

HOW TO SPECIFY DRAPERY

Rockwell Unscripted® Creative Wall®

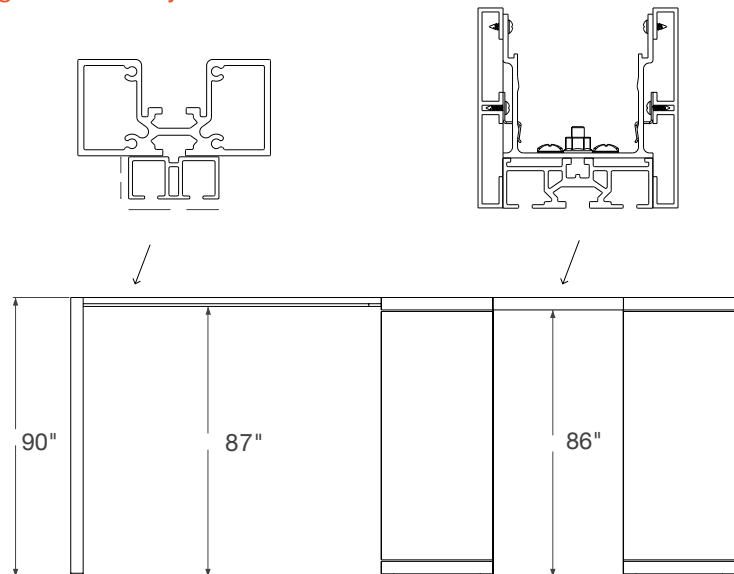

KnollTextiles

Creative Wall Measurements

STEP 1 VERTICAL CONFIGURATION

Which Rockwell Unscripted Creative Wall configuration have you ordered?

Configuration A

Crossbeam and drapery track between walls or columns.

87" to floor

Configuration B

Channel in header between end of walls.

86" to the floor

Note: Vertical configuration does not account for uneven floors. Drapery can only be adjusted when the length is greater than half an inch off from desired length.

HOW TO SPECIFY DRAPERY: ROCKWELL UNSCRIPTED® CREATIVE WALL®

This guide provides the necessary information to order Knoll Textiles prefabricated ripple fold drapery panels for the Rockwell Unscripted Creative Wall. All Knoll Textiles drapery products are approved for use with Creative Wall.

3 Key Points:

1. Place your Rockwell Unscripted system order with Knoll Office. The drapery track is included in your Knoll Office order.
2. Place your drapery order with Knoll Textiles.
3. Include the drapery fabrication kit part number(s) on your Knoll Textiles drapery Purchase Order.

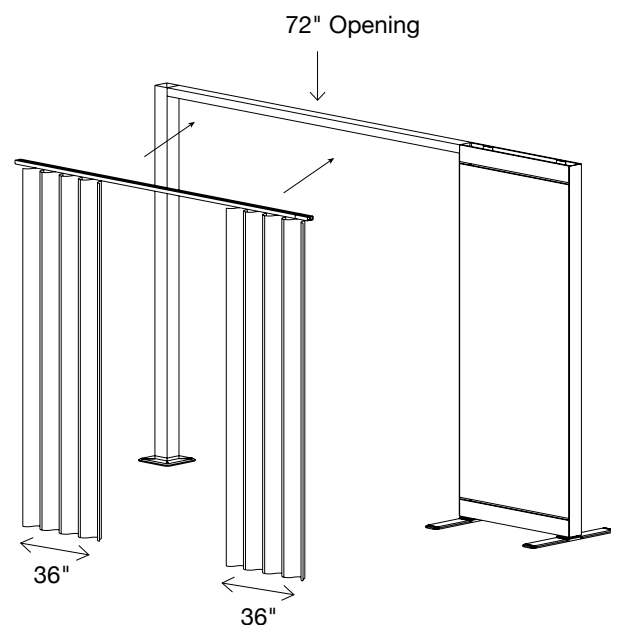

STEP 2 HORIZONTAL CONFIGURATION

- a. What is the width of the Creative Wall opening?
- b. How many panels will cover the opening?
- c. Divide the opening size by the number of panels.

See Drapery Specification for yardage requirements based on panel size. If panel size is not standard, round up to assure full coverage.

► *Example: A 72" opening is to be covered with 2 drapery panels, divide 72" by 2 = 36". You require qty. (2) 36" panels.*

*Per panel drapery yardage requirements:
2.5 yards of wide width drapery or
7 yards of standard width drapery*

Drapery Specifications

STEP 3 YARDAGE REQUIREMENTS

Drapery width and fabricated panel size determine the required drapery yardage at 100% fullness.

Drapery Fullness

Drapery fullness refers to the quantity of fabric needed to make the drapery treatment. Knoll Textiles fabricates drapery panels at 100% fullness for Rockwell Unscripted Creative Wall.

- 0% fullness is the amount of fabric needed to cover the opening.
- 100% fullness is double that amount.

Railroading Wide Width Fabric

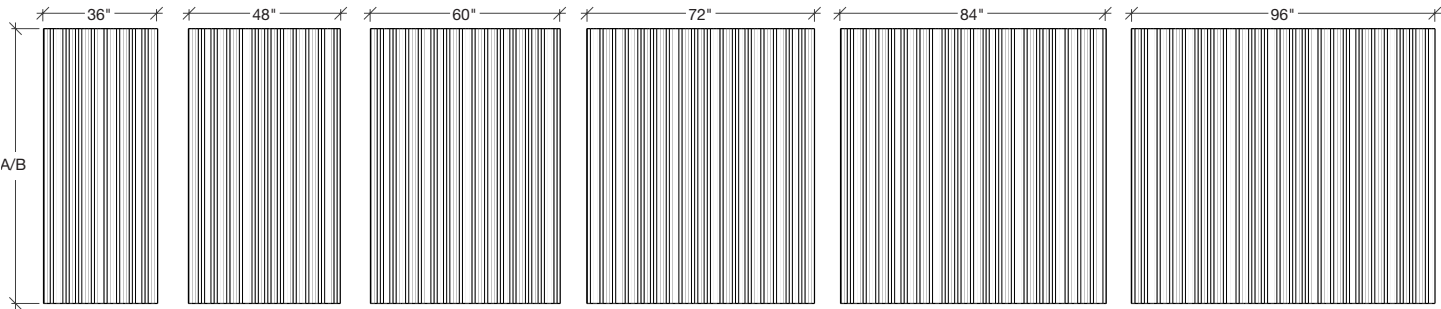

Wide width drapery (110" or over) is intended to be used railroaded to avoid seaming panels together. By turning the drapery 90 degrees, (the width of the fabric becomes the length), the drapery can span any horizontal distance with a seamless appearance.

Drapery Panel Size at 100% Fullness	Wide Width Railroaded (Seamless)	Standard Width (Seamed)
36"	2.5 yds	7 yds
48"	3.5 yds	10 yds
60"	4 yds	10 yds
72"	5 yds	10 yds
84"	5.5 yds	13.5 yds
96"	6 yds	13.5 yds

Different yardage estimates are required for orders of 10+ panels of the same drapery fabric.

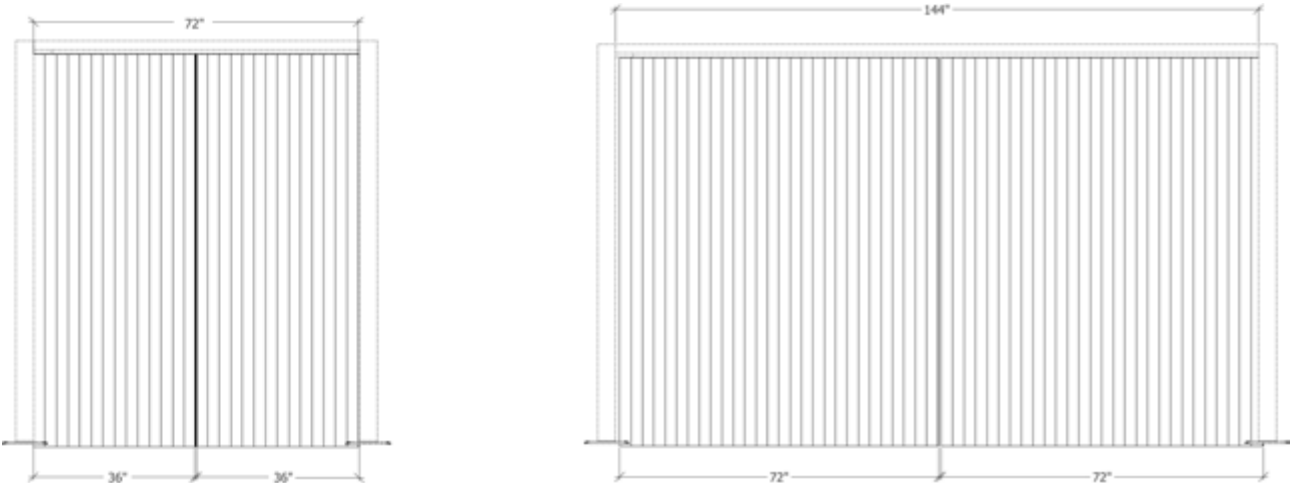

Custom sized panels are available. Please contact your local Knoll Textiles sales representative for information.

DRAPERY PANEL OPTIONS

When measurement of drawing changes (see note below) the part number changes to:
Quantity (2) KT-UD-FK-87-36

Example of a drapery panel kit order number
Quantity (2) KT-UD-FK-87-72

Ordering Process and Part Numbers

FOLLOW THESE STEPS TO PLACE YOUR KNOLL TEXTILES FABRICATION KIT(S) ORDER

- 1 Order cut yardage from Knoll Textiles based on yardage estimates in Drapery Specifications.
- 2 Order Fabrication Kit. Part numbers are found in the chart and follow the logic: KT-UD-FK-(Length-Width)
Note: Refer to vertical & horizontal configuration guides to assure correct measurements.
- 3 Order baton if desired. Clear Plexiglas baton mounts between the first and second snap on either side of the finished drapery.

CONFIGURING PART NUMBERS

KT-UD-FK IS THE BASE OF EVERY PART NUMBER. ADD HEIGHT (CONFIGURATION A OR B) AND WIDTH TO COMPLETE THE PART NUMBER FOR EACH PANEL.

Configuration A

KT-UD-FK-87
87" to floor

L	W	Net Price Per Panel	
		USA	CAN
87"	36"	\$320	\$421
87"	48"	\$400	\$526
87"	60"	\$450	\$592
87"	72"	\$490	\$645
87"	84"	\$590	\$776
87"	96"	\$670	\$882

Configuration B

KT-UD-FK-86
86" to floor

L	W	Net Price Per Panel	
		USA	CAN
86"	36"	\$315	\$414
86"	48"	\$395	\$520
86"	60"	\$445	\$586
86"	72"	\$485	\$638
86"	84"	\$585	\$770
86"	96"	\$665	\$875

KT-UD-B

Baton w. slide	
USA	\$22
CAN	\$34

Purchase orders for cut yardage and fabrication kits should be submitted to Knoll Textiles:

Phone: 866.565.5858
Email: Textiles_orders@knoll.com

Shipping cost estimate based on yardage can be obtained from Knoll Textiles customer service.

Finished drapery panels will be shipped to the given 'ship to' address fifteen (15) days after the workroom receives the fabric.

Drapery panels are shipped folded, please install and steam promptly. Knoll Textiles will not provide field measurements or installation of the drapery kits.

There is a 24-hour cancellation period from the time of PO confirmation from Knoll Textiles.
