

Muuto COM COL Process

COM and COL are available where noted in the price list, pending approval.
 COM and COL prices indicate the base price of the product, not including fabric.
 Fabric must be paid and shipped by customer.
 Freight charges are based on the COM / COL price, not including fabric.

For COM and COL inquiries, please email customer@muuto.com specifying the desired material and product. Muuto Customer Care will confirm if the requested material is pre-approved or if it is subject to testing. If testing is required, Customer care will ask you to submit a sample cutting (they will specify size depending upon item) to ship directly to our manufacturer.
 Allow 2 weeks for the completion of test after the COM/COL material is received.
 Once approved and fabric/leather is received, COM/COL lead times are 12-14 weeks.
