

Rockwell Unscripted®

Planning with Creative Wall®

Bring people together to connect, commune and think creatively. Plan distinct areas that define spaces within a space.

Inherently scalable, freestanding walls and frames allow for a range of spaces, from one wall to a series of fluid zones.

As needs evolve, transform a space with new furniture and materials to provide a fresh sense of play and purpose.

PLANNING TYPES

Wall

Delineate the open plan and maximize performance by dropping in a freestanding wall with a whiteboard or TV monitor for easy collaboration.

Frame

Punctuate open space by framing spaces to build unique social and collaborative experiences.

Enclosure

Incorporate accessible privacy that complements the existing floorplan and remains connected to the wider workplace. Enclosures can be planned as individual spaces or as a series of fluid zones. Customizable panels, doors, and ceiling planks offer varying degrees of visual and acoustic privacy, dampening noise and minimizing distractions.

Features

- + Plan spaces with varying levels of aperture and acoustic privacy.
- + Plan scalable and reconfigurable individual and group spaces.

Options

- + Plan with preconfigured walls or build a tailored solution with individual parts.
- + Curated list of paint finishes for columns, crossbeams and feet.
- + Cutouts for a single or double duplex cutout at 18", 24", 30", 36", 42" or 48"H from the ground. Route electrical from the ceiling or the floor.

Sustainable Design

- + FSC® Certified (Certification #: C028824)
- + level® Certified
- + Living Building Challenge Certified
