Dividends Horizon panels delineate space and offer privacy within the open plan, with multiple options for distributing power and data.

An extensive system of modular components with an enduring aesthetic, Dividends Horizon provides varying levels of enclosure and spaces for freestanding furniture.
Dividends Horizon
Planning with Panels and Gallery Panels

A Topway
B Panel frame
C Panel insert
D Raceway
E Vertical Power Module

Features
+ A wide range of panel heights, screens and add-up glass options provide both privacy and enclosure.
+ Continuous panel inserts span multiple panels to provide a clean monolithic aesthetic up to 96”W.
+ Fabric inserts provide industry-leading levels of acoustic performance: NRC: .7, STC: 11.
+ Metal trim components provide durability and consistent color, gloss and texture.
+ Universal components (posts, trim, inserts) offer cost-effective and efficient reconfigurations.

Planning
+ Enclosure solutions include a range of panel heights plus options for add-up glass and panel stackers, which can be reconfigured as planning needs change.
+ Panels can be planned in L, T, X and 120˚ planning configurations.
+ Product enhancements are backward-compatible to minimize cost of ownership while providing future planning flexibility.
+ Coordinates with Knoll universal storage components and freestanding height-adjustable tables.

Power & Data
+ Power and data seamlessly integrate into the panel with two or more electrical routing pathways.
+ Multiple access points allow users to connect to power and data with ease.

Panel heights from 28.5" to 78", widths from 15" to 60" and 3" depth
