Keyboard Supports
Keyboard Supports

A key element to maximizing ergonomic comfort, keyboard supports allow users to maintain a neutral posture throughout the day. The Knoll collection of streamlined platforms and mechanisms can be easily adjusted or stowed away to free up valuable work surface real estate.

For the best result, pair any of the three platform options with the mechanism that provides the needed level of adjustability.

A Fluid auto-set height adjustment requires no knobs or additional actions to set the height
B Mouse pads and guards are included to provide a smooth and secure mousing surface
C Platforms can be easily adjusted to accommodate right and left handed users with minimal on-site assembly

Warranty
10 Years

STATEMENT OF LINE

<table>
<thead>
<tr>
<th>DETAILS</th>
<th>MECHANISM</th>
</tr>
</thead>
<tbody>
<tr>
<td>+ Available track length options: 16, 17.75, 21.75, 23, 25” (1” plus the length of the track is the minimum clearance required)</td>
<td>+ Dual pivot option is available on Advanced Easy Lift and Sit/Stand allowing the platform to move independently from the arm, platform can be rotated to extend the mechanism’s reach and to be stowed even more compactly under the worksurface</td>
</tr>
<tr>
<td>+ Adapter brackets available for use with Antenna and Tone height adjustable workstations</td>
<td>+ All mechanisms are designed to meet the needs of the 5th percentile seated female to 95th percentile seated male and meet ANSI/BIFMA standards</td>
</tr>
