

Dividends Horizon®

Planning with Freestanding Spine

A visually light solution with flexible access to power and data. Ideal for freestanding furniture such as height-adjustable tables and mobile storage, Dividends Horizon Freestanding Spine creates a simple, cost effective solution.

Dividends Horizon

Planning with
Freestanding Spine

- A** Freestanding Foot
- B** Add Up Glass
- C** Panel insert
- D** Raceway
- E** Vertical Power Module

Features

- + A wide range of panel heights, screens and add-up glass options provide both privacy and enclosure.
- + Continuous panel inserts span multiple panels to provide a clean monolithic aesthetic up to 96"W.
- + Fabric inserts provide industry-leading levels of acoustic performance: NRC: .7, STC: 11.
- + Metal trim components provide durability and consistent color, gloss and texture.
- + Universal components (posts, trim, inserts) offer cost-effective and efficient reconfigurations.

Planning

- + A range of privacy solutions include multiple panel heights and add-up glass options.
- + Multiple spines can be connected to span several workstations.
- + Product enhancements are backward-compatible to minimize cost of ownership while providing future planning flexibility.
- + Compatible with Dividends Horizon panels, ensuring long term consistency.
- + Coordinates with Knoll universal storage components and freestanding height-adjustable tables.

Power & Data

- + Power and data seamlessly integrate into the panel with two or more electrical routing pathways.
- + Multiple access points allow users to connect to power and data with ease.
