A Price List Overview
Where do I send my order? How should I maintain my marble table? From textile options to wood polishes, the KnollStudio price list is designed to provide you with everything you need to know in order to understand, specify, and care for furniture in the KnollStudio Collection.

This book is divided into three easy-to-use sections.
- Propeller Table Series
- Pixel™ Tables Series
- LSM Conference Tables

For a quick overview of the collection’s scope, review the Visual Index on pages 3-4. If you’re looking for pieces by a specific designer, try the Designer Index on page 2.

Finishes
For detailed explanations of the many materials used in constructing KnollStudio furniture, consult page 6. A cross-reference of KnollStudio veneer or lumber finishes with standard Knoll Office veneers is provided on page 6. Easy-care maintenance information is also provided on pages 7-8.

Placing Your KnollStudio Order
For information about where to send your order and key terms and conditions, see page 8. The complete Knoll Selling Policy is available on pages 55-56.

General Ordering Information and Knoll’s Sustainability Statement is available on page 243.

Product Information On Each Page
On each page, the following features will assist you:

- Description provides both the pattern number and a basic description of the product.
- Dimensions provide the overall space the product will require. Statistics are based on the maximum width, depth, and height of the product.
- Weight is based on the product itself. It does not include packaging. Weights are rounded to the nearest pound.
- Weights of upholstered items do not include weight of textile/leather. To calculate total weight, multiply covering requirements by textile/leather weight, and add to product weight.
- Pattern Number provides both the product identification number and all additional selections required for ordering. Finish options are enclosed in parentheses. Finish suffix descriptions are found under Finishes on the bottom portion of the page.
- Order Code/Ordering Information outlines exactly how to specify KnollStudio product and the full scope of finishes and other options. The Order Code provides an example of how one pattern number on the page is specified.
- Construction provides specific materials and finishes employed, as well as specific construction details.

Note to Knoll Dealer Sellers:
The products contained in this price list are also available through the Knoll Essentials program, with limited exceptions. For additional information, please contact your customer service representative or visit Knoll Exchange.

For More Information
For more information, contact your KnollStudio representative, a Knoll Space retailer or e-tailer, or telephone Customer Services at 800 343-KNOLL. To find the retailer or showroom nearest you, visit www.knoll.com.
Intertek Clean Air Certification

Intertek’s Clean Air Certification validates the level of volatile organic compound (VOC) emissions from products. VOCs are gases emitted from products and include a variety of chemicals that may effect consumers’ health in the short- and long-term. Both Intertek Clean Air GOLD and SILVER certifications ensure the user-health, safety and sustainability of Knoll products. A selection of Knoll Office and KnollStudio products are Intertek certified Clean Air, most of which are certified GOLD, which imposes more rigorous standards than certified SILVER.

- USGBC LEED credits
- California 01350 Special Environmental Requirements (CDPH)
- California Department of General Service (DGS) Indoor Air Quality Specifications for Open Panel Office Furniture
- Compliant to BIFMA e3 standard credit 7.6.2 and 7.6.3
Materials and Finishes

KnollStudio Natural Materials
Wood and marble are natural materials that vary. Use material samples and printed sample materials as reference only. KnollStudio printed and finish samples offer an example of what an “average” natural material may look like, within a range of acceptance carefully delineated by Knoll. Because of the breadth of variations possible with any natural material, Knoll specialists select these materials with stringent criteria, accepting only the top 3 - 5% of what is available.

Wood

Knoll Natural Veneers
All natural finishes are selected from the finest hardwoods available around the world. Veneers are flat cut and carefully matched so that cathedral or heart patterns are perfectly balanced. Natural veneers also are cut to allow a generous margin of quarter-grain figuring ensuring invisible splicing.

Marble

Knoll selects the highest quality, structurally sound marble through a host of quarries in the United States, Turkey, Spain, Slovenia and Italy. Because each mountain range and quarry have their own signature, every marble piece - even within a single quarry - is unique. Hues, veins, crystals, fossils, clouds, and distinctive marks will vary from piece to piece. This is the extraordinary character of stone as a material. Its high quality and its unique nature give the Knoll tables a feel of incredible sculptural beauty. The following are the marbles that KnollStudio offers:

Coated Marbles

Coated marbles have transparent, high-polish, polyester coating to prevent use-associated stains. Even with this protection, coated marbles should not be used outdoors. Stains should be wiped immediately. Coating will yellow over time.

Satin Coated Marble
Satin coated marbles have transparent satin polyester coating to prevent use-associated stains. This satin finish gives the stone a natural, honed appearance while providing the same protective qualities as the Coated Marbles. Even with this protection, satin coated marbles should not be used outdoors. Stains should be wiped immediately. Coating will yellow over time.

Arabescato
Ivory white with dark grey veining. May contain random green veins.

Calacatta
Ivory white. Gold and beige random veins with additional veins varying from cream to green and grey.

Grey Marble
Grey with black and white veins. Hues vary in tone and intensity.

Polished Chrome
Several-step plating process that includes a heavy layer of nickel for added rust protection and a bright mirror finish.

Satin Chrome
Chrome plating applied for a soft satinized chrome finish with a higher nickel content.

Polished Aluminum
A shiny, polished finish.

Clear Anodized Aluminum
A light grey satin finish.

Laminate
An exceptionally durable plastic surface. Highly resistant to most chemicals and extensive wear.

Vetro Bianco:
Vetro Bianco is an engineered resin free quartz surface. The brilliant white surface is nonporous, stain proof, and extremely durable making it suitable for indoor and outdoor use.

LSM Collection
With proper care, your KnollStudio furniture should last for years to come. To help ensure the longevity of your purchase, below are helpful hints on routine cleaning for your KnollStudio piece. Most basic maintenance can be performed with common household cleaning products.

**Wood**
Clean with a commercial brand of liquid furniture polish twice a month. For stubborn dirt or light scratches, rub lightly with very fine steel wool before using furniture polish. Steel wool Grade #0000 is recommended. To rejuvenate luster, apply a furniture cream as a last step. Do not use water or household solvents; they will destroy the protective finish.

**Marble with Polyester Coating**
Wash with lukewarm water. Wash more thoroughly with Windex, Fantastik, Ivory Flakes in warm water, or other non-abrasive solutions. Rinse with warm water and dry with a soft cloth.

**Vetro Bianco**
Wash surface with lukewarm water. Clean more thoroughly with a non-abrasive solution such as Windex or Fantastik. Rinse with warm water and dry with a soft cloth. Wipe off stains immediately with water and a soft cloth. Never use steel wool or other abrasives on surface.

**Glass/Acrylic Polycarbonate**
Clean with Windex, Fantastik or other non-abrasive cleaning solutions. Wipe dry with a clean cloth.

**Laminate/Melamine**
Scrub with Windex, Fantastik, Mr. Clean, or other household soaps or detergents well dissolved in water, or with a very soft cloth dampened with alcohol or a synthetic thinner. For a dull finish, rub with jeweler's rouge as a polishing agent and finish with paste wax. Never use abrasives. Remove stubborn stains with Soft Scrub.

**Stainless Steel**
Use Windex, Fantastik, or other non-abrasive household cleaners. For small scratches, rub with Comet, Ajax, or other mild abrasives in the direction of the grain. Apply a coat of auto wax to maintain beauty.

**Chrome/Satin Chrome**
Clean with Windex or an automotive chrome cleaner such as Semi-Chrome twice a month. Apply a coat of hard paste wax to protect against moisture.

**Polished Aluminum**
Clean with Windex, Fantastik, or other non-abrasive cleaning solutions. Coat with a hard paste wax semi-annually to maintain luster and prevent discoloration.

**Anodized Aluminum**
Clean with mild soaps, detergents, or other non-abrasive cleaning agents. Apply paste wax or DuPont non-abrasive car polish #7 twice a year to prevent oxidation.

For stubborn stains or discolorations, apply navel jelly aluminum cleaner.

**Urethane Edge**
Clean with household soaps and detergents well dissolved in water. Do not use abrasive cleaning solutions.

**Powder Coat Paint**
Clean with Windex or Endust using a soft cloth. Remove stubborn stains with Soft Scrub.
Placing Your KnollStudio Order

Use the Following Address:
If you would like to send an order directly to our order entry departments, please use the following address:

Knoll, Inc.
P.O. Box 157
East Greenville, PA 18041
Attn: Order Entry
Fax: 215 679-1570
Tel: 800 343-KNOLL

When Placing Your Order, Include:
- All information requested on the order form.
- Local taxes for the “delivered to” address.
- For orders $2,000 or under (including applicable taxes and delivery/installation fees, if any), full payment must be made when order is placed.
- For orders over $2,000, a deposit equal to one-half of the complete order value is required at order placement. Balance must be settled before shipment.

Key Points to Remember:
- All accepted orders will be confirmed in writing on the Knoll standard acknowledgement form. A copy of the acknowledgement will be mailed to the customer prior to production.
- Freight within the 48 contiguous United States and Canada, excluding the Yukon, Northwest Territories and Newfoundland, is prepaid and included in the price of all orders.
- For residential orders, Knoll strongly recommends White Glove delivery service to most locations in the Continental United States and Canada. White Glove service includes inside delivery, unpacking, furniture installation and removing cartons and crates. The fee for this service will be quoted at the point of purchase.
- KnollStudio’s limited warranty covers all furniture against manufacturing defects in this price list for a period of five years after delivery to the customer.
- All pricing is in U.S. dollars.

For More Information:
- For complete Knoll Selling Policy and warranty information, please refer to pages 55-56 in the back of this price list.
- For additional information on KnollStudio, contact your KnollStudio representative, a Knoll Space retailer or e-tailer, or telephone Customer Services at 800 343-KNOLL. To find the retailer or showroom nearest you, visit www.knoll.com.

#### Finishes

- **Colored laminate tops:** Bright White (suffix 118)
- **Engineered stone top finishes:** Black (suffix R5)
- **Steel/anodized aluminum:** Horizontal Brushed Stainless Steel (suffix C)
- **Engineered Stone top finishes (polished, satin):** Coatella (suffix VG, VG2)
- **Engineered Stone top finishes (polished):** Coatella (suffix VG, VG2)

#### Electrical

- **Power Center Cutout Options:** ($150 per cutout)
  - For no Power Center (Y)
  - For Single Power Center, left or right of joining section edge, mid-depth, right (GE2), (GE3), (BE6)
  - For Single Power Center, center, left & right, mid-depth (GG2)
  - For Two Power Centers, left and right, mid-depth (ME2), (ME3), (ME6)
  - For Two Power Centers, left and right, mid-depth (ME2), (ME3), (ME6)
  - For Two Power Centers, left and right, mid-depth (ME2), (ME3), (ME6)

#### Order Code

- **Example:** LSMV22-V-BE2-BC3 (2" x 120" x 60" rectangular conference table, plinth edge, two segments)

#### Specifications

- **Tabletop:**
  - American Walnut veneer (suffix AW)
  - Polished stainless steel (suffix SS)
  - Satin/Satin (suffix SS)
  - Aluminum edge detail (suffix AC)

- **Features:**
  - The LSM Collection Table features a distinctive applied edge detail. The extruded aluminum edge detail is available in a plinth edge profile and is finished to match base finish options. To specify the table, select Plinth edge (P) profile as diagramed below.

#### Notes

- LSM tables are certified Clean Air GOLD.

### Order Code Example

- **L3XV90-VB-C-BE3-AE3-AE3-BE3**

### Finishes

- **Color**
  - Bright White (suffix 118)
  - White Ash (suffix A101)
  - American Walnut (suffix AW)
  - Natural Oak (suffix ON)
  - Fumed Oak (suffix OF)
  - Ebonized Oak (suffix OE)
  - Natural Oak (suffix N)

- **Gloss**
  - High Gloss (suffix HG)
  - Glossy (suffix GG)

- **Electrical**
  - Polished Stainless Steel/Mirror Chrome (suffix C)
  - Horizontal Brushed Stainless Steel/anodized aluminum (suffix SS)

### Specifications

- **Power Center Cutout Options:** ($150 per cutout)
  - Tables can be hardwired using pre-wired boxes, or plugged in with cordset boxes.
  - Table top segments may be specified with zero, one or two cutouts. Individual tables have unique cutout options, please refer to the chart below.
  - Power Centers are available in three sizes and multiple configurations.

### Features

- **LSM Collection**
  - The LSM Conference Table features a distinctive applied edge detail. The extruded aluminum edge detail is available in a plinth edge profile and is finished to match base finish options. To specify the table, select Plinth edge (P) profile. See diagram below.
- **Clean Air GOLD Certification**: LSM tables are certified Clean Air GOLD.
**Designers:** Debra Lehman-Smith and Ron Fiegenschuh

**LSM Conference Table Series with V-Base**

**Rectangular Six Segment Conference Table with V-Base**

### Description

- **Satin S.S./Paint**
- **Polished S.S./Paint**

### Electrical
- **Power Center Cutout Options**
- **Active USB jacks**
- **Knockouts**

### Grommet Options
- **(plus $150 per cutout)**
- **Single grommet, left, mid-depth** (BGG2)
- **Two grommets, left and right** (GGG2)

### Order Code
- **Example:** L3VYP72-(BR)-SS-
- **Metal: Steel/anodized aluminum (suffix SS)**
- **Base/Edge finishes:**
  - Stainless steel base and modern aluminum edge detail (suffix SS)
  - Extruded aluminum edge detail (suffix AE)
  - Polished aluminum edge detail (suffix PA)

### Power Center Cutout Options
- **For Single Power Center (V), left or right of individual table:**
  - (GGG2)
- **For Single Power Center, center:**
  - (GGG2)

### Available Electrical Cutouts per Individual Table
- **LSVY2**
  - Outside Sections: Y, BE2, BGG2
  - Inside Sections: Y, GE2, GE3, GE6, AE2, AE3, GGG2, AGG2

### Features
- **LSM Conference Table:**
  - Two grommets, left and right
  - Two knockouts or four active USB jacks

### Order Code Details
- **LSVY2**
  - BR: Black (suffix R5)
  - Y: White (suffix 118)

### Note:
- LSM tables are certified Clean Air Gold.
Below are the three general configurations of the LSM L-Leg conference tables: square, rectangular with four legs, and rectangular with four corner legs and intermediate support legs.

The L-Leg design maximizes leg clearance using an under-table support structure that allows for a 120° side table with the use of just four legs. Tables wider than 120° are supported with an inset intermediate-supporting leg.

The L-Leg conference tables feature LSM Power center electrical hubs for table top access. Individual tables have cut-out options per section, per table. See chart below:

**Ordering Information**

Specify:
1. Pattern Number, indicating either Plinth (suffix P) or Surround-edge detail (suffix S)
2. Top finish
3. Base-edge detail finish
4. Power Center cut-out option, per section

**Construction**

Top:
- Plastic laminate and wood veneer, 1/4” thick; 3-ply solid particle fiberboard core with balanced backer sheet. Veneer tops come with matching 1/8” solid hickory exterior edges and veneer self-edge at joining section edges. Plastic laminate tops are edged with matching 3mm ABS flat edge band.

The LSM Conference Table Series features two distinctive applied edge details for all top finishes. The extruded aluminum edge details are available in two profiles and are finished to match base finish options. To specify the table, select either Plinth (P) or partial Surround (S), profiles are diagrammed below:

- *Partial Surround only available on glass top.*

**Leg and frame**

The L-Leg conference tables feature extruded aluminum legs that connect to the table surface with four adjustable aluminum corner castings that allow for precise alignment with the tabletop. A steel sub-structure spans the table’s width and provides rigid support for all material options.

**Leveling**

Three leveling glides are located within each v-base column and feature a glide-shroud that eliminates any light gap due to irregularities in the floor.

**Electrical Options:**

Compatible with either a 24” grommet, or the LSM Power Center electrical hub for table top electrical access; individual tables have unique cut-out options per table size.

**Shipping**

Tops, legs, intermediate legs and supporting rails are shipped separately. Tops are proffilled for attachment to legs and support rails.

#### Designers
Debra Lehman-Smith and Ron Fiegenschuh

#### Grommet Options
- Single grommet, left, mid-depth (BGG2)
- Single grommet, center, mid-depth (GE2, GE3)
- No grommets (Y)
- Two grommets per section. All grommets

#### Cut-out Options
- Y: No cutout, segment 3
- GE6: Cutout for L46x2 Power

---

### LSM Collection

#### Order Code
- Example: L3TL40-Y/3-4441-Y-3-
- GGG2
- 60" x 44" rectangular table, plinth edge, three segments

#### Finishes
- **Painted Edge**
  - inside: Y, GE2, GE3, GE6, GGG2
  - outside: Y, BE2, BGG2

#### Available Electrical Cut-outs per individual table.
- L3TL46 outside sections: Y, BE2, BGG2 inside sections: Y, GE2, GE3, GE6, GGG2
- L3TL44 outside sections: Y, BE2, BGG2 inside sections: Y, GE2, GE3, GE6, GGG2
- L3TL42 outside sections: Y, BE2, BGG2 inside sections: Y, GE2, GE3, GE6, GGG2

---

### LSM Conference Table Series with L-Legs

#### Features
The LSM Conference Table features a distinctive applied edge detail. The extended aluminum edge detail is available in a plinth edge profile and is finished to match each finish option. To specify the table, select a Plinth edge (P) profile as diagramed below.

**Grommet Options:** ($150 per cutout)

- Single grommet, center, mid-depth (GE2)
- Two grommets per segment (GE3)
- No grommets (Y)

**Electrical Power Center Cutout Options:** ($150 per cutout)

- L46X2 Power Centers feature 6 simplex outlets and either one knockout or two knockouts.
- L43X1 Power Centers feature 3 simplex outlets and either one knockout or two knockouts.
- L42X1 Power Centers feature 2 simplex outlets and either two knockouts or four knockouts.

### Optional Specifications

- **Pattern Number:** Specify:
  - Y No cutout, segment 1
  - GE3 Cutout for L43x1 Power
  - GE3 Cutout for L43x1 Power

**Note:** For Single Power Center, left or right of joining section edge, mid-depth (BE2), (BE3), (GGG2)

**LSM Collection**

#### Finishes

**Colored Laminate Tip:**
- Bright White (M101)
- American Walnut (M110)
- Natural Oak (M120)
- Fumed Oak (M130)
- Ebonized Oak (M140)

**Engineered Stone Top:**
- Calacatta (GCS, GCS)
- Arabescato (MAS, MAS)
- Vetro Bianco (VBS, VBS)

**Laminated Sheet Veneer Top:**
- Black (suffix 118)
- White (suffix 118)

**Steel/Antiqued Aluminum Finish:**
- Horizontal Brushed Stainless Steel
- Vertical Brushed Stainless Steel
- Anodized Silver
- Anodized Black

**Coated Marble Top Finish:**
- Gold (suffix 80)
- Silver (suffix 80)
- Rose Gold (suffix 80)
- Black (suffix 118)
- White (suffix 118)

**Leg/Edge Finish:**
- Polished Stainless Steel/Polished Chrome (suffix C)
- Horizontal Brushed Stainless Steel/Brushed Aluminum (suffix S)
- White (suffix 118)
- Black (suffix 118)

**Grommet Options:** ($150 per cutout)

- No grommets (Y)
- Single grommet, center, mid-depth (GE2), (GE3), (BE6)

**Power Center Cutout Options:** ($150 per cutout)

- L46X2 Power Centers feature 6 simplex outlets and either one knockout or two knockouts.
- L43X1 Power Centers feature 3 simplex outlets and either one knockout or two knockouts.
- L42X1 Power Centers feature 2 simplex outlets and either two knockouts or four knockouts.

**Tabletop Segments:**
- LSM300: L3XLP92-( )-( )
- LSM400: L3XLP90-( )-( )
- LSM500: L3XLP82-( )-( )
- LSM600: L3XLP80-( )-( )

**Order Code:**

- LSM-Power Center (Y): Y, GE2, BE2, BE3, BE6
- LSM-Power Center (Y): Y, GE3, BE3, BE6
- LSM-Power Center (Y): Y, GE6, BE6

**Features:**

- The LSM Conference Table features a distinctive applied edge detail. The extended aluminum edge detail is available in a plinth edge profile and is finished to match base finish options. To specify the table, select a Plinth Edge (P) profile—diagramed below.

*LSM Collection*

**Finishes**

- Bright White (suffix 118)
- Black (suffix B)
- Mirror Chrome (suffix C)
- Satin Stainless Steel (suffix SS)

**Features**

- The Power Center is a flush mounted electrical hub for tabletop distribution of power and access to data, or audiovisual connections. Available in three sizes, a multitude of interior configurations, and either as a 15 amp cord set, or a 20 amp prewired version. The L42X1 is available as a cord-set version only, with two simplex electrical outlets and either room for one data faceplate, or with two active USB charging outlets. The L43X1 is available as either a cord-set version with two alternating circuits, or as a prewired version, available as two alternating circuits, with three simplex electrical outlets and either room for one data faceplate, or two active USB charging outlets. The L46X2 is available as either a cord-set version or a prewired version, available as two alternating circuits, with six simplex electrical outlets and room for two data faceplates, or two active USB charging outlets, or a combination of two active USB charging outlets and one data faceplate.

- All cord-set boxes feature a convenience outlet located on the underside of the box. 108" flexible power cord.

- UL Listed.

**Finishes**

- Bright White (suffix 118)
- Black (suffix R5)
- Mirror Chrome (suffix C)
- Satin Stainless Steel (suffix SS)

**Features**

The Power Center is a flush mounted electrical hub for tabletop distribution of power and access to data, or audiovisual connections. Available in three sizes, a multitude of interior configurations, and either as a 15 amp cord set, or a 20 amp prewired version.

- Power Centers feature a simplified four wire distribution system, with easy to connect jumper cables (sold separately). This option does require hardwiring from building power to the first Power Center using a power in-feed cable, sold separately.
- Alternate between circuits when ordering multiple boxes for a single run.
- Note: Power Centers use Propeller electrical Plexus communication and data faceplates.

</tr>
</tbody>
</table>

**Specify:**

1. Cable type
2. Cable length

### Features

For use with the LSM electrical Power Centers.

Interconnecting cables ensure power connection in a straight line configuration. Link multiple units together without the hassle of sequential placement. Interconnecting cables are a four wire, two circuit system. Hardwire starter cable is required to connect first Power Center unit to building power.
**Features**

**Ribbon Vertical Wire Manager:**
- The ribbon vertical manager, designed by LSM, is a mirror chrome spring that serves as a conduit for vertical cable management. Spring diameter is 2.5".
- Die-cast aluminum flanges terminate the top and bottom of the spring and are finished in a smooth medium grey powder coat paint.

**Antenna Vertical Wire Manager:**
- The Antenna vertical manager serves as an enclosed vertical cable conduit for vertical cable management. Offered in two painted options.
  - Antenna finishes: Black (suffix 111T), Bright White (suffix 118T)

**Power Port Electrical:**
- The Power Port trough offers under table access to electrical power within the center trough of the V-Base table series.
  - Available in hard wire or cord set, the box offers two simplex electrical outlets and four active USB charging outlets.
  - The easy to mount boxes simply fit into existing cut outs and are secured using thumb screws (included).
  - UL Listed.

**Order Code**

- **L4XXSW**
  - Power Port Electrical, 2 Power Outlets, 1 USB Power Hub, 120V soft cord
  - $832

- **L4AXHW**
  - Power Port Electrical, 2 Power Outlets, 1 USB Power Hub, 120V hard wire whip
  - $965

**Terms & Conditions of Sales**

This Selling Policy supersedes all previous selling policies. Prices, discounts and product offerings are subject to change without notice.

**Ordering Information**

All orders must be in writing. The product pattern number(s) contained on Seller's order acknowledgement shall be the final expression of the order.

**Order Confirmation**

A purchase order is not binding on Seller until Purchaser has received Seller's order confirmation or acknowledgment.

**Pricing Policies**

List prices are subject to change without notice.

**Taxes**

List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other taxes are included in Seller's list prices.

**Changes and Cancellation**

Purchase orders may not be changed or cancelled, in whole or in part, without prior written consent of Seller. Changes may effect delivery dates. Expenses incurred because of changes shall be charged to Purchaser. In the event of cancellations, Purchaser shall be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including "COM" (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled.

**Freight Prepaid**

Freight is prepaid and included in the price of all Products, except KnollTextiles, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice.

**Delivery/Freight Charges**

Shipments outside the contiguous 48 United States and Canada shall be shipped F.O.B. Origin. For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination.

**Claims**

All shipments for Knoll Products within the contiguous United States and Canada are F.O.B. Origin. All risk of loss passes to Purchaser at time of delivery to carrier. Purchaser shall inspect all Products upon receipt and notify Seller within ten (10) working days after receipt of any damage or defects which are, or should be, apparent from an inspection of the Product and its packaging. Failure of Purchaser to notify Seller within the ten (10) working day period shall constitute acceptance of the Products and waiver of any apparent defects, errors or shortages. For all claims relating to Product damaged in transit or for any other claims relating to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser for such claims. Seller may, upon request, assist Purchaser with filing of such claims with the carrier, but Seller will not be liable for any of these transportation related claims.

**Seller's Security Interest**

Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.

**Returns**

The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) restocking charge. Product not currently offered for sale by Seller (including "COM") shall not be authorized for return. All returned Products must be unused, in original condition and the original Seller packing cartons. No refund or credit shall be given for damaged Products.

**Held Orders/Storage**

If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.
Selling Policy

Customer's Own Material

A Purchaser who requests a fabric or other surface material not standard to Seller’s line of Products (“COM”) must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to the use of the COM on the Product.

Warranty

Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below. Warranty period set forth below is for 24-hour, 7 days a week, multi shift use (includes parts and labor to repair).

Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.

2 Years: Anchor Storage digital locks, Quoin digital locks, all other KnollExtra product and KnollTextiles Ultrasuede.

This warranty does not apply to:

- Damage caused by a carrier other than the Seller.
- Normal wear or tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).
- COM or other third party materials applied to Products.
- Products not installed by or under the auspices of a Knoll Dealer.
- Dramatic temperature variations or exposure to unusual conditions.
- Changes in surface finishes, including colorfastness due to aging or exposure to light.
- Except as specifically noted above, textiles and upholstery supplied by KnollTextiles and Spinneybeck FilzFelt (consult current price lists for applicable warranties).

Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures, or surface hardness of such materials. The Seller also does not guarantee the colorfastness of fiberglass panel surfaces.

WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

THE EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

The remedies provided above are the Purchaser’s sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with respect to or arising out of the Product furnished hereunder.

Delay/Force Majeure

Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of war or terrorism, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wars or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delay, allocate available Product or cancel any purchase order.

Compliance with Law

PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.

Patents

Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediate, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding, Seller shall pay all damages and costs awarded in such suit or proceedings so defended.

The foregoing indemnity does not apply to the following:

- Products supplied according to a design other than that of Seller, and which is required by the Purchaser.
- Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.
- Any settlements of a suit or proceeding made without Seller’s written consent.

Limitations of Liability

SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.

Purchaser’s remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.
General Ordering Information

The Products
This guide encompasses all standard products for this product group.

Sizes
Dimensions listed in this guide are indicated as:
H = height
W = width
D = depth
Dia. = diameter
Rad. = radius

Pricing
All prices shown are list.

How to Order
Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item’s “designated area” can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:
Knoll, Inc.
1235 Water Street
P.O. Box 157
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll’s environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such “green” initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to knoll.com, click on “About Knoll” and then “Environmental Focus.”
