Each year Knoll sets key initiatives in the journey to sustainability. Focused on our impact to people and planet, Knoll reports material health product attributes and sets operational targets to reduce greenhouse gas emissions, waste generation and water use (in our North American facilities.)

Material transparency is a core Knoll sustainable design value, enabling us to optimize the design and performance of our products. Our material health program utilizes independent third-party certifications that provide an impartial and trustworthy foundation for industry-wide transparency. Certification by respected third parties ensures that all manufacturers are held to the same high standards. Knoll certifications include: Forest Stewardship Council (FSC®), Intertek’s Clean Air Program, Business and Institutional Furniture Manufacturer’s Association (BIFMA) LEVEL® certification, International Living Institute’s (ILFI) Declare labelling and Certified Environmental Product Declarations. In addition, Knoll is aligned with the U.S. Green Building Council and can help organizations achieve credits for Leadership in Energy and Environmental Design (LEED®), WELL and the Living Building Challenge (LBC) building certifications.

In our manufacturing operations, we focus on efficiency and impact. Knoll Office and Knoll Europe manufacturing locations are ISO 14001:2015 certified. We have also achieved year-over-year increases in the amount of waste diverted from landfills and have contributed to greenhouse gas emissions reductions through individual site efforts. These initiatives are part of a long-term strategy to further reduce energy consumption and lower our carbon footprint.

We also believe in helping our customers find viable options when decommissioning furniture or other related assets. ANEW’s Full Circle Program, in partnership with Knoll, allows customers to leverage buy-back and re-sale programs as well as explore options for repurposing or recycling that mitigate landfill impact through energy-from-waste conversion.

For more information about Knoll and sustainable design, visit www.knoll.com/environment.
Note:
Line drawings in this price list are purely for quick product identification without any form of detail. One must not use the price list line drawings to satisfy production dimensions, shape or support options. Refer to Planning Guide for detailed product information.

Wood and Laminate Components
Tops are 1 ½" or 1 ¼" thick.
Flush and cantilever top assemblies have 1 1/16" or 2 1/16" thick endpanels, and 15/16" thick backpanels. Recessed top assemblies have 1 1/16" or 2 1/16" thick endpanels and a 15/16" thick backpanel.
Pedestals are supplied with metal channels on the top to attach the pedestal to the underside of a worksurface.
Drawer boxes can be specified in either metal or wood with dovetailed joinery. Hinge doors use concealed, adjustable hinges.
Components are finished on all sides unless otherwise specified. Edges are banded with treated paper on hidden surfaces and .6 or 2.0 mm ABS or wood on visible surfaces.

Locks
All pedestals and cabinets with drawers are supplied with a ganglock mechanism in place. In addition, cabinets with drawers have a drawer interlock anti-tip device designed to prevent the opening of a second drawer when one is already open. Locks for drawers in pedestals and cabinets can be retro-fitted. Door locks are not pre-routed and therefore, locks cannot be retro-fitted.
Reff lockcores must be specified separately. Reff lock mechanisms are optionally black or silver and feature a removable core for easy replacement.
Orders with 50 or fewer locks required with no specific keying requests will be sent randomly keyed by the factory without warning.

Levellers
All endpanels, backpanels (except recessed), floor pedestals and cabinets are equipped with levellers.

Lighting
Task lights are available as fluorescent or LED solutions.

Task Lights
Task lights are TCLP compliant and meet requirements of California Title 20 and Title 24. T5 advanced task lights are fitted with ballasts and lamps compliant with LEED requirements. All task lights are approved for New York City installations.

T5 Task Lights
All T5 task lights include mounting hardware for attachment to overhead cabinets, shelves, up mounted cabinets and freestanding overdesks.
Specify task lights one size or less than the overall cabinet or overdesk width. T5 task lights have adjustable mounting brackets that lock into integral channels in the underside of the cabinet’s lower shelf. The spring steel adjustable mounting brackets flex to install without requiring tools and allow the light to be positioned at any position side-to-side and front-to-back.

LED Task Lights
LED task lights mount into the recess in the underside of overhead cabinets and shelves at least 5” wider than the task light width.

Grommets
Grommets are optional (except where noted). Tops up to 48 wide have one grommet. Tops wider than 48 include two grommets. See Planning Guide for locations.

All dimensions in this price list are for representative purposes only. For accurate build dimensions or factory drawings, please call Customer Services.

Finishing
All Reff natural wood veneer and Techwood components are stained and sealed using a state of the art custom blended polyurethane finishing process.
This finish provides superior resistance to solvents, stains, abrasion and heat.
Each component is coated and then cured with ultraviolet light for a durable, lasting wood surface.
Natural veneers are all hand selected to best showcase the beauty of natural grain and to Knoll’s meticulous color and grain standards.
Every effort is made to ensure that Knoll Reff Profiles veneers are the best that can be sourced in quality of color, consistency and size. Natural variations of wood are held in high regard and are not considered to be defects. Natural variations are not subject to warranty. The natural process of color change in real wood products is part of the unique character and beauty of this material.
Knoll expects wood to patina over time and does not warranty color change.
Techwood is real wood, enhanced by technology to provide added color and grain consistency.
Reff Profiles Finish Options

Wood Finishes
New codes begin with a three digit numeric sequence, followed by a letter suffix. Each letter suffix (A-F) represents a different combination of pore fill options and gloss levels.

</tbody>
</table>

Wood Grain Laminates are NOT available on the following components:

● Storage with J Pull option
● Administrative and Reception products
● 1 1/4” thick Worksurfaces with optional edge
● Panel post covers, post caps, top trims, end trims and screen doors.
● 147, 148 and 149 available on build to spec components and 1 1/4” thick worksurfaces.

Not available on pre-configured components or 1 1/2” thick worksurfaces.

**Additional Edge Options for Laminate worksurfaces (only):**

WPLY Ply Edge - Wood (V Pricing)
SPLY Ply Edge - Synthetic (L Pricing)

**Impact Resistant Laminate**

**Core & Wood Grain Laminates**

<table>
<thead>

<tr>
<td>928 Fog</td>
<td></td>
</tr>
</tbody>
</table>

**Note: The Rules of Wood Grain Laminates, applies to the Impact Resistant Laminates. 25% Upcharge applies to the laminate pricing for the Impact Resistant Laminates.**

**Note:** Pedestals and Cabinets with metal interior, when specified in "Wood Grain Laminate" or "Veneer", the shelves are painted black.

**Important Note:**

Laminate wood grain direction depends on the width of the product.

For any vertical surface, ie; modesty panels, overheads and huches, **up to 60” wide**, the laminate wood grain direction will be **vertical**. For any vertical surface **greater than 60” wide**, the laminate wood grain direction is **horizontal**.
### Mixed Finishes:
For Laminate worksurfaces with Laminate or Veneer Edge Options, specify mixed finish worksurfaces using separate top finish & edge finish.

*For Example:*
Top finish: 114 Folkstone Grey Laminate
Edge finish: 115 Medium Grey Laminate, or Y882 Dove Grey Techwood

</tbody>
</table>

**The following textiles are approved for use on Reff panels. Consult Knoll representative for pricing:**

#### Grade 50

- Presto (K1000) For tackboards only

#### Grade 55

- Knoll Felt (K1207)
- Knoll Hopsack (K1206)
- Ransom (K1298)

### Customers Own Material

Prices for panels and tackboards that are to be manufactured with a customer supplied fabric will follow Grade 10 panel pricing.

COM fabrics are subject to a testing charge prior to acceptance for use on Reff panels. Panels bearing COM fabrics are subject to extended leadtimes. It is the responsibility of the customer’s purchasing agent to ensure COM fabric is supplied for testing and manufacturing. Delays in receiving COM fabric for manufacturing will result in rescheduled delivery dates.

When specifying panel/fabrics use the following format to denote location on a tiled panel.

<table>
<thead>
<tr>
<th>Side 1</th>
<th>Side 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>E</td>
<td>E</td>

<td>A</td>
</tr>
</tbody>
</table>

(Side 1 is always the inside of the workstation.)

Panels with beltway one side: assume the beltway is on SIDE 1 of the panel.

### Fabric Options Summary

- **Grade 20**
  - Circle Line (W1146)
  - Criss Cross (W305)
  - Delite (K2026)
  - Edzo (W2111)
  - Infinite (K2263)
  - Locust (W1319)
  - Nematic II (W1620)
  - Photon II (W1695)
  - Reflect (W834)

- **Grade 30**
  - Match Point (W1145)
  - Micro (W465)*
  - Relay (W1020) ▲
  - Synth (K1693)

- **Grade 40**
  - Crossroad (K2085)

- **Grade 45**
  - Monarch (K1149)

- **Grade 50**
  - Presto (K1000)

- **Grade 55**
  - Knoll Felt (K1207)
  - Knoll Hopsack (K1206)
  - Ransom (K1298)

### Additional Notes

- Reff Profiles finish options include a wide range of textiles approved for use on Reff panels, with specific guidelines for panel/fabric selection.

- Customers are encouraged to consult a Knoll representative for personalized guidance on fabric selection and manufacturing timelines.

- Rescheduling delivery dates due to extended leadtimes may occur for COM fabrics.

- Panels with specific beltway locations require careful consideration to ensure proper installation.

- For more information on approved textiles and panel specifications, please refer to the provided tables.

Position: Center, 1/2" down from the top of drawer
Reff Profiles Master Features

R-Cylinder
1" diameter
Protrudes 1" from the drawer front
Available in painted and plated finishes
1 pull per 16" & 19" wide pedestal drawer
Position: center position for 16" & 19" drawers
2 pulls per 30" & 36" lateral drawers
Position: 6" in from end, 1 1/2" down from top of drawers

H-Out Line
4" wide x 1" deep
Protrudes 1" from the drawer front
Available in painted and plated finishes
1 pull per 16" & 19" wide pedestal drawer
Position: center, 1 1/2" down from the top of drawer
2 pulls per 30" & 36" lateral drawers
Position: 6" in from left/right, 1 1/2" down from top of drawers

T-Tab
Short Tab: 2" wide x 1 1/4" deep
Long Tab: 10" wide x 1 1/4" deep
Protrudes 3/4" from drawer front
Available in painted or plated finishes
Position: Center line position on drawers

F-Bar Pull
Short bar pull: 3 3/8" wide x .3" thick
Long bar pull: 10 1/2" wide x .3" thick
Protrudes 1" from drawer front
Available in painted and plated finishes

G-Grommet Pull
1 1/8" diameter
Flush with the drawer front
Available in painted and plated finishes
1 pull per 60" & 72" sliding doors
Position: 1.656" from left or right, center line vertical
2 pulls per 90" & 108" sliding doors
Position: 1.656" from left and right, center line vertical
Position: Center line position on drawers
Legs and End Supports

**L-Leg**
Leg: 3” x 3”
Top plates: 5 ½” x 5 ½”
Flush with worksurface edges
Finishes: painted or anodized
Available on rectilinear peninsulas; square and rectangular 1 ½” tables
Available in pairs

**Soft Rectangular Leg**
Leg: 2” x 3”
Top plates: 5 ½” x 5 ½”
Flush with worksurface edges
Finishes: painted or anodized
Available on rectilinear peninsulas; square and rectangular 1 ½” tables
Available in pairs

**Open Frame Leg**
Leg: 2 ¼” thick
Top plates (2): 6” x 6”
Flush with worksurface edges
Finishes: painted or anodized
Available on rectilinear peninsulas; rectangular 1 ½” tables
Available with laminate or wood veneer infill panels

**Reverse L-leg**
Leg: 3” x 3”
Top plates: 5 ½” x 5 ½”
Flush with worksurface edges
Finishes: painted or anodized
Available on rectilinear peninsulas; square and rectangular 1 ½” tables
Available in pairs

**Column Leg**
Leg: 3” diameter
Top plate: 10” x 10” (peninsulas)
Top plate: 7 ½” x 7 ½” triangular (tables)
Flush with worksurface edges
Finishes: painted or plated
Available on bullet, D, P and 9 peninsulas; 2 ½” and 4” diameter available on 1 ½” tables

**Thick End Panel**
Leg: 2 ½” thick
Top bracket: extends 1 ½” inboard x 2 ½” from front and back edges
Flush with worksurface edges
Finishes: laminate or wood veneer
Veneer direction is vertical
Available on rectilinear peninsulas
Not sold separately
What is Reff Profiles?
Reff Profiles is finely detailed office furniture that combines versatility with image by providing unparalleled attention to quality from dovetailed joinery to a patented finishing process. Users can choose from a broad range of natural woods, fine veneers and durable laminates to create private offices, freestanding work areas and panel-based environments that fit the individual’s requirements. A variety of stacking panel styles, including monolithic, tiled and floor-to-ceiling, will support any design criteria.

Worksurfaces are available in traditional rectilinear or innovative curvilinear shapes for a choice of aesthetic approaches and ergonomic solutions. Cabinetry can be specified in numerous sizes and configurations with either wood or metal interiors with a choice of hardware options to support any storage requirement. Innovative desk-height storage, cabinets and office towers combine aesthetics with functionality.

The result is a comprehensive product offering that will satisfy a wide spectrum of users. Let your imagination take hold.

For private offices consider a variety of desking options including flush, cantilevered, recessed or bow fronts and storage solutions including innovative workwalls.

In freestanding furniture, Reff Profiles offers a full selection of components to support any requirement from managerial to administrative. Options include numerous worksurfaces and meeting tops with a variety of freestanding supports. Administrative and Gallery desk surrounds, stationary and mobile storage components and storage towers provide exceptional planning alternatives.

Panel systems provide high-density power, data and communications capacity along with acoustic control and design flexibility. Panels can be specified with smooth monolithic surfaces, tiled faces or stacking modules. Additionally, panel surfaces are available with fabric on both sides or with fabric on one side and wood on the other.

Who should consider Reff Profiles?
Reff Profiles is well suited to organizations who want to project a high image while supporting any work environment from private offices to panel-based workstations. Companies will appreciate the fine quality and breathtaking aesthetics of Reff Profiles and, for those rapidly changing firms who require interchangeable components to support long term use, Reff Profiles is truly the design choice for inspired offices.

Desk Height Planning vs. Standard Height Planning
Reff Profiles offers two support height planning models: “standard” height (26 ½”) and “desk” height (28 3/8”).

“Standard height” support components provide an underdesk clearance of 26 ½”. This yields a worksurface height of 27 ¾” with 1 ¼” thick worksurfaces and 28” with 1 ½” worksurfaces.

Standard height planning (26 ½”) may be utilized in panel-based open planning, freestanding open planning (including Reff ProfilesGallery), and in private office planning.

“Desk height” support components provide an underdesk clearance of 28 3/8”. This yields a worksurface height of 29 5/8” with 1 ¼” thick worksurfaces and 29 7/8” with 1 ½” thick worksurfaces.

“Low Credenza” and “¾ high” storage options may be incorporated into desk height planning models. Progressive Low Credenza storage incorporates a 1 ⅛” top shelf for a finished height of 23 ½”. ¾ high storage is 22 ¾” h and requires a 1” thick applied worksurface top which yields a low worksurface height of 23 ⅞”.

Desk height planning (28 3/8”) may be utilized in freestanding open planning (including Administrative and Reception desk units) and in private office planning.

Storage Relationships
Care should be taken to make sure storage cabinets are specified in the type that corresponds to the planning height model being used.

Classic Cabinets, Overheads, Workwalls, and Overdesk Units are available for both standard and desk height planning and must be specified accordingly.

Progressive Cabinets, Progressive Overheads, and Desktop Towers are only available for desk height planning.

Task panels are intended to be used with desk height planning. They are not recommended for use with standard height planning.

Price List / Planning Guide Organization
The Reff Profiles price list is divided into two volumes. Volume 1 contains pricing related to panels and “standard” height (26 ½”) planning. Planning guidelines for 26 ½” height planning are available in the Reff Planning Guide, on Exchange. The Reff Profiles price list Volume 2 contains pricing and planning information for “desk” height (28 3/8”) elements.

It is not advised to mix 28 3/8”h desk height products with 26 ½” components.

Wall Mounted Height Adjustable Tables

Offer a polished, space-efficient, and adaptable workspace option for office spaces. With a height range of 27-½” to 42-¾” from the underside of the worksurface to the floor, Wall Mounted Height Adjustable Tables offer a range of work heights from sitting to standing. They are perfect for multi-user offices where convenient table height adjustment is desired, offering flexibility, personalization and advanced ergonomic performance in the workplace.

Reff Profiles Wall Mounted Height Adjustable Tables consist of a Table Worksurface and a Table Base.

See Figure 1 for example configuration.

Wall Mounted tables attach to structural, architectural walls and are not intended to attach to a modular or moveable wall or other non-structural vertical partition.

Table Worksurface:

Wall Mounted Height Adjustable Table Worksurfaces are available in two depths; 24” and 30”, and in widths from 48” to 96” in 6” increments.

Table Worksurfaces are undersized by 1” on each side (2” overall width reduction from nominal) to avoid pinch points when placed next to another worksurface or component edge.

The overall depth of the worksurface is reduced by 4”, allowing generous space at the back edge to clear wall hung task panels or tackboards. This oversized clearance accommodates the thickness of these wall mounted panels, plus the items that may be attached to them with pins or magnets. It also allows clamp-on electrical units or Sapper monitor arms to remain in position over the back edge while adjusting the table height.

Table Worksurface can be of three types:

- Type A = 1-¼” thick with Square Edge (intended for 26-½”H “standard” height planning. Refer to Reff Profiles Vol. 1 Price List for further information on standard height planning)
- Type D = 1-½” thick with Square Edge
- Type F = 1-½” thick with Float Edge

Refer to The Planning Guide section for Worksurfaces for general construction details.

Table Worksurfaces are pre-drilled with pilot holes for wood screws, simplifying attachment to the height adjustable table base. Attachment hardware is included with the Table Base.

4” between worksurface back edge and wall

Figure 1: Wall Mounted Height Adjustable Table

Figure 2: Nominal vs. Actual Dimensions - Plan View

Wall Mounted Height Adjustable Table
72”W x 30”D Configuration (nominal) Shown

Figure 3: Wall Mounted Height Adjustable Table, Side View with Table Mount Sapper Monitor Arm and Wall Mount Tackboard
Table Worksurfaces are pre-drilled with pilot holes for wood screws, simplifying attachment to the height adjustable table base. Attachment hardware is included with the Table Base.

**Table Base:**
Wall Mounted Height Adjustable Table Bases are 13" deep, and are available in widths corresponding to Table Worksurfaces, from 48" to 96" in 6" increments. 

The base is a pre-configured unit which is assembled in the field. Attachment hardware is included to attach the Table Worksurface. 

Wall Mounted Table Bases are intended to be attached to a structural, architectural wall, that can bear the load of a cantilevered worksurface. Table bases come with wall mounting brackets. Fastening screws, appropriate for attaching the brackets to the architectural wall, are to be provided by the installer.

The table base consists of the following 4 components:

- Electric height adjustable legs
- Bracketry
- Hinged modesty panel
- Base enclosure top

See Figure 4.

**Electric Height Adjustable Legs:**
The electric height adjustable legs are two stage telescoping and have a height range of 27-½" to 42-¾", measured from the floor to the underside of the worksurface. Legs are available in Black (111), White (118), and Metallic Silver (613) paint finishes (applies to legs, cross rails, and end brackets).

Two switch options are available for the legs. The standard up/down switch (S) activates power to extend or retract the legs to reach the desired height. The optional digital control (D) is programmable to preset user height preferences.

The paddle switch is available in either Toggle Grey (TG) or Toggle Red (TR). Switch bodies are white.

A 120" A/C power cordset with a 3-prong, grounded plug is provided.

The load capacity of the legs is 200 lbs.

**Bracketry:**
The bracketry which mounts the table legs to the wall is black. A slotted rear-brace is included, allowing variable installation directly into wall studs for maximum stability.

**Hinged Modesty Panel:**
A hinged modesty panel, of all-wood construction, allows flip-down access to electrical outlets in the wall behind. This allows for both concealment of and access to the outlet(s) and power cable(s) required to power the table and any mounted accessories. Grommet pulls at the top corners of the hinged portion facilitate opening the panel.

Hinged Modesty Panels are of all-wood, 1" thick construction. The case finish refers to the sides of the enclosure and the enclosure top; available in laminate and veneer finishes. The front finish refers to the hinged door of the modesty panel and may be laminate or veneer. Note that for wood grain laminates, grain direction will be horizontal on fronts wider that 60".

The grommet pulls on the hinged door are available in all core paint finishes or plated in Polished Chrome (PD) or Brushed Nickel (PU).

**Base Enclosure Top:**
The base enclosure top provides a 1" thick surface over the Hinged Modesty Panel surround, with two keyhole shaped grommet-trimmed openings toward the front to allow for insertion of the legs. The mouse-holes in the leg grommets facilitate passage of power wires through the top. A wide curved edge opening at the back of the top provides a 2-½” deep gap for plugs and wires to pass from above the top to the area behind the modesty panel.

The base enclosure top height is designed to align with the top of ¾ height storage elements when specified with 1" thick credenza tops.

The leg grommets are available in all core paint finishes.
Accessories:
Reff Profiles Wall Mounted Height Adjustable Tables are compatible with several Tone Height Adjustable Table accessories including the Tone:
• Cleat Plate
• Hinged Wire Cover
• Power Strip

Please refer to the Tone Height Adjustable Tables Price List accessories section for further details.

Planning with Wall Mounted Height Adjustable Tables
Tables are undersized by 1" on each side; 2" overall width reduction from nominal.

CAUTION: This 1" clearance must be maintained to avoid possible pinch points between worksurfaces or other component edges.

Planner must be aware of the upper height of the worksurface travel and allow clearance for mounted ancillary products such as monitor arms or lighting.

Note that there is a 20-¼" clearance height between the floor and the lower edge of the adjustable table’s rear brace. When possible, this dimension should be communicated to those responsible for coordinating the placement and installation of power and/or data outlets and faceplates.

See Figure 5 for wall mounted height range and wall outlet clearance.

### Order Code

| Example: | RPWHTTA4824( ) | RP | Reff Profiles | W | Wall | HT | Height adjustable table | T | Top | A | 1 1/4" thick Square Edge | 48 | Width (nominal) | 24 | Depth (nominal) | 006B | Worksurface top finish | () | Worksurface edge finish |

### Specification Information

To order please specify pattern number including:

1. Worksurface finish: L, V1, V2, V3
2. Edge finish: Edge color options are available on laminate tops only including synthetic ply veneer choices are: WOOD = Complementary wood veneer SYN = Complementary synthetic edge

Product on this page will accept woodgrain laminate where laminate is currently an option.

### Application Notes

Products on this page are intended for use with the Wall Mounted Height Adjustable Base.

Products on this page are shipped without hardware, which is provided with the height adjustable base.

Actual widths of worksurfaces are 2" less than nominal dimension. Actual depth is 4" less than nominal to provide clearance for wall hung tackboard.

These worksurfaces are pre-drilled with pilot holes for use with wood screws.

### Specification Information

- **To order please specify pattern number including:**
  1. Worksurface finish:
     - L, V1, V2, V3
  2. Edge finish:
     - Edge color options are available on laminate tops only including synthetic ply veneer choices are:
       - WOOD = Complementary wood veneer
       - SYN = Complementary synthetic edge

### Application Notes

Products on this page are intended for use with the Wall Mounted Height Adjustable Base.

Products on this page are shipped without hardware, which is provided with the height adjustable base.

Actual widths of worksurfaces are 2” less than nominal dimension. Actual depth is 4” less than nominal to provide clearance for wall hung tackboard.

These worksurfaces are pre-drilled with pilot holes for use with wood screws.

Product on this page will accept woodgrain laminate where laminate is currently an option.

Product on this page will accept woodgrain laminate where laminate is currently an option.
Wall Mounted Height Adjustable Tables  
*Laminate and Wood Veneer Bases*  
Reff Profiles Vol. Two

### Specification Information

To order please specify pattern number including:

1. Switch option:
   - S = Standard
   - D = Digital (Programmable)
   - TG = Toggle switch - Grey
   - TR = Toggle Switch - Red
2. Case finish:
   - L, V1, V2, V3
3. Front finish:
   - L, V1, V2, V3
   - Note that for wood grain laminates, grain direction will be horizontal on fronts wider than 60".
4. Pull option:
   - Defaults to G = Grommet pull only
   - 5. Pull finish:
     - All core paint, plated PD and PU
   - 6. Leg Grommet finish:
     - All core paint
   - 7. Leg finish:
     - 111(Black), 118 (White), 613 (Metallic Silver)

### Application Notes

- Products on this page are intended for use with the Wall mounted Height Adjustable Table Tops.
- An upcharge of $318 applies to the “Digital” switch option.
- An upcharge of $100 applies to the “Toggle” switch options.
- Leg finish applies to the vertical columns, cross rails and end brackets. Wall mounting brackets are black.
- Standard Up/Down switch included in base price or ADD for Digital & Toggle.
- Bases are designed for use with corresponding worksurfaces to create wall hung height adjustable tables.
- Worksurfaces must be specified separately.
- Bases come with wall mounting brackets.
- Assembly required. The base ships knocked-down.
- Height range is from 27 1/2”h - 42 3/4”h (from the underside of the worksurface to the floor). Load capacity if 200 lbs.
- For further information please refer to the planning guide pages.

</table>
Worksurfaces

The selection of worksurface sizes and their relationship to each other are primary considerations when planning a Reff Profiles office. Refer to the illustrations in the Introduction to Desk Height Planning to see how the various heights of storage and worksurface supports relate to the choice of worksurface thickness.

Reff worksurfaces are available in three thicknesses: 1", 1 ¼" and 1 ½". Construction details specific to the 1 ¼" thick surfaces, including Cascade and Edge Detail surfaces, can be found in the Reff Planning Guide on Exchange.

When selecting top sizes consider whether storage components can be used to support the surfaces and what other worksurface supports will be required.

NOTE: Additional support is required when using 1" thick credenza tops for unsupported spans over 36". 1 ¼" thick worksurfaces require additional support for an unsupported span of more than 48". When using 1 ½" thick worksurfaces the maximum unsupported span is 54".

Construction

All worksurfaces feature 3-ply construction (see figure below) and can be specified in laminate, veneer or laminate tops with veneer edges. Laminate tops have a laminate top surface with an FSC-certified, 45-pound density particle board core and neutral tone backer sheet for balanced construction. Edges match the top in 2.0mm ABS with 2.0mm radius top and bottom edges. Ends overlap the front and back edges (see figure below).

Techwood and natural veneer tops have a veneer top surface, an FSC-certified, 45-pound density particle board core and a neutral tone backer sheet for balanced construction. Veneer tops have matching finish 2.0mm thick solid veneer edges on all sides. Edges have a 2.0mm radius on the top and bottom.

All worksurfaces except Bridge Rectilinear worksurfaces are pre-drilled with pilot holes for use with wood screws.

Application Notes

1 ¼" Straight Rectilinear worksurfaces are available in 20", 24", 30" and 36" depths for regular worksurface applications. Depths available range from 24" to 96" in 6" increments.

1 ½" Straight Rectilinear worksurfaces are available in 20", 24", 30" and 36" depths for regular worksurface applications. Depths available range from 24" to 108" in 6" increments.

Bridge Rectilinear worksurfaces are 1 ½" thick and available from 36"W to 54" wide in 6 inch increments in either 20" or 24" depths. They can be ordered with the grain specified to run either vertically (across the depth of the surface) or horizontally (along the length of the surface) when specified in wood grain laminate or veneer finish.

Credenza Tops are available in both 1" and in 1 ½" thicknesses and in widths from 60" to 108" in 6" increments.

Rectilinear worksurfaces can be specified in non-standard dimensions. For information, contact Knoll Custom Product Development.

Grommets

Grommets are optional and must be specified by adding the appropriate designation to the pattern number. Designations are:

- N = No grommet
- F = Flush grommet location
- R = Recessed grommet location

Rectilinear worksurfaces 24" to 48" wide receive one grommet centered on the back edge of the worksurface. Rectilinear worksurfaces over 48" wide receive two grommets along the back edge.

1 ¼" and 1 ½" thick rectilinear tops are available with no grommet, flush grommet or recessed grommets locations.

1 ¼" thick tops are available with additional grommet options; **Classic type** and **Profile type**.

Classic type grommets sit even with top of the worksurface.

Profiles type grommets have a 1/16" thick flange which rests above the worksurface.

These 2 types of grommets, provides additional grommet options for 1 ¼" thick tops (only);

- CF = Classic grommet in flush location
- PF = Profiles grommet in flush location
- CR = Classic grommet in Recessed location
- PR = Profiles grommet in Recessed location
- CA = Classic grommet in Alternative location
- PA = Profiles grommet in Alternative location

* CA & PA are available on 36" deep tops only.

1 ½" thick credenza tops come standard with a 1 3/8" deep edge grommet which runs along the rear of the worksurface to within 6" of each end (see figure below).

The 1" credenza tops are available with or without an edge grommet.

Refer to the Reff Planning Guide, posted on Exchange, for 2" x 3" grommet locations.

For non-standard grommet locations contact Knoll Custom Product Development.

Planning for Worksurface Thicknesses

Critical to the correct specification of Reff Profiles is an understanding of worksurface thicknesses, support component heights and their relationship to each other. Worksurfaces and support components can be combined to create the following overall finish heights:

- 23 3/4" – Intended as a credenza height in 28 ¾"H planning scenarios; this height is achieved using 1" thick worksurfaces with 22 ¾"H (¾ height) storage components.
- 27 ¾" – Intended as the overall worksurface height in a panel supported workstation scenario; this height is achieved by combining "Standard height" 26 1/2" storage or support components with 1 ¼" thick worksurfaces.
- 29 7/8" – Intended as the overall worksurface height in freestanding office scenarios; this height is achieved by combining "Desk height" 28 ¾" storage or support components with 1 ½" thick worksurfaces.

### Order Code

**Example:** RSD241RL

R: Ref Profile
S: Straight top
D: 1 1/2" thick
24: 24" wide
T: 20" deep
R: Recessed grommet location
111: Jet Black (grommet)
006B: Top finish
() Edge finish

### Specification Information

**To order please specify pattern number including:**

1. Grommet option:
   - F=Flush front grommet location
   - N=No grommet
   - R=Recessed front (not recommended for 20"D and 24"D tops)

2. Grommet finish:
   - Painted, Plated

3. Top finish:
   - L, V1, V2, V3

4. Edge finish: L, V1, V2, V3 (Edge options are available on laminate tops only.)

Knoll accepts no responsibility for special grommet locations which interfere with support or other hardware. All requests for special grommet locations must be approved through custom product development.

Product on this page will accept woodgrain laminate where laminate is currently an option. Worksurfaces stiffeners recommended to provide additional support for open spans greater than 54".

### Application Notes

Products on this page are shipped without hardware which must be ordered separately from the support components section.

Actual widths of worksurfaces are 1/16" less than nominal dimension. Actual depth is 1/8" less.

These worksurfaces are predrilled with pilot holes for use with wood screws.
## Worksurface 1 1/2" - Square Edge Profile

**rectilinear**

### 30" and 36" deep

#### Order Code

**Example:** RBD361H

- **R** Reff Profiles
- **B** Bridge
- **D** 1 1/2"
- **36** 36" wide
- **H/V** Horizontal or Vertical grain
- **F** Grommet type
- **115** Grommet finish
- **114** Top Finish
- **()** Edge finish

#### Specification Information

To order please specify pattern number including:

1. Options for grain direction
   - H = Horizontal grain direction
   - V = Vertical grain direction
2. Grommet type:
   - N = No grommet
   - F = Flush front grommet location
3. Grommet finish:
   - Painted or Plated
4. Worksurface finish:
   - L, V1, V2, V3
5. Edge finish: L, V1, V2, V3
   (Edge options are available on laminate tops only.)

#### Application Notes

- Product on this page will accept woodgrain laminate where laminate is currently an option.
- Worksurface stiffeners recommended to provide additional support for open spans greater than 54" w.
- Stiffener sold separately.
- J = Bracket sold separately.
- Modesty sold separately

**Actual widths of worksurfaces are 1/16" less than nominal dimensions. Actual depth is 1/8" less.**

- Products on this page are shipped including bridge hardware only.
- Assembly required.
- Note: For “L” and “U” configurations, please refer to page 33.

### Specification Information

**To order please specify pattern number including:**

1. **Grommet option:**
   - N=No grommet
   - F=Flush front grommet location
   - R=Recessed front (not recommended for 20" and 24" tops)

2. **Grommet finish:**
   - Painted, Plated

3. **Top finish:**
   - L, V1, V2, V3

4. **Edge finish:**
   - L, V1, V2, V3
   (Edge options are available on laminate tops only.)

Knoll accepts no responsibility for special grommet locations which interfere with support or other hardware. All requests for special grommet locations must be approved through custom product development.

Products on this page are shipped without hardware which must be ordered separately from the support components section.

Actual widths of worksurfaces are $\frac{1}{16}$" less than nominal dimension. Actual depth is $\frac{1}{8}$" less.

These worksurfaces are predrilled with pilot holes for use with wood screws.
### Specification Information

**To order please specify pattern number including:**

1. Grommet option:
   - N=No grommet
   - F=Flush front grommet location
   - R=Recessed front (not recommended for 20\"D and 24\"D tops)
2. Grommet finish:
   - Painted, Plated
3. Top finish:
   - L, V1, V2, V3
4. Edge finish: L, V1, V2, V3
   (Edge options are available on laminate tops only.)

Knoll accepts no responsibility for special grommet locations which interfere with support or other hardware. All requests for special grommet locations must be approved through custom product development.

Product on this page will accept woodgrain laminate where laminate is currently an option.

Worksurfaces stiffeners recommended to provide additional support for open spans greater than 54\"w.

Orders on this page are shipped without hardware which must be ordered separately from the support components section.

Actual widths of worksurfaces are 1/16 less than nominal dimension. Actual depth is 1/8 less.

These worksurfaces are predrilled with pilot holes for use with wood screws.

### Order Code

Example: RSF243(N/L/R/B) ( )( )

- **R**: Reff Profiles
- **S**: Straight top
- **F**: 1 1/2" thick Float Edge Top
- **24**: 24" wide
- **3**: 30" deep
- **N**: Float Edge Profile; User side
  - **L**: User and Left side
  - **R**: User and Right side
  - **B**: User and both sides
- **R**: Grommet option
- **111**: Grommet finish
- **006B**: Top finish
- () Edge finish

### Specification Information

*To order please specify pattern number including:

1. Grommet option: N=No grommet
   - F=Flush front grommet location
   - R=Recessed front (not recommended for 20"D and 24"D tops)
2. Grommet finish:
   - Painted, Plated
3. Top finish:
   - L, V1, V2, V3
4. Edge finish:
   - L, V1, V2, V3
   - Edge options are available on laminate tops only.

Knoll accepts no responsibility for special grommet locations which interfere with support or other hardware. All requests for special grommet locations must be approved through custom product development.

Product on this page will accept woodgrain laminate where laminate is currently an option.

Worksurfaces stiffeners recommended to provide additional support for open spans greater than 54".

Knoll accepts no responsibility for special grommet locations which interfere with support or other hardware. All requests for special grommet locations must be approved through custom product development.

Knoll accepts no responsibility for special grommet locations which interfere with support or other hardware. All requests for special grommet locations must be approved through custom product development.

Actual widths of worksurfaces are 1/16" less than nominal dimension. Actual depth is 1/8" less.

These worksurfaces are predrilled with pilot holes for use with wood screws.

**Order Code**

Example: RBF243(L/R/B)(X)(X)

- **R**: Reff Profiles
- **B**: Bridge
- **F**: 1 1/2" thick Float Edge Top
- **24**: 24" wide
- **30**: 30" deep
- **R**: Float Edge Profile; L=Left side, R=Right side, B=Both sides
- **R**: Grommet option
- **111**: Grommet finish
- **006B**: Top finish
- **()**: Edge finish

**Specification Information**

To order please specify pattern number including:

1. Grommet option:
   - N=No grommet
   - F=Flush front grommet location
   - R=Recessed front (not recommended for 20D and 24D tops)
2. Grommet finish:
   - Painted, Plated
3. Top finish:
   - L, V1, V2, V3
4. Edge finish: L, V1, V2, V3
   (Edge options are available on laminate tops only.)

**Application Notes**

- Product on this page will accept woodgrain laminate where laminate is currently an option.
- Worksurface stiffeners recommended to provide additional support for open spans greater than 54".
- Stiffener sold separately.
- J=Bracket sold separately.
- Modesty sold separately.

- Actual widths of worksurfaces are 3/8" less than nominal dimensions. Actual depth is 1/8" less.
- Products on this page are shipped including bridge hardware only. Assembly required.
- Note: For "L" and "U" configurations, please refer to page 33.

### Order Code

**Example:** RSFR361(H/V)(N/L/R/B) (OO)

- **R:** Reff Profiles
- **S:** Straight Top
- **F:** 1/2" thick Float Top
- **R:** Return
- **36:** Width
- **1:** 20" deep
- **H:** Horizontal Grain direction (V=Vertical Grain direction)
- **R:** Float Edge Profile; L=User and Left side; R=User and Right side; B=User and both sides

| () Grommet location
| () Grommet finish
| () Top finish
| () Edge finish

### Specification Information

To order please specify pattern number including:

1. Grommet option: N=No grommet
2. Grommet location: F=Flush front grommet location
3. Grommet finish: Painted, Plated

### Application Notes

- No grommet options
- Product on this page will accept woodgrain laminate where laminate is currently an option.
- Hardware are NOT included.
- Credenza tops are drilled to accept pedestals and end panels.
- Credenza tops are predrilled with pilot holes for use with wood screws.
- 1" Credenza tops are recommended to work with the Task Panel application.
- Credenza tops are intended to be supported by full lower storage.
Peninsulas
Peninsulas for Reff Profiles are a central element in private office planning. Peninsulas are available in two styles; flush mounted and over-sailing. The flush mounted style is intended to connect tops which use full height pedestals for support, creating a flush transition between the peninsula and the adjoining top. The over-sailing style of peninsula is designed to overlap low storage made up of ¾ height cabinets with 1" credenza tops or Progressive low credenzas by using a stand-off to support the peninsula top and create a space between the top and the low storage element.

See diagrams below and page following for descriptions. Peninsulas are offered as complete assemblies including worksurface, leg(s), credenza support, and grommet options.
**Specification Options**

Peninsulas are available with a variety of worksurface shapes including rectilinear, asymmetrical and symmetrical bullet, P, 9 and D shapes.

Peninsula tops are available in any Reff Profiles core laminate or veneer finish; see Reff Profiles finish options pages for further information.

Laminate tops are offered with color-matched edges or wood veneer edges as a mixed finish option. Edge material for veneer tops is wood.

Flush mounted peninsulas, previous page below right, come with Flush Mounting kit including two flush plates and connection hardware.

Over-sailing peninsulas are offered with two stand-off options; Power Center, previous page middle, and Simple stand-off, previous page left.

Electrical components are not supplied with peninsulas but are orderable separately. Refer to Planning Guidelines for Accessories.

The Power Center kit is supplied with power center grommet, stand-off, round cable grommet and connection hardware.

When specified with a Power Center, the peninsula top is pre-drilled to accept the Power Center grommet. The Power Center stand-off is field installed to the peninsula top and lower storage. Refer to PN #6TP00505 for Power Center Stand-Off installation instructions.

In the recommended mounting location, the peninsula top will be 2 ½" from the wall or the back edge of the 1" credenza top (over ¾ height pedestals). Refer to elevation diagrams below for details.
The Simple Stand-Off kit is supplied with a simple stand-off, stand-off mount, round cable grommet and connection hardware. When specified, the peninsula top is pre-drilled to accept the 2 x 3 grommet. Refer to Planning Guideline for Accessories. The Simple Stand-Off is field installed to the peninsula top and lower storage. Refer to PN #6TP00505 for Power Center Stand-Off installation instructions.

Power center and 2 x 3 grommets are offered in two plated finishes; Polished Chrome (PD) and Satin Nickel (PU) and all core paint finishes. Stand-Off's are offered in all Reff Profiles core paint finishes.

Leg options for Peninsulas include L-leg, reverse L-leg, soft rectangular leg, open frame leg and cylindrical column leg. L, reverse L, soft rectangular and open frame legs are offered with anodized finishes: Polished (AP) and Satin (AU).

Cylindrical column leg is offered with plated finishes: Polished Chrome (PD) and Satin Nickel (PU).

All legs are available in all Reff Profiles core paint finishes.

Rectilinear peninsula tops are offered with L, reverse L, soft rectangular, and open frame leg options. All other peninsula tops are offered with cylindrical column leg.

Refer to figures on previous page and following for grommet locations and order codes.

**Construction**
Reff Profiles peninsula tops are nominal 1 1/2" thick, consisting of 1 7/16" thick substrate with a laminate or veneer surface finish.

Laminate tops have a laminate top surface with an FSC-certified particle board core and a neutral tone backer sheet for balanced construction. Edges can match the top or are available in a selection of veneers. Matching edges are in 2.0mm ABS with 2.0mm radius top and bottom edges. End edges overlap the front and back edges with the outside corners minimally radiused. Edges on veneer tops are 2.4mm thick wood with 2.4mm radius top and bottom edges. Ends overlap front and back edges with 2.4mm radius on outside corners.

All tops are supplied with pilot holes for hardware inserts for attachment of specified leg options.

Legs are shipped separately, fully assembled with connection hardware included.

**Planning Notes**

1. Partial height modesty is available, sold separately and field installed.
2. J-wire manager is available, sold separately and field installed.
3. Peninsula tops require additional stiffening for spans greater than 54”.
4. Peninsula top is right handed when the leg is on the right hand side (from the users perspective) and vice versa.
5. Power center electrical components are not included with the Peninsula and are ordered separately.

**Application Notes**

It is not advisable to mix 28 3/8"h desk height product with 26 1/2"h standard height products.

Products on this page work with 20 1/8" height planning.

Products on this page will accept woodgrain laminate where laminate is currently an option.

Worksurace stiffeners, recommended to provide additional support for open spans greater than 48".

Due to height restriction, pedestals 28 3/8"h may not fit immediately adjacent to the legs or end panels.

Pedestals do not come with Electrical Components.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.

Modesty sold separately and can be field installed.

Wire chase sold separately.

Refer to grommet page for location option.

From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

### Order Code

Example: **R2PTELPC(L/R)6020**

- **R2**: Ref Profiles
- **PT**: Peninsula
- **E**: 1 1/2" Thick Float Edge
- **L**: L-leg
- **PC**: Power Center
- **60**: Width
- **20**: Depth
- **P**: Grommet option
- **115**: Grommet Finish
- **114**: Worksurface Finish
- **115**: Edge finish
- **115**: Leg Finish
- **115**: Stand-Off Finish

### Specification Information

To order please specify pattern number including:

1. Left or Right hand
2. Grommet Option: P=Power Center, PE=Power center & end grommet
3. Grommet Finish: Painted or plated
4. Worksurface finish L, V1, V2, V3
5. Edge finish: L, V1, V2, V3 (Edge options are available on laminate tops only.)
6. Leg finish Painted or Anodized
7. Stand-off finish All core painted finishes

Upcharges apply to Wide Flange legs with P2, P3 and P4 finishes. Additional upcharges:

- Leg Finish 
  - Add
  - P2 $75
  - P3 $105
  - P4 $400

### Application Notes

- It is not advisable to mix 28 3/8"h desk height product with 26 1/2"h standard height products.
- Peninsula worksurfaces with power center do not come with Electrical Components.
- Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.
- Modesty sold separately and can be field installed.
- Wire chase sold separately.
- Refer to grommet page for location option.

From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

### Specification Information

**Order Code**

Example: R2PTTELST(L/R) 6020( )

- **R2**: Reff Profiles
- **PT**: Peninsula
- **E**: 1 1/2" Thick Float Edge
- **L**: L-Leg
- **ST**: Stand-Off
- **L**: Left hand/ Right hand
- **60**: Width
- **20**: Depth
- **E**: Grommet Type
- **115**: Grommet Finish
- **114**: Worksurface Finish
- **115**: Edge finish
- **115**: Leg Finish
- **115**: Stand-Off Finish

**To order please specify pattern number including:**

1. Left or Right hand
2. Grommet Option:
   - N=No grommet
   - E=End location grommet
   - S=Stand-off location grommet
   - SE=Stand-off grommet with end grommet
3. Grommet Finish:
   - Painted or plated where applicable, N has no finish option.
4. Worksurface finish:
   - L, V1, V2, V3
5. Edge finish:
   - L, V1, V2, V3
(Edge options are available on laminate tops only.)
6. Leg finish:
   - Painted or Anodized
7. Stand-off finish:
   - All core painted finishes

**Application Notes**

- It is not advisable to mix 28 3/8"h desk height products with 26 1/2"h standard height products.
- Products on this page work with 28 3/8"h height planning.
- Products on this page will accept woodgrain laminate where laminate is currently an option.
- Work surface stiffeners, recommended to provide additional support for open spans greater than 48"w.
- Upcharges apply to Wide Flange legs with P2, P3 and P4 finishes. Additional upcharges:
  - **P2**: $75
  - **P3**: $105
  - **P4**: $400

Peninsula worksurfaces with power center do not come with Electrical Components.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.

Modesty sold separately and can be field installed.

Wire chase sold separately.

Refer to Peninsula Planning Guidelines for location option.

From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

Due to height restriction, pedestals 28 3/8"h may not fit immediately adjacent to the legs or end panels.

### Specification Information

To order please specify pattern number including:

1. Left or Right hand
2. Grommet Option: E=End, N=No grommet, M=Middle grommet
3. Grommet finish: Painted or plated
4. Worksurface finish: L, V1, V2, V3
5. Edge finish: L, V1, V2, V3 (Edge options are available on laminate tops only.)
6. Leg finish: Painted or Anodized
7. Stand-off Finish: All core painted finishes

Upcharges apply to Wide Flange legs with P2, P3 and P4 finishes. Additional upcharges:

- **Leg Finish Add**
  - P2: $870
  - P3: $105
  - P4: $400

### Application Notes

- It is not advisable to mix 28 3/8"h desk height product with 26 1/2"h standard height products.
- Products on this page work with 20 1/8"h height planning.
- Products on this page will accept woodgrain laminate where laminate is currently an option.
- Worksurface stiffeners, recommended to provide additional support for open spans greater than 48"w.
- Due to height restriction, pedestals 28 3/8"h may not fit immediately adjacent to the legs or end panels.

Peninsula worksurfaces with power center do not come with Electrical Components.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.

Modesty sold separately and can be field installed.

Wire chase sold separately.

Refer to grommet page for location option.

From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

- **R**: Ref Profiles
- **P**: Peninsula
- **D**: 1 1/2" Thick Square Edge
- **R**: Reverse L-leg
- **FM**: Flush Mount Attachment Leg
- **L**: Left hand/ Right hand
- **M**: Grommet Option
- **115**: Grommet Finish
- **114**: Worksurface Finish
- **115**: Edge finish
- **115**: Leg Finish

**Specification Information**

To order please specify pattern number including:

1. Left or Right hand
2. Grommet option
   - E=End, N=No grommet, M=Mid. grommet
3. Grommet finish
   - Painted or plated
4. Worksurface finish
   - L, V1, V2, V3
5. Edge finish: L, V1, V2, V3
   - (Edge options are available on laminate tops only.)
6. Leg finish
   - Painted or Anodized

Upcharges apply to legs with P2, P3, and P4 finishes.

**Application Notes**

- It is not advisable to mix 28 3/8" desk height product with 26 1/2" standard height products.
- Products on this page work with 28 3/8" height planning.
- Products on this page will accept woodgrain laminate where laminate is currently an option.
- Worksurface stiffeners, recommended to provide additional support for open spans greater than 48".
- Due to height restriction, pedestals may not fit immediately adjacent to the legs or end panels.
- Peninsula worksurfaces with power center do not come with Electrical Components.
- Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.
- Modesty sold separately and can be field installed.
- Wire chase sold separately.
- Refer to grommet page for location option.
- From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

1. Left or Right hand
2. Grommet option
   E=End, N=No grommet, M=Mid. grommet
3. Grommet finish
   Painted or plated
4. Worksurface finish
   L, V1, V2, V3
5. Edge finish: L, V1, V2, V3
   (Edge options are available on laminate tops only.)
6. Leg finish
   Painted or Anodized

Upcharges apply to legs with P2, P3 and P4 finishes.

**Application Notes**

It is not advisable to mix 28 3/8" desk height product with 26 1/2" standard height products.

Products on this page work with 28 3/8" height planning.

Products on this page will accept woodgrain laminate where laminate is currently an option.

Worksurfaces stiffeners, recommended to provide additional support for open spans greater than 48".

Due to height restriction, pedestals 28 3/8" may not fit immediately adjacent to the legs or end panels.

Peninsula worksurfaces with power center do not come with Electrical Components.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.

Modesty sold separately and can be field installed.

Wire chase sold separately.

Refer to grommet page for location option.

From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

Order Code

Example: R2PTDSPC(L/R) 6030( )()()()

**Specification Information**

To order please specify pattern number including:

1. Left or Right hand
2. Grommet option
   P=Power Center
   PE=Power center and end grommet
3. Grommet finish
   Painted or plated
4. Worksurface finish
   L, V1, V2, V3
5. Edge finish: L, V1, V2, V3
   (Edge options are available on laminate tops only.)
6. Leg finish
   Painted or Anodized
7. Stand-off finish
   Painted

Upcharges apply to legs with P2, P3 and P4 finishes.

Additional upcharges:

#### Application Notes

It is not advisable to mix 28 3/8" desk height product with 26 1/2" standard height products.

Products on this page work with 28 3/8" height planning.

Worksurface stiffeners, recommended to provide additional support for open spans greater than 48".

Upcharges apply to legs with P2, P3 and P4 finishes.

**Leg Finish Add**
- P2: $50
- P3: $80
- P4: $200

Peninsula worksurfaces with power center do not come with Electrical Components.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.

Modesty sold separately and can be field installed.

Wire chase sold separately.

Refer to grommet page for location option.

From users perspective, if the leg is on the right side, the peninsula is classified a "Right Hand" peninsula.

Due to height restriction, pedestals 28 3/8" may not fit immediately adjacent to the legs or end panels.

**Order Code**

Example: R2PTDSFM(L/R) 4836

**Specifcation Information**

To order please specify pattern number including:
1. Left or Right hand
2. Grommet option
   - E=End
   - N=No grommet
   - M=Mid. grommet
3. Grommet finish
   - Painted or plated
4. Worksurface finish
   - L, V1, V2, V3
5. Edge finish: L, V1, V2, V3
   (Edge options are available on laminate tops only.)
6. Leg finish
   - Painted or Anodized

**Application Notes**

It is not advisable to mix 28 3/8"h desk height product with 26 1/2"h standard height products.

Products on this page work with 28 3/8"h height planning.

Products on this page will accept woodgrain laminate where laminate is currently an option.

Worksurface stiffeners, recommended to provide additional support for open spans greater than 48"w.

Upcharges apply to legs with P2, P3 and P4 finishes.

Additional upcharges:

- Leg Finish Add
  - P2: $50
  - P3: $80
  - P4: $200

Peninsula worksurfaces with power center do not come with Electrical Components.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.

Modesty sold separately and can be field installed.

Wire chase sold separately.

Refer to grommet page for location option.

From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

Due to height restriction, pedestals 28 3/8"h may not fit immediately adjacent to the legs or end panels.

Order Code

Example: R2PTDOFM(L/R)3620(XXXXX)

R2 | Reff Profiles
PT | Peninsula
D | 1 1/2" Thick Square Edge
O | Open Frame Leg
FM | Flush Mount Attachment Plate
L | Left hand/ Right hand
36 | Width
20 | Depth
115 | Grommet Option
115 | Grommet Finish
114 | Worksurface Finish
115 | Edge Finish
115 | Leg Finish

Specification Information

To order please specify pattern number including:
1. Left or Right hand
2. Grommet option
   E=End
   M=Mid. grommet
   N=No grommet
3. Grommet finish
   Painted or plated
   N has no finish option
4. Worksurface finish
   L, V1, V2, V3
5. Edge finish: L, V1, V2, V3
   (Edge options are available on laminate tops only.)
6. Leg finish
   Painted or Anodized

Due to height restriction, pedestals 28 3/8"h may not fit immediately adjacent to the legs or end panels.

Application Notes

- It is not advisable to mix 28 3/8"h desk height products with 26 1/2"h standard height products.
- Products on this page work with 28 3/8"h height planning.
- Products on this page will accept woodgrain laminate where laminate is currently an option.
- Worksurface stiffeners, recommended to provide additional support for open spans greater than 48".
- Upcharges apply to legs with P2, P3 and P4 finishes.
- Additional upcharges:
  - Leg Finish: Add
    - P2: $60
    - P3: $90
    - P4: $350 for 20" & 24"d legs; $450 for 30" & 36"d legs
- Peninsula worksurfaces with power center do not come with Electrical Components.
- Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.
- Modesty sold separately and can be field installed.
- Wire chase sold separately.
- For infill options please refer to page 195.
- Refer to grommet page for location option.
- From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

**Order Code**

Example: R2PTDOFM(L/R)3620

**Specification Information**

To order please specify pattern number including:
1. Left or Right hand
2. Grommet option
   - E=End
   - M=Mid. grommet
   - N=No grommet
3. Grommet finish
   - Painted or plated
   - N has no finish option
4. Worksurface finish
   - L, V1, V2, V3
   - (Edge options are available on laminate tops only.)
5. Edge finish: L, V1, V2, V3
6. Leg finish
   - Painted or Anodized
   - Due to height restriction, pedestals 28 3/8"h may not fit immediately adjacent to the legs or end panels.

**Application Notes**

It is not advisable to mix 28 3/8"h desk height product with 26 1/2"h standard height products.

Products on this page work with 26 1/2"h height planning.

Products on this page will accept woodgrain laminate where laminate is currently an option.

Worksurface stiffeners, recommended to provide additional support for open spans greater than 48".

Upcharges apply to legs with P2, P3 and P4 finishes.

Additional upcharges:

- LegFinish Add
  - P2: $60
  - P3: $90
  - P4 - for 20" & 24"d legs: $350
  - for 30" & 36"d legs: $450

Peninsula worksurfaces with power center do not come with Electrical Components.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.

Modesty sold separately and can be field installed.

Wire chase sold separately.

For infill options please refer to page 195.

Refer to grommet page for location option.

From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

<td>$2,731.</td>
</tr>
</tbody>
</table>

**Order Code**

Example: R2PTEOFM(L/R)3620()()()() (L/R) = Left or Right hand

**Specification Information**

To order please specify pattern number including:

1. Left or Right hand
2. Grommet option
   - E=End
   - M=Mid. grommet
   - N=No grommet
3. Grommet finish
   - Painted or plated
   - N has no finish option
4. Worksurface finish
   - L, V1, V2, V3
5. Edge finish: L, V1, V2, V3
   (Edge options are available on laminate tops only.)
6. Leg finish
   - Painted or Anodized

**Application Notes**

Due to height restriction, pedestals 28 3/8"h may not fit immediately adjacent to the legs or end panels.

- Peninsula worksurfaces with power center do not come with Electrical Components.
- Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.
- Pedestals are not recommended for use with 48" tops.
- Wire chase sold separately.
- For infill options please refer to page 195.
- From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

**R2**

- **PT** Peninsula
- **D** 1½" Thick Square Edge
- **E** Thick End Panel Leg
- **PC** Power Center
- **L** Left hand/ Right hand
- **60** Width
- **20** Depth
- **P** Grommet Option
- **006B** Worksurface Finish
- **115** Stand-Off Finish

**Specification Information**

- To order please specify pattern number including:
  1. **Left** or **Right** hand
  2. **Grommet option**:
     - P=Power Center
     - PE=Power center and end grommet
  3. **Grommet finish**:
     - Painted or plated
  4. **Worksurface finish**:
     - L: V1, V2, V3
  5. **Edge finish**:
     - L: V1, V2, V3
     - (Edge options are available on laminate tops only.)
  6. **Leg finish**:
     - Wood or Laminate
  7. **Stand-off finish**:
     - Painted

**Application Notes**

- It is not advisable to mix 28½"h desk height product with 26½"h standard height products.
- Products on this page work with 28½"h height planning.
- Products on this page will accept woodgrain laminate where laminate is currently an option.
- Worksurface stiffeners, recommended to provide additional support for open spans greater than 48".
- Due to height restriction, pedestals 28½"h may not fit immediately adjacent to the legs or end panels.
- Peninsula worksurfaces with power center do not come with Electrical Components.
- Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.
- Modesty sold separately and can be field installed.
- Wire chase sold separately.
- Refer to grommet page for location option.
- From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

### Order Code

Example: **R2PTDFM(L/R) 4830(XXXXX)**

- **R2**: Reff Profiles
- **PT**: Peninsula
- **D**: 1 1/2" Thick Square Edge
- **E**: Thick End Panel Leg
- **FM**: Flush Mount Attachment Plate
- **L**: Left hand/Right hand
- **60**: Width
- **20**: Depth
- **E**: Grommet Option
- **006B**: Worksurface Finish
- **()**: Edge finish
- **006B**: Leg Finish
- **115**: Stand-Off Finish

### Specification Information

To order please specify pattern number including:

1. **Left or Right hand**: L
2. **Grommet option**: E = End, M = Mid, grommet N = No grommet
3. **Grommet finish**: Painted or plated N has no finish option
4. **Worksurface finish**: L, V1, V2, V3
5. **Edge finish**: L, V1, V2, V3 (Edge options are available on laminate tops only.)
6. **Leg finish**: Wood or Laminate
7. **Stand Off finish**: Painted

### Application Notes

**Peninsula worksurfaces with power center do not come with Electrical Components.**

- Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.
- Modesty sold separately and can be field installed.
- Wire chase sold separately.
- Refer to grommet page for location option.
- From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

Due to height restriction, pedestals 28 3/8"h may not fit immediately adjacent to the legs or end panels.
**Peninsula 1 1/2''**  
*Worksurface with Thick End Panel*  
**Flush Mount Attachment, Rectilinear top, Square Edge**

**Specification Information**

To order please specify pattern number including:

1. Left or Right hand:
   - L = Left hand
   - R = Right hand

2. Grommet option:
   - E = End
   - M = Mid grommet
   - N = No grommet

3. Grommet finish:
   - Painted or plated
   - N has no finish option

4. Worksurface finish:
   - L, V1, V2, V3

5. Edge finish:
   - L, V1, V2, V3
   - (Edge options are available on laminate tops only.)

6. Leg finish:
   - Wood or Laminate

7. Stand Off finish:
   - Painted

**Application Notes**

- It is not advisable to mix 28 3/8'' height product with 26 1/2'' height standard height products.
- Products on this page work with 26 1/2'' height planning.
- Products on this page will accept woodgrain laminate where laminate is currently an option.
- Worksurface stiffeners, recommended to provide additional support for open spans greater than 48''.
- Due to height restriction, pedestals 28 3/8'' may not fit immediately adjacent to the legs or end panels.

Peninsula worksurfaces with power center do not come with Electrical Components.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.

Modesty sold separately and can be field installed.

Wire chase sold separately.

Refer to grommet page for location option.

From users perspective, if the leg is on the right side, the peninsula is classified a "Right Hand" peninsula.

**Order Code**

Example: R2PTEEPC(L/R) 6020(XXXXX)

**Specification Information**

To order please specify pattern number including:

1. **Left or Right hand**
2. **Grommet option:**
   - P=Power Center
   - PE=Power center and end grommet
3. **Grommet finish:**
   - Painted or plated
4. **Worksurface finish:**
   - L, V1, V2, V3
5. **Edge finish:** L, V1, V2, V3
   - (Edge options are available on laminate tops only.)
6. **Leg finish:**
   - Wood or Laminate
7. **Stand-off finish:**
   - Painted

**Application Notes**

It is not advisable to mix 23 3/8"h desk height product with 26 1/2"h standard height products.

Products on this page work with 23 3/8"h height planning.

Products on this page will accept woodgrain laminate where laminate is currently an option.

Worksurfaces stiffeners, recommended to provide additional support for open spans greater than 45"w.

Due to height restriction, pedestals adjacent to the legs or end panels do not come with Electrical Components.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.

Modesty sold separately and can be field installed.

Wire chase sold separately.

Refer to grommet page for location option.

From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.
Peninsula 1 1/2"

Worksurface with Thick End Panel

Simple Stand-Off, Rectilinear top, Float Edge

---

### Specification Information

To order please specify pattern number including:

1. **Left or Right hand**
2. **Grommet option:**
   - N = No grommet
   - E = End location grommet
   - SE = Stand-off and end grommet
   - S = Stand-off location grommet
3. **Grommet finish:**
   - Painted or plated where applicable.
   - N has no finish options.
4. **Worksurface finish:**
   - L, V1, V2, V3
5. **Edge finish:**
   - L, V1, V2, V3
(Edge options are available on laminate tops only.)
6. **Leg finish:**
   - Wood or Laminate
7. **Stand-off finish:**
   - Painted

It is not advisable to mix 28 3/8" height product with 26 1/2" standard height products.

Products on this page work with 25 1/2" height planning.

Products on this page will accept woodgrain laminate where laminate is currently an option.

Worksurface stiffeners, recommended to provide additional support for open spans greater than 48".

Due to height restriction, pedestals 28 3/8" may not fit immediately adjacent to the legs or end panels.

Peninsula worksurfaces with power center do not come with Electrical Components.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604. Modesty sold separately and can be field installed.

Wire chase sold separately.

Refer to Peninsula Planning Guidelines for location option.

From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

---

### Order Code

**Example:** R2PTDEEST(L/R) 6020( )()()

- **R2** - Ref Profiles
- **PT** - Peninsula
- **D** - 1 1/2" Thick Square Edge
- **E** - Thick End Panel Leg
- **ST** - Stand-Off
- **L** - Left hand/ Right hand
- **60** - Width
- **20** - Depth
- **S** - Grommet Option
- **115** - Grommet Finish
- **006B** - Worksurface Finish
- ( ) - Edge finish
- **006B** - Leg Finish
- **115** - Stand-Off Finish

### Application Notes

- Peninsula worksurfaces with power center do not come with Electrical Components.
- Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.
- Modesty sold separately and can be field installed.
- Wire chase sold separately.
- Refer to Peninsula Planning Guidelines for location option.
- From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

Order Code
Example: R2ATDCFM (L/R)/4830
R2 = Reff Profiles
AT = Asymmetrical Top
D = 1 1/2" Thick Square Edge
C = Column Leg
FM = Flush Mount Plate
L/R = Left/Right Hand
48 = Width
30 = Depth
N = Grommet Option
114 = Grommet Finish
115 = Worksurface Finish
114 = Edge Finish
115 = Leg Finish

Specification Information
To order please specify pattern number including:
1. Grommet option:
   E=End grommet
   N=No grommet
2. Grommet finish:
   Painted or Plated
3. Top finish:
   L, V1, V2, V3
4. Edge finish:
   L, V1, V2, V3
   (Edge options are available on laminate tops only.)
5. Leg finish:
   Painted or Plated

Application Notes
It is not advisable to mix 28 3/8" h desk height products with 26 1/2" h standard height products.

Products on this page work with 28 3/8" h height planning,

Products on this page will accept woodgrain laminate where laminate is currently an option.

Worksurface stiffeners recommended to provide additional support for open spans greater than 48".

Upcharges apply to legs with P2, P3 and P4 finishes.

Additional upcharges:
Leg Finish Add
P2 $35
P3 $50
P4 $130

Peninsula worksurfaces with power center do not come with Electrical Components.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.

Modesty sold separately and can be field installed.

Wire chase sold separately.

Refer to grommet page for location option.

From users perspective, if the leg is on the right side, the peninsula is classified a "Right Hand" peninsula.

Due to height restriction, pedestals 28 3/8" h may not fit immediately adjacent to the legs or end panels.

Specification Information

To order please specify pattern number including:
1. Grommet option:
   E=End grommet
   N=No grommet
2. Grommet finish:
   Painted or Plated
   N Grommet has no finish option.
3. Top finish:
   L, V1, V2, V3
4. Edge finish: L, V1, V2, V3
   (Edge options are available on laminate tops only.)
5. Leg finish:
   Painted or Plated

Application Notes

It is not advisable to mix 28 3/8" h desk height products with 26 1/2" h standard height products.

Products on this page work with 28 3/8" h height planning.

Products on this page will accept woodgrain laminate where laminate is currently an option.

Worksurface stiffeners, recommended to provide additional support for open spans greater than 48".

Upcharges apply to legs with P2, P3 and P4 finishes.

Additional upcharges:
- Leg Finish Add
  - P2 $35
  - P3 $50
  - P4 $150

Peninsula worksurfaces with power center do not come with Electrical Components.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.

Modesty sold separately and can be field installed.

Wire chase sold separately.

Refer to grommet page for location option.

From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

Due to height restriction, pedestals 28 3/8" may not fit immediately adjacent to the legs or end panels.

| 115 | Grommet Option |
| 115 | Grommet Finish |
| 114 | Worksurface Finish |
| 115 | Edge finish |
| 115 | Leg Finish |

### Specification Information

To order please specify pattern number including:

1. Grommet option:  
   - N=None  
   - M=Middle
2. Grommet finish:  
   - Painted or Plated
3. Worksurface finish:  
   - L, V1, V2, V3  
   (Edge options are available on laminate tops only)
4. Edge finish:  
   - L, V1, V2, V3
5. Leg finish:  
   - Painted or Plated

### Application Notes

It is not advisable to mix 28 3/8" desk height product with 26 1/2" standard height products.

Products on this page work with 28 3/8" height planning.

Products on this page will accept woodgrain laminate where laminate is currently an option.

Worksurface stiffeners, recommended to provide additional support for open spans greater than 48" w.

Upcharges apply to legs with P2, P3 and P4 finishes.

Additional upcharges:

<table>
<thead>
<tr>
<th>Leg Finish</th>
<th>Add</th>
</tr>
</thead>
<tbody>
<tr>
<td>P2</td>
<td>$35</td>
</tr>
<tr>
<td>P3</td>
<td>$50</td>
</tr>
<tr>

<td>$150</td>
</tr>
</tbody>
</table>

Peninsula worksurfaces with power center do not come with Electrical Components.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.

Modesty sold separately and can be field installed.

Wire chase sold separately.

Refer to grommet page for location option.

From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.
### Order Code

Example: **R2PTDWPCL(R)**

- **R2** Ref Profiles
- **PT** Peninsula
- **D** 1 1/2 Thick Square Edge
- **W** Wide Flange leg
- **PC** Power Center
- **L** Left hand/ Right hand
- **60** Width
- **20** Depth
- **P** Grommet option
- **115** Grommet Finish
- **114** Worksurface Finish
- **115** Edge finish
- **115** Leg Finish
- **115** Stand-Off Finish

### Specification Information

**To order please specify pattern number including:**

1. Left or Right hand
2. Grommet option
   - P = Power Center, PE = Power center & end grommet
3. Grommet option
   - Painted or plated
4. Worksurface finish
   - L, V1, V2, V3
5. Edge finish: L, V1, V2, V3
   - Edge options are available on laminate tops only.
6. Leg finish
   - Painted or Anodized
7. Stand-off finish
   - Painted

**Upcharges apply to Wide Flange legs with P2, P3 and P4 finishes.**

**Additional upcharges:**

- **Leg Finish**
  - Add $75
  - P2 $105
  - P4 $400

### Application Notes

- **It is not advisable to mix 28 3/8”h desk height product with 26 1/2”h standard height products.**
- **Peninsula worksurfaces with power center do not come with Electrical Components.**
- **Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.**
- **Modesty sold separately and can be field installed.**
- **Wire chase sold separately.**
- **Refer to grommet page for location option.**
- **From users perspective, if the leg is on the right side, the peninsula is classified as a “Right Hand” peninsula.**

### Specification Information
- **To order please specify pattern number including:**
  1. Left or Right hand
  2. Grommet option
     - N: No grommet
     - E: End location grommet
     - S: Stand-off location grommet
     - SE: Stand-off grommet with end grommet
  3. Grommet Finish:
     - Painted or plated where applicable, N has no finish option.
  4. Worksurface finish
     - L, V1, V2, V3
  5. Edge finish: L, V1, V2, V3
     (Edge options are available on laminate tops only.)
  6. Leg finish
     - Painted or Anodized
  7. Stand-off finish
     - Painted

### Application Notes
- **For 28"h desk height product with 26 1/2"h standard height products.**
- Products on this page work with 28 1/2"h height planning.
- Products on this page will accept woodgrain laminate where laminate is currently an option.
- Worksurfaces stiffeners, recommended to provide additional support for open spans greater than 48".
- Upcharges apply to Wide Flange legs with P2, P3 and P4 finishes. Additional upcharges:
  - Leg Finish Add
    - P2 $75
    - P3 $105
    - P4 $400
- Peninsula worksurfaces with power center do not come with Electrical Components.
- Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 599 to 604.
- Modesty sold separately and can be field installed.
- Wire chase sold separately.
- Refer to Peninsula Planning Guidelines for location option.
- From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.
- Due to strength restriction, pedestals 28 1/2"h may not fit immediately adjacent to the legs or end panels.
### Peninsula Rectilinear Top

**Description:**
- Worksurface with Wide Flange Leg
- Flush Mount Attachment, Rectilinear top, Square Edge

### Specification Information

**To order please specify pattern number including:**

1. Left or Right hand
2. Grommet option
   - E=End, N=No grommet, M=Middle grommet
3. Grommet finish
   - Painted or plated
   - N has no finish option
4. Worksurface finish
   - L, V1, V2, V3
   - (Edge options are available on laminate tops only)
5. Edge finish
   - L, V1, V2, V3
6. Leg finish
   - Painted or Anodized

Upcharges apply to legs with P2, P3 and P4 finishes.

**Additional upcharges:**
- Leg Finish Add
  - P2 $75
  - P3 $105
  - P4 $400

### Application Notes

- It is not advisable to mix 28 3/8" desk height product with 26 1/2" standard height products.
- Products on this page work with 28 3/8" height planning.
- Products on this page will accept woodgrain laminate where laminate is currently an option.
- Worksurface stiffeners, recommended to provide additional support for open spans greater than 48".
- Due to height restriction, pedestals 28 3/8" may not fit immediately adjacent to the legs or end panels.

Peninsula worksurfaces with power center do not come with Electrical Components.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.

Modesty sold separately and can be field installed.

Wire chase sold separately.

Refer to grommet page for location option.

From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

### Specification Information

To order please specify pattern number including:

1. Left or Right hand
2. Grommet option
   - P = Power Center, PE = Power center & end grommet
3. Grommet option
   - Painted or plated
4. Worksurface finish
   - L, V1, V2, V3
5. Edge finish: L, V1, V2, V3
   - (Edge options are available on laminate tops only.)
6. Leg finish
   - Painted or Anodized
7. Stand-off finish
   - Painted

Upcharges apply to legs with P2, P3 and P4 finishes.

### Application Notes

- Peninsula worksurfaces with power center do not come with Electrical Components.
- Products on this page work with 20 3/4" height planning.
- Products on this page will accept woodgrain laminate where laminate is currently an option.
- Worksurface stiffeners, recommended to provide additional support for open spans greater than 48".
- Due to height restriction, pedestals 28 3/8" may not fit immediately adjacent to the legs or end panels.
- Peninsula worksurfaces with power center do not come with Electrical Components.
- Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.
- Modesty sold separately and can be field installed.
- Wire chase sold separately.
- Refer to grommet page for location option.
- From user's perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.

### Upcharges

- Leg Finish Add
  - P2 $75
  - P3 $105
  - P4 $400

Peninsula Rectilinear Top with Wide Flange Leg

Stand-Off with Power Center, Rectilinear Top, Float Edge

### Specification Information

To order please specify pattern number including:

1. Left or Right hand
2. Grommet option
   - N = No grommet
   - E = End location grommet
   - S = Stand-off location grommet
   - SE = Stand-off grommet with end grommet
3. Grommet Finish: Painted or plated where applicable, N has no finish option.
4. Worksurface finish
   - L, V1, V2, V3
5. Edge finish: L, V1, V2, V3
   (Edge options are available on laminate tops only.)
6. Leg finish
   - Painted or Anodized
7. Stand-off finish
   - Painted

### Application Notes

- It is not advisable to mix 28 3/8”h desk height product with 26 1/2”h standard height products.
- Products on this page work with 28 3/8” height planning.
- Products on this page will accept woodgrain laminate where laminate is currently an option.
- Worksurface stiffeners, recommended to provide additional support for open spans greater than 48”.
- Upcharges apply to legs with P2, P3 and P4 finishes.
- Peninsula worksurfaces with power center do not come with Electrical Components.
- Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.
- Modesty sold separately and can be field installed.
- Wire chase sold separately.
- Refer to Peninsula Planning Guidelines for location option.
- From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.
- Due to height restriction, pedestals 28 3/8”h may not fit immediately adjacent to the legs or end panels.
## Specification Information

To order please specify pattern number including:

1. Left or Right hand  
2. Grommet option  
   E=End, N=No grommet,  
   M=Middle grommet  
3. Grommet finish  
   Painted or plated  
   N has no finish  
4. Worksurface finish  
   L, V1, V2, V3  
5. Edge finish: L, V1, V2, V3  
   (Edge options are available on laminate tops only.)  
6. Leg finish  
   Painted or Anodized  

Upcharges apply to legs with P2, P3 and P4 finishes.  
Additional upcharges:

**Leg Finish** Add  
P2 $75  
P3 $105  
P4 $400

## Application Notes

- It is not advisable to mix 28 3/8\" height product with 26 1/2\" standard height products.
- Products on this page work with 28 3/8\" height planning.
- Products on this page will accept woodgrain laminate where laminate is currently an option.
- Worksurface stiffeners, recommended to provide additional support for open spans greater than 48\".
- Due to height restriction, pedestals 28 3/8\" may not fit immediately adjacent to the legs or end panels.

Peninsula worksurfaces with power center do not come with Electrical Components.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.

Modesty sold separately and can be field installed.

Wire chase sold separately.  
Refer to grommet page for location option.

From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.
## Specification Information

To order please specify pattern number including:

1. Left or Right hand
2. Grommet option

### Specification Information

- **To order please specify pattern number including:**
  1. Left or Right
  2. Grommet finish: Painted or Plated (Painted or Anodized)
  3. Top finish: L, V1, V2, V3 (Edge options are available on laminate tops only.)
  4. Edge finish: L, V1, V2, V3 (Edge options are available on laminate tops only.)
  5. Leg finish: Painted or Anodized
  6. Stand-off finish: Painted

- Grommet type: P only

- Due to height restriction, pedestals 28 3/8''h may not fit immediately adjacent to the legs or end panels.

- Peninsula worksurfaces with power center do not come with Electrical Components.

- Products on this page work with 28 3/8''h height planning.

- Products on this page will accept woodgrain laminate where laminate is currently an option.

- Worksurface stiffeners, recommended to provide additional support for open spans greater than 48''w.

- Upcharges apply to legs with P2, P3 and P4 finishes.

- Additional upcharges:
  - Leg Finish Add
  - P2 $75
  - P3 $105
  - P4 $400

Peninsula worksurfaces with power center do not come with Electrical Components. Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604. Modesty sold separately and can be field installed. Wire chase sold separately. Refer to grommet page for location option. From users perspective, if the leg is on the right side, the peninsula is classified as a “Right Hand” peninsula.

**Specification Information**

*To order please specify pattern number including:*

1. Grommet finish:  
   - Painted or Plated
2. Top finish:  
   - L, V1, V2, V3
3. Edge finish: L, V1, V2, V3  
   (Edge options are available on laminate tops only.)
4. Leg finish:  
   - Painted or Anodized
5. Stand-off finish:  
   - Painted

*Grommet type:*

- P only

Due to height restriction, pedestals 28½”h may not fit immediately adjacent to the legs or end panels.

- Products on this page work with 28 3/8" height planning.
- Products on this page will accept woodgrain laminate where laminate is currently an option.
- Worksurface stiffeners, recommended to provide additional support for open spans greater than 48"w.
- Due to height restriction, pedestals 28 3/8"h may not fit immediately adjacent to the legs or end panels.
- Peninsula worksurfaces with power center do not come with Electrical Components.
- Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 599 to 604.
- Modesty sold separately and can be field installed.
- Wire chase sold separately.
- Refer to grommet page for location option.
- From users perspective, if the leg is on the right side, the peninsula is classified a “Right Hand” peninsula.
Reff Profiles Classic Height Adjustable Desks for 28 ¾” planning are an elegant and ergonomic solution for executive office spaces. With a height range of 26 ½” to 42 ¼” from the underside of the worksurface, the Classic Height Adjustable Desk offers a range of work heights from sitting to standing and is perfect for multi-user offices where convenient desk height adjustment is desired.

**Construction**
Classic Height Adjustable Desks are made up of two components, specified separately: the worksurface and the base. The worksurface is 1 ½” thick and has a three ply construction; refer to Worksurface planning guide pages for details of construction. The worksurface is pre-drilled with pilot holes for use with wood screws. The base consists of the electric height adjustable leg system, enclosed by two side gables, a modesty panel and leg covers. The base includes vertical hanging shrouds on three sides that are attached to the worksurface. The hanging shrouds move with the worksurface, sliding inside the gables and modesty which rest on the floor. Hanging shrouds are ¾” thick. Side gables are 1½” thick. The modesty is ¾” thick. The height adjustable legs are attached to the gables and modesty using heavy gauge steel brackets.

The product ships knocked-down. Field assembly is required. Refer to Installation Instruction 6TP00495 available on Knoll Exchange.

The Classic Height Adjustable Desk is a freestanding furniture element and must be placed at least 1” away from adjacent furniture elements in order to avoid any potential pinch points.

![Figure 1: Classic Height Adjustable Desk Worksurface](image1)

![Figure 2: Classic Height Adjustable Desk Base](image2)
Height Adjustable Leg System:

Construction
The electric height adjustable leg system includes five parts: cabinet mounted weldment constructed of 14 gauge and 11 gauge steel, extendable columns constructed of 14 gauge steel, cantilever brackets constructed of 11 gauge steel, and outer and inner adjustable width crossbars of 14 gauge and 11 gauge steel respectively.

Electrical Requirements
The energy used by the electric height adjustable leg system during operation ranges from 180 – 320 Watts, which translates to 1.5 – 3.2 Amps. Energy consumption during standby is 0.45 Watts, which translates to 0.00375 Amps. Power requirement and usage per desk is: 120 – 240V, 50 - 60Hz, 3.2 Amps @ 120V running draw.

Scope:
Worksurfaces and Bases come in two depths; 30”D and 36”D; and widths from 60”W to 84”W in 6” increments. Worksurfaces are 1 ½” thick and have a standard square edge profile.

Load limit for the height adjustable leg, in excess of the worksurface and shrouds, is 95lbs, uniformly distributed.

For complete guide to the height adjustable leg system, user instructions and safety features, refer to the Reff Profiles Height Adjustable Desk Users Manual available on Knoll Exchange.

Worksurface Options:
Worksurfaces are pre-drilled for either flush or recessed configurations. The flush configuration consists of equal depth worksurface and base. The recessed configuration consists of the 36” deep worksurface with a 30” deep base. All 30” deep worksurfaces are pre-drilled for flush configuration. 36” deep worksurfaces maybe specified either “F” for flush or “R” for recessed configuration.
Power and Data Access
Optional grommets can be specified to provide electrical and communications access at worksurface height.

Grommets are 2"x3" Profiles style which have a 1/16" thick flange which sits above the worksurface. Refer to Worksurface planning guide pages for grommet locations.

Finish Options
Worksurfaces are available in all core laminates, including wood grain laminates, and wood veneer. Wood grain direction runs along the width of the worksurface.

Base Options:
The Classic Height Adjustable Desk base has four elements requiring consideration: control switch, and the finish choices for the base, shroud and leg.

Control Switch
The Classic Height Adjustable Desk is available with four switch options. The default switch for this desk is the simple up/down switch. Other switch options are available with an upcharge. "S" specifies the standard up/down control switch. "D" specifies the digital display with programmable settings. The digital display comes with five programmable memory settings, including two "quick access" buttons for sitting mode and standing mode. Refer to Tone™ "Users Manual for Digital Control Switch" available on Knoll Exchange. "TR" specifies the toggle switch with red control paddle. "TG" specifies the toggle switch with grey control paddle. Toggle switches are available from Tone™ as a replacement accessory with product codes TBTR and TBTG respectively.

Finish Options
The base finish options refer to the two side gables and modesty panel. The base may be specified in laminate or wood veneer. The base is not available in wood grain laminate. The shroud, which hangs vertically from the underside of the worksurface, may be specified in laminate or wood veneer. Shrouds are not available in wood grain laminate. A small portion of the adjustable height legs are visible above the leg covers. The legs are offered in all core paint finishes.

Planning Notes:

Storage
Built-in storage options are not available for the Classic Height Adjustable Desk. Mobile pedestals are the recommended solution for under-desk storage. Available depth clearance adjacent to the leg covers is 19".

Accessories
It is essential to understand the mounting clearance required for accessories such as keyboard supports, laptop drawers, CPU holders and wire management. Refer to the figures on the following page for available under-desk clearances and dimensions. Wire management options include the RJBU Undermounted J-wire Trough. Refer to the Reff Profiles Accessories page for image and pricing. Alternatively, the Tone™ TBCP Cleat Plate which mounts to the underside of the worksurface centered between the crossbars may be used. Refer to the Tone™ Accessories page for image and pricing.

**Order Code**

Example: **RCHTDF6030( )()()**

- **R**: Reff Profiles
- **CH**: Classic Height Adjustable Desk
- **T**: Top
- **D**: 1 1/2" thick, square edge
- **F**: Flush modesty, (R = Recessed modesty available on 36" deep worksurfaces only)
- **60**: Width
- **30**: Depth
- **G**: Grommet option
- **111**: Grommet finish
- **114**: Worksurface top finish
- **114**: Worksurface edge finish

**Specification Information**

To order please specify pattern number including:

1. Grommet type:
   - N = No grommet
   - G = with Grommet
2. Grommet finish:
   - Painted or Plated
3. Worksurface finish:
   - L, V1, V2, V3
4. Edge finish:
   - Edge options are available on laminate tops only.

Product on this page will accept woodgrain laminate where laminate is currently an option.

**Application Notes**

- Hardware is included.
- All tops are drilled to accept shrouds.
- Recessed modesties are an option for 36" deep worksurfaces only.
- If Flush modesty is selected; the grommet location is flush.
- If Recessed modesty is selected, the grommet location is Recessed.
- For further information please refer to the planning guide pages.

#### Specification Information

To order please specify pattern number including:

1. **Control Switch:**
   - **S** specifies the standard up/down Control Switch
   - **D** specifies the digital display with programmable setting. Add $309 list for the digital display with programmable settings.
   - **TR** specifies the red toggle switch.
   - **TG** specifies the grey toggle switch.
2. **Base finish:** L
3. **Shroud finish:** L, V1, V2, V3
4. **Leg finish:** Core paint finishes only

Product on this page do not accept wood grain laminate.

Bases are designed for use with corresponding worksurfaces to create freestanding tables.

#### Application Notes

- Worksurfaces must be specified separately.
- Bases comes with worksurface mounting brackets.
- Height range is from 26 1/2"h - 43"h, (from the underside of worksurface to the floor) with the load capacity of 95 lbs uniformly distributed.
- An upcharge of $318 applies to the "Digital Switch Option".
- An upcharge of $100 applies to the "Toggle Switch Option".
- Assembly required; the base ships knocked down.
- Leg finish applies to the vertical columns, cross rails and end brackets.
- Side gables are 1 1/2" thick.
- The Base includes the lower side gables, modesty & leg covers.
- The Shrouds are attached to the underside of the worksurface.

### Specification Information

To order please specify pattern number including:

1. Control Switch:
   - "S" specifies the standard up/down Control Switch
   - "D" specifies the digital display with programmable setting. Add $309 list for the digital display with programmable settings.
   - "TR" specifies the red toggle switch.
   - "TG" specifies the grey toggle switch.

2. Base finish: V1, V2, V3
3. Shroud finish: L, V1, V2, V3
4. Leg finish: Core paint finishes only

Product on this page do not accept wood grain laminate.

Bases are designed for use with corresponding worksurfaces to create freestanding tables.

### Application Notes

Worksurfaces must be specified separately.

Bases come with worksurface mounting brackets.

Height range is from 26\(\frac{1}{2}\)"h - 43"h, (from the underside of worksurface to the floor) with the load capacity of 95 lbs uniformly distributed.

An upcharge of $318 applies to the "Digital Switch Option".

An upcharge of $100 applies to the "Toggle Switch Option."

Assembly required; the base ships knocked down.

Leg finish applies to the vertical columns, cross rails and end brackets.

Side gables are 1\(\frac{1}{2}\)" thick.

The Base includes the lower side gables, modesty & leg covers.

The Shrouds are attached to the underside of the worksurface.
Executive Height Adjustable Desks
for 28 3/8" high planning offer flexibility,
personalization and advanced ergonomic
performance in the workplace. With a
height range of 26 1/2" to 42 1/4" from the
underside of the worksurface, Executive
Height Adjustable Desks offer a range of
work heights from sitting to standing and
are perfect for multi-user offices where
convenient desk height adjustment is desired.

Executive Height Adjustable Desks can be
configured in a variety of ways to meet many
functional and aesthetic requirements.

Executive Height Adjustable Desks consist
of a Worksurface Top and a configurable,
Height Adjustable Executive Desk
Base. The base offers options for the
modesty panel and the desk storage.

See Figures 1, 2, 3, & 4 for
example configurations.

Executive Height Adjustable Desks are
typically planned as a stand-alone, free-
standing element in an enclosed office space.
Refer to Planning with Executive Height
Adjustable Desks at the end of this section.

### Components and Specification Options

**Worksurface:**
Executive Height Adjustable Desk worksurfaces are available in two depths; 30" and 36", and in widths from 60" to 84" in 6" increments. All desk worksurfaces come with a standard square edge and are 1½" thick. Refer to The Planning Guide section for Worksurfaces for general construction details.

Worksurfaces are pre-drilled with pilot holes for attachment to the height adjustable leg set. Worksurfaces are offered with two drilling options, which correspond to either a flush or a recessed leg selection:

- F=flush leg/storage
- R=recessed leg/storage

**Note:** Recessed leg/storage is only available for 36"D tops. See Figure 5 for worksurface drilling options as they relate to leg/storage positions.

![Figure 5: Worksurface Drilling Options for Flush or Recessed Legs/Storage](Shown with Storage on Both Sides)
Worksurfaces are available with 2" x 3" desktop grommets for wires to pass through. There are two grommet options:
- N=no grommet
- G=grommet

When the (G) grommet option is selected, the position of the grommets on the depth of the worksurface is determined by the leg/storage drilling option selected, (F) or (R).

See Figure 6 for grommet locations.

Grommets consist of a sleeve and a lid. The sleeve has a raised flange which trims the opening in the worksurface. The lid covers the opening and has a mouse-hole to allow wires to pass through.

When specified with grommets, the worksurface is pre-drilled and includes two grommets located at each end of the worksurface.

![Figure 6: Desktop Grommet Locations (Shown with Storage One Side)]
Desk Base:
The Height Adjustable Executive Desk Base consists of the following components, varying per the configuration specified.

- Height Adjustable Leg Set
- Leg Surround
- Box-File Pedestal
- Pedestal Top
- Pedestal Back
- Modesty
- Wire Manager

See Figure 7 for exploded view of a Height Adjustable Desk Base.

The base is a pre-configured unit which is assembled in the field. Refer to installation instructions available on Knoll Exchange.

See Figure 8 for a matrix of available configurations.

Figure 7: Height Adjustable Executive Desk Base Components
Figure 8: Desk Base Modesty & Leg/Storage Options

- No Modesty (N)
- Partial Recessed Modesty (P)
- Full Recessed Modesty (R)
- Full Flush Modesty (F)
- No Storage (N)
- Storage 1 Side (RL/RR) (RL Shown)
- Storage Both Sides (RB)
**Height Adjustable Leg Set:**

Height adjustable leg sets are electrically controlled with two telescoping two-stage legs and have a height range from 26½” to 42¼” to the underside of the top. The legs have an outer diameter of 3½”. They have a 30” deep T-leg base with adjustable-width cross rails provided in the appropriate width to suit the desk.

See **Figure 9** for height adjustable leg set details.

Height adjustable leg sets are available in all core paint finishes.

Four switch options are available for the leg sets. The default switch is the simple up/down switch. Other switch options are available with an upcharge. The standard up/down switch "S" activates power to extend or retract the legs to reach the desired height. The optional digital control "D" is programmable to preset user height preferences.

A 120” A/C power cordset with a 3-prong, grounded plug is provided.

"TR" specifies the toggle switch with red control paddle. "TG" specifies the toggle switch with grey control paddle.

Toggle switches are available from Tone™ as a replacement accessory with product codes TBTR and TBTG respectively.

**Leg Surround:**

Leg surrounds conceal the height adjustable leg and foot and provide an elegant aesthetic alternative to the typical exposed leg set. The leg surround provides no structural support of the desk.

Leg surrounds are of all wood construction, 6½”W and 22½”H. They come in two depths, 30” and 36”D, corresponding to the desk base size selected.

The unit consists of side gables with overlaying front and back panels. The front panel (users side) of the unit will be full height when the flush base option is selected, or raised off the floor when the stepped base option is selected. Refer to **Figure 11** for base details.

The top is pre-drilled with a cut-out for a field installed leg grommet which trims the opening for the height adjustable leg. The mouse-hole in the leg grommet allows the height adjustable leg set power cable to pass through the top into the interior of the leg surround where it may pass under the side gable to a local floor monument. Refer to **Figure 10** for exploded view.

The front (users side) finish of the leg surround corresponds to the pedestal front finish when a storage pedestal is specified. The top and sides finish defaults to the desk base case finish. The leg grommet finish defaults to the height adjustable leg finish.
**Box/File Storage Pedestal:**
The Height Adjustable Executive Desk Base may be configured with either one or two letter width box-file pedestals, available with either metal or wood interior and with either flush or stepped base detail.

See **Figure 11** for base options & details.

Pedestal depths correspond to the desk base depth selected. Drawer interiors are 26"D for both 30"D and 36"D options.

Wood drawers are a 4-sided, 5-ply, wood box, maple veneered and finished inside and out. All corners are dovetailed for superior fit.

Metal drawer interiors are constructed of 22-gauge cold rolled, commercial quality (CRCQ) steel, painted black.

Drawers have full extension steel, ball bearing slides and are designed to meet BIFMA loading standards.

Pulls can be specified in B (no pull), C, D, F (bar), H (outline), J (routed), R (cylinder), S, and T (tab). Integral "J" pulls are full-width and routed out of the drawer front. Refer to page 566 for pedestal pull locations and details.

All pedestals come drilled for locks. Lock keyholes are located at the top right hand corner of the box drawer front. Locks are specified separately and can be randomly keyed or keyed alike. Locks are no charge and are available in either black or a matte silver finish.

Keying instructions must accompany all orders. Refer to page 642 for KnollKey Lock Program Information. Pedestals do not come with locks included. Randomly keyed locks are factory installed. Keyed-alike locks are field-installed using the KnollKey order form. Each locking pedestal counts for one lock core.

Pencil trays are included in box drawer pedestals with wood interiors; Pencil trays can be ordered separately for pedestals with metal interiors.

File drawers include bars for front to back and side to side filing, accommodating both letter and legal filing. Wood file drawers do not support bottom loading. Metal file drawers will support bottom loading.

The finish of the pedestal front may be wood veneer, or any core laminate except wood grain laminate. The finish of the pedestal case defaults to the desk base case finish which may be wood veneer, or any core laminate except wood grain laminate.

**Pedestal Top:**
Pedestal tops provide a 1/2" thick surface over the leg surround or both the leg surround and BF pedestal when storage is specified. The pedestal top clips onto the leg surround or pedestal for ease of installation.

See **Figure 12** for exploded view.

Pedestal tops are pre-drilled with an access hole for insertion of the height adjustable leg set. This access hole is trimmed with a keyhole shaped leg grommet. The mouse-hole in the leg grommet facilitates passage of power wires through the pedestal top.

The finish of the pedestal top defaults to the desk base case finish. The finish of the leg grommet defaults to the height adjustable leg finish.

**Pedestal Back:**
Pedestals and leg surrounds are covered with either a pedestal back or full flush modesty. Pedestal backs require no specification. Their finish defaults to the desk base case finish. Refer to **Figure 12** for exploded view.

---

**Figure 11:** Storage Pedestal Base Options

**Figure 12:** Leg Surround, Box/File Pedestal, & Pedestal Top, Exploded View (stepped base shown)
Modesty:
The Height Adjustable Executive Desk Base is available with four modesty options:
- N=None
- F=Flush Full Height
- P=Recessed Partial Height
- R=Recessed Full Height

When no modesty (N) is selected, the leg surround and pedestals come with a finished pedestal back. When flush full height modesty (F) is selected, a single-piece full-height back spans the entire width of the desk base, covering the leg surrounds and pedestals. When recessed partial height (P) or recessed full height (R) modesty is selected, each pedestal unit and/or leg surround comes with a finished back, and a recessed modesty panel spans the space between the pedestal units and/or leg surrounds. That recessed panel is located 6" in from the back of the pedestals and/or leg surrounds.

Refer to Figure 5 & Figure 8 for modesty configuration examples.
Partial height modesties are 13½"H. All modesties are nominally 1" thick.
The Modesty finish defaults to the desk base case finish.

Wire Management:
The Wire Manager neatly and conveniently encapsulates and conceals several cables and directs them down the height adjustable leg, through the mouse-hole of the leg grommet. The wire manager prevents the cables from bunching as the worksurface is raised and lowered.
The Wire Manager is of metal construction with a back and a snap-on cover. It attaches to the structural support under the worksurface. See Figure 13 for details.

One wire manager is included with the Height Adjustable Executive Desk Base and is field installed. Refer to Installation Instruction 6TP00499 available on Knoll Exchange.
The wire manager comes in core paint finishes which default to the leg finish.

Wire managers are available as a separate accessory item; pattern code RHPW. The accessory wire manager is available in all core paint finishes.

Other accessories available for wire and power management include the Tone Cleat Plate, Power Strip and Hinged Wire Cover. Refer to the Tone Height Adjustable Tables price list, Accessories section.
Planning with Executive Height Adjustable Desks

In the installed position, the sides of the worksurface overhang the leg surrounds by 1 1/16". The approach edge of the worksurface is flush with the storage pedestal back(s) and/or the leg surrounds when the flush leg option is selected, and overhangs 6" for the recessed leg/storage option. The user's edge of the worksurface is flush with the face of the leg surrounds/storage.

See Figure 14 for overhang dimensions.

---

CAUTION: Allowance must be made for a minimum 1" clearance to adjacent worksurfaces to avoid possible pinch points.

Planner must be aware of the upper height of the worksurface travel and allow clearance for mounted ancillary products such as monitor arms or lighting.

See Figure 15 for desk height range.

Generally, the planner should match the aesthetic of the Executive Height Adjustable Desk storage to the adjacent storage, selecting the same pull and base detail options.

---

### Order Code

Example: REDTDF6030 ( )()()  
R Ref Profiles  
ED Executive Height Adjustable Desk  
T Top  
D 1 1/2" thick, square edge  
F Flush modesty, (R = Recessed modesty available on 36" deep worksurfaces only)  
60 Width  
30 Depth  
G Grommet option  
111 Grommet finish  
114 Worksurface top finish  
114 Worksurface edge finish

### Specification Information

To order please specify pattern number including:

1. Grommet type:  
   - N = No grommet  
   - G = with Grommet  
2. Grommet finish:  
   - Painted or Plated  
3. Worksurface finish:  
   - L, V1, V2, V3  
4. Edge finish: L, V1, V2, V3  
   (Edge options are available on laminate tops only.)

Product on this page will accept woodgrain laminate where laminate is currently an option.

### Application Notes

Hardware is included.  
Recessed modesties are an option for 36" deep worksurfaces only.  
If Flush modesty is selected; the grommet location is flush.  
If Recessed modesty is selected, the grommet location is Recessed.  
For further information please refer to the planning guide pages.

**Order Code**

Example: REDBN6030
(1/2)( )( )

**Specification Information**

1. Control Switch:
   - "S" specifies the standard up/down Control Switch.
   - "D" specifies the digital display with programmable setting. Add $318 list for the digital display with programmable settings.
   - "TR" specifies the red toggle switch.
   - "TG" specifies the grey toggle switch.

2. Case finish:
   - L, V1, V2, V3
   - Case finish refers to Gables, Tops, Modesty & Back.

3. Front finish:
   - L, V1, V2, V3
   - Case finish refers to front of Leg cover and Ped. fronts.

4. Leg finish:
   - Core paint finish only
   - Leg finish refers to the adjustment height round column leg.

Product on this page will not accept wood grain laminate.

**Application Notes**

Worksurface must be specified separately.
Base comes with worksurface mounting hardware.
Height range is from 26½" - 42½" (from the underside of worksurface to the floor) with the load capacity of 200 lbs.
An upcharge of $318 applies to the "Digital Switch Option".
An upcharge of $100 applies to the "Toggle Switch Option".
Assembly required; the base ships knocked down.
Leg finish applies to the vertical columns, cross rails and end brackets.
The base includes one wire manager, and the color defaults to the leg color.
Fascias are not included and can be ordered separately.
Use 30" base with 36" tops for a recessed appearance.
Use equal sized base and top for flush appearance.
For further information please refer to the planning guide pages.

### Specification Information

To order please specify pattern number including:

1. Control Switch:
   - "S" specifies the standard up/down Control Switch.
   - "D" specifies the digital display with programmable setting. Add $318 list for the digital display with programmable settings.
   - "TR" specifies the red toggle switch.
   - "TG" specifies the grey toggle switch.
2. Case finish:
   - L, V1, V2, V3
   Case finish refers to Gables, Tops, Modesty & Back.
3. Front finish:
   - L, V1, V2, V3
   Front finish refers to front of Leg cover and Ped. fronts.
4. Leg finish:
   - Core paint finish only
   Leg finish refers to the adjustment height round column leg.

Product on this page will not accept wood grain laminate.

Bases are designed for use with corresponding worksurfaces to create freestanding tables.

### Application Notes

Work surface must be specified separately.
Base comes with worksurface mounting hardware.
Height range is from 26 1/2" h - 42 1/4" h (from the underside of worksurface to the floor) with the load capacity of 200 lbs.
An upcharge of $318 applies to the "Digital Switch Option".
An upcharge of $100 applies to the "Toggle Switch Option."
Assembly required; the base ships knocked down.
Leg finish applies to the vertical columns, cross rails and end brackets.
The base includes one wire manager, and the color defaults to the leg color.
Fascias are not included and can be ordered separately.
Use 30” base with 36” top for recessed appearance.
Use equal sized base and top for flush appearance.
For further information please refer to the planning guide pages.

  - TG=Toggle switch, Grey
- 114 = Case finish
- 114 = Front finish
- 111 = Leg finish

**Specification Information**

To order please specify pattern number including:

1. Control Switch:
   - **S** specifies the standard up/down Control Switch.
   - **D** specifies the digital display with programmable setting. Add $318 list for the digital display with programmable settings.
   - **TR** specifies the red toggle switch.
   - **TG** specifies the grey toggle switch.
2. Case finish:
   - L, V1, V2, V3
   - Case finish refers to Gables, Tops, Modesty & Back.
3. Front finish:
   - L, V1, V2, V3
   - Front finish refers to front of Leg cover and Ped. fronts.
4. Leg finish:
   - Core paint finish only
   - Leg finish refers to the adjustment height round column leg.

Product on this page will not accept wood grain laminate.

**Application Notes**

- Worksurface must be specified separately.
- Base comes with worksurface mounting hardware.
- Height range is from 26 1/2" to 42 1/4" from the underside of worksurface to the floor with the load capacity of 200 lbs.
- An upcharge of $318 applies to the "Digital Switch Option." An upcharge of $100 applies to the "Toggle Switch Option." Assembly required; the base ships knocked down.
- Leg finish applies to the vertical columns, cross rails and end brackets.
- The base includes one wire manager, and the color defaults to the leg color.
- Fascias are not included and can be ordered separately.
- Use 30" base with 36" top for recessed appearance.
- Use equal sized base and top for flush appearance.
- For further information please refer to the planning guide pages.

### Order Code

Example: REDBN6030R(L/R)(1/2)M()()()()()()

### Specification Information

**To order please specify pattern number including:**

1. **Control Switch:**
   - “S” specifies the standard up/down Control Switch.
   - “D” specifies the digital display with programmable setting. Add $318 list for the digital display with programmable settings.
   - “TR” specifies the red toggle switch.
   - “TG” specifies the grey toggle switch.

2. **Case finish:**

3. **Front finish:**
   - “L”, “V1”, “V2”, “V3” Front finish refers to front of Leg cover and Ped. fronts.

4. **Pull option:**

5. **Pull finish:**
   - Painted & Plated options

6. **Lock option:**
   - “L” Pedestals with drawers always lock drilled

7. **Lock finish:**
   - “B=Black, S=Matte Silver

8. **Leg finish:**
   - Core paint finish only
   - Leg finish refers to the adjustment height round column leg.

### Application Notes

- **Worksurface must be specified separately.**
- **Base comes with worksurface mounting hardware.**
- **Height range is from 26 1/2” to 42 1/4” (from the underside of worksurface to the floor) with the load capacity of 200 lbs.**
- **An upcharge of $318 applies to the “Digital Switch Option”.**
- **An upcharge of $100 applies to the “Toggle Switch Option.”**
- **Assembly required; the base ships knocked down.**
- **Leg finish applies to the vertical columns, cross rails and end brackets.**
- **The base includes one wire manager, and the color defaults to the leg color.**
- **Fascias are not included and can be ordered separately.**
- **Use 30” base with 36” top for recessed appearance.**
- **Use equal sized base and top for flush appearance.**
- **For further information please refer to the planning guide pages.”**

Product on this page will not accept wood grain laminate.

Bases are designed for use with corresponding worksurfaces to create freestanding tables.

   - "D" specifies the digital display with programmable setting. Add $318 list for the digital display with programmable settings.
   - "TR" specifies the red toggle switch.
   - "TG" specifies the grey toggle switch.
2. **Case finish:**
   - L, V1, V2, V3
   - Case finish refers to Gables, Tops, Modesty & Back.
3. **Front finish:**
   - L, V1, V2, V3
   - Front finish refers to front of Leg cover and Ped. fronts.
4. **Pull option:**
   - F, R, H, T, J, D, C, S, B=blank (for COM pull)
5. **Pull finish:**
   - Painted & Plated options
6. **Lock option:**
   - L
   - Pedestals with drawers always lock drilled
7. **Lock finish:**
   - B=Black, S=Matte Silver
8. **Leg finish:**
   - Core paint finish only
   - Leg finish refers to the adjustment height round column leg.

### Application Notes

- **Product on this page will not accept wood grain laminate.**
- **Bases are designed for use with corresponding worksurfaces to create freestanding tables.**
- **Worksurface must be specified separately.**
- **Base comes with worksurface mounting hardware.**
- **Height range is from 26 1/2” h - 42 1/4” h** (from the underside of worksurface to the floor) with the load capacity of 200 lbs.
- **An upcharge of $318 applies to the “Digital Switch Option”.**
- **An upcharge of $100 applies to the “Toggle Switch Option.”**
- **Assembly required; the base ships knocked down.**
- **Leg finish applies to the vertical columns, cross rails and end brackets.**
- **The base includes one wire manager, and the color defaults to the leg color.**
- **Fascias are not included and can be ordered separately.**
- **Use 30” base with 36” top for recessed appearance.**
- **Use equal sized base and top for flush appearance.**
- **For further information please refer to the planning guide pages.**

- **114** - Front finish
- **T** - Pull option
- **111** - Pull finish
- **L** - Lock option
- **B** - Lock finish
- **111** - Leg finish

#### Specification Information

To order please specify pattern number including:

1. **Control Switch:**
   - "S" specifies the standard up/down Control Switch.
   - "D" specifies the digital display with programmable settings. Add $318 list for the digital display with programmable settings.
   - "TR" specifies the red toggle switch.
   - "TG" specifies the grey toggle switch.
2. **Case finish:**
   - L, V1, V2, V3
   - Case finish refers to Gables, Tops, Modesty & Back.
3. **Front finish:**
   - L, V1, V2, V3
   - Front finish refers to front of Leg cover and Ped. fronts.
4. **Pull option:**
   - F, R, H, T, J, D, C, S, B=blank (for COM pull)
5. **Pull finish:**
   - Painted & Plated options
6. **Lock option:**
   - L
   - Pedestals with drawers always lock drilled
7. **Lock finish:**
   - B=Black, S=Matte Silver
8. **Leg finish:**
   - Core paint finish only
   - Leg finish refers to the adjustment height round column leg.

Product on this page will not accept wood grain laminate.

Bases are designed for use with corresponding worksurfaces to create freestanding tables.

#### Application Notes

- **Worksurface must be specified separately.**
- **Base comes with worksurface mounting hardware.**
- **Height range is from 26 1/2”h - 42 1/4”h** (from the underside of worksurface to the floor) with the load capacity of 200 lbs.
- An upcharge of $318 applies to the “Digital Switch Option”.
- An upcharge of $100 applies to the “Toggle Switch Option.”
- **Assembly required; the base ships knocked down.**
- **Leg finish applies to the vertical columns, cross rails and end brackets.**
- The base includes one wire manager, and the color defaults to the leg color.
- Fascias are not included and can be ordered separately.
- Use 30” base with 36” top for recessed appearance.
- Use equal sized base and top for flush appearance.
- For further information please refer to the planning guide pages.

   - Leg finish refers to the adjustment height round column leg.

**Application Notes**

- Worksurface must be specified separately.
- Base comes with worksurface mounting hardware.
- Height range is from 26 1/2" h -42 1/4"h (from the underside of worksurface to the floor) with the load capacity of 200 lbs.
- An upcharge of $318 applies to the “Digital Switch Option”.
- An upcharge of $100 applies to the “Toggle Switch Option.”
- Assembly required; the base ships knocked down.
- Leg finish applies to the vertical columns, cross rails and end brackets.
- The base includes one wire manager, and the color defaults to the leg color.
- Fascias are not included and can be ordered separately.

For further information please refer to the planning guide pages.

- For equal sized base and top for flush appearance.
- Use 30" base with 36" top for recessed appearance.
- Use equal sized base and top for flush appearance.
- For further information please refer to the planning guide pages.

Product on this page will not accept wood grain laminate.

Bases are designed for use with corresponding worksurfaces to create freestanding tables.
Height Adjustable Peninsulas
Research shows that moving throughout the day increases well-being and workplace satisfaction. Reff Profiles offers sit-to-stand solutions for the entire office, including height-adjustable open plan workstations and adjustable desks, credenzas and peninsulas for the private office or enclosed workspace.

Height Adjustable Peninsulas for 28½” high planning offer flexibility, personalization, and advanced ergonomic performance in the workplace. With a height range of 26½” to 42¼” from the underside of the worksurface, the Height Adjustable Peninsulas offer a range of work heights from sitting to standing and are perfect for multi-user offices where convenient desk height adjustment is desired.

Height adjustable peninsulas consist of a worksurface with height adjustable leg set. The leg set has a height adjustable column with a supporting foot at either end of the worksurface. At one end of the peninsula is a storage element while at the other is a box leg surround.

Peninsulas are typically planned in a T-shaped layout, with the storage aligning a wall or panel system. Refer to Planning with Height Adjustable Peninsulas at the end of this section.

The Progressive solution uses a Progressive Low Credenza as the storage element at one end with an aluminum framed box leg surround at the other end to emulate an Open Frame Leg solution with infill panels. See Figure 2.

Common components to both solutions include the worksurfaces and height adjustable leg sets.

Classic and Progressive pre-configured peninsulas are handed relative to the leg surround. From the User’s point of view, a right-handed peninsula has the leg surround on the right-hand side. A left-hand peninsula has the leg surround on the left-hand side. See Figure 3 for peninsula handedness.

The Classic solution is offered with an Open Access Pedestal combined with a 1” thick Credenza Top to create the storage element at one end with a wood-case box leg surround at the other. See Figure 1.

The Classic and Progressive pre-configured peninsula products simplify the order process for a complete solution. To accommodate more finish options and facilitate mixing and matching storage or leg surround options, the entire set of modular components is available to create a build-to spec solution to suit adjacent furniture aesthetics.

Figure 1: Classic HA Peninsula
Right Hand Shown

Figure 2: Progressive HA Peninsula
Right Hand Shown

Figure 3: Peninsula Handedness
Components and Specification Options

**Worksurface**
Peninsula worksurfaces are available in two depths: 30” and 36”, and widths from 60” to 84” in 6” increments. All peninsula worksurfaces come with standard square edge and are 1½” thick. Refer to The Planning Guide for Worksurfaces for general construction details. Worksurfaces are pre-drilled with pilot holes for attachment of the height adjustable legs.

Worksurfaces are available with 2” x 3” desktop grommets for wires to pass through. Grommets consist of a sleeve with a raised flange which trims the opening in the worksurface and a lid with a mouse-hole to cover the opening and allow wires to pass through. There are three grommet options:

- N = no grommet
- GL = grommet left side, is to the left of the User
- GR = grommet right side, is to the right of the User.

See Figure 4 Grommet Locations.

In the installed position, for both Progressive and Classic HA Peninsulas, the edge of the peninsula top is 3½” inboard from the wall. So, for example, a 72” wide peninsula top will extend 75½” into the room.

See Figure 5 Overall Width Dimensions.

---

**Figure 4: Grommet Locations**

**Figure 5: Installed Overall Dimensions**
**Height Adjustable Leg Set**

Height adjustable leg sets are electrically controlled with two telescoping two-stage legs and a height range from 26½" to 42¼". The legs have an outer diameter of 3⅛". They have a 30" deep T-leg base with adjustable-width cross rails in three width options:

- **S** = short (31"-45"W);
  - for use with 30"-54" wide tops
- **M** = medium (42"-68"W);
  - for use with 42"-78" wide tops
- **L** = long (63"-89"W);
  - for use with 66"-96" wide tops

Height adjustable leg sets are available in all core paint finishes.

Four switch options are available for the leg sets. The default up/down switch "S" activates power to extend or retract the legs to reach the desired height. Other switch options are available with an upcharge. The digital control "D" switch is programmable to preset user height preferences. Refer to "Reff Profiles Height Adjustable Electric Legs User's Manual" available on Knoll Exchange and Antenna Digital Control Switch User's Manual available on Knoll.com.

"TR" specifies the toggle switch with red control paddle. "TG" specifies the toggle switch with grey control paddle.

Toggle switches are available from Tone™ as a replacement accessory with product codes TBTR and TBTG respectively.

---

*Figure 6: Height Adjustable Leg Set*
Open Access Storage Pedestal

Access pedestals offer a recessed, single-piece removable back behind the adjustable shelf that allows convenient access to wall-supplied services. The recessed position of the back panel allows space for the height adjustable leg as well as space for cords to bend and for plugs to connect to wall outlets, as necessary. The recess space is $8\frac{3}{16}“$ deep. Access pedestals are intended for use in applications where the back of the pedestal is not exposed. Access pedestals are planned with an associated Credenza Top. See the next section for details.

Access pedestals may be specified with a flush base detail or with a recessed, stepped base detail. See Figures 7 & 8.

Shelf depth is $8\frac{3}{16}“$ for 19” deep pedestals and $12\frac{3}{4}“$ for 23” deep pedestals.

Three sets of holes are drilled inside the pedestal. The shelf is positioned on the middle location and can move 2½ higher or 2½ lower. When centered, the clearance below the shelf is $11\frac{5}{8}“$. The clearance above the shelf is $4\frac{15}{16}“$.
Credenza Top
Credenza tops provide a worksurface over the Access Pedestal and are available in two depths; 20" and 24", and widths of 30" and 36". All credenza tops come with standard square edge and are 1" thick. Refer to The Planning Guide for Worksurfaces for general construction details. Credenza tops are available with or without edge grommet. See Figure 9.

The edge grommet has the central portion of the back edge of the credenza top offset 1 3/8" inboard to allow cables to drape over the back edge into the recessed cavity of the Access pedestal unit below. This is often used in conjunction with a wall mounted Task Panel or Tackboard which partially conceals the edge grommet.

---

Figure 9: Credenza Tops
Credenza Top
Credenza tops are pre-drilled with an access hole for insertion of the height adjustable leg set. This access hole is trimmed with a keyhole shaped leg grommet. The mouse-hole in the leg grommet facilitates passage of power wires through the credenza top. 30" wide credenza tops have one grommet location which is centered. 36" wide credenza tops offer three leg grommet locations:

- L = left
- C = centered
- R = right

See Figure 10 for leg grommet locations.

The centered grommet location, places the height adjustable leg and the perpendicular peninsula top, centered on the credenza top. The left location places the leg so that the peninsula top is flush with the edge of the credenza top and lower storage on the User’s side of the peninsula. The right grommet location places the peninsula top flush with the credenza top on the approach side of the peninsula top.

See Figure 11 for planning details.
**Leg Surround**

Leg surrounds conceal the height adjustable leg and foot and provide an elegant aesthetic alternative to the typical exposed leg set. The leg surround provides no structural support of the Peninsula worksurface.

Leg surrounds are 6\(\frac{7}{8}\)"W and 22\(\frac{7}{8}\)"H. They come in two depths, 30" and 36"D, corresponding to the Peninsula top depths.

There are two styles of leg surround; Classic and Progressive.

---

**Classic Leg Surround**

The Classic Leg Surround is an all wood case and top. See Figure 12. The top is removable for ease of installation. It is ½" thick and may be specified with its own finish options.

The case consists of side gables with overlaying front and back panels. The case finish options apply to all surfaces of the unit. For a separate front finish, refer to Custom Product.

The top is pre-drilled with a cut-out for a field installed leg grommet which trims the opening for the height adjustable leg. The mouse-hole in the grommet allows the height adjustable leg set power cable to pass through the top into the interior of the leg surround where it may pass under the side gable to a local floor monument.

The leg grommet is available in all core paint finishes.

---

*Figure 12: Classic Leg Surround*
**Progressive Leg Surround**

The Progressive Leg Surround emulates the aesthetic of the Open Frame Leg creating an attractive picture frame effect with the attached wood infill panels. See **Figure 13**.

The leg surround frame is constructed of an aluminum extrusion and is available in all core paint finishes. The inside infill panel is permanently affixed to the aluminum frame while the outside infill panel is removable for access to the height adjustable leg and for ease of installation and wire management. The infill panels may be specified in all core laminates including wood grain laminates or wood veneer.

The top of the leg surround aluminum frame is pre-drilled with a cut-out for a field installed leg grommet which trims the opening for the height adjustable leg. The mouse-hole in the grommet allows the height adjustable leg set power cable to pass through the top into the interior of the leg surround where it may pass under the aluminum lower rails to a local floor monument. The leg grommet is available in all core paint finishes.

---

**Figure 13: Progressive Leg Surround**
Progressive Low Credenza

The Progressive Low Credenza for Height Adjustable Peninsulas emulates the aesthetic of the open shelf version of Reff Profiles Progressive Low credenzas. See Figure 14. They do not require an additive credenza top. The top is built into the unit. The units have an all wood case supported on two legs with two additional stabilizing feet.

These units are nominally 20"D (19" actual) x 23\(\frac{3}{8}\)"H. They come in two widths, 30" and 36"W.

The top of the progressive low credenza is pre-drilled with an access hole for insertion of the height adjustable leg set. This access hole is trimmed with a keyhole shaped leg grommet.

The mouse-hole in the leg grommet facilitates passage of power wires through the top of the credenza. 30" wide credenzas have one grommet location which is centered. 36" wide credenzas offer three leg grommet locations:

- L = left
- C = centered
- R = right

See Figure 15 for leg grommet locations.

Figure 14: Progressive Low Credenza

Leg grommet

Fixed shelf: 9\(\frac{3}{4}\)"D

Fixed back

Back stabilizer legs

Credenza legs

Figure 15: Leg Grommet Locations in Progressive Low Credenza

Centered Location (C)

Left Location (L)

Centered Location (C)

Right Location (R)
The centered grommet location, places the height adjustable leg and the perpendicular peninsula top, centered on the credenza. The left location places the leg so that the peninsula top is flush with the edge of the credenza on the User’s side of the peninsula. The right grommet location places the peninsula top flush with the credenza on the approach side of the peninsula top.

See Figure 16 for planning details.

The progressive low credenzas are designed with a recessed back creating a cavity for the height adjustable leg to sit behind. The shelf depth is 9 7/8"D.

Credenza legs are available in all core paint finishes. The leg stabilizers default to the leg finish. The case finish may be any core laminate, including wood grain laminate and wood veneer. The grommet may be any core paint finish.

**Figure 16: Planning with Leg Grommet Locations for Progressive HA Peninsulas**
Wire Management
The Wire Manager Accessory neatly and conveniently encapsulates and conceals several cables and directs them down the height adjustable leg, through the mouse-hole of the leg grommet as they are routed below. The wire manager prevents the cables from bunching as the peninsula top is raised and lowered.

The Wire Manager is a metal construction with a back and a snap on cover. It attaches to the underside of the peninsula worksurface. See Figure 17 for wire manager details.

The wire manager is an optional item for build-to-specification construction. It is included when a pre-configured height adjustable peninsula is specified.

The accessory wire manager is available in all core paint finishes. When ordered with the pre-configured height adjustable peninsula, it defaults to the leg finish.

Other accessories available for wire and power management include the Tone Cleat Plate, Power Strip, and Hinged Wire Cover. Refer to the Tone Height Adjustable Tables price list, Accessories section.

Figure 17: Wire Manager
Pre-configured Peninsulas
The pre-configured versions of the Classic Height Adjustable Peninsula and Progressive Height Adjustable peninsulas provide a convenient method of ordering an entire unit with one pattern code. Not all finish combinations may be accommodated with this single pattern, in which case, the individual components may be selected for a build-to-specification solution.

Pre-configured Classic Height Adjustable Peninsula:
The pre-configured Classic Height Adjustable Peninsula includes one of each the following components:
- Peninsula worksurface
- Height adjustable leg set
- Classic leg surround
- Open Access pedestal
- Credenza top
- Wire manager

See Figure 18 for details.

The Peninsula Top size is defined by the product code. In the installed position, the edge of the Peninsula Top will be 3½” inboard of the back edge of the Credenza Top below. Refer to the Peninsula Top section, Figure 5, for diagram.

Pre-configured peninsulas are handed relative to the leg surround. From the User’s point of view, a left-handed peninsula has the leg surround on the left with the right-handed version vice versa. Refer to Figure 3 for peninsula handedness.

There are three desk grommet options:
- N = no grommet
- GL = grommet left side, is to the left of the User
- GR = grommet right side, is to the right of the User

Peninsula tops are available in all core laminates, including wood grain laminates and wood veneer.

The Height Adjustable leg set is selected to fit the appropriate sized Peninsula top. The leg set is available with four switch options. The default switch for this peninsula is the simple up/down “S” switch. Other switch options are available with an upcharge. “D” specifies the digital display switch with five programmable memory settings, including two quick access buttons for sitting and standing mode.

“TR” specifies the toggle switch with red control paddle. “TG” specifies the toggle switch with grey control paddle.

Toggle switches are available from Tone™ as a replacement accessory with product codes TBTR and TBTG respectively. The leg finish may be any core paint.

The Classic Leg surround depth defaults to the Peninsula depth. The leg surround finishes default to the Case finish.

For pre-configured peninsulas, the Open Access Pedestal comes with stepped base. For flush base, please use build-to-spec component or specify additive Baseboard Kit accessory; RCAB30 or RCAB36.

The pedestal depth may be specified to be either 1=20” or 2=24” (actual is 19” or 23”). The width of the pedestal defaults to the peninsula top depth. The finish defaults to the case finish option.

The Credenza Top is the non-edge grommet type (RHPCE…). The width defaults to the peninsula top depth. The leg grommet defaults to the centered (C) location. The finish default to the case finish.

The Leg grommet may be specified to be any core paint finish.

The Wire Manager finish defaults to the height adjustable leg set finish.

Refer to Installation Instruction 6TP00500 available on Knoll Exchange.

Figure 18: Pre-configured Classic Height Adjustable Peninsula
Pre-configured Progressive Height Adjustable Peninsula
The pre-configured Progressive Height Adjustable Peninsula includes one of each the following components:

• Peninsula worksurface
• Height adjustable leg set
• Progressive leg surround
• Progressive low credenza
• Wire manager

See Figure 19 for details

Please refer to the individual components for descriptions of construction and function. The available options and finishes for the pre-configured versions are outlined below.

The Peninsula Top size is defined by the product code. In the installed position, the edge of the Peninsula Top will be 3½” inboard of the back edge of the Credenza Top below. Refer to the Peninsula Top section, Figure 5, for diagram.

Pre-configured peninsulas are handed relative to the desk leg surround. From the User’s point of view, a left-handed peninsula has the leg surround on the left with the right-handed version vice versa. Refer to Figure 3 for peninsula handedness.

There are three desk grommet options:

- N = no grommet
- GL = grommet left side, is to the left of the User
- GR = grommet right side, is to the right of the User.

Peninsula tops are available in all core laminates, including wood grain laminates and wood veneer.

The Height Adjustable leg set is selected to fit the appropriate sized Peninsula top. The leg is available with four switch options. The default switch for this peninsula is the simple up/down “S” switch. Other switch options are available with upcharge. “D” specifies the digital display switch with five programmable memory settings, including two “quick access” buttons for sitting and standing mode. “TR” specifies the toggle switch with red control paddle. “TG” specifies the toggle switch with grey control paddle.

Toggle switches are available from Tone™ as a replacement accessory with product codes TBTR and TBTG respectively. The leg finish may be any core paint.

The Progressive Leg surround depth defaults to the Peninsula depth. The finish of the infill panels of leg surround default to the Case finish. The Leg Surround frame finish may be any core paint.

The Progressive Low credenza width is defined by the Peninsula Top depth. The grommet location defaults to the C=centered location. The credenza cabinet finish defaults to the Case finish. The credenza leg finish defaults to the height adjustable leg set finish.

The Leg grommet may be specified to be any core paint finish.

The Wire Manager finish defaults to the height adjustable leg set finish.

Refer to Installation Instruction 6TP00501 available on Knoll Exchange.
Planning with Height Adjustable Peninsulas

CAUTION:
Allowance must be made for a minimum 1" clearance to adjacent worksurfaces to avoid possible pinch points.

The storage elements of the Height Adjustable Peninsula are designed intentionally without finished backs for ready access to adjacent power. Storage elements are designed to be used adjacent to a wall or panel rather than with the back exposed, with the worksurface perpendicular to the storage, typically in a T-shaped layout.

Planner must be aware of the upper height of the worksurface travel and allow clearance for mounted ancillary products such as monitor arms or lighting for example.

Generally, the planner should match the aesthetic of the Peninsula storage to the adjacent storage using the Progressive Pre-Configured Peninsula elements with Progressive Reff Profiles furniture elements and using the Classic Pre-Configured Peninsula elements with Classic pedestals and cabinets in either the flush or stepped base options.

See Figure 20 for overall width dimensions.

---

**Figure 20: Planning with Height Adjustable Peninsulas**
Modesties are not included with the Height Adjustable Peninsulas. Partial Hanging Modesties (RDHPM ...) are available for order separately. Refer to Figure 21 for available widths, corresponding clearances, and Partial Hanging Modesty selection.

Built-to-Spec Height Adjustable Peninsulas

All of the modular components for both Classic and Progressive Height Adjustable Peninsulas are available individually, to create a build-to-spec solution.

To specify a build-to-spec solution, the following components must be specified separately:

For a Classic HA Peninsula:
- Peninsula Worksurface
- Height Adjustable Leg Set
- Classic Leg Surround
- Open Access Storage Pedestal (stepped or flush base)
- Credenza Top
- Wire Manager

For a Progressive HA Peninsula:
- Peninsula Worksurface
- Height Adjustable Leg Set
- Progressive Leg Surround
- Progressive Low Credenza
- Wire manager

Refer to Figure 22 for an illustration of these items.

**Order Code**

Example: RHPRD60301 (L/R) ( ) ( ) ( ) ( ) ( ) ( ) ( ) ( ) ( ) ( ) ( ) ( ) ( )

- **R**: Refil Profiles
- **HP**: Height Adjustable Peninsula
- **P**: Preconfigured Classic
- **D**: 1½” square edge top
- **W**: Width nominal (60°-34°)
- **T**: Top Depth (30° & 36°)
- **L**: Left hand (R=Right hand)
- **S**: Switch option Switch option
  - S=Standard, D=Digital switch
  - TR=Toggle switch, Red
  - TG=Toggle switch, Grey
- **GL**: Worksurface grommet option
  - 111: Worksurface grommet finish
  - 114: Worksurface top finish
  - 114: Worksurface edge finish
  - 114: Case finish
  - 111: Leg grommet finish
  - 111: Leg finish

**Specification Information**

To order please specify pattern number including:

1. Control Switch:
   - "S" specifies the standard up/down Control Switch.
   - "D" specifies the digital display with programmable setting. Add $318 list for the digital display with programmable settings.
   - "TR" specifies the red toggle switch. "TG" specifies the grey toggle switch.
2. Worksurface Grommet option:
   - No Grommets
   - GL= Grommet Left
   - GR= Grommet Right
3. Worksurface Grommet finish:
   - Painted or Plated
4. Worksurface Top finish:
   - L, V1, V2, V3
5. Worksurface Edge finish:
   - L, V1, V2, V3
   - (Edge options are available on laminate tops only)
6. Case finish:
   - L, V1, V2, V3
   - (Case includes Access Pedestal, Credenza top and Leg Surround)
7. Leg Grommet finish:
   - All core paint finishes
8. Leg Finish:
   - All core paint finishes
   - (Leg finish refers to adjustable height round column leg)

**Application Notes**

- Product on this page will accept wood grain laminate, where laminate is currently an option.
- Height range is from 26 1/2”-42 1/4” (from the underside of worksurface to the floor) with the load capacity of 200 lbs.
- An upcharge of $318 applies to the “Digital Switch Option”.
- An upcharge of $100 applies to the “Toggle Switch Option.”
- Assembly required; this product ships knocked down.
- Leg finish applies to the vertical columns, cross rails and end brackets.
- Fascias are not included.
- Pedestals width is equal to worksurface depth.
- Rail finish defaults to leg finish.
- For further information please refer to the planning guide pages.

Example: **RHPS30 ( )()()**

**Reff Profiles**

**Height Adjustable Peninsula**

**S** Leg Surround

**30** Depth

**114** Top Finish

**115** Case Finish

**114** Grommet Finish

**Specification Information**

To order please specify pattern number including:

1. Top Finish: L, V1, V2, V3
2. Case finish: L, V1, V2, V3
3. Grommet Finish: All core painted finishes

Product on this page will accept woodgrain laminate where laminate is currently an option. If top finish is woodgrain laminate or veneer, the case defaults to the same finish as top. If top is 127 (Walnut woodgrain laminate) the case can be 127 or any sold color laminate.

**Application Notes**

The top of the leg surround is 1/2" thick, the case is 22 3/8" h, total height is 22 7/8" high.

Top to be removable so that grommet may be oriented with mousehole towards the front or the back.

These Leg surrounds may only be used for build-to-spec Classic height adjustable Peninsulas.

For further information please refer to the planning guide pages.

#### Specification Information

**To order please specify pattern number including:**

1. **Case finish:** L, V1, V2, V3
2. **Product on this page will accept wood grain laminate, where laminate is currently an option.**

#### Application Information

Access Pedestals are available with wood interior only. This product may only be used for build-to-spec Classic height adjustable Peninsulas. For further information please refer to the planning guide pages.

Pedestals can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 268.

For Stepped Base, replace “R” with “R2”, i.e.; RHPP301A( ) = Pedestal with Flushed base

R2HPP301A( ) = Pedestal with Stepped base

**Order Code**

Example: **RHPCE301()()()**

**R** Reff Profiles  
**HP** Height Adjustable Peninsula  
**C** Credenza Top  
**E** 1" thick, square edge, (EG = Edge Grommet)  
**30** Width  
**20** Deep (2 = 24" deep)  
**Grommet Option**

**Specification Information**

To order please specify pattern number including:

1. Grommet Option:  
   - C = Center  
   - L= Left (for 36" w tops only)  
   - R=Right (for 36" w tops only)

2. Grommet Finish:  
   - All core painted finishes

3. Worksurface finish:  
   - L, V1, V2, V3

4. Edge Finish:  
   - L, V1, V2, V3  
   - (Edge options are available on laminate tops only.)

Product on this page will accept wood grain laminate, where laminate is currently an option.

**Application Information**

Hardware is included.  
These worksurfaces may only be used for build-to-spec Classic height adjustable Peninsulas.  
For further information please refer to the planning guide pages.

**To order please specify pattern number including:**

1. Grommet Option
   - F=Flush or Standard Corner location
   - N=No Grommet
   - R=Recessed Grommet
2. Grommet Finish:
   - Painted or Plated
3. Finish: L, V1, V2, V3

### Application Notes

- **It is Not advisable to mix 28 3/8\" desk height products with 26 3/8\" standard height products.**
  - 28 3/8\" high desk will only work with 28 3/8\" high lower storage.
  - Product on this page, **excluding any vertical surface over 60\" wide**, will accept wood grain laminate, where laminate is currently an option.
  - Grommets are located 20\" in from the back.

- **Knoll accepts no responsibility for special grommet locations which interfere with support or other hardware.**
  - All requests for special grommet locations must be approved through custom product development.

- **Total height = 28 3/8\" to the underside of worksurface.**
  - Worksurface is 1 1/2\" thick. End panels are 2\" thick.
  - Lower storage sold separately.

- **30\" deep desk with recessed modesty will accept 19\" and 23\" deep pedestals.**
  - 36\" deep desk with recessed modesty will accept 19\", 23\" and 29\" deep pedestals.

- **Classic desks with half recessed and quarter recessed modesty, accepts NO lower storage.**
  - Classic Desks ship knocked down, with all hardware.

   - N=No Grommet
   - R=Recessed Grommet
2. Grommet Finish:
   - Painted or Plated
3. Finish: L,V1,V2,V3

### Application Notes

It is Not advisable to mix 28\(\frac{3}{8}\)"h desk height products with 26\(\frac{1}{2}\)" standard height products.

28\(\frac{3}{8}\)" high desk will only work with 28\(\frac{3}{8}\)" high lower storage.

Product on this page Excluding any vertical surface over 60" wide, will accept wood grain laminate, where laminate is currently an option.

Grommets are located 20" in form the sides and 3.5" in from the back. Grommets ship separately in a kit.

Knoll accepts no responsibility for special grommet locations which interfere with support or other hardware. All requests for special grommet locations must be approved through custom product development.

Total height = 28\(\frac{3}{8}\)"h to the underside of worksurface.

Worksurface is 1\(\frac{1}{2}\)" thick. End panels are 2" thick.

Lower storage sold separately.

30" deep desk with flush modesty will accept up to 29" deep pedestals.

36" deep desk with flush modesty will accept up to 29" deep pedestals.

Classic Desks ship knocked down, with all hardware.
Reff Profiles Tables are freestanding worksurface solutions for private and open office planning as well as meeting and activity spaces. Reff Profiles offers a variety of types of tables which have differing aesthetics and functionality. All of the tables in this section plan with desk height products and all are 28 3/8" high measured to the underside of the worksurface.

Due to interference conditions, desk height storage which is 28 3/8" high may not be placed under any tables.

Except where otherwise noted, worksurface stiffeners are required for support of 1 ½" thick table tops with spans greater than 54". The recommended stiffener is AWM1S.

Tables are divided into two basic types: four legged versions and center column versions.

The four legged versions are:
- Tables with Open Frame Legs*
- Tables with L-Legs
- Tables with Reverse L-Legs
- Tables with Soft Rectangular Legs
- Tables with Column Legs
- Mobile Tables
- Tables with 2x4 Legs
- Tables with 4x4 Legs

*Two open frame legs are used per table but are connected to the underside of worksurfaces in each of the four corners.

The center column versions are:
- Sliding Tables
- Height Adjustable Sliding Tables
- Column Base Tables
- Height Adjustable Column Base Tables

General Construction features – Four Legged Tables
All four legged tables have 1 ½" thick tops and square profile edges. Refer to Worksurface planning guide pages for tops construction details.

Hardware is supplied with the legs for field assembly to the worksurfaces. Unless otherwise indicated, legs are attached to the tops using wood screws. Tops and legs are shipped in separate packages.
Tables with Open Frame Legs

These tables are available in Rectangular top shapes.

**Scope of nominal sizes:**
- Depths: 24", 30", 36"
- Widths: 60", 66", 72", 78", 84"

**Construction Details**

Tables with open frame legs have two open frame supports which are positioned flush to the edge at both ends of the table. See Figure 1. Tables are supplied with required stiffener beams which connect with the top plates of the legs. Worksurfaces are supplied with pilot holes pre-drilled for threaded metal inserts. Legs are attached to the table top using machine screws supplied. Grommets are not available for these tables. Refer to installation instruction 6TP00441 available on Knoll Exchange.

The legs consist of four extruded aluminum frame members with mitered corners connected to two top plates of cast zinc alloy. See Figure 2. The frame members have a "T" shape which enables infill panels to be inserted flush to the face of the frame. Infill panels are available separately and installed in pairs.

The required stiffener beams are steel "hat" shapes which attach at each end to the top plates of the open frame legs and are also affixed to the under-side of the table top at regular intervals along the length of each stiffener.

**Finish Details**

Worksurface tops are available in all core laminates, wood grain laminates, mixed finish (laminate top with wood edges), and all core veneer finishes including synthetic edge options.

Open frame legs are available in all core paint finishes and anodized finishes. Leg top plates are painted to match the leg finish when core paint is selected. Leg top plates are plated to compliment the leg finish when anodized is selected.
Tables with L-legs, Reverse L-legs and Soft Rectangular legs
These tables are available in Rectangular and Square top shapes.

Scope of Nominal Sizes
Rectangular sizes:
30"D x 48"W
30"D x 60"W
30"D x 72"W
36"D x 72"W

Square sizes:
42"D x 42"W
48"D x 48"W

Grommet
These tables are offered with six grommet options in 3 locations for use with a variety of electrical power and communication outlets. The grommet code is made up of the grommet option followed by the grommet location.

Grommet options are:
NG – No grommet
P – Power center; cast grommet sleeve and hinged lid included with the table; suitable for use with under-mounted electrical outlets*

Grommet locations are:
C – Centered
E – One end

Ex. D1C = Cut-out for 202 table drop-in electrical outlet located at the center of the table.

Figure 1: Grommet Codes

Figure 2: Cut-out Sizes
Tables with L-legs, Reverse L-legs and Soft Rectangular legs, cont’d.

Construction Details
Tables with L, Reverse-L and Soft Rectangular legs have four legs which are positioned flush to the edge of the four corners of the table. See Figure 3. L and Reverse-L legs are not handed. The Soft Rectangular legs are handed; 2-LH and 2-RH. Worksurfaces are supplied with pilot holes pre-drilled to help center the legs in their design positions. Legs are attached to the table top using wood screws supplied.

Each leg consists of an extruded aluminum vertical support, factory connected to a cast zinc alloy top plate assembly. See Figure 4. The L-leg and Reverse-L leg are 3" x 3" x 7/8" thick. The Soft rectangular leg is 2" x 3". The top plate assembly is 5 1/8" x 5 1/8" x 3/16" thick.

Each leg is supplied with a black 1 1/8" diameter glide which provides 3/4" of height adjustability.

Finish Details
Worksurface tops are available in all core laminates, wood grain laminates, mixed finish (laminate top with wood edges), and all core veneer finishes including synthetic edge options. L, Reverse-L and Soft Rectangular legs are available in all core paint finishes and anodized finishes. Leg top plates are painted to match the leg finish when core paint is selected. Leg top plates are plated to compliment the leg finish when anodized is selected.

Figure 3: Table Styles

L-Leg Table
Reverse L-Leg Table
Soft Rectangular Leg Table

Figure 4: Detail of Table Corners with Top Plate

L-Leg
Reverse L-Leg
Soft Rectangular Leg
Tables with Column Legs
These tables are available in Round, Square, Rectangular and Racetrack top shapes. See Figure 1.

Scope of nominal sizes

Round sizes:
- 42" Diameter
- 48" Diameter

Square sizes:
- 36"D x 36"W
- 42"D x 48"W
- 48"D x 48"W

Rectangular sizes:
- 36"D x 72"W
- 42"D x 84"W
- 48"D x 96"W

Racetrack sizes:
- 36"D x 72"W
- 42"D x 84"W
- 48"D x 96"W

Figure 1: Column Leg Tables

Figure 2: Column Leg glide detail
Tables with Column Legs, cont’d.

Construction Details

Tables with Column legs have four legs which are positioned inset from the edges of the table. See Figure 3. Column legs are not handed. Grommets are not available for these tables. Contact Custom Product Development if grommets are required.

Worksurfaces are supplied with pilot holes pre-drilled to help center the legs in their design positions. Legs are attached to the table top using wood screws supplied.

Each leg consists of round steel vertical support, factory connected to a steel top plate assembly. The diameter of the leg is dependent upon the top size selected:

- 36” diameter and 36” deep tops come with 2 ½” diameter legs.
- 42” diameter and 42” deep tops come with 3” diameter legs.
- 48” diameter and 48” deep tops come with 4” diameter legs.

The top plate assembly is 7 ½” x 7 ½” x ⅛” thick.

Each leg is supplied with a cast glide that is the same diameter as the leg. See Figure 2 (previous page). The glide provides 2 ¼” of height adjustability.

Finish Details

Worksurface tops are available in all core laminates, wood grain laminates, mixed finish (laminate top with wood edges), and all core veneer finishes including synthetic edge options.

Column legs are available in all core paint finishes and plated finishes. Leg top plates are painted black. The leg glides are finished the same color as the leg.
Mobile Tables

These tables are available in Round, Square, and Rectangular top shapes. See Figure 1.

Scope of nominal sizes:

**Round sizes:**
- 36" Diameter
- 42" Diameter
- 48" Diameter

**Square sizes:**
- 42"D x 48"W
- 48"D x 48"W

**Rectangular sizes:**
- 30"D x 48"W
- 30"D x 60"W
- 30"D x 72"W
- 36"D x 72"W

Figure 1: Mobile Tables
Mobile Tables, cont’d.

Construction Details
Mobile Tables have four round Column legs with casters, which are positioned inset from the edges of the table. See Figure 2. The castors are swivel type; two are provided with wheel brakes. Grommets are not available for these tables. Contact Custom Product Development if grommets are required. Worksurfaces are supplied with pilot holes pre-drilled to help center the legs in their design positions. Legs are attached to the table top using wood screws supplied.

Each leg consists of a round steel vertical support, factory connected to a steel top plate assembly. The legs are 3" diameter. The top plate assembly is 7 ½" x 7 ½" x ½" thick. Castors have polyurethane wheels with thread guards. Each castor is rated for 120 lbs.

The table height is 28 3/4" to the underside of the 1 ½" thick top. There is no height adjustability on Mobile Tables.

Finish Details
Worksurface tops are available in all core laminates, wood grain laminates, mixed finish (laminates top with wood edges), and all core veneer finishes including synthetic edge options. Column legs are available in all core paint finishes and plated finishes. Leg top plates are painted black. The castors are black.

---

Figure 2: Leg Locations
Tables with 2x4 Legs
Tables with 2x4 Legs are versatile meeting tables offering a vast selection of power and communications functionality and aesthetic diversity. Options for power and communications include several configurations; power center grommets which elegantly conceal the outlets below the table surface or drop-in table outlets which provide outlets flush with the table top. All electrical outlets and cable management accessories are ordered separately. Table tops and legs may be specified in different finishes creating nearly unlimited aesthetic possibilities.

Scope of nominal sizes:
- Depths: 36”, 42”, 48”
- Widths: 72”, 78”, 84”, 90”, 96”

Grommet Codes
Tables with 2x4 Legs are offered with 6 grommet types in three location configurations.

Grommet options are:
- NG – No grommet
- P – Power center; cast grommet sleeve and hinged lid included with the table; suitable for use with under-mounted electrical outlets*
- D1 – Cut-out for drop-in electrical unit 202
- D2 – Cut-out for drop-in electrical unit 210
- D3 – Cut-out for drop-in electrical unit 311
- D4 – Cut-out for drop-in electrical unit 412

*All electrical outlets are offered separately. Refer to the Accessories – Power & Communication section for available options.

Grommet locations are:
- B – Both ends
- C – Centered
- E – One end

Ex. D1C = Cut-out for 202 table drop-in electrical outlet located at center of the table, see Figure 1. For cut-out sizes, see Figure 2.

Tables are available with Rectangular top shapes.

Grommet Codes

No Grommet

Power Center

Drop-In (ex. 202)

Drop-In (ex. 412)

Tables with 2x4 Legs, cont’d.

Construction Details

Tables with 2 x 4 legs have four legs which are positioned flush to the edges at the corners of the table. The legs are connected to a substructure which is integral to the table. The substructure consists of four peripheral rails which form the table skirt. The legs are field connected to the table skirt with a cast top plate at each corner. Triangular corner brackets provide further reinforcement and a connection point for the substructure to the table top. L-brackets provide further connection points between the substructure and the table top. See Figure 3. No auxiliary stiffeners are required to reinforce the worksurface. Worksurfaces are supplied with pilot holes pre-drilled to locate the wood screws used to attach the worksurface to the substructure. Refer to installation instruction 6TPO0385 available on Knoll Exchange.

The table skirt is an extruded aluminum profile; inset 2" from the long edge and 3" from the short edge. The skirt rails are 2" high x 1" deep. The legs are constructed of a 2" x 4 ½" extruded aluminum profile, factory connected to top plates of cast zinc alloy. The leg top plate creates a 1/8" thick reveal between the top of the leg and the bottom of the worksurface. A glide at the base of each leg provides 1 ½" of height adjustability. Corner brackets and L-brackets are formed steel.

Finish Details

Worksurface tops are available in all core laminates, wood grain laminates, mixed finish (laminate top with wood edges), and all core veneer finishes including synthetic edge options. Legs may be specified in all core paint finishes or in wood veneer finishes. When specified with a wood veneer finish, the leg finish must match the worksurface finish. Contact Custom Product Development if the wood veneer finish of the legs is desired to be a different wood veneer finish than the top. The skirt finish defaults to the leg finish. The leg reveal may be any core paint finish. Corner brackets and L-brackets are supplied black.
Tables with 4x4 Legs

Tables with 4x4 Legs are versatile meeting tables offering a vast selection of power and communications functionality and aesthetic diversity. Options for power and communications include several configurations; power center grommets which elegantly conceal the outlets below the table surface or drop-in table outlets which provide outlets flush with the table top. All electrical outlets and cable management accessories are ordered separately. Table tops and legs may be specified in different finishes creating nearly unlimited aesthetic possibilities.

These tables are available with Rectangular top shapes.

Scope of nominal sizes:

- Depths: 36", 42", 48"
- Widths: 72", 78", 84", 90", 96"

Grommet Code:

Tables with 4x4 Legs are offered with 6 grommet types in three location configurations. Grommet code is made up of the combination of the grommet option and the grommet location.

**Grommet options are:**

- **NG** – No grommet
- **P** – Power center; cast grommet sleeve and hinged lid included with the table; suitable for use with under-mounted electrical outlets*
- **D1** – Cut-out for drop-in electrical unit 202
- **D2** – Cut-out for drop-in electrical unit 210
- **D3** – Cut-out for drop-in electrical unit 311
- **D4** – Cut-out for drop-in electrical unit 412

*All electrical outlets are offered separately. Refer to the Accessories – Power & Communication section for available options.

Grommet locations are:

- **B** – Both ends
- **C** – Centered
- **E** – One end

Ex. D1C = Cut-out for 202 table drop-in electrical outlet located at center of the table.

See Figure 1, Tables with 2x4 Legs, for grommet options matrix.

See Figure 2, Tables with 2x4 Legs, for grommet cut-out sizes.
Tables with 4x4 Legs, cont'd.

Construction Details
Tables with 4 x 4 legs have four legs which are positioned flush to the edges at the corners of the table. The legs are connected to a substructure which is integral to the table. The substructure consists of four diagonal rails which join four interior rails using cast Y-connectors. See Figure 2. The legs are field connected to the table substructure with a cast top plate at each corner. No auxiliary stiffeners are required to reinforce the worksurface. Worksurfaces are supplied with pilot holes pre-drilled to locate the wood screws used to attach the worksurface to the substructure. Refer to installation instruction 6TP00384 available on Knoll Exchange.

The table substructure rails are an extruded aluminum profile; 2” high x 1” deep. There is a 1/8” gap between the top of the rails and the underside of the worksurface.

The legs are constructed of a 4” x 4” extruded aluminum profile, factory connected to top plates of cast zinc alloy. The leg top plate creates a 1/8” thick reveal between the top of the leg and the bottom of the worksurface. A glide at the base of each leg provides 1 ½” of height adjustability.

Finish Details
Worksurface tops are available in all core laminates, wood grain laminates, mixed finish (laminate top with wood edges), and all core veneer finishes including synthetic edge options.

Legs may be specified in all core paint finishes or in wood veneer finishes. When specified with a wood veneer finish, the leg finish must match the worksurface finish. Contact Custom Product Development if the wood veneer finish of the legs is desired to be a different wood veneer finish than the top.

The substructure is painted and defaults to the leg reveal color.

The leg reveal may be any core paint finish.

**Application Notes**

- It is not advisable to mix 28 3/8" h desk height product with 26 1/2" h standard height products.
- Table height = 28 3/8" h to the underside of worksurface.
- Product on this page will accept woodgrain laminate where laminate is currently an option.
- Due to height restriction, pedestals 28 3/8" h may not fit immediately adjacent to the legs or end panels.
- Grommets are NOT optional for these tables.
- The tables on this page, will come with appropriate stiffener support.
- Modesty sold separately.
- For infill options please refer to page 195.
- Assembly required, ships knock down.

### Specification Information

To order please specify pattern number including:

1. **Grommet Drilling Options:**
   - NG = no grommet
   - P = Power center grommet
   - D1 = Cut out for drop in electrical unit 202
   - D2 = Cut out for drop in electrical unit 210
   - D3 = Cut out for drop in electrical unit 311
   - D4 = Cut out for drop in electrical unit 412

2. **Grommet Locations:**
   - C = Center
   - E = One end

   Note: 48" w Tables default to “C,” 60" & 72" w Tables default to “E”

3. **Grommet Finish:**
   - NC = Finish not required
   - P = Painted and plated finishes
   - D1, D2, D3, D4 = Drilling locations only, finish not applicable

4. **Worksurface finish:** L, V1, V2, V3
5. **Edge finish:** L, V1, V2, V3
6. **Leg finish:** Painted / Anodized

It is not advisable to mix 28 3/8"h desk height product with 26 1/2"h standard height products.

Table height = 28 3/8"h to the underside of worksurface.

Product on this page will accept woodgrain laminate where laminate is currently an option.

Assembly required, ships knock down.

Worksurface stiffeners, recommended to provide additional support for open spans greater than 48"w.

Upharges apply to legs with P2, P3 and P4 finishes.

### Application Notes

- **When ordering:** Power center grommets (P), upcharges apply for:
  - lids and sleeves = $144.
  - undermount wire basket kit = $93

- **Grommet options:** D1, D2, D3 and D4 are drilled options only.

- **Products on this page do not include electrical components.** Refer to appropriate electrical units in Accessories, pages 598 to 604.

- **Modesty sold separately.**

- **Installation instruction sheets available on Knoll Exchange.** Refer to reference number 6TP00388, for drop in electrical.

- **Due to height restriction, pedestals 28 3/8"h may not fit immediately adjacent to the legs or end panels.**

#### Specification Information

To order please specify pattern number including:

1. **Grommet Drilling Options:**
   - NG = no grommet
   - P = Power center grommet
   - D1 = Cut out for drop in electrical unit 202
   - D2 = Cut out for drop in electrical unit 210
   - D3 = Cut out for drop in electrical unit 311
   - D4 = Cut out for drop in electrical unit 412

2. **Grommet Locations:**
   - C = Center
   - E = One end
   Note: 48"w Tables default to “C,” 60" & 72"w Tables default to “E”

3. **Grommet Finish:**
   - NG = Finish not required
   - P = Painted and plated finishes
   - D1, D2, D3, D4 = Drilling locations only, finish not applicable

4. **Worksurface finish:** L, V1, V2, V3
5. **Edge finish:** L, V1, V2, V3
   (Edge options are available on laminate tops only)
6. **Leg finish:** Painted / Anodized

It is not advisable to mix 28 3/8"h desk height product with 26 1/2"h standard height products.

Table height = 28 3/8"h to the underside of worksurface.

Product on this page will accept woodgrain laminate where laminate is currently an option.

Assembly required, ships knock down.

Worksurface stiffeners, recommended to provide additional support for open spans greater than 54"w.

Upharges apply to legs with P2, P3 and P4 finishes.

Additional upcharges:

<table>
<thead>
<tr>
<th>Leg Finish</th>
<th>Add</th>
</tr>
</thead>
<tbody>
<tr>
<td>P2</td>
<td>$100</td>
</tr>
<tr>
<td>P3</td>
<td>$160</td>
</tr>
<tr>
<td>P4</td>
<td>$400</td>
</tr>
</tbody>
</table>

#### Application Notes

When ordering: Power center grommets (P), upcharges apply for:
- lids and sleeves = $144
- undermount wire basket kit = $93

Grommet options: D1, D2, D3 and D4 are drilled options only.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.

Modesty sold separately.

Installation instruction sheets available on Knoll Exchange. Refer to reference number 6TP00388, for drop in electrical.

Due to height restriction, pedestals 28 3/8"h may not fit immediately adjacent to the legs or end panels.

P  Grommet option:
B  Grommet Location
PU  Grommet Finish
006B  Worksurface Finish
L  Edge Finish
006B  Leg finish
111  Leg reveal finish

**Specification Information**

To order please specify pattern number including:

1. Grain direction Option:
   - H = Horizontal
   - V = Vertical
2. Grommet Drilling Options:
   - NG = no grommet
   - P = Power center grommet
   - D1 = Cut out for drop in electrical unit 202
   - D2 = Cut out for drop in electrical unit 210
   - D3 = Cut out for drop in electrical unit 311
   - D4 = Cut out for drop in electrical unit 412
   * *Electrical components are not included with tables & need to be ordered separately.
3. Grommet Locations:
   - B = Both ends
   - C = Center
   - E = One end
4. Grommet Finish:
   - NG = Finish not required
   - P = Painted and plated finishes
   - D1, D2, D3, D4 = Drilling locations only, finish not applicable
5. Worksurface finish: L, V1, V2, V3
6. Edge finish: L, V1, V2, V3
   (Edge options are available on laminate tops only)
7. Leg finish: All core paint or veneer to match top, where applicable
8. Leg reveal finish: All core paint options

**Application Notes**

The tables on this page, come complete with structural frame. No additional stiffeners are required.

Table’s frame ships knockdown. Assembly required.

For laminate tops (including wood grain laminate) leg finish options are: all core paint finishes only.

The product on this page will accept wood grain laminate where laminate is currently an option.

For veneer tops, leg finish options are: all core paint finishes or same wood veneer as the top. The prices indicated above, are for painted legs and no grommet.

Upcharges apply to legs with V1, V2 or V3 finishes.

The apron finish always matches the leg finish.

Table height = 2\(\frac{3}{8}\)"h to the underside of worksurface.

Additional upcharges:

* Upcharges apply for the following power center grommets.

<table>
<thead>
<tr>
<th>Grommet</th>

**Order Code**

Example: RTM272362H

- **R**: Relf Profiles
- **TM**: Table
- **2**: 2 x 4 leg
- **72**: Width
- **36**: Depth
- **H**: 28\(\frac{3}{8}\)" h leg
- **P**: Horizontal Grain Direction
- **NG**: no grommet
- **P**: Power center grommet
- **D1**: Cut out for drop in electrical unit 202
- **D2**: Cut out for drop in electrical unit 210
- **D3**: Cut out for drop in electrical unit 311
- **D4**: Cut out for drop in electrical unit 412
- **B**: Both ends
- **C**: Center

**Specification Information**

To order please specify pattern number including:
1. Grain Direction Option: 
   - **H**: Horizontal
   - **V**: Vertical
2. Grommet Drilling Options:
   - **NG**: no grommet
   - **P**: Power center grommet
   - **D1**: Cut out for drop in electrical unit 202
   - **D2**: Cut out for drop in electrical unit 210
   - **D3**: Cut out for drop in electrical unit 311
   - **D4**: Cut out for drop in electrical unit 412
3. Grommet Locations:
   - **B**: Both ends
   - **C**: Center
4. Grommet Finish:
   - **NG**: Finish not required
   - **P**: Painted and plated finishes
5. Worksurface finish: L, V1, V2, V3
6. Edge finish: L, V1, V2, V3
7. Leg finish: All core paint or veneer to match top, where applicable
8. Leg reveal finish: All core paint options

**Application Notes**

The tables on this page, come complete with structural frame. No additional stiffeners are required. Table’s frame ships knockdown. Assembly required.

For laminate tops (including wood grain laminate) leg finish options are: all core paint finishes only.

The product on this page will accept wood grain laminate where laminate is currently an option.

For veneer tops, leg finish options are: all core paint finishes or same wood veneer as the top. The prices indicated above, are for painted legs and no grommet.

Additional upcharges:

- **Leg Finish Add**
  - **V1**: $2,529
  - **V2**: $2,658
  - **V3**: $3,229

The apron finish always matches the leg finish.

Table height = 2\(\frac{3}{8}\)"h to the underside of worksurface.

*Upcharges apply for the following power center grommets.

- **Grommet Add**
  - **PB**: $228
  - **PC**: $144
  - **PE**: $144

Power center grommets (lids and sleeves) are included when PB, PC and PE are selected.

Products on this page do not include electrical components. Refer to appropriate electrical units in Accessories, pages 598 to 604.

Installation instruction sheets available on Knoll Exchange. Refer to reference number 6TP00385.

Meeting Tables
Meeting Tables are based upon the Tables with 4 x 4 Legs and are offered in larger sizes suited to a variety of larger meeting spaces and small conference rooms.

Meeting Tables are available in a variety of configurations. Tables 30" to 48" deep are one worksurface deep by either two or three pieces wide of equal size. Tables 60" x 72" deep are two worksurfaces deep by either one, two or three pieces wide of equal size. Meeting Tables are available in two heights: desk height - which is 28 3/8" high to the underside of the worksurface and service height – which is 34 3/8" high to the underside of the worksurface. See Figure 1 for scope of table sizes and number of worksurface pieces per Meeting Table.

Meeting Tables offer a vast selection of power and communications functionality. Options for power and communications include several configurations; power center grommets which elegantly conceal the outlets below the table surface; or drop-in table outlets which provide outlets flush with the table top. See Figures 2, 3 and 4 for grommet options and locations. Meeting Tables are UL listed for use with all power and communications options. All electrical and cable management accessories are ordered separately.

Table tops and legs may be specified in different finishes creating a variety of aesthetic possibilities.

Seating Capacity
Seating capacity is based upon two module widths; 30" wide for Meeting Spaces and 36" wide for more generous Conference Spaces. Seating capacity includes side seating and end seating. For tables 30" to 48" deep, end seating includes one place at each end. For tables 60" and 72" deep, end seating includes two places at each end. See Figure 1 for Seating Capacity.

Power and Communications Management
Generally power is supplied to the Meeting Table by means of a floor monument outlet centered inside the Center Support footprint. Refer to Grommet Details for a description of the available power and communications outlets ordered separately.

For cable management, Meeting Tables will accept Undermounted Wire Baskets (RWMT...) which may be used to contain electrical outlet cables and conceal electrical equipment transformer blocks which may be plugged in to power outlets. For tables without a center support, a Flexible Vertical Wire Manager (RWMVF) may be specified separately.

</table>
**Grommet Details**

Meeting Tables are designed to accept a variety of power and communications outlets to suit every need. All electrical outlets are ordered separately.

Edge mounted electrical outlets are mounted under the meeting table close to the edge of the table and provide direct access to power and communications while partially concealing the outlet for a more refined aesthetic. Tables should be specified with the "no grommet" (NG) option when edge mounted option is chosen.

Power Centers have a hinged flip lid neatly framed by a grommet body and conceals the electrical and communications outlets mounted below the worksurface.

Meeting Tables specified with this option come with the cut-outs pre-drilled in the worksurface and includes all grommet body and lid assemblies.

Drop-in electrical outlets provide power and communications outlets flush mounted to the worksurface for direct access. Tables specified with this option are supplied with the appropriate sized cut-out pre-drilled to suit the desired Drop-in outlet.

Refer to Power and Data Accessories Planning Guide pages for further details of electrical outlets.

Grommet codes are made up of two elements; the grommet option followed by the grommet location.

Grommet options are:
- NG = no grommet
- P = Power Center grommet
- D1 to D4 = cut-outs for Drop-in Outlets

Grommet locations are:
- B = both ends
- 4 = four locations

See Figures 2 and 3 for definitions of grommet codes and associated power and communications outlets. See Figures 4A and 4B for grommet locations.

See Finish Details for power center grommet finish options.

Locations for Power Center Grommets – Meeting Tables 30", 36", 42" and 48" deep

Locations for Drop-in Outlet Cut-outs – Meeting Tables 30", 36", 42" and 48" deep

Figure 4A: Grommet Locations for Meeting Tables
Locations for Power Center grommets and Drop-in outlet cut-out options – Meeting Tables 60" to 72" deep, 60" to 96" wide.

Figure 4B: Grommet Locations for Meeting Tables
Construction Details
Meeting Table tops are in multiple pieces. Tables 30” to 48” deep are one worksurface deep by either two or three pieces wide of equal size. Tables 60” x 72” deep are two worksurfaces deep by either two or three pieces wide of equal size. See Figure 1 for number of worksurface pieces per Meeting Table size. See Figure 4 for worksurface configurations. See Figure 5 for Grommet Cut-out sizes.

Meeting table support consists of four 4 x 4 legs positioned flush to the edges of the corners of the table and a center support positioned at each of the longitudinal divisions of the worksurfaces.

Center Support Details
The center support provides both support and cable management for the table. Tables which are two worksurfaces wide have one center support while tables which are three worksurfaces wide have two center supports. See Figure 1 for the quantity of center supports for each table size. The legs and center support(s) are connected to an integral substructure.

The center support is required to have two covers which are ordered separately. See following section for Center Support Covers.

Center supports come in two depths, 9" and 24"; and two heights, 28 3/8" for desk height tables and 34 3/8" for service height tables. Tables 30” to 48” deep come with 9" deep center supports. All other tables come with 24" deep center supports. See Figure 12 for Center Support sizes. See Figure 13 for Clear Inside dimensions.

Grain Direction

Substructure

Veneer grain and alignment is not continuous on adjacent worksurfaces.

Center Support Cover
(Two required, ordered separately - offset cover shown)
Finish Details
Power Center Grommet is offered in Polished Chrome (PD) or Satin Nickel (PU) and any core paint finish.

Worksurface tops are available in all core laminates, wood grain laminates, mixed finish (laminate tops with wood edges), and all core wood veneer finishes including synthetic edge options. Grain direction for wood veneer and wood grain laminate worksurfaces is along the width of the table. See Figures 6, 7 and 8 for grain direction.

Grain pattern for wood veneer and wood grain laminate will not be continuous on adjacent worksurfaces. To enhance the beauty of the wood veneer, Meeting Tables with domestic flat cut veneers (V2) are layed up using reverse slip matching, with sequential cathedrals arranged in opposite directions. See Figure 9 for arrangement of veneer for reverse slip match.

Legs may be specified in all core paint finishes or in wood veneer finishes. When specified with wood veneer finish, the leg finish must match the worksurface veneer finish. Contact Custom Product Development if the wood veneer finish of the legs is desired to be a different veneer finish than the top.

Leg reveals may be any core paint finish.

The table substructure is painted and defaults to the leg reveal color.

The center support covers are available in laminate, wood veneer or metal finishes.
Center Support Covers
Center support covers are required to enclose the center support of the Meeting Tables. Each center support requires two covers; one for each side of the support.

There are two types of center support cover; flat and offset. The Flat cover sits flush to the center support. The Offset cover is 1 ½" thick, adding an extra 3" of interior depth to the center support (when two are ordered) which helps to conceal an electrical floor monument. See Figure 13 for Clear Inside dimensions.

The center support covers are available in laminate, wood veneer or metal finishes.

Electrical Components for Reff Profiles Meeting Table

Reff Profiles Meeting Table can be powered by a modular distribution system featuring standard Knoll 2+2 and 3+3 eight- and ten-wire power systems. From a single point of connection to the building power supply, Reff Profiles raceway can distribute four or six 20-amp circuits. Depending on national and local electric codes, and anticipated load of a particular application, each circuit may support as much as 10 or more duplex outlets.

The central component is the power harness, which can be mounted under the table rails, anywhere along the length of the table rail. The harness is suspended from a power harness mounting bracket attached to either or both center table rails. The power harness accepts snap-in duplex outlets on each face, and is enclosed by steel raceway covers, specified separately. Each end of the harness has ports for two jumper cables, or a power infeed and a jumper cable. The power infeed connects power from a building junction box, and jumpers connect power from one harness to another, in either direction.

Power harnesses are available in two sizes: 12” wide, with two duplex outlet locations on each face, and 24” wide, with four outlet locations on each face. Duplex outlets must be specified separately to access one of the four or six circuits. Outlets for circuits can be specified in black with white letters identifying circuits. Outlets for circuits X, Y, Z, are also available in orange with black letters, or black with orange triangles and letters to designate protected circuits.

Figure 1. Reff Profiles Meeting Table with Electrical Components
Corresponding raceway covers for 12” harness are 18” wide; covers for 24” harness are 30” wide. Raceway covers can be ordered in pairs that include two covers with openings or one cover without openings.
Jumper cables are available in various lengths up to 72” to link power between harnesses.
Jumper cables should be managed by cable clips for desk rails (RCMC10, set of 10).

Two types of infeeds are available to connect the power harness from the building power supply.
1) The power harness infeed has a modular connector with a six foot pigtail to connect from a junction box in the floor or wall to a power harness. See Figure 1.
2) A hardwired infeed box, required in New York City, mounts inside the meeting table center support and includes a connector with six foot pigtail to connect to the closest power harness. See Figure 2.
Refer to Installation Instructions 6TP00481 available on Knoll Exchange.

Outlet fillers are a kit of ten plastic filler plates that flex to snap securely into any unused outlet opening in Reff Profiles raceway covers. Installed covers are designed to closely mimic the appearance of adjacent power outlets. Fillers are black injection molded plastic.

Figure 1. Power Harness Infeed

Figure 2. NYC Infeed
2+2
Four 20-amp circuits, 8 wire configuration with four hots (12 gauge), two neutrals (10 gauge, 35A rated), two grounds.

Power harness and outlet modules: steel enclosure between molded polypropylene distribution blocks, 8-wire.

**Jumper cables:** flexible steel conduit with strain relief, 8-wire

**Outlets:** molded polycarbonate duplex preconfigured as circuit A, B (black), X, Y (black, orange or black with orange triangle)

**Infeed:** watertight conduit with 6' whip or hardwire box mounted to desk rail, center beam or fence frame, 8-wire

Load should be balanced evenly among power circuits. In accordance with NEC2011 Article 210, the permissible load should not exceed 80% of the circuit ampere rating (which is 16 amps on each 20 amp branch circuit).

---

3+3
Six 20-amp circuits, 10 wire configuration with six hots (12 gauge), two neutrals (10 gauge, 35A rated), two grounds.

Power harness and outlet modules: steel enclosure between molded polypropylene distribution blocks, 10-wire.

**Jumper cables:** flexible steel conduit with strain relief, 10-wire

**Outlets:** molded polycarbonate duplex preconfigured as circuit A, B, C (black), X, Y, Z (black, orange or black with orange triangle)

**Infeed:** watertight conduit with 6' whip or hardwire box mounted to desk rail, center beam or fence frame, 10-wire

Load should be balanced evenly among power circuits. In accordance with NEC2011 Article 210, the permissible load should not exceed 80% of the circuit ampere rating (which is 16 amps on each 20 amp branch circuit).

Specification Information

To order please specify pattern number including:
1. Grain Direction Option: H = Horizontal, V = Vertical
2. Grommet Options: NG = No grommet, P = Power center grommet
   D1 = Cut out for drop in electrical unit 202
   D2 = Cut out for drop in electrical unit 210
   D3 = Cut out for drop in electrical unit 311
   D4 = Cut out for drop in electrical unit 412

   *Electrical components are not included with tables & need to be ordered separately.
3. Grommet Locations: B = Both ends - All widths
   4 = Four places - 144"w to 216"w
4. Grommet Finish: NG = Finish not required
   P = all core paint, PU, PD
   D1, D2, D3 or D4 = Drilling location, Finish not required
5. Worksurface finish ()
6. Edge finish: L = V1, V2, V3
   (Edge options are available on laminate tops only)
7. Leg finish (all core paint, V1, V2, V3)
8. Leg reveal finish (all core paint)
9. Center support finish (all core paint)(sold separately)

Application Notes

Table height = 28 3/8"h to the underside of worksurface.
The tables on this page come complete with structural frame. No additional stiffeners are required.
Table’s frame ships knocked down. Assembly required.
The product on this page accept wood grain laminate where laminate is currently an option.

When veneer or wood grain laminate is specified, the grain from one top to the next in multi width tables will NOT align from end to end.

For laminate tops (including wood grain laminate) leg finish options are: all core paint finishes only.

For veneer tops, leg finish options are: all core paint finishes or same wood veneer as the top. The prices indicated above, are for painted legs without center grommet.

For electrical components, see page 374 to 378.

For Center Support Covers, see pages 599&604.

Center Support Details:
Tables on this page require Center Support Covers which are sold separately.
All tables on this page, come with one center support.
36", 42" & 48" deep tables have 9" deep center support. Each center support requires two Center Support Covers, which are sold separately.
For Center Support Covers, see page 374 to 378.

For electrical components, see page 374 to 378.

Installation instruction sheets available on Knoll Exchange. Refer to reference number 6TP00462 for Table assembly instructions, and 6TP00465 for Support installation instructions.

   - Edge options are available on laminate tops only

6. Leg finish (all core paint, V1, V2, V3)
7. Leg reveal finish (all core paint)
8. Center support finish (all core paint) (sold separately)

**Application Notes**

Table height = 28\(\frac{3}{8}\)" h to the underside of worksurface.

The tables on this page, come complete with structural frame. No additional stiffeners are required.

Table's frame ships knockdown. Assembly required.

For laminate tops (including wood grain laminate) leg finish options are: all core paint finishes only.

The product on this page accepts wood grain laminate where laminate is currently an option.

Wood grain laminate patterns does not align from top to top.

For veneer tops, leg finish options are: all core paint finishes or same wood veneer as the top. The prices indicated above, are for painted legs without center grommet.

Additional upcharges:

- **Leg Finish Add**
  - **V1** = $1,430
  - **V2** = $1,494
  - **V3** = $1,731

**Product on this page do not include electrical components**

**Upcharges apply for Power Center Grommets:**

- Grommet Add
- PB - Power center grommets
- P4 - Available on all table widths.

**Center Support Details:**

Tables on this page require Center Support Covers, which are sold separately.

The 36", 42" & 48" deep tables have 9" deep center support. Each center support requires two Center Support Covers, which are sold separately.

For Center Support Covers, see pages 599 & 604.

For electrical components, see pages 374 to 376.

Installation instruction sheets available on Knoll Exchange. Refer to reference number 6TP00462 for Table assembly instructions, and 6TP00465 for Support installation instructions.

**Specification Information**

To order please specify pattern number including:

1. Grommet Options:
   - NG = No grommet
   - P = Power center grommet
   - D1 = Cut out for drop in electrical unit 202
   - D2 = Cut out for drop in electrical unit 210
   - D3 = Cut out for drop in electrical unit 311
   - D4 = Cut out for drop in electrical unit 412

   *Electrical components are not included with tables & need to be ordered separately.

2. Grommet Location:
   - C = Centered * Default option for single width tables.

3. Grommet Finish:
   - NG = Finish not required
   - P = all core paint, PU, PD
   - D1, D2, D3 or D4 = Drilling location, Finish not required

4. Worksurface finish: L, V1, V2, V3

5. Edge finish: L, V1, V2, V3

6. Leg finish (all core paint, V1, V2, V3)

7. Leg reveal finish (all core paint)

**Application Notes**

Table height = 28\(\frac{3}{8}\)” to the underside of worksurface.

The tables on this page, come complete with structural frame. No additional stiffeners are required.

Table’s frame ships knockdown. Assembly required.

Products on this page will accept wood grain laminate where laminate is currently an option.

For laminate tops (including wood grain laminate) leg finish options are: all core paint finishes only.

Wood grain laminate pattern does not align from top to top.

For veneer tops, leg finish options are: all core paint finishes or same wood veneer as the top. The prices indicated above, are for painted legs without power center grommet.

Upcharges apply to legs with V1, V2 or V3 finishes.

Additional upcharges:

- Leg Finish Add
- V1 $1,430
- V2 $1,494
- V3 $1,731

Product on this page do not include electrical components.

Note: Upcharges apply for Power Center Grommets;

- Grommet Add $288

P Grommet option includes 2 power center grommets.

All tables on this page, come with 2 piece tops.

For electrical components, see page 599 to 604.

Installation instruction sheets available on Knoll Exchange. Refer to reference number 6TP00459.

- 006B Worksurface Finish
- () Edge Finish
- 006B Leg Finish
- 111 Leg Reveal Finish
- 111 Center support Finish

**Specification Information**

To order please specify pattern number including:

1. Grommet Drilling Options:
   - NG = no grommet
   - P = Power center grommet
   - D1 = Cut out for drop in electrical unit 202
   - D2 = Cut out for drop in electrical unit 210
   - D3 = Cut out for drop in electrical unit 311
   - D4 = Cut out for drop in electrical unit 412

   **Note:** Electrical components are not included with tables & need to be ordered separately.

2. Grommet Locations:
   - B = Both ends - all widths
   - 4 = Four places - 144" to 216"w

3. Grommet Finish:
   - NG = Finish not required
   - P = all core paint, PU, PD
   - D1, D2, D3 or D4 = Drilling location, Finish not required.

4. Worksurface Finish ()
5. Edge Finish: L, V1, V2, V3
6. Leg Finish (all core paint, V1, V2, V3)
7. Leg Reveal Finish (all core paint)
8. Center Support Finish (all core paint)

**Application Notes**

Table height = 34\(\frac{3}{8}\)" to the underside of worksurface.

The tables on this page, come complete with structural frame. No additional stiffeners are required.

Table's frame ships knockdown. Assembly required.

Products on this page will accept wood grain laminate where laminate is currently an option.

For laminate tops (including wood grain laminate) leg finish options are: all core paint finishes only.

Wood grain laminate pattern will not align from top to top.

For veneer tops, leg finish options are: all core paint finishes or same wood veneer as the top. The prices indicated above, are for painted legs and no grommet.

Upcharges apply to legs with V1, V2 or V3 finishes.

Additional upcharges:
- Leg Finish (Add)
  - V1 $1,619
  - V2 $1,767
  - V3 $2,047

**Product on this page do not include electrical components**

- ***Upcharges apply for Power Center Grommets;***
  - Grommet Add
    - PB $288
    - P4 $576

PB - Available on all table widths. Grommet option includes 2 power center grommets.

P4 - Available on tables 144" to 216"w. Grommet option includes 4 power center grommets.

**Center Support Details:**

Tables on this page require Center Support Covers which are sold separately.

The 36", 42" & 48" deep tables have 9" deep center support. Each center support requires two Center Support Covers, which are sold separately. For Center Support Covers, see pages 227 & 228.

For electrical components, see page 374 to 378.

Installation instruction sheets available on Knoll Exchange. Refer to reference number 6TP00462 for Table assembly instructions, and 6TP00465 for Support installation instructions.

**Order Code**

Example: R2MEW60482(XXXXX)

**Specification Information**

To order please specify pattern number including:

1. **Grommet Options:**
   - DG = Desk top grommet(s) only
   - P = Power center grommet
   - D1 = Cut out for drop in electrical unit 202
   - D2 = Cut out for drop in electrical unit 210
   - D3 = Cut out for drop in electrical unit 311
   - D4 = Cut out for drop in electrical unit 412
   - *Electrical components are not included with tables and need to be ordered separately.

2. **Grommet Locations:**
   - C = Centered, * default location for Media Enclave Tables
   - G = [Grommet Location]

3. **Grommet Finish:**
   - P = all core paint, PD, PU
   - D1 to D4 are cut outs only, no finish applies
   - Worksurface finish: L, V1, V2, V3
   - Edge finish: L, V1, V2, V3
   - Edge options are available on laminate tops only
   - Leg finish: All core paint or veneer to match top, where applicable
   - Leg reveal finish: All core paint options

4. **Application Notes:**
   - Table height = 28 3/8" to the underside of worksurface.
   - Table's frame ships knockdown. Assembly required.
   - For laminate tops (including wood grain laminate) leg finish options are: all core paint finishes only.
   - The product on this page accept wood grain laminate where laminate is currently an option.
   - For veneer tops, leg finish options are: all core paint finishes or same wood veneer as the top. The prices indicated above, are for painted legs without center grommet.
   - *Upcharges apply to legs with V1, V2 or V3 finishes.
   - Additional upcharges:
     - Leg Finish Add
     - V1 $715
     - V2 $747
     - V3 $866

**Application Notes:**

Product on this page do not include electrical components.

*Upcharge of $144 applies for each Power Center grommet

Power center grommets (lids and sleeves) are included when PC is selected.

**Note:**

- **For 48" deep tables:**
  - P Option requires one table power center electrical unit
  - D1, D2, D3 & D4 Option requires one Table drop in electrical unit

- **For 60" deep tables:**
  - P Option requires two table power center electrical units
  - D1, D2, D3 & D4 Option requires two Table drop in electrical units

For electrical components, see page 345 to 347.

Installation instruction sheets available on Knoll Exchange. Refer to reference number 6TP00457.

P Option requires two table power center electrical units
D1, D2, D3 & D4 Option requires two Table drop in electrical units

For electrical components, see page 345 to 347.

**Installation instruction sheets available on Knoll Exchange. Refer to reference number 6TP00459.**
Center Column Tables
Center column tables have a single column support centered upon a base plate. See Figure 1.

Scope of Nominal Sizes
Round
36", 42"
Soft Square / Square:
36", 42"
Soft Rectangular / Rectangular
30"x48", 36"x54"

Figure 1: Table Types
Center Column Tables, cont’d

**Construction Features**

**Worksurface Tops**

All center column tables have 1” thick tops. Grommets are not available for these tables. Sliding Tables, both fixed height and height adjustable are available in three organically shaped tops; round, soft square and soft rectangular. Column Base Tables are available in geometric shapes; round, square and rectangular. See Figure 2 for shapes and sizes. Worksurfaces are supplied with pilot holes pre-drilled to help center the leg in its design position. The worksurface top is field attached to the column base using wood screws supplied.

Center column tables have two styles of edge profile. Sliding Tables have a beveled edge with a half round under-cut to improve finger grip and ease the sliding of the table from one location to another. See Figure 3. The fixed height and height adjustable Column Base Tables have a square edge profile and no finger grip. See Figure 4. Refer to Worksurface planning guide pages for tops construction details.

Tops, vertical column supports and base plates are shipped in separate packages.

---

**Column Base**

Column bases consist of a vertical support column with a factory connected steel top plate which is field connected to a steel base plate using three hex bolts. The base plate is shaped to match the worksurface top shape. See Figure 5.

Fixed Height - The fixed height vertical support consists of a steel 3” diameter column, factory connected to a 10” square top plate.

Height Adjustable - The vertical support consists of a pneumatically activated adjustable height column, factory connected to an 11 ¾” square top plate. The upper column diameter is 3 ½”. The lower column diameter is 3”.

Four 3 ¾” diameter nylon leveling glides are supplied with the table. Glides have a Teflon base to aide with movement over carpet. Glides have ¾” height adjustment. With the glides in their fully closed position, the top of the base plate is 1 ½” above the floor level.

---

**Finish Details**

All worksurface tops are available in all core laminates, wood grain laminates, mixed finish (laminate top with wood edges) and all core veneer finishes. Sliding Table worksurface tops are also available with Solid Surface material option in Arctic White.

For Sliding Tables with beveled edge, depending upon the top finish selected, the beveled surface will have the following finish:

<table>
<thead>
<tr>
<th>Top Finish</th>
<th>Bevel Finish</th>
</tr>
</thead>
<tbody>
<tr>
<td>Laminate</td>
<td>Clear Coat</td>
</tr>
<tr>
<td>V1, V2, V3</td>
<td>Veneer - to match top</td>
</tr>
<tr>
<td>Solid Surface</td>
<td>Solid Surface - to match top</td>
</tr>
</tbody>
</table>

The Column Base is available in all core paint finishes. The vertical column has a smooth finish while the base plate has a textured finish in the same color as the column. The column top plate is painted black. The glides are black.

- **E**: 1" thick
- **42**: 42" diameter
- **2**: 28\(\frac{3}{8}\)" height
- **114**: Finish
- **124**: Edge finish
- **118T**: Leg Finish

**Specification Information**

- To order please specify pattern number including:
  1. Worksurface finish: Laminate only
  2. Edge finish: L, V1, V2, V3 (Edge options are available on laminate tops only.)
  3. Leg Textured finish: All core paint colors.

**Application Notes**

- It is not advisable to mix 28\(\frac{3}{8}\)" desk height product with 26\(\frac{1}{2}\)" standard height products.
- Table height = 28\(\frac{3}{8}\)" to the underside of worksurface.
- Product on this page will accept woodgrain laminate where laminate is currently an option.
- Assembly required, ships knocked down.
- Grommets are NOT an option for these tables.
- Column and base are color matched.
- Column = smooth
- Base = textured
- The underside of sliding table tops are routed with a finger pull groove for easy movement.
- The soft square and soft rectangular worksurfaces have softly curved sides.
### Specification Information

To order please specify pattern number including:

1. Worksurface finish: V1, V2, V3 wood only
2. Leg Textured finish: All core paint colors.

### Application Notes

It is not advisable to mix 28 3/8" desk height product with 26 1/2" standard height products.

Table height = 28 3/8" to the underside of worksurface.

Assembly required, ships knock down.

Grommets are NOT optional for these tables.

Column and base are color matched. Column = smooth. Base = textured.

The underside of sliding table tops are routed with a finger pull groove for easy movement.

The soft square and soft rectangular worksurfaces have softly curved sides.

**Order Code**

Example: RSTRSE361 ( )

**Specification Information**

To order please specify pattern number including:

1. Worksurface finish:
   - AW = Artic White, only
2. Leg finish: Textured: All core paint colors.

**Application Notes**

It is not advisable to mix 28 3/8"h desk height product with 26 1/2"h standard height products.

Table height = 28 3/8"h to the underside of worksurface.

Assembly required, ships knocked down.

Grommets are NOT optional for these tables.

Column and base are color matched.

Column = smooth

Base = textured

The underside of sliding table tops are routed with a finger pull groove for easy movement.

The soft square and soft rectangular worksurfaces have softly curved sides.

Artic White finish available for solid tops.

Example: RMSCB

R  Reff Profiles

MS  Mid Span

CB  Cantilever Bracket

()  Finish

L brackets may be used in off module applications for L bases, T bases and half depth end panels.

**Specification Information**

To order please specify pattern number including:

1. Finish - () - Painted Finish

When planning with Reff Profiles overheads half depth and panel may be required for additional support. Refer to pages 32 and 33 in the Planning Guide.

**Application Notes**

For wood tops black bracketry is recommended.

Utility bracket for use in securing free end of modesty on D and P tops when a return panel is not used or for T-bases in off module application.

Knoll takes no responsibility for the installation or security of tops to the wall.

Cantilevers can be used for corner worksurfaces or to join two adjacent straight worksurfaces together.

Order Code
```
Example: RBDH24MF114
```
- R: Reff Profiles
- B: Back panel/modesty
- DH: Desk height (28\(\frac{3}{8}\)"
- 24: 24"
- M: Full height modesty
- F: Modesty placement, flush
- 114: Finish, Folkstone grey

Specification Information
To order please specify pattern number including:
1. Modesty placement
   - F = Flush, cantilevered
   - R = Recessed
2. Finish

Application Notes
It is not advisable to mix 28\(\frac{3}{8}\)\"h desk height product with 26\(\frac{1}{2}\)\" standard height products.

Product on this page will accept wood grain laminate where laminate is currently an option. For more information on grain direction on vertical surfaces, please see page 5. Modesty panels and end panels ship with all hardware necessary to attach to tops and each other to build freestanding desks. To join tops to tops or bridge assemblies to desk, hardware must be ordered separately.

Modesty support for corner worksurface includes 12" deep end panels to support in freestanding applications.

Modesty panel lengths are nominal, length changes on option selected.

* Half depth end panels

Please see Reff Profiles Planning Guide for freestanding planning instructions.

**Use of short modesty panel**

Pedestals and finished back for pedestal must each be ordered separately.

Short modesty comes with attachment brackets to secure modesty panel to sides of pedestals.

Order:
- 40” modesty for 72” bow top
- 52” modesty for 84” bow top
- 64” modesty for 96” bow top

When ordering 30” d bow top for use with short modesty, specify **recessed** grommet location.

When ordering 36” d bow top for use with short modesty, specify **alternate** grommet location.

| Desk height bulkhead (false pedestal) | 24”  | 16” | 28 3/8” | REDBH124 ( ) | 580. | 985. | 1,121. | 1,475. |
|                                     | 30”  | 16” | 28 3/8” | REDBH130 ( ) | 599. | 1,003. | 1,146. | 1,512. |

Bulkhead takes the place of a pedestal in applications using the short modesty panel but not requiring a double pedestal application.

---

**Order Code**

Example: RSDHC111

 **Specification Information**

To order please specify pattern number including:

1. **Finish:** Core paint finishes

**Application Notes**

It is **NOT** advisable to mix 28\(\frac{3}{8}\)" desk height product with 26\(\frac{3}{8}\)" standard height product.

The base matrix for T-leg (tube style) is:
- 20" T-leg is used with 24"d top
- 24" T-leg is used with 30"d top
- 30" T-leg is used with 36"d top
- 40" and 42" T-leg is used with 48"d top

For all other Top to Base matrix, please refer to pages 140 and 141 in the Reff Profiles planning guide.

The plain cylinder and the tube legs can be ordered in plated and painted finishes.

All legs include 1\(\frac{1}{2}\)" leveller, allowing 1\(\frac{1}{4}\)" adjustability.

Casters are black, swivel type. Ships with 2 locking and 2 non-locking type.

Individual Round Column Leg is intended for peninsula applications where end opposite the leg is rigidly supported.

#### To order please specify pattern number including:

1. **Leg Finish:**
   - Painted or Anodized
   - P1 = All core painted options
   - P2 = All core metallic painted options, plus AA
   - P3 = 613 Silver
   - P4 = Anodized finishes AP & AU

#### Application Notes

It is NOT advisable to mix 28 3/8"h desk height products with 26 1/2"h standard height product.

For **Peninsulas:** Stiffeners are required for 1 1/2" thick tops with a span greater than 54".

The end of the worksurface, opposite the open frame legs must be anchored securely.

For **Tables:** Stiffeners must be installed in a specific location relative to the leg top plates and may not be arbitrarily located.

Stiffeners are finished black.

Open Frame legs include glides with 1" height adjustability.

Open Frame legs are not intended or able to be used adjacent to full height - 28 3/8"h desk height storage.

Note: These legs are intended to be used with Knoll worksurfaces, only.

Installation instruction sheets available on Knoll.Exchange.

For Peninsula, refer to part number 6TP00440.
For Tables; refer to part number 6TP00441.

</tbody>
</table>

### Specification Information

*To order please specify pattern number including:*

1. Finish: Painted or Anodized (AA, AP, AU)

### Application Notes

*It is NOT advisable to mix 28 3/8"h desk height product with 26 1/2"h standard height product.*

For “L”, “Reverse L” and “Soft Rectangular” Legs, same criteria applies as the column legs, when referencing the planning guide; pages 140 and 141

All legs, excluding “Wide Flange Legs” are sold in pairs.

These legs (excluding the Wide flange legs) include 1” leveller allowing 3/4” adjustability.

Wide Flange legs have 2” leg height adjustability at the top of the leg to the worksurface connection.

Wide Flange legs are for use with Peninsula applications only.

| R | Reff Profiles |
| C | Support Spider |
| B | Base |
| DH | Desk height |
| 28 | Diameter |
| X | X-base |
| 111 | Finish, Jet Black |

**Specification Information**

To order please specify pattern number including:

1. **Finish:** Core paint finish

**Application Notes**

It is **NOT** advisable to mix 28\(\frac{3}{8}\)'h desk height product with 26\(\frac{1}{2}\)'h standard height product.

Refer to Top to Base matrix, pages 140 and 141 in the Reff Profiles planning guide.

The Plain cylinder and tube style legs can be ordered in plated and painted finishes.

The legs on this page include a 1\(\frac{1}{4}\)" leveler allowing 1\(\frac{1}{8}\)" adjustability.

Example: RSDHD1428

**R** Reff Profiles

**S** Support

**DH** Desk Height

**D** Drum base, HA = Hinged with Access door

**T4** Diameter

**28** Height

**006B** Finish, Maple

---

**Specification Information**

To order please specify pattern number including:

1. Finish: Core paint finishes

---

**Application Notes**

It is NOT advisable to mix 28 3/8" h desk height product with 26 1/2" h standard height product.

Product on this page will accept wood grain laminate where laminate is currently an option. For more information on grain direction on vertical surfaces, please see page 5.

Wood T and L bases are not recommended for supporting conference tops. T and L bases on this page are for square edge worksurfaces only. Refer to page 250 for T and L bases for float edge worksurface.

Refer to Top to Base matrix, pages 140 and 141 in the Reff Profiles Planning Guide for 261/2" h standard height planning.

All bases include 1 1/2" leveler, allowing 1 3/4" adjustability.

**Order Code**

Example: AWM1 S36

**Specification Information**

Stiffeners are black painted finish.

**Application Notes**

AutoStrada worksurfaces require stiffeners when the span between structural supports exceeds 60". Stiffener also serves as horizontal cable manager.

Stiffener corresponds in width to straight or corner worksurface back edge. Specify 12" less wide stiffener to mount adjacent to floor standing pedestal.

For 90" application span, use AWM1-S84 stiffener.

### Order Code

- **RDHMR7810**
  - Reff Profiles
  - DH Desk height
  - M Modesty
  - R Removable
  - 78 Width
  - 16" storage
  - 006B Finish

### Specification Information

- **To order please specify pattern number including:**
  - R Finish
  - DH Wood or Laminate
  - M Modesty
  - R Removable
  - 78 Width
  - 10 16" storage
  - 006B Finish

### Application Notes

Products on this page will accept wood grain laminate, where laminate is currently an option. For any vertical surface greater than 60" wide, the grain direction is horizontal.

All noted dimensions are nominal. Please see Planning Guide for freestanding planning instruction.

These removable modesty’s backs are finished in veneer / laminate on inside (user side) and paper finished on the outside (approach side).

Modesty End panel and storage unit:

10= 16" storage
20= 19" storage
30= 30" storage
40= 36" storage

Modesty between two storage units:

11= 16"/16" storage
12= 16"/19" storage
13= 16"/30" storage
14= 16"/36" storage
22= 19"/19" storage
23= 19"/30" storage
24= 19"/36" storage
33= 30"/30" storage

**Specification Information**

To order please specify pattern number including:  
1. Finish  
Wood or Laminate  
Installation instruction sheets available on Knoll Exchange.

---

**Application Notes**

Products on this page will accept wood grain laminate, where laminate is currently an option. For any vertical surface greater than 60° wide, the grain direction is horizontal.

Hardware shipped with modesty to attach to worksurface.

J-Extrusion Wire Trough sold separately.

These removable modesty’s backs are finished in veneer / laminate on inside (user side) and paper finished on the outside (approach side).  

Modesty End panel and storage unit:  
10 = 16” storage  
20 = 19” storage  
30 = 30” storage  
40 = 36” storage  

Modesty between two storage units:  
11 = 16”/16” storage  
12 = 16”/19” storage  
13 = 16”/30” storage  
14 = 16”/36” storage  
22 = 19”/19” storage  
23 = 19”/30” storage  
24 = 19”/36” storage  
33 = 30”/30” storage

#### Specification Information

To order please specify pattern number including:

1. Finish L, V1, V2, V3

Products on this page will accept wood grain laminate, where laminate is currently an option. For any vertical surface greater than 60" wide, the grain direction is horizontal.

Installation instruction sheets available on Knoll Exchange. For Suspended modesties, refer to reference number 6TP00089.

Hardware shipped with modesty to attach to worksurface.

J-Extrusion Wire Trough sold separately.

These partial modesty’s backs are finished in veneer on inside (user side) and veneer on the outside (approach side).
Pedestals
Reff Profiles pedestals for 28 7/8" planning are available in a variety of single and double width configurations. Pedestals provide efficient and customizable storage solutions and often form the supportive foundation of floorstanding workspaces.

Dimensions
Pedestals are available in three heights for 28 7/8" planning:
- 22 7/8"H (1/4 height), intended to combine with 1" thick worksurfaces to achieve a 23 3/8" credenza height.
- 28 7/8"H, intended to combine with 1 1/2" thick worksurfaces to achieve a full 29 7/8" freestanding desk height.
- 34 7/8"H, intended to combine with 1 1/2" thick tops for use in service height applications

Note: Reff Profiles pedestals are also available in 26 1/2" height to achieve an overall height of 27 7/8". 26 1/2"H pedestals should only be planned in panel supported applications. Exceptions may be made for freestanding applications when matching legacy projects. See Reff Profiles Vol. One Price List for information on planning with 26 1/2" pedestals. Do not mix 26 1/2" pedestals with any 28 7/8" planning components.

Single floorstanding pedestals measure 15 1/4" wide (16" nominal, letter width), or 18 5/8" wide (19" nominal, legal width.) Service height pedestals measure 23 7/8" wide (24" nominal.) Double pedestals measure 29 7/8" and 35 7/8" wide (30" and 36" nominal, respectively.) The widths of the 24", 30", and 36" pedestals are undersized by 1/4" to eliminate any slight positional shift issues that may otherwise occur when several are placed beside one another.

Pedestals are 19", 23" or 29" deep. (24" wide pedestals are 19" or 23" deep only.) Optional 1" thick pedestal backs allow pedestals to match the depth of worksurfaces in exposed situations.

Construction
All floorstanding pedestal cases are constructed with precision mortised keyhole mechanical fasteners. This advanced construction method provides superior alignment and lasting rigidity to the case.

Interior drawer and shelf construction is either painted, metal or wood (veneer or laminate finish). Metal interiors provide increased economics while wood interiors feature the added quality of dovetailed joinery.

Wood drawers are a 4-sided 5 ply, wood box, maple veneered and finished inside and out. All corners are dovetailed for superior fit.

Metal drawer interiors are constructed of 22-gauge cold rolled, commercial quality (CRCQ) steel, painted black.

All box, file, and equipment drawers have full extension steel, ball bearing slides and are designed to meet BIFMA loading standards.

Hinged door pedestals use concealed, spring-loaded, adjustable pot hinges.

Floorstanding pedestals can replace wall hung support brackets, end panels, legs, T-bases, and L-bases to support worksurfaces. Four galvanized steel leveler glides are included to allow up to 1 1/2" of height adjustment.

Floorstanding pedestals are supplied with a hardware kit including wood screws for attachment to the underside of a worksurface. Pedestals may require counterweights (3 per pedestal, specified separately) when used in an unsecured fashion (i.e. freestanding.) Equipment pedestals are not intended for use in a standalone application.

All floorstanding pedestals (with the exception of access pedestals, see clarification below) include a metal back. Optional finished pedestal back panels are ordered separately and are available in 16", 19", 24", 30" and 36" widths to complement freestanding applications with exposed configurations.
**Exterior Options**

Floorstanding pedestals may be specified with a flush base detail or with a recessed, stepped base detail.

All pedestal fronts and cases are finished in veneer or laminate. If the case is specified in laminate, the front can be the same or a different laminate, or the front can be wood. If the case is specified in wood, the front will be of the same matching wood. Reff Profiles offers exceptional front set matching on pedestals specified in V2 or V3 veneer.

Pulls can be specified in B (no pull), C, D, F (bar), H (outline), J (routed), R (cylinder), S, and T (tab). Integral "J" pulls are full-width and routed out of the drawer front. Refer to pages 9-11 for pedestal pull locations and details.

**Locks**

Keyholes are drilled on all pedestals with drawers and are optional on models with hinge doors. Keyholes are located on the pedestal front: at the top right corner for drawer front pedestals; at the top left or right corner for single door pedestals (i.e. the latch side of the door); and on the top left corner of the right hand door for double door pedestals.

Locks are specified separately and can be randomly keyed or keyed alike. Locks are no charge and are available in a black or a matte silver finish.

Keying instructions must accompany all orders. Refer to page 685 for KnollKey Lock Program Information. Pedestals do not come with locks included. Randomly keyed locks are factory installed. Keyed-alike locks are field-installed using the KnollKey order form. Each locking pedestal counts for one lock core.
Interior Options

Pedestal drawers are available in various combinations of a 6” box style and a 12” file style.

Pencil trays are included in 16” and 19” wide box drawer pedestals with wood interiors; Pencil trays can be ordered separately for 16” and 19” wide pedestals with metal interiors.

12” file drawers include bars for front to back and side to side filing, accommodating both letter and legal filing, regardless of pedestal width. Wood file drawers do not support bottom loading. Metal file drawers will support bottom loading.

Also available, are box/file configurations with a single common front. The single front is attached to the file drawer. The box drawer is hidden behind the single front, and gets the same front finish as the case. The box drawer gets no applied pull. A finger space is provided for access.

Open and hinged door pedestals, single and double wide, include one adjustable shelf. Three sets of holes are drilled inside the pedestal. The shelf is positioned on the middle location and can move 2 1/2” higher or 2 1/2” lower. When centered, the clearance below the shelf is 11 1/8”. The clearance above the shelf is 4 1/8” for 22 3/8” high storage, and is 11” for 28 3/8” high storage. Shelves are 1 1/8” thick. Specify left-hand or right-hand hinge location on single-width pedestals with doors.

Access pedestals offer a recessed, removable back above their adjustable shelf that allows convenient access to wall-supplied services. The recessed position of the back panel allows space for cords to bend and for plugs to connect to outlets, as necessary. The recessed space is 4” deep. Access pedestals are intended for use in applications where the back of the pedestal is not exposed.

Equipment pedestals combine an equipment drawer with an open vertical cubby intended for housing a CPU tower. They are available 22 3/8” high or 28 3/8” high.

The handedness of the equipment pedestal is determined by the location of the drawer, from the user’s perspective.

There is no back behind the equipment drawer, to allow for wire management and access to power. The CPU cubby has a wood back with a 3” opening at the top for ventilation. The divider between the equipment drawer area and the CPU cubby has a grommet for wire pass-through.

Full pedestal backs can be ordered, but are not recommended for equipment pedestal applications, as they will restrict ventilation.

Equipment pedestals are available with wood interiors only.

The 22 3/8” high equipment pedestal has a cable pitch above the equipment drawer that guides cables towards the back of the pedestal, keeping them clear of the equipment below.

The 28 3/8” high equipment pedestal has a shelf above the equipment drawer, creating a horizontal cubby space. The back of this cubby space is removable for service access, and has a 1 1/8” opening at the top for cable management and ventilation.

Interior clearance dimensions for the equipment drawer:

Depth: 17 3/8” (for 19” deep pedestals)
21 3/8” (for 23” deep pedestals)

Height: 14 3/8” (for 22 3/8” high pedestals, without cable tray installed)
14” (for 28 3/8” high pedestals)

Width: 19 1/4” (for 30” wide pedestals)
25 1/4” (for 36” wide pedestals)

Interior clearance dimensions for the vertical CPU cubby:

Depth: 17 1/4” (for 19” deep pedestals)
21 1/4” (for 23” deep pedestals)

Height: 17 3/8” (for 22 3/8” high pedestals)
23 3/8” (for 28 3/8” high pedestals)

Width: 8”

24” wide pedestals are available with: an empty interior and a hinged door front, or a waste-recycle interior and a drawer front. They are 28 3/8” high or 34 3/8” high.

24” wide pedestal interior clearance dimensions:

Depth: 16.5” (for 19” deep pedestals)
20.5” (for 23” deep pedestals)

Height: 23.7” (for 28 3/8” high pedestals)
29.7” (for 34 3/8” high pedestals)

Width: 21”

The intent of the 24” wide hinged door pedestal is that it be customized to preference, and be specified in conjunction with interior options, such as shelves (ordered separately), or left empty for use with a mini refrigerator. Pedestal backs are not recommended for use with a refrigerator, as they will restrict ventilation.

The shelf drillings in 24” wide pedestals are spaced continuously 2 1/2” apart from top to bottom. To order shelf kits, refer to 614.

24” wide waste-recycle pedestal units come fully assembled and include 2 bins for recycling and waste. Waste-recycle pedestals do not have a lock option. The drawer body, which holds the bins, comes in black only. Bins are grey and each bin has a 25 (US) quart capacity.

Suitable tops for the 24” wide pedestal units are; 1 1/8” thick rectilinear tops (with desk top grommet) or 1 1/8” thick credenza tops (with edge grommet).

A 6” wide filler is optional and can be ordered separately to achieve full worksurface depth.
Mobile Pedestals

Mobile pedestals for 28 7/8" planning are 23 3/8" high (23" nominal), 15 5/8" wide (16" nominal), and 19 1/16" deep (19" nominal). Their tops align with 23 3/8" credenza height and will fit under full 29 7/8" freestanding desk height worksurfaces.

Mobile pedestal cases are of glue and dowel construction.

Mobile pedestal interiors feature wood drawer construction. The drawers are a 4-sided, 5 ply, wood box, maple veneered and finished inside and out. All corners are dovetailed for superior fit.

Box and file drawers have full extension steel, ball bearing slides and are designed to meet BIFMA loading standards.

Five concealed, non-braking swivel casters are mounted on mobile pedestals, with four of the casters mounted near the corners and the fifth caster mounted to the drawer to ensure stability when the drawer is open.

Counterweights are included.

Mobile pedestals have a finished top, sides, and back and are offered in veneer or laminate. If the case is specified in laminate, the front can be the same or a different laminate, or the front can be wood. If the case is specified in wood, the front will be of the same matching wood. Reff Profiles offers exceptional front set matching on pedestals specified in V2 or V3 veneer.

An aluminum pencil tray is permanently attached to the top of the mobile pedestal. This tray also serves as the handle to pull the unit from place to place. The tray is available in all standard paint finish options and in three anodized finish options.

Mobile pedestals are available with a G (grommet) pull only.

Keyholes are always drilled on mobile pedestals. Keyholes are located on the pedestal front, at the center right side of the file drawer.

Locks are specified separately and can be randomly keyed or keyed alike. Locks are no charge and are available in a black or a matte silver finish.

Keying instructions must accompany all orders. Refer to page 685 for KnollKey Lock Program Information. Pedestals do not come with locks included. Randomly keyed locks are factory installed. Keyed-alike locks are field-installed using the KnollKey order form. Each locking pedestal counts for one lock core.

Mobile pedestal drawers are a box/file configuration with a single common front. The single front is attached to the file drawer. The box drawer is hidden behind the single front, and gets the same front finish as the case. The box drawer gets no applied pull. A finger space is provided for access.

The hidden box drawer will accommodate an interior pencil tray, but it is not included, and must be specified separately.

The mobile pedestal file drawer includes one letter width bar, and accommodates both letter and legal filing. The file drawer does not support bottom loading.

Pedestal Accessories

Additional and replacement pedestal accessories are available, including: pencil trays, file bars, box and file drawer dividers, shelf kits, counterweights, and waste/recycle bins. Refer to 613-614 for further information.

Pedestals may require counterweights when used in unsecured fashion (ie freestanding)
- *3 counterweights per pedestal
- *Pencil tray not included.

### Order Code
- **Example:** RP161R ( )( ) ( ) ( )
- **R** = Ref: Profiles
- **P** = Pedestal
- **16** = 16" wide (nominal)
- **1** = 19" deep (nominal)
- **G** = BBB
- **006B** = Case Finish
- **006B** = Front Finish
- **M** = Interior Option
- **H** = Pull Option
- **PU** = Pull Finish
- **L** = Lock Option
- **B** = Lock Finish

### Specification Information

To order please specify pattern number including:
1. **Case finish**
   - Wood or Laminate
2. **Front finish**
   - Wood or Laminate
3. **Interior Option**
   - M = Metal
4. **Pull option:**
   - B = No pull, No drilling
   - F = Bar pull (1 pull per door set)
   - T = Tab pull (1 pull per door set)
   - H = Outline pull
   - N = No pull, Touch latch
   - R = Cylinder pull
   - X = No lock drilled
5. **Pull finish:**
   - Painted or Plated
6. **Lock option**
   - L = Lock hole drilled
   - N = No lock drilled
   - D = Drawers are always drilled for locks, Not optional.
7. **Lock finish**
   - B = Black
   - S = Matte Silver

### Application Notes

- **It is NOT advisable to mix 283/8" desk height products with 261/2" standard height products. These pedestals to be used in conjunction with 283/8" planning.**
- Applied back ordered separately for finished back.
- File drawer does not support bottom loading.
- File drawers include bars for front to back and side to side filing.
- Pencil trays can be ordered separately for 16" and 19" wide pedestals with metal interior. See page 613.
- Pedestals can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267.
- For Stepped Base, replace "R" with "R2", i.e.: RP161 = Pedestal with Flushed base
  - R2P161 = Pedestal with Stepped base
- Pedestals do not come with lock included. Random locks are factory installed. Key-alike are field installed using the KnollKey order form. Each locking pedestal on this page counts for one lock core.
- These pedestals are key hole construction.

---

*If case is Laminate, the front can be laminate or wood.*
*If case is Wood, the front can only be wood.*

Product on this page Excluding J-pull option will accept wood grain laminate, where laminate is currently an option.

**Keying instructions must accompany all orders, refer to page 685. Pedestals do not come with lock included. Random locks are factory installed. Key-alike are field installed using the KnollKey order form. Each locking pedestal on this page counts for one lock core.**

---

*If case is Laminate, the front can be laminate or wood.*
*If case is Wood, the front can only be wood.*

Pencil trays can be ordered separately for 16" and 19" wide pedestals with metal interior. See page 613.

Supplied with hardware kit including wood screws for attachment to underside of worksurface

---

### Application Notes

It is NOT advisable to mix 28 3/8" desk height products with 26 1/2" standard height products. These pedestals to be used in conjunction with 28 3/8" planning.

Applied back ordered separately for finished back.

File drawer do not support bottom loading

File drawers include bars for front to back and side to side filing.

Pencil trays included in pedestals 16" and 19" wide with wood interior; only.

Pedestals are supplied with hardware kit including wood screws for attachment to underside of worksurface.

Pedestals can be specified with 2 base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.

For Stepped Base, replace “R” with “R2”, ie; RP161 = Pedestal with Flushed base  
R2P161 = Pedestal with Stepped base

---

### Order Code

**Example:** RP301T ( )( )( )L( )( )( )

**R** = Ref Profiles  
**P** = Pedestal  
**T** = Open/File configuration, S = Open configuration  
**006B** = Case Finish  
**006B** = Front Finish  
**W** = Interior option, Wood  
**H** = Pull option  
**PU** = Pull finish  
**L** = Lock option  
**B** = Lock finish

1. Cabinet finish  
2. Interior option

---

### Specification Information

To order please specify pattern number including:

1. Case finish  
   Wood or Laminate  
2. Front finish  
   Wood or Laminate  
3. Interior Option  
   W=Wood  
4. Pull option:  
   B=No pull, No drilling  
   F=Bar pull (1 pull per door set)  
   H=Outline pull  
   N=No pull, touch latch  
   R=Cylinder pull  
   T=Tab pull (1 pull per door set)  
5. Pull finish: Painted or Plated  
6. Lock option  
   L=Lock hole drilled  
   N=No lock drilling  
   D=Drawers always drilled for locks. Not optional.  
7. Lock finish  
   B=Black  
   S=Matte Silver

### Keying instructions must accompany all orders, refer to page 665. Pedestals do not come with lock included. Random locks are factory installed. Key-alike are field installed using the KnollKey order form. Each locking pedestal on this page counts for one lock core.

These pedestals are key hole construction.

When case finish is Solid color Laminate, shelves are painted to match.

When case finish is wood or wood grain laminate, shelves are painted black.

*If case is Laminate, the front can be laminate or wood.

*If case is Wood, the front can only be wood.

Product on this page Excluding J-pull option will accept wood grain laminate, where laminate is currently an option.

When case finish is Solid color Laminate, shelves are painted to match.

When case finish is wood or wood grain laminate, shelves are painted black.

*If case is Laminate, the front can be laminate or wood.

*If case is Wood, the front can only be wood.

*Keying instructions must accompany all orders, refer to page 665. Pedestals do not come with lock included. Random locks are factory installed. Key-alike are field installed using the KnollKey order form. Each locking pedestal on this page counts for one lock core.

- **Application Notes**
  - It is NOT advisable to mix 28 3/8"h desk height products with 26 3/8"h standard height products. These pedestals to be used in conjunction with 28 3/8"h planning.
  - File drawers include file bars for front to back and side to side filing.
  - File drawers do not support bottom loading.
  - Each pedestal may require 3 counterweights when used in unsecured fashion. (ie: Freestanding)
  - 1 counterweight = 10 lbs.
  - Pedestals are supplied with hardware kit including wood screws for attachment to underside of worksurface.
  - Pedestals can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.
  - For Stepped Base, replace “R” with “R2”:
    - ie; RP161 = Pedestal with Flushed base
    - R2P161 = Pedestal with Stepped base

- **Product on this page Excluding J-pull option and any vertical surface over 40", will accept wood grain laminate, where laminate is currently an option.**

---

Order Code

Example: RP211J (O)(O)(O)(O)

R = Reff Profiles
P = Pedestal
2 = 26 1/2"H
1 = 19" deep
J = Box box file config.

Flashed base shown

Specification Information

To order please specify pattern number including:
1. Case finish
   Wood or Laminate
2. Front finish
   Wood or Laminate
3. Interior Option
   M=Metal
4. Pull option:
   B=No pull, No drilling
   C=C-pull (available in Nickel finish only)
   D=metal D-pull
   F=Bar pull (1 pull per door set)
   H=Outline pull
   J=routed J-pull
   (finish matches case)
5. Pull finish=Painted or Plated
6. Lock option
   L=Lock hole drilled
   N=No lock drilling
   Drawers are always drilled for locks. Not optional.
7. Lock finish
   B=Black
   S=Matte Silver

Application Notes

It is NOT advisable to mix 28 3/8"h desk height products with 26 1/2"h standard height products. These pedestals to be used in conjunction with 28 3/8" planning.

File drawers include file bars for front to back and side to side filing.

Product on this page Excluding J-pull option will accept wood grain laminate, where laminate is currently an option.

Keying instructions must accompany all orders, refer to page 685. Pedestals do not come with lock included. Random locks are factory installed. Key-alike are field installed using the KnollKey order form. Each locking pedestal on this page counts for one lock core.

Pencil trays not included in pedestals with metal interiors.

Finished back must be ordered separately to achieve full depth without a modesty. (page 295)

Pencil trays to be ordered separately; see page 613.

Finished back must be ordered separately to achieve full depth without a modesty. (page 295)

Pedestals do not come with lock included. Random locks are factory installed. Key-alike are field installed using the KnollKey order form. Each locking pedestal on this page counts for one lock core.

1 counterweight = 10 lbs.

Pedestals are supplied with hardware kit including wood screws for attachment to underside of worksurface.

Pedestals can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.

For Stepped Base, replace “R” with “R2.”

e.g. RP161 = Pedestal with Flushed base
R2P161 = Pedestal with Stepped base

Pencil trays not included in pedestals with metal interiors.

Pedestals may require counterweights when used in unsecured fashion (ie freestanding)

*3 counterweights per pedestal

---

**Order Code**

Example: RP161J( )( )L( )

- **R**: Ref Profiles
- **P**: Pedestal
- **J**: Box/Box/File configuration
- **118**: Case Finish
- **006B**: Front Finish
- **W**: Interior option, wood
- **T**: Pull option
- **L**: Lock finish
- **B**: Lock finish

**Specification Information**

To order please specify pattern number including:

1. Case finish
   - Wood or Laminate
2. Front finish
   - Wood or Laminate
3. Interior Option
   - W = Wood
4. Pull option:
   - B = No pull, No drilling
   - C = C-pull (available in Nickel finish only)
   - D = Metal D-pull
   - F = Bar pull (1 pull per door set)
   - H = Outline pull
   - J = Routed J-pull (finish matches case)
   - N = No pull, touch latch
   - R = Cylinder pull
   - S = S-pull (stainless steel finish only)
   - T = Tab pull (1 pull per door set)
5. Pull finish = Painted or Plated
6. Lock option
   - L = Lock hole drilled
   - N = No lock drilling
7. Lock finish
   - B = Black
   - S = Matte Silver

*If case is Laminate, the front can be laminate or wood.
*If case is Wood, the front can only be wood.

Product on this page Excluding J-pull option will accept wood grain laminate, where laminate is currently an option.

Keying instructions must accompany all orders, refer to page 625. Pedestals do not come with lock included. Random locks are factory installed. Key-alike are currently an option.

Finished back must be ordered separately to achieve full depth without a modesty. (page 295)

---

**Application Notes**

It is NOT advisable to mix 283/8" desk height products with 26 1/2" standard height products. These pedestals to be used in conjunction with 28 1/8" planning.

File drawers include file bars for front to back and side to side filing.

Pedestals are supplied with hardware kit including wood screws for attachment to underside of worksurface.

Pedestals can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.

For Stepped Base, replace “R” with “R2”, i.e; RP161 = Pedestal with Flushed base
R2P161 = Pedestal with Stepped base

Pedestals may require counterweights when used in unsecured fashion (ie freestanding)

*3 counterweights per pedestal

Flashed base shown

**Order Code**

| Example: RP191J()()()() |
| R   | Reff Profiles |
| R2  | StepBase base |
| P   | Pedestal |
| 19  | 19 wide (nominal) |
| T   | 19 deep (nominal) |
| J   | Box/File/File configuration |
| 118 | Case Finish |
| 006B | Front Finish |
| W   | Interior option, wood |
| T   | Pull option, J |
| 118 | Pull finish |
| L   | Lock option |
| B   | Lock finish |

**Specification Information**

To order please specify pattern number including:

1. Case finish
   - Wood or Laminate
2. Front finish
   - Wood or Laminate
3. Interior Option
   - W=Wood
4. Pull option:
   - B=No pull, No drilling Customer's own pull.
   - C=Custom pull (available in Nickel finish only)
   - D=metal D-pull
   - F=Bar pull (1 pull per door set)
   - H=Outline pull
   - J=routed J-pull (finish matches case)
   - N=No pull, touch latch
   - R=Cylinder pull
   - S=S-pull (stainless steel finish only)
   - T=Tab pull (1 pull per door set)
5. Pull finish=Painted or Plated
6. Lock option
   - L=Lock hole drilled
   - N=No lock drilling
   - Drawers are always drilled for locks. Not optional.
7. Lock finish
   - B=Black
   - S=Matte Silver

*If case is Laminate, the front can be laminate or wood.
*If case is Wood, the front can only be wood.

Product on this page Excluding J-pull option will accept wood grain laminate, where laminate is currently an option.

**Keying instructions must accompany all orders, refer to page 685. Pedestals do not come with lock included. Random locks are factory installed. Key-alike are field installed using the KnollKey order form. Each locking pedestal on this page counts for one lock core.**

Box-box-file configuration pedestals with wood drawers includes pencil tray and two tray dividers in top box drawer.

Finished back must be ordered separately to achieve full depth without a modesty. (page 290)

**Application Notes**

It is NOT advisable to mix 28\(3/8\)" desk height products with 26\(1/2\)" standard height products. These pedestals to be used in conjunction with 28\(3/8\)" planning.

- File drawers include file bars for front to back and side to side filing.
- File drawers do not support bottom loading.
- Each pedestal may require 3 counterweights when used in unsecured fashion (ie Freestanding) 1 counterweight = 10 lbs.

Pedestals are supplied with hardware kit including wood screws for attachment to underside of worksurface.

Pedestals can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.

For Stepped Base, replace "R" with "R2".

ie: RP161 = Pedestal with Flushed base
R2P161 = Pedestal with Stepped base

   R = Cylinder pull (1 pull/door)
   S = S-pull (Stainless steel only)
   T = Tab (1 pull per door)
   (Note: E,H,R and T pulls are centered on the door)
5. Pull finish:
   Painted or plated
6. Lock option, where applicable:
   L = Lock
   N = No lock
7. Lock finish, where applicable:
   B = Black
   S = Matte Silver

It is NOT advisable to mix 28\(\frac{3}{8}\)" high desk height products with 26\(\frac{3}{8}\)" standard height products. These pedestals to be used in conjunction with 28\(\frac{3}{8}\)" planning.

Keying instructions must accompany all orders, refer to page 685. Pedestals do not come with lock included. Key-aliike are field installed using the KnollKey order form. Each locking pedestal on this page counts for one lock core.

Product on this page Excluding J-pull option will accept wood grain laminate, where laminate is currently an option.

The waste - recycle units come fully assembled, include 2 bins for recycling and waste. Waste recycle pedestals do not have a lock option.

Application Notes

The intent of the hinged door pedestals, is to be customized to your preference, and are to be used in conjunction with interior options, such as shelves (which can be ordered separately) or empty for use with a mini refrigerator.

To order shelf kits for these pedestals, refer to page 614.

Suitable tops for these units are; 1\(\frac{1}{2}\)" thick rectilinear tops (with desk top grommet) or 1\(\frac{1}{2}\)" thick credenza tops (with edge grommet). 6" filler is optional and can be ordered separately to achieve full depth.

Finished back not recommended for use with a refrigerator as it restricts ventilation.

Pedestals can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271. For Stepped Base, replace "R" with "R2": ie: RP161 = Pedestal with Flushed base
R2P161 = Pedestal with Stepped base

Specification Information

To order please specify pattern number including:

1. Case Finish:
   - Wood or Laminate
2. Front Finish:
   - Wood or Laminate
3. Interior option: W = Wood interior option
4. Pull option:
   - B = No pull, No drilling
   - C = C-pull (Nickel finish only)
   - D = D-pull (Painted, PZ or PT finishes only)
   - F = Bar (1 pull / Drawer)
   - H = Outline (2 pull / Drawer)
   - J = Routed J-pull
   - R = Cylinder (2 pull / Drawer)
   - S = S-pull (Stainless steel only)
   - T = Tab (1 pull / Drawer)
5. Pull finish:
   - Painted or plated
6. Lock option:
   - Pedestals with drawers always lock drilled
   - L = drilled to accept lock
7. Lock finish:
   - B = Black
   - S = Matte silver

Application Notes

It is NOT advisable to mix 28\(\frac{3}{8}\)"h desk height products with 26\(\frac{1}{2}\)"h standard height products. These pedestals to be used in conjunction with 28\(\frac{3}{8}\)"h planning.

Equipment Pedestal’s interior clearance:

Enclosed Area:
- For 30" X 19"; 22.5" X 16.5"d X 13.25"h
- For 30" X 23"; 22.5" X 20.5"d X 13.25"h
- For 36" X 19"; 26.5" X 16.5"d X 13.25"h
- For 36" X 23"; 26.5" X 20.5"d X 13.25"h

Open Area:
- For 30" X 19"; 8" X 16"d X 25.7"h
- For 30" X 23"; 8" X 20"d X 23.7"h
- For 36" X 19"; 8" X 16"d X 23.7"h
- For 36" X 23"; 8" X 20"d X 23.7"h

Pedestals can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.

For Stepped Base, replace “R” with “R2”, ie; RP161 = Pedestal with Flushed base
R2P161 = Pedestal with Stepped base

*If case is Laminate, the front can be laminate or wood.
*If case is Wood, the front can only be wood.

Flushed base shown

Application Notes

From the viewer’s perspective, the drawer location determines the pedestal Right/Left orientation.

Applied back can be ordered separately but NOT recommended, for it restricts ventilation.

Not advised to use in a stand alone application.

Pedestals can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.

For Stepped Base, replace “R” with “R2”, ie; RP161 = Pedestal with Flushed base
R2P161 = Pedestal with Stepped base

*If case is Laminate, the front can be laminate or wood.
*If case is Wood, the front can only be wood.

- **L** = Left (R = right)
- **006B** = Case Finish
- **006B** = Front Finish
- **F** = Pull option
- **111** = Pull finish
- **L** = Lock option
- **B** = Lock finish

### Specification Information

**To order please specify pattern number including:**

1. Hinge location, where applicable:
   - L = left hand
   - R = right hand
2. Case Finish; Wood or Laminate
3. Front finish Wood or Laminate
4. Pull option
   - B = No pull, No drilling
   - C = nickel finish only
   - D = metal D-pull (painted, PZ, PT only)
   - F = Bar
   - H = Outline pull (1 pull per door)
   - J = routed J-pull
   - R = Cylinder pull (1 pull per door)
   - S = S-pull (stainless steel only)
   - T = Tab (1 pull per door)
5. Pull finish:
   - Painted or plated
6. Lock option, where applicable:
   - L = Lock
   - N = No lock
7. Lock finish, where applicable:
   - B = Black
   - S = Matte Silver

**Note:** If case is Laminate, the front can be laminate or wood.

**Application Notes**

- **It is NOT advisable to mix 28\(\frac{3}{8}\)"h desk height products with 26\(\frac{3}{8}\)"h standard height products. These pedestals to be used in conjunction with 28\(\frac{3}{8}\)" planning.**

- **Keying instructions must accompany all orders, refer to page 685. Pedestals do not come with lock included. Key-alike are field installed using the KnollKey order form. Each locking pedestal on this page counts for one lock core.**

- **Waste recycle units come fully assembled, include 2 bins for recycling and waste. Waste recycle pedestals do not have a lock option. The drawer body which holds the bins, come in black only. Bins are grey and have 35 (US) quarts capacity.**

- **The intent of the hinged door pedestals, is to be customized to your preference, and are to be used in conjunction with interior options, such as; shelves ( which can be ordered separately) or empty for use with a mini refrigerator.**

- **To order shelf kits for these pedestals, refer to page 611.**

- **The shelf drillings in these units are continuously 2.5" apart from top to bottom.**

- **Suitable tops for these units are; 1\(\frac{1}{2}\)" thick rectilinear tops (with desk top grommet) or 1\(\frac{3}{8}\)" thick Credenza tops (with edge grommet). 6" filler is optional and can be ordered separately to achieve full depth.**

- **Finished back not recommended for use with a refrigerator as it restricts ventilation.**

- **Pedestals can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.**

- **For Stepped Base, replace “R” with “R2”.**

- **ie: RP161 = Pedestal with Flushed base**

- **R2P161 = Pedestal with Stepped base**

### Interior clearance dimensions:

For 19" deep pedestals:

- **Depth:** 16.5"
- **Height:** 29.7"
- **Width:** 21"

For 23" deep pedestals:

- **Depth:** 20.5"
- **Height:** 29.7"
- **Width:** 21"

*To order please specify pattern number including:*

1. **Case finish**
   - Wood or Laminate
2. **Front finish**
   - Wood or Laminate
3. **Interior option**
   - W = Wood
4. **Pull option:**
   - B = No pull, No drilling (Available in Nickel finish only)
   - C = C-pull (available in Nickel finish only)
   - D = Metal D-pull
   - F = Bar pull (1 pull per door set)
   - H = Outline pull
   - J = Routed J-pull (finish matches case)
   - N = No pull, touch latch
   - R = Cylinder pull
   - S = S-pull (Stainless steel finish only)
   - T = Tab pull (1 pull per door set)

5. **Pull finish:**
   - B = No finish option
   - C = Nickel plated only
   - D = All core paint, PT & PZ plated
   - J = Matched front finish
   - S = Stainless steel
   - F, H, R, T = All core paint & plated

6. **Lock option**
   - Mobile pedestals with drawers always lock drilled.
7. **Lock finish**
   - B = Black
   - S = Matte silver

### Application Notes

- If the case is laminate, the front can be laminate or wood veneer.
- If the case is wood veneer, the front can only be the same wood veneer.
- Product on this page excluding J-pull option, will accept wood grain laminate where laminate is currently an option.
- **Keying instructions must accompany all orders, refer to page 685.**

*Pedestals do not come with lock included. Key-alike are field installed using the KnollKey order form. Each locking pedestal on this page counts for one lock core.**

- Mobile pedestals with wood interior, include one pencil tray with two tray dividers.
- Mobile pedestals are always equipped with finished backs.
- File drawers include file bars for side to side filing only. File drawers do not support bottom loading.
- Mobile pedestals are glue and dowel construction.
- Casters on Mobile Pedestals are non-locking.

**Note:** The interior depth for the 19” deep mobile pedestals listed above, with Metal Interior is 16” deep.
## Application Notes

- Mobile pedestals are always equipped with finished backs.
- File drawers include file bars for side to side filing only. File drawers do not support bottom loading.

- R: Ref Profiles
- P: Pedestal
- C: For use with 22\(\frac{3}{8}\)” pedestal
- B: Back
- 16: Width
- 006B: Finish

### Specification Information

1. **Finish:** Laminate or V1, V2, V3

### Application Notes

It is NOT advisable to mix 28\(\frac{3}{8}\)” desk height products with 26\(\frac{1}{2}\)” standard height products. These pedestals to be used in conjunction with 28\(\frac{3}{8}\)” planning.

Products on this page will accept wood grain laminate, where laminate is currently an option.

298
Progressive Low Credenzas

Reff Profiles Progressive Low Credenzas for 28½" planning have a unique aesthetic with fresh clean lines and raised feet for an airy and residential feel.

Progressive Low Credenzas are available in several widths and configurations, including open/cubby storage, file drawer, and sliding door options. They provide a freestanding storage solution, and may also be used to support one end of a Peninsula.

Progressive Low Credenzas match the aesthetic detail of Reff Profiles Progressive Overheads and Cabinets and can be combined with Progressive L-shelves, tackboards, & task panels to form innovative workwalls within private offices.

Note: Progressive Low Credenzas may be planned in conjunction with “classic” single and double high overheads, but because they feature a raised case detail, they should not be planned directly adjacent to “classic” floor-standing storage pieces with a “stepped” or “flush” plinth detail.
Progressive Low Credenzas incorporate a 15/16” top for a finished height of 23⅜”, and are intended for 28⅜” planning.

Four widths are available (60”, 72”, 90”, & 108”) that correspond to pedestal modules of 30” and 36”.

Progressive Low Credenzas are nominally 20” deep, with an actual depth of 19”.

**Note:** Reff Profiles Credenzas are also available for “standard height” (26½”) planning applications. “Standard height” credenzas for 26⅛”H planning should only be planned adjacent to panel supported applications. Exceptions may be made for freestanding applications when matching legacy projects. See Reff Profiles Standard Height Planning Guide for information on planning with “standard height” cabinets for 26½” planning. Do not mix “standard height” (26½”) planning components or credenzas with any credenzas for 28⅜” planning.

**Construction**

Progressive Low Credenzas are assembled with glue and dowel construction. The credenza cases ship fully assembled; The legs and the sliding doors are to be installed on site.

Credenza legs are made of aluminum with a steel top plate. Each leg houses two leveler glides to with galvanized steel threads allow up to 1⅜” of height adjustment.

Sliding Glass doors are constructed of tempered glass, surrounded by an aluminum frame.

Shelves in an open/cubby storage configuration are fixed, and constructed of wood, finished in laminate or veneer to match the case.

Metal drawer interiors are constructed of 22-gauge cold rolled, commercial quality (CRCQ) steel, painted black.

All file drawers have full extension steel, ball bearing slides and are designed to meet BIFMA loading standards.

All Progressive Low Credenzas include a finished back.

**Exterior Options**

All Progressive Low Credenzas with drawers feature a unique “G” grommet pull. Credenza doors can be specified with a “G” grommet pull, or no pull at all. “G” grommet pulls are available in all core paint finishes, plus PD (Polish Chrome) & PU (Satin Nickel) finishes.
Credenza legs are available in all core painted finishes. Anodized finishes are not available.

All Progressive Low Credenza fronts and cases are finished in veneer or laminate. If the case is specified in laminate, the front can be the same or a different laminate, or the front can be wood. If the case is specified in wood, the front can only be of the same wood or a different wood at the same price point.

Only the highest-grade veneer offered by the industry: Architectural AA, is used for Reff Profiles. The veneer for each front set is hand selected and laid up to be center balanced and matched. Though the veneer is selected to stringent standards, the color and grain, between adjacent cabinets, will have natural variations and may not match.

Sliding glass doors are available in all back painted finish options. The door frame is available in all core paint finishes, as well as three anodized finishes (AA, AP, or AU).

Locks
Keyholes are drilled on all credenzas with drawers and are optional on models with sliding doors. Keyholes are located on the credenza front: at the top right corner of the drawer for drawer front credenzas; at the top left or right corner for credenzas with a door (i.e. top left side on a right sided cabinet).

Locks are specified separately and can be randomly keyed or keyed alike. Locks are no charge and are available in a black or a matte silver finish.

Keying instructions must accompany all orders. Refer to page (currently 508) for KnollKey Lock Program Information. Pedestals do not come with locks included. Randomly keyed locks are factory installed. Keyed-alike locks are field-installed using the KnollKey order form. Each locking drawer or door counts for one lock core.

Interior Features
Progressive Low Credenzas are available in various combinations of open/cubby storage, file drawer, and sliding door options.

Each open/cubby portion of a progressive low credenza includes a single fixed shelf. The clearance below the shelf is 12 \( \frac{3}{16} \)". The clearance above the shelf is 3 \( \frac{3}{4} \)". Shelves are \( \frac{3}{16} \)" thick.

Interior shelves will be finished in the same finish as the case.

Credenza file drawers are metal construction and include bars for front to back and side to side filing, accommodating both letter and legal filing, regardless of credenza width. File drawers will support bottom loading.

Planning
Progressive Low Credenzas are intended to sit 1" from the wall. This aligns the front face of the credenza with 20"D Progressive Floorstanding Cabinets, leaving a gap from the wall to allow for wire management.

The handedness of an asymmetrical Progressive Low Credenza is determined from the user's perspective. If the drawer or door is on the right side, the cabinet is classified as a “right hand” cabinet.

Credenzas with file drawers require counterweights when used in an unsecured fashion (i.e. freestanding application). Two counterweights are required for each file drawer. For example, a 108" wide credenza with a single center file drawer requires two counterweights; A 108" wide credenza with a file drawer at both left and right sides requires four counterweights. Counterweights are specified separately, and are secured on site under the bottom shelf of the credenza.

Accessories
Tempered glass credenza tops and upholstered credenza cushions are available separately.

Glass tops are available in GL35 (Grey) or GL85 (Star Clear) finishes, and are 20" deep. There is no grommet option for a glass top.

Note: 18" is the recommended cushion depth for 20"D (nominal) Progressive Low Credenzas.
Note: Specify Case Finish, then Door Finish.

</table>
Wall Storage Units Overview

Wall Storage Units expand the private office and meeting spaces storage options in the Reff Profiles line and are designed to enhance the performance of the office with improved cable management and storage options.

These units include a cable drop area behind each shelf allowing corded articles to be easily stored and used. Units taller than 42” must be attached to a wall or back-to-back. Wall Storage Units are not intended to be used in locations where the backs may be exposed. Adjacent units need to be attached to each other for alignment.

Reveals are installed between Bookcase, Stack-on and Shoulder Units.

Climbing or stepping upon the shelves will exceed the design load and may cause the shelf to collapse, resulting in personal injury and product damage. Do not climb or step upon the Bookcase.

Bookcases:

Wall Storage includes a series of Bookcases available in 14” and 11” depth, 86”, 72”, 53”, 42” and 28” height; 36” and 30” width. All dimensions are nominal. Actual dimensions are:

- **Depth**
  - 11” = 10 ¾”
  - 14” = 13 13/16”

- **Width (without vertical reveals)**
  - 30” = 29 15/16”
  - 36” = 35 15/16”

- **Height**
  - 86” = 86”
  - 72” = 72 ¼”
  - 53” = 52 5/8”
  - 42” = 41 ½”
  - 28” = 28 3/8”

Actual Bookcase heights are with levelers at lowest extension (shortest height).

Wall Storage Units are offered in Discrete and Ganged types. All Bookcases are available with or without a center gable.

Stack-on Units:

Stack-on Units are used to increase the number of shelves for storage to take greater advantage of available ceiling height.

Stack-on Units include a series of 11” and 14” deep units which are 32” high by 30” and 36” wide offered in Discrete and Ganged types. All Stack-on Units are available with or without a center gable.

When used with a 72” high Bookcase, the overall height is 72”H + 32”H = 104” high, suitable for a 9’ high ceiling.

When used with an 86” high Bookcase, the overall height is 86”H + 32”H = 118” high, suitable for 10’ high ceiling.

Discrete units have finished laminate or veneer on the outside of the exterior vertical gables. See Figure 1. Reveals are ordered separately.

Ganged units have a neutral tone material on both exterior vertical gables. See Figure 1. They ship with vertical Reveals and a Ganging Kit.

Bookcases and Stack-on Units are shipped assembled with wood or laminate shelves installed. Glass shelves are packed together and shipped separately.

Discrete Bookcases and Stack-on

![Figure 1](Image)

Neutral tone material (N) All backs are finished with neutral tone material
**Construction Details**

**Bookcase and Stack-on Units:**

Certain surfaces are generally not exposed and are therefore finished with a neutral tone material.

These surfaces include:
1. Tops of 86"H, 72"H and Stack-on units.
2. Backs of all units
3. Exterior of gables on all ganged units.

Gables are 3/4" thick. Shelf thickness for veneer and laminate adjustable shelves is 1". Fixed shelf is 1", and adjustable glass shelves are 1/2" thick. The second shelf from the bottom is always fixed. The top of the fixed shelf is nominally 28 3/4" above ground level.

Shelves are adjustable on 2 1/2" spacing to within 5" of the top and bottom shelves and the fixed shelf. Bottom shelf has four access holes for cabinet leveling with translucent removable caps.

Stack-on Unit bottom shelf is counter-bored in four locations for attachment screws and translucent caps provided.

There is a 1/2" space between shelf and cabinet back for cord drop. Each fixed shelf has a 1 3/4" diameter half round opening to allow plug head pass-through.

The wood grain on veneer and wood grain laminate shelves is side to side.

The wood grain on veneer and wood grain laminate gables, inside backs and baseboards is vertical.

Bookcase glides have 2" of adjustment for leveling. Allow 3/16" clearance between the wall and the back of the cabinet for wall attachment bracket. Cabinet back is inset flush with the back edge of the gables.

Actual depth on 11" Units = 10 3/4"
Interior depth = 10"
Shelf depth = 9 1/2"

Actual depth on 14" Units = 13 13/16"
Interior depth = 13"
Shelf depth = 12"

Included with the Bookcase are wall attachment brackets with mounting hardware for attachment to the cabinet.

Fasteners for attachment of the bracket to the wall are not included.

**Shoulder Units:**

Shoulder Units are ordered separately to finish and complete a run of Ganged units. Shoulder Units create a full height uniform veneer grain and finish to cover the seam between a Bookcase and a Stack-on Unit.

Shoulder units are available in single depths and double depths. Double depth units are used to finish a run of Ganged units which are installed back to back.

Shoulder heights are 28"H, 42"H, 53"H, 72"H and 86"H for use with Ganged Bookcases, 104"H for use with 72"H Bookcases with 32"H Stack-on Units and 118"H for use with 86"H Bookcases with 32"H Stack-on Units.

Single Depths:
11" deep nominal = 10 3/4"
14" deep nominal = 13 13/16"

Double Depths:
22" deep nominal = 21 1/2"
28" deep nominal = 27 5/8"

Shoulder thickness = 3/4"

Shoulder Units have veneer or laminate on the outside, neutral tone material on the inside.

Included with Shoulder Units are two black Reveal with double sided tape (field installation required) and attachment hardware kit. Attachment hardware kit includes eight (8) flat head wood screws.
Finish Options

Wall Storage Units are available in several different finish approaches.

**Figure 1**
All Veneer
(V1/V1, V2/V2, V3/V3)

The case is veneer and the shelves are also veneer. In this instance, the shelf finish must match the case finish.

*Note: Veneer direction on shelves runs side to side.*

**Figure 2**
Veneer case with laminate shelves
(V1/L, V2/L, V3/L)

Laminate shelf options include all Reff Profiles core solid color laminates but do not include the use of impact resistant core laminate or wood grain laminates. The fixed shelf will match the adjustable shelves.

*Note: Veneer shelves are not available with laminate case.*

**Figure 3**
Laminate case with laminate shelves
(L/L)

These shelves can be any core laminate including wood grain laminate. Fixed shelf will match adjustable shelves.

*Note: Glass shelves are only available on units with a center gable.*

**Figure 4**
Veneer case with center gable
(V1/V1, V2/V2, V3/V3)
(V1/L, V2/L, V3/L)
(V1/G, V2/G, V3/G)

This option allows for veneer, laminate or glass shelves. Fixed shelf will match case veneer. Center gable will match the case finish.

*Note: Glass shelves are only available on units with a center gable.*

**Figure 5**
Laminate case with center gable
(L/L, L/G)

This option allows for laminate or glass shelves. With glass shelves, the fixed shelf will match the case. With laminate shelves, the fixed shelf will match the case. Center gable will match the case finish.

*Note: Glass shelves are only available on units with a center gable.*

Glass shelves are available in:
GL35 – Grey
GL85 – Star Clear

---

Shelf Kit
When a Shelf Kit is needed it can be ordered 11” and 14” deep and 30” and 36” wide. For Bookcases with center gables, 15” wide Shelf Kits are available for 30” wide Bookcases and 18” Shelf Kits are available for 36” wide Bookcases. Core laminate and veneer can be applied on all size Shelf Kits. Glass shelves are available 15” and 18” wide. Included with each Shelf Kit is (1) Shelf and (1) Hardware Kit.

Periodical Display Shelf Kit
Periodical Display Shelf Kits are intended for angular display. See Figure 1. These units fit into Bookcases using the existing shelf adjustment holes. No additional drilling is required. When installed, Display Shelf hinges down from the top. See Figure 2.

The Periodical Shelf Kit can be adjusted up or down on the bookcase every 2 ½”.

Periodical Display Shelf may be specified in laminate or veneer. Retention lip may be specified in all Reff Profiles core paint finishes.

The Periodical Display Shelf is ¾” thick. The lip at the base of the Periodical Display Shelf is ¾” high.

The shelf and lip are shipped assembled. Included with the Periodical Display Shelf is a hardware kit with (2) hinge mounting brackets and (4) attachment screws; (2) shoulder screws for hinge point and (2) threaded support pins.

Periodical Display Shelf Installation Instruction 6TP00437 is available on Knoll Exchange.

Baseboard Kit
Bookcases are constructed with a flush kick plate. A Baseboard Kit may be ordered and field installed over the flush kick plate for a classic Reff Profiles aesthetic. Baseboards have a vertical grain direction. Baseboards are 1” thick and 3 3/8” high.

Baseboard Kits are available in all Reff Profiles core laminates or veneers. The back of the baseboard is black backer material.

Included with the Baseboard Kit is (1) roll of double sided tape for field installation.

Reveals provide a clean seam between each unit with consistent spacing.

Reveal dimensions are 1” wide x ½” thick. Reveal material is ABS plastic and the color is black. Reveals are available in kit quantities of 1, 10 or 50. Included in each kit are (2) Reveal Strips with double sided tape.

Reveal Installation Instruction 6TP00436 is available on Knoll Exchange.

Vertical Reveals
The length of the Reveal equals the height of the Bookcase. (Some field trimming may be required). Reveals are included with Ganged Bookcases and Shoulder Units. The Reveals are packed flat with the Bookcases and Shoulder Units for field installation. See Figure 3.

For Discrete type Bookcases and Stack-on Units they are ordered separately (shipped flat).

Horizontal Reveals
The width of the Reveal is equal to the width of the Bookcase. (Some field trimming may be required).

All Stack-on Units are supplied with Horizontal Reveals installed. Horizontal Reveals go between the top of a Bookcase and the bottom of the Stack-on Unit. See Figure 3.
Ganging Kit
Ganging Kits are used to attach adjacent Bookcases and Stack-on Units to one another. These ship with each Ganged Bookcase and Stack-On Unit. One extra Ganging Kit is needed when the ends of a run are Discrete Bookcases and Discrete Stack-on Units. See Figure 4 and Figure 5.

Included with the Ganging Kit are (4) Barrel Bolts and Drill Template. Ganging Kits are available in quantities of 1, 10 or 50.

- Quantity (1) has (1) drill template.
- Quantity (10) has (2) drill templates.
- Quantity (50) has (10) drill templates.

Ganging Kit Installation Instruction 6TP00436 is available on Knoll Exchange.

Bookcase Grommet
The Bookcase Grommet is intended to trim a field drilled 3 ½" hole to align with and for access to a wall power receptacle. See Figure 6.

Grommet color is black. Access may be limited for larger transformer plugs.

Included with Bookcase Grommet is (1) 3 ½" D grommet sleeve.

Bookcase Grommet Installation Instruction 6TP00389 is available on Knoll Exchange.
Planning Guidelines
Wall Storage Units are offered in two types.
Discrete (D) units have finished Laminate or Veneer on the outside of the exterior vertical gables. They ship assembled and reveals are ordered separately.

Ganged (G) units have a neutral tone material on both exterior vertical gables. They ship assembled and include Vertical Reveals and a Ganging Kit.

Wall Storage Units can be planned in a variety of configurations providing a wide range of storage solutions.

Planning Sample 1
Discrete Bookcase 72" high
Discrete Bookcases have a finished exterior vertical gable. This is finished in any core laminate or veneer.

Planning Sample 2
Two Discrete Bookcases ganged side by side.
Order (1) Reveal Kit each time two Discrete Bookcases meet. In addition, order (1) Ganging Kit each time two Discrete Bookcases meet.

Planning Sample 3
Discrete and Ganged units joined adjacent to each other.
Since Ganged Units ship with Ganging Kits and Reveal Kits, order (1) additional of each for this application.

Planning Sample 4
Stack-on Units (S)- Discrete and Ganging used.
Since Ganged Units ship with Ganging Kits and Reveal Kits, order (1) additional of each is needed for ordering.

On veneer units, the wood grain on the exterior of the gables of the Stack-on Unit and the Bookcase, will not match. Specify a full height shoulder to cover both the Bookcase and Stack-on Unit for veneer and wood grain laminate.

Planning Sample 1:
Discrete Bookcase, 72" high
• Secured to a wall
• 3/8" gap along back for wall cleat

Planning Sample 2:
Two Discrete Bookcases Ganged Side to Side
• Secured to a wall
• 3/8" gap along back for wall cleat
• Order (1) Reveal Kit
• Order (1) Ganging Kit

Planning Sample 3:
Discrete and Ganged Units Joined Adjacent to each other
• Secured to a wall
• 3/8" gap along back for wall cleat
• Bookcases adjacent to each other are ganged together
• Each ganged unit includes (1) Reveal Kit and (1) Ganging Kit
• Order (1) Reveal Kit
• Order (1) Ganging Kit

Planning Sample 4:
Stack-on Units - Discrete and Ganged used
• Secured to a wall
• 3/8" gap along back for wall cleat
• Horizontal Reveal Kits included with each Stack-on Unit
• A seam between gables of the Bookcase and the Stack-on Unit is visible.
• Order (1) full height Reveal Kit
• Order (2) Ganging Kits (one for Bookcase and one for Stack-on Unit)
Planning Sample 5
Using all Ganged Bookcases (G) and Ganged Stack-on (GS) Units
The outside of these units are finished with a neutral tone backer sheet.
Order a full height Shoulder Unit (S) to finish the exterior vertical gables with core laminate or veneer.

Planning Sample 6
Discrete or Ganged Units attached back-to-back
Back-to-back attachment is required for stability.
Order (1) Ganging Kit for attaching (2) Bookcases back to back.
See Example A.
In Example B below, (1) additional Ganging Kit should be ordered to attach the Stack-on Units back to back.

Order (2) Ganging Kits Total for Example B.
Ganging Kit includes (4) barrel bolts and (1) drill template.
Refer to Bookcase Ganging Kit Installation Instructions, 6TP00436 available on Knoll Exchange
Note: Specify Case Finish, then Door Finish.

**Order Code**

Example: RC230DHBDG (K)

- **R**: Reff Profiles
- **C**: Cabinets
- **2**: 28” high, 4 = 42” high
- **3**: 30” wide, 6 = 36” wide
- **0**: 11” deep
- **DH**: Desk height
- **BD**: Bookcase discrete
- **O**: Open, G = Center gable
- **006B**: Case finish
- **111**: Shelf finish

**Specification Information**

To order, please specify pattern number including:

1. Case Finish: Laminate / Wood veneer
2. Shelf Finish: Laminate / Wood veneer

*It is Not advisable to mix 28 3/8’’ desk height products with 26 1/4’’ standard height products.*

Product on this page will accept woodgrain laminate where laminate is currently an option. For more information on grain direction on vertical surfaces, please see page 5.

Installation instruction sheets available on Knoll Exchange. For grommet location refer to reference number 6TP00389.

Cabinet is key hole construction. Cabinet back is inset.

**Application Notes**

All shelves are adjustable on 2.5” centers within 5’ from the top and bottom of cabinet. All adjustable shelves are supported on field installed threaded pins. Shelves are flush with the front edge of the gables and have a nominal 10” inside depth. The back of each shelf has a 1/2” space for cable management. 3 1/2” diameter grommet is available for field installation over wall electrical outlet.

The shelves on cabinets with center gable, are adjustable on both sides (2.5” intervals within 5’ from the top and bottom of cabinet) Center gable is fixed.

Overall depth of units = 10 3/4” (not including wall attachment hardware).

Base kick plate is flush with front edge of gable. For Classic esthetic an additional kick plate is available in Accessories for wall storage units. See page 336.

Exterior of back is finished with neutral tone backer sheet. Interior of back has the same finish as the case (gables).

**Order Code**

Example: RC7230DHDCC (X)

---

**Specification Information**

To order, please specify pattern number including:

1. Case Finish: Laminate / Wood veneer

2. Shelf Finish: Laminate / Wood veneer

It is Not advisable to mix 28 3/8" desk height products with 26 5/8" standard height products.

Product on this page will accept woodgrain laminate where laminate is currently an option. For more information on grain direction on vertical surfaces, please see page 5.

Installation instruction sheets available on Knoll Exchange. For grommet location refer to reference number GT000389.

Cabinet is key hole construction. Cabinet back is inset.

**Application Notes**

Second shelf from the bottom is fixed. The top of the fixed shelf is nominally 28 3/4" above ground level. All other shelves are adjustable on 2.5" centers within 5" from the top and bottom of cabinet and away from the fixed middle shelf. All adjustable shelves are supported on field installed threaded pins. Shelves are flush with the front edge of the gables and have a nominal 10" inside depth. The back of each shelf has a 3/8" space for cable management. Centered at the back of the fixed shelf is an additional 1 3/8" diameter half round hole for plug head pass-through. A 3 3/8" diameter grommet is available for field installation over wall electrical outlet.

The shelves on cabinets with center gable are adjustable on both sides (2.5" intervals within 5" from the top and bottom of cabinet) Center gable is fixed.

In mix finish options, the fix shelf is the same finish as the adjustable shelves.

Overall depth of units = 10 3/4" (not including wall attachment hardware).

Base kick plate is flush with front edge of gable. For Classic esthetic an additional kick plate is available in Accessories for wall storage units. See page 334. Exterior of back is finished with neutral tone backer sheet. Interior of back has the same finish as the case (gables).

Adjacent bookcases are intended to be field attached to one another using ganging kits.

Ganging kits and Reveals are not included, and can be ordered separately. See Accessories for Wall Storage Units, page 334.

#### Specification Information

To order, please specify pattern number including:

1. Case Finish: Laminate / Wood veneer
2. Shelf Finish: Glass Finish; GL35 or GL85

**It is Not advisable to mix 28⅜"h desk height products with 26⅝" standard height products.**

Product on this page will accept woodgrain laminate where laminate is currently an option. For more information on grain direction on vertical surfaces, please see page 5.

Installation instruction sheets available on Knoll Exchange. For grommet location refer to reference number 6TP00389.

Cabinet is key hole construction. Cabinet back is inset. Exterior of back is finished with neutral tone backer sheet. Interior of back has the same finish as the case (gables).

Adjacent bookcases are intended to be field attached to one another using ganging kits.

Ganging kits and Reveals are not included, and can be ordered separately. See Accessories for Wall Storage Units, page 334.

#### Application Notes

**Glass shelves** are available in GL35 and GL85 only. Bookcase units with glass shelves are available with Center Gable only. Center gable is fixed. Second shelf from the bottom is fixed. The top of the fixed shelf is nominally 28⅜" above ground level. All other shelves are adjustable on 2.5" centers within 5" from the top and bottom of cabinet and away from the fixed middle shelf. All adjustable shelves are supported on field installed threaded pins. Shelves are flush with the front edge of the gables and have a nominal 10" inside depth. The back of each shelf has a ½" space for cable management. Centered at the back of the fixed shelf is an additional 1½" diameter round hole for plug head pass-through. 3½" diameter grommet is available for field installation over wall electrical outlet.

The shelves on cabinets with center gable, are adjustable on both sides (2.5" intervals within 5" from the top and bottom of cabinet) Center gable is fixed.

The fixed shelf is the same finish as the case.

- **006B**: Case finish
- **111**: Shelf finish

32" nominal height = 32" actual height.

72" nominal height = 72 1/2" actual height

86" nominal height = 86" actual height

Glides add 2" of height adjustment. To prevent tipping, the back of each bookcase must be attached to a wall or to the back of another bookcase using the wall attachment hardware provided.

### Specification Information

**To order, please specify pattern number including:**

1. Case Finish: Laminate / Wood veneer
2. Shelf Finish: Laminate / Wood veneer

**It is Not advisable to mix 28 3/4"h desk height products with 26 3/8" standard height products.**

Product on this page will accept woodgrain laminate where laminate is currently an option. For more information on grain direction on vertical surfaces, please see page 5.

Installation instruction sheets available on Knoll Exchange. For grommet location refer to reference number GTP00389.

For gancing instructions, refer to reference number GTP00436.

### Application Notes

Second shelf from the bottom is fixed and the top of the fixed shelf is nominally 28 3/4" above ground level. All other shelves are adjustable on 2 1/2" centers within 5" from the top and bottom of cabinet and away from the fixed middle shelf. All adjustable shelves are supported on field installed threaded pins. Shelves are flush with the front edge of the gables and have a nominal 10" inside depth. The back of each shelf has a 1/2" space for cable management. Centered at the back of the fixed shelf is an additional 1/2" diameter half round hole for plug head pass-through. A 3/8" diameter grommet is available for field installation over wall electrical outlet. Overall depth of units = 10 3/4" (not including wall attachment hardware).

Base kick plate is flush with front edge of gable. For Classic esthetic an additional kick plate is available in Accessories for wall storage units. See page 334.

Outer surface of exterior gable in “Ganged” units are finished with neutral tone backer sheet. Interior of back has the same finish as the case (gables).

Ganged bookcase are intended to be place adjacent to one another and attached to each other. Black vertical reveals are included to go between adjacent units.

Additional shoulder units are available and ordered separately to finish the ends. Alternatively, “Discrete” bookcases may be used to finish the ends of a run. Ganged units include a ganging kit consisting of hardware and drilling template to field attach adjacent units together.

**Specification Information**

To order, please specify pattern number including:
1. Case Finish: Laminate / Wood veneer
2. Shelf Finish: Glass Finish; GL35 or GL85

**Glass Shelves** are available in GL35 and GL85 only. Bookcase units with glass shelves are available with Center Gable only. Center gable is fixed. All shelves are adjustable on 2.5” centers within 5” from the top and bottom of cabinet. Adjustable shelves are supported on field installed threaded pins. Shelves are flush with the front edge of the gables and have a nominal 10” inside depth. The back of each shelf has a ½” space for cable management. 3 ½” diameter grommet is available for field installation over wall electrical outlet. Overall depth of units = 10 ⅜” (not including wall attachment hardware).

Installation instruction sheets available on Knoll Exchange. For grommet location refer to reference number 6TP00389.

For ganging instructions, refer to reference number 6TP00436.

Cabinet is key hole construction.

Cabinet back is inset.

Cabinet is key hole construction.

Cabinet back is inset.

Overall depth of units = 10 ⅜” (not including wall attachment hardware).

Base kick plate is flush with front edge of gable. For Classic aesthetic an additional kick plate is available in Accessories for wall storage units. See page 334. Exterior of back is finished with neutral tone backer sheet. Interior of back has the same finish as the case (gables).

Outer surface of exterior gable in “Ganged” units are finished with neutral tone backer sheet. Interior of back has the same finish as the case (gables).

Ganged bookcase are intended to be place adjacent to one another and attached to each other. Black vertical reveals are included to go between adjacent units.

Additional shoulder units are available and ordered separately to finish the ends. Alternatively, “Discrete” bookcases may be used to finish the ends of a run. Ganged units include a ganging kit consisting of hardware and drilling template to field attach adjacent units together.

**Specification Information**

- **To order, please specify pattern number including:**
  1. Case Finish: Laminate / Wood veneer
  2. Shelf Finish: Glass Finish; GL35 or GL85

**Application Notes**

**Glass shelves** are available in GL35 and GL85 only. Bookcase units with glass shelves are available with Center Gable only. Center gable is fixed. Second shelf from the bottom is fixed and is in the same finish as the case. The top of the fixed shelf is nominally 28 3/4" above ground level. All other shelves are adjustable on 2 5/8" centers within 5" from the top and bottom of cabinet and away from the fixed middle shelf. All adjustable shelves are supported on field installed threaded pins. Shelves are flush with the front edge of the gables and have a nominal 10" inside depth. The back of each shelf has a 1/2" space for cable management. Centered at the back of the fixed shelf is an additional 1/4" diameter half round hole for plug head pass-through. 3/8" diameter grommet is available for field installation over wall electrical outlet. Overall depth of units = 10 3/4" (not including wall attachment hardware).

- **Base kick plate** is flush with front edge of gable. For Classic aesthetic an additional kick plate is available in Accessories for wall storage units. See page 334. Cabinet is key hole construction. Cabinet back is inset. Exterior of back is finished with neutral tone backer sheet. Interior of back has the same finish as the case (gables).

**Example:** RC234DHBDO ( )

- **R** Reff Profiles
- **C** Cabinets
- **2** 28" high, 4 = 42" high
- **3** 30" wide, 6 = 36" W
- **4** 14" deep
- **DH** Desk height
- **BD** Bookcase discrete
- **O** Open, G = Center gable
- **006B** Case finish
- **111** Shelf finish

### Specification Information

**To order, please specify pattern number including:**

1. **Case Finish:** Laminate / Wood veneer
2. **Shelf Finish:** Laminate / Wood veneer

**It is not advisable to mix 28½" h desk height products with 26½" standard height products.**

Product on this page will accept woodgrain laminate where laminate is currently an option. For more information on grain direction on vertical surfaces, please see page 5.

Installation instruction sheets available on Knoll Exchange. For grommet location refer to reference number 6TP00399.

For ganging instructions, refer to reference number 6TP00436.

### Application Notes

All shelves are adjustable on 2.5" centers within 5" from the top and bottom of cabinet. All adjustable shelves are supported on field installed threaded pins. Shelves are flush with the front edge of the gables and have a nominal 13" inside depth. The back of each shelf has a ½" space for cable management. 3½" diameter grommet is available for field installation over wall electrical outlet.

The shelves on cabinets with center gable, are adjustable on both sides (2.5" intervals within 5" from the top and bottom of cabinet) Center gable is fixed.

Overall depth of units = 14" (not including wall attachment hardware).

Base kick plate is flush with front edge of gable. For Classic aesthetic an additional kick plate is available in Accessories for wall storage units. See page 334. Exterior of back is finished with neutral tone backer sheet. Interior of back has the same finish as the case (gables).

Adjacent bookcases are intended to be field attached to one another using ganging kits.

Ganging kits and Reveals are not included, and can be ordered separately. See Accessories for Wall Storage Units, page 334.

32" nominal height = 32" actual height.

53" nominal height = 52.6" actual height

72" nominal height = 72½" actual height

86" nominal height = 86" actual height

Glides add 2" of height adjustment. To prevent tipping, the back of each bookcase must be attached to a wall or to the back of another bookcase using the wall attachment hardware provided.

**Specification Information**

To order, please specify pattern number including:

1. **Case Finish**: Laminate / Wood veneer

2. **Shelf Finish**: Laminate / Wood veneer

**It is Not advisable to mix 28 3/8" high shelf height products with 26 3/8" standard height products.**

Product on this page will accept wood grain laminate where laminate is currently an option. For more information on grain direction on vertical surfaces, please see page 5.

Installation instruction sheets available on Knoll Exchange. For grommet location refer to reference number GTP00389.

For ganging instructions, refer to reference number GTP00436.

The cabinet is key hole construction. Cabinet back is inset.

Second shelf from the bottom is fixed. The top of the fixed shelf is nominally 28 3/8" above ground level. All other shelves are adjustable on 2.5" centers within 5" from the top and bottom of cabinet and away from the fixed middle shelf. All adjustable shelves are supported on field installed threaded pins.

Shelves are flush with the front edge of the gables and have a nominal 13" inside depth. The back of each shelf has a 1/2" space for cable management. Centered at the back of the fixed shelf is an additional 1 1/2" diameter half round hole for plug head pass-through. 3 1/2" diameter grommet is available for field installation over wall electrical outlet.

The shelves on cabinets with center gable, are adjustable on both sides (2.5" intervals within 5" from the top and bottom of cabinet) Center gable is fixed.

In mix finish options, the fix shelf is the same finish as the adjustable shelves.

Overall depth of units = 14" (not including wall attachment hardware).

Base kick plate is flush with front edge of gable. For Classic aesthetic an additional kick plate is available in Accessories for wall storage units. See page 334. Exterior of back is finished with neutral tone backer sheet. Interior of back has the same finish as the case (gables).

Adjacent bookcases are intended to be field attached to one another using ganging kits.

Ganging kits and Reveals are not included, and can be ordered separately. See Accessories for Wall Storage Units, page 334.

The tops of stack on units are finished with neutral tone material.

Installation instruction sheets available on Knoll Exchange. For grommet location refer to reference number GTP00399.

For ganging instructions, refer to reference number GTP00436.

The cabinet is key hole construction. Cabinet back is inset.

**Application Notes**

Glass shelves are available in GL35 and GL85 only. Bookcase units with glass shelves are available with Center Gable only. Center gable is fixed. Second shelf from the bottom is fixed. The top of the fixed shelf is nominally 28 3/8" above ground level. All other shelves are adjustable on 2.5" centers within 5" from the top and bottom of cabinet and away from the fixed middle shelf. All adjustable shelves are supported on field installed threaded pins. Shelves are flush with the front edge of the gables and have a nominal 1 3/4" inside depth. The back of each shelf has a 3/8" space for cable management. Centered at the back of the fixed shelf is an additional 1 3/4" diameter half round hole for plug head pass-through. 3/8" diameter grommet is available for field installation over wall electrical outlet.

The shelves on cabinets with center gable, are adjustable on both sides (2.5" intervals within 5" from the top and bottom of cabinet) Center gable is fixed. The fixed shelf is the same finish as the case.

Overall depth of units = 14" (not including wall attachment hardware).

Base kick plate is flush with front edge of gable. For Classic esthetic an additional kick plate is available in Accessories for wall storage units. See page 334. Exterior of back is finished with neutral tone backer sheet. Interior of back has the same finish as the case (gables).

Adjacent bookcases are intended to be field attached to one another using ganging kits.

Ganging kits and Reveals are not included, and can be ordered separately. See Accessories for Wall Storage Units, page 334.

The tops of stack on units are finished with neutral tone material.

### Specification Information

To order, please specify pattern number including:

1. Case Finish: Laminate / Wood veneer
2. Shelf Finish: Laminate / Wood veneer

**It is Not advisable to mix 28³/₈" high desk height products with 26³/₈" standard height products.**

Product on this page will accept wood grain laminate where laminate is currently an option. For more information on grain direction on vertical surfaces, please see page 5.

Installation instruction sheets available on Knoll Exchange. For grommet location refer to reference number 6TP00389.

For ganging instructions, refer to reference number 6TP00436.

### Application Notes

All shelves are adjustable on 2.5" centers within 5" from the top and bottom of cabinet. All adjustable shelves are supported on field installed threaded pins. Shelves are flush with the front edge of the gables and have a nominal 13" inside depth. The back of each shelf has a ½" space for cable management. 3 ½" diameter grommet is available for field installation over wall electrical outlet.

Overall depth of units = 14" (not including wall attachment hardware).

Base kick plate is flush with front edge of gable. For Classic esthetic an additional kick plate is available in Accessories for wall storage units. See page 334.

Overall depth of units = 14" (not including wall attachment hardware).

Ganged bookcase are intended to be placed adjacent to one another and attached to each other. Black vertical reveals are included to go between adjacent units.

Additional shoulder units are available and ordered separately to finish the ends. Alternatively, “Discrete” bookcases may be used to finish the ends of a run. Ganged units include a ganging kit consisting of hardware and drilling template to field attach adjacent units together.

Specification Information

To order, please specify pattern number including:
1. Case Finish: Laminate / Wood veneer
2. Shelf Finish: Glass Finish; GL35 or GL85

It is Not advisable to mix 28 3/8" deep standard height products with 26 3/4" standard height products.

Product on this page will accept wood grain laminate where laminate is currently an option. For more information on grain direction on vertical surfaces, please see page 5.

Installation instruction sheets are available on Knoll Exchange. For grommet location refer to reference number 6TP0039.
For ganging instructions, refer to reference number 6TP00436.

The cabinet is key hole construction. Cabinet back is inset.

Glass shelves are available in GL35 and GL85 only. Bookcase units with glass shelves are available with Center Gable only. Center gable is fixed. Second shelf from the bottom is fixed and is in the same finish as the case. The top of the fixed shelf is nominally 28 3/8" above ground level. All other shelves are adjustable on 2 5/8" centers within 5" from the top and bottom of cabinet and away from the fixed middle shelf. All adjustable shelves are supported on field installed threaded pins. Shelves are flush with the front edge of the gables and have a nominal 1 3/4" inside depth. The back of each shelf has a 1/2" space for cable management. Centered at the back of the fixed shelf is an additional 1 1/4" diameter half round hole for plug head pass-through. 3/8" diameter grommet is available for field installation over wall electrical outlet.

The fixed shelf is the same finish as the case.

The shelves on cabinets with center gable, are adjustable on both sides (2 1/2" intervals within 5" from the top and bottom of cabinet) Center gable is fixed.

Glass shelves are available in GL35 and GL85 only. Bookcase units with glass shelves are available with Center Gable only. Center gable is fixed. Second shelf from the bottom is fixed and is in the same finish as the case. The top of the fixed shelf is nominally 28 3/8" above ground level. All other shelves are adjustable on 2 5/8" centers within 5" from the top and bottom of cabinet and away from the fixed middle shelf. All adjustable shelves are supported on field installed threaded pins. Shelves are flush with the front edge of the gables and have a nominal 1 3/4" inside depth. The back of each shelf has a 1/2" space for cable management. Centered at the back of the fixed shelf is an additional 1 1/4" diameter half round hole for plug head pass-through. 3/8" diameter grommet is available for field installation over wall electrical outlet.

The fixed shelf is the same finish as the case.

The shelves on cabinets with center gable, are adjustable on both sides (2 1/2" intervals within 5" from the top and bottom of cabinet) Center gable is fixed.

Overall depth of units = 14" (not including wall attachment hardware).

Base kick plate is flush with front edge of gable. For Classic esthetic an additional kick plate is available in Accessories for wall storage units. See page 334. Exterior of back is finished with neutral tone backer sheet. Interior of back has the same finish as the case (gables).

Ganged bookcase are intended to be placed adjacent to one another and attached to each other. Black vertical reveals are included to go between adjacent units.

Adjacent bookcases are intended to be field attached to one another using ganging kits.

Additional shoulder units are available and ordered separately to finish the ends. Alternatively, “Discrete” bookcases may be used to finish the ends of a run. Ganged units include a ganging kit consisting of hardware and drilling template to field attach adjacent units together.

The tops of stack units are finished with neutral tone material.

**Order Code**

Example: RCS1720 ( )

- **R**: Ref Profiles
- **C**: Cabinets
- **S**: Shoulder
- **T**: Thickness: ¾" 1¼" 1½" 2½"
- **D**: Height (28, 42, 86, 104, 118)
- **0**: 11”d
- **006B**: Case finish

**Specification Information**

To order, please specify pattern number including:

1. **Finish**: Laminate / Wood or Glass (where applicable)
   - Glass shelf options are GL35 or GL85

**It is Not advisable to mix 28½"h desk height products with 26½" standard height products.**

Product on this page excluding any vertical surface over 60" wide, will accept wood grain laminate, where laminate is currently an option.

Installation instruction sheets available on Knoll Exchange.
For ganging instructions, refer to reference number 6TP00436.

For periodical shelf; refer to reference number 6TP00437.

**Application Notes**

Shoulder units have veneer on outside, paper on inside. (except Laminate)

Shoulder thickness = ¾" thick

Shoulder units are ordered separately to finish and complete a run of ganged units. Shoulders come with black reveals and attachment hardware kit.

104"h and 118"h shoulders are to accommodate 72"h and 86"h bookcases with 32"h mounted stack-on units.

Shoulder units include attachment hardware kit.
Black reveal kits are included with the shoulder units.

28" nominal height = 28¾" actual height
42" nominal height = 41½" actual height
Glides add 2" of height adjustment.

### Specification Information

To order, please specify pattern number including:

1. **Reveal Kit Set:**
   - 1 = 1 kit
   - 2 = 10 kits
   - 3 = 50 kits

### Application Notes

**It is Not advisable to mix 28\(\frac{3}{8}\)" desk height products with 26\(\frac{1}{2}\)" standard height products.**

- Each reveal kit set, includes: 2 strips of reveal, cut to length, double sided tape in a roll and installation instructions.
- Reveals are included with ganged bookcases.
- Reveals come in Black only.
- Reveals are 3/32" thick.
- A pair of reveals is intended to go between each set of adjacent bookcases, stack-on units or shoulders.

- Each Ganging kit includes: attachment hardware, drilling template and installation instructions.
- Intended for use with Discrete units.
- Ganging kits are included with Ganged units.

**Order Code**
- **Example:** RCDB7230( )
- R: Reff Profiles
- C: Cabinets
- DB: Display Board
- 72: Height (86, 104, 118)
- 30: Width
- LW: Marker Board
- AA: Frame/Track Finish

**Specification Information**
To order, please specify pattern number including:
1. Sliding Door Option: LW (only)
2. Frame/Track Finish: AA (only)

**Application Notes**
- It is Not advisable to mix 28 3/8"h desk height products with 26 3/4" standard height products.
- The sliding display boards are available only in LW. Marker board finish on both sides.
- Frame / Track finish is only available in AA.
Progressive Cabinets

Note: This planning section is relevant specifically to freestanding Progressive Cabinets. Please see next section for Reff Profiles "Classic" Cabinets.

Reff Profiles Progressive Cabinets provide purposeful and efficient freestanding vertical storage that delivers a modern aesthetic to private offices and open plan environments. Streamlined detailing offers clean lines, a unique grommet pull, and a full-to-floor door detail.

Configurations include hinged door with shelves behind, and hinged door with several combinations of shelves, drawers, and wardrobe behind.

Cabinets can be used as wardrobes, general storage, binder and file storage, or as personal storage towers.

Progressive Cabinets can be used adjacent to desk height (28 3/8”) workstations and private offices, and will match the aesthetic detail of Reff Profiles Progressive Overheads and Progressive Low Credenzas.

Cabinets can also be combined with Progressive L-shelves, tackboards & task panels to form innovative workwalls within private offices.

Note: While Reff Profiles Progressive Cabinets may be planned alongside Reff Profiles “Classic” pedestals, files, and cabinets, there is no plinth detail on the Progressive Cabinet, as it features a full-to-floor door. Progressive Cabinets should not be planned next to a "classic" cabinet with a "stepped" or "flush" plinth detail and door.

Dimensions
Cabinets are available in four heights for 28 3/8” planning:
- 42" H (actual height 41 7/16"), intended to be compatible with 42” panel height.
- 49" H (actual height 48 3/4"), intended to be compatible with 49” panel height.
- 64" H (actual height 63 3/8"), intended to be compatible with 64” panel height.
- 68" H (actual height 67 3/4"), intended to be align with a single height progressive overhead or L-shelf.

Refer to pages 16 and 18 for additional guidelines for progressive planning horizons.

Note: Reff Profiles cabinets are also available for "standard height" (26 1/2”) planning applications. "Standard height" cabinets for 26 1/2”H planning should only be planned adjacent to panel supported applications. Exceptions may be made for freestanding applications when matching legacy projects. See Reff Profiles Standard Height Planning Guide for information on planning with "standard height" cabinets for 26 1/2” planning. Do not mix "standard height" (26 1/2”) planning components or cabinets with any cabinets for 28 3/8” planning.

Cabinets measure 18” or 24” wide. The widths of the cabinets are undersized by 1/16” to eliminate any slight positional shift issues that may otherwise occur when several are placed beside one another.

Notes

- Planning horizons are nominal. Dimension are actual.
- Images displayed are examples only and do not represent the complete scope of the products available.
Four leveler glides are included to allow up to 1 1/2" of height adjustment. Glides are adjusted through four corresponding access holes in the bottom shelf of the cabinet case. These interior access holes are capped by included hole plugs. Plug color is not user defined. Black plugs are provided with dark veneers and laminates. Clear plugs are provided with light veneers and laminates.

All progressive cabinets include a finished back.

**Exterior Options**

Progressive Cabinets have a full-to-floor door detail and all feature a unique “G” grommet pull.
All cabinet doors and cases are finished in either veneer or laminate. If the case is specified in laminate, the door can be the same or a different laminate, or the door can be wood veneer. If the case is specified in wood veneer, the door will be of the same matching wood veneer.

Only the highest grade veneer offered by the industry, Architectural AA, is used for Reff Profiles. The veneer for each door is hand selected and laid up to be center balanced and matched. Though the veneer is selected to stringent standards, the color and grain between adjacent cabinets will have natural variations and may not match.

The handedness of a Progressive Cabinet is determined from the user’s perspective. If, from the user’s perspective, the hinges are on the right side, the cabinet is classified as a “right hand” cabinet.

Locks
Keyholes are optional on cabinet doors.
Door locks are not pre-routed and therefore, locks cannot be retro-fitted.

For 42" high progressive cabinets, keyholes are located on cabinet door fronts at the top left or top right corner of the cabinet (i.e. the latch side of the door).

For 49", 64", and 68" high progressive cabinets, keyholes are located on the top left or top right corner of the side gable of the cabinet (i.e. the latch side of the cabinet). See Figure 1, below.

Note: For 49", 64", and 68" high cabinets, care must be taken to plan accordingly, so that keyholes are not blocked by adjacent cabinets; for example, two adjacent cabinets must have their door hinges centered between the cabinets. Additionally, three cabinets of these heights cannot be placed together unless the center cabinet has no lock.

Locks are specified separately and can be randomly keyed or keyed alike. Locks are no charge and are available in a black or a matte silver finish.

Keying instructions must accompany all orders. Refer to page 685 for KnollKey Lock Program Information. Cabinets do not come with locks included. Randomly keyed locks are factory installed. Keyed-alike locks are field-installed using the KnollKey order form.

Note: Orders requiring 50 or fewer locks, placed without specific keying instructions, will be delivered randomly keyed by the factory without warning.
Interior Options

18” wide Progressive Cabinets are available with the following interior options:

C = hinge door with shelves  
Y = hinge door with shelves and FF drawers  
Z = hinge door with shelves and BBF drawers

24” wide Progressive Cabinets are available with the following interior options:

V = hinge door with shelves and wardrobe  
W = hinge door with shelves, FF drawers, and wardrobe.  
X = hinge door with shelves, BBF drawers, and wardrobe.

Cabinets are available with a metal or wood interior option.

For cabinets with the metal interior option, the shelves and drawers will be metal: If the case is natural wood veneer, the shelves and drawers will be painted black, i.e. 002B case = black painted shelves and drawers; If the case is regular laminate (non-woodgrain), the shelves and drawers will be painted to match the case color, i.e. 114 case = 114 painted shelves and drawers; If the case is woodgrain laminate, the shelves and drawers will be painted black, i.e. 125 case = black painted shelves and drawers.

For cabinets with wood interior, the shelves and drawer fronts will be the same finish as the case.

Cabinets feature adjustable shelves with three sets of holes drilled inside the cabinet for each shelf. The shelf is positioned on the middle location and can move 2½” higher or 2½” lower. Note exception: The shelves located second from the bottom on 64”H and 68”H cabinets are fixed.

See FIGURE 2, below, for information regarding clearances above and below shelves.

Progressive Cabinet shelves are 1½” thick when specified with wood interior.

42” high cabinets come with either two adjustable shelves, or with FF or BBF drawers below a fixed shelf.

49” high cabinets come with either three adjustable shelves, or with one adjustable shelf above BBF or FF drawers below a fixed shelf.

64” and 68” high cabinets come with either four adjustable shelves, or with two adjustable shelves above BBF or FF drawers below a fixed shelf.

Note: Only middle shelves allow binder height storage.

All 24” wide cabinets contain a 7½” wide wardrobe section that includes a pre-mounted coat rod in a black finish. Wardrobes do not include, and will not accommodate a standard boot tray.

Note: 20” deep wardrobe cabinets provide only 18” of clear storage space.

Interior drawers do not come with pulls. Rather, there is a 2 ¾” gap between drawers which acts as a finger grip.

Pencil trays are not included with box drawer cabinets. Wood or plastic pencil trays can be ordered separately.

12” high file drawers include bars for front to back and side to side filing, accommodating both letter and legal filing, regardless of cabinet width. Wood file drawers do not support bottom loading. Metal file drawers will support bottom loading.

Cabinet Accessories

Additional and replacement cabinet accessories are available, including: pencil trays, file bars, and shelf kits. Refer to pages 613-615 for further information.

1. Case finish:
   - L, V1, V2, V3
2. Door finish:
   - L, V1, V2, V3
3. Interior option:
   - M = Metal Interior
4. Pull options:
   - Grommet
5. Pull finish:
   - Paint / Plated
6. Lock option:
   - L=Drill for lock
   - N=No lock
7. Lock finish:
   - S=Silver
   - B=Black

**Application Notes**

- **C** = all shelves for 18" w cabinets
- **Y** = hinge door with shelves and FF - 18"w
- **Z** = hinge door with shelves BBF for 18"w
- **V** = all shelves for 24" w cabinets
- **W** = hinge door with shelves and FF and wardrobe for 24"w
- **X** = hinge door with shelves and BBF and wardrobe for 24"w
- *Pencil trays are NOT included in BBF configuration.

The images on this page are shown as a right hand cabinets.

From the users perspective, if the hinges are on the right side, the cabinet is classified as "right hand" cabinet.

These products are Glue and Dowel Construction

Grommet pulls only

Shelves and File Front will default to the case finish

49"h cabinets are compatible with panel height.

When case finish is Solid color Laminate, shelves are painted to match.

When case finish is wood or wood grain laminate, shelves are painted black.

Drawer interiors always painted black.

Cabinets with wardrobe come with a coat rod.

It is Not advisable to mix 28 3/8"h desk height products with 26 1/2" standard height products.

Product on this page will accept woodgrain laminate where laminate is currently an option.

### Order Code

**Reff Profiles**

**C** = all shelves for 18\" cabinets

**Y** = hinge door with shelves and FF

- 18\" w

**Z** = hinge door with shelves BBF for 18\" w

**V** = all shelves for 24\" cabinets

**W** = hinge door with shelves and FF and wardrobe for 24\" w

**X** = hinge door with shelves and BBF and wardrobe for 24\" w

*Pencil trays are NOT included in BBF configuration.

### Application Notes

#### Configurations:

- **C** = all shelves for 18\" cabinets
- **Y** = hinge door with shelves and FF
- 18\" w
- **Z** = hinge door with shelves BBF for 18\" w
- **V** = all shelves for 24\" cabinets
- **W** = hinge door with shelves and FF and wardrobe for 24\" w
- **X** = hinge door with shelves and BBF and wardrobe for 24\" w

*Pencil trays are NOT included in BBF configuration.

**The images on this page are shown as a right hand cabinets.**

From the users perspective, if the hinges are on the right side, the cabinet is classified as “right hand” cabinet.

These products are Glue and Dowel Construction

Grommet pulls only.

Shelves and files front will default to the case finish.

68\" cabinets are for the private offices application to align with a single high overhead, and are compatible with panel height.

No wardrobe option in the 18\" cabinets.

Cabinets with wardrobe come with a coat rod.

### Ordering Information

Example:
R Reff Profiles
C Cabinet
FS Free Standing
68 Height
1 18" Wide
2 20" d (nominal)
C Hinge door with shelves
L/R Left/Right hinge
114 Case finish
115 Door finish
W Interior option (Wood)
G Pull option
115 Pull finish
L Lock option
B Lock finish

Order please specify pattern number including:
1. Case finish: L, V1, V2, V3
2. Door finish: L, V1, V2, V3
3. Interior option: W = Wood Interior
4. Pull options: Grommet
5. Pull finish: Paint / Plated
6. Lock option: L=Drill for lock
   N=No lock
7. Lock finish: S=Silver
   B=Black

It is Not advisable to mix 28 3/8"h desk height products with 26 1/2" standard height products.

### Application Notes

#### Configurations:
- C = all shelves for 18"w cabinets
- Y = hinge door with shelves and FF -18"w
- Z = hinge door with shelves BBF for 15"w
- V = all shelves for 24"w cabinets
- W = hinge door with shelves FF and wardrobe for 24"w
- X = hinge door with shelves BBF and wardrobe for 24"w
  *Pencil trays are NOT included in BBF configuration.

These products are Glue and Dowel Construction

Grommet pulls only.

Shelves and files front will default to the case finish.

68" Cabinets are for the private offices application to align with a single high overhead, and are compatible with panel height.

No wardrobe option in the 18"w cabinets.

Cabinets with wardrobe come with a coat rod.

Product on this page will accept woodgrain laminate where laminate is currently an option.

From the users perspective, if the hinges are on the right side, the cabinet is classified as “right hand” cabinet.
Classic Cabinets

Note: This planning section is relevant specifically to freestanding “Classic” Cabinets. Please see previous section for Reff Profiles Progressive Cabinets.

Reff Profiles freestanding cabinets for 28 3/8” planning provide high-density storage in a variety of sizes and configurations. Options include open shelves, hinge doors, box and file drawers, or hybrid combinations.

Cabinets can be used as wardrobes, bookcases, general storage, lateral files, or electronic media centers.

Single freestanding cabinets can be used adjacent to desk height (28 3/8”) workstations and private offices and will match the aesthetic detail of Reff Profiles components. Grouped cabinets can be used in central storage areas to provide high capacity storage solutions.

Cabinets can also be combined with overheads, tackboards & task panels to form innovative workwalls within private offices.

Dimensions

Cabinets are available in three heights for 28 3/8” planning:

- 53”H (actual height 52 3/8”), derived from the height of a 4 drawer file application in 28 3/8” planning.
- 72”H (actual height 72 3/8”), intended to align with a single height overhead.
- 86”H (actual height 86”), intended to align with a double height overhead.

Refer to page 14 for a guide to 28 3/8”H planning horizon.

Note: Reff Profiles cabinets are also available for “standard height” (26 1/2”) planning applications. “Standard height” cabinets for 26 1/2”H planning should only be planned adjacent to panel supported applications. Exceptions may be made for freestanding applications when matching legacy projects. See Reff Profiles Standard Height Planning Guide for information on planning with “standard height” cabinets for 26 1/2” planning. Do not mix “standard height” (26 1/2”) planning components or cabinets with any cabinets for 28 3/8” planning.

Cabinets measure 12”, 15 5/16” (16” nominal), 18 1/16” (19” nominal), 30”, or 36” wide. The widths of the 12”, 30”, and 36” cabinets are undersized by ¹/16” to eliminate any slight positional shift issues that may otherwise occur when several are placed beside one another. 16” and 19” wide cabinets correspond in width to letter and legal width pedestals, respectively.

Cabinets are nominally 15”, 20” or 24” deep. 20” and 24” deep cabinets match the depth of worksurfaces in exposed situations.

Construction

All “classic” cabinet cases are constructed with a combination of dowels and precision mortised keyhole mechanical fasteners. This advanced construction method provides superior alignment and lasting rigidity to the case.

Interior drawer and shelf construction is either painted metal or wood (veneer or laminate finished). Metal interiors provide increased economics while wood interiors feature the added quality of dovetail joined drawers and either 0.6 mm veneer edging or 0.8 mm ABS edging (for laminate).

Wood drawers are a 4-sided 5 ply, wood box, maple veneered and finished inside and out. All corners are dovetailed for superior fit.

Metal drawer interiors are constructed of 22-gauge cold rolled, commercial quality (CRCQ) steel, painted black.

All box and file drawers have full extension steel, ball bearing slides and are designed to meet BIFMA loading standards.

Except those with tough latch, hinged door pedestals use concealed, soft-closing spring-loaded, adjustable pot hinges.

20” and 24” cabinets come with backs matching the case finish. The backs of 15” deep cabinets are finished with neutral tone material and are not intended for exposed conditions.

Cabinets that are 86”H by 15” deep are required to be attached to a wall for stability. Anchor brackets are included for 86” high, 15” deep bookcases.

Four leveler glides are included to allow up to 1 1/4” of height adjustment.

Cabinets, 28 3/8” Planning Height Options
Exterior Options
Cabinets may be specified with a flush base detail or with a recessed, stepped base detail.

All cabinet fronts and cases are finished in either veneer or laminate. If the case is specified in laminate, the front can be the same or a different laminate, or the front can be wood veneer. If the case is specified in wood veneer, the front will be of the same matching wood veneer.

For the Stepped Base option with mixed finishes for the front and case, the visible portion below the drawer or door shall match the case.

Only the highest grade veneer offered by the industry: Architectural AA, is used for Reff Profiles. The veneer for each front set is hand selected and laid up to be center balanced and matched. Though the veneer is selected to stringent standards, the color and grain, between adjacent cabinets, will have natural variations and may not match.

Pulls can be specified in B (no pull – use customer’s own), C, D, F (bar), H (outline), J (routed), R (cylinder), S, and T (tab). Integral "J" pulls are routed the full width of the top edge of the drawer front or hinged door. Refer to pages 9 & 10 for cabinet pull locations and details.

Locks
All cabinets with drawers are supplied with a ganglock mechanism in place. In addition, cabinets with drawers have a drawer interlock anti-tip device designed to prevent the opening of a second drawer when one is already open.

Keyholes are pre-drilled on all cabinet drawers and are optional on hinge doors.

Locks for drawers can be retro-fitted. Door locks are not pre-routed and therefore, locks cannot be retro-fitted.

Keyholes are located on cabinet fronts as follows:

1) At the top right corner for drawer-set fronts
2) At the top left or right corner for single door cabinets (i.e. the latch side of the door)
3) On the top left corner of the right hand door for double door cabinets

Locks are specified separately and can be randomly keyed or keyed alike. Locks are no charge and are available in a black or a matte silver finish.

Keying instructions must accompany all orders. Refer to page 685 for KnollKey Lock Program Information. Cabinets do not come with locks included. Randomly keyed locks are factory installed. Keyed-alike locks are field-installed using the KnollKey order form.

Note: Orders requiring 50 or fewer locks, placed without specific keying instructions, will be delivered randomly keyed by the factory without warning.

Each locking cabinet counts for either one or two lock cores, depending on cabinet configuration.

Note: The ½ height hinge door on Wardrobe Combination cabinets comes with touch latch only and is non-locking.
Interior Options

Open bookcase and hinged door cabinets feature adjustable shelves with three sets of holes drilled inside the cabinet for each shelf. The shelf is positioned on the middle location and can move 2½" higher or 2½" lower.

See FIGURE 1, below, for information regarding clearances above and below adjustable shelves.
“Classic” cabinet shelves are $1\frac{1}{16}$” thick when specified with wood interior.

For cabinets (open or closed) with the metal interiors option, the shelves will be metal: If the case is natural wood veneer, the shelves will be painted black, i.e. V316 case = black painted shelves; If the case is regular laminate (non-woodgrain), the shelves will be painted to match the case color, i.e. 114 case = 114 painted shelves; If the case is woodgrain laminate, the shelves will be painted black, i.e. 125 case = black painted shelves.

For cabinets with wood interior, the shelves will be the same finish as the case.

Specify left-hand or right-hand hinge location on 12”, 16” & 19” wide cabinets with doors.

**Wardrobe cabinets** feature fixed-position coat hooks or coat rods. 15” deep wardrobe cabinets come with 2 coat hooks. 20” and 24” deep wardrobe cabinets come with a pre-mounted coat rod in a black finish.

86”H Wardrobe Combo cabinets with $\frac{1}{2}$ height hinged doors come equipped with a coat rod and a fixed top shelf on the wardrobe side, and 2 adjustable shelves on the $\frac{1}{2}$ height door side.

72”H Wardrobe Combo cabinets with $\frac{1}{2}$ height hinged doors come equipped with a coat rod on the wardrobe side, and 2 adjustable shelves on the $\frac{1}{2}$ height door side.

Wardrobe cabinets do not come equipped with a boot tray. Please specify separately. See current page 615.

**Note:** 20” deep wardrobe cabinets provide only 18” of clear storage space.

**Drawer cabinets** are available in various combinations of a 6” box style and a 12” file style, with or without a combination of open shelving, hinged doors, and wardrobes.

Pencil trays are not included with box drawer cabinets. Wood or plastic pencil trays can be ordered separately for 16” and 19” wide cabinets.

12” high file drawers include bars for front to back and side to side filing, accommodating both letter and legal filing, regardless of cabinet width. Wood file drawers do not support bottom loading. Metal file drawers will support bottom loading.

**Cabinet Accessories**
Additional and replacement cabinet accessories are available, including: boot trays, pencil trays, file bars, box and file drawer dividers, shelf kits, shelf dividers, and utility hooks. Refer to pages 613-615 for further information.

**Example:** RC531DHH

**R** = Flushed base  
**R2** = Stepped base  
**C** = Cabinet  
**5** = 53” high  
**3** = 30” wide  
**1** = 15” deep  
**DH** = Desk height  
**006B** = Case Finish  
**006B** = Front Finish  
**H** = Pull option  
**111** = Pull finish  
**L** = Lock option  
**B** = Lock finish

### Specification Information

To order the Cabinet with hinge doors, please specify pattern number including:

1. **Case finish:**
   - Wood or Laminate
2. **Front Finish:**
   - Wood or Laminate
3. **Pull options:**
   - B = No pull, No Drilling,
   - C = C-Pull, (Nickel finish only)
   - D = Metal D-pull (PZ or PT only)
   - F = Bar Pull (1 pull per door set)
   - H = Outline Pull
   - J = J (Routed) Pull
   - R = Cylinder Pull
   - S = S Pull
   (Stainless Steel Finish only)
   - T = Tab pull (1 pull per door set)
4. **Pull Finish:**
   - Painted or Plated
5. **Lock Option:**
   - L = Lock hole drilled
   - N = No lock drilled
6. **Lock Finish:**
   - B = Black
   - S = Matte Silver

*It is Not advisable to mix 28 3/8”h desk height product with 26 3/8” standard height products.*

Product on this page **Excluding J-pull option** will accept wood grain laminate, where laminate is currently an option.

Cabinets do not come with lock included.

Keying instructions must accompany all cabinet orders.

After specifying product code, provide keying instructions. Refer to page 685 for keying instructions.

### Application Notes

15” wardrobe cabinets come with 2 coat hooks.

20” and 24” deep wardrobe cabinet comes with a coat rod.

20” deep Wardrobe Cabinets provide only 18” of clear storage space.

Wardrobe cabinets do not come equipped with boot tray. Please specify separately. See page 615.

Cabinets can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.

For Stepped Base, replace “R” with “R2”, i.e; RC531DHB = Cabinet with Flushed base
R2C531DHB = Cabinet with Stepped base

Order Code

Example: RC7231DHB ( )( )
R = Reff Profiles
R = Flushed base
R2 = Stepped base

C = Cabinets
72 = 72¾" high
3 = 30" wide
1 = 15" deep, 2 = 20" deep,
3 = 24" deep
DH = Desk height
B = Open Bookcase
006B = Case Finish
M = Interior Option, Metal

Specification Information

To order the Open Bookcase, please specify pattern number including:
1. Cabinet Finish:
   Wood or Laminate
2. Interior options:
   M = Metal
   Cabinets with metal interior, the shelves are in painted metal.
   For laminate cases, the shelves are painted to match ie. 114 case = 114 painted shelves.
   For wood cases, the shelves are painted black ie. 006B case = black shelves.

It is Not advisable to mix 28¾"h desk height products with 26½" standard height products.

Product on this page Excluding J-pull option will accept wood grain laminate, where laminate is currently an option. For more information on grain direction on vertical surfaces, please see page 5.

Keying instructions must accompany all cabinet orders. After specifying product code, provide keying instructions. Refer to page 685 for keying instructions.

When case finish is solid color laminate, shelves are painted to match.
When case finish is wood or wood grain laminate, shelves are painted black.

Application Notes

Please note: Shelf adjustability is limited to approximately 2.5" up or down per shelf from predetermined shelf height.

Cabinets can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.

For Stepped Base, replace "R" with "R2".

ie; RC531DHB = Cabinet with Flushed base
R2C531HB = Cabinet with Stepped base

Flushed base shown

Requires one lock core per cabinet.

Coat rod included.

Shelves determine (L/R) hand.

---

**Order Code**

Example: RC7232DHEH (L/R)

- **R**: Reff Profiles
  - **R**: Flushed base
  - **R2**: Stepped base
- **C**: Cabinet
- **72**: 72\(\frac{3}{8}\)" high
- **3**: 30" wide
- **2**: 20" deep
- **DH**: Desk Height
- **E**: Wardrobe / Bookcase combo
- **H**: Wood hinge doors
- **118**: Case finish
- **0068**: Front finish
- **M**: Metal Interior option
- **T**: Tab pull option
- **118**: Pull finish
- **N**: Lock option, doors
- **B**: Lock Finish

**Specification Information**

* It is Not advisable to mix 28\(\frac{3}{8}\)" desk height products with 26\(\frac{1}{2}\)" standard height products.*

Product on this page **Excluding J-pull option** will accept wood grain laminate, where laminate is currently an option. For more information on grain direction on vertical surfaces, please see page 5.

Hinge door cabinets have optional lock drilling which can be specified in the cabinet product code. Keying instructions must accompany all cabinet orders.

After specifying product code, provide keying instructions. Refer to page 685 for keying instructions.

**Application Notes**

Please note: Shelf adjustability is limited to approximately 2.5" up or down per shelf from predetermined shelf height.

* Note: 72" high Wardrobe cabinets do not come equipped with boot tray or top shelf. Please specify separately. See page 615.

20" deep Wardrobe Cabinets provide only 18" of clear storage space.

Cabinets can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.

For Stepped Base, replace “R” with “R2”.

ie: RC531DHB = Cabinet with Flushed base

R2C531DHB = Cabinet with Stepped base

---

**E** = Hinge door cabinet with full height doors, half wardrobe and shelves

---

Please note: Shelf adjustability is limited to approximately 2.5" up or down per shelf from predetermined shelf height.

* Note: 72" high Wardrobe cabinets do not come equipped with boot tray or top shelf. Please specify separately. See page 615.

20" deep Wardrobe Cabinets provide only 18" of clear storage space.

Cabinets can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.

For Stepped Base, replace “R” with “R2”.

ie: RC531DHB = Cabinet with Flushed base

R2C531DHB = Cabinet with Stepped base

---

When case finish is solid color laminate, shelves are painted to match.

When case finish is wood or wood grain laminate, shelves are painted black.
Cabinets, 72” high

Wardrobe Combo with BBF and FF, 28 3/8” planning metal interior

### Specification Information

To order please specify pattern number including:

1. Case finish
   - Wood or Laminate
2. Front finish
   - Wood or Laminate
3. Interior Option
   - M = Metal
4. Pull option:
   - B=No pull, No drilling
   - Customer's own pull.
   - F=Bar pull (1 pull per door set)
   - H=Outline pull
   - N=No pull, touch latch
   - R=Cylinder pull
   - T=Tab pull (1 pull per door set)
5. Pull finish=Painted or Plated
6. Lock option
   - L=Lock hole
   - N=No lock drilling
7. Lock finish
   - B=Black
   - S=Matte Silver

### Order Code

Example: RC7232DHPHW (L/R)

- **R** Ref Profiles
  - R = Flushed base
  - R2 = Stepped base
- **C** Cabinet
  - 72 = 72 1/2” high
  - 3 = 30” wide
  - 2 = 20” deep
- **DH** Desk Height
- **PHW** Box/Box/File Wardrobe combo GHW = FF
  - Wardrobe combo
- **L/R** Left or Right hand
- **118** Case finish
- **006B** Front finish
- **M** Metal Interior option
- **T** Pull option
- **111** Pull finish
- **L** Lock option
- **B** Lock finish

### Application Notes

It is Not advisable to mix 28 3/8’h desk height products with 26 1/2” standard height products.

Product on this page Excluding J-pull option will accept wood grain laminate, where laminate is currently an option. For more information on grain direction on vertical surfaces, please see page 5.

Hinge door cabinets have optional lock drilling which can be specified in the cabinet product code. Keying instructions must accompany all cabinet orders.

Drawers are always drilled for locks.

After specifying product code, provide keying instructions. Refer to page 665 for keying instructions.

*If case is Laminate, the front can be laminate or wood.

*If case is Wood, the front can only be wood.

Pencil trays are not included in cabinets with BFF configuration.

The Wardrobe Cabinets on this page come equipped with a coat rod. Boot tray and top shelf are not included.

The 1/2 height hinge door comes with touch latch only and is non-locking. It also comes with 2 adjustable shelves.

Please note: Shelf adjustability is limited to approximately 2.5” up or down per shelf from predetermined shelf height.

File drawers include file bars for front to back and side to side filing. File drawers do not support bottom loading.

File cabinets can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.
### Specification Information

To order the Open Bookcase, please specify pattern number including:

1. **Cabinet Finish:**
   - Wood or Laminate
   - *Example:* RC7231DHB ( )( )( )
2. **Interior options:**
   - W = Wood

### Application Notes

It is Not advisable to mix 28\(\frac{3}{8}\)"h desk height products with 26\(\frac{1}{2}\)" standard height products.

Product on this page Excluding J-pull option and any vertical surface over 60" wide, will accept wood grain laminate, where laminate is currently an option.

Anchor brackets are included for 15" deep bookcases.

Please note: Shelf adjustability is limited to approximately 2.5" up or down per shelf from predetermined shelf height.

Cabinets can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.

For Stepped Base, replace “R” with “R2”.

ie; RC531DHB = Cabinet with Flushed base
R2C531DHB = Cabinet with Stepped base

   L=Lock hole drilled
   N=No lock drilling
   Drawers are always drilled for locks, Not optional.
7. Lock finish
   B=Black
   S=Matte Silver

Application Notes

It is Not advisable to mix 28 3/8”h desk height products with 26 1/2” standard height products.

Product on this page Excluding J-pull option and any vertical surface over 60” wide, will accept wood grain laminate, where laminate is currently an option.

Hinge door cabinets have optional lock drilling which can be specified in the cabinet product code. Keying instructions must accompany all cabinet orders.

Drawers are always drilled for locks.

After specifying product code, provide keying instructions. Refer to page 605 for keying instructions.

* If case is Laminate, the front can be laminate or wood.
* If case is Wood, the front can only be wood.

Pencil trays are not included in cabinets with BBF configuration.

File drawers include file bars for front to back and side to side filing.

File drawers do not support bottom loading.

Cabinets can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.

For Stepped Base, replace “R” with “R2”,
i.e; RC531DHB = Cabinet with Flushed base  
R2C531DHB = Cabinet with Stepped base

P = Hinge door cabinet with Box/Box/File

</table>

Coat rod included.

Requires one lock core per cabinet.

Shelves painted metal

Shelves determine (L/R) hand.

---

### Order Code

**Example:** RC7232DHEH (L/R)

- **R**: Reff Profiles
  - **R**: Flushed base
  - **R2**: Stepped base
- **C**: Cabinet
- **72**: 72 1/2" high
- **3**: 30" wide
- **2**: 20" deep
- **DH**: Desk Height
- **E**: Wardrobe / Bookcase combo
- **H**: Wood hinge doors
- **L**: Left hand
- **118**: Case Finish
- **006B**: Front Finish
- **W**: Wood Interior
- **T**: Pull option
- **118**: Pull finish
- **N**: Lock option, doors
- **B**: Lock Finish

### Specification Information

To order please specify pattern number including:

1. Case finish
   - Wood or Laminate
2. Front finish
   - Wood or Laminate
3. Interior Option
   - W = Wood
4. Pull option:
   - B=No pull, No drilling
   - F=Bar pull (1 pull per door set)
   - N=No pull, Touch latch
   - R=Cylinder pull
   - T=Tab pull (1 pull per door set)
5. Pull finish=Painted or Plated
6. Lock option Dors
   - L=Lock hole drilled
   - N=No lock drilling
7. Lock finish
   - B=Black
   - S=Matte Silver

It is Not advisable to mix 28\(\frac{3}{8}\)" h desk height products with 26 1/2" standard height products.

Product on this page **Excluding J-pull option and any vertical surface over 60" wide**, will accept wood grain laminate, where laminate is currently an option.

Hinge door cabinets have optional lock drilling which can be specified in the cabinet product code. Keying instructions must accompany all cabinet orders.

After specifying product code, provide keying instructions. Refer to page 685 for keying instructions.

* If case is Laminate, the front can be laminate or wood.

* If case is Wood, the front can only be wood.

Please note: Shelf adjustability is limited to approximately 2.5" up or down per shelf from predetermined shelf height.

* Note: 72" high Wardrobe cabinets do not come equipped with boot tray or top shelf. Please specify separately. See page 615.

20" deep Wardrobe Cabinets provide only 18" of clear storage space.

Cabinets can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.

For Stepped Base, replace "R" with "R2" i.e RC531DHB = Cabinet with Flushed base

R2C531DHB = Cabinet with Stepped base

**Order Code**

Example: RC7232DHPHW (L/R)

- **R**: Reff Profiles
- **C**: Cabinet
- **72**: 72 1/2" high
- **3**: 30" wide
- **2**: 20" deep
- **DH**: Desk Height
- **PHW**: Box/File Wardrobe combo
- **L/R**: Left or Right Hand
- **006B**: Front Finish
- **W**: Interior Option
- **T**: Pull Option
- **111**: Pull Finish
- **L**: Lock option
- **111**: Lock Finish

---

**Specification Information**

To order please specify pattern number including:

1. Case finish
2. Front finish
3. Interior Option
4. Pull option:
5. Pull finish
6. Lock option
7. Lock finish

- **B**: No pull, No drilling
- **F**: Bar pull (1 pull per door set)
- **H**: Outline pull
- **N**: No pull, touch latch
- **R**: Cylinder pull
- **T**: Tab pull (1 pull per door set)
- **P**: Painted or Plated

---

**Application Notes**

It is Not advisable to mix 28 3/8"h desk height products with 26 1/2" standard height products.

Product on this page Excluding J-pull option and any vertical surface over 60" wide, will accept wood grain laminate, where laminate is currently an option.

Hinge door cabinets have optional lock drilling which can be specified in the cabinet product code. Keying instructions must accompany all cabinet orders.

Drawers are always drilled for locks.

After specifying product code, provide keying instructions. Refer to page 685 for keying instructions.

* If case is Laminate, the front can be laminate or wood.
* If case is Wood, the front can only be wood.

Pencil trays are not included in cabinets with BBF configuration.

The Wardrobe Cabinets on this page come equipped with a coat rod.

The 1/2 height hinge door comes with touch latch only and is non locking. It also comes with 2 adjustable shelves.

Please note: Shelf adjustability is limited to approximately 2.5" up or down per shelf from predetermined shelf height.

File drawers include file bars for front to back and side to side filing.

File drawers do not support bottom loading.

Cabinets can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.

For Stepped Base, replace "R" with "R2". i.e; RC531DHB = Cabinet with Flushed base
R2C531DHB = Cabinet with Stepped base

**Specification Information**

To order the Open Bookcase, please specify pattern number including:

1. **Cabinet Finish:**
   - Wood or Laminate

2. **Interior Options:**
   - M = Metal
     - Cabinets with metal interior, the shelves are in painted metal.
     - For laminate cases, the shelves are painted to match. 114 case = 114 painted shelves.
     - For wood cases, the shelves are painted black. 006B case = black shelves.

---

**Application Notes**

- **It is Not advisable to mix 28 3/8’h desk height products with 26 1/2” standard height products.**
- Product on this page **Excluding J-pull option and any vertical surface over 60” wide, will accept wood grain laminate, where laminate is currently an option.**
- When case finish is solid color laminate, shelves are painted to match.
- When case finish is wood or wood grain laminate, shelves are painted black.

- Anchor brackets are included for 15” deep bookcases.
- Please note: Shelf adjustability is limited to approximately 2.5” up or down per shelf from predetermined shelf height.
- Cabinets can be specified with 2 base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.
- For Stepped Base, replace “R” with “R2”.
  - ie; RC531DHB = Cabinet with Flushed base
  - R2C531DHB = Cabinet with Stepped base

   - L=Lock hole drilled  
   - N=No lock drilling  
7. Lock finish  
   - B=Black  
   - S=Matte Silver

### Application Notes

Cabinets on this page are engineered to align with front sets of 28 3/8"h pedestals and are intended for “desk height” planning application. **Do not mix products from 26 1/2"h (standard ht.) planning model with 28 3/8"h (desk height) planning model in any one configuration.**

Please note: Shelf adjustability is limited to approximately 2.5" up or down per shelf from predetermined shelf height.

* File drawers include file bars for front to back and side to side filing. File drawers do not support bottom loading.

Cabinets can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271. For Stepped Base, replace “R” with “R2”.

Example: RC531DHB = Cabinet with Flushed base  
R2C531DHB = Cabinet with Stepped base

Order Code

Example: RC832DHF ( ) ( ) ( ) ( ) ( )

R = Ref Profile
R = Flushed Base
R2 = Stepped Base

C = Cabinet
8 = 86" high, Actual height
3 = 30" wide
2 = 20" deep
DH = Desk Height

F = Storage with Hinge Door with 4 file drawers
118 = Case Finish
006B = Front Finish
M = Metal Interior
T = Tab pull option
111 = Pull Finish
L = Lock option, files
N = Lock option, doors
B = Lock Finish

F = Hinge door cabinet with 4 file drawers
G = Hinge door cabinet with FF
P = Hinge door cabinet with BBF

Specification Information

To order please specify pattern number including:
1. Case finish
   Wood or Laminate
2. Front finish
   Wood or Laminate
3. Interior Option
   M = Metal
4. Pull option:
   B = No pull, No drilling
   F = Bar pull (1 pull per door set)
   H = Outline pull
   N = No pull, touch latch
   R = Cylinder pull
   T = Tab pull (1 pull per door set)
5. Pull finish = Painted or Plated
6. Lock option Files
   L = Lock hole drilled
   N = No lock drilling
   Drawers are always drilled for locks, Not optional.
7. Lock option Doors
   L = Lock hole drilled
   N = No lock drilling
8. Lock finish
   B = Black
   S = Matte Silver

Application Notes

It is Not advisable to mix 28 3/8" high desk height products with 26 1/2" standard height products.

Product on this page Excluding J-pull option and any vertical surface over 60" wide, will accept wood grain laminate, where laminate is currently an option.

Hinge door cabinets have optional lock drilling which can be specified in the cabinet product code. Keying instructions must accompany all cabinet orders.

Drawers are always drilled for locks.

After specifying product code, provide keying instructions. Refer to page 685 for keying instructions.

* If case is Laminate, the front can be laminate or wood.
* If case is Wood, the front can only be wood.

When case finish is solid color laminate, shelves are painted to match.
When case finish is wood or wood grain laminate, shelves are painted black.

Please note: Shelf adjustability is limited to approximately 2.5" up or down per shelf from predetermined shelf height.

File drawers include file bars for front to back and side to side filing. File drawers do not support bottom loading.

Cabinets can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.
For Stepped Base, replace "R" with "R2".
e.g.; RC531DHB = Cabinet with Flushed base
R2C531DHB = Cabinet with Stepped base

### Specification Information

To order please specify pattern number including:

1. **Case finish**
   - Wood or Laminate
2. **Front finish**
   - Wood or Laminate
3. **Interior Option**
   - Wood
4. **Pull option:**
   - B=No pull, No drilling
   - N=No pull, touch latch
   - C=Cylinder pull
   - T=Tab pull (1 pull per door set)
5. **Pull finish=Painted or Plated**
6. **Lock option:**
   - L=Lock hole drilled
   - N=No lock drilling
7. **Lock finish**
   - B=Black
   - S=Matte Silver

It is Not advisable to mix 28 3/8" desk height products with 26 1/2" standard height products.

Product on this page Excluding J-pull option and any vertical surface over 60" wide, will accept wood grain laminate, where laminate is currently an option.

Cabinets are always drilled for locks.

Keying instructions must accompany all cabinet orders.

### Application Notes

Please note: Shelf adjustability is limited to approximately 2.5" up or down per shelf from predetermined shelf height.

* * File drawers include file bars for front to back and side to side filing. File drawers do not support bottom loading.

Cabinets can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271. For Stepped Base, replace “R” with “R2”, ie; RC531DHB = Cabinet with Flushed base R2C531DHB = Cabinet with Stepped base

Wardrobe determines (L/R) hand

Order Code
Example: RC832DHPHW (L/R)
- R = Ref Profiles
- C = Cabinet
- 8 = 86" high
- 3 = 30" wide
- 2 = 20" deep
- DH = Desk Height
- PHW = Box/File Wardrobe combo GHW = FF Wardrobe combo
- L/R = Left or Right hand
- 118 = Case Finish
- 006B = Front Finish
- W = Wood Interior
- T = Pull option
- 111 = Pull Finish
- L = Lock Option
- B = Lock Finish

Specification Information
To order please specify pattern number including:
1. Case finish
   - Wood or Laminate
2. Front finish
   - Wood or Laminate
3. Interior Option
   - W = Wood interior
4. Pull option:
   - B=No pull, No drilling
   - F=Bar pull (1 pull per door set)
   - H=Outline pull
   - N=No pull, touch latch
   - R=Cylinder pull
   - T=Tab pull (1 pull per door set)
5. Pull finish=Painted or Plated
6. Lock option
   - L=Lock hole
   - N=No lock drilling
7. Lock finish
   - B=Black
   - S=Matte Silver

Application Notes
It is Not advisable to mix 28¾"h desk height products with 26¾" standard height products.

Product on this page Excluding J-pull option and any vertical surface over 80" wide, will accept wood grain laminate, where laminate is currently an option.

Hinge door cabinets have optional lock drilling which can be specified in the cabinet product code. Keying instructions must accompany all cabinet orders.

Drawers are always drilled for locks.

After specifying product code, provide keying instructions. Refer to page 685 for keying instructions.

* If case is Laminate, the front can be laminate or wood.
* If case is Wood, the front can only be wood.

The Wardrobe Cabinets on this page come equipped with a coat rod and top shelf.

The 1/2 height hinge door comes with touch latch only and is non locking. It also comes with 2 adjustable shelves.

Please note: Shelf adjustability is limited to approximately 2.5" up or down per shelf from predetermined shelf height.

Pencil trays are not included in cabinets with BBF configuration.

File drawers include file bars for front to back side and side filing.

File drawers do not support bottom loading.

Cabinets can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.

For Stepped Base, replace "R" with "R2".

i.e.; RC531DHB = Cabinet with Flushed base
R2G531DHB = Cabinet with Stepped base
Desktop Towers
Reff Profiles Desktop Towers for 28 7/8” planning provide significant storage and display options for freestanding work areas without increasing the overall footprint of your workspace.

Desktop Towers are available in several widths and configurations including open, hinged door, or combined storage options.

Desktop Towers mount on 1 1/2" thick worksurfaces that have a finished height of 28 7/8”, and may be planned adjacent to Reff Profiles “Classic” Single High or Double High Overheads, Hutches, and “Classic” Cabinets, to achieve overall heights of 72"H or 86"H.

Note: When Desktop Towers are mounted upon 22 7/8"H worksurfaces, Progressive Low Credenzas, or Service Height Credenzas, they do not align with any “Classic” or Progressive floorstanding cabinet or overhead heights.

Dimensions
Two heights are available:
- 42"H, to achieve an overall height of 72"H, intended to align with a single height overhead or 72"H cabinet.
- 56"H, to achieve an overall height of 86"H, intended to align with a double height overhead or 86"H cabinet.

Four widths are available: 16" & 19" (single widths, letter & legal), or 30" & 36" (double widths). Widths correspond to pedestal modules of the same dimension.

Desktop Towers are nominally 15" deep. They are surface mounted, using non-slip double-sided tape.

Construction
Desktop Towers are assembled with glue and dowel construction. Desktop Towers with wood doors and wood shelves ship fully assembled. Glass doors and glass shelves ship separately for installation on site.

Hinged door cabinets use concealed, spring-loaded, adjustable pot hinges. Hinged glass doors are constructed of tempered, back painted glass, mounted to an anodized or painted aluminum frame.

Shelves are constructed of wood and are 3/4" thick. Note: Asymmetrical towers have the added option of 12mm thick glass shelves for the open portion of the tower. Wood shelves are finished in laminate or veneer to match the tower case. Glass shelves are available in two finishes GL35 (Grey) or GL85 (Star Clear).

A fixed base shelf is included for all Desktop Towers. Asymmetrical towers do not include a base shelf on the open portions of the tower.

All Desktop Towers include a finished back.

Exterior Options
Desktop Tower cases are finished in either veneer or laminate. If the case is specified in laminate, the front can be the same or a different laminate, or the front can be wood veneer or glass. If the case is specified in wood veneer, the front will be of the same matching wood veneer or can be glass.

Only the highest-grade veneer offered by the industry: Architectural AA, is used for Reff Profiles. The veneer for each front set is hand selected and laid up to be center balanced and matched. Though the veneer is selected to stringent standards, the color and grain, between adjacent cabinets, will have natural variations and may not match.

Pulls for Desktop Towers with wood hinged doors can be specified in B (no pull – use customer’s own), F (bar), H (outline), N (no pull, touch latch), R (cylinder), and T (tab). Refer to pages 10 & 11 for cabinet pull locations and details.

Hinged glass doors feature no pulls, and include a touch latch. They are available in all back painted finish options. The door frame is available in all core paint finishes, as well as three anodized finishes (AA, AP, or AU).

The handedness of a single wide Desktop Tower is determined from the user’s perspective. If, from the user’s perspective, the hinges are on the right side, the cabinet is classified as a “right hand” cabinet.

The handedness of an asymmetrical Desktop Tower is also determined from the user’s perspective. If, from the user’s perspective, the open shelf section is on the right, the cabinet is classified as a “right hand” cabinet. The door of an asymmetrical cabinet is hinged at the center gable.
Notes:
*Shaded shelves are fixed
** Where handed, right hand shown
Locks
Keyholes are optional on hinged doors. Keyholes are located on the tower front above the pull location.

Locks are specified separately and can be randomly keyed or keyed alike. Locks are no charge and are available in a black or a matte silver finish.

Keying instructions must accompany all orders. Refer to page 685 for KnollKey Lock Program Information. Desktop Towers do not come with locks included. Randomly keyed locks are factory installed. Keyed-alike locks are field-installed using the KnollKey order form. Each locking door counts for one lock core.

Interior Options and Features
Desktop Towers are available in open, hinged door, or asymmetrically combined storage options.

Double-wide Desktop Towers with open shelves are available with either a flush center gable (Figure 1) or a recessed center gable (Figure 2).

Shelves that are constructed of wood are finished in laminate or veneer to match the tower case.

The open shelves within an asymmetrical Desktop Tower are 9 1/8” wide.

When glass shelves are specified for the open portion of asymmetrical desktop towers, glass is available in two finishes: GL35 (Grey) or GL85 (Star Clear). Note: GL85 is a low iron glass.

All the shelves in 42”H desktop towers are adjustable with 2 1/2” of upward or downward flexibility.

The middle shelf in 56”H desktop towers is fixed (see exception notes, below). The other shelves in 56”H towers are adjustable with 2 1/8” of upward or downward flexibility.

Note: All the shelves in double-wide Desktop Towers without doors (i.e.: flush or recessed center gable, 42” or 56”H) are height adjustable. Additionally, all the shelves within the open portion of any asymmetrical Desktop Tower are height adjustable.
If case is woodgrain/plain laminate, shelves will be laminate to match. If case is laminate, front can be wood or laminate. If case is wood, door is only available in wood.

**Note:** Specify Case Finish, then Door Finish.

To order please specify pattern number including:

1. **Case finish:**
   - Wood or Laminate

**Application Notes**

It is Not advisable to mix 28½"h desk height products with 26½" standard height products.

Product on this page Excluding J-pull option and any vertical surface over 60" wide, will accept wood grain laminate, where laminate is currently an option.

1½" thick worksurfaces are recommended to be used with these Desktop towers. See page 426.

These products are Glue and Dowel Construction.

42"h desk top towers for use with single tier overhead bridges and floorstanding cabinet.

56"h desk top tower for use with double tier overhead bridges and floor standing cabinet.

Shelves to match case finish.

Shelves on single height available with 2 adjustable shelves.

Shelves on double high available with one fixed middle shelf, one upper and one lower adjustable shelf.

All adjustable shelves have 2½", up or down flexibility.

Application Notes

It is Not advisable to mix 28½"h desk height products with 26½" standard height products.

Product on this page Excluding J-pull option and any vertical surface over 60" wide, will accept wood grain laminate, where laminate is currently an option.

1½" thick worksurfaces are recommended to be used with these Desktop towers. See page 426.

These products are Glue and Dowel Construction.

42½",h desk top towers for use with single tier overhead bridges and floorstanding cabinet.

56½",h desk top tower for use with double tier overhead bridges and floor standing cabinet.

Hinge glass doors feature ng pulls, only touch latch.

Wood interior shelves to match case finish.

Shelves on single height available with 2 adjustable shelves.

Shelves on double high available with one fixed middle shelf, one upper and one lower adjustable shelf.

All adjustable shelves have 2½", up or down flexibility.

For Desktop with open shelves, need to specify glass finish

Glass options are:

GL35 = Grey
GL85 = Star Clear

From users perspective, the open shelves' location determines handedness.

ie. Right hand - open shelves on right hand.
Overhead, 28\(\frac{3}{8}\)" planning - Planning Guidelines & Specifications

**Overheads**

**Note:** This planning section is relevant specifically to “Classic” Overheads for 28\(\frac{3}{8}\)" planning, in wall mounted or cabinet mounted applications. Please see sections that follow for Reff Profiles Hutches and/or Progressive Overheads. Reff Profiles overheads for 28\(\frac{3}{8}\)" planning provide either wall mounted or cabinet mounted overhead storage in a variety of configurations. Options include open/cubby, hinged door, or combined storage options. Single and double height overheads are available in several widths.

Overheads may be used for book and/or binder storage, but also provide opportunity for storage or display of personal items.

Overheads can be combined with cabinets, taskboards & task panels to form innovative workwalls within private offices.

Tasklights may be ordered separately to mount beneath overhead cabinets. Additionally, metal or wood fascias may be ordered separately to add detail and/or conceal tasklights.

**Dimensions**

Cabinets are available in two heights for 28\(\frac{3}{8}\)" planning:
- 20"H (actual height 19 \(\frac{3}{8}\)"), “single high”, intended to align with 72"H cabinets.
- 33"H (actual height 33"), “double high”, intended to align with 86"H cabinets.

Refer to 14-16 for a guide to 28\(\frac{3}{8}\)"H planning horizons.

**Note:** Reff Profiles overheads are also available for “standard height” (26 \(\frac{1}{2}\)”) planning applications, which include panel-hung and workwall-mounted options. See Reff Profiles Standard Height Planning Guide for further information. Do not mix “standard height” (26 \(\frac{1}{2}\)”) planning components or overheads with any overheads for 28\(\frac{3}{8}\)" planning.

Cabinets are 15" deep (without doors). The depth of open overheads (without doors), will match the depth of 15"D open bookcase cabinets.

Overheads come in widths of 30" to 96", in 6" increments. The widths of the overheads are undersized by \(\frac{1}{8}\)" to eliminate any slight positional shift issues that may otherwise occur when several are placed beside one another.
Single High, Wall Hung

Overhead, 283/8" planning - Planning Guidelines & Specifications

Construction
Overheads are assembled with glue and dowel construction. Open overheads and overheads with wood doors ship fully assembled. Glass doors ship separately for installation on site.

Construction is 45-pound density particleboard covered in laminate or veneer.

Hinged door cabinets use concealed, soft-close, adjustable pot hinges.

Hinged glass doors are constructed of tempered, back painted glass, mounted to an anodized or painted aluminum frame.

Cases are constructed of wood and are 15/16" thick. Adjustable wood shelves in double-high overheads are 3/4" thick. Wood shelves are finished in laminate or veneer to match the overhead case.

Overheads include a back that is finished on the inside to match the overhead case, and is finished on the outside with neutral-tone backer.

Wall hung overheads come with wall hanging cleats for attachment to reinforced building walls. Cleat mounting screws, appropriate for the architectural wall type, must be provided by the installer.

Knoll does not assume any responsibility for the installation, attachment or the securing of wall hung units to the wall. A certified building contractor should be consulted. Please refer to wall mounting information on pages 661-662.

Exterior Options
Overheads may be specified in open, wood door, glass door, or combination configurations, in both single or double heights.

Overheads may be specified with enclosed ends or with cantilevered open ends.

Overheads with doors may be specified so that the doors either conceal or expose the cubby space below the main sections of the overhead. Doors project below the shelf for ease of opening.
All overhead fronts and cases are finished in either veneer or laminate. If the case is specified in laminate, the front can be the same or a different laminate, or the front can be wood veneer or glass. If the case is specified in wood veneer, the front will be of the same matching wood veneer, or can be glass.

Only the highest grade veneer offered by the industry: Architectural AA, is used for Reff Profiles. The veneer for each front set is hand selected and laid up to be center balanced and matched. Though the veneer is selected to stringent standards, the color and grain, between adjacent cabinets, will have natural variations and may not match.

Pulls can be specified in B (no pull – use customer’s own), C, D, F (Bar), H (Outline), R (Cylinder), S, and T (Tab). There is no pull option on glass doors. Refer to pages (currently 9 & 10) for additional pull details.

The number of hinged doors included in an overhead varies according to the width of the overhead and whether or not the overhead has enclosed ends or cantilevered open ends. Please refer to the price list matrix for door quantity information. Note: The single door in a 3 door unit, such as 42”, 48”, and 54” wide units, is hinged on the left and is located on the left hand side of the overhead unit.

**Locks**

Keyholes are optional on hinge doors.

Door locks are not pre-routed and therefore, locks cannot be retro-fitted.

Keyholes are located on overhead door fronts, above the cubby space, as follows:

1) On the bottom left corner of the right hand door for double door conditions.

2) On the bottom right corner of the door (hinge on left) for single door conditions.

Locks are specified separately and can be randomly keyed or keyed alike. Locks are no charge and are available in a black or a matte silver finish.

Keying instructions must accompany all orders. Refer to page (currently 482) for KnollKey Lock Program Information. Overheads do not come with locks included. Randomly keyed locks are factory installed. Keyed-alike locks are field-installed using the KnollKey order form.

**Note:** Orders requiring 50 or fewer locks, placed without specific keying instructions, will be delivered randomly keyed by the factory without warning.

Each locking overhead counts for either one, two, or three lock cores, depending on the overhead configuration.

**Interior Options**

Overhead interiors are fully finished in either laminate or veneer to match the case selection.

Single high overhead interiors include a main storage opening above a shorter cubby space below.

Double high overhead interiors feature an adjustable shelf that creates two main storage openings above the cubby space. There are three sets of holes drilled inside the main storage opening for each shelf. The shelf is positioned on the middle location and can move 2½" higher or 2½" lower.

**Note:** Interior clearance dimensions are as follows:

**Single High:**
- Main opening: 13¾”H x 13½”D
- Cubby: 3½”H x 13½”D

**Double High:**
- Main opening: 26½”H x 13½”D (includes one adjustable ¾” thick shelf)
- Cubby: 3½”H x 13½”D
- When the adjustable shelf is positioned in the middle position, the upper clearance height is 12½”; the lower clearance height is 13¾”.

**Overheads - Lock Locations**
Overheads with an Open/Cubby configuration (i.e.: no doors) are available with either flush gables or recessed gables.

The cubby portion of overheads can be specified with or without additional center gables. The additional center gables are always recessed under the cubby shelf.

**Note:** When enclosed ends are specified, gables can be either flush or recessed, and cubby center gables will not extend into the main storage sections. When cantilevered open ends are specified, all gables will default to recessed, and cubby gables will extend into the main storage sections.
**Planning Cabinet Hung Overheads & Overhead Shoulders**

Cabinet hung overheads may attach to either two adjacent floor supported storage units or to a shoulder panel on one side and a floor supported storage unit on the other side. Overheads shall not be supported using a shoulder unit at both ends. Shoulder attachment hardware is included with the overhead cabinet.

Overhead shoulders are designed to create a 4-5” step between the top of the overhead and the top of the shoulder. The shoulder attaches to the worksurface or adjacent pedestal.

- Use ROSSH681 for single high overheads.
- Use ROSSH821 for double high overheads.

Installation instruction sheets are available on Knoll Exchange. For Cabinet Hung Overheads and Shoulders, refer to installation instruction number 6TP00080.

Cabinet Hung Overheads may not be specified adjacent to one another, as each overhead requires support at both ends.
Note: Specify Case Finish, then Front Finish

Note: Back view not shown. Overhead backs are finished in Veneer / Laminate on the inside, and are paper finished on the outside back.

Note: If case is woodgrain / plain laminate, shelves will be laminate to match.
If case is laminate, front can be wood or laminate.
If case is wood, door is only available in wood.

Returns/Bridges/Modesties

- Return/Bridge, Horizontal Grain
- Return/Bridge, Vertical Grain
- Full Height Modesty

Overheads, Single High

- Single high, Open with center gable (Cantilevered open ends)
- Wall-hung overhead cabinet Single high, Open without center gable (Cantilevered open ends)
- Wall-hung overhead cabinet Open /cubby with center gable
- Wall-hung overhead cabinet Open /cubby without center gable
- Wall-hung overhead cabinet hinge door, cubby concealed
- Wall-hung overhead cabinet hinge door, cubby exposed
- Wall-hung overhead cabinet Single high, Wood doors/Open Cubby concealed (Cantilevered open ends)
- Wall-hung overhead cabinet Single high, Wood doors/Open Cubby exposed (Cantilevered open ends)

Note: vertical interior grain direction for overheads over 60" wide. *Rule applies for all non-progressive overheads.

Note: horizontal interior grain direction for overheads up to 60" wide. *Rule applies for all non-progressive overheads.
Note: Specify Case Finish, then Front Finish

Note: Back view not shown. Overhead backs are finished in Veneer / Laminate on the inside, and are paper finished on the outside back.

Note: If case is woodgrain / plain laminate, shelves will be laminate to match.

If case is laminate, front can be wood or laminate.
If case is wood, door is only available in wood.

Overhead, 28³/₈" planning - Planning Guidelines & Specifications

**Wood Grain Laminate Grain Direction & Mixed Finishes Guide**

**Note:** Specify Case Finish, then Front Finish

**Note:** Back view not shown. Overhead backs are finished in Veneer / Laminate on the inside, and are paper finished on the outside back.

**Note:** If case is woodgrain / plain laminate, shelves will be laminate to match.

If case is laminate, front can be wood or laminate.

If case is wood, door is only available in wood.

---

**Overheads, Single High**

- Cabinet-hung overhead cabinet open/cubby with center gable
- Cabinet-hung overhead cabinet open/cubby without center gable
- Cabinet-hung overhead cabinet hinge door, cubby concealed
- Cabinet-hung overhead cabinet hinge door, cubby exposed
- Cabinet-hung overhead cabinet glass hinge door, cubby exposed
- Cabinet-hung overhead cabinet glass hinge door, cubby concealed
- Cabinet-hung overhead cabinet hinge door / open / cubby exposed

#### Order Code

*Example: RSDR361(H/V)( )( )*

- **R**: Ref Profiles
- **S**: Straight top
- **D**: 1\(\frac{1}{2}\)" top
- **R**: Return
- **36**: 36" wide
- **1**: 20" deep
- **H/V**: Horizontal or Vertical grain
- **F**: Grommet type
- **111**: Grommet finish
- **006B**: Worksurface finish
- **()**: Edge finish, for laminate tops

#### Specification Information

To order please specify pattern number including:

1. Grommet type: F = Flush  N = No Grommet
2. Grommet finish: Painted or Plated
3. Worksurface finish: Wood or Laminate
4. Edge finish: L, V1, V2, V3  (Edge options are available on laminate tops only)

#### Application Notes

It is Not advisable to mix 28\(\frac{3}{8}\)" desk height products with 26 \(\frac{1}{2}\)" standard height products.

Product on this page will accept wood grain laminate, where laminate is currently an option.

For any vertical surface greater than 60" wide, the grain direction is horizontal.

The above pattern codes must be used in any 'L' and 'U' configurations as shown below.

- L-shaped / Double: Spanning 2 worksurfaces
- U-shaped / Triple: Spanning 3 worksurfaces

### Order Code

**Example:** ROMCGSHP301

- **R:** Ref Profiles
- **O:** Overhead
- **M:** Wall mount
- **CG:** Center Gable
- **SH:** Single high
- **P:** Planning
- **30:** 30” width
- **1:** Letter depth
- **06B:** Case finish

### Specification Information

1. **Case finish**

### Application Notes

- It is Not advisable to mix 28 3/8"h desk height products with 26 1/2" standard height products.
- Product on this page will accept wood grain laminate, where laminate is currently an option. For any vertical surface greater than 60”, the grain direction is horizontal.
- These products are Glue and Dowel Construction.
- Knoll does not assume any responsibility for the installation, attachment or the securing of wall hung units to the wall.
- A certified building contractor should be consulted.

Please refer to wall mounting information on page 661.

Letter depth is 15” nominal.

- Fascias ordered separately
- Tasklights ordered separately
- Tack/Task panel order separately
- Wall hung cabinets come with wall hung cleats
- Overhead backs are finished in Veneer/Laminate on inside and paper finished on the outside.

Interior clearance dimensions:
- Above opening: 13 3/8"h x 13 1/2"d
- Cubby: 3 1/2"h x 13 1/2"d

**Order Code**

Example: **R2OMGHOSHP601()()()**

- R2: Reff Profiles
- O: Overhead
- M: Wall mount
- GHOC: Glass hinge door/Open/Cubby
- SH: Single high
- P: Planning
- 60: Width
- 006B: Case finish
- AA: Door frame finish
- GL11: Door glass finish
- L: Lock option
- S: Lock finish

**Specification Information**

To order please specify:

1. Case finish:
   - Laminate, V1, V2, V3
2. Door frame finish:
   - Anodized or painted
3. Glass door finish:
   - GL11, GL14, GL15, GL17, GL18
4. Lock option:
   - L = Lock
   - N = No lock
5. Lock finish:
   - B = Black
   - S = Matte silver

**Application Notes**

It is Not advisable to mix 28\(\frac{3}{8}\)"h desk height products with 26\(\frac{3}{4}\)" standard height products.

Product on this page Excluding J-pull option, will accept wood grain laminate, where laminate is currently an option. For any vertical surface greater than 60" wide, the grain direction is horizontal.

These products are Glue and Dowel Construction.

Knoll does not assume any responsibility for the installation, attachment or the securing of wall hung units to the wall. A certified building contractor should be consulted.

Please refer to wall mounting information on page 661.

Letter depth is 15" nominal.

Fascias ordered separately

Tasklights not included

Tack/Task panel order separately

Overhead backs are finished in Veneer/Laminate on inside and paper finished on the outside.

Wall hung cabinets come with wall hung cleats.

Interior clearance dimensions: Above opening: 13\(\frac{3}{8}\)"h x 13\(\frac{3}{8}\)"d Cubby: 3\(\frac{3}{8}\)"h x 13\(\frac{3}{8}\)"d

No pull options on glass doors.

Glass doors project below shelf for opening.

Dimensions noted nominal

Without center gable

Order Code
Example: ROMCGDHP301( )

R     Ref Profiles
O     Overhead
M     Wall mount
CG    Center Gable
DH    Double Gable
P     Planning
30    Width
1     Depth (letter)
006B  Case finish

Specification Information
To order please specify:
1. Case finish: Wood or Laminate

Application Notes
It is Not advisable to mix 28³/₈"h desk height products with 26 ½" standard height products.

Product on this page excluding J-pull option, will accept wood grain laminate, where laminate is currently an option. For any vertical surface greater than 60" wide, the grain direction is horizontal.

These products are Glue and Dowel Construction.

Knoll does not assume any responsibility for the installation, attachment or the securing of wall hung units to the wall.

A certified building contractor should be consulted.

Please refer to wall mounting information on page 661.

Letter depth is 15" nominal.

No glass shelves

Fascias ordered separately

Tasklights not included

Tack/Task panel order separately

Overhead backs are finished in Veneer/Laminate on inside and paper finished on the outside.

Interior clearance dimensions: Above opening: 26³/₈" x 13 ½"d Cubby: 3³/₈"h x 13 ½"d *(includes one adjustable shelf)

Order Code: ROMHDP301 (0000000000000000)

R: Reff Profiles
O: Overhead
M: Wall mount
H: Hinge door
DH: Double High
P: Planning
30: Width
1: Depth (letter)
006B: Case finish
006B: Front finish
H: Pull option
PU: Pull finish
L: Lock option
B: Lock finish

Dimensions noted nominal.

### Specification Information

To order please specify:
1. **Case finish:**
   - Wood or Laminate
2. **Front finish:**
   - Wood or Laminate
3. **Pull option:**
   - B = Blank, no drilling
   - C = C-pull
   - D = Metal D-pull (PZ or PT only)
   - F = Bar (1 pull per door set)
   - H = Outline
   - R = Cylinder
   - S = S-pull (stainless steel finish only)
   - T = Tab (1 pull per door set)
4. **Pull finish:**
   - Painted or Plated
5. **Lock option:**
   - N = No drilling, L = Locking
6. **Lock finish:**
   - B = Black
   - S = Matte silver

### Application Notes

It is Not advisable to mix 28 3/8"h desk height products with 26 3/8" standard height products.

Product on this page Excluding J-pull option, will accept wood grain laminate, where laminate is currently an option. For any vertical surface greater than 60" wide, the grain direction is horizontal.

These products are Glue and Dowel Construction.

Knoll does not assume any responsibility for the installation, attachment or the securing of wall hung units to the wall.

A certified building contractor should be consulted.

Please refer to wall mounting information on page 661.

Letter depth is 15" nominal.

Fascias ordered separately

Tasklights not included

Tack/Task panel order separately

Overhead backs are finished in Veneer/Laminate on inside and paper finished on the outside.

Interior clearance dimensions:
Above opening: 26 3/8"h x 13 1/2"d
Cubby: 34 3/8"h x 13 1/2"d
*(includes one adjustable shelf)

The single door in a 3-door unit, such as 1/4"w and 43/8"w units, is hinged on the left hand side.

Doors project below shelf for opening.
### Wall-hung overhead cabinet, Double high, Wood door/Open cubby concealed

### Order Code

**Example:** ROM-HOC9H81(XXXXXXX)

- **R:** Ref Profiles
- **O:** Overhead
- **M:** Wall mount
- **HOC:** Hinge door / open / cubby
- **DH:** Double High
- **P:** Planning
- **60:** Width
- **1:** Depth (letter)
- **006B:** Case finish
- **006B:** Front finish
- **T:** Pull option
- **111:** Pull finish
- **L:** Lock option
- **B:** Lock finish

**Application Notes**

- **It is Not advisable to mix 28³⁄₈”h desk height products with 26³⁄₄” standard height products.**

  - Product on this page **Excluding J-pull option,** will accept wood grain laminate, where laminate is currently an option. For any vertical surface greater than 60” wide, the grain direction is horizontal.

  - These products are Glue and Dowel Construction.

  - Knoll does not assume any responsibility for the installation, attachment or the securing of wall hung units to the wall. A certified building contractor should be consulted. Please refer to wall mounting information on page 661.

  - Letter depth is 15” nominal.

  - Fascias ordered separately

  - Tasklights not included

  - Tack/Task panel order separately

  - Overhead hucks are finished in Veneer/Laminate on inside and paper finished on the outside.

  - Interior clearance dimensions:

    - Above opening: 26³⁄₈”h x 13³⁄₄”d
    - Cubby: 3¹⁄₂”h x 13³⁄₄”d

    *(includes one adjustable shelf)*

  - Doors project below shelf for opening.

**Dimensions noted nominal**
**Overhead, 28\(\frac{3}{8}\)" planning**

**Double high**

**Wall hung with glass doors, open**

### Specification Information

**To order please specify:**

1. **Case finish:**
   - Wood or Laminate
2. **Front finish:**
   - Wood or Laminate
3. **Pull option:**
   - B = Blank, no drilling,
   - C = nickel finish C-pull (nickel finish only)
   - D = metal D-pull (finish optional)
   - F = Bar (1 pull per door set)
   - H = Outline
   - R = Cylinder
   - S = S-pull (stainless steel finish only)
   - T = Tab (1 pull per door set)
4. **Pull finish:**
   - Painted or Plated
5. **Lock option:**
   - N = no lock,
   - L = locking (wood or laminate doors only)
6. **Lock finish:**
   - B = Black,
   - S = Matte silver

### Application Notes

**It is Not advisable to mix 28 3/8"h desk height products with 26 3/4" standard height products.**

Product on this page **Excluding J-pull option, will accept wood grain laminate, where laminate is currently an option.** For any vertical surface greater than 60° wide, the grain direction is horizontal.

These products are Glue and Dowel Construction.

**Letter depth is 15" nominal.**

- Fascias ordered separately
- Tasklights not included
- Tack/Task panel order separately

Overhead backs are finished in Veneer/Laminate on inside and paper finished on the outside.

**Interior clearance dimensions:**

Above opening: 26 3/8"h x 13 1/2"d

Cubby: 3 1/2" w and 48" h x 1 3/2" d

*Includes one adjustable shelf*

The single door in a 3 door unit, such as 42" w and 48" h units, is hinged on the left hand side.

Doors project below shelf for opening.

Installation instruction sheets available on Knoll Exchange.

For Cabinet hung overheads, refer to reference number 6TP00080.

Order Code
Example: ROCGHCDBP301( )()()

R = Reff Profiles
O = Cabinet Hung
GHC = Glass hinge door / cubby
DH = Double High
P = Planning
30 = Width
1 = Depth (letter)
006B = Caese finish
AU = Door frame finish
GL11 = Door glass finish
L = Lock option
B = Lock finish

Specification Information
To order please specify:
1. Case Finish:
   Laminate, V1, V2, V3
2. Door frame finish:
   Anodized or Painted
3. Door Glass finish:
   GL11, GL14, GL15, GL17, GL18
4. Lock option:
   L = Lock
   N = No lock
5. Lock finish:
   B = Black
   S = Matte Silver

Application Notes
It is Not advisable to mix 28¾'h desk height products with 26½" standard height products.

Product on this page Excluding J-pull option, will accept wood grain laminate, where laminate is currently an option. For any vertical surface greater than 60° wide, the grain direction is horizontal.

These products are Glue and Dowel Construction.

Letter depth is 15" nominal.
No glass shelves
Fascias ordered separately
Tasklights not included
Tack/Task panel order separately
Overhead backs are finished in Veneer/Laminate on inside and paper finished on the outside.

Interior clearance dimensions:
Above opening: 26½'h x 13½'d
Below: 3½'h x 13½'d
*(includes one adjustable shelf)

No pull option for glass doors.
The single door in a 3 door unit, such as 42"w and 48"w units, is hinged on the left hand side.

Doors project below shelf for opening.
Installation instruction sheets available on Knoll Exchange.

For Cabinet hung overheads, refer to reference number 6TP00080.
Overhead, 28 3/8" planning

Double high
Cabinet hung with and without center gable

It is advisable to mix 28\3/8\”h desk height products with 26\3/8\” standard height products.

Product on this page Excluding J-pull option, will accept wood grain laminate, where laminate is currently an option. For any vertical surface greater than 60° wide, the grain direction is horizontal.

These products are Glue and Dowel Construction.

Letter depth is 15° nominal.

Fascias ordered separately

Tasklights not included

Tack/Task panel order separately

Overhead backs are finished in Veneer/Laminate on inside and paper finished on the outside.

Interior clearance dimensions:

Above opening: 26\3/8\”h x 13\3/8\”d

Cubby: 3\3/8\”h x 13\3/8\”d

*(includes one adjustable shelf)

Doors project below shelf for opening.

Installation instruction sheets available on Knoll Exchange.

For Cabinet hung overheads, refer to reference number 6TP00080.

- **006B**: Case finish
- **AU**: Door frame finish
- **GL11**: Glass door finish
- **L**: Lock option
- **B**: Lock finish

---

### Specification Information

To order please specify:

1. **Case finish:** Laminate or Wood
2. **Door Frame finish:** Anodized or Painted
3. **Door Glass finish:** GL11, GL14, GL15, GL17, GL18
4. **Lock option:** L = Lock  
   N = No lock
5. **Lock finish:** B = Black  
   S = Matte Silver

---

### Application Notes

- **It is Not advisable to mix 28 3/8"h desk height products with 26 1/2" standard height products.**
- Product on this page **Excluding J-pull option.** will accept wood grain laminate, where laminate is currently an option. For any vertical surface greater than 60" wide, the grain direction is horizontal.
- These products are Glue and Dowel Construction
- The shoulders are designed to create a 4-5" step between top of overhead and top of shoulder.
- Shoulder attaches to worksurface and is drilled to work with 1 1/2" worksurfaces.
- Use ROSSH681 for single high profile.
- Use ROSSH821 for double high profile.
- Letter depth is 15" nominal.
- Fascias ordered separately
- Tasklights not included
- Tack/Task panel order separately
- Overhead backs are finished in Veneer/Laminate on inside and paper finished on the outside.
- Interior clearance dimensions:
  - Above opening: 26 3/4"h x 13 1/2"d  
    Cubby: 3 1/2"h x 13 1/2"d  
    *includes one adjustable shelf
  - Doors project below shelf for opening.
- Installation instruction sheets available on Knoll Exchange.
- For Cabinet hung overheads, refer to reference number 6TP00080.
Surrounds for Open or Hinge Door Cases

Back View

Note: Finished outside back optional
Note: Specify Top Finish, then Cabinet Finish

Note: If case is woodgrain/plain laminate, shelves will be laminate to match.
If case is laminate, front can be wood or laminate.
If case is wood, door is only available in wood.

**Order Code Example:** ROHHSHC601DH

### Specification Information

To order please specify pattern number including:

1. **Case finish:**
   - Wood or Laminate
2. **Front finish:**
   - Wood or Laminate
3. **Pull option:**
   - B = Blank, no drilling
   - D = D-Pull (PT or PZ only)
   - F = Bar pull
   - H = Outline pull
   - R = Cylinder pull
   - S = S-pull (Stainless steel finish only)
   - T = Tab pull
4. **Pull finish:**
   - Painted or plated, unless otherwise indicated.
5. **Lock option:**
   - L = Drill for lock
   - N = No lock drilling
6. **Lock finish:**
   - B = Black
   - S = Silver

**Application Notes:**

It is Not advisable to mix 28\text{3/8”} desk height products with 26\text{1/2”} standard height products.

Products on this page will accept wood grain laminate, where laminate is currently an option.

These products are glue and dowel construction.

Installation instructions available on Knoll Exchange.

For Hutches, refer to reference number 6TP00321.

Note: Above Cases MUST be accompanied with Surrounds, Hinge.

For Single high surrounds, refer to page 461.

Letter depth is 15” nominal.

Facias and task lights ordered separately.

The case backs are finished in veneer / laminate on the inside and paper finished on the outside.

Interior clearance dimension; Cubby: 3\text{1/2”} x 13\text{1/8”}d

Single high opening: 13\text{1/8”} x 13\text{1/8”}d

Doors project below shelf for opening.

<td>Lock Finish</td>
</tr>
</tbody>
</table>

### Specification Information

To order please specify pattern number including:

1. Case finish:
   - Wood or Laminate
2. Door finish:
   - Wood or Laminate
3. Pull option:
   - B = Blank, no drilling
either own pull
   - C = C-Pull (Nickel finish only)
   - D = D-Pull (PT or PZ only)
   - F = Bar pull
   - H = Outline pull
   - R = Cylinder pull
   - S = S-pull, (Stainless steel finish only)
   - T = Tab pull
4. Pull finish:
   - Painted or plated, unless otherwise indicated.
5. Lock option:
   - L = Drill for lock
   - N = No lock drilling
6. Lock finish:
   - B = Black
   - S = Silver

### Application Notes

- It is Not advisable to mix 283/8”h desk height products with 26 1/2” standard height products.
- Products on this page will accept wood grain laminate, where laminate is currently an option.
- These products are glue and dowel construction.
- Installation instructions available on Knoll Exchange.
- For Hutches, refer to reference number 6TP00321.

Note: Above Cases MUST be accompanied with Surrounds, Hinge.

For Double high surrounds, refer to page 462.

- Letter depth is 15” nominal.
- Facias and task lights ordered separately.
- The case backs are finished in veneer / laminate on the inside and paper finished on the outside.
- Interior clearance dimension; Cubby: 3 1/2”h x 13 1/2”d
- Double high opening: 26 1/2”h x 13 1/2”d (includes one adjustable shelf)
- Doors project below shelf for opening.

Application Notes

It is Not advisable to mix 28 3/8”h desk height products with 26 3/8” standard height products.

Products on this page will accept wood grain laminate, where laminate is currently an option.

These products are glue and doweled construction.

Installation instructions available on Knoll Exchange.

For Hutches, refer to reference number GTP00321.

Note: Above Cases MUST be accompanied with Surrounds, Hinge.

For Double high surrounds, refer to page 462.

Letter depth is 15” nominal.

Facias and task lights ordered separately.

The case backs are finished in veneer / laminate on the inside and paper finished on the outside.

Interior clearance dimension; Cubby: 3/8”h x 13 1/2”d Double high opening: 26 3/8”h x 13 1/2”d (includes one adjustable shelf)

Doors project below shelf for opening.
For wood doors:
If case is laminate, front can be wood or laminate.
If case is wood, door is only available in wood.

Note: Specify Case Finish, then Door Finish.
Note: Back view not shown. Progressive overhead backs are finished in Veneer / Laminate on the inside, and are paper finished on the outside back.

Cabinet Hung Shelves

Glass Sliding Door, Closed Ends, 90" & 108" wide
2 Glass Sliding Doors, 90" & 108" wide

Glass Sliding Door, Left Hand, 60" wide
Glass Sliding Door, Right Hand, 60" wide
Glass Sliding Door, Left Hand, 72" wide
Glass Sliding Door, Right Hand, 72" wide

Sliding Door, Closed Ends, 90" & 108" wide
2 Sliding Doors, 90" & 108" wide

Sliding Door, Left Hand, 60" wide
Sliding Door, Right Hand, 60" wide
Sliding Door, Left Hand, 72" wide
Sliding Door, Right Hand, 72" wide

Open Shelf, Closed Ends, 60" wide
Open Shelf, Closed Ends, 72" wide
Open Shelf, Closed Ends, 90" & 108" wide
Note: Specify Case Finish, then Door Finish.

Note: Back view not shown. Progressive overhead backs are finished in Veneer / Laminate on the inside, and are paper finished on the outside back.

Wall Hung Shelves

Glass Sliding Door, Open Ends, 90° & 108" wide

Glass Sliding Door, Gable Right, 60" wide

Glass Sliding Door, Gable Left, 60" wide

Glass Sliding Door, Gable Right, 72" wide

Glass Sliding Door, Gable Left, 72" wide

Glass Sliding Door, Closed Ends, 90° & 108" wide

2 Glass Sliding Doors, Closed Ends, 90° & 108" wide

Glass Sliding Door, Right Hand, 60" wide

Glass Sliding Door, Left Hand, 60" wide

Glass Sliding Door, Right Hand, 72" wide

Glass Sliding Door, Left Hand, 72" wide
For wood doors:
If case is laminate, front can be wood or laminate.
If case is wood, door is only available in wood.

Note: Specify Case Finish, then Door Finish.
Note: Back view not shown. Progressive overhead backs are finished in Veneer / Laminate on the inside, and are paper finished on the outside back.

Cabinet Hung Shelves

Sliding Door, Open Ends, 90 & 108" wide

Sliding Door, Gable Right, 60" wide  Sliding Door, Gable Left, 60" wide  Sliding Door, Gable Right, 72" wide  Sliding Door, Gable Left, 72" wide

Sliding Door, Closed Ends, 90' & 108' wide

Sliding Door Right, Closed Ends, 60" wide  Sliding Door Left, Closed Ends, 60" wide  Sliding Door Right, Closed Ends, 72" wide  Sliding Door Left, Closed Ends, 72" wide

2 Sliding Doors, Closed Ends, 90 & 108" wide
Note: Back view not shown. Progressive overhead backs are finished in Veneer / Laminate on the inside, and are paper finished on the outside back.

**Wall Hung Open Shelves**

- Open Shelf, Left Gable, 60" wide
- Open Shelf, Right Gable, 60" wide
- Open Shelf, Left Gable, 72" wide
- Open Shelf, Right Gable, 72" wide
- Open Shelf, Closed Ends, Left & Right Gable, 60" wide
- Open Shelf, Closed Ends, Left & Right Gable, 72" wide
- Open Shelf, Closed Ends, Left & Right Gable, 90 & 108" wide
- Open Shelf, No Gable, 90 & 108" wide

**Wall Hung L-Shelf**

- L-Shelf, 60" wide, horizontal grain option
- L-Shelf, 60" wide, vertical grain option
- L-Shelf, 72", 90", & 108" wide

#### Order Code

**Example:** RROCGSD90GB( )()() (006B)

- **RR:** Ref Profiles
- **O:** Overhead
- **C:** Cabinet Hung
- **GSD:** Glass Sliding Door
- **90:** 90° wide
- **GB:** Gable Both
- **006B:** Case finish
- **AU:** Door frame finish
- **GL11:** Glass finish
- **G:** Pull option
- **T11:** Pull finish
- **L:** Lock option
- **S:** Lock finish

#### Specification Information

To order please specify:

1. **Case finish =** Wood or Laminate
2. **Door frame finish =** Anodized / painted
3. **Door Glass finish =**
   - GL11 = Black
   - GL14 = Folkstone Grey
   - GL15 = Med. Grey
   - GL17 = Soft Grey
   - GL18 = White
4. **Pull option =**
   - G = Grommet pull
   - B = No pull, No drilling
5. **Pull finish =**
   - Painted/plated
6. **Lock option:**
   - L = Lock
   - N = No lock
7. **Lock finish:**
   - B = Black
   - S = Matte silver

#### Application Notes

- **It is Not advisable to mix 28 3/8" h desk height products with 26 1/2" standard height products.**
  - Product on this page will accept wood grain laminate, where laminate is currently an option.
  - For vertical surfaces greater than 60°, the grain direction is horizontal.
  - These products are glue and dowel construction.
  - Keying instructions must accompany all orders, refer to page 685. These products do not come with lock included. Random locks are factory installed. Key-alike are field installed using the KnollKey order form. Each locking pedestal on this page counts for one lock core.

- **For progressive overheads, LED light is recommended without fascia.**
  - Overhead backs are finished in Veneer/Laminate on inside and paper finished on the outside.
  - Actual dimensions: 14 3/8"h x 14 3/8"d
  - Interior clearance dimension: 12 3/4" high x 12" deep
  - Installation instruction sheets available on Knoll Exchange.

- **For Cabinet hung overheads, refer to reference number 6TP00080.**
  - For overhead with sliding doors, reference to part number 6TP00088.

### Specification Information

To order please specify:

1. Case finish: L, V1, V2, V3
2. Door finish: L, V1, V2, V3
3. Pull option: G = Grommet pull, B = No pull, No drilling
4. Pull finish: Painted and Plated
5. Lock option: L = Lock, N = No lock
6. Lock finish: B = Black, S = Matte silver

Keying instructions must accompany all orders, refer to page 685. These products do not come with lock included. Random locks are factory installed. Key alike are field installed using the KnollKey order form. Each locking pedestal on this page counts for one lock core.

### Application Notes

It is Not advisable to mix 28\(\frac{3}{8}\)" desk height products with 26\(\frac{1}{2}\)" standard height products.

Product on this page will accept wood grain laminate, where laminate is currently an option.

For vertical surfaces greater than 60", the grain direction is horizontal.

These products are Glue and Dowel Construction.

Knoll does not assume any responsibility for the installation, attachment or the securing of wall hung units to the wall. A certified building contractor should be consulted. Please refer to wall mounting information on page 661.

For progressive overheads, LED light is recommended without fascia.

Overhead backs are finished in Veneer/Laminate on inside and paper finished on the outside.

Above sizes are nominal. Actual dimensions: 14\(\frac{3}{4}\)"h x 14\(\frac{3}{8}\)"d

Interior clearance dimension: 12\(\frac{3}{4}\)" high x 12" deep

Installation instruction sheets available on Knoll Exchange.

For overheads with sliding doors, refer to reference number 6TP00088.

To order please specify pattern number including:

1. **Wood grain direction:**  
   - H=Horizontal grain direction  
   - V=Vertical grain direction  
   (Option for 60” w shelves in wood grain laminate, only)

2. **Finish:**  
   - Laminate or wood

### Application Notes

**It is Not advisable to mix 28 3/8”h desk height products with 26 1/2” standard height products.**

Product on this page will accept wood grain laminate, where laminate is currently an option.

The 60” wide L-Shelves in wood grain laminate, are available in both horizontal and vertical grain direction.

For vertical surfaces greater than 60”, the grain direction is horizontal.

Vertical grain direction runs perpendicular to the length and horizontal runs parallel to the length.

These products are Glue and Dowel Construction.

Knoll does not assume any responsibility for the installation, attachment or the securing of wall hung units to the wall.

A certified building contractor should be consulted.  
Please refer to wall mounting information on page 661.

For progressive overheads, LED light is recommended without fascia.

Overhead backs are finished in Veneer/Laminate on inside and paper finished on the outside.

Shipped knocked down.  
Hardware kit included.

Actual dimensions: 14 3/4”h x 14 1/4”d

Installation instruction sheets available on Knoll Exchange.

For wall hung L shelf, refer to reference number 6TP00083.
Note: Back view not shown for wall mounted and under mounted cubbies. They are paper finished on the outside back.

Wall Hung Credenzas

Reff Profiles Wall Hung Credenzas for 28-3/8” planning have a minimalist, streamlined aesthetic that blends seamlessly into Reff Profiles™ classic, established good looks.

Wall Hung Credenzas are available in two widths, two worksurface edge types, and four configurations incorporating hinged doors, flip-down doors, open shelving, and knee-space options. They provide a “floating” wall-mounted storage/worksurface solution that may be used as a central component of a completely wall hung office solution.

Dimensions

Wall Hung Credenzas are 15-1/2” in height, from the underside of the credenza to the top of the worksurface.

Wall Hung Credenzas are nominally 20” deep, with an actual depth of 19-7/16”.

There is a false back in the middle section of the credenzas for wire management, allowing the knee-space area of the credenzas to be 13-1/2” deep. The opening behind the false back of the credenza is 4-1/2”D. It is 30”W for 90” wide credenzas, 36”W for 96”W credenzas.

Two credenza widths are available: 90” and 96” wide. Hinged door and flip door storage sections are 30” wide. Open shelving sections and knee-spaces on 90” wide units are also 30” wide. On 96” wide credenzas, open shelving sections and knee-space portions of the credenza are 36” wide.

Contraction

Wall Hung Credenza cases are pre-assembled with glue and dowel construction. The credenza worksurface ships separately for installation on site.

Construction is 45-pound density particleboard covered in laminate or veneer. Cases are 3/4” thick.

Open shelving sections of the credenza include a vertical divider and two fixed height shelves, dividing the space into 4 cubbies. The divider and shelves are constructed of wood, finished in laminate or veneer to match the case. Shelves are 3/4” thick. The clearance above the shelf is 5-1/4”, the clearance below the shelf is 5-1/2”. Shelves are 11-1/2” deep.

Wall Hung Credenzas include a back that is finished on the inside to match the credenza case and is finished on the outside back with neutral-tone backer.

Wall Hung Credenzas are fully finished on the underside to match the case.

Wall Hung Credenzas come with wall hanging cleats for attachment to reinforced building walls. Cleat mounting screws, appropriate for the architectural wall type, must be provided by the installer.

Knoll does not assume any responsibility for the installation, attachment, or securing of wall hung units to the wall. A certified building contractor should be consulted.

Float Edge Top, 1-½" Thick
Hinged Doors/ Open/ Flip Door
90" & 96"W, 20D (left hand shown)

Square Edge Top, 1-½" Thick
Hinged Doors/ Shelves/ Hinged Doors
90" & 96"W, 20D

Float Edge Top, 1-½" Thick
Hinged Doors/ Shelves/ Flip Door
90" & 96"W, 20D (left hand shown)
Exterior Options
The credenza worksurface top options available are:

- Type D: 1-½" thick with Square Edge
- Type F: 1-½" thick with Float Edge

Refer to the Worksurfaces – Planning Guidelines and Specifications section for further information regarding worksurface construction details.

Credenza tops and cases are finished in either veneer or laminate. If the case is specified in laminate, the top can be the same or a different laminate, or the top can be wood veneer. If the case is specified in wood veneer, the top must be the same wood veneer as the case.

Only the highest-grade veneer offered by the industry: Architectural AA, is used for Reff Profiles. The veneer for each front set is hand selected and laid up to be center balanced and matched.

Door pulls can be specified in B (no pull – use customer’s own), C, D, F (bar), H (outline), J (routed), R (cylinder), S (stainless steel finish), and T (tab). Wood integral “J” pulls are full-width and routed out of the door front. Bar pull and tab pull options include one pull per door set. Refer to pages 11 & 12 for pull locations and details.

A worksurface grommet, centered on the width of the credenza, is optional. This grommet allows cables to pass through the worksurface top into the false back of the credenza, where they may be plugged into the wall. Grommets may be specified in any core paint finishes, or in a polished chrome (PD) or satin nickel (PU) plated finish.

Locks
Keyholes are optional on Wall Hung Credenzas. Keyholes are located on the credenza front: at the top right corner of the door for flip doors; at the top left corner of the right door for side hinged door sets.

Locks are specified separately and can be randomly keyed or keyed alike. Locks are no charge and are available in a black or a matte silver finish.

Keying instructions must accompany all orders. Refer to KnollKey Lock Program page for information. Credenzas do not come with locks included. Randomly keyed locks are factory installed. Keyed-alike locks are field-installed using the KnollKey order form. Each locking flip door or hinged door set counts for one lock core.

Planning
Wall Hung Credenzas are intended for use with 28-⅝" planning. They should be mounted to the wall so the underside of the worksurface sits 28-⅝" above the floor. The overall height with the 1-½" thick worksurface will be 29-⅛".

Wall outlets should be planned so they are positioned behind the false back in the knee space of the credenza: between 15-⅝" to 21-⅝" above the floor.

Order Code

Example: RWHCDA9020

R = Reff Profiles
WHC = Wall Hung Credenza
D = Square edge top, 1 1/2” thick
A = Hinged door / knee space / hinged door config.
90 = Width
20 = Depth
C = Grommet option
PD = Grommet finish
006B = Top finish
006B = Edge finish
006B = Case finish
T = Pull option
111 = Pull finish
L = Lock option
B = Lock finish

Specification Information

To order please specify pattern number including:
Left or right hand as applicable and embedded in the pattern number.

1. Grommet option:
   C = Centered
   N = None

2. Grommet finish if applicable:
   All core paint; PD & PU plated

3. Top finish:
   L, V1, V2, V3

4. Edge finish:

5. Case finish:
   L, V1, V2, V3

6. Pull option:
   B = No pull, No drilling
   C = Nickel finish C-pull
   F = Bar pull (1 pull per door set)
   H = Outline pull
   J = Routed J-pull (finish matches case)
   R = Cylinder pull
   S = S-pull (stainless steel finish only)
   T = Tab pull (1 pull per door set)

7. Pull finish if applicable:
   Painted or Plated

8. Lock option
   L = Lock hole drilled
   N = No lock drilling

9. Lock finish
   B = Black
   S = Matte Silver

Application Notes

Unit ships knock-down, assembly required.

Knee space depth is 13.5”.

Grommet centered if specified, installed so cords drop behind false back in knee space.

Wall outlet should be positioned in knee space between 14 1/2” to 21 1/2” above floor.

Knoll does not assume any responsibility for the installation, attachment or securing of wall hung units to the wall. Certified building contractor should be consulted.

**Application Notes**

It is Not advisable to mix 28 3/8" h desk height products with 26 1/2" standard height products.

Product on this page Excluding J-Pull option and any vertical surface over 60" wide, will accept wood grain laminate, where laminate is currently an option.

**Keying instructions must accompany all orders, refer to page 325. Pedestals do not come with lock included.** Key-alike are field installed using the Knoll Key order form. Each locking pedestal on this page counts for one lock core.

File drawers do Not support bottom loading.

File drawers include bars for front to back and side to side filing.

These products are key hole construction.

The hinged door pedestals do not come with shelves. Order shelf kits for these pedestals, refer to page 614.

Upper top is 1 1/2" thick, with standard grommet locations.

Lower top (3/4 height pedestal's top) is 1" thick, and comes in the same finish as the pedestal.

The preconfigured credenzas come with two 6" wide pedestal fillers, in the same finish as the cabinets. Applied back ordered separately for finished back.

Note: Full pedestal back will restrict ventilation.

Pencil trays are not included.

For further details on individual pedestals, refer to Application Notes; for Hinge door pedestals, see page 290.

For BF, see page 273.

For Waste recycle pedestals, see page 290.

For replacement waste recycle bins, see page 614.

To order please specify pattern number including:

1. Top finish: L, V1, V2, V3
2. Edge finish: L, V1, V2, V3
3. Cabinet Finish: L, V1, V2, V3
4. Interior Option: W = Wood interior
5. Grommet Option: G = Grommet
6. Grommet Finish: Painted or Plated
7. Pull option:
   - B = No pull, No drilling
   - C = C-Pull (Nickel finish only)
   - D = D-Pull (Painted, PT or PZ only)
   - F = Bar (1 pull/Door set)
   - H = Outline (1 pull/Door set)
   - J = Routed J-pull
   - R = Cylinder (1 pull/Door set)
   - S = S-pull (Stainless steel only)
   - T = Tab (1 pull/Door set)
8. Pull finish: Painted or plated
9. Lock Option Doors:
   - L = Lock hole drilled
   - N = No lock drilling
10. Lock finish:
    - B = Black
    - S = Matte silver

**Note:** Full pedestal back will restrict ventilation.

Pencil trays are not included.

For further details on individual pedestals, refer to Application Notes; for Hinge door pedestals, see page 290.

For BF with single front, see page 275.

For Waste recycle pedestals see page 290, or replacement waste recycle bins, see Accessories, page 614.

### Order Code

**Example:** RCDHHAH11 \(X\) \(X\) \(X\) \(X\) \(X\) \(X\) \(X\)

- **R:** Ref. Profiles
- **C:** Credenza
- **DH:** Desk height
- **H:** LH position; Hinged door pedestal, 283/8\" h
- **W:** Waste Recycle pedestal 283/8\" h
- **C:** BBB pedestal, 223/8\" h
- **H:** RH position; Hinged door pedestal, 283/8\" h
- **W:** Waste Recycle pedestal 283/8\" h
- **1:** 78\" wide, 2 = 84\" wide
- **1:** 20\" deep, 2 = 24\" deep
- **G:** Grommet option
- **111:** Grommet finish
- **006B Top finish**
- **006B:** Edge finish (for laminate tops)
- **006B:** Cabinet Finish
- **M:** Metal Interior option
- **T:** Pull option
- **111:** Pull finish
- **L:** Lock option
- **B:** Lock finish

### Specification Information

**To order please specify pattern number including:**

1. Top Finish: L, V1, V2, V3
2. Edge Finish: L, V1, V2, V3
3. Cabinet Finish: L, V1, V2, V3
4. Interior Option: M = Metal Interior
5. Grommet Finish: Painted or Plated
6. Pull option: B = No pull, No drilling customer’s own pull
7. Grommet Finish: Painted or Plated
8. Pull option: B = No pull, No drilling customer’s own pull
9. Lock Option Doors: L = Lock hole drilled
10. Lock Finish: B = Black
11. Lock Finish: S = Matte silver

### Application Notes

**It is Not advisable to mix 28\" h desk height products with 26\" h standard height products.**

Product on this page excluding J Pull and any vertical surface over 60\" wide, will accept wood grain laminate, where laminate is currently an option.

**Keying instructions must accompany all orders, refer to page 325. Pedestals do not come with lock included.** Key-alike are field installed using the Knoll Key order form. Each locking pedestal on this page counts for one lock core.

File drawers do not support bottom loading.

File drawers include bars for front to back and side to side filing.

These products are key hole construction.

The hinged door pedestals do not come with shelves. To order shelf kits for these pedestals, refer to page 614.

**Upper top is 1 1/2\" thick, with standard grommet locations. Lower top (3/4 height pedestal’s top) is 1\" thick, and comes in the same finish as the pedestal.**

The preconfigured credenzas come with two 6\" wide pedestal fillers, in the same finish as the cabinets. Applied back ordered separately for finished back.

Note: Full pedestal back will restrict ventilation.

Pencil trays are not included.

For further details on individual pedestals, refer to Application Notes; for Hinge door pedestals, see page 290 for BBB, see page 273.

For Waste recycle pedestals, see page 290, for replacement waste recycle bins, see page 614.

505
### Specification Information

To order please specify pattern number including:

1. Top Finish: L, V1, V2, V3

10. Lock finish:
    - B = Black
    - S = Matte silver

Application Notes

It is Not advisable to mix 28-3/8" h desk height products with 26-3/8" standard height products.

Product on this page excluding J pull and any vertical surface over 60" wide, will accept wood grain laminate, where laminate is currently an option.

Keying instructions must accompany all orders, refer to page 325. Pedestals do not come with lock included. Key-alike are field installed using the Knoll Key order form. Each locking pedestal on this page counts for one lock core.

File drawers do Not support bottom loading.

These products are key hole construction.

Pencil trays are not included.

For further details on individual pedestals, refer to Application Notes; for Hinge door pedestal 34-3/8" h, see page 292 for Open pedestals; 28-3/8" h, see page 281. for Waste recycle pedestals; 34-3/8" h, see page 292, for replacement waste recycle bins, see page 614.

### Specification Information

To order please specify pattern number including:

1. Top Finish: L, V1, V2, V3
2. Edge finish: L, V1, V2, V3 (Edge options are available on laminate tops only.)
3. Cabinet Finish: L, V1, V2, V3
4. Interior Option: W = Wood Interior
5. Grommet Option: N = No grommet
6. Grommet Finish: Painted or Plated
7. Pull option:
   - B = No pull, No drilling customer's own pull
   - C = C-Pull (Nickel finish only)
   - D = D-Pull (Painted, PT or PZ only)
   - F = Bar (1 pull / Door set)
   - H = Outline (1 pull / Door set)
   - J = Routed J-pull
   - R = Cylinder (1 pull / Door set)
   - S = S-pull (Stainless steel only)
   - T = Tab (1 pull / Door set)
8. Pull finish: Painted or plated
9. Lock Option Doors:
   - L = Lock hole drilled
   - N = No lock drilling
   - Pedestals with drawers always lock drilled
10. Lock finish:
    - B = Black
    - S = Matte silver

### Application Notes

**It is Not advisable to mix 28 3/8" h desk height products with 26 3/8" standard height products.**

Product on this page excluding J pull and any vertical surface over 60" wide, will accept wood grain laminate, where laminate is currently an option.

**Keying instructions must accompany all orders, refer to page 325. Pedestals do not come with lock included.** Key-alike are field installed using the Knoll Key order form. Each locking pedestal on this page counts for one lock core. File drawers do not support bottom loading.

File drawers include bars for front to back and side to side filing.

These products are key hole construction.

The hinged door pedestals do not come with shelves. To order shelf kits for these pedestals, refer to page 614.

Upper top is 1 1/2" thick, with standard grommet locations.

Lower top (3/4 height pedestal’s top) is 1" thick, and comes in the same finish as the pedestal.

The overall height of the service height credenzas is 35 3/8" h. The 34 3/8" h is the height to the underside of the worksurface.

The preconfigured credenzas come with two 6" wide pedestal fillers, in the same finish as the cabinets. Applied back ordered separately for finished back. Note: Full pedestal back will restrict ventilation.

Pencil trays are not included.

For further details on individual pedestals, refer to Application Notes; for Hinge door pedestal 34 3/8" h, see page 292 for BBF; 28 3/8" h, see page 284, for Waste recycle pedestals; 34 3/8" h, see page 292, for replacement waste recycle bins, see page 614.

### Specifications

- To order please specify pattern number including:
  1. Top Finish: L, V, V2, V3
  2. Edge finish: L, V1, V2, V3
  3. Cabinet Finish: L, V, V2, V3
  4. Interior Option: M = Metal Interior
  5. Grommet Option: N = No grommet
  6. Grommet Finish: Painted or Plated
  7. Pull Option: B = No pull, No drilling customer’s own pull
  8. Pull finish: Painted or plated
  9. Lock Option Doors: L = Lock hole drilled
  10. Lock finish: B = Black, S = Matte silver

### Application Notes

- It is **NOT** advisable to mix 28-3/8" h desk height products with 26-1/2" standard height products.

- Product on this page excluding J pull and any vertical surface over 60" wide, will accept wood grain laminate, where laminate is currently an option.

- Keying instructions must accompany all orders, refer to page 325. Pedestals do not come with lock included. Key-alike are field installed using the Knoll Key order form. Each locking pedestal on this page counts for one lock core.

- File drawers do **NOT** support bottom loading.

- For further details on individual pedestals, refer to Application Notes; for Hinge door pedestal 34-3/8", see page 292 for FF; 28-3/8", see page 281. for Waste recycle pedestals; 34-3/8", see page 292.

- **Upper top** is 1-1/2" thick, with standard grommet locations. Lower top (3/4 height pedestals’ top) is 1" thick, and comes in the same finish as the pedestal.

- The overall height of the service height credenzas is 35-1/2". The 34-3/8" height is the height to the underside of the worksurface.

- The preconfigured credenzas come with two 6" wide pedestal fillers, in the same finish as the cabinets. Applied back ordered separately for finished back.

- Note: Full pedestal back will restrict ventilation.

- Pencil trays are not included.

**Application Notes**

- It is Not advisable to mix 28 3/8” h desk height products with 26 1/2” standard height products.
- Product on this page excluding J pull and any vertical surface over 60” wide, will accept wood grain laminate, where laminate is currently an option.
- Keying instructions must accompany all orders, refer to page 325. Pedestals do not come with lock included.
- These products are key hole construction.
- Upper top is 1 1/2” thick, with standard grommet locations.
- Lower top (3/4 height pedestal’s top) is 1” thick, and comes in the same finish as the pedestal.
- The overall height of the service height credenzas is 35 3/8” h. The 34 3/8” h height is the height to the underside of the worksurface.
- The preconfigured credenzas come with two 6” wide pedestal fillers, in the same finish as the cabinets.
- File drawers do not support bottom loading.
- File drawers include bars for front to back and side to side filing.
- These products are key hole construction.
- Upper top is 1 1/2” thick, with standard grommet locations.
- Lower top (3/4 height pedestal’s top) is 1” thick, and comes in the same finish as the pedestal.
- The overall height of the service height credenzas is 35 3/8” h. The 34 3/8” h height is the height to the underside of the worksurface.

### Order Code

Example: RCSHHCH11 ( ) W ( ) ( ) ( ) ( ) ( )

**R** Reff Profiles

**C** Credenza

**SH** Service height

**H** LH position; Hinged door, or W = Waste Recycle Cabinet

**C** Center position; BBBB Cabinet

**G** Grommet option

**11** Grommet finish

**006B** Top finish

**()** Edge finish

**006B** Cabinet Finish

**W** Wood Interior option

**T** Pull option

**111** Pull finish

**L** Lock option

**B** Lock finish

### Specification Information

To order please specify pattern number including:

1. Top Finish: L, V1, V2, V3
2. Edge finish: L, V1, V2, V3 (Edge options are available on laminate tops only.)
3. Cabinet Finish: L, V1, V2, V3
4. Interior Option: W = Wood Interior
5. Grommet Option: N = No grommet
6. Grommet Finish: Painted or Plated
7. Pull option: B = No pull, No drilling
customer’s own pull
C = C-Pull (Nickel finish only)
D = D-Pull (Painted, PT or PZ only)
F = Bar (1 pull / Door set)
H = Outline (1 pull / Door set)
J = Routed J-pull
R = Cylinder (1 pull / Door set)
S = S-pull (Stainless steel only)
T = Tab (1 pull / Door set)
8. Pull finish: Painted or Plated
9. Lock Option Doors:
L = Lock hole drilled
N = No lock drilling
Pedestals with drawers always lock drilled
10. Lock finish:
B = Black
S = Matte silver

### Application Notes

**It is Not advisable to mix 28 3/8” h desk height products with 26 3/8” standard height products.**

Product on this page excluding J pull and any vertical surface over 60” wide, will accept wood grain laminate, where laminate is currently an option.

**Keying instructions must accompany all orders, refer to page 325. Pedestals do not come with lock included.** Key alike are field installed using the Knoll Key order form. Each locking pedestal on this page counts for one lock core.

File drawers do not support bottom loading.

File drawers include bars for front to back and side to side filing.

These products are key hole construction.

The hinged door pedestals do not come with shelves. To order shelf kits for these pedestals, refer to page 614.

Upper top is 1 3/4” thick, with standard grommet locations. Lower top (3/4 height pedestal’s top) is 1” thick, and comes in the same finish as the pedestal.

The overall height of the service height credenzas is 35 3/8” h. The 34 3/8” h is the height to the underside of the worksurface.

The preconfigured credenzas come with two 6” wide pedestal fillers, in the same finish as the cabinets. Applied back ordered separately for finished back.

Note: Full pedestal back will restrict ventilation.

Pencil trays are not included.

For further details on individual pedestals, refer to Application Notes:
For Hinge door pedestal 34 3/8’’ h, see page 292
for BBB pedestals; 28 3/8” h, see page 285.
For Waste recycle pedestals; 34 3/8” h, see page 614.

For replacement waste recycle bins, see page 614.

- T: Pull option
- 111: Pull finish
- L: Lock option
- B: Lock finish

Specification Information

To order please specify pattern number including:
1. Top Finish: L, V1, V2, V3
2. Edge Finish: L, V1, V2, V3
3. Cabinet Finish: L, V1, V2, V3
4. Interior Option: M = Metal Interior
5. Grommet Option: N = No grommet
6. Grommet Finish: Painted or Plated
7. Pull Option: B = No pull, No drilling customer’s own pull
C = C-Pull (Nickel finish only)
D = D-Pull (Painted, PT or PZ only)
F = Bar (1 pull / Door set)
H = Outline (1 pull / Door set)
J = Routed J-pull
R = Cylinder (1 pull / Door set)
S = S-pull (Stainless steel only)
T = Tab (1 pull / Door set)
8. Pull Finish: Painted or plated
9. Lock Option Doors:
L = Lock hole drilled
N = No lock drilling
Pedestals with drawers always lock drilled
10. Lock Finish:
B = Black
S = Matte silver

Application Notes

It is Not advisable to mix 28 3/8"h desk height products with 26 3/8" standard height products.

Product on this page excluding J pull and any vertical surface over 60" wide, will accept wood grain laminate, where laminate is currently an option.

Keying instructions must accompany all orders, refer to page 325. Pedestals do not come with lock included. Key-alike are field installed using the Knoll Key order form. Each locking pedestal on this page counts for one lock core.

File drawers do Not support bottom loading.

File drawers include bars for front to back and side to side filing.

These products are key hole construction.

The hinged door pedestals do not come with shelves. To order shelf kits for these pedestals, refer to page 614.

Upper top is 1 1/2" thick, with standard grommet locations.

Lower top (3/4 height pedestal’s top) is 1" thick, and comes in the same finish as the pedestal.

The overall height of the service credenzas is 35 3/8"h. The 34 3/8"h height is the height to the underside of the worksurface.

The preconfigured credenzas come with two 6"wide pedestal fillers, in the same finish as the cabinets. Applied back ordered separately for finished back.

Note: Full pedestal back will restrict ventilation.

Pencil trays are not included.

For further details on individual pedestals, refer to Application Notes:
- for Hinge door pedestal 34 3/8"h, see page 292 for Open pedestals; 28 3/8"h, see page 287.
- for Waste recycle pedestals; 34 3/8"h, see page 292.
- for replacement waste recycle bins, see page 614.
Classic Credenza, 34 3/8" h
Preconfigured Service Height, Type E, Open Center
Metal interiors

To order please specify pattern number including:
1. Top Finish: L, V1, V2, V3
2. Edge Finish: L, V1, V2, V3
3. Cabinet Finish: L, V1, V2, V3
4. Interior Option: M = Metal Interior
5. Grommet Option: N = No grommet
   G = Grommet
6. Grommet Finish: Painted or Plated
7. Pull option: B = No pull, No drilling
customer's own pull
   C = C-Pull (Nickel finish only)
   D = D-Pull (Painted, PT or PZ only)
   F = Bar (1 pull / Door set)
   H = Outline (1 pull / Door set)
   J = Routed J-pull
   R = Cylinder (1 pull / Door set)
   S = S-pull (Stainless steel only)
   T = Tab (1 pull / Door set)
8. Pull finish: Painted or plated
9. Lock Option Doors:
   L = Lock hole drilled
   N = No lock drilling
   P = Pedestals with drawers always lock drilled
10. Lock finish:
    B = Black
    S = Matte silver

Specimen Information

It is Not advisable to mix 28 3/8" h
desk height products with 26 1/2" h
standard height products.

Product on this page excluding J
pull and any vertical surface over
60" wide, will accept wood grain
laminate, where laminate is
currently an option.

Keying instructions must
accompany all orders, refer to
page 325. Pedestals do not come
with lock included. Key-alike are
field installed using the Knoll Key
order form. Each locking pedestal
on this page counts for one lock
core.

File drawers do Not support bottom
loading.

These products are key hole
construction.

The hinged door pedestals do not
come with shelves. To order shelf
kits for these pedestals, refer to
page 614.

Lower top (3/4 height pedestal’s top)
is 1" thick, and comes in the same
finish as the pedestal.

The overall height of the service
height credenzas is 35 3/8" h. The
34 3/8" height is the height to the
underside of the worksurface.

The preconfigured credenzas come
with two 6" wide pedestal fillers, in
the same finish as the cabinets.
Applied back ordered separately for
finished back.

Note: Full pedestal back will
restrict ventilation.

Pencil trays are not included.

For further details on individual
pedestals, refer to Application
Notes; for Hinge door pedestal 34 3/8" h, see
page 292 for Open pedestals; 28 1/2" h, see
page 287.

for Waste recycle pedestals; 34 3/8" h,
see page 292.

for replacement waste recycle bins,
see page 614.

### Specification Information

To order please specify pattern number including:

1. Glass finish: GL35, GL18, or GL85
   - GL35 = Grey colored glass
   - GL18 = Back painted White
   - GL85 = Star Clear colored glass

### Application Notes

- Grommets and cut outs are not optional for the glass accent tops.
- Credenza glass tops on this page are supplied with anti skid bumpers.
Task Panels
The high performance Task Panel is designed to augment the utility of the zone immediately above the credenza in a Private Office setting, by offering tool rail capability and cable management features in addition to tackable and decorative inserts. All Task Panels have a cable curtain along the full length of the bottom edge which, when used in conjunction with notched back credenza tops, provides access to in-wall power sources and for cable concealment. See figure on following page for cable management details. The optional tool rail is designed to accept slatwall accessories and the Reff Profiles Task Panel Shelf. Slatwall accessories are available from KnollExtra. Insert panels may be conveniently removed, exposing a 1/8" wire clearance space which allows cable drops at any point along the entire width of the Task Panel. Check local electrical codes for suitability.

Task Panels are configured in eight heights (H1 – H8) to correspond to their application. See application diagrams on the following pages. H1 and H2 are designed for focused work applications whereas H3 through H8 are designed for collaborative or team work applications.

Construction
The Task Panel consists of a framework and optional tool rail, with decorative trims and a variety of functional and decorative inserts. See figures below for breakdown of components. Bottom right: The frame assembly consists of two vertical members, a bottom and top frame member and an optional tool rail. These are connected together and supported by mounting brackets. Edges have decorative trims; a top cover and two end covers.

Connected to the bottom frame member is a nylon brush which forms the cable curtain. Frames are clad with either one or two inserts depending upon the use of the tool rail. Bottom left (upper); single monolithic insert with spacers. Bottom left (lower); top segmented insert and bottom segmented insert and spacers.

Task Panels are shipped with frame and trim components, cable curtain and hardware in one container and inserts and spacers in a separate container.

The unit is field-assembled; fastened together using brackets and screws in pre-punched holes. See part #6TP00085 for assembly and installations instructions.
**Specification Options**

Task Panels are offered in widths from 30" to 96" in 6" increments; and in eight application heights, H1 to H8. Overall thickness of the Task Panel is 1 ½".

Task Panels are available in two basic configurations; monolithic (with a single insert) and segmented (with two inserts divided by the horizontal tool rail). See diagrams, previous page, for description.

The Task Panel cover trims and optional tool rail are offered in three anodized metallic finishes; Black (AA), Polished (AP) and Satin (AU) as well as all core paint colors. Refer to Reff Profiles finish options page for more information.

Task Panel inserts are available in a variety of finishes including fabric (tackable), Forbo™ (tackable linoleum), laminate, veneer, glass and marker board.

Note that segmented Task Panels with fabric lower inserts are available up to 72" wide.

**Planning Notes**

1. H1, H3, H5 and H7 Task Panels are intended for use with 1 ½" thick credenza tops. H2, H4, H6 and H8 Task Panels are intended for use with 1" credenza tops.
2. Fabric is applied to inserts railroad style only
3. Forbo™ is available on lower segmented inserts only
4. Grain direction for veneer inserts is vertical
5. Glass is not available for lower segmented inserts.
Notes

- Planning horizons are nominal. Dimensions are actual.
- Images displayed to the left of the Task Panel are examples only and do not represent the complete scope of products available.
- Task Panels available in monolithic and segmented; segmented shown.
- H1 Task Panel is intended for use with 1½" thick tops.
- H2 Task Panel is intended for use with 1" thick credenza tops.
Notes
• Planning horizons are nominal. Dimensions are actual.
• Images displayed to the left and right of the Task Panel are examples only and do not represent the complete scope of products available.
• Task Panels available in monolithic and segmented; segmented shown
• H3 Task Panel is intended for use with 1½" thick tops.
• H4 Task Panel is intended for use with 1" thick credenza tops.
Notes
- Planning horizons are nominal. Dimensions are actual.
- Images displayed to the left and right of the Task Panel are examples only and do not represent the complete scope of products available.

**Order Code**

Example: RTPNM30H2 (X)

**TP** Task Panel  
**N** No tool rail  
**M** Monolithic  
**W** Width  
**H2** 29 3/4" high  
**002B** Veneer selection

**Specification Information**

To order please specify pattern number including:
1. Trim Finish: Painted or Anodized  
2. Insert Finish: G, LW, L, V1, V2, V3

**Application Notes**

It is Not advisable to mix 28 1/8" desk height products with 26 3/4" standard height products.

Product on this page excluding any vertical surface over 60" wide, will accept woodgrain laminate where laminate is currently an option.

All Fabric to be applied railroaded as current tackboard.

*Installation instruction sheets available on Knoll Exchange.

For Task Panels refer to reference number 6TP00085.

H2 Height: Underside of any overhead to top 1" thick credenza top for 3/4 height cabinets or low credenza. See elevation drawings, page 279.

Always supplied including cable curtain.  
Always supplied including all trim pieces.  
All trims supplied with the same finish specification.  
LH & RH side full height trims. (no hi-lo trims)

### Specification Information

To order please specify pattern number including:

1. Trim Finish: Painted or Anodized
2. Insert Finish: Fabric

**Application Notes**

**It is Not advisable to mix 28 3/8"h desk height products with 26 3/8" standard height products.**

All Fabric to be applied railroaded as current tackboard.

*Installation instruction sheets available on Knoll Exchange.

For Task Panels refer to reference number GTP00085

**H3 Height:** Top of U-shelf or L-shelf overhead to top 1 1/2" thick desk height worksurface. Always supplied including cable curtain.

Always supplied including all trim pieces.

All trims supplied with the same finish specification. LH & RH side full height trims. ( no hi-lo trims )

**Note:**

- LH & RH side full height trims. ( no hi-lo trims )

**Order Code**

Example: **RTPNM30H5** (X)

- **R**: Reff Profiles
- **TP**: Task Panel
- **N**: No tool rail
- **M**: Monolithic
- **30**: Width
- **H5**: 42 5/8" high
- **111**: Trim finish
- **W281**: Fabric selection

**Specification Information**

To order please specify pattern number including:

1. Trim Finish: Painted or Anodized
2. Insert Finish: Fabric

**Application Notes**

It is Not advisable to mix 28 3/8" high desk height products with 26 1/2" standard height products.

All Fabric to be applied railroaded as current tackboard.

*Installation instruction sheets available on Knoll Exchange.

For Task Panels refer to reference number 6TP00085

**H5 Height:** Top of single high overhead to top of 1 1/2" thick desk height worksurface.

Always supplied including cable curtain.

Always supplied including all trim pieces.

All trims supplied with the same finish specification.

**LH & RH side full height trims. (no hi-lo trims)**

Y = Yardage required
## Task Panels

**H5 42\(\frac{5}{8}\)" high**

**Monolithic, Without Tool rail**

**Wood, Laminate, Marker board or Glass Inserts**

| 30 | Width |
| H5 | 42 5/8" high |
| W281 | Fabric selection |

**Specification Information**

To order please specify pattern number including:

1. Finish: Fabric

**Application Notes**

It is Not advisable to mix 28 3/8" h desk height products with 26 1/2" standard height products.

All Fabric to be applied railroaded as current tackboard.

Tackboards are 1" thick.

H5 Height = Top of Single high overhead to top of 1 1/2" thick desk height worksurface.

Always supplied including Velcro for attachment.

U-channel for cord management is not included.

- Y = Yardage required

---

578
**Reff Screens**

Reff screens provide partial enclosure for workspaces to a nominal horizon of 42"—seated visual access—or 49"—seated visual privacy. Screens are available in a variety of surface finishes for aesthetics, performance and price point.

**Desk Mounted Screens**

Desk mounted screens provide enclosure both above and below the top, starting from either 9 3/8" or 21 7/8" above the floor for 26 1/2" high planning and from either 11 1/4" or 23 3/4" above the floor for 28 3/8" high planning. Desk mounted screens attach directly to the back of a desk top with two brackets that also define a 1 1/4" offset for wire management and clamp-on accessories. Bracket centers are located 3 1/4" from each end of screens 24"-30" wide and 12" from each end of screens 36" and wider.

Screens are available in the following widths 24", 27", 30", and 36"-72" wide in 6" increments. In most applications screens can be mounted to matching width or wider tops.

**Two types of screens are available:**

- Frameless laminate, marker surface or veneer screens are 3/4" thick with matching edge and crisp, eased corners.
- Fabric screens are 1 3/4" thick, with painted perimeter frame capturing a wood structural core and tackable, fabric wrapped inserts on each face.

**Specification Options**

For frameless screens surface type: laminate (L) or veneer (V); specify finish, any core laminate or dry-erase marker surface (M), or any core Techwood or natural veneer. Also specify bracket color, in any Reff Profiles core paint finish.

For fabric screens specify fabric, perimeter frame and brackets painted finishes. Fabric is oriented railroad style for screens wider than 60".

Bracket and frame paint finish codes with suffix "T" indicate textured.

**Construction**

Frameless screens are 3/4" MDF construction, with threaded inserts at bracket locations.

Fabric screens have a 1/2" MDF core, with 3/8" thick tackable PET material inserts on each side wrapped in fabric, and aluminum perimeter frame with seamless corners. Fabric screens have threaded metal inserts at bracket locations.

Laminate screens are edged with color matching ABS edgeband. Marker surface screens are edged with White ABS edgeband. Veneer screens are edged with matching veneer.

---

![Diagram](image-url)

**Built-in 1 1/4" wire drop**

**Screen always at back**

For applications with work surface 26 1/2" off the floor

For applications with work surface 28 3/8" off the floor

- **118T** Bright White Paint

**Included With**

Desk Screens Brackets Hardware

**Options**

Finish Options:

(L) = Laminate

(LM) = Markerboard

(V) = Veneer
J-Wire Troughs are available in two types, Wall Mount & Under Mount. Wall mount J-wire troughs may be attached to both architectural walls and fixed modesty panels. Under mount J-wire troughs may be attached directly under worksurfaces. Both types are available in 6" increments, in lengths ranging from 24" to 72". Troughs are 3" high by 3" deep. They are constructed of 18-gauge cold rolled steel. Wall mount is available in black. Under mount is available in all Reff Profiles core paint finishes.

**Application notes:**
Wires may run along the length of the trough and may exit at the trough ends or over the open front of the trough at any point. Under mount troughs also have a 1 ½" diameter, U-shaped mouse hole for wire entry/exit.

Wall mount J-wire troughs are attached to a vertical surface such as a full modesty panel, suspended modesty panel, or architectural wall. Refer to Figure 1 and 2.

Fasteners are not included with wall mount J-wire troughs. Attachment fasteners should be selected with consideration given to the vertical surface’s material type and thickness. Care should be taken so that screws will not protrude through or damage the visitor side of a modesty panel.
Under mount J-wire troughs have two tabs at the top that allow them to be attached to the underside of a worksurface. Wood screws are included with under mount J-wire troughs.

Under mount J-wire troughs are designed to work with worksurfaces specified with flush, recessed, edge or no grommets. When edge grommets are specified, the trough is attached with the opening towards the wall which will enable the ability to run wires anywhere along the opening in the worksurface while still allowing the ability to run wires through the grommet of the wire manager. Refer to Figure 5.

Under mount J-wire troughs may be specified when a desk screen (i.e. Antenna) is to be used as a modesty panel. Refer to Figure 6.

The width of the J-wire trough should be specified so that the trough spans and falls beneath grommet locations, but does not interfere with leg or pedestal positions. (i.e: A 72"w double letter-wide pedestal desk with flush grommets would be get a 36" trough.) Refer to Figure 3 and 4.

Wire troughs may not be used to stiffen a worksurface.
The wire manager for credenza may be specified for use with a 1" or 1 ½" thick credenza top with edge grommet. Wires, transformers, or personal accessory chargers may then be pushed off the worksurface, but will not drop all the way to the floor.

The wire manager for credenza top is 24" wide, 1" high and 1 ¼" deep, and will fit any standard width credenza top with edge grommet. It is constructed of 24-gauge cold rolled steel and is available in black.

**Application notes:**
The wire manager for credenza is intended to be mounted to the inside edge of the edge grommet. Wires may run along the length of the trough, exiting at the trough ends between the trough and the un-notched portion of the worksurface top.

**Note:** There will be a visible black lip (approx. ⅛” wide) at the edge of the worksurface where the wire manager is mounted.

For installation, wood screws and double sided tape are included with the wire manager.
Power and Data Outlets
Power and Data Outlets are available in a variety of configurations for use with worksurfaces, peninsulas and tables. The electrical accessories make power and data taps more accessible to the end user.

All Power and Data Accessories are ordered separately from the furniture elements which they support.

These accessories are offered in a variety of configurations consisting of simplex receptacles, double USB charging ports and blank spaces which may be used to field install data outlets. The Power and Data Outlets are available in 4 configurations. See Figure 1 below for available configurations.

Power and Data Accessories come in the following applications:

- Electrical component for Peninsula Power Center
- Table Power Center
- Table Undermount
- Table Drop-In
- Clamp-on
- Offset Clamp-on

See Figure 3 for available configuration options for each of these Power and Data Accessories.

General Notes
Simplex outlets and USB charging ports are wired together and on the same circuit. All units have a 15 Amp overall rating. Each outlet of the duplex USB charging port can deliver up to 2.1 Amps, sufficient to charge most tablets and smart phones. All units are available with choice of 72" or 120" long cordset or 72" long hardwire cord.

The 412 units with cordset come with an OCP (Over Current Protection) plug head which is larger than standard. See Figure 2 for dimension. All other cordset units come with a standard 3 prong plug head.

The 72" long hardwire cord is 9/16" diameter flexible metal conduit with pigtails for direct connection to building power. For hardware option information, refer to Handwired Electrical Components.

Connection option selected must comply with local and/or national electrical code.

Cordset power and data outlets are certified to UL 962A, Furniture Power Distribution Units.

All power and data outlets are available in three color options: black body with black bracket (B/B), white body with white bracket (W/W) or white body with silver bracket (W/S). The cord sets match the body color.

Power and Data Outlets come with a series of Tech Adapters used in the data port(s) to connect a variety of communications jacks offered by third party vendors including RJ45, Cat 5, Cat 6, HDMI, and VGA as well as certain speaker and cable jacks. The communications jack or connectors are not available through Knoll and must be coordinated and provided by a communications equipment supplier.

Refer to Tech Adapter Master List posted on Knoll.com with associated Desktop Outlet installation instructions.

All power and Data Desktop Outlets are shipped with installation instructions included.

Refer to Figure 17 for Cabling Diagram.

Desktop Outlet for Peninsula Power Center Stand-off
The Desktop Outlet for Peninsula Power Center Stand-off works in conjunction with the Power Center Stand-off and the Power Center (PC) Grommet to bring electrical receptacles and data outlets to the worksurface. The Power Center Standoff and Power Center Grommet are included with a Peninsula top when specified. See Figure 4. The Peninsula Power Center Electrical Outlet is ordered separately in a choice of 3 configurations. See Figure 3 for configuration options.

The Peninsula PC Outlet comes with the associated bracket and hardware to field install the electrical unit into the PC stand-off cavity after the peninsula has been installed.

Refer to Figure 5. Refer to Power Center Standoff Installation Instruction on Knoll Exchange.
Electrical Component for Tables – Power Center
This electrical component (Figure 6) mounts to the underside of a worksurface and is used when a Table with 2x4 Legs or a Table with 4x4 Legs is specified with a power center grommet option. This unit presents the face of the electrical receptacles and data outlet(s) to the user at a convenient 45 degree angle for ease of plug insertion and is available in 3 configurations.

Refer to Figure 3 for available configurations for this unit.

Wire Bracket Kits are available (ordered separately) to support and conceal excess cables and transformer blocks.

The Electrical Component for Tables – Power Center mounts adjacent to the power center cut-out (Figure 7) and is retained to the worksurface using a single bracket and associated hardware included with the unit for one power center. When a table is specified with several power centers, the equivalent number of electrical components will be required.

A Flexible Vertical Wire Manager is available (ordered separately) to route the power cable to a floor monument. Refer to Accessories - Wire Management.

Refer to Reff Profiles Desktop Electrical Components Installation Instructions available on Knoll Exchange.
Electrical Component for Tables – Undermount

The electrical component (Figure 8) field mounts to the underside of a worksurface at the peripheral edge to provide convenient access to power and data outlets (Figure 9). It comes in 4 configurations. See Figure 3 for available configurations.

Optional cable clips are provided with the unit to route the power cable under the worksurface.

A Flexible Vertical Wire Manager is available (ordered separately) to route the power cable to a floor monument.

Refer to Reff Profiles Desktop Electrical Components Installation Instructions available on Knoll Exchange.
Electrical Component for Tables - Drop-in

The Drop-in Electrical Outlet for Tables works in conjunction with Tables with 4x4 Legs and Tables with 2x4 Legs to bring electrical receptacles and data outlets directly to the worksurface and flush to the worksurface.

This Drop-in Electrical Outlet (Figure 10) is offered with 4 possible configurations. Refer to Figure 3 for available configurations.

The cut-out is provided when specified with a Table with 2 x 4 legs or a Table with 4 x 4 legs. Figure 11

Cut-out sizes for each unit are as follows:

- 202 - 2\(\frac{3}{4}\)" x 7\(\frac{3}{4}\)"
- 210 - 2\(\frac{3}{4}\)" x 6"
- 311 - 2\(\frac{3}{4}\)" x 8\(\frac{1}{2}\)"
- 412 - 2\(\frac{3}{4}\)" x 11\(\frac{3}{8}\)"

Drop-in Electrical Outlets are field installed into the available cut-out.

To use this product in other applications, special tops must be ordered with the required cut-out to suit.

This component may be utilized on worksurfaces up to 1 ½" thick.

Refer to Reff Profiles Desktop Electrical Components Installation Instructions available on Knoll Exchange.
**Clamp-on Electrical Component**

The Clamp-on Electrical Outlet brings electrical and data receptacles to worksurface height without needing to field install grommets. See Figure 12. The Clamp-on Electrical Outlet is available in 4 configurations. Refer to Figure 3 for available configurations.

This component may be utilized on any worksurface, up to 1 ½" thick where power and data access is desired. See Figure 13 for clearance dimensions.

Space for power cable clearance must be considered. For cordset option, allow at least 3/8" between the edge of the mounting surface and any adjacent components (other worksurfaces, wall panels, tackboards, etc.) for power cable clearance. For Hardwired option, refer to Hardwired Electrical Components Planning section.
Offset Clamp-on Electrical Component
The Offset Clamp-on Electrical Component (Figure 14) has the same function as the Clamp-on Electrical Component but may be used where components such as task panels or taskboards are mounted above the worksurface immediately adjacent to the Clamp-on unit.

See Figure 15 for clearance dimension.

City of Chicago Clamp-on Electrical Component

A series of corded (non-hardwired) Clamp-on and Offset Clamp-on desktop electrical units are approved for use on particular applications in the City of Chicago.

The approved applications for the Clamp-on units include height adjustable tables and tables intended to be re-located on a regular basis such as those used for training applications and having legs with casters.

These desktop outlets come with a cord length of 108" and include a three prong, over-current protected plug head. See Figure 2.

Eg. RDOOC41272WW

Building Source

Building Source
Power and Communication Outlets

Hardwired Electrical Components

All Desktop Power and Communication Outlets are available with a hardwire option.

Check with your local electrical authority to verify compliance with local electrical code.

The hardwire option includes a 72" long cord contained in a 9/16" diameter silver colored flexible metal conduit with pigtails for direct connection to building power.

The hardwired option will require a qualified electrician to install.

All hardwire units are certified to UL111, Multi-Outlet Assemblies.

Each electrical component is equipped with a strain relief collar at the joint between the cable and the component housing. This strain relief is rigid and comes in 3 profiles (not user selected). The strain relief profile has been selected to provide the best power cord orientation for the application.

The strain relief color matches the body of the electrical unit.

Figure 18

Figure 19
Simple Stand Off
Simple Stand Offs provide support for 1 1/2" thick worksurface tops mounted to low credenzas or ¾ height storage cabinets with a 1" top. The simple standoff is included when specified with peninsula tops.

Simple Stand Off assemblies are 2 ¼" deep, 12" wide, and 5 1/32" high. They are constructed of 16 gauge cold rolled steel and are available in all core painted finishes for 28 3/8" high planning.

The Simple Stand Off comes with the stand off weldment, mounting bracket, mounting hardware and round grommet. Refer to Figure 20.

Application notes:
The Simple Stand Off must be permanently and securely affixed to the underside of a worksurface and also to whatever support unit it rests upon.

The Simple Stand Off is designed to support a top without additional worksurface supported storage such as hutches or desktop towers for example.

To access the cavity of the Simple Stand Off, a special top must be ordered with the appropriate cut-out for a Desktop Grommet which must be specified separately and field installed.

Stand Off for Power Center
Stand Offs for Power Center provide support for 1 1/2" thick worksurface tops mounted to low credenzas or ¾ height storage cabinets with a 1" top while also providing opportunity for wire management and power/data capabilities. The power center standoff is included when specified with peninsula tops.

Power Center Stand Off assemblies are 6 3/8" deep, 10 ¾" wide, and 5 1/32" high.

They are constructed of 16-gauge cold rolled steel and are available in all core painted finishes for 28 3/8" high planning.

Application notes:
The Power Center Stand Off is designed to support a top without additional worksurface supported storage mounted upon it, such as hutches or desktop towers for example.

The Power Center Stand Off must be permanently and securely affixed to the underside of a worksurface and also to whatever support unit it rests upon.

To access the cavity of the Stand Off for Power Center, a special top must be ordered with the appropriate cut-out for a Power Center Grommet which must be specified separately and field installed.

When power and data capability is desired for use with this unit, the Desktop Outlet electrical options must be specified separately. Refer to Figure 21.

A 1 ¼" round grommet is included for field drilling of cable route from the power center standoff through the lower storage element.

Refer to 6TP00505 for Installation Instructions.

Power Center Grommet
The Power Center Grommet must be specified when utilizing a stand-off for power center. The grommet trims the opening in the peninsula table top that allows access into the stand-off for power center. It includes an attached, hinged lid. Refer to Figure 22.

Power Center Grommets are 8" wide x 5" deep and are available in all core painted and plated finishes for 28 3/8" high planning.

The Power Center Grommet is included when specified with a peninsula top.

To utilize the Power Center Grommet, special tops must be ordered with the required cut out pre-drilled to suit.

Grommets
Desktop Grommets are included with certain worksurfaces when specified. Desktop grommets may be ordered separately, if desired, for field installation.

To use this product in non-standard applications, special tops must be ordered with the required cut-out pre-drilled to suit.

The Desktop Grommet includes a grommet sleeve and lid. The grommet sleeve is 2" deep x 3" wide with a 1/8" flange all round which sits ½" above the finished worksurface. The outside to outside dimension of the flange is 2 ¼" deep and 3 ¼" wide. The grommet lid sits inside the sleeve and is flush with the top of the sleeve. Refer to Figure 23.

Desktop Grommets are available in all core painted and plated finishes for 28 3/8" high planning.

Application notes:
Desktop Grommets are available for use in 1", 1 ¼" and 1 ½" thick worksurfaces. Care should be taken to specify the grommet appropriate for the worksurface’s thickness.

### Specification Information

*To order please specify pattern number including:*

1. Color option, (housing / bracket):
   - B = Black
   - W = White

### Application Notes

Installation instruction sheet available on Knoll.com

Refer to planning guide pages for complete description.

All Desktop Outlets with data ports come with one Tech Adapter kit per data port. Products on this page are available in the event additional quantities or replacements are needed. Each kit consists of an envelope containing several adapters for use with a variety of communication jacks. Communication jacks are ordered separately from third party vendors. See Knoll.com+ for the Master List of communications jacks which function with the adapter kit.

RPD11 to be used with 15" D open cabinet/bookcase with metal shelves.
RPD14 to be used with 20'/24"D open cabinet/bookcase with metal shelves.

#### Order Code

| Example: RCAS2420W () | R Ref Profiles | CA Cabinet | AS Add-on shelf | 24 Width 24” nominal | 20 Depth (20 = 19” deep, 24 = 23” deep) | W Wood shelf, M = Metal | 006B Shelf finish |

#### Specification Information

To order cabinet shelf, please specify pattern number including:

1. Finish type:
   - M = Metal
   - 1 = V1
   - 2 = V2
   - 3 = V3

2. Shelf finish: L, V1, V2, V3 or Metal
   Metal shelves are available in all core paint finishes.

Actual shelf dimensions:
- 24"w = 22 3/4"w
- 20"d = 13 1/2"d
- 24"d = 17 1/2"d

### Order Code

#### Example: RTLT5E19S
- **RTL**: Task Light
- **T5**: T5 lamp
- **L**: LED
- **E**: Electronic ballast
- **19**: Width
- **S**: Standard

**Y = Yardage Required**

### Specification Information

**T5 Task Lights:**
- 120v and includes T5 cool white (4100K) fluorescent lamp, electronic ballast, 9' grounded cordset, prismatic lens, rocker switch, one cord exit management clip and mounting hardware.
- housings are black.

**T5 Task Lights:**
- Specify suffix -CH and add $46 list for City of Chicago installations.
- Example: DL3T5E25S-CH
- cordset is center exit. On smaller units cord exit is off-center, but still not handed.
- T5 advanced task lights are fitted with ballasts and lamps compliant with LEED requirements, meeting the LEED EB standard for mercury content.

### Application Notes

**T5 Task Lights:**
- Includes LED’s, power supply with 9-12' cord and mounting hardware.
- The light with 18 watt power supply comes with 9' cord. The light with 60 watt power supply comes with 12' cord.
- housings are clear anodized aluminum with white color end-caps.

**LED Task Lights:**
- Power cord is able to attach to either end of fixture.

**Notes:**
- All task lights mount into the recess in the underside of overhead cabinets and shelves at least 6" wider than task light width.
- All task lights are TCLP compliant and meet requirements of California Title 20 and Title 24.

Order Code

Example: RWHRA()

R Reff Profiles
WH Wall Hung
R Rails
A Height
() Paint options only

Specification Information

To order please specify pattern number including:

1. Finish, where applicable

Specify board finish in laminate, techwood, conventional or laminate with a wood edge.

See Reff Profiles Planning Guide for more information.

Metal D-pull sample board represents the following standard Reff Profiles finishes (PT, 111, 118, 611, 612, 613)

Specify edge detail if applicable for presentation wood samples.

Product on this page will accept woodgrain laminate where laminate is currently an option. The wall rails will accept two sets of brackets for panel hung components.

Overall Depth: 30" Nominal

Worksurface Depth = 24.5" Actual

Height: 42" Nominal = 41.5" Actual

Above dimension allow for 2 end supports.

---

### Application Notes

It is Not advisable to mix 28 3/8"h desk height products with 26 1/2" standard height products.

Products on this page are engineered to work with 28 3/8" planning.

Products on this page will accept all Laminates except the Impact Resistant Laminates.

Products on this page are manufactured to be finished on the user’s side (inside), and paper finished on the approach side (outside).

The approach side needs to be completed with an additional infill panel.

Installation instruction sheets available on Knoll Exchange. Reference number 6TP00320.

---

Order Code

Example: RASW6630

RA = Reff Administrative

SW = Single Wide with worksurface

66 = 66" wide, Nominal

30 = 30" overall

() = Worksurface finish

() = Modesty finish

---

All worksurfaces are 1 1/2” thick.

No Drilling Options.

No Grommet Options.

Worksurface includes 2” gap along the back edge to accommodate full wire access and Pencil Lip.

Pencil Lip will be assembled to the top.

Pencil Lip dimension: 9/16” above worksurface.

Pencil Lip is located along the back edge.

Pencil Lip is available in black only.

Comes with hardware kit, including attachment kit.

Mid-span cantilever bracket (RMSCB) or a return must be ordered for additional support for spans greater than 54” wide.

To be used with end support, return, or bridge.

Includes front modesty and worksurface.

Overall Depth: 30" Nominal
Worksurface Depth: 24.5" Actual
Height: 42" Nominal = 41.5"H Actual

**Application Notes**

It is Not advisable to mix 28½”h desk height products with 26½” standard height products.

Products on this page are engineered to work with 28½” planning.

Products on this page will accept all Laminates except the Impact Resistant Laminates.

Products on this page are manufactured to be finished on the user’s side (inside), and paper finished on the approach side (outside).

The approach side needs to be completed with an additional infill panel.

Installation instruction sheets are available on Knoll Exchange.
Reference number 6TP00320.

All worksurfaces are 1½” thick.

No Drilling Options.
No Grommet Options.

Worksurface includes 2” gap along the back edge to accommodate full width access and Pencil Lip.

Pencil Lip will be assembled to the top.

Pencil Lip dimension: ½”H above worksurface.

Pencil Lip is located along the back edge.

Pencil Lip is available in black only.

Products on this page do not include infill panels. Returns and supports need to be ordered separately.

Mid-span cantilever bracket (RMSCB) or a return must be ordered for additional support for spans greater than 54” wide.

Left hand and Right hand units are sold separately (not as set), therefore the veneer sides will not match.

Left hand unit includes 2 kits;
Kit #1: Joinery hardware to connect 2 units together.
Kit #2: Multi clip.

W* = Overall foot print width - Nominal

Note: All noted width dimensions are an “out to out” overall foot print, including all additional components which are required and ordered separately.

### Order Code

**Example:** RABR(L/R)7220

- **RA** Reff Administrative
- **BR** Bridge Return
- **R** Right hand
- **72** 72" wide
- **20** 20" overall
- () Grommet option
- () Grommet finish
- () Modesty finish
- () Worksurface finish

### Specification Information

To order please specify pattern number including:

1. Grommet Option:
   - F = Flush
   - N = No Grommet
2. Grommet Finish:
   - Painted or Plated
3. Modesty Finish:
   - Wood or Laminate
4. Worksurface Finish:
   - Wood or Laminate, (excluding wood grain laminate)

All dimensions are nominal.

### Application Notes

It is Not advisable to mix 28 ¼"h desk height products with 26 ½" standard height products.

Products on this page are engineered to work with 28 ¼" planning.

Products on this page will accept all Laminates except the Impact Resistant Laminates.

Installation instruction sheets available on Knoll Exchange. Reference number GTP00320.

All worksurfaces are 1 ½" thick.

Includes a 20"d nominal work surface.

Includes thick modesty panel.

Use in conjunction with end cabinets.

Bridge + Cabinet + End Panel = Nominals.

Cabinet to be ordered separately.

Overall Depth: 20" Nominal

### Application Notes

- **It is Not advisable to mix 28 3/8"h desk height products with 26 3/8" standard height products.**

- Products on this page are engineered to work with 28 3/8" planning.

- Products on this page will accept all Laminates except the Impact Resistant Laminates.

- Installation instruction sheets available on Knoll Exchange. Reference number 6TP00320.

- All worksurfaces are 1 1/2" thick.

- Must be used with end support. Always comes with drilling to accept 28 3/8"h (only) end support components. End support must be ordered separately.

- 42" hight Gable cannot be used in this application.

- Hardware for attachment included.

- Use Desk Height End Support if no storage. See page 656.

1. Grommet Finish:
   - Painted or plated
2. Workurface finish:
   - Wood or Laminate
3. End panel finish:

**It is Not advisable to mix 28 3/8”h desk height products with 26 3/8” standard height products.**

Products on this page are engineered to work with 28 3/8” planning.

Products on this page will accept all Laminates except the Impact Resistant Laminates.

Installation instruction sheets available on Knoll Exchange. Reference number: 6TP00320.

Mid-span cantilever bracket (RMSCB) or a return must be ordered for additional support for units greater than 54” wide.

### Application Notes

The worksurfaces for Island Peninsulas are 1” thick.

These worksurfaces come with standard grommet. 12” inset from back edge, center or depth.

Peninsula height = 22 3/8” to the underside of worksurface.

Intended to have full storage under tops. (30 x 30, 30 x 36, 36 x 36)

22 3/8”h lower storage to be used with this product.

Drilled to accept 30” and 36” wide x 22 3/8” high storage units.

Intended to be freestanding slide or sit under the primary worksurface.

Products on this page will accept all Laminates except the Impact Resistant Laminates.  
Installation instruction sheets available on Knoll Exchange.  
Reference number 6TP00320.  
Mid-span cantilever bracket (RMSCB) or a return must be ordered for additional support for units greater than 54" wide.

**Application Notes**  
The worksurfaces for Island Peninsulas are 1” thick.  
These worksurfaces come with standard grommet. 12" inset from back edge, center or depth.  
Peninsula height = 22 3/8" to the underside of worksurface.  
Intended to have full storage under tops.  
(30 x 30, 30 x 36, 36 x 36)  
22 3/8"h lower storage to be used with this product.  
Drilled to accept 30" and 36" wide x 22 3/8" high storage units.  
Intended to be freestanding slide or sit under the primary worksurface.
### Infill Panel

**Flush Single / Double**

*Type A; Recessed on Top*

**Order Code**

- **Example:** RAIPFAWS66
- **RA:** Refl Administrative
- **IP:** Infill Panel
- **FA:** Flush Type A
- **WS:** Wood, single (1pc)
- **66:** Width
- () Finish

**Specification Information**

To order please specify pattern number including:

1. Infill Finish:
   - Wood or Laminate

It is Not advisable to mix 28 3/8"h desk height products with 26 1/2" standard height products.

Products on this page will accept all Laminates except the Impact Resistant Laminates.

For detailed information please refer to the installation instruction sheets.

All installation instructions available on the Knoll Exchange. Reference number GTP00320.

**Application Notes**

Type A = recessed on top only.

These infill panels sit flush to both end supports with a reveal at the top of the infill.

Double wide = Two equal width pieces

Veneer finishes come matched.

Pattern numbers for Double Wide Glass Infill Panels, include 1 piece of Glass only.
Must order 2 piece to complete infill.

### Order Code

Example: RAIPRGS66
- RA: Reff Administrative
- IP: Infill Panel
- R: Recessed
- G: Glass
- S: Single
- 66: Width
- (): Frame Finish
- (): Glass Finish

### Specification Information

| To order please specify pattern number including:
1. Frame Finish: Painted and Anodized
2. Glass Finish: GL11, GL14, GL15, GL17, GL18
| It is Not advisable to mix 28 3/4’h desk height products with 26 1/2’ standard height products.
For detailed information please refer to the installation instruction sheets.
All installation instructions available on the Knoll Exchange. Reference number 6TP00320.

| Application Notes
| To complete your double wide unit, you must order 2 pieces.
Glass Infill thickness, including frame: = 3/8” overall.
Same hardware as the wood infill.
Glass infill panels are available in inset flush type, only.
This product sits recessed between both end supports with no reveal at top or bottom.

**Order Code**

Example: RAIPKGS66

- **RA**: Reff Administrative
- **IP**: Infill Panel
- **K**: Frame Kit
- **G**: Glass
- **S**: Single, D = Double
- **66**: Width
- **()**: Frame Finish

**Specification Information**

- To order please specify pattern number including:
  1. Frame Finish: Painted and Anodized

**Application Notes**

- **It is Not advisable to mix 28 3/4"h desk height product with 26 5/8" standard height products.**

  For detailed information please refer to the installation instruction sheets.

  All installation instructions available on Knoll Exchange. For Administrative / Reception; reference number 6TP00320. For customers’ own Glass; reference number 6TP00442. For customers’ own Solid; reference number 6TP00302.

- **To complete your double wide unit, you must order 2 pieces.**

  Glass Infill frame thickness 15/16".

  Same hardware as the wood infill.

  Glass infill panels are available in inset flush type, only.

  This product sits recessed between both end supports with no reveal at top or bottom.

  To calculate glass height and width subtract 3/16 ± 0.031 from frame values.

  Recommended glass thickness is 5mm.

### Specification Information

To order please specify pattern number including:

1. **Glass Finish:**
   - Colored Glass:
     - GL35, GL35
   - Back Painted Glass:
     - GL11, GL14, GL15, GL17, GL18

### Application Notes

It is Not advisable to mix 28 3/8"h desk height products with 28 1/2" standard height products.

- Comes with anti-skid bumper; 1/4" thick.
- Glass has a Polished edge; 1/2" thick.
- Overall thickness = 3/4" thick (including anti-skid bumper)

Note: All installation instructions available on the Knoll Exchange. Reference number 6TP00320.

For customers' own material:
Reference number 6TP00303.

**Specification Information**

- To order please specify pattern number including:
  - Transaction Top Finish:
    - Solid Option: AW = Artic White
  - D=Desk
  - RF=Return Full
  - BR=Bridge Return

**Application Notes**

- **It is Not advisable to mix 28 3/8"h desk height products with 26 1/2" standard height products.**
  - Note: All installation instructions available on the Knoll Exchange. Reference number 6TP00320.
  - For customers’ own material: Reference number 6TP00303.

- All accent tops are manufactured to fit over the end supports and are intended to be placed on top of transaction top.
  - 1. Comes with “Anti Skid” bottoms; 1/4 thick.
  - 2. Solid core; AW = ½" thick.
  - 3. Overall Accent top thickness is ¾" thick. (including anti-skid bumper)

Order Code

Example: R2AC(L/R)HT4212

- R = Reff Profiles
- AC = Administrative Cabinet
- R2 = Stepped Base
- HT = Hinge Door with Trays
- 42 = Height, Nominal
- 1 = 16" wide, Nominal
- 2 = 20" deep, Nominal
- L = Left Hand
- R = Right Hand

Specification Information

To order please specify pattern number including:

1. **Case Finish:**
   - Wood or Laminate

2. **Top Finish:**
   - Wood or Laminate

3. **Pull Option:**
   - B = No pull, No drilling
   - C = C Pull (Nickel finish only)
   - D = D Pull (Metal Finishes only)
   - F = Bar Pull
   - H = Outline Pull
   - N = Touch Latch, No pull
   - R = Cylinder Pull
   - S = S Pull (Stainless Steel finish only)
   - T = Tab Pull

4. **Pull Finish:**
   - Core Paint Finishes and Plated

5. **Lock Option:**
   - L/N

6. **Lock Finish:**
   - B = Black
   - S = Matte Silver

7. **Drilling Options:**
   - N = None, Stand alone unit
   - T = Drilled to accept worksurface
   - TT = Drill to accept worksurface on both sides
   - TG = Worksurface and Gable drilling
   - Gable ordered separately

It is **Not advisable to mix** 28¾"h desk height products with 26 ½" standard height products.

- Products on this page are engineered to work with 28¾" planning.
- Products on this page will accept all Laminates except the Impact Resistant Laminates.
- These products are glue and dowel construction.
- Note: All Installation instructions are available on the Knoll Exchange. Reference number 6TP00320.

Application Notes

- Wood interior only, no metal shelves.
- Adjustable shelf above.
- Fixed shelves below Hinged doors.
- Adjustable shelf below hinged door.
- On the approach side, the doors only have the Touch Latch option.
- Base board only on the user’s side.
- On the User’s side, the door has lock and pull options.

**“T” Drilling Option:**
- Left hand units are drilled on the right hand side, and right hand units are drilled on left side for worksurface attachments.
- From users perspective, the hinge determines handedness, ie; If hinge is on left, the unit is left handed.

Note: All Installation instructions are available on the Knoll Exchange. Reference number 6TP00320.

Example: R2AC(L/R)HT4212

- AC = Administrative Cabinet
- L/R = Right Hand
- HT = Hinge Door with Trays
- 42 = Height, Nominal
- 1 = 16" wide, Nominal
- 2 = 20" deep, Nominal

- L = Left Hand
- R2 = Stepped Base
- HT = Hinge Door with Trays
- R = Right Hand
- G = Gable

- T = Drilled to accept worksurface on both sides
- TG = Worksurface and gable drilling

Gable ordered separately

- **It is Not advisable to mix 28 3/8"h desk height products with 26 1/2" standard height products.**

### Application Notes

- Wood interior only, no metal shelves.
- When choose lock, it will lock both hinge doors.
- Adjustable shelf above.
- Fixed shelves below Hinged doors.
- On the approach side, the doors only have the Touch Latch option.
- Base board only on the user's side.
- On the User's side, the door has lock and pull options.
- **“T” Drilling option:** Left hand units are drilled on the right hand side, and right hand units are drilled on left side for worksurface attachments.
- From users perspective, the hinge determines handedness, ie; If hinge is on left, the unit is left handed.

---

Note: All Installation instructions are available on the Knoll Exchange. Reference number 6TP00320.

Cabinets can be specified with 2 Base options: Flushed Base or Stepped Base. For more details, refer to the Planning Guide page 267 to 271.

For Stepped Base, replace “R” with “R2”.

ie; RACLHT4212 = Cabinet with Flushed base
R2ACLHT4212 = Cabinet with Stepped base.

#### Specification Information

To order please specify pattern number including:

1. **Cabinet Finish:**
   - L = Laminate
   - W = Wood

2. **Lock option:**
   - L = Lock hold drill
   - N = No drilling

3. **Lock finish:**
   - B = Black
   - S = Matte Silver

#### Application Notes

- It is Not advisable to mix 28 1/2"h desk height products with 26 1/2" standard height products.
- Products on this page will accept all Laminates except the Impact Resistant Laminates.
- These products are glue and dowel construction.
- Note: All installation instructions are available on the Knoll Exchange. Reference number 6TP00320.
- If hinges are on left gable, the cabinet is left handed.
- Comes with coat rod and hat rack (shelf) 72"h Cabinet comes with 3 adjustable shelves.
- 86"h Cabinet comes with 4 adjustable shelves.
- Not available in mixed finishes.
- Available with Wood interior only.
- If hinges are on left gable, the cabinet is left handed.

### Specification Information

To order please specify pattern number including:

### Application Notes

The above Hardware Kits must be purchased when using “COM” Material.

All Installation Instruction for the COM material is available on Knoll Exchange. Please refer to the reference number indicated in the description for more details.
Wall Mounting Suggestions
The following information is provided only as a guide, and represents minimum recommendations only. Knoll does not accept responsibility for the attachment of any Knoll product to a Customer’s site wall. Wall specification/construction is the responsibility of the Customer and its structural engineer/architect. Failure to properly attach Knoll products to adequate wall structures can lead to property damage and/or personal injury.

You should consult your own structural engineers and/or architects and must not rely on the information provided herein.

It is the responsibility of the Customer and its structural engineers/architects to verify that the permanent structural walls (studs, blocks, solid masonry, etc.) on which the Knoll products are intended to be mounted are designed appropriately to support the product weight, PLUS 3 lbs. per linear inch for each useable shelf length

NOTE: A cabinet’s top is considered a “useable shelf” and MUST be included in the calculation of the total load for an overhead cabinet.

It is the responsibility of the Customer and its structural engineer/architects to specify the fasteners and method for attaching the Knoll supplied wall mounting cleat, bracket, frame, etc. to the supporting wall and to confirm that the installers have adhered to these specifications. For all local building standards and codes, and additional requirements (including, but not limited to, seismic conditions) the Customer should always consult local code agencies.

Selling Policy

Terms & Conditions of Sales

This Selling Policy supersedes all previous selling policies. Prices, discounts and product offerings are subject to change without notice.

Sales by Knoll, Inc., or Knoll North America Corp. ("Seller") of Knoll Product Lines and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supersede any prior or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and signed and shall be valid for all purposes as if they were originated and maintained in documentary form.

Ordering Information

Order Confirmation

A purchase order is not binding on Seller until Purchaser has received Seller’s order confirmation or acknowledgment.

Pricing Policies

List prices are subject to change without notice.

Taxes

List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other taxes are included in Seller’s list prices.

Terms of Payment

Payment for one hundred percent (100%) of the net order amount is due within thirty (30) days of the date of invoice, which is generally issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than $100,000 net, a fifty percent (50%) deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice.

KnollStudio orders less than $2,000 require payment for one hundred percent (100%) of the net order amount (including any applicable sales tax and charges for inside delivery, special packaging, etc.), due at time of order placement. For KnollStudio orders greater than $2,000, a one-half (50%) deposit is due at time of order placement with the remainder (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due prior to shipment.

If, in the judgment of Seller, Purchaser's financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance. Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults on payment, Purchaser shall be liable for all collection costs, including reasonable attorney’s fees and costs.

Changes and Cancellation

Purchase orders may not be changed or cancelled, in whole or in part, without prior written consent of Seller. Changes may affect delivery dates. Expenses incurred because of charges shall be charged to Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including "COM" (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled.

Freight Prepaid

Freight is prepaid and included in the price of all Products, except KnollTextiles, within the 48 contiguous United States for orders placed with Knoll Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. Special packaging is required, for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice.

Delivery/Freight Charges

Shipments outside the contiguous 48 United States and Canada shall be shipped F.O.B. Origin. For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination.

Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment, in writing.

Nonstandard methods of shipment and/or additional services are available upon request. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser’s request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redelivery.

Claims

All shipments for Knoll Products within the contiguous United States and Canada are F.O.B. Origin. All risk of loss passes to Purchaser at time of delivery to other claims relating to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser related claims.

Seller's Security Interest

Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.

Returns

The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service.

The return of Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) of list restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products.

Held Orders/Storage

If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.
Selling Policy

Customer's Own Material

A Purchaser who requests a fabric or other surface material not standard to Seller's line of Products ("COM") must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, or any physical attributes of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to use of the COM on the Product.

Warranty

Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below.

Warranty period set forth below is for 24-hour, 7 days a week, multi shift use (includes parts and labor to repair). Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.

Product and Period of Warranty

Lifetime: Antenna Workspaces, AutoStrada, Caliber, Credenzi Open Table, Currents, Dividends Horizon, Morrison, Reff Profiles laminate, Rockwell Unscripted,
Series 2 Storage, Template, Quoia and other non-wood components (except cascade edge worksurfaces, operational parts, controls, electrical, Lighting, Series 2 Veneer Front Storage, digital locks, upholstery, textiles and leathers, special or custom products, see below)

2 Years: Anchor Storage digital locks, Quoia digital locks, all other KnollExtra product

This warranty does not apply to:

• Damage caused by a carrier other than the Seller.
• Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).
• COM or other third party materials applied to Products.
• Products not installed by or under the auspices of a Knoll Dealer.
• Dramatic temperature variations or exposure to unusual conditions.
• Changes in surface finishes, including colorfastness due to aging or exposure to light.
• Except as specifically noted above, textiles and upholstery supplied by KnollTextiles and Spinneybeck FilzFelt (consult current price lists for applicable warranties).

Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures, or surface hardness of such materials. The Seller also does not guarantee the colorfastness of fiberglass panel surfaces.

The EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

The remedies provided above are the Purchaser’s sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with respect to or arising out of the Product furnished hereunder.

Delay/Force Majeure

Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of war or terrorism, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delay, allocate available Product or cancel any purchase order.

Compliance with Law

PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.

Patents

Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediate, so far as it can be on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.

The foregoing indemnity does not apply to the following:

• Products supplied according to a design other than that of Seller, and which is required by the Purchaser.
• Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.
• Any settlements of a suit or proceeding made without Seller’s written consent.

Limitations of Liability

SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.

Purchaser’s remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.
KnollKey Lock Program

General Information

Following is the KnollKey lock policy, applicable to all products.

Knoll furniture can be ordered keyed-alike or random keyed. Key-alike and random keying instructions cannot be mixed on any single order. Only one of the two instructions can be used on an individual order. When an order is submitted with mixed (key-alike and random) instructions, Knoll will release the order as key-alike only and lock cores will have to be specified separately.

Key-alike

For the convenience of the user, furniture may be keyed alike at no charge. Write “Key-alike” in the description of your purchase order for any pedestal, overhead, file or other item you wish to have keyed alike.

Using the key-alike instructions, order cores and keys as line items on your purchase order. Do NOT submit a key-alike form. The Knoll East Greenville Lock Center will select key numbers from the standard range of K 001 - K 250. Key numbers will not be repeated unless over 250 sets are ordered. Lock cores keyed-alike will ship separately from the product, ready for field installation.

There is no charge for key-alike orders if placed with the furniture order. IF THE KEY-ALIKE ORDER IS NOT PLACED AT LEAST TWO WEEKS PRIOR TO THE FURNITURE SHIP DATE, A $50 HANDLING CHARGE AND AIR FREIGHT CHARGES WILL APPLY.

If product is ordered and shipped random-keyed, additional lock cores for key-alike are billable.

Random-Keying

To specify product keyed-random, write “Key-random” in the product description. Random-keyed product is shipped with the lock core factory installed. A shrouded key is included. Random means no effort has been made to match key numbers, or to make them different.

Keys

A Knoll shrouded key is shipped with every lock core. 250 Key numbers are available. For numbers above 250, contact Custom Product Development. Additional keys and key blanks are available. See service parts for more information.

Master Keying

Knoll locks can be controlled by means of a master key. There is no additional per-lock charge for master keying. A letter of approval from the client must accompany orders for master keys.

Installing Lock Cores

Lock cores can be installed or removed in the field by using a change key. Cores must be in the unlocked position to be removed. See service parts for change key pattern number and pricing.

Lock Distribution

All orders for key-alike lock cores/keys are packaged and shipped from the East Greenville Lock Center, regardless of where the pedestals, overhead, or other units are produced. Random keyed product will have cores factory-installed.

How to Specify Key-Alike

Following is an example of how to specify key-alike for a cluster of 10 workstations.

Step 1 - Using the project floorplan, count the number of locks in each workstation.

Step 2 - Count the number of workstations with the same quantity of locks. Group together the workstations with a like number of locks.

Step 3 - For the first group (5 sets of 2 locks), enter the number of workstations in the quantity column.

Step 4 - Then enter the pattern number “KSPEC_ _” and add a suffix for the number of locks for that group (i.e., for 2 locks per station, add the suffix “2”). Up to 30 lock cores are available in a set (i.e., KSPEC 30).

Step 5 - Repeat for other groups.

General Ordering Information

The Products
This guide encompasses all standard products for this product group.

Sizes
Dimensions listed in this guide are indicated as:
H = height
W = width
D = depth
Dia. = diameter
Rad. = radius

Pricing
All prices shown are list.

How to Order
Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item’s “designated area” can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:
Knoll, Inc.
1235 Water Street
P.O. Box 157
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll’s environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such “green” initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to knoll.com, click on “About Knoll” and then “Environmental Focus.”
