

# Dividends Horizon®

Delivering efficient, go-to workstation solutions  
and exceptional value for private offices, meeting  
rooms and team spaces.

Designed by  
Jeffrey Bernett & Nicholas Dodzuik

## Dividends Horizon®

### Efficient and Proven Design for the Contemporary Workplace

Since its introduction, Dividends Horizon has supported the evolving workplace, pairing proven performance with current planning and technology needs. Dividends Horizon provides spatial impact with a clean aesthetic for both the open plan and enclosed spaces. Easily reconfigurable, workstation elements and freestanding furniture can also be reimaged to address future change.

#### Addressing Workplace Evolution

*Dividends Horizon's neutral, flexible platform pairs well with universal storage, tables, seating, textiles and architectural and acoustical elements—creating custom, cohesive spaces that scale to support transition and growth.*

## Supporting Individual Focus

For a new generation of workers motivated by simplicity and speed, Dividends Horizon creates well-balanced and accommodating individual workspaces—with technology management to match.

### Panels

Dividends Horizon panels, engineered to the industry's highest standards, delineate space and offer tailored privacy within the open plan, while providing efficient power and data access. A wide range of modular components can also be integrated to achieve varying levels of enclosure and space for freestanding furniture.

### Freestanding Spine

Dividends Horizon panel-based spine with flexible access to power and data is an efficient backdrop for freestanding furniture such as height-adjustable tables and mobile storage, creating simple, cost-effective work areas.

*Access to technology is always close at hand with power and data positioned at the desktop level, panel base or anywhere along the vertical edge of a panel.*

## Connecting Individuals and Groups

With three generations in today's workforce, planning spaces that support a variety of workstyles is more important than ever. With a range of height-adjustable or fixed-height worksurfaces, customizable storage, as well as robust power and data distribution, Dividends Horizon delivers effective work areas for collaboration and exchange.

### Applied Wall and Freestanding Desks

Offering a broad range of material options, Dividends Horizon Applied Wall and freestanding desk components create spaces within the workplace that balance collaboration and privacy.

### Tables

From cafés to touchdown and meeting spaces, Dividends Horizon tables are versatile and well-suited for the way we work today.
