## SL-Base Tables

Imaginative in form, function and materials, Islands, designed by Dan Grabowski, shapes the conversation and supports work in a variety of office spaces. Islands includes a range of table styles for use throughout the workplace, including meeting and conference tables as well as side, coffee, dining and café tables.

Featuring a minimalist straight leg that supports a range of shapes and discreetly manages cables via a snap on wire cover, SL-Base tables are available in ten widths, seven depths, seventeen shapes, four heights and three edge profiles.
