Knoll

k. screen

Extend

k. screen Extend offers a comprehensive scope of universal screen surrounds in a variety of materials that can be mixed and matched to balance needs for separation, visibility and sound absorption.

A Extend with PET acoustic material creates a quieter focused area for work

B Choose to mix materials, such as cork and metal, to balance performance and aesthetic

C Acrylic offers enclosure without sacrificing visibility; all back panels also offer clearance to accommodate accessories and cables

D The k. screen tray, which can be positioned anywhere along the top edge of the screen, holds worktools and personal belongings, freeing up space on the desk

Warranty

Cork and PET: 1 Year

Metal and Acrylic: 3 Years

STATEMENT OF LINE

Corner Panels

W: 18"
D: 23, 29"
H: 24"

Overlapping Back Panels

W: 36, 48"
H: 21"

Accommodates workspaces sized 42-78"W

MATERIAL FEATURES AND MOUNTING NOTES

- + Corner panels are sold as a pair of L-shaped screens that secure to the top of any worksurface with VHB tape and can be removed with care
- + Corner panels are a continuous L-shape to avoid unsightly mis-alignment of panels
- + Overlapping back panels span between two mounted corner panels and hang with secure metal brackets
- + Overlapping back panels are available in two widths to create continuous surrounds for tops 42-78" wide

PET Acoustic
+ Sound absorbing with NRC value of 0.45
+ Tackable and lightweight
+ Made from 100% recyclable polyester

Metal
+ Metal corners and back panels with and without applied cork or PET is tackable and magnetic, with rare earth magnets

Acrylic
+ Corner and back panels have glass-like transparency
