Surf Collection:
Wipe nylon skin using warm water and mild detergent. Do not use abrasives.

Office Automation Accessories/Storage Drawers:
Clean with a soft cloth and Windex, Fantastik, Endust or other non-abrasive household cleaners. Remove stubborn stains with SoftScrub.

For Surf Board and VDT Sleeve soft touch paints, never use abrasives. Clean with lukewarm water and a soft cloth.

Marker Boards:
For day-to-day use, surface requires only a dry cleaning with a standard felt eraser or dry cloth. For best results, keep marker board and marker pens at room temperature. KnollExtra suggests Bic Great Erase BOLD marker pens which are designed for use on marker boards. All marker pens should be tightly capped and stored horizontally when not in use.

Follow the instructions below as a periodic maintenance program, or to remove stubborn stains:

1. Clean with EV-1 or any liquid ammonia-added cleaner and rinse with clean water, then dry. For best results, wash board like a window with sponge and squeegee.

2. Interim cleaning may be done by sprinkling a dry powdered cleanser on an eraser and applying to the board in a circular motion. Rinse with clean water, then dry.

3. To remove crayon, scotch tape, or other stubborn materials, apply a mild solvent or paste made with scouring powder and water.

Fabric Boards:
Despite the durability of most panel textiles, fabric boards are subject to long-term soiling and wear. A regular maintenance program will significantly lessen soil and dirt build up or staining on your fabric boards. Cleaning is particularly important in areas adjacent to air conditioning or ventilation systems. Remember to consult the care instructions provided by the fabric manufacturer. The general recommendations below should apply to most fabric boards.

1. Avoid excessive heat or moisture which can affect finishes and adhesives. Never allow fabric panels to become wet inside the core. Room temperature should be maintained between 50 and 85 degrees; humidity should be maintained between 20 and 50%.

2. Avoid contact with sharp edges which could puncture the surface.

3. Do not handle fabric boards more than necessary. Avoid bending or flexing the panels; this could break the bond between the surface and core materials.

4. Grease or oil should be wiped off immediately upon contact. Remove excess grease or oil by blotting. Use hot water and mild soap to remove any remaining residue.

5. Whenever possible, clean only with warm water and mild soap. Use caution when applying cleaning agents, particularly those that contain alcohol, strong alkalis, or solvents. These ingredients may react to the vinyl backing or adhesives used in the fabric boards. Always test cleaning agents on fabric from the rear of the panel before using on the front.

6. Care should be taken in using strong room cleaners or pesticides. Their fumes may contain agents which lead to the loosening of the fabric board glue bond.

Pop Up Screens:
Clean with soap and water. For greasy stains, use a cleaning agent, first testing in a less visible area.

**Light Source Information**

- 9 watts single multichip LED
- 50,000 hours lifespan

**Height Range**

- Articulates 18° to 90°
- Table clamp: 2.5" to 21.4"
- Antenna beam side: 3.5" to 22.3"
- Freestanding: 4.3" to 23.2"

**Construction**

- Lamp: LED, cast aluminum housing, stainless steel frame and plastic reflector and lens
- Table clamp mount: steel
- Antenna beam side mount: die cast aluminum
- Freestanding base: plastic and cast iron
- Occupancy sensor: extruded aluminum body, plastic face, end caps and lens

**Ordering Information**

1. Pattern number
2. Mount
3. Finish

**Finish Options:**

- Black (111)
- White (110)

**Additional Information**

- Sparrow is available in a black or white finish with stainless steel rods.
- Occupancy sensor (LED PIR) can be added to any LED light and must be ordered separately.
- UL Certified.

**Design Awards**

- Best of NeoCon 2013 Silver Award
- Sparrow is TAA compliant

#### Order Code
- **LED-2-AD-19-01-BLK**
- **LED-2-AD-37-03-SLV**
- **LED-2-AD-67-12-BLK**

#### Ordering Information
- **Specify:**
  1. Pattern number
  2. Type of light
  3. Length
  4. Connector where required
  5. Finish

#### Additional Information
- Light ships with magnet and wood screw-in mounts.
- Occupancy sensor (LED PIR) can be added to any light and must be ordered separately.
- Occupancy sensor requires an additional 4.5” of clearance in addition to the length of the light.
- UL Certified.

#### Light Source Information
- 19": 9 watts, 35 LEDs
- 27": 16 watts, 70 LEDs
- 67": 30 watts, 126 LEDs
- 79": 32 watts, 140 LEDs
- 50,000 hours lifespan

#### Construction
- Highwire: LEDs, extruded aluminum housing, plastic reflector and end caps.
- Occupancy sensor: extruded aluminum body, plastic face, end caps and lens.

#### Design Awards
- Best of NeoCon 2013 Silver Award.
- Highwire is TAA compliant.

  - Silver Metallic (613)

---

24 25
### Standard Arm
- Standard Arm.
- 13 watt ENERGY STAR rated compact fluorescent bulb.
- Mounting option must be ordered separately.
- 20.75” x 21.75” (at 90° angle)
- Reaches height of 29.75” when extended up and depth of 35.75” when extended out.

### Compact Arm
- Compact Arm.
- 13 watt ENERGY STAR rated compact fluorescent bulb.
- Mounting option must be ordered separately.
- 16.25” x 17.75” (at 90° angle)
- Reaches height of 23.5” when extended up and depth of 28.75” when extended out.

### Replacement Bulb
- ENERGY STAR 13 watt replacement compact fluorescent bulb (fits compact and standard lights)

### Mounting Options
- **Standard base**
  - To be used with standard arm only.
- **Compact base**
  - To be used with compact arm only.
- **Table clamp**
  - To be used with either size arm.
  - Works on desks of up to 1 3/4” thick.
- **Slat Wall mount**
  - To be used with either size arm.
  - Can be used on all Knoll systems slat wall as well as Orchestra® slat boards and load bars.

### General Notes

- Each electrical module has either 4 outlets or 3 outlets and 2 USB ports, depending on specification.
- Power Cube is 13" high with 4 levelers. Hard wired comes with 72" whip. Cord set comes with 72" cord with a 3-prong plug for 120V outlets. Base includes one slot per corner for choice of cord exit.
- Power Cube: Powder coated steel, steel and nylon levelers
- Magnetic Accessory Cup: See page 42.

### Construction

- **Power Disc:** Max Load: 120V, 15A, 50/60 Hz
- **Voltage Protection Rating:** L-N 600V, L-G 600V, N-G 600V
- UL Listed Receptable Power Tap/ Surge Protection Device
- 10' 3-prong cord recesses in base for flat surfaces or can be threaded through standard grommet.
- on/off switch with LED indicator
- Unit weighs 4.3 lbs.
- Made in China for Knoll.

---

*Note: Each Power Cube comes with a whiteboard finish and ships with 4 dry erase markers (blue, green, red and black) and a microfiber cloth eraser.*

*To prevent dry erase markers from drying out, store them with the cap down in the optional cup.*

<td>1.1 lbs.</td>
</tr>
</tbody>
</table>

**Order Code**

- Example: ACT-CUP-MG
- ACT-CUP-MG
- MG
- T18 Bright White

**Ordering Information**

Specify:
1. Pattern number
2. Finish

Finish:
- Code: Description
- 111 Jet Black
- 115 Medium Grey
- 118 Bright White
- 130 Dark Red
- 131 Slate Blue

**Construction**

Die cast aluminum with textured powder coat paint, wool felt insert, neodymium magnets and steel fasteners.

Pacemakers and items sensitive to magnetic fields should be kept 3.5" from product.

Note: A non-magnetic version of this accessory cup is available on Interpole (replace MG in pattern code with IP, see Antenna Workspaces price list for pricing) and Scribe Mobile Markboards (see page 194 for specifications and pricing).

To prevent dry erase markers from drying out, store them with the cap down. To protect magnetic surface, avoid dragging the cup when repositioning.

Design Awards
### Bud Vase
- Available in black and clear.
- Rail-mounted only.
- **Dimensions:** Width: 2 in, Height: 7 in, Depth: 3 in
- **Weight:** 3 ozs.
- **Order Code:** ORCH-VAS
- **List Price:** $28.

### Telephone Shelf
- Holds virtually any standard office telephone.
- Available in black only.
- **Dimensions:** Width: 11 1/2 in, Height: 2 in, Depth: 3 lbs 12 ozs
- **Order Code:** ORCH-TS-UNI
- **List Price:** $107.

### Waste Basket
- Freestanding.
- **Dimensions:** Width: 14 1/2 in, Height: 14 3/8 in, Depth: 14 7/8 in
- **Weight:** 4 lbs 6 ozs.
- **Order Code:** ORCH-WBK
- **List Price:** $116.

### Recycling Waste Basket
- Blue recycling color for desk-side separation of waste materials.
- Includes recycling stickers.
- Freestanding.
- **Dimensions:** Width: 14 1/2 in, Height: 14 3/8 in, Depth: 14 7/8 in
- **Weight:** 4 lbs 6 ozs.
- **Order Code:** ORCH-WBK-R-EB
- **List Price:** $116.

### Ordering Information
- Specify:
  1. Pattern number
  2. Finish (When applicable)

### Custom Options
- For plastic accessories, custom colors available upon sample chip approval. $364 color match fee and 500 piece minimum per line item.
- Additional desk pad colors available. Special sizes available up to 34 1/2 W x 28 1/2 D. 50 piece minimum on all custom desk pads.
- Custom wastebasket colors available upon sample chip approval. $359 color match fee and 500 piece minimum per line item.

### Construction
- **Bud Vase:** Acrylic with black polystyrene holder. Manufactured in Taiwan, Republic of China.
- **Telephone Shelf:** 16-gauge painted steel. Manufactured in the United States.
- **Desk Pad:** Black linoleum with felt backing. Manufactured in the United States.
- **Wastebasket:** Polypropylene with matte textured finish. Manufactured in the United States.

### Design Awards
- Outstanding Performance, Product Design Achievement Award, IBD Southern California Chapter, 1991.
- Bronze Award, IBD Product Design Competition, 1990.
### Load Bar Rail
- Fits virtually every office system.
- Mounts on panel, stanchion, wall or freestanding desk.
- Info Rail underside holds menus and notes for easy access.
- Black plastic end caps.
- Wall, stanchion or panel-mounted brackets included in list price (see mounting options page).

Mounting and Application Information
To mount monitors on Horsepower, counter weights are necessary to keep the unit stable. A down-mounted cabinet or metal shell along with a ballast kit are required, available in the Antenna price list. Please reference the Horsepower Tech Cart planning guide.

- To mount a monitor up to 20lbs. order a Sapper 24" mast, a Sleeve Arm, movement joint and one Horsepower Mount.
- To mount a monitor up to 30 lbs. order two Sapper 24" masts, two Sleeve Arms (no movement joint needed), two Horsepower Mounts and a corresponding VESA plate.
- Horsepower, down-mounted cabinets and ballast kits must be purchased separately, available in the Antenna price list.

Silver Metallic (613)
Mounting, Construction and Application Information

All Sapper standard monitor arms:

- Maximum weight of 20 lbs per arm for single arm and 30 lbs per arm for double, weight limits vary by mounting option.
- Ship standard with fast release movement joint. Taken together (both arms) the maximum outer horizontal width of those monitors weighs 2.6 pounds.
- Fold into themselves to be highly compact when fully compacted.
- Ship with screws to attach the adaptor to the Knoll VESA plate but do not ship with screws to attach the adaptor to the VESA plate.
- All other Apple displays must be mounted in the center beam with a monitor arm in the middle of the beam. The length of the worksurface or desk usage by mounting in the center beam. Contact Customer Service for more details.
- Antenna Table Center Beam Mounting:
  - This mount is intended to provide maximum worksurface usage and structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the slat board, the arm configuration and the monitor weight.

Antenna Table Center Beam Mounting:

- This clamp is one piece and works on most surfaces. The above table clamp mounting is used to mount clears the maximum 25 inches. It is important to mock up the table clamp, particularly on competitive product to ensure a winner. The clamp is not compatible with Morrison Network.

Deep Table Clamp Mounting:

- This clamp is designed for heavier weight applications. Please note that individual monitor arm weight limitations still apply.

Grommet Mounting:

- With all systems furniture, it is important to pass mounting option weight limit and the maximum weight for individual mounting options varies by application. See details below. Field into themselves to be highly compact when fully compacted.

Weight limits:

- Weight limitations for individual mounting options vary by application. Please see the application needs.

- For example, if you want to mount two monitors on a worksurface with a grommet mount and each of those worksurfaces weighs 10 lbs (2 monitors, 1 lbs each) the maximum 36 lbs would accommodate that with the 45 lbs weight limit for the 24” monitor, the maximum horizontal width of those monitors weighs 2.6 pounds. For single monitor mounting, you can use either the direct wall mast mount or direct wall mount.

- For double or triple monitor mounting, you must use the slat wall mast mount. The slat wall direct mount cannot be used for multiple monitors.

- For single monitor mounting, you can use either the direct wall mast mount or direct wall mount. For double or triple monitor mounting, you must use the wall mast mount. The direct wall mount cannot be used for multiple monitors.

- For single monitor mounting, you can use either the direct wall mast mount or direct wall mount. For double or triple monitor mounting, you must use the slat wall mast mount. The slat wall direct mount cannot be used for multiple monitors.

- For single monitor mounting, you can use either the direct wall mast mount or direct wall mount. For double or triple monitor mounting, you must use the wall mast mount. The direct wall mount cannot be used for multiple monitors.

- For single monitor mounting, you can use either the direct wall mast mount or direct wall mount. For double or triple monitor mounting, you must use the wall mast mount. The direct wall mount cannot be used for multiple monitors.
Sapper™ Monitor Arm Collection
Mounting, Construction and Application Information

For use on architectural walls only as outlined further on this page. Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight. See above for weight limits if mounting slat wall to an architectural wall.

Sapper 50 Direct Wall Mounting (for Sapper 50 monitor arm):

For single monitor mounting, you can use either the direct wall mast mount or direct wall mount. Please note that the Sapper 50 Direct Wall Mount is specific to the Sapper 50 arm. You cannot use the standard mount with the Sapper 50 arm or a standard arm with the Sapper 50 mount.

For use on architectural walls only as outlined further on this page. Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight.

Interpole Mounting

Sapper arms can be mounted on either the slot or channel sides of Interpole with the proper mount. Mounts can be moved after installation but the pole may have residual markings.

If screens are mounted on the slot side, use the channel mount. If overheads are mounted on the slot side, then a SapperXYZ with extended channel mount. If screens are mounted on the slot side, use the standard mount with the Sapper 50 arm or a standard arm with the Sapper 50 mount.

Construction:

Ams: die-cast aluminum with a cold rolled steel top plate
Mast: anodized aluminum extrusion
Beam: satin anodized extruded aluminum
Adjustment knob: nylon undermold with a TPU screw

Movement joint (includes fast release monitor plate): plastic bushings, zinc and plastic molded plastic tilt friction components and glass filled nylon VESA plate

Movement joint slot: aluminum, powder coated silver
VESA plate adapters: steel
Table clamp, grommet mount, fixed table mount, OTT Center channel mount, DH Benching mount, Antenna center beam center mount: steel
Slat wall and wall mounts (both mast and direct, both standard and compact sizes): die-cast aluminum with steel back plates
Double arm bracket: die-cast aluminum, steel top plate, extruded aluminum posts, plastic upper and lower bushings
Triple support arm bracket: die-cast aluminum, steel top plate, extruded aluminum posts, plastic upper and lower bushings
Mast-to-beam bracket: aluminum, powder coated silver

Cable management: transparent polycarbonate clips on the mast and beam; plastic gates under standard arms
Antenna and Quadrapole support arm bracket: die-cast aluminum
Two-Piece Table Clamp, Drop Table Clamp, Heavy-Duty Table, Clamp, Grommet, Fixed Table, Cinnamon Open Table Center Channel, Dividends Horizon Benching and Antenna Center Beam Table Mounting: steel
Antenna Table Center Beam Side Mounting: die-cast aluminum
Slat Wall and Wall Mounts both Direct Mast Mounting, Direct Mounting and Support 50 Direct Mounting (for both standard and compact arms): Die-cast Aluminum with steel back plates
Quadrapole arm bracket: Die-cast Aluminum
Horsepower mounts: die-cast aluminum, powder coated, Steel VESA mounts.

Installation Instructions:

Comprehensive installation instructions will be shipped with product and are also available on Knoll Exchange for easy reference.

### Sapper XYZ Monitor Arm Series

**Mounting and Application Information**

- **Mounting Options**:
  - **Table Clamp**: Die-cast aluminum and plastic molded plastic tilt components and glass filled polycarbonate clip on post.
  - **Grommet Mount**:
    - Includes room for cable management.
    - Two hook and loop fastener strips on crossbar.
  - **Antenna Table Center Beam Side Mounting**:
    - Mount to the arm should stay exactly where it is set.
    - Can be held in a downward position if increasing the weight and in an upward position if decreasing the weight.
  - **Interpole Mounting**:
    - Use on either the slot side of Interpole or the post side of Interpole.
    - Use an Extended Channel Mount (not needed for Sapper XYZ Crossbar)

**Compatibility**:
- Sapper XYZ and Sapper Monitor Arm Collection.
- Use an Extended Channel Mount (not needed for Sapper XYZ Crossbar)
- Cable management:
  - VESA plate adapters are required for flat panel monitors. Adapters ship with separate installation instructions and may require spacers. Knoll VESA plate adapters ship way too and are to attach the adapter to the Knoll VESA plate but do not ship drawings to attach the adapter to the monitor or television (see screw sizes listed above. English size equivalents may be needed instead). Screw length is dependent on the specific monitor or television and screw type should be tested prior to installation to ensure correct length. Knoll is not responsible for use of incorrect screws.

**Installation Instructions**:
- Comprehensive installation instructions will be shipped with the product and are also available on Knoll Exchange for easy reference.

**Construction**:
- Arm: cast aluminum with steel channels and plastic molded steel
- Cable management:
  - Sapper XYZ single arm: transparent polycarbonate clip on post and head, and loop fastener strips on crossbar

**Cable Management**:
- External cable management allows for easy installation and removal of monitors and keep wires tidy to the electrical socket. On Sapper XYZ single arms there is a cable management block in the channel under the arm that will contain wires from the monitor to plastic cable management clips that go on the post. On Sapper XYZ Crossbar, there are two hook and loop fastener straps on the crossbar to neatly shape cables down to the plastic cable management clip attached to the post.

### Mechanism Attributes

#### All mechanisms feature the following features:
- Spring assist adjustment
- Knobless height adjustment
- Pivot 360° on the track
- Black textured metal finish
- Soft touch knob adjusts tilt from 10° to (-) 20°

#### Advanced Easy Lift arm:
- Variable height adjustment of 8.5” (up:2.8”, down:5.7”)
- Soft touch knob adjusts tilt from 10° to (-) 20°

#### Short easy lift arm:
- Variable height adjustment of 5.1” below the worksurface
- Soft touch knob adjusts tilt from , 10° to (20)

#### Sti/Stand arm:
- Variable height adjustment of 14.2” (up:8.3”, down:5.9”)
- Soft touch knob adjusts tilt from 10° to (15°)

#### Pivot feature:
- Allows the keyboard platform to move independently from arm, allowing it to stay parallel to the worksurface as the arm is moved laterally.

### Construction

- **Platfrom**: All platforms are HDPE.
- **Wristrests**: Polyurethane mold with polypropylene insert.
- **Mechanisms**: All arms are steel with a powdercoat finish. Trays are steel with nylon glides.

### Antenna and Tone Mounting Note

- **Keyboard support must be specified with a sliding track that is less than the depth of the top and anything below the top such as a power harness or cable basket.**
- **For taller individuals, we recommend using a dual pivot solution with the track mounted on the diagonal to maximize knee space.**
- **Antenna**: In order to mount on Antenna Workspace, an adapter is needed available through the Antenna price list. Pattern code YAK.
- **Tone**: In order to mount on Tone T-Leg and 24” deep C-Leg tables, an adapter is needed available through the Antenna price list. Pattern code YAK.
- **For 30” deep C-Leg tables, specify the 16” track only.”

</table>

- Racetrack-shaped sleeve slides over worksurface to create VDT corner.
- Creates 17 5/8" wide VDT corner, 9 1/4" from worksurface corner.
- Can be adjusted to any angle, or removed when not needed.
- Heavy-gauge steel with felt backing to prevent scuffing.
- 1 1/4", 1 3/4", and 2 1/2" worksurface thicknesses.
- 1/4" screw holes on underside for optional attachment to worksurface.
- Available in two metallic and two soft-touch finishes.

| Surf Board VDT Corner | Metallic finish | 41 1/2" | 16 1/2" | 1" | 14 lbs. |
|                       | Soft touch finish | 41 1/2" | 16 1/2" | 1" | 14 lbs. |

- Fits any worksurface thickness or edge profile.
- Creates generous 24" wide VDT corner, 14" from worksurface corner.
- Can be adjusted to any angle, or removed when not needed.
- Integral non-handed mouse pad.
- Felt back and rubber bumpers protect worksurface.
- Designed by Ross Lovegrove and Stephen Peart.

</tbody>
</table>

**Order Code**

- **OA**: Office Automation
- **CPU**: CPU
- **SLNG**: Sling

**Ordering Information**

1. **Specify**:
   - Pattern number

**Additional Information**

- **Adjustable Sling CPU Holder**
  - Accommodates equipment 2.5"-64" wide by 8"-59" high.
  - Slides on track under the worksurface and swivels 360° for easy CPU access.
  - Weight capacity of 75 lbs.

- **Adjustable Vertical CPU Holder**
  - Accommodates equipment 3.75"-9.5" wide by 13.5"-22.3" high.
  - The lockable Vertical CPU Holder accommodates a CPU depth range of 14.8"-22.3".
  - Slides on track under worksurface and swivels 360° for easy CPU access.
  - Weight capacity of 85 lbs.

**Construction**

- **Adjustable Sling CPU Holder**
  - Black painted glass filled nylon mounting mechanism. Woven nylon sling.

- **Adjustable Vertical CPU Holder**
  - Black painted steel frame with glass filled nylon slide clamp.
  - Rack: Black painted steel

**Mounting Note**

- **CPU holders** come standard with a 17" long track. They mount on work surfaces 18" or deeper.

**Antenna, Tone and Telescope Mounting**

- **Antenna**:
  - In order to mount on an Antenna workspace, an adapter is needed, available through the Antenna price list. Pattern code YAPCU.

- **Tone**:
  - In order to mount on a Tone T-leg and 24" deep C-Leg, an adapter is needed available through the Antenna price list. Pattern code YACPU. 30" deep C-Leg provides enough track clearance.

- **Telescope**:
  - Due to legroom clearance, CPUs cannot mount on Telescope tables less than 27" wide. For mounting on tables 27" or wider, only one power supply tray can be installed opposite from the CPU holder, and the YACPU, adapter from the Antenna price list is needed.

**Application Notes**

- Backpack® Pencil Drawer: can be used with virtually any Knoll or competitor wood worksurface.
- Universal Pencil Drawer: Minimum depth worksurface for drawer is 10". On freestanding Horizon Network systems, a 10" deep worksurface is required.
- Minimum depth worksurface for drawer is 10". Pencil Drawer attaches 2 3/8" below the underside of wood worksurfaces at any location. Mounting hardware and template included.

**Construction**

- Universal pencil drawer: Durable vacuum-formed ABS plastic drawer in matte black, textured finish. Three-quarter extension, ball bearing metal slides with smooth, silent movement.
- Manufactured in the United States.
- Backpack Pencil Drawer: Durable 20-gauge steel painted black, full-extension ball bearing metal slides with click-stop in half-open position.
- Die-cast zinc lock painted black.
- Backpack® Pencil Drawer manufactured in Canada.

OR-WB-24-18 24" x 18" Marker Board
BK Black frame
BM Black material
PM Panel mounted
TR Top cap mounted

Mounting options:
- Panel-Mounted: To ensure rigidity, specify two sets and brackets
- Wall-Mounted: Specify pattern number.

Custom Options
- Other writing surface and custom frame colors available. Custom frame sizes available up to 22"W x 48"D in size. 25 unit minimum per line item on all customs. Contact your Knoll sales representative or Customer Service for pricing information.

Construction
- Satin anodized aluminum frame (can be powder coated black). Porcelain coating on cold rolled steel laminated to corrugated and hardboard with a Styrene backing. All Universal Marker Boards are magnetized.
- Manufactured in the United States.
Fabric Boards
Standard Sizes

- Standard fabric board has ⅞ thick mineral board construction with squared corner.
- Squared corner or radius edge available at upcharge.
- Panel or wall mounting options.

**Order Code**
- F-24-14 A-30-T2
- F-WM-F

**Example**

- Fabric board 30
- Fabric board 35
- Fabric board 12
- Fabric board 40

**Panel-mount bracket sizes**
- Rail 1:
  - 1/8
  - 1/4
  - 1/2
- Rail 2:
  - 1/8
  - 1/4
  - 1/2

**Panel mounting options**
- Panel-mount brackets are included in the list price but must be specified separately. Specify appropriate panel-mounted, bracket, and panel fabricated bracket, consult the KnollExtra Bracket Chart on page 12.

**Fabric boards**

- Standard fabric board has ⅞ thick mineral board.
- For standards, contact Customer Service.
- Maximum fabric size 120”W x 240”H. Fabric must be railroaded on any panel wider than 60”.

**Custom options**

- For specials, contact Customer Service.
- Fabric size 120”W x 240”H. Fabric must be railroaded on any panel wider than 60”.

**Customer’s own material**

- For approval, submit at least one yard pattern no. 10.

**Construction**

- ⅞ thick mineral board for durable, highly tactile surface.

### Order Code

- **Example:** F-60-14/S1-A-45-W337/4 F-PM-R-14
- **F60-14** 60" x 14" Fabric board
- **S1** Squared corner/rectilinear edge
- **45** Fabric grade
- **W337/4** Sennit, Olivine
- **F-PM** Panel-mounted
- **R** Riff
- **14** 14" Fabric board bracket

### Mounting Options

- **Panel-mounted brackets:**
  - Panel-mounted brackets are included in the list price but must be specified separately. To specify appropriate panel-mounted bracket, consult the Knoll sales bracket chart on page 12.
  - Panel mounted bracket size must match height of fabric board.
- **Wall-mounted applications:**
  - Wall-mounted applications must be specified as flush (F-WM-F) or reveal (F-WM-R). Both options are appropriate for any smooth, clean surface.
  - Flush wall-mount option utilizes velcro squares.

### Custom Options

- **For specials:**
  - For specials contact Customer Service. Maximum fabric board size is 120"W x 24"H. Fabric must be railroaded on any panel wider than 60".
  - Customer’s own material:
    - For approval, submit at least one yard of fabric for application testing. For panel-mounted applications, all COMs and textiles that are not pre-approved must be UL-tested. Please consult Knoll sales Customer Service for details.

**Construction**

Whiteboard: Honeycomb core with medium-density fiberboard skin, high-pressure laminate finish and ABS edge.

Crossmember: Aluminum

Legs: Steel

Cup: Die cast aluminum with wool felt insert and steel fasteners.

**Note:**

- Each markerboard ships with four dry erase markers (blue, green, red and black) and a microfiber cleaning cloth.
- Overall height from floor is 72" high with writable surface starting 25" from floor.
- The optional marker tray runs the length of the crossmember. The optional marker cup mounts to the side.
- To prevent dry erase markers from drying out, store them with the cap down in the optional cup.

**Terms & Conditions of Sales**

This Selling Policy supersedes all previous selling policies. Prices, discounts and product offerings are subject to change without notice.

*Sales by Knoll, Inc. or Knoll North America Corp. (“Seller”) of Knoll Product Lines (“Products”) within the United States and Canada are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser’s assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller.

These terms and conditions supersede all prior or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and signed and shall be valid for all purposes as if they were originating and maintained in documentary form.

**Ordering Information**

All orders must be in writing. The product pattern numbers contained on Seller’s order acknowledgment shall be the final expression of the order.

**Order Confirmation**

A purchase order is not binding on Seller until Purchaser has received Seller’s order confirmation or acknowledgment.

**Pricing Policies**

List prices are subject to change without notice.

**List prices** are those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller’s list prices.

**Terms & Conditions**

A purchase order is not binding on Seller until Purchaser has received Seller’s order confirmation or acknowledgment.

**List prices** are subject to change without notice.

List prices are those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller’s list prices.

**Taxes**

All sales, use, excise and other taxes applicable to the sale of the Products shall be paid by Purchaser. If Purchaser claims an exemption from any tax, Purchaser shall submit to Seller the appropriate exemption certificates.

**Terms of Payment**

Payment for one hundred percent (100%) of the net order amount is due within thirty (30) days of the date of invoice, which is generally issued upon shipment. If in case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than $100,000 net, a fifty percent (50%) deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice.

KnollStudio orders less than $2,000 require payment for one hundred percent (100%) of the net order amount including any applicable sales tax and charges for inside delivery, special packaging, etc., due at time of order placement. For KnollStudio orders greater than $2,000, a one-half (50%) deposit is due at time of order placement with the remainder (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due prior to shipment.

If, in the judgment of Seller, Purchaser’s financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance. Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults on payment, Purchaser shall be liable for all collection costs, including reasonable attorney’s fees and costs.

**Changes and Cancellation**

Purchase orders may not be changed or cancelled, in whole or in part, without prior written consent of Seller. Changes may effect delivery dates. Expenses incurred because of changes shall be charged to Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including “COM” (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled.

**Freight Prepaid**

Freight is prepaid and included in the price of all Products, except KnollTextiles, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller will select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice.

**Delivery/Freight Charges**

Deliveries outside the contiguous 48 United States and Canada shall be shipped F.O.R. Origin. For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination. Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect the exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment, in writing.

Nonstandard methods of shipment and additional services are available upon request. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser’s request, will be added for air freight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redelivery.

**Claims**

All shipments for Knoll Products within the contiguous United States and Canada are F.O.R. Origin. In case of loss of shipments to Purchaser at time of delivery to carrier, Purchaser shall inspect all Products upon receipt and notify Seller within ten (10) working days after receipt of any damage or defects which are, or should be, apparent from an inspection of the Product and its packaging. Failure of Purchaser to notify Seller during the ten (10) working day period shall constitute acceptance of the Products and waiver of any apparent defects, errors or shortages. For all claims relating to Product damaged in transit or for any other claims related to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser for such claims. Seller may, upon request, assist Purchaser with filing of such claims with the carrier, but Seller will not be liable for any of these transportation related claims.

**Seller’s Security Interest**

If Seller requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can deliver production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. If (and only if) Purchaser requests a delay, Purchaser shall pay for the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.

**Returns**

The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) of list restocking charge. Products not currently purchased for sale by Seller (including COM) shall not be authorized for returns. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products.

**Held Orders/Storage**

If Seller requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can deliver production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. If (and only if) Purchaser requests a delay, Purchaser shall pay for the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.

February 15, 2017
Customer's Own Material

A Purchaser who requests a fabric or other surface material not standard to Seller's line of Products ("COM") must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to use of the COM on the Product.

Warranty

Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below.

Warranty period set forth below is for 24-hour, 7 days a week, multi shift use (includes parts and labor to repair). Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.

Product and Period of Warranty

2 Years: Anchor Storage digital keypad lock, all other KnollExtra product

This warranty does not apply to:

• Damage caused by a carrier other than the Seller.
• Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).
• COM or other third party materials applied to Products.
• Products not installed by or under the auspices of a Knoll Dealer.
• Dramatic temperature variations or exposure to unusual conditions.
• Changes in surface finishes, including colorfastness due to aging or exposure to light.
• Except as specifically noted above, textiles and upholstery supplied by KnollTextiles and Spinneybeck FilzFelt (consult current price lists for applicable warranties).

Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures, or surface hardness of such materials. The Seller also does not guarantee the colorfastness of fiberglass panel surfaces.

THE EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

The remedies provided above are the Purchaser’s sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with respect to or arising out of the Product furnished hereunder.

Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of any governmental authority or of the Purchaser, riot, enlarge, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delay, allocate available Product or cancel any purchase order.

Delay/Force Majeure

Compliance with Law

Purchaser is solely responsible for compliance with all applicable federal, state and local laws, ordinances, regulations, rules and standards relating to the installation, maintenance, use and operation of the products. Seller shall not be liable for any damages or losses arising out of or related to the use of said Product,

Patents

Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediately, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.

The foregoing indemnity does not apply to the following:

• Products supplied according to a design other than that of Seller, and which is required by the Purchaser.
• Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.
• Any settlements of a suit or proceeding made without Seller’s written consent.

Limitations of Liability

SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.

Purchaser’s remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.
General Ordering Information

The Products
This guide encompasses all standard products for this product group.

Sizes
Dimensions listed in this guide are indicated as:
H = height
W = width
D = depth
Dia. = diameter
Rad. = radius

Pricing
All prices shown are list.

How to Order
Select pattern numbers and quantities required for your complete installation. Product questions can be
addressed in the specific sections of this guide or by contacting your sales representative or customer
resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the
Finishes and Fabrics pages for color designations.

On large installations, an item’s “designated area” can be specified to assist in product organization and
handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and
area identifications are completely specified. Also, include complete purchase order numbers, bill-to and
ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:
Knoll, Inc.
1235 Water Street
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your
scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your
order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll’s environmental focus. Our commitment to social
responsibility and a healthy environment has prompted us to further articulate our longstanding
environmental programs and, with encouragement and support from our colleagues in the industry, we have
re-energized our focus on such “green” initiatives as life cycle analysis and LEED™ certification. Knoll is
proud to have contributed to projects that have received LEED certification from the U.S. Green Building
Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to
knoll.com, click on “About Knoll” and then “Environmental Focus.”
