Digital Print

Custom Capabilities

What Will You Design?

From digitally printed wallcovering, upholstery, drapery and panel fabrics, our Digital Print Custom Capabilities program has you covered.

Create truly one-of-a-kind textiles, combining modern technology with artful design, with our simple and cost-effective process.

Plus, with lower minimums and shorter lead times, customization has never been easier.

Questions?

Please contact your KnollTextiles Sales Representative for more information about Digital Print Custom Capabilities.

1. CHOOSE A DESIGN

Have an original design you want to see come to life? We can help make it a reality. Need some inspiration? Many of our KnollTextiles patterns can be translated to digital print designs for different applications or we can create a unique, ground-up design for you.

2. SELECT A BASECLOTH

We have a wide range of basecloths to choose from including a selection of proprietary textiles from our standard line. If you don't see something that suits your needs, we can source a solution for you.

3. MAKE A STATEMENT

Digital printing is the perfect solution for adding a touch of original design to your project, while balancing the challenges of budget and time.

Let us help realize your vision.
