An Overview

In the first part of the Price List you’ll find Lighting and Power Series.

The second part features a full range of desktop accessories including Smokador and Orchestra, perfect for panel-mounted or freestanding application.

Part three offers a broad range of systems support products, including technology management and communication boards.

Can’t find it? Consult the Table of Contents on page 1 or the Alpha-numeric Index on page 188.

Product Information on Each Page

The KnollExtra Price List was designed to provide you with everything you need to know in order to understand, specify, and care for KnollExtra products. On each page, the following features will assist you:

Description/Construction explains salient features, capabilities, materials, and country of origin.

Dimensions provide the overall space the product will require. Statistics are based on the maximum width, depth and height of the product.

Weight is based on the product itself. It does not include packaging or complementary items such as pens, memo paper or calendars.

Order Code/Ordering Information outlines exactly how to specify KnollExtra product and the full scope of finish options. The Order Code provides an example of how one pattern number is specified.

Custom Options reviews availability of special sizes, finishes etc.

For More Information

For more information, contact your Knoll sales representative, telephone Customer Service at 1-800-343-5665, or visit one of the Knoll showrooms listed on the last page of this book.

A Word About Finishes

KnollExtra finishes are designed to complement a broad range of interiors and office products.

Key KnollExtra finishes coordinate with specific Knoll systems finishes:

Placing Your Order

Use the Following Addresses

If you would like to send a standard lead time order to our order entry department, please use the following address:

For North American orders:
Knoll, Inc.
1235 Water Street
East Greenville, PA 18041
Attn: Order Entry

Fax: 215 679-1788
Tel: 800 343-KNOLL

All accepted orders will be confirmed in writing on the Knoll standard order confirmation form.

Ship-Complete Orders

Orders that must ship complete are to be so stated on the purchase order. Products with different lead times, combined on one order, can be acknowledged for shipment based on the longest of those lead times. Orders not marked “ship complete” will be released according to the confirmation, and invoiced in increments.

For More Information

For complete Knoll Selling Policy and warranty information, please refer to page 191 of this price list.

For additional information on KnollExtra, contact your Knoll representative, a Knoll dealer, or telephone Customer Services at 800 343-KNOLL.

Maintaining Your Purchase

Maintenance
While KnollExtra relies on highly durable materials in each product line, regular basic maintenance will ensure the longevity of your product. Most stains, marks, and discolorations can be removed by following the simple instructions outlined on this page.

Plastic
Windex and a dry cloth.

Stainless Steel:
Windex and a dry cloth.

Antique Brass, Brushed Zinc and Black Oxide:
A damp cloth with no cleaning agents.

Satin Brass:
Pledge.

Linoleum:
Windex and a dry cloth.

Contemporary and Traditional Standard Leathers:
Mild soap and water on a soft cloth.

Spinneybeck Leathers:
As a result of the high quality aniline dye process, most scratches or minor stains can be removed simply by gently rubbing them with your fingers. The body’s natural oils revitalize the leather. For stubborn stains, use mild soap and water. Take care to wash the surface evenly since soaps may slightly alter the leather’s tonality.

Surf Collection:
Wipe nylon skin using warm water and mild detergent. Do not use abrasives.

Office Automation Accessories/Storage Drawers:
Clean with a soft cloth and Windex, Fantastik, Endust or other non-abrasive household cleaners. Remove stubborn stains with SofScrub.

For Surf Board and VDT Sleeve soft touch paints, never use abrasives. Clean with lukewarm water and a soft cloth.

Marker Boards:
For day-to-day use, surface requires only a dry cleaning with a standard felt eraser or dry cloth. For best results, keep marker board and marker pens at room temperature. KnollExtra suggests Bic Great Erase BOLD marker pens which are designed for use on marker boards. All marker pens should be tightly capped and stored horizontally when not in use.

Follow the instructions below as a periodic maintenance program, or to remove stubborn stains:
1. Clean with EV-1 or any liquid ammonia-added cleaner and rinse with clean water, then dry. For best results, wash board like a window with sponge and squeegee.
2. Interim cleaning may be done by sprinkling a dry powdered cleanser on an eraser and applying to the board in a circular motion. Rinse with clean water, then dry.
3. To remove crayon, scotch tape, or other stubborn materials, apply a mild solvent or paste made with scouring powder and water.

Fabric Boards:
Despite the durability of most panel textiles, fabric boards are subject to long-term soiling and wear. A regular maintenance program will significantly lessen soil and dirt build up or staining on your fabric boards. Cleaning is particularly important in areas adjacent to air conditioning or ventilation systems.

Remember to consult the care instructions provided by the fabric manufacturer. The general recommendations below should apply to most fabric boards.

1. Avoid excessive heat or moisture which can affect finishes and adhesives. Never allow fabric panels to become wet inside the core. Room temperature should be maintained between 50 and 85 degrees; humidity should be maintained between 20 and 50%.
2. Avoid contact with sharp edges which could puncture the surface.
3. Do not handle fabric boards more than necessary. Avoid bending or flexing the panels; this could break the bond between the surface and core materials.
4. Grease or oil should be wiped off immediately upon contact. Remove excess grease or oil by blotting. Use hot water and mild soap to remove any remaining residue.
5. Whenever possible, clean only with warm water and mild soap. Use caution when applying cleaning agents, particularly those that contain alcohol, strong alkalies, or solvents. These ingredients may react to the vinyl backing or adhesives used in the fabric boards. Always test cleaning agents on fabric from the rear of the panel before using on the front.
6. Care should be taken in using strong room cleaners or pesticides. Their fumes may contain agents which lead to the loosening of the fabric board glue bond.

Pop Up Screens:
Clean with soap and water. For greasy stains, use a cleaning agent, first testing in a less visible area.
## LED Light Series: Sparrow®

</tr>
</tbody>
</table>

### Additional Information

- *Sparrow* is available in a black or white light finish with stainless steel or black frame.
- Occupancy sensor (LED PIR) can be added to any LED light and must be ordered separately.
- UL Listed.
- Open table clamp for use on open edge work surface and with a minimum of 3 1/16" from back edge of work surface to wall, screen or panel. Work surface thickness minimum of 0.7", maximum of 1.5".
- Panel table clamp for use with a minimum of 3 1/16" from back edge of work surface to wall, screen or panel. Work surface thickness minimum of 0.9", maximum of 1.7".

### Light Source Information

- 9 watts single multichip LED
- 50,000 hours lifespan

### Height Range

- Articulates 18° to 90°
  - Table clamp: 2.5" to 21.4"
  - Antenna beam side: 3.5" to 22.3"
  - Freestanding: 4.3" to 23.2"

### Construction

- Lamp: LED, cast aluminum housing, stainless steel frame and plastic reflector and lens.
- Table clamp mount: steel.
- Antenna beam side mount: die cast aluminum.
- Freestanding base: plastic and cast iron.
- Occupancy sensor: extruded aluminum body, plastic face, end caps and lens.

### Design Awards

- Best of NeoCon 2013 Silver Award.
- Sparrow is TAA compliant.

**Order Code**: LED-2-AD-19-01-BLK

**Light Source Information**

- **19**: 9 watts, 35 LEDs.
- **37**: 17 watts, 70 LEDs.
- **67**: 31 watts, 126 LEDs.
- **79**: 35 watts, 140 LEDs.

50,000 hours lifespan.

**Construction**

- Highwire: LEDs, extruded aluminum housing, plastic reflector end caps.
- Occupancy sensor: extruded aluminum body, plastic face, end caps and lens.

**Design Awards**

- Best of NeoCon 2013 Silver Award.
- Highwire is TAA compliant.

---

**Ordering Information**

Specify:

1. Pattern number
2. Type of light
3. Length
4. Connector where required
5. Finish

**Type of Light**

- **Individual**: Ships with power source
- **Adder**: Ships without power source for interconnection purposes

Highwire can be interconnected up to a maximum of 65 watts.

**Connector**

- 01: In-line
- 03: 3”
- 12: 12”
- 24: 24”
- 36: 36”

**Finish Options**

- Black (BLK)
- Silver (SLV)

**Additional Information**

- Light ships with magnet and wood screw-in mounts.
- Occupancy sensor (LED PIR) can be added to any light and must be ordered separately.
- Occupancy sensor requires an additional 4.5” of clearance in addition to the length of the light.
- UL Certified.
- ETL Certified.

**ACT**  
Activity Spaces  

**PW**  
Power Collection  

**PC**  
Power Cube  

**36-36-13**  
36" x 36" x 13"  

**TE**  
Electrical outlets on one side  

**Ordering Information**

**Specify:**  
1. Pattern number  
2. Finish note:  
   - Power Cube finish is white markerboard paint.  
   - Optional Magnetic Accessory Cup must be specified in one of the following finishes:  
     - Code: Description  
       - 111: Jet Black  
       - 115: Medium Grey  
       - 118: Bright White  
       - 130: Dark Red  
       - 131: Slate Blue

**General Notes**

Each electrical module has either 4 outlets or 3 outlets and 2 USB ports, depending on specification.  

Power Cube is 13" high with 4 levelers. Hard wired comes with 72" whip. Cord set comes with 72" cord with a 3-prong plug for 120V outlets. Base includes one slot per corner for choice of cord exit.  

Power Cube:
- Powder coated steel, steel and nylon levelers  
- Magnetic Accessory Cup: See page 44  

Magnetic Accessory Cup:
- See page 44

**Construction**

**Note:** Each Power Cube comes with a whiteboard finish and ships with 4 dry erase markers (blue, green, red and black) and a microfiber cloth eraser.  

To prevent dry erase markers from drying out, store them with the cap down in the optional cup.  

**Markerboard Cleaning Cloth**
- 40 x 30 cm microfiber cloth
  
**Markers**
- Set of 4 markers

**Construction**

Die cast aluminum with textured powder coat paint, wool felt insert, neodymium magnets and steel fasteners.

Pencamakers and items sensitive to magnetic fields should be kept 3.3 in. from product.

**Note:** A non-magnetic version of this accessory cup is available on a separate price list (replace MG in pattern code with IP, see Antennas Workspaces price list for pricing) and Scribe Mobile Markerboards (see page 194 for specifications and pricing).

To prevent dry erase markers from drying out, store them with the cap down. To protect magnetic surface, avoid dragging the cup when repositioning.

**Order Code**

**Ordering Information**

1. Pattern number

**Mounting Options**

- **Worksurface Mounted Bracket**: Metal posts attach to underside of worksurface with C-clamp, raising Load Bar 10” above worksurface. Usable on worksurfaces 7’’ - 1 1/2” thick. There should be at least 1” of space between the back of the desk and the surface behind (ie. it cannot be flush). Set of 2 brackets. For Load Bars wider than 66”, order additional brackets. For use with load bars and 6 1/2” slat boards only.

**Custom Options**

- **Brackets are currently available for virtually every major office system**. Panel mounted brackets can be mounted on Orchestra® slat wall only when mounted on an architectural wall. Please review before mounting. Please see p. 134 for flat panel monitor support mount options.

All Sapper mount kits for Horsepower include sleeve arms in black finish only. The mounts which attach to the Horsepower are available on all Antenna colors.

Mounting and Application Information

To mount monitors on Horsepower, counter weights are necessary to keep the unit stable. A down-mounted cabinet or metal shelf along with a ballast kit are required, available in the Antenna price list. Please reference the Horsepower Technology Cart planning guide.

Sapper Monitor Arm kits can be mounted to 30", 36" and 48" wide independent Horsepower and support screen widths up to 32", 36" and 50" wide overall on corresponding units.

Horsepower, down-mounted cabinet or shelf and ballast kit must be purchased separately, available in the Antenna price list.
Sapper™ Monitor Arm Collection

Horsepower Mounting Options
by Richard Sapper

Description

Horsepower Mount - order one for each mast

Horsepower Mount and VESA plates can be ordered separately for planning flexibility.

To mount monitors on Horsepower, counter weights are necessary to keep the unit stable. A down-mounted cabinet or metal shelf along with a ballast kit are required, available in the Antenna price list. Please reference the Horsepower Tech Cart planning guide.

Sapper Monitor Arm kits can be mounted to 30", 36" and 48" wide Independent Horsepower and support screen widths up to 32", 38" and 50" wide overall on corresponding units.

Ordering Information

Specify:

1. Pattern number
2. Finish where required

Horsepower Mount finish options:
- Jet Black (111)
- Bronze (112)
- Dark Grey (113)
- Folkstone (114)
- Medium Grey (115)
- Sandstone (116)
- Soft Grey (117)
- Bright White (118)
- Dark Red (130)
- Slate Blue (131)
- Beige Mist Metallic (611)
- Medium Metallic Grey (612)
- Silver Metallic (613)

Mounting and Application Information

To mount a monitor up to 20lbs.
- order one Sapper 24" mast, a Sleeve Arm, movement joint and one Horsepower Mount.

To mount a monitor up to 30 lbs.
- order two Sapper 24" masts, two Sleeve Arms (no movement joint needed), two Horsepower Mounts and a corresponding VESA plate.

Horsepower, down-mounted cabinets and ballast kits must be purchased separately, available in the Antenna price list.

Sapper™ Monitor Arm Collection
Mounting, Construction and Application Information

Mounting and Application Information:
All Sapper standard monitor arms:
• Maximum weight of 20 lbs per arm, weight limits vary by mounting option
• Ship with fixed release joint movement
• Accommodate three monitors weighing 18 lbs or less per arm at an angle of 20° to 45° for flat positioning (single mast). To each other in a row. Clients can accommodate larger screens in triplets by using mounting screws to a particular position.
• Arcuate and lightweight (standard arm weighs only 2.6 lbs)
All Sapper 50 monitor arms:
• Maximum weight of 50 lbs per arm and single 30 lbs per double, weight limits vary by mounting option
• Ship with fixed release joint movement
• Accommodate three monitors weighing 18 lbs or less per arm at an angle of 20° to 45° for flat positioning (single mast). To each other in a row. Clients can accommodate larger screens in triplets by using mounting screws to a particular position.

Sapper Monitor Arms are intended to be connected directly to monitors or VESA plate adaptors. Monitor arms are not intended to support any additional devices that are connected to the selected monitor arm and will void their warranty.

"Please note a larger size (e.g., 24" monitor) does not necessarily equate to a higher weight limit. It is key to understand the application to the selected monitor arm. This configuration is intended for use with a maximum 14.5" wide monitor or television (see screw sizes listed above) and a monitor arm with a maximum 2.6 lbs.

Please note the Compact Arm Direct Wall Mount cannot be used for multiple monitors.

Monitoring:
Our Sapper monitor arms are compatible with the international Video Electronics Standard Association (VESA) standard and a monitor must be compliant with this standard to be mounted on this monitor arm. The standard maximum joint (20 lbs maximum) has the VESA standard 75x75 mm and 100x100 mm and 100x100 mm (3.94" x 3.94") bolt pattern, the Sapper 50mm joint (50 lbs maximum) has the VESA standard 100x100 mm (3.94" x 3.94") bolt pattern. If your customer has a recessed monitor back with only 75 mm x 75 mm holes, additional space will be needed to ensure proper fit for your Sapper Monitor Arms. Please refer to the Compact Arm Direct Wall Mount for more details including part and pricing information.

A VESA plate adapter may be necessary for larger monitors and televisions and can be ordered separately in the sizes of 100x100 mm (M5 screws), 200x200 mm (M6 screws), 300x300 mm (M6 screws) and 400x400 mm (M6 screws). See separate installation instructions and may require spacers. Knoll VESA plate adapters ship with screws to attach the adapter to the Sapper VESA plate but no ship with screws to attach the adapter to the monitor or television (see screw sizes listed above). English size equivalents may be needed instead; screw length is dependent on the particular monitor or television and should be tested prior to installation to ensure correct length. Knoll is not responsible for incorrect screws.

Knoll and its dealers will not take the responsibility for mounting the monitor to the arm. The customer must confirm VESA monitor compliance and mount the monitor to the monitor arm.

The most common screw is M5 6mm and M5 10mm. Please follow installation instructions closely (e.g., please use kit box shipped as well as Knoll Exchange)."
Sapper™ Monitor Arm Collection
Mounting, Construction and Application Information

For use on architectural walls only as outlined further on this page. Knoll cannot be held responsible for the structural integrity or a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight.

Sapper 50 Direct Wall Mounting (for Sapper 50 monitor arm):
For single monitor mounting, you can use either the direct wall mount or a standard arm with the Sapper 50 mount. Please note that the Sapper 50 Direct Wall Mount is specific to the Sapper 50 arm. You cannot use the standard mount with the Sapper 50 arm or a standard arm with the Sapper 50 mount.

For use on architectural walls only as outlined further on this page. Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight.

Interpolo Mounting
Sapper arms can be mounted on either the slot or channel sides of Interpolo with the proper mount. Mounts can be moved after installation but the pole may have residual markings.

If screens are mounted on the slot side, use the channel mount. If overheads are mounted on the slot side, then a Sapper/XYZ with extended channel mount will be necessary for full adjustability.

Cable Management:
Monitor Arms
External cable management allows for easy installation and removal of monitors. There are gates under the arm that will contain wires from the monitor to plastic cable management clips that go on the mast to accommodate multiple monitor wires.

Height Adjustment
Rotation, Swivel, Tilt and Depth Adjustment

Fast Release
Fast Release:
Monitor Arms
Allows for swift installation and removal of flat panel monitors by merely popping the quick release pin up to remove monitor with movement joint/back plate attached.

Set Screw to Prevent Arm Removal

Compatibility:
The Sapper Monitor Arm Collection is not compatible with the Wishbone Flat Panel Monitor Support System (i.e., Wishbone, Zorro or Rotation Arms) and most VESA mounts.

They have been designed independently and as such parts from one system cannot be used with the other.

Monitors cannot be mounted on KnollExtra® Orchestra® load bars.

Installation Instructions:
Comprehensive installation instructions will be shipped with product and are also available on Knoll Exchange for easy reference.

Beams:
- Die-cast aluminum with a cold rolled steel top plate
- Mast: anodized aluminum extrusion
- Beams: anodized extruded aluminum
- Adjustment knob: nylon undermold with a TPU sleeve
- Movement joint (includes fast release monitor plate): plastic bushings, zinc and plastic molded plastic tilt friction components and glass filled nylon VESA plate
- Movement joint slide: aluminum, powder coated silver
- VESA plate adaptors: steel
- Table clamp, grommet mount, fixed table mount
- Antenna center beam center mount: steel
- Slot wall and wall mount (both mast mount and direct, both standard and compact arms): die cast aluminum with steel back plates
- Double arm bracket: die cast aluminum, steel top plate, extruded aluminum posts, plastic upper and lower bushings
- Triple support arm bracket: die cast aluminum, steel top plate, extruded aluminum posts, plastic upper and lower bushings
- Mast-to-beam bracket: aluminum, powder coated silver
- Cable management: transparent polycarbonate clips onto the mast and beams, plastic gates under standard arms
- Antenna and Quadripole support arm bracket: die cast aluminum
- Two-Piece Table Clamp, Deep Table Clamp, Heavy-Duty Table Clamp, Grommet, Fixed Table and Antenna Center Beam Table Mounting: steel
- Antenna Table Center Beam Side Mounting: die-cast Aluminum
- Slot Wall and Wall Mounts (both Direct Mast Mounting, Direct Mounting and Sapper 50 Direct Mounting (for both standard and compact arms): Die-cast Aluminum with steel back plates
- Quadripole arm bracket: Die-cast Aluminum
- Horsepower mounts: die-cast aluminum, powder coated. Steel VESA mounts.

For installations with Fast Release Wall Gerbs, simply pull the cord down while lifting the top of the monitor up.

Thief Deterrence:
All movement joints come with a set screw within the fast release pin, to prevent fast release if so desired. Also there is a set screw at the top of the mast to deter removal of the entire arm and monitor from the mast.

Deactivate Fast Release with Set Screw

Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight.

Sapper™ Monitor Arm Collection
Mounting, Construction and Application Information

For use on architectural walls only as outlined further on this page. Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight.

Sapper 50 Direct Wall Mounting (for Sapper 50 monitor arm):
For single monitor mounting, you can use either the direct wall mount or a standard arm with the Sapper 50 mount. Please note that the Sapper 50 Direct Wall Mount is specific to the Sapper 50 arm. You cannot use the standard mount with the Sapper 50 arm or a standard arm with the Sapper 50 mount.

For use on architectural walls only as outlined further on this page. Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight.

Bright White (116)

Silver Monitor Arm Finish Options:
Silver (003)

Ordering Note
Due to extensive adjustability of Sapper XYZ monitor arms, a mock-up is recommended to ensure it is suited for the specific workstation, particularly if placed in front of a wall or panel.

Mounting and Application Information
See page 166 for comprehensive mounting, application and construction information.
Double Cockpit

For Sapper XYZ Crossbar, the maximum outer horizontal position per arm is 20.43" for a cockpit position flush next to each other.

Sapper XYZ Crossbar

Double Flat

For Sapper XYZ Crossbar, the maximum outer horizontal position per arm is 20.43" for a cockpit position flush next to each other.

Sapper XYZ Crossbar

- Fold into themselves to be highly compact at less than 2 inches when fully compressed
- Offer 153 degrees of monitor tilt up and down, 180 degrees of rotation, and 360 degrees of rotation in all directions
- Quick-release pin for a flat positioning flush next to each other

Double Flat

Key Note: Flat panel monitor manufacturers refer to their products by diagonal screen measured diagonally, but it is not necessarily 19" horizontal width (refer to manufacturer’s specifications for specific overall height and width).

Monitor Mounting:

All Sapper XYZ monitor arms are compatible with the international Video Electronics Standards Association (VESA) industry interface standard (75 mm x 75 mm and 100 mm x 100 mm hole patterns or 2.95" x 2.95" and 3.94" x 3.94"

Monitor Specifications:

- Weight spec:
  - A VESA plate
  - Add monitor support
  - Add 20" lbs
  - Add 10 lbs
- Weight spec:
  - A VESA plate
  - Add monitor support
  - Add 20" lbs
  - Add 10 lbs

Fixed Table Mounting:

- Installations will need to drill a permanent hole into the workface so the post will be fixed to a dedicated location on the workface. Please note with this mounting, the mount will not be able to move without leaving a permanent hole. The workface must be of adequate structure (Knoll cannot be held responsible for the structural integrity of non-Knoll workfaces).

Antenna Table Center Beam Side Mounting:

This mount allows you to see the flip door while allowing for maximum workface usage and individual height adjustment without the need to stagger users. Please note a flat panel can be mounted in the center beam with a monitor arm in front of it. The fit will be snug and flush with the screen.

Cable Management:

External cable management allows for easy installation and removal of monitors and keeps wires tidy to the electrical socket. On Sapper XYZ single arms and Sapper XYZ 30 arms there is a cable management block in the channel under the arm that will contain wires from the monitor to the cable management clip that goes along the arm. On Sapper XYZ Crossbar, there are two hook and loop fastener strips on the channel to neatly wrap cables down to the plastic cable management clip attached to the post.

Arm Adjustment:

The Sapper XYZ monitor arms offer infinite height and individual touch adjustment. To adjust the height, you simply lift the monitor to the desired position. To adjust the depth, you simply pull or push the monitor arm in or out. You can also rotate the monitor 360 degrees for landscape or portrait viewing; adjust the extended back and forth 110 degrees and tilt and up and down 150 degrees. The single arm folds in and out from 2" fully compressed to approximately 2.4" when fully extended. Sapper XYZ Crossbar folds in and out from 4.0" fully compressed to 10.38" when fully extended.

Due to the extreme adjustability of Sapper XYZ monitor arms, a mock-up is recommended to ensure it is suited for the specific workface, particularly if placed in front of a wall or panel.

Weight Adjustment:

The Sapper XYZ and Sapper XYZ Crossbar monitor arm is preset for a 10 lb monitor on a single arm and 18.5 lbs on a Sapper XYZ Crossbar. Other monitor weights up to 20 lbs can be accommodated by adjusting the weight adjustment nut to the proper weight using the 1/4"-20 UNC x 1" fully compressed screw on the lock of the movement joint. Note that the 20 lb setting is not viable for all monitor weights and with the monitor, check weight to decrease weight to the appropriate level. The arm should be held in a downward position if increasing the weight and in an upward position if decreasing the weight. When proper weight is set, the arm should stay exactly where you place it.

Temperature Note: Sapper XYZ Crossbar’s gas strut weight tolerance performance may be reduced by 1-2 lbs when used in temperatures above or below typical office temperatures.

Fast Release:

Allows for quick installation and removal of flat panel monitors by merely popping the quick release pin to remove monitor with movement/joint back plate attached. Be sure to lift the arm to the highest position before removing monitor, as the arm will quickly move upwards.

Thrift Determination:

All movement joints come with a set screw within the fast release pin, to prevent fast release if so desired.

Compatibility:

The Sapper XYZ monitor arms are not compatible with the Sapper Monitor Arm Collection. It has been designed independently and as such parts from one system cannot be used with the other, with the exception of the movement joint. Finish colors are consistent across the Sapper XYZ and Sapper Monitor Arm Collection portfolios.

Installation Instructions:

Comprehensive installation instructions will be shipped with product and are also available on Knoll Exchange for easy reference.

Construction:

Arm: die cast aluminum with steel channel and plastic molded shroud
Movement joint (includes fast release monitor plate): plastic bushings, zinc and plastic molded plastic tilt friction components and glass filled nylon VESA plate
VESA plate/adaptor: steel
Table clamp, grommet mount, fixed table mount: steel
Cable management:
Sapper XYZ single arm and Sapper XYZ 30: transparent polycarbonate clip on post, soft plastic in channel
Sapper XYZ Crossbar: transparent polycarbonate clip on post, hook and loop fastener strips on crossbar
Antenna Table Center Beam Side Mounting: die-cast aluminum

KnollExtra

Sapper XYZ® Monitor Arm Series
Mounting, Construction and Application Information

All Sapper XYZ monitor arms:
- 90° standard with front release movement joint
- 360 degrees of precise pivot at the base and at the elbow joint
- Office 55 degrees of monitor tilt up and down, 100 mm x 100 mm, left, right, and high 360 degrees of rotation for portrait and landscape viewing

Sapper XYZ Single monitor arms:
- Minimum weight of 6 lbs. per arm and maximum weight of 20 lbs. per arm
- Fold into themselves to be highly compact at less than 2 inches when fully compressed
- Are durable and lightweight weights with 4 lbs.

Sapper XYZ Crossbar monitor arms:
- Minimum weight of 6 lbs. and maximum weight of 18.5 lbs. per movement joint, 37 lbs. total
- Fold into itself to be 3.75" wide when fully compressed

Sapper XYZ 30 monitor arms:
- Minimum weight of 21 lbs. per arm for best arm functionality
- Maximum weight of 30 lbs. per arm

Sapper XYZ Monitor Arms:
- Intended to be connected directly to monitor or VESA plate adapters. Monitor Arms are not intended to support any additional devices that are not connected or controlled by the monitor. Loading monitors with additional devices, even at the weight support limits, will affect the functionality of Sapper XYZ Monitor Arms and will void their warranty.

Size Limits:
- Monitor arms
  - There is no specific maximum size for a Sapper XYZ single monitor arm (outside the limitations of the space in which you are trying to put it).
  - For Dual Sapper XYZ, the maximum outer horizontal position per monitor is 37.25" for a cockpit solution or 38.6" for a flat positioning flush next to each other.

Dual Sapper XYZ

Adopted by most panel manufacturers. Ship standard with a recessed monitor arm is a requirement to mount any monitor to a monitor arm. A recessed monitor arm has a processed recess back wall with only 7.5 mm x 7.5 mm holes, additional space at apple corners to ensure proper fit. Contact Customer Service for more details including part and pricing information.

A VESA plate adaptor may be necessary for larger monitors and televisions and can be ordered separately in the sizes of 100 mm x 200 mm (M5 screws), 200 mm x 200 mm (M6 screws), 300 mm x 300 mm (M6 screws) and 400 mm x 400 mm (M6 screws). Adaptors slides with separate installation instructions and may require spacers. Knoll VESA plate adaptors do not ship with screws. Customers will need to provide screws to attach the adapter to the Knoll VESA plate as well as to the monitor or television. Screen length is dependent on the specific monitor or television and screw should be tested prior to installation to ensure correct length. Knoll is not responsible for use of incorrect screw.

Knoll and its dealers will not take the responsibility for mounting the monitor to the arm. The end user’s IT department must confirm VESA mounting compliance and mount the monitor to the arm. The end user’s IT department will work with the monitor manufacturer to ensure a proper fit. The fit will be snug and flush with the screen.

T wo-Piece Table Clamp Mounting:
The standard two-piece table clamp is easy to install and installs on most worksurfaces or desks that meet VESA or Knoll monitor arm standards. The maximum workface thickness is 2.5". There are four fastening screws to accommodate a range of workface thicknesses. It is important to lock up the table clamp, particularly on competitive products. This ensures a proper fit. The clamp is not compatible with Network.

Deep Table Clamp Mounting:
This clamp is highly versatile and works on most surfaces. The deep table clamp mount is intended to clear most monitor arms with multiple adjustability and glass filled nylon grommet plate, and 4.0 lbs.

Grommet Mounting:
With all systems furniture, it is important to please monitor and peripheral place through grommet mount cover while it is still loose. Please note the grommet mount is compatible with Knoll products, Propeller, but not compatible with the Graham Collection or Dividends Horizon grommet holes. To use on Postformed Network, spaces must be requested through Customer Service. The required cutout in the workface is 3.3" x 1.77", which includes the threaded stud (actual hole in the grommet plate is 1.44" x 1.77"").

Order Code | Ordering Information | Application Notes | Construction
---|---|---|---
Example: OAK-21HP-AL-BK-PF-22 | Specify:
1. Pattern number
2. Track length
Track length options: Options are 16, 17.75, 21.75, 23, and 25 inches.
Minimum clearance required is the length of the track plus 1".
| Keyboard support provides uses with a more ergonomically working environment by allowing for height and tilt adjustment of the keyboard. When not in use, the keyboard support stores completely under the worksurface to free vital workspace. | All platforms are HDPE. Wristrests are polyurethane mold with polypropylene insert.
Mechanisms:
All arms are steel with a powdercoat finish. Tracks are steel with nylon glides. | Plinths:
Keyboard support stores completely under the worksurface space.
Dimensions above are for the platform only. For full configuration depths, all component measurements and application suggestions refer to the Keyboard Measurements on Knoll Exchange. A 21" Swivel HP platform offers a fully adjustable keyboard support option with height adjustable mounting surface which can be positioned over the numeric keyboard pad allowing for proper neutral posture. For double mounting surfaces on 21" Swivel and 21" Swivel HP platforms, separate parts are orderable as KR parts. |

Mechanism Attributes

- **Advanced Easy Lift arm**:
  - Variable height adjustment of 5.5° (up) to 10° (down)
  - Soft touch knob adjusts tilt from 10° to (+) 20°
- **Short Easy Lift arm**:
  - Variable height adjustment of 5.1° below the worksurface
  - Soft touch knob adjusts tilt from 10° to (+) 20°
- **Sit/Stand arm**:
  - Variable height adjustment of 14.2° (up 8.7°, down 5.9°)
  - Soft touch knob adjusts tilt from 10° to (+) 15°

Pivot feature:
Allows the keyboard platform to move independently from arm, allowing it to stay parallel to the worksurface as the arm is moved laterally.

Antenna and Tone Mounting Note

Keyboard support must be specified with a sliding track that is less than the depth of the top and anything below the top such as a power harness or cable basket. For taller individuals, we recommend using a dual pivot solution with the track mounted on the diagonal to maximize knee space.

Antenna:
In order to mount on Antenna Workspace, an adapter is needed, available through the Antenna price list. Pattern code YAK.

Tone:
In order to mount on Tone T-Leg and 24" deep C-Leg tables, an adapter is needed available through the Antenna price list. Pattern code YAK. For "A" track only.
Freestanding Ergonomic Accessories

**VDT Sleeve**
- Racetrack-shaped sleeve slides over worksurface to create VDT corner.
- Creates 17 5/8" wide VDT corner, 9" from worksurface corner.
- Can be adjusted to any angle, or removed when not needed.
- Heavy-gauge steel with felt backing to prevent scuffing.
- Available in two metallic and two soft-touch finishes.

</table>

**Surf Board VDT Corner**
- Fits any worksurface thickness or edge profile.
- Creates generous 24" wide VDT corner, 14" from worksurface corner.
- Can be adjusted to any angle, or removed when not needed.
- Integral non-handed mouse pad.
- Felt back and rubber bumpers protect worksurface.
- Designed by Ross Lovegrove and Stephen Peart.

Example: OA-CPU2-SLNG

OA Office Automation
CPU CPU
SLNG Sling

Ordering Information

Specify:
1. Pattern number

Additional Information

Adjustable Sling CPU Holder: Accommodates equipment 2.5-64" wide by 8.5-30" high. Slides on track under the worksurface and swivels 360° for easy CPU access. Weight capacity of 75 lbs.

Adjustable Vertical CPU Holder: Accommodates equipment 3.75-9.3" wide by 11.25-22.5" high. The lockable Vertical CPU Holder accommodates a CPU depth range of 14.8-22.3". Slides on track under worksurface and swivels 360° for easy CPU access. Weight capacity of 85 lbs.

Construction

Adjustable Sling CPU Holder: Black painted glass filled nylon mounting mechanism. Woven nylon sling.

Mounting Note

CPU holders come standard with a 17" long track. They mount on work surfaces 18" or deeper.

The lockable Adjustable Vertical CPU Holder offers theft deterrence with a heavy-duty, tamper-proof locking nut with pentagonal key.

Antenna, Tone and Telescope Mounting

Antenna:
In order to mount an Antenna Workspace, an adapter is needed, available through the Antenna price list. Pattern code YAPCU.

Tone:
In order to mount on Tone T-leg and 24" deep C-Leg, an adapter is needed available through the Antenna price list. Pattern code YACPU. 30" deep C-Leg provides enough track clearance.

Telescope:
Due to legroom clearance, CPUs cannot mount on Telescope tables less than 72" wide. For mounting on tables 72" or wider, only one power supply tray can be installed opposite the CPU holder, and the YACPU adapter from the Antenna price list is needed.

  - OA: Office Automation
  - CPU2: CPU Holder
  - S: Single
  - HAL: Height Adjustable Table Leg
  - 114: Folkstone Grey

**Ordering Information**

- Specify:
  - 1. Pattern number
  - 2. Finish

**Options:**

- Smooth Painted Finish:
  - Jet Black (111)
  - Beige (112)
  - Dark Grey (113)
  - Folkstone Grey (114)
  - Medium Grey (115)
  - Sandstone (116)
  - Soft Grey (117)
  - Beige Mist Metallic (611)
  - Medium Metallic Grey (612)
  - Silver (613)
  - Bright White (118)

**Additional Information**

- **Single CPU Holder:**
  - Accommodates equipment 4.1”-9.2” wide.
  - Height limitation for equipment dependent on lowest setting of table height.

- **Double CPU Holder:**
  - Each side accommodates equipment 4.1”-9.2” wide.
  - Height limitation for equipment dependent on lowest setting of table height.
  - Weight capacity of 50 lbs. per support.

**Construction**

CPU holders are made of painted steel with adhesive-backed rubber liners and a nylon adjustment knob.

**Mounting Note**

Height adjustable table leg CPU holders are designed to attach around the leg of Knoll height adjustable tables, resting on the foot of the leg.

**Table Compatibility**

Height adjustable table leg CPU holders will work with Teno, Belf, and k. stand height adjustable tables. The attachment for the table leg is not compatible with k. bench, Antenna Workspace, or Telescope.

Finish options for Basket:
- Clear (CL)
- Charcoal (CH)

Cable Management Clips:
- Each clip is 5.6" x 1.5".
- Available in black finish only.

Cable Management Basket:
- Basket is available in two finishes:
  - Clear (CL): A clear powder coat finish on top of raw steel wire.
  - Charcoal (CH): A recycled black powder coat.
- Both finishes may vary in color slightly due to nature of the material.

Construction:
- Cable Management Clips: Glass reinforced molded nylon.
- Cable Management Basket: Powder coated steel wire.

Mounting Options:
- Cable Management Clips have two mounting options. Hardware is included for both options.
- Swivel mounting: Install using the primary center screw only.
- Fixed mounting: Install using the three screws provided (primary center screw and two side screws). A double-sided stick pad is included for ease of installation when fixed mounting.
- On average, use two clips per workstation.

Mounting Note:
- Cable Management Baskets are designed to be mounted to the underside of height-adjustable or fixed height work surfaces through a series of screw holes in the attachment plates.

  - Olive Green (132)
  - Canary Yellow (133)
  - Knoll Red (134)

Textured paint finish is available for both core paints and accent paints. Add a "T" at the end of the corresponding finish code i.e. textured bright white (118T).

Silver (613) does not have a textured option.

Ordering Note
Toolslot accessories - Antenna Powerbeam tray and pencil cup (YNA TRAY, YNACUP) are sold separately.

Application Information
4 factory-installed casters are always black. Included knobs may be repositioned in the field to make the unit right or left handed.

### Custom Options

- For special sizes: For special sizes contact Customer Service. Maximum fabric board size is 120" W x 24" H. Fabric must be railroaded on any panel wider than 60".

- Customer's own material: For approval, submit at least one yard of fabric for application testing. For panel-mounted applications, all COMs and textiles that are not pre-approved must be UL-tested. Please consult Knoll sales Customer Service for details.

### Corner/Edge Details

- S1. Squared corner/Rectilinear edge
- R2. Squared corner/Radius edge

  - CB: Communication Boards
  - M: Mobile
  - LW: Laminate Whiteboard
  - 30-54: 30" x 54" board
  - A: One cup and one tray
  - 111: Jet Black finish

**Specification Information**
- **Order Code**: ACT-CB-M-LW-30-54-X-111
- **Description**
  - 1. Pattern number
  - 2. Marker tray
  - 3. Frame finish

**Finish Options**
- Select one of the following finishes

**Markerboard Cleaning Cloth**
- Application Notes
  - Each markerboard ships with four dry erase markers (blue, green, red and black) and a microfiber cleaning cloth.

**Construction**
- Whiteboard: Honeycomb core with medium-density fiberboard skin, high-pressure laminate finish and ABS edge.
- Crossmember: Aluminum
- Legs: Steel
- Cap: Die cast aluminum with wool felt insert and steel fasteners.
- Overall height from floor is 72" high with writable surface starting 25" from floor.
- To prevent dry erase markers from drying out, store them with the cap down in the optional cup.

---

**Application Notes**
- Marker storage options
  - Marker storage options (trays and cups) must be ordered with markerboard and are not retrofittable in the field. Replace -X in pattern with:
  - S $113 One tray
  - D $178 Two trays
  - C $64 One cup
  - E $128 Two cups
  - A $153 One cup and one tray
  - B $242 One cup and two trays
  - F $217 Two cups and one tray
  - G $306 Two cups and two trays

This Selling Policy supersedes all previous selling policies and is inclusive of Knoll, KnollStudio and Muuto. Prices, discounts and product offerings are subject to change without notice.

Sales by Knoll, Inc. or Knoll North America Corp. (“Seller”) of Knoll Product Lines (hereinafter “Products”) within the United States and Canada are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser’s assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supersede any prior and/or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and signed and shall be valid for all purposes as if they were originated and maintained in documentary form.

Ordering Information

All orders must be in writing. The product pattern number(s) contained on Seller’s order acknowledgement shall be the final expression of the order.

Order Confirmation

A purchase order is not binding on Seller until Purchaser has received Seller’s order confirmation or acknowledgment.

Pricing Policies

List prices are subject to change without notice.

List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller’s list prices.

Freight Prepaid

For standard orders, freight prepaid included in the price of all Knoll Office and KnollStudio Products, except KnollTextiles and Muuto, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice. Freight for all Muuto orders must be specified at time of order placement and added to the PO.

Delivery/Freight Charges

For shipments outside the contiguous 48 United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination. Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment, in writing. Nonstandard methods of shipment and/or additional services are available upon request. Orders for QuickShip product shipping direct parcel or White Glove are subject to additional shipping and handling charges and must be paid by Purchaser. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser’s request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redelivery.

Partial shipments may be made and invoiced by Seller.

Claims

All claims must be submitted to Seller within ten (10) working days after receipt of any damage or defects which are, or should be, apparent from an inspection of the Product and its packaging. Failure of Purchaser to notify Seller during the ten (10) working day period shall constitute acceptance of the Products and waiver of any apparent defects, errors or shortages. For all claims relating to Product damaged in transit or for any other claims relating to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser for such claims. Seller may, upon request, assist Purchaser with filing of such claims with the carrier, but Seller will not be liable for any of these transportation related claims.

This Selling Policy supersedes all previous selling policies and is inclusive of Knoll, KnollStudio and Muuto. Prices, discounts and product offerings are subject to change without notice.

Selling Policy

Seller's Security Interest
Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.

Returns
The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) list restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.

Held Orders/Storage
If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests an order be delayed after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.

Customer's Own Material
A Purchaser who requests a fabric or other surface material not standard to Seller's line of Products ("COM") must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to use of the COM on the Product.

Warranty
Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below. Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.

Product and Period of Warranty
Lifetime: Antenna Workspaces, AutoStrada, Calibre, Cusion Open Table, Currants, Dividends Horizon, Morrison, Reff Profiles laminate, Rockwell Unscribed, Series 2 Storage, Template, Quoin and other non-wood components (except cascade edge worksurfaces, operational parts, controls, electrical, Lighting, Series 2 Veneer Front Storage, digital locks, upholstery, textiles and leathers, special or custom products, see below), Islands Collection table structure, legs, and laminate worksurfaces.

This warranty does not apply to:
• Damage caused by a carrier other than the Seller.
• Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).
• COM or other third party materials applied to Products.
• Products not installed by or under the auspices of a Knoll Dealer.
• Dramatic temperature variations or exposure to unusual conditions.
• Changes in surface finishes, including colorfastness due to aging or exposure to light.
• Except as specifically noted above, textiles and upholstery supplied by KnollTextiles and Spinneybeck Felt (consult current price lists for applicable warranties).

Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grain or textures, or surface hardness of such materials. The Seller also does not guarantee the absence of all defects in quality or workmanship, or the durability of finishes.

The EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

The remedies provided above are the Purchaser's sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with
Delay/Force Majeure

Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of war or terrorism, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delays, allocate available Product or cancel any purchase order.

Compliance with Law

PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.

Patents

Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediate, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.

The foregoing indemnity does not apply to the following:

- Products supplied according to a design other than that of Seller, and which is required by the Purchaser.
- Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.
- Any settlements of a suit or proceeding made without Seller's written consent.

Limitations of Liability

SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.

Purchaser's remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which said liability is based.
The Products
This guide encompasses all standard products for this product group.

Sizes
Dimensions listed in this guide are indicated as:
H = height
W = width
D = depth
Dia. = diameter
Rad. = radius

Pricing
All prices shown are list.

How to Order
Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item’s “designated area” can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:
Knoll, Inc.
1235 Water Street
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll’s environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such “green” initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to knoll.com, click on “About Knoll” and then “Environmental Focus.”
