Spinneybeck Leather Application Approvals

Spinneybeck leathers are made from the top 2% of the world's finest hides, inspected numerous times during production.

After tanning, all Spinneybeck leathers are drum-dyed, a time-consuming procedure which ensures color penetration throughout the hide. Then each hide is finished in the manner which will best bring out its individual character.

Spinneybeck leathers are all full-grain aniline drum-dyed products imported from Italy.

The following is a list of Spinneybeck leathers. Leathers are grouped into five price categories referred to as "grades." The selection of approved leathers varies by product. Please refer to the application approvals matrix for more information.

Square footage requirements for Customer's Own Leather (COL) are listed on each product's pricing page. Please refer to COM Seating Process Overview for further information regarding COL.

For further information, call Spinneybeck at 1 800 482-7777.

Grades	Characteristics
U	
Vicenza	Finished cowhide, corrected grain that is slightly raised.
Volo	Finished cowhide, corrected grain, slightly raised grain texture.
V	
Acqua	Water-repellent finished cowhide, corrected grain, slightly raised grain texture.
