# Anchor™ Raised Electrical

Product Detail ●

**Knoll**

## Anchor Raised Electrical

Distribute power between workstations or add convenience outlets and USB charging atop storage. The Anchor Raised hardwire electrical system is designed to power up workstations or shared spaces in the absence of a panel.

- A** Position power at the front of the storage to provide easy access to power for height adjustable tables
- B** Flush mount power units add convenient charging to workstations or shared spaces
- C** Flexible conduit allows harnesses to be positioned where needed. Simply bend and secure conduit to navigate through panels or around feet or other obstructions
- D** Black power components visually recede into shadow beneath raised storage for clean appearance

### Warranty 5 years

### STATEMENT OF LINE
