

JD Media Table

Meeting Tables

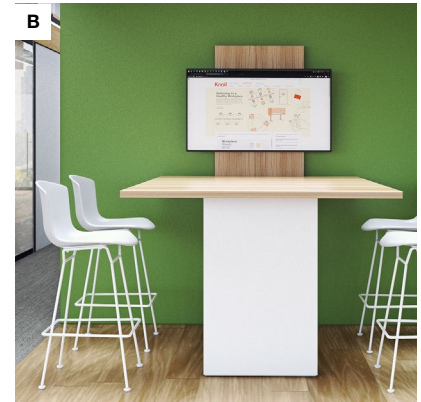

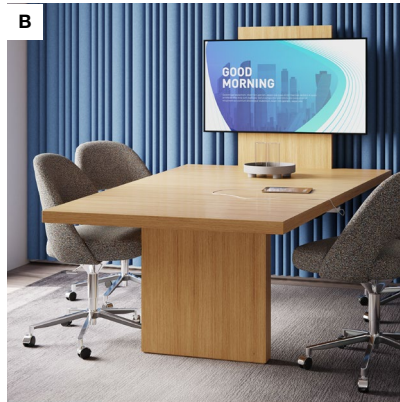

JD Media Table Meeting Tables

The JD Media table was designed to support hybrid work and facilitate in-person and remote collaboration. This solution offers a breadth of planning types that marry table options and the ability to add a full or partial height media wall for wire management.

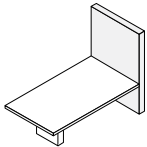

- A** Plan either in the open plan with the freestanding version or in enclosed rooms with installation against an architectural wall
- B** The table-tops are available in two shapes—the classic rectangle or trapezoid to optimize viewing by all in-person and virtual participants
- C** Host sit down or standing height collaborative sessions with two table height options

Warranty
5 Years

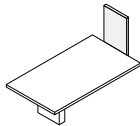

STATEMENT OF LINE
