A Price List Overview
Where do I send my order? How should I maintain my marble table?
From textile options to wood polishes, the KnollStudio price list is designed to provide you with everything you need to know in order to understand, specify, and care for furniture in the KnollStudio Collection.

This book is divided into three easy-to-use sections:
• Side Chairs and Lounge Seating
• Tables and Executive Office
• Propeller Table Series

For a quick overview of the collection’s scope, review the Visual Index on pages 5. If you’re looking for pieces by a specific designer, try the Designer Index on page 4.

Leathers, Textiles, and Finishes
Pages 20-21 explain the broad selection of Spinneybeck leathers available for KnollStudio furniture.

Additional upholstery notes and Customer’s Own Material (COM) information are available on page 21.

For detailed explanations of the many materials used in constructing KnollStudio furniture, consult page 27. A cross-reference of KnollStudio veneer or lumber finishes with standard Knoll Office veneers is provided on page 26.

Easy-care maintenance information is also provided on pages 28-29.

Placing Your KnollStudio Order
For information about where to send your order and key terms and conditions, see page 30.
The complete Knoll Selling Policy is available on pages 495-496.

General Ordering Information and Knoll’s Sustainability Statement is available on page 498.

Product Information On Each Page
On each page, the following features will assist you:
Description provides both the pattern number and a basic description of the product.
Dimensions provide the overall size of the product. Statistics are based on the maximum width, depth, and height of the product.
Weight is based on the product itself. It does not include packaging.
Weights are rounded to the nearest pound.
Weights of upholstered items do not include weight of textile/leather. To calculate total weight, multiply covering requirements by textile/leather weight, and add to product weight.
Pattern Number provides both the product identification number and all additional selections required for ordering. Finish options are enclosed in parentheses. Finish suffix descriptions are found under Finishes on the bottom portion of the page.
Order Code/Ordering Information outlines exactly how to specify KnollStudio product and the full scope of finishes and other options. The Order Code provides an example of how one pattern number on the page is specified.
Construction provides specific materials and finishes employed, as well as specific construction details.
Textiles and Leather Grades list by price group all KnollTextiles and Spinneybeck Leathers approved for each seating piece. This list is derived through careful examination of the textile or leather’s distinctive upholstery characteristics and the form and structure of each piece of furniture. KnollTextiles or Spinneybeck leathers that are not listed have been rejected because Knoll cannot ensure their performance on that product. To view the full range of colorways available for each fabric or leather, consult any Knoll or Spinneybeck representative.

Cal 133 Technical Bulletin
Many KnollStudio products meet California Technical Bulletin 133. Information for specifying these items is on page 0. Applicable upcharge will be listed on the respective price list page.

Intertek Clean Air Certification
Intertek’s Clean Air Certification validates the level of volatile organic compound (VOC) emissions from products. VOCs are gases emitted from products and include a variety of chemicals that may affect consumers’ health in the short- and long-term. Both Intertek Clean Air GOLD and SILVER certifications ensure the user-health, safety and sustainability of KnollStudio products. A selection of KnollOffice and KnollStudio products are Intertek certified Clean Air, most of which are certified GOLD, which imposes more rigorous standards than certified SILVER.

CPSIA Testing
Many knoll kids products meet the consumer Product Safety Improvement Act of 2008 for Children’s Products, 16 C.F.R. 1303 CPSIA Title I Section 101 for Total Lead in Substrates and Surface Coatings. For a complete listing of approved products, please refer to individual price list pages.

Note to Knoll Dealer Sellers:
The products contained in this price list are also available through the Knoll Essentials program, with limited exceptions. For additional information, please contact your customer service representative or visit Knoll Exchange.

For More Information
For more information, contact your KnollStudio representative, a Knoll Space retailer or e-tailer, or telephone Customer Services at 800 343-KNOLL. To find the retailer or showroom nearest you, visit www.knoll.com.
For the ultimate in comfort, durability, and prestige, many KnollStudio products can be upholstered in Spinneybeck leathers.

Spinneybeck leathers are made from the top 2% of the world’s finest hides, inspected numerous times during production to ensure evenness of grain, surface, color and the absence of scars.

After tanning, all Spinneybeck leathers are drum-dyed, a time-consuming procedure which ensures color penetration throughout the hide. Each hide is then finished in the manner which will best bring out its individual character.

Spinneybeck leathers are all full-grain aniline drum-dyed products imported from Italy.

The following Spinneybeck leathers are approved for application on KnollStudio products. Leathers are grouped into five price categories referred to as “grades.” The selection of approved leathers varies by product. Please refer to the pricing page of each product line for more information.

Square footage requirements for Customer’s Own Leather (COL) are listed on the left side of the pricing page. Please refer to Upholstery Notes on page 21 and The Knoll Selling Policy on pages 495–496 for further information regarding COL.

For further information call Spinneybeck at 1-800-482-7777.
Textile and Leather Notes

All seating in this price list includes the cost of applied fabric or leather. To simplify ordering, the seating is arranged into specific upholstery grades and priced accordingly. Samples and prices of cut textiles are available on request. For a full list of the Spinneybeck leathers available, see page 20.

Leather

The Natural Qualities of Leather

Natural leather is unique. Because every animal is different, each hide has its own individual color, texture, and life-marks. In fact, our leathers are painstakingly treated to retain their natural appearance and hand. Range marks are not camouflaged. Colors and texture vary, and will do so more with age as the leather mellows and takes on a rich patina.

Spinneybeck Leathers

Spinneybeck offers full-grain Italian leathers.

Spinneybeck features three different tanning processes which preserve the leather. The first is mineral tannage, in which chromium salts are used; the second is vegetable tannage, in which bark tanning is used; and the third is a combination of the first two processes. Each leather is tanned in the manner which will best accentuate its unique characteristics.

Spinneybeck leathers are drum-dyed which tumbles the leather over and over for smooth, even coloring absorbed directly into the leather. This aniline-dyeing process enhances the natural qualities of leather grain. Many competitors use vat-dyeing. This does not dye the leather in an even manner.

If you have further questions on Spinneybeck leathers, contact your Knoll representative or telephone Spinneybeck Customer Service at 1-800 482-7777.

Below are additional details on the three major types of Spinneybeck leathers.

Naked Leather (Capi, Copenhagen, Distressed, Maremma, Saddle) Naked leather contains no foreign substances which would affect the superbly soft, mellow hand of this most luxurious of upholstery leathers. Natural markings are accentuated. Since there are no barriers against spillage or staining, naked leathers should be carefully specified. However, scratches and marks will dissipate in time as the leather develops a beautiful patina.

Leathers with Protective Finishes (Acqua, Alaska, Amazon, Andes, Antique, Derby, Ducale, Esparta, Forte, Hand Tipped, Lucente, Montalcino, Portofino, Riva, Sabrina, Velluto Pelle, Volo)

For high traffic areas, protective finishes allow leather to be not only practical, but easy to maintain.

Grain Sueded Leathers (Ducale Velour, Marissa)

Full grain leathers that have been lightly buffed to raise the nap of the surface are referred to as “grain sueded” leathers. This produces the soft hand of sueded leathers. For maximum soil resistance and durability, these leathers have received an impregnated soil resistance treatment during the drum-dye process which permeates the leather, making it repellent to liquid and dirt.

Textile

Classic Boucle

Classic Boucle is with spun Boucle yarn that is a blend of wool and nylon that is piece dyed. Color can vary from lot-to-lot and it is important to use the same lot for multiple piece orders. Please note sales order when items must match. Classic Boucle, Pearl contains natural, undyed wool and will have darker hairs woven within the textile.

Knoll Upholstery Restrictions

Every Knoll leather and fabric is exhaustively tested on each Knoll upholstered item. This is done in addition to the most extensive program of independent fabric testing in the industry. On furniture, testing ensures precise fit and appearance, without stretch, puddling, telegraphing or other common problems frequently experienced when careful factory pre-qualification is eliminated.

When Knoll suggests that a particular leather or fabric not be used on an object, this does not mean the material is defective in any way; it only implies less than perfect performance with the form and structure of a specific item on furniture.

Instructions for Ordering Nano-Tex

The minimum for Nano-Tex on KnollStudio orders is 1-lot $250 net for up to 70 yards. Nano-Tex orders of 71+ yards is $3.25 net/yard.

Dealer instructions for ordering Nano-Tex:
1) Visit knolltextiles.com/technical documents and open the Nano-Tex specifications to see if the fabric is approved with the finish.
2) If approved, check the seating matrix at knolltextiles.com to see if the fabric alone is approved on the chair. (If yes, proceed to #3).
3) Contact your account manager with the fabric name, treatment required, and name and pattern number of desired chair. They will see if Knoll has tested this fabric with finish/treatment on said chair. In most cases, application testing has not been done and they will contact the appropriate parties to initiate approval and determine leadtime for testing.
4) If approved, book order with a suffix of N (for Nano-Tex) after the fabric pattern number.
5) The fabric grade will remain the same. Add line item for finish/treatment required and multiply the finish cost by the number of yards required.

Customer’s Own Material (COM) Customer’s Own Leather (COL)

While Knoll is pleased to cooperate with COM/COL selections, an extra charge is required to help offset receiving and handling costs. Such charges are included under the COM/COL title of the price columns in this price list. Prior to order placement, a sample cutting of actual COM/COL must be submitted to Knoll in East Greenville or through your regional Knoll office for preliminary approval of intended item (8” x 8” minimum memo sample if solid; if COM has a repeat, the sample must be large enough to show the repeat).

Even after such preliminary approval, Knoll reserves the right to reject COM/COL, including, if necessary, the item intended for use with COM/COL, if Knoll considers the customer-supplied material inadequate for any reason. When COM/COL is accepted, KnollStudio assumes no responsibility for its appearance, durability, color fastness or any other quality after upholstered on a Knoll product.

Published yardage requirements are based upon Knoll 52” width material unless specified otherwise. Leather requirements are based on whole hides with a minimum of 50 square feet per hide. However, in some cases, the nature or pattern of COM/COL will require additional yardage/square feet and/or additional labor charges. When this is necessary, the customer will be notified at the same time that the preliminary sample is approved.

If your COM/COL is approved, you may send the required amount for the product to:

Knoll, Inc.
1235 Water St
East Greenville, PA 18041
Attn: Customer Resources

COM/COL must be marked with designated approval number and customer’s name.

For additional information, see Customer’s Own Material (COM) under Selling Policy on pages 497-498.
Test Objective
California Technical Bulletin 133 (Cal 133) is a full-scale seating test, not a component test. Testing must be performed on the designated seating unit and textile together. Component data alone cannot be used to certify compliance with the regulation. Under Cal 133 you cannot assume that seating or textiles that have passed individually will pass together.

Test Procedure
The seating unit is exposed to a square open flame gas burner for 80 seconds, positioned at the center of the seating unit, two inches from the back and one inch from the seat.

Scope
Cal 133 only applies to seating units. The bulletin is designed for high risk public areas:
- Nursing homes
- Health care facilities
- Public auditoriums
- Hotels (more than 10 seating units in one room)
- Motels (more than 10 seating units in one room)
- Jails and prisons

Tables and desks are not covered by the bulletin. Variations may occur in individual states with regards to specific application. In California only, compliance is at the discretion of the fire marshall in any building which is fully sprinklered.

KnollStudio Approvals
Tested seating units have been tested in a worst case scenario thus covering other fabrics of lighter weight and same construction. When specifying Cal 133, the seating unit may be constructed with a fire resistant foam and a fire blocker will be laminated to the textile.

How To Specify
It is easy to specify Cal 133 on KnollStudio seating. Simply add the suffix “C” to the end of the pattern number prior to the textile selection. Approved textile selections must have the suffix 133 added to the end of the pattern number.

Example: Bertoia side chair, chrome, seat pad in Common Ground/Basalt 420C-K-K-K448/12-133

Testing Additional Product
If you would like to test a specific product:
Specify chair and textile desired - adding appropriate C and 133 codes as explained.
Testing lead time will be the standard lead time of the chair plus 4 - 6 weeks for testing procedure.
Test cost will be the regular price of the chair plus $520 for the testing procedures.
All prices below are list.

Intertek Clean Air Certification

Intertek’s Clean Air Certification validates the level of volatile organic compound (VOC) emissions from products. VOCs are gases emitted from products and include a variety of chemicals that may affect consumers’ health in the short- and long-term. Both Intertek Clean Air GOLD and SILVER certifications ensure the user-health, safety and sustainability of Knoll products. A selection of Knoll Office and Studio products are Intertek certified Clean Air, most of which are certified GOLD, which imposes more rigorous standards than certified SILVER.

Certified Clean Air GOLD

- USGBC LEED credits
- California 01350 Special Environmental Requirements (CDPH)
- California Department of General Service (DGS) Indoor Air Quality Specifications for Open Panel Office Furniture
- Compliant to BIFMA e3 standard credit 7.6.2 and 7.6.3.
Wood Compatibility Matrix
To match KnollStudio wood side chairs with Knoll Office or KnollStudio veneer finishes, please specify the appropriate Special code. Finishes are matched on either maple or beech basewood depending on depth of color.

Please note: this match is complimentary in color only. Perception can be affected by the variation in the grain of the basewood.

Specify:
1. Pattern Number
2. Finish selection
3. Textile selection

Example: 37A-BQV411-K784/74
37A, Ricchio Side Chair
BQV411, V2 Natural Veneer - Light Walnut
K784/74, Knoll Velvet/Moss

To match Propeller, Pixel, and LSM with Knoll Office or KnollStudio finishes, please submit a request through CPD. Any of the finishes listed below may be used at no additional upcharge.

KnollStudio Natural Materials
Wood, marble, granite, and slate are natural materials that vary. Use material samples and printed sample materials as reference only. KnollStudio printed and finish samples offer an example of what an “average” natural material may look like, within a range of acceptance carefully delineated by Knoll. Because of the breadth of variations possible with any natural material, Knoll specialists select these materials with stringent criteria, accepting only the top 3 - 5% of what is available.

Wood
Knoll Natural Veneers
All natural finishes are selected from the finest hardwoods available around the world. Veneers are flat cut and carefully matched so that cathedral or heart patterns are perfectly balanced. Natural veneers also are cut to allow a generous margin of quarter-grain figuring ensuring invisible splicing.

Marble, Granite and Slate
Knoll selects the highest quality, structurally sound marble, granite and slate available, through a host of quarries in the United States, Turkey, Spain, Slovenia and Italy. Because each mountain range and quarry have their own signature, every marble piece - even within a single quarry - is unique. Hues, veins, crystals, fossils, clouds, and distinctive marks will vary from piece to piece. This is the extraordinary character of stone as a material. Its high quality and its unique nature give Knoll tables a feel of incredible sculptural beauty.

The following list are the marbles, granites, travertines, and slates that KnollStudio offers:

Coated Marbles
Coated Marbles
Coated marbles have transparent, high-polish, polyester coating to prevent use-associated stains. Even with this protection, coated marbles should not be used outdoors. Stains should be wiped immediately. Coating will yellow over time.

Satin Coated Marble
Satin coated marbles have transparent satin polyester coating to prevent use-associated stains. This satin finish gives the stone a natural, honed appearance while providing the same protective qualities as the Coated Marbles. Even with this protection, satin coated marbles should not be used outdoors. Stains should be wiped immediately. Coating will yellow over time.

Arabescato
Ivory white with dark grey veining. May contain random green veins.

Calacatta
Ivory white. Gold and beige random veins with additional veins varying from cream to green and grey.

Marble, Granite and Slate

Natural Stones and Finishes

Natural Marbles
Natural marbles have a protective sealer to protect the stone from aging and staining. Sealer has to be renewed periodically (see product maintenance on page 29). Natural marbles are not suitable for outdoor use.

Carrara
White background with grey veining.

Calacatta
Ivory white. Gold and beige random veins with additional veins varying from cream to green and grey.

Natural Granites
Natural granites have a sealer to protect the stone from aging and staining. Sealer has to be renewed periodically (see product maintenance on page 29). Because of its non-porous density, granite does not require protective polyester coatings.

Black Andes Granite
Black with reflective mica crystallines.

Slate
Natural cleft slate is available on Vignelli PaperClip Tables, SM Tables, and Saarinen Tables.

In combination with a weather-resistant base, PaperClip tables with slate tops are suitable for outdoor use. Please refer to respective product pages for recommended outdoor finish combinations.

Cane
Cane is a natural material that might present slight variations in color and texture. For more detail, visit the Cesca price list pages.

Man-Made Materials & Finishes

Stainless Steel
Completely rust-proof, highly durable, and resistant to bending stress.

Polished Chrome
Several-step plating process that includes a heavy layer of nickel for added rust protection and a bright mirror finish.

Satin Chrome
Chrome plating applied for a soft satinized chrome finish with a higher nickel content.

Nickel Finish
A warm, lustrous finish of nickel electroplate. Yellowish in color. Coated with clear lacquer to prevent oxidation.

Outdoor Powder Coat
Durable outdoor powder finish that will provide excellent color and gloss retention with limited exposure to outdoor elements.

Painted, acid etched glass:
Clear glass with an acid etched top and painted underside. Polished and beveled edges surround.

Vetro Bianco:
Vetro Bianco is an engineered resin free quartz surface. The brilliant white surface is nonporous, stain proof, and extremely durable making it suitable for indoor and outdoor use.

Clear Anodized Aluminum
A light grey satin finish.

18K Gold
Gold frame is plated with 18K gold, and covered with clear lacquer for protection.

Fused Nylon Rislan
A very durable and adhesive fused nylon-dipped finish. Scratch, chip, and chemical resistant. Appropriate for outdoor use.

Laminate/Color Core Laminate
An exceptionally durable plastic surface. Highly resistant to most chemicals and extensive wear.

Cotton Webbing
100% cotton unfinished webbing.

Cotton/Nylon Webbing
60% nylon, 40% cotton mixed yarns with silicone water-based protective coating.

Sunbrella™ Webbing
Sunbrella™ Webbing uses reinforced yarns that are UV fade resistant, water repellant, bleach-cleanable, stain resistant and are designed to flex. 67% Sunbrella Acrylic, 13% Sunbrella Polyester.

Porcelain
An oven-baked finish on steel support with high durability.

Outdoor Powder Coat: Durable outdoor powder finish that will provide excellent color and gloss retention with limited exposure to outdoor elements.

Painted, acid etched glass:
Clear glass with an acid etched top and painted underside. Polished and beveled edges surround.

Vetro Bianco:
Vetro Bianco is an engineered resin free quartz surface. The brilliant white surface is nonporous, stain proof, and extremely durable making it suitable for indoor and outdoor use.
With proper care, your KnollStudio furniture should last for years to come. To help ensure the longevity of your purchase, below are helpful hints on routine cleaning for your KnollStudio piece. Most basic maintenance can be performed with common household cleaning products.

Textiles
See KnollTextiles website for detailed cleaning and care instructions. Wipe all spills immediately. Brush and vacuum every three to four months. Use a foam upholstery cleaner as directed semi-annually, or more frequently if necessary. Try a hidden area to test for color fastness.

Spinneybeck Leathers
Leather is hardy and will adjust to its environment. It mellows gracefully with age. Leather is expected to change; even the oils from our hands help to develop the patina.

Full grain, aniline leather is undemanding. It breathes, has a life of its own, and requires little care. It should not be abused by harsh cleaners, or substances such as wax or mink oils which will clog the pores. A periodic wipe with a damp cloth is a sufficient means of cleaning under normal conditions.

Spinneybeck now offers a leather maintenance kit specifically designed for the 28 quantities offered. The kit includes a cleaner, conditioner and ink-remover and can be ordered by calling 1 800 482-7777. There are three types of kits:
- finished products
- full aniline products
- brush-sueded products

The following guidelines will help you to maintain the beauty of the leather without destroying any of its natural characteristics.

Naked Leather
(Capri, Cervo, Copenhagen, Cordovan, Distressed, Prima, Saddle)
Naked leathers contain no foreign substances that act as a barrier against spillage or staining. They should be selected with this in mind.

The only recommended cleaning method for naked leather is to wipe the entire surface with a soft wooden cloth and water. Do not spot rub for it will darken only that area. The idea is to even out any abrasions or stains.

With use, naked leather develops a beautiful patina that removes many small scratches and abrasions as body oils moisturize and revitalize the leather. Substantial body oil marks will also dissipate over time, particularly if rubbed down with cool water.

Protective Finished Leathers
(Acqua, Alaska, Amazon, Andes, Antique, Arizona, Derby, Ducale, España, Forte, Hand Tipped, Portofino, Riva, Sabrina, Salon, Torello, Velutto Pelle, Vicenza, Volo)
For high traffic use, breathable protective finish allows leather not only to be practical but also easy to maintain. It can be cleaned by wiping the entire surface with a soft cloth and a very mild solution of Ivory Flakes and cold water, followed by wiping the entire surface with water alone.

Grain Sueded Leather (Ducale Velour, Marissa)
For maximum soil resistance and durability these leathers have received an impregnated soil resistant treatment in the drum which permeates the leather making it repellent to liquid and dirt.

Grain suede leather can be maintained with moderate care because spillage will be absorbed and roll off. However, spillage should not be allowed to puddle, and should be blotted dry immediately. For normal care, leather should be brushed occasionally, with a sueded cleaning block to help remove general soilage.

If you have further questions about the care and maintenance of Spinneybeck leather, call Spinneybeck Customer Service at 800 482-7777.

Cowhide Slings, Belting Leather
For normal cleaning, use a soft cloth dampened with a solution of mild soap or detergent (Ivy Flakes) well dissolved in water. Rub very lightly, never pressing hard. Do not use solvents because dye may run. For scratches, use liquid shoe polish and buff when dry. Any liquids spilled on leather should be mopped up as soon as possible in order to avoid being absorbed by the leather.

Cane
Use water and glycerin every three months to keep cane from drying out.

Vinyl
Clean frequently with a mild detergent and water. Use leather or plastic cleaners for unusually heavy use. Do not use solvents such as gasoline because plastic surface will gum and deteriorate.

Wood
Clean with a commercial brand of liquid furniture polish twice a month. For stubborn dirt or light scratches, rub lightly with very fine steel wool before using furniture polish. To rejuvenate luster, apply a furniture cream as a last step. Do not use water or household solvents: they will destroy the protective finish.

Lacquer Finishes on Wood
(Florence Knoll credenza)
Frequent cleaning recommended:
- once per week with heavy use or once per month with light use. Clean with ordinary household soaps or detergents, well dissolved in water. Polish with lemon oil using a very soft cloth. For stubborn dirt or light scratches, uniformly apply Cleanbright Liquid Ebony or Guardsman liquid furniture polish with cheesecloth. Allow ten minutes to dry and wipe with a clean, dry cloth. For nicks, chips, and deep scratches, contact a professional refinisher. Never use abrasives.

Teak
Do not apply teak oil if you are using your furniture outdoors. For teak furniture used outdoors, clean with soapy water and allow to dry. Note that teak exposed to the sun will patina to a silvery grey color. For teak furniture used indoors, wipe surface with soft cloth to remove dust. Apply thin layer of teak oil using a paint brush and wipe excess using a soft cloth. Oil can be applied every 3 months to maintain rich color.

Wood Frame Chairs
Clean with dry and soft cloth. Rub smoothly with damp, lukewarm cloth. Treat stubborn stains with household soap solution or a solution with dishwashing liquid. Wipe off with clean, dry cloth. Do not use acid or abrasive detergents.

Marble with Polyester Coating
Wash with lukewarm water. Wash more thoroughly with Windex, Fantastik, Ivory Flakes in warm water, or other non-abrasive solutions. Rinse with warm water and dry with a soft cloth.

Natural Marbles/Marbles without Polyester Coating
Cleaning: Wipe off stains and liquid spills immediately with water and soft cloth. Never use steel wool or other abrasives on marble.

Maintenance: The mineral surface of marble is very porous and easily absorbs moisture and fluids causing staining and discoloring. If applied on a yearly basis, impregnators or penetrating sealers protect the interior of the stone, inhibit discoloration and allow the stone to breathe and release water vapor.

To restore a uniform luster, clean surface from any grit or debris, then remove all topical coatings with Stoneguard Stripper. Use Marbalex to rinse surface, then let top dry for twelve hours before applying stone impregnator. Apply SCI Impregnator using a clean and dry applicator brush. After five minutes, wipe off the excess with soft, white terrycloth. If impregnator is absorbed within five minutes apply second coat at least twelve hours later.

Never use steel wool or other abrasives on marble.
Slate
Apply a generous amount of soap solution (1:5) to the table top with a hard brush. Wipe off the top with a clean, damp cloth. Repeat as often as required. Apply mineral oil or lemon oil as needed to protect surface and maintain color.

Granite
Clean with Windex, Fantastik, or other non-abrasive solutions on a regular basis. Apply a marble wax to protect against moisture.

Semi-Chrome twice a month. Apply a chrome cleaner such as Clean with Windex or an automotive auto wax to maintain beauty.

For small scratches, rub with Comet, Ajax, or other mild abrasives in the direction of the grain. Apply a coat of hard paste wax to protect against moisture.

Copper (uncoated)
Polish using a soft cloth and metal polish cream such as BlueMagic®. Do not use harsh abrasive or steel wool.

Polished Aluminum
Clean with Windex, Fantastik, or other non-abrasive cleaning solutions. Coat with a hard paste wax semi-annually to maintain luster and prevent discoloration.

Anodized Aluminum
Clean with mild soaps, detergents, or other non-abrasive cleaning agents. Apply paste wax or DuPont non-abrasive car polish #7 twice a year to prevent oxidation.

For stubborn stains or discolorations, apply navel jelly aluminum cleaner.

Urethane Edge
Clean with Windex, Fantastik, or other non-abrasive cleaning solutions. Coat with a hard paste wax to restore luster. Steel wool Grade #0000 is recommended. Touch-up with a clear lacquer to prevent oxidation.

Polished Nickel
Clean with Windex, Fantastik, or other non-abrasive cleaning solutions. Rub lightly with a fine steel wool to improve luster and protect finish. Routine maintenance will prevent the stone from darkening with use from body oils, and will help maintain an evenness of color.

Vetro Bianco
Wash surface with lukewarm water. Clean more thoroughly with a non-abrasive solution such as Windex or Fantastik. Rinse with warm water and dry with a soft cloth. Wipe off stains immediately with water and a soft cloth. Never use steel wool or other abrasives on surface.

Glass/Acrylic Polycarbonate
Clean with Windex, Fantastik or other non-abrasive cleaning solutions. Wipe dry with a clean cloth.

Laminate/Melamine
Scrub with Windex, Fantastik, Mr. Clean, or other household soaps or detergents well dissolved in water, or with a very soft cloth dampened with alcohol or a synthetic thinner. For a dull finish, rub with jeweler's rouge as a polishing agent and finish with paste wax. Never use abrasives. Remove stubborn stains with Soft Scrub.

Stainless Steel
Use Windex, Fantastik, or other non-abrasive household cleaners. For small scratches, rub with Comet, Ajax, or other mild abrasives in the direction of the grain. Apply a coat of auto wax to maintain beauty.

Chrome/Satin Chrome
Clean with Windex or an automotive chrome cleaner such as Semi-Chrome twice a month. Apply a coat of hard paste wax to protect against moisture.

Chrome/Satin Chrome (continued)
Clean with Windex or an automotive chrome cleaner such as Semi-Chrome twice a month. Apply a coat of hard paste wax to protect against moisture.

Porcelain
Clean with damp cloth using water or Windex. Do not use any abrasive detergent.

Powder Coat Paint
Clean with Windex or Endust using a soft cloth. Remove stubborn stains with Soft Scrub.

Polyester Shell
Clean with Windex or Endust using water. Do not use any abrasive detergent.

Glass/Acrylic Polycarbonate
Clean using a soft rag, either dry or wet. When needed, use mild pH-balanced soap diluted in water. Do not use abrasives sponges, acidic products or solvents containing ammonia.

To remove scuff marks, lightly rub scuff mark with a dry, non-scratch scour pad, like Scotch-Brite.
Use the Following Address:
If you would like to send an order directly to our order entry
departments, please use the following address:

Knoll, Inc.
P. O. Box 157
East Greenville, PA 18041
Attn: Order Entry
Fax: 215 679-1570
Tel: 800 343-KNOLL

When Placing Your Order, Include:

- All information requested on the order form.
- Local taxes for the “delivered to” address.
- For orders $2,000 or under (including applicable taxes and
delivery/installation fees, if any), full payment must be made when
order is placed.
- For orders over $2,000, a deposit equal to one-half of the complete
order value is required at order placement. Balance must be
settled before shipment.

Key Points to Remember:
All accepted orders will be confirmed in writing on the Knoll
standard acknowledgement form. A copy of the acknowledgement will be
mailed to the customer prior to production.

Freight within the 48 contiguous United States and Canada, excluding
the Yukon, Northwest Territories and Newfoundland, is prepaid and
included in the price of all orders.

For residential orders, Knoll strongly recommends White
glove delivery service to most
locations in the Continental United
States and Canada. White glove
delivery includes inside delivery,
unpacking, furniture installation and
removing cartons and crates. The fee
for this service will be quoted at the
point of purchase.

Knoll Studio’s limited warranty covers
all furniture against manufacturing
defects for a period of five years after delivery to the
customer.

All pricing is in U.S. dollars.

For More Information:
For complete Knoll Selling Policy
and warranty information, please refer to pages 495-496 in the back of
this price list.

For additional information
on Knoll Studio, contact your
Knoll Studio representative, a Knoll
Space retailer or e-tailer, or
telephone Customer Services at
800 343-KNOLL. To find the retailer
or showroom nearest you, visit

Example: WL21S-111G-K1882/9

- WL21S Lounge Chair
- 111G Black base
- K1882/9 Melange/Onyx

**Specify:**
1. Pattern number
2. Base finish selection
3. Textile selection

**Base finishes:**
- Black (suffix 111G)
- White (suffix 118G)
- Red (suffix 845G)

**Ordering Information**

**Construction**

**Base:**
- Constructed of 3/4 Baltic Birch plywood panels covered in a plastic color laminate which maintains color throughout so vibrancy is maintained from edge to edge.
- Panels are assembled together using poplar wood corner blocks.

**Upholstery:**
- Textile upholstered over individual panels of urethane molded foam. All upholstery will feature a black leather welt along the edges where the base and upholstery meet.
- Note: Swivel base returns to center.

**Approved KnollTextiles Grades/Fabrics**

- Check with your KnollTextiles Representatives for changes or additions.

Green (suffix 007)
White (suffix WHT)
Sterling (suffix 906T)

Aluminum, plated finish:
Copper, natural (suffix NCU)

Outdoor Use:
With proper maintenance painted aluminum chairs are appropriate for outdoor environments.

Construction
Screw Chairs: Injection molded, glass-reinforced nylon cantilevered chair. The chair’s shell and legs are cast in three parts and are connected using mortise and tenon joinery and stainless steel fasteners. The unique leg design is reinforced internally with a cast aluminum brace. Features four integral glides that elevate and protect the leg profile.

Aluminum Chair: Constructed from die-cast aluminum, the chair’s shell and legs are cast in three parts and connected using mortise and tenon joinery and stainless steel fasteners. Available in ultra-durable powder coat paint, a nickel plated finish, a natural copper plated finish that will patina with age. Features four nylon glides.

Outdoor Use:
With proper care, the Washington Skin and Washington Skeleton chairs are certified Clean Air GOLD.

Note:
Copper-plated chairs will patina with age.

The Washington Skin and Washington Skeleton chairs are certified Clean Air GOLD.

**Designation:**
- Pattern number
- Finish selection
- Upholstery option
- CAL 133 Fire Code option
- Textile selection

**For cushion replacement, specify:**
- Pattern number
- Upholstery option

**Upholstery/COM Information:**
- Prices shown include fabric or leather where applicable.

**Cal 133 Fire Code:**
- Fabric: Black (suffix R)
- Polished Chrome (suffix C)
- 18k Gold Plated (suffix GLD)

**Note:**
- All upholstery specified complies with the California Technical Bulletin 133 standard for all upholstery.
- The 426 Bertoia Barstool is made with seat cushions that comply with the California Technical Bulletin 133 standard in all upholstery by default. Specify seat cushion fabric at end of pattern number and suffix -K at end of textile selection.

**Customer’s Own Material:**
- Customer’s Own Material (COM) is available pending approval. For approval, please see page 21.

**Construction:**
- Made of welded steel with seat cushion and back pad specified at end of textile selection. 1.8" thick round seat cushion attached to seat basket and secured to chair back with heavy-duty lock snaps. The Bertoia Bistro Stool is appropriate for indoor and outdoor environments.

**Field and finishes:**
- Welded steel with seat cushion and back pad specified at end of textile selection. Seat cushion and back pad have fabric upholstery. Full covers are stitched to seat basket and attach to seat basket with hooks. Back pad is not available with leather upholstery.

**Upholstery options:**
- Knoll Textiles and Spinneybeck leathers are available for purchase. Check with your Knoll Textiles or Spinneybeck representative for changes or additional upholstery options.

**Technical Bulletin 133 standard in all upholstery:**
- All upholstery specified complies with the California Technical Bulletin 133 standard for all upholstery.

**Approved Knoll Textiles Grades/Fabrics:**
- Please consult your Knoll Textiles representative for additional upholstery options.

**Ordering Information**

**Construction**

Base:
- Molded Shell Side Chair: base made of welded steel rods in polished chrome or highly durable bonded powder coat (white and black).
- Bar and Counter Height Stools: base made of stainless steel connections and plastic glides.

**Stacking:**
- Bertoia Molded Shell Side Chair with stacking base can stack up to 5 high on floor.
- Stacking bumper: Clear thermoplastic elastomer bumper secured between base and shell.

**Ganging mechanism:**
- The easy-to-detach ganging mechanism links two adjoining frames at the front legs or rear legs. Ganging mechanism consists of black molded polypropylene. Chairs with ganging mechanisms can be stacked.

**Transportation Dolly:**
- Black painted steel frame with plastic wheels and locking casters. 12 Bertoia Molded Stacking chairs can be stacked on the dolly. Dollies can stack three high for compact storage.

#### Construction

**Base:**
- Welded steel rods in polished chrome or highly durable bonded powder coat (white and black)

**Side Chairs:**
- Diameter of the base rods are 11mm featuring stainless steel connections and plastic glides.

**Bar and Counter Height Stools:**
- Diameter of the base rods are 14mm featuring stainless steel connections and 1 1/4” wide round articulated glides with metal covers.

**Basket:**
- Glass fiber reinforced shell. The plastic shells are completely upholstered in Italian leather, with a 1/2” flange and exposed running stitch detail along the outside edge of the shell. The stitching matches the color of the leather.

**Note:** Bertoia Leather-Covered Chairs and Stools are not appropriate for outdoor use.

Upholstery Information

Upholstery/COM information:
Prices shown include fabric or leather upholstery. Consult your Knoll representative for colors. Only approved Knoll Textiles and Spinneybeck Leather may be used. See page 94-29 for additional information.

Construction

Frame:
Welded steel with rods in polished or satin (421L only) chrome finish, powder coat (white and black), or plated in 10k Gold. Stainless steel connections. Four plastic glides. On all Diamond chairs, the base wire diameter measures 15mm. The frame-ledge wire diameter measures 4mm, the riser-wire measures 6mm in diameter.

Cushion:
Secured to chair with zip-closures. Full covers are stretched over wire-frame, and attached to seat basket with hooks. Cushion and cover fit all Bertoia Diamond Chairs manufactured since 1992 within a limited range of tolerance.

421L is not available with seat pad option.

Child’s Diamond Chair:
The Child’s Diamond Chair is 75% scale of the standard size and is only available with polished chrome frame.

**Approvals**

- Knoll Textiles and Spinneybeck leathers

**Maintenance and Fabric Information**

- For seat cushion only: firm foam cushions. Platform bench cushions available separately: firm foam cushions upholstered with soft felt. These cushions maintain firmness per bench.

**Upholstery/COM information**

- Knoll Textiles and Spinneybeck leathers.

**Ordering Information**

- Contact your Knoll representative for colors. Only approved KnollTextiles and Spinneybeck leathers may be ordered.

**Contract**

- One Material is available pending approval. For approval requirements, processing instructions, and ordering information please see page 21.

**Construction**

- Bench platform: Solid wood horizontal slats pre-treated to help prevent sagging or warping. Made in black or white painted black and teak. Base or diameter measures 122mm.

- Platform bench cushions available separately: firm foam cushions upholstered with soft felt. These cushions maintain firmness per bench.

**Outdoor seating**

- With proper care and preventative maintenance, benches specified with painted or stainless steel base and teak slats are appropriate for outdoor use.

- To specify outdoor bench cushions, use pattern number 410K and appropriate outdoor upholstery.

K14067 Cushions in Surround, Storm

Title and ordering information please see page 21.

Maintenance:
See pages 28-29.

Example:

AAC4-CU-1479/6-K14067

Construction

Frame:

Constructed in two lemnis glued frames, back and seat, giving the pieces their architectural form. Frames are covered with highly resilient urethane foam covering.

Upholstery:

Interior loose cushions are available in either residential or contract versions. Cushion fillers provide a tailored look for high use areas, while residential cushions contain a relaxed aesthetic. For units with combination upholstery, add list price of surround in appropriate grade with the list price of cushions to obtain total list price for item.

Cushion Fill:

“Contract” back and seat cushions are multi-density urethane foam. Legs:

Machine sewn legs feature height adjustable foot leveler.

**Cesca™ Chair**

### Designers:
- Marcel Breuer, 1921

### Wood Frame finishes:
- Clear (suffix B)
- Ebonized (suffix RE)

**Split upholstery option:**
- This seat and back of the Cesca chair can be specified in split upholstery. Indicate "S" before selected seat and back finishes. If selecting cane back and split upholstery, always use the same pattern number. The price equals the price of the higher split upholstery grade.

### Construction:

- Fully upholstered chair. Cushion frame over molded plywood seat and back.
- Cane inset chairs:
  - Hardwood frame with cane back and arms with natural or lacquered matte finish. Machine cane inset.
- Frame:
  - 1" diameter round steel tube with chromed-plated polished finish.
- Glides:
  - Optima plastic, snap-in-place design. Glides supplied with each chair for optional in-field insertion.

### Wood Frame finishes:
- Clear (suffix B)
- Ebonized (suffix RE)

### Ordering Information:

- Customer's Own Material is available upon request. For approved requirements, processing instructions and ordering information please see page 21.
- COL split fabric requirements:
  - Seat upholstery: 6 square feet
  - Back upholstery: 6 square feet
- Seat Upholstery: 0.4 yards
- Back Upholstery: 0.4 yards
- Seat Upholstery: 6 square feet
- Back Upholstery: 6 square feet

Example:

50L-3COLHH

- 50L: Wassily chair
- 3: Pattern number
- COL: Sling material and color selection
- HH: Haired Hide, Tri-Colored

**Notes:**

- The Wassily Chair is part of a collection. Please refer to Cesca side chairs and Laccio tables on pages 100 and 368.

**Ordering Information**

**Cowhide Slings:**
- Thick cowhide leather slings in three colors. Edges dyed to match for Black and Light Brown colors. White Beige will have edges matching Light Brown cowhide color.

**Belting Leather:**
- Highly durable Spinneybeck belting leather in twenty seven colors. Belting leather edges will always match specified color.

**Haired Hide:**
- Spinneybeck haired hide in eight colors. Markings are one-of-a-kind and will vary from piece to piece.

**Frame:**
- Tubular steel with a polished chrome finish or plated in 18k gold.

**Glides:**
- Four, molded clear plastic glides with twin-pin snap-in construction included with each chair.

**Construction:**

- Knoll does not recommend replacement slings. This procedure requires the chair to be disassembled and rebalanced, a complex and time consuming process.

**Maintenance:**
- See pages 28-29.

**Replacement Slings:**
- Highly durable Spinneybeck belting leather in twenty seven colors. Belting leather edges will always match specified color.

**Upholstery note:**
- No Customer's Own Materials can be used.

constructed of 10/90 down with a down polyester fiber fill. Side cushion with a soft polyurethane foam core and fiber batting. Back cushion constructed standard for all non-directional textiles. Surround in appropriate grade with the cushion for Ottoman. For units with

Order Code

Ordering Information

Construction:

Upholstery:

One seat and back cushion for the Lounge Chair, two seat and back cushions for the Sofa, one non-attached cushion for Ottoman. For units with combination upholstery, add list price of unpriced in appropriate grade with the list price of cushions to obtain total list price for décor.

Railroad upholstery application is standard for all non-directional textiles. Please use "Stitching" for special demands.

Cushions:

Seat cushions constructed of highly resilient polyester foam core and polyester fiber fill, stapled in polyester fiber batting. Back cushion constructed with a soft polyester foam core and polyester fiber fill. "Lo" cushions constructed of 100% down with a down proof ticking.

Leather cushions feature a perforated zipper back panel.

Approved KnollTextiles Grades/Fabrics:

* Approved for 2162P only.

Check with your KnollTextiles or Spinneybeck Representative for additional or changes.

Example: 2165-RC-AP-K1320/4

**Ordering Information**

Frame finish:
- Polished Aluminum (suffix AP)
- Textured Black (suffix TB)
- Warm White (suffix WR)

Upholstery/COM information:
- Prices shown include fabric upholstery.
- Contact your Knoll representative for COM.

**Construction**

- Frame: Inner frame of solid wood and bent laminate plywood.
- Base: Die cast aluminum base available in polished aluminum or powder coat paint finish.
- Upholstery: Urethane foam with polyester top layer wraps interior frame and a fully upholstered panel surrounds chair.

**Control:**
360° Swivel mechanism with pneumatic seat height adjustment, cable operated with a low profile lever, flush mounted on the underside of the chair.

**Return to center mechanism:**
Optional return to center mechanism allows for 360° swivel movement and returns to a center position when not engaged. Available as fixed height only with an 18 3/4” seat height and a 31 1/4” overall height.

To specify return to center mechanism, add suffix RC following parent pattern number.

**Note:** The Joseph Paul D ’Urso Swivel lounge chair is part of a collection. Please refer to the Joseph Paul D’Urso Lounge and Table Collections on pages 118, 122, 372, 374 and 378.

- Specify:
  1. Pattern number
  2. Return to center mechanism, option
  3. Frame finish
  4. Textile selection

Frank Gehry  
Side and Dining Chairs

**Order Code**  
Example: 91A-G9K-9AT70  
91A: Hat Trick arm chair  
G9K: Gear Maple  
9AT70: Seat cushion

**Ordering Information**  
*To specify seat cushion, add "K" to end of pattern number and then list textile/leather pattern number.*

**Construction**  
*Hat Trick arm chairs are 39" high and arm supports are a total of 62" for added strength. Arms may be omitted or added to end of armless Hat Trick chair, or removed from armrest. Easily added or removed with bolts.*

*The underside of each piece is embossed with the Knock logo and Frank Gehry’s signature.*

**Approved KnollTextiles Grades/Fabrics**

*All upholstery/COM shall be specified on order code.*

See pages 28-29.

| Designer(s): | Frank Gehry, 1990 |
| Awards: | KnollStudio Vol. One |

### Hat Trick arm chair

**Fabric**  
Clear Maple (9AT70)  
Gear Maple (G9K)

**Seat cushion options**  
To specify seat cushion, add "K" to end of pattern number and then list textile/leather pattern number.

**Cushion/COM information**  
Prices shown include fabric or leather upholstery. Contact your Knoll representative for color. Only approved KnollTextiles and Spinneybeck leathers may be ordered.

**Customer's Own Material is available pending approval.** For approved requirements, processing instructions and ordering information please see page 21.

**Maintenance**  
See page 20-29.

**Frame**  
Construct frame using hardwood with dovetail joinery to maintain durability and flexibility. Backs and all chair legs are made of birch for added comfort.

**Cushions**  
"Seat height is adjustable on Hat Trick 39"H - 39"H high armrests on Hat Trick, Hat Trick arm chairs have "shower cap" design envelopes entire piece for resilience. Thermo-set resin used in armrests creates a seamless look that is comfortable to the touch.

Ordering Information

Performance
Stainless Steel (suffix C).
Antiqued Bronze (suffix B).

Cyclochrome/OH polymerization:

Prices shown include fabric or leather upholstery. Contact your Knoll representative for colors. Only approved KnollTextile and Spinneybeck leathers may be ordered.

Customer’s Own Material is available pending approval. For approval requirements, processing instructions and ordering information please see page 254.

Wood leather options:

The Tubular Brno Chairs can be upholstered in wood leather as a COL. 30 sq. ft. of leather required. Specify suffix -D after pattern number.

The Tubular Bar Brno Chair is certified Clean Air Gold.

Construction

The Tubular Brno Chairs are available in perforated leather upholstery. Specify suffix -PERF at end of pattern number.

Stainless steel: Tubular pre-stressed, pre-buffed 14 gauge stainless steel. Clean, stainless steel joints and hidden drilled countersunk holes (as opposed to punched) reduce the chair free of deformation.

Flat Bar: 11 gauge steel. The mirror chrome and antiqued bronze finishes apply to the chair free of deformation. The KnollStudio logo and signature of Ludwig Mies van der Rohe are stamped into the frame of the chair under the arm.

Flat Bar Brno Chair is certified Clean Air Gold.

Perforated leather option (add -G to end of pattern number).

Antiqued Bronze, Satin (suffix BAS) Polished Chrome (suffix C).

Cutout holes: Drilled holes.

Six clear plastic glides in specially designed frame detail. Tubular Brno with thick seat (245A, 245AS) has no welt deformation.

Inner hardwood frame cushioned with inner hardwood frame.

Replacement seat and back cushions are not available on Brno chairs. Tubular Brno with thick seat (245A, 245AS) has no welt deformation.

Optional glides: No clear plastic glides in specially cutout holes.

Upholstery/COM information:

Steel: 11 gauge steel. The mirror chrome and antiqued bronze finishes apply to the chair free of deformation. The KnollStudio logo and signature of Ludwig Mies van der Rohe are stamped into the frame of the chair under the arm.

Flat Bar: 11 gauge steel. The mirror chrome and antiqued bronze finishes apply to the chair free of deformation. The KnollStudio logo and signature of Ludwig Mies van der Rohe are stamped into the frame of the chair under the arm.

BARCELONA CHAIR AND STOOL

Stainless Steel Frame:

- Upholstery straps attached with solid stainless steel screws.
- Cushions are premium quality, highly resilient urethane foam and thick cowhide leather straps over rubber webbing.
- Child’s Barcelona Chair and Stool: 80% scale of standard size. Individual panels are cut, hand-welted and hand-tufted with leather and buttons produced from a single cowhide. Cushions are premium quality, highly resilient urethane foam with durable dark polyester fiberfill.

BARCELONA COUCH:

- Platform: Hardwood frame in Sapeli Mahogany from Africa. Wood has soft-like strength and is characterized by a dark or reddish-brown color. Frame is finished with a protective clear lacquer finish. 11 thick cowhide leather straps over rubber webbing.
- Legs: Tubular steel in polished stainless steel finish.

BARCELONA STOOL:

- Child’s Barcelona chair and stool is secured to cushion platform with straps complete with lock-steps.

**Spinnaker Leather**

- * Not approved for Cal 133 upholstery on 250LS.

### Description

**258LR** Barcelona Relaxed Chair and Stool

**258LS** Barcelona Relaxed Side Chair

**258LS-S** Barcelona Relaxed Side Chair with Cushions

**Construction**

#### Upholstery note:
Prices shown include leather upholstery and strap selections. No Customer’s Own Material can be used.

#### BARCELONA RELAXED CHAIR AND STOOL

- **Frame:** Tubular steel frame. Premium grade 304 bar stock stainless steel. Single-piece construction ensures long-term durability. Frame is shaped, welded and hand-buffered to mirror finish. Upholstery strips attached with solid stainless steel screws.
- **Chrome Frames:** Hand-ground and hand-buffed to mirror finish. Upholstery attaches with aluminum strips.
- **Upholstery strips:** Cushions are cut, hand-welted, and hand-tufted with leather and buttons produced from a single cowhide. Cushions are a soft density, fire retardant urethane foam blanketed with a non-woven fabric topper and an additional Dacron later for a softer feel. The relaxed cushions offer a more supple and relaxed exterior appearance.
- **Legs:** Tubular steel in polished stainless steel finish.
- **Trim:** Bolster: Leather in matching leather is secured to cushion platform with straps complete with lock snaps.

#### BARCELONA RELAXED COUCH

**Platform:** Hardwood frame in Sapelo Mahogany from Africa. Wood has oak-like strength and is characterize by a dark or reddish-brown color. Frame is finished with a protective clear lacquer finish. 11 reddish-brown color. Frame is finished with a protective clear lacquer finish. 11 thick cowhide leather straps over rubber welding.

**Legs:** Tubular steel in polished stainless steel finish.

**Trim:** Bolster: Leather in matching leather is secured to cushion platform with straps complete with lock snaps.

### Ordering Information

**Specify:**

1. Pattern number
2. Paint finish selection

### Construction

**Shell:** Constructed from die-cast aluminum with integrated leg tenons. A low-profile, long stacking bumper distributes the chair’s weight over a wide area providing a more stable stacking condition. The designer’s signature and KnollStudio logo are located under the seat.

**Legs:** Aluminum extruded legs are secured to the chair’s shell using epoxy and stainless steel fasteners.

**Paint:** Ultra-durable polyester powder coat paint.

**Glides:** 1/4” flat nylon glides.

**Stacking:** Chairs stack six on the floor.

**Outdoor use:** With proper preventative maintenance, the Olivares chair is appropriate for outdoor environments.

### Maintenance

See pages 28-29.

Arm Chair

Order Code

Example: 657-BL-PT

657 arm chair
BL belting leather
PT Portofino

Specify:
1. Pattern number
2. Belting leather selection
3. Cushion upholstery selection

Ordering Information

Upholstery note:
No Customer’s Own Materials can be used.

Replacement slings:
Knoll does not recommend replacement slings. This procedure requires the chair to be disassembled and rebalanced, a complex and time consuming process.

Maintenance:
See pages 26-29.

Please ask your Spinneybeck Representative for samples of the belting leather.

Construction

Frame:
Tubular steel legs, polished chrome finish. Cast aluminum arms and stretchers, black painted finish. Stamped steel glides.

Upholstery:
Belting leather sling. Cushion in urethane foam upholstered in Portofino or Hand Tipped leather.

Materials:

Maintenance:
See page 29.

Upholstery/COM Information:
Prices shown include fabric/COM upholstery only. Contact your Knoll representative for colors.

Customer’s Own Material is available pending approval. For approval requirements, processing instructions, and ordering information, please see page 21.

Construction:
Frame:
Frame in aluminum castings and extrusions welded and glued together using a two-part epoxy. Finished in highly durable, weather resistant polyester powder coat paint.

Note:
Armorized treated polyester mesh is sewn to porous vinyl straps using Teflon thread in the seat and back. Stainless steel supports provide shape and are attached to the frame with stainless-steel connectors.

Glides:
Chemically treated plastic.

Cheek with your KnollTextiles Representative for changes or additions.
The Shelton Mindel Side Chair is part of a collection of furniture designed by Shelton Mindel. The chair features a comfortable seat and backrest, complemented by a stylish and durable frame. The chair is available in a variety of finishes and materials, allowing for customization to fit different design schemes. Features include:

- Fully upholstered in a wide range of textiles and leathers
- Optional custom finishes
- Available in Beech, Walnut, and Oak veneers
- Leadtime and upcharge apply

Custom finishes are available for a fee, and customers can choose from a selection of approved fabrics and leathers. The chair is suitable for both residential and commercial spaces, offering a blend of comfort and style.

Ordering Information:
- Visit the Knoll website or contact a Knoll representative for complete custom finish information and Order Code.
- Minimum quantity for custom finishes: 4 chairs.

Construction:
- Available in Beech, Walnut, and Oak
- Includes Beech, Walnut, and Oak veneers
- Leadtime and upcharge apply

Certified Wood:
- Chairs are manufactured using PCI-certified hardwoods, adhering to custom product development guidelines.

Certification:
- Compliant with California Technical Bulletin 117 standard (UL 163, version 3.4)
- Applicable to custom selections

Approved Knoll Fabrics:
- For a list of approved fabrics, visit the Knoll website or contact a Knoll representative.

Fabric Options:
- Available in Beech, Walnut, and Oak
- Leadtime and upcharge apply

Finish Options:
- Available in Beech, Walnut, and Oak
- Leadtime and upcharge apply

Material Specifications:
- Beech, Walnut, and Oak veneers
- Leadtime and upcharge apply

Ordering Code:
- Contact a Knoll representative for complete order code information.

Maintenance:
- Refer to the manufacturer's manual for maintenance instructions.

Contact Information:
- Visit the Knoll website or contact a Knoll representative for changes or additions.

*Approved for fully upholstered versions

---

**Ordering Information**

**Upholstery/COM Information:**

Prices shown include leather upholstery. **Customer’s Own Material is not available.**

**Maintenance:**

See pages 28-29.

**Note:**

Please ask your Spinneybeck Representative for samples of the belting leather and haired hide.

---

**Construction**

**Frame:**

Stainless tubular steel in polished chrome finish.

**Upholstery:**

Cowhide Sling:

Thick cowhide leather slings in three colors. Edges dyed to match for Black and Light Brown colors. White Beige will have edges matching Light Brown cowhide color.

Belting Leather:

Highly durable Spinneybeck belting leather in fifteen colors. Belting leather edges will always match specified color.

Hairhide:

Highly durable Spinneybeck belting leather in eight colors. Hairhide is a natural material, markings are one-of-a-kind and will vary from piece to piece.

**Nylon Laces:**

Nylon laces are dyed to match specified leather. Hairhide and belting leather option will have nylon laces.

**Glides:**

Four molded clear plastic glides with twin-pin snap-in construction included with all Spoleto chairs.

**Replacement Sling:**

Slings can be replaced in the field by field services or a furniture repair specialist. Kit includes back and seat replacement slings with nylon laces. Slings should be fitted by field services or by a professional upholsterer.

**Description**

**WC1T** Washington Corona™ bronze coffee table.

- **Glas:** 40.5" x 40.5" x 15.3". Base: Bronze. Weight: 450 lbs.

**WC2T** Washington Corona™ aluminum coffee table, black painted.

- **Glas:** 40.5" x 40.5" x 15.3". Base: Aluminum. Weight: 170 lbs.

**WC3T** Washington Corona™ aluminum coffee table, white painted.

- **Glas:** 40.5" x 40.5" x 15.3". Base: Aluminum. Weight: 170 lbs.

**Order Code**

- **Example** WC2T
- **WC2T** Aluminum coffee table, black painted.

**Ordering Information**

- **Glass Finish**
  - Starphire Clear glass
  - Sanded Clear glass
- **Maintenance**
  - See pages 28-29.

**Construction**

- **Clear glass top**
  - Top is 5/8" thick, optically clear,Starphire clear glass with a jewel-polished, chamfered edge.
- **Bronze base**
  - Constructed from four sand-cast bronze panels, connected by machined bronze plates and brass hardware. The interior of the panels are CNC-machined and hand-polished to a mirror finish, contrasting the rough-hewn exterior.
- **Aluminum base**
  - Constructed from four die-cast aluminum panels, connected by aluminum connector plates and stainless steel hardware. The interior and exterior of the panels are finished in a smooth gloss black or white powder coat paint. Tables specified in black will have black painted metal connectors. Tables specified in white will have non-painted stainless steel metal connectors.

**Note**

To mark our 75th anniversary, the Washington Corona coffee table in bronze is limited to an edition of 75. Each piece is numbered and comes with a bronze miniature that serves as a commemorative signature plate. The Washington Corona coffee table is certified Clean Air GOLD.

- **Example:** 6348-C-111-C
- **6348** 48 square table
- **C** high
- **111** Jet Black (suffix H)
- **C** Classic (suffix K)

**Ordering Information**

- **Laminated top finishes:**
  - Bright White (suffix H11)
  - Jet Black (suffix H11)
  - American Cherry (suffix X)
  - Maple (suffix K)
  - Natural maple top finishes:
  - Carrara: white-grey (suffix NGC)
  - Coastal: white-grey (suffix GC)
  - Natural stone top finishes:
  - Black Anise (suffix GA)

- **Leg finishes:**
  - Jet Black (suffix H11)
  - Meshed Metalic Grey (suffix 612)
  - Polished Chrome (suffix C)
  - Red (suffix RD)

- **Glides/plates:**
  - Oversized (suffix C)
  - Standard option (suffix GL)
  - Locking casters (suffix CX)

**Maintenance:**

See pages 28-29.

**Notes:**
- Please note: Casters cannot be retrofitted to tables with glue tabs.
- Plates are painted and secured under casters.
- Locking casters have square, single, black hard-rubber wheel.
- Casters are at the same height as tables with glides.
- Tables with casters are supported on the same height as tables with glides.

**Construction:**

- **Top:**
  - Laminated and veneer stone surface;
  - laminate and veneer stone are 3/4" thick, hand-routed Bulls Edge;
  - laminate and veneer stone are 3/4" thick, hand-routed Bullnose Edge;

- **Edge detail:**
  - laminate/veneer top:

- **Base:**
  - hand-routed, bullnose edge.

**Construction:**

- **Top:** Laminate and veneer or stone surfaces. Laminate and veneer tops are 3-ply construction with medium density fiberboard core and plastic laminate backer. Laminate or paper backer (wood veneer tops). Laminate and stone tops are available in ten standard colors and styles. Edge detail: Laminate edging. Stone top: Laminate/wood tops.

**Maintenance:**

- See page 20-29.

- **Note:** Stone tops are certified Clean Air Gold.

- Weight information above is based on work height tables. For weight information on low height tables, contact your KnollStudio representatives.

**Order Information:**

- **Caster Options:**
  - GL: Glides
  - CX: Locking casters
  - C: Center
  - NGC: Carrara Marble
  - C: Polished Chrome

**Description:**

- **Caster Options:**
  - GL: Glides
  - CX: Locking casters

**Material:**

- **Base:** Hardrock-shaped steel legs with painted or polished chrome finish.
  - **Glide:** Black style.
  - **Caster:** 5" single, black hardwood shell. Painted chrome wheel housing with black or medium metallic grey legs. Black housing with polished chrome and red leg. Locking casters available painted chrome.

- **Weight:** Wood tables with casters are weighted with steel plates to ensure stability. Plates are painted and secured under table top.

- **Please note:** Casters cannot be retrofit to tables with glides.

- **Order Code**
  - Example: **95T-36-G2-GC**
  - **95T**-36
  - 36/"H11033
  - Face Off table
  - **G2** Clear Glass (suffix G2)
  - **GC** Clear Maple

- **Note:** The Gehry tables are part of a collection. Please refer to Gehry side chairs and lounge seating starting on page 138.

**Specify:**
1. Pattern number
2. Top finish selection

**Ordering Information**
- Glass top finish: Clear Glass (suffix G2)
- Laminate top finish: White (suffix W)
- Maple base finish: Clear (suffix GC)
- Shipping note: Tape ship separably.

**Construction**

**Face Off Cafe Table tops:**
3/8" thick tempered clear glass with polished edge; 5/8" thick textured laminate top with clear solid edgeband. Four bolts attach table top to base.

**Face Off Cafe Table base:**
Constructed of hand white maple veneers in 2" wide, 1/34" thick strips. Laminated to 7-ply thickness with high-bonding urea glue. All wood grains run in the same direction for resilience. State-of-the-art thermoset assembly glue provides structural rigidity without the need for metal connectors. Solid maple center column prevents cracking. Arched base design allows ample leg room.

**Glides:**
Clear plastic with a matte frost finish.

- Grigio-Marmo: dark brown (suffix ME)
- Grey Marble: light grey (suffix G2)
- Natural Marble: black (suffix MN)

**Satin Coated marble top finishes:**
- Arabescato: white-grey (suffix MAS)
- Calacatta: white-grey/beige (suffix MCS)
- Grigio-Marquina: warm grey (suffix GCS)
- Grigio-Marmo: dark brown (suffix MES)
- Grey Marble: light grey (suffix GGS)
- Natural Marble: black (suffix MNS)

**Natural marble top finishes:**
- Carrara: white-grey (suffix NGC)

**Maintenance:**
See pages 28-29.

**Construction**

**Base:**
- Frame and legs heavy gauge welded steel. Post and four-star legs in polished chrome finish. Optional satin chrome finish.
- Base footprints dimensions for the 2880 and 2881D are 42.6”w x 27.6”d. Base dimensions for the 2882T are 30”w x 30”d.

**Top:**
- Satin finish smooth laminate, wood veneer, or marble with bevel edge.
- Laminates top sizes are 1.5” thick and marble sizes are 1.5” thick. Marble coated with transparent polyurethane to help eliminate use-associated stains.
- Available steel glides with a chrome finish.

**Notes:**
- Marbles with a coating will yellow over time.
- Materials with a coating will yellow over time.

2523T-C-(MC, MGS)

Construction
Tips: Thick polished plate glass or coated marble with transparent polyester coating to polished or satin finish to help eliminate see-through stains. Marble tops arrive with a 15/16" thick black high density particle board spacer glued underneath the perimeter and center on the table frame with double sided adhesive.

Note: Marbles with a coating will yellow over time giving the marble a warmer tone.

Base: Legs are made of solid steel bars and connected to horizontal steel tube rails using steel connectors.

Ordering Information
Base finishes:

*available on 2521T only

Maintenance:
See page 28-29.

Note:
- The KnollStudio logo and signature of Florence Knoll are stamped into the base of the table.
- The Coated Finish for 2521T only

Pattern Number:
polished chrome (suffix C)
2520T-C-(MG, MGS) 12,588
2520T-C-(GC, GCS) 12,588
2520T-C-(MA, MAS) 18,552
2521T-C-(MC, MCS) 10,028

Materials:
Larger tables, 2523T and 2524T, include an added cross bar between the rails and feature a tension rod substructure to help support the weight of the marblle top. Four steel rods connected to the top corners of the table base converge into a chrome box attached to the cross bar. This hidden structure prevents any deflection of the marble.

### Order Code

**Example:**

- **2510T-(NLG)**
- **2510T-(MG, MGS)**
- **2510T-(ME, MES)**
- **2510T-(NC)**
- **2511T-(MG, MGS)**
- **2511T-(ME, MES)**

**Note:**
- Wood finishes on Florence Knoll low tables differ from those on the table desk and credenzas.
- Top shipped separately. Top is attached to base with wood screws that are enclosed in hardware packet.

**Construction:**

- Top: 5/8" thick polished plate glass or coated marble with transparent polyester to help eliminate unsavory stains. 65" thick natural marble and granite top with protective coating.
- Note: Marble with a coating will yellow over time.

**Wood Tops:**

- Tops are constructed of veneered medium-density fiberboard with a cathedral grain pattern in vibrant toned or stained finishes for light oak, light walnut, and dark walnut. These finishes feature a black stain on Walnut sanded. Tops in Walnut are 7/8" thick. Base and Top ship separately. Top is attached to base with wood screws that are enclosed in hardware packet.

## Florence Knoll
### Low Coffee Tables

**Description**
- **2512L** Low coffee table:
  - Dimensions: 47.5" w, 47.5" d, 13.7" h
  - Weight: 205 lbs.
  - Top options:
    - Polished chrome (suffix C)
    - Coated marble (suffix MC, MCS)
    - Clear glass (suffix G2)
- **2517L** Low coffee table:
  - Dimensions: 33.5" w, 33.5" d, 13.7" h
  - Weight: 84 lbs.
  - Top options:
    - Polished chrome (suffix C)
    - Coated marble (suffix MA, MAS)
    - Clear glass (suffix G2)

**Order Code**
- Example: 2517L-C-G2

### Order Code Explanation
- **2517L** Florence Knoll Low square coffee table
- **C** Polished Chrome
- **G2** Clear glass

**Note:** Florence Knoll coffee tables are part of a collection. Please refer to Florence Knoll lounge seating on page 146 and desks and credenzas beginning on page 384.

### Ordering Information
**Base finishes:**
- Polished Chrome (suffix C)

**Polished Coated marble top finishes:**
- Arabescato: white-grey (suffix MA)
- Calacatta: white-grey/beige (suffix MC)
- Carrara: white-grey (suffix GC)
- Grigio Marquina: warm grey (suffix MG)

**Satin Coated marble top finishes:**
- Arabescato: white-grey (suffix MAS)
- Calacatta: white-grey/beige (suffix MCS)
- Carrara: white-grey (suffix GCS)
- Grigio Marquina: warm grey (suffix MGS)

**Base:**
- Polished chrome.

**Maintenance:**
- See pages 28-29.

**Note:**
- KnollStudio logo and signature of Florence Knoll are stamped into the base.
- The Florence Knoll Coffee and End Tables are certified Clean Air GOLD.

**Construction**
- **Top:**
  - 5/8" thick polished plate glass or coated marble with transparent polyester to help eliminate use-associated stains.
  - 3/4" thick natural marble and granite top with protective sealer.

**Note:** Marbles with a coating may yellow over time, giving the stone a warmer tone.

- Clear Glass (suffix G2)
- Cut Edge Marble (suffix MG)
- Granite (suffix GR)
- Marble (suffix MC)
- Veneer (suffix V)

Note:
Wood finishes on Florence Knoll base tables do not differ from those on the table desk unit and credenzas.

Options:
- Polished Chrome-Plated Satin Chrome-Plated Steel
- Satin Glass

Maintenance:
See pages 29-29

Construction

Top:
3/8" thick polished plate glass or coated marble with transparent polyester to help eliminate use-associated stains. 5/8" thick natural marble and granite top with protective overlay.

Note:
Table with a coating will yellow over time.

Wood Tips:
Tips are constructed of concave melamine-impregnated fiberglass with a cathedal grain pattern in various toned or stained finishes for light oak, light walnut, and dark cherry. Ebonized walnut features a black stain on walnut substrate. Tips are 5/8" thick. Tips contain threaded inserts and attach to base with screws.

  - 75: Hairpin stacking table
  - F1: Black laminate
  - W: White base

**Ordering Information**

- **Colored Laminate Finishes:**
  - Black (suffix F1)
  - White (suffix F2)
  - Grey Ash (suffix 142)
  - Light Ash (suffix 139)
  - Zebrawood (suffix 145)

- **Woodgrain Laminate Finishes:**
  - Grey Ash (suffix 142)
  - Light Ash (suffix 139)
  - Zebrawood (suffix 145)

- **Base Finishes:**
  - Chrome (suffix C)
  - Black (suffix BL)
  - White (suffix W)
  - Blue (suffix BU)
  - Orange Red (suffix RD)
  - Yellow (suffix YL)
  - Green (suffix GE)

**Construction**

- **Base:**
  - Base is constructed of bent cold rolled steel rods and powder coated paint finish or chrome plated. Stainless steel screws attach base to the laminate top.

- **Laminate Top:**
  - MDF top is sandwiched between laminate layer with ABS edge. Woodgrain laminate tops will feature a matching woodgrain ABS edge.
- **Note:**
  - Three nylon bumpers underneath the top prevent scratches when tables are stacked.

**Maintenance:**

- See pages 28-29.

Site Flooring Requirements

These site flooring requirements are sold by the customer's responsibility and must be completed prior to installation:

- A minimum of 4" solid concrete floor foundation must be present at the installation site.
- The floor under the mounting plate should be level to within .05 inches.
- The floor under the first box should be level to within .25 inches.
- No electrical, plumbing, HVAC, or reinforcements can be embedded in the flooring.
- Raised floors are not acceptable.
- If there is floor covering, there can be no gap between the floor covering and the concrete.

Prior to Ordering:

Installation Requirements Package:

Please contact your KnollStudio sales representative to obtain a complete installation requirements package before submitting an order.

Spatial Considerations:

Please consider these spatial dimensions before ordering the 04 Counter:

- Individual beam dimensions: 94 1/2 inches length, 15 3/4 inches square width/height
- Height of the overall counter: 47 inches
- Clear circular footprint required: 13.6 foot diameter
- Total assembled weight: 925 lbs.

Note:

Once installed, the 04 Counter is a permanent structure in your space, akin to building a wall. It cannot be easily removed to install flooring, lay a rug, etc. Please think through the alignment and underlayment prior to installation.

Solid core laminate finishes:

- Black (suffix 111CC)
- Fog (suffix 128CC)
- Folkstone (suffix 114CC)
- Red (suffix 845CC)

Maintenance:

See pages 28-29.

### Base Finish

When specifying veneer tops, the base finish is not a standard option.

**Example:**
- **White Ash:** MK11-(G2)-AW

**Note:** The use of hard floor surfaces is recommended. Felt glides included with all bases for use on hard floor surfaces.

### Top Finish

**Select American and European hardwood frames. Dowel and mortise and tenon construction.**

### Construction

**Frame:**
- *Select American and European hardwood frames. Dowel and mortise and tenon construction.*

**Finish:**

**Glides:**
- *Felt glides included with all bases for use on hard floor surfaces.*

252 Barcelona Table  
C Polished Chrome  
SFG Starphire Glass

**Note:**  
The Mies Barcelona and MR tables are part of a collection. Please refer to Mies side chairs and lounge seating beginning on page 234.

**Specific:**  
1. Pattern number  
2. Base finish option  
3. Top selection

**Ordering Information**

**Shipping:** Top and base of MR Tables ship in separate packages.

**Maintenance:** See pages 28-29.

**Note:**  
The KnollStudio logo and signature of Ludwig Mies van der Rohe is stamped into the base of the MR and Barcelona tables.  
The Barcelona Table and MR Table are certified Clean Air GOLD.

**Construction**

**Barcelona Table**  
Clear Glass Top: 1/8” thick top with a 1/8” wide beveled edge. Top and edges have a slight green tint.  
Starphire® Glass Top: Starphire glass is more clear and luminous than regular glass. The low iron content gives glass a crystal quality. 1/8” bevel edge has an exceptionally clear character.  

**MR Table**  
Top: 3/8” thick clear polished plate glass.  
Base: Frame and legs are tubular and rectangular stainless steel welded together. Stainless construction buffed to a mirror finish.

- Coated Black (suffix 1)
- Coated Clear (suffix 1)
- Coated White (suffix 1)
- Coated Black (suffix 1)
- Coated Clear (suffix 1)
- Coated White (suffix 1)
- Coated Black (suffix 1)

**Certified Wood:**
- FSC certified wood and veneer used to make LEED compliant eco-friendly conference tables.

**Construction:**
- **Table Height:** 28 3/8" or 29 3/4" height
- **Table Width:** 16" x 33 1/2" or 20" x 42 1/2" width
- **Table Weight:** 391 lbs. or 415 lbs.
- **Leg Finish:** Polished or natural wood
- **Laminate Finish:** Coated or natural marble
- **Base Finish:** Coated or natural marble

**Special Sizes and Finishes:**
- **For all other sizes and for special finishes, consult your KnollStudio representative, dealer, or Customer Service representative for information.
- **Special Width Tables:**
  - 47TR22-AP-111-B
  - 47TR18-AP-111-B
  - 47TR19-AP-111-B
  - 47TR18-AP-111-B

**Shipping:**
- **Table Weight:** 391 lbs. or 415 lbs.
- **Leg Finish:** Polished or natural wood
- **Laminate Finish:** Coated or natural marble
- **Base Finish:** Coated or natural marble
- **Glide:** Adjustable nylon, black epoxy finish
- **Assembly:** Easy assembly; legs connect into predrilled inserts using mounting hardware (included).

**Order Code**

- Example: 29TS-27-DE
- 29TS - Pensi table, square top
- 27 - 27" wide and deep
- DE - Disks, wrapped edge

**Ordering Information**

- **Table top finishes:**
  - Disks, wrapped edge *(suffix DE)*
  - Metallic Trespa *(suffix LM)*

- **Note:**
  - Disks pattern does not appear on edge.
  - The Pensi Table is available in the United States only.

**Maintenance:**
See pages 28-29.

**Construction**

- **Top:**
  - Two stainless steel finishes: acid-etched pattern of concentric circles; sanded pattern of scalloped, compact disk-like, 1 1/4" wide circles; both with wrapped edge. One metallic Trespa option with a natural black phenolic edge. The Trespa metallic (LM) top finish is UV resistant, does not reflect heat, easy to clean and made of recyclable materials. The Trespa metallic (LM) top finish is ideal for outdoor use.

- **Base:**
  - Anodized and polished cast aluminum with 4 3/8" pad-like feet. Four-star base on cafe tables. Five-star base on bistro and dining tables. The central column is a polished and anodized aluminum round tube. Internal weight for additional stability. Black silicone non-scuffing glides.

**Outdoor use:**
With proper preventative maintenance, the Toledo Table is appropriate for outdoor environments.

**Base:**
Modified and polished cast aluminum with 4 3/8" pad-like feet. Four-star base on cafe tables. Five-star base on bistro and dining tables. The central column is a polished and anodized aluminum round tube. Internal weight for additional stability. Black silicone non-scuffing glides.

**Weight:**
- 29TS-27-DE: 33.846 lbs
- 29TS-27-LM: 3.0865 lbs
- 29TR-23-DE: 1.87 lbs
- 29TR-23-LM: 2.34 lbs

### Description

**Pattern No.:** 3710T-( )-(GA)  
**Description:** Base finishes:  
- Polished Nickel (suffix N)  
- Metallic Bronze (suffix BRM)  
- 18k Gold Plated (suffix GLD)  

Glass top finishes:  
- Clear Glass (suffix GL)  
- Bronze Glass (suffix BBS)  

S uncover finishes:  
- Ebonized Walnut (suffix E)  
- Light Oak (suffix L)  
- Light Walnut (suffix LW)  
- Red Oak Cherry (suffix VC)  

Marble top finishes:  
- Arabescato: white-grey (suffix MA)  
- Calacatta: white-grey/beige (suffix MC)  
- Grey Marble: light grey (suffix GG)  
- Nero Marquina: black (suffix MN)  
- Verde: Alpi: green (suffix VG)  

### Ordering Information

**Order Code:**  
- **Example:** 3710T-N-BRG  
- 3710T: Platner side table  
- N: Nickel  
- BRG: Bronze Glass  

### Construction

**Frame:** Vertical steel rod cuts welded to circular horizontal and edge framing rods. Finish in bright nickel with a clear lacquer protection, a painted metallic bronze, or plated in 18k gold.  

**Base:** Clear plastic extrusion ring for smooth bottom surface.  

**Glass Top:** 3/8" thick tempered glass for coffee and dining tables; 1/4" thick tempered glass for side tables.  

**Marble:** All marble tops feature a beveled edge. 15" thick coated marble tops have transparent polyester coating to help eliminate use-associated stains. 15" thick natural marble tops and granite tops have protective sealer. Larger tops have subtops that fit into base openings to ensure stability.  

**Wood Top:** Tops are constructed of veneered medium-density fiberboard with a decorative grain pattern in various toned or stained finish for light oak, light walnut, and red dark cherry. Ebonized walnut features a black stain on walnut substrate. Edges are 1/4" thick. Edges are 1/4" thick to match face frame. Wood tops are weighted with plates to ensure stability.

### Maintenance

See pages 28-29.

**Note:** Marbles with a coating will yellow over time.

The Platner Tables are certified Clean Air GOLD.

642TR Round dining table
K Clear Maple
C Clear Maple
Top finish selection
Note: The Risom Tables are part of a Collection. Please refer to Risom chairs on page 58 and lounge chairs on page 68.

Specify:
1. Pattern number
2. Base finish selection
3. Top finish selection

Ordering Information

Base finishes:
- Clear Maple (suffix KC)
- Ebonized Maple (suffix KE)
- Light Walnut (suffix LWT)
- Teak (suffix K)

Top finishes:
- Clear Maple (suffix KC)
- Ebonized Walnut (suffix D)
- Light Walnut (suffix LWT)
- Teak (suffix K)

Shipping Information:
- Dining table and bistro table shipped knocked down with top and legs in one box. Simple field assembled.
- Side tables and coffee tables shipped fully assembled.

Maintenance:
- See pages 26-29

Note:
- The Risom dining, side and amoeba tables are certified Clean Air GOLD.

Construction

Legs and aprons:
- Solid maple or walnut hardwood. Mortise and tenon joints.

Tips:
- Tips are covered with canted pattern with poplar cross bands and backing. Edge and edge in solid hardwood laminate in clear finish.

Finish:
- Clear lacquer or ebonized finish.

**Ordering Information**

- **Shipping information:** Side tables are shipped fully assembled.
- **Maintenance:** See pages 28-29.
- **Note:**
  - The Risom side tables are certified Clean Air GOLD.

**Construction**

- **Legs and spacers:** Solid teak lumber with oiled finish.
- **Mortise and tenon joints:**
- **Top:** Solid teak lumber with oiled finish.

**Note:**
- Teak will patina over time if left outdoors and will turn a silvery grey color.
- **Maintenance:** Teak oil can be applied with a paint brush every three months to maintain rich color.
Eero Saarinen
Round Dining Tables

**Designer(s):**
Eero Saarinen, 1957

**Pattern number:**
Please refer to Saarinen side chairs.

**Note:**
Nero Marquina Marble

**Order Code**

**Base finishes:**
- Black (suffix S)
- White (suffix W)
- Eleventh Walnut (suffix D)
- Light Oak (suffix O)
- Light Walnut (suffix UK)

**Laminate top finishes:**
- White (suffix EA)
- Beveled edge, quartz. It does not yellow or stain and is scratch resistant. Suitable for outdoor use.

**Base:**
Heavy welded cast aluminum, mill-finished. Black and white bases are coated in a tough, aluminum-resistant BakeLav® liquid. Grey bases consist of a highly resilient polyurethane coated wrought iron with a clear-rinsed finish.

**Construction:**
- Marble and Laminate Top:
  - Beveled edge smooth Laminate or marble.
  - 3/4 thick coated marble tops have transparent polyester coating to help eliminate use-associated stains. 3/4 thick natural marble tops and granite tops have protective coating. Laminate tops are 1/8th thick.

**Base Measurements:**
- 162TR, 172TR, 176TR 20” diameter
- 166TR, 168TR 23 9/16” diameter

**Material:**
Marble:
- 1/8” thick natural marble
- 3/4” thick coated marble
- Granite:
- 3/4” thick coated marble

**Ordering Information**

1. Pattern number
2. Top selection
3. Base finish selection

Ordering Information

Base finishes:
- Black (suffix BL)
- White (suffix W)
- Grey (suffix G)

Laminated top finish:
- White (suffix W2)
- Grey (suffix G2)

Slate top finish:
- Black (suffix BL)
- White (suffix W)

Slate:
- Nonporous and more compact than most other materials

Construction:
- Frame: Heavy molded cast aluminum and formed in a single piece with an overall thickness of 0.25".

Maintenance:
- Use a damp cloth to clean the table. Do not use abrasive cleaners or polishes.

#### Base finishes:
- Black (suffix B1)
- White (suffix W)
- Grey (suffix G)
- Rosewood (suffix RO)

#### Laminate finishes:
- Black (suffix B)
- White (suffix W)
- Grey (suffix G)

#### Chrome top finish:
- Polished chrome (suffix MP)

#### Natural marble top finishes:
- Calacatta white-grey (suffix NGC)
- Carrara white-grey (suffix MC)

#### Granite top finishes:
- Black (suffix G)

#### Granite top finishes:
- Black (suffix G)

#### Veneer finishes:
- Eucalyptus (suffix EL)
- Oak (suffix O)
- Walnut (suffix WN)
- Maple (suffix MAP)
- Ash (suffix A)

#### Laminate and Marble tops:
- 160TR: 14 lbs. Coated marble
- 162TR: 13.5 lbs. Natural marble
- 163TR: 10.7 lbs. Natural marble

#### Construction:
- Heavy molded cast aluminum, strap-polished. Black and white bases are coated for a tough, aluminum-resistant Baked finish. Platinum bases consist of a highly resistant polystyrene coated and wet with a clear satin finish.

#### Note:
- Please note our chrome-plated finish is 28% more resistant to scratching. Knoll recommends using felt pads under table objects placed on the surface and caster underweights glassware. Please polish the surface using a soft cloth. Chrome tops are not suitable for outdoor use.

#### Materials:
- Stainless steel with a 1.68" thick.
- Resin bi-axial glass fibers filled with resin.
- Suitable for outdoors.

#### Materials:
- Materials with a wet coat will yellow over time.

#### Note:
- Saarinen Round End and Coffee Tables are certified Clean Air Gold.

#### Designation(s):
- Eero Saarinen, 1957

**Order Code**

Example: 173TR-VBO-2

**Ordering Information**

- **Base finishes:**
  - White (suffix 2)
  - Vetro Bianco (suffix VBO)

- **Engineered Stone:**
  - Vetro Bianco (suffix VBO)

- **Slate top finish:**
  - Vetro Bianco (suffix VBO)

- **Restorations:**
  - See page 28-29

**Note:**

- Top and base shipped in separate packages. The Knoll logo is stamped into the base of the Saarinen tables. Tops have nameplate with designer's signature.

**Construction**

- **Base:**
  - Heavy molded cast aluminum, strap-polished. White bases are coated in a tough, abrasion-resistant Rilsan finish.

- **Base dimensions:**
  - 162TR: 17.375" diameter
  - 164TR: 25.984" diameter
  - 162TR and 172TR: 5.5" diameter
  - 164TR: 13.75" diameter

- **Slate top:**
  - 3/4" thick bevel-edged Vetro Bianco or natural slate. Black phenolic sub-top with black laminate faces. Suitable for outdoors.

- **Engineered Stone:**
  - Polished, bright white surface is nonporous and more compact than most granites. Comprised of 93% fused quartz. It does not yellow or stain and is scratch resistant. Exposed black phenolic sub-top with white laminate faces. Suitable for outdoors.

Ordering Information

Base finishes:
- Blue (suffix BLU)
- Chestnut (suffix N)
- Dark Brown (suffix H)
- Green (suffix 007)
- Light Brown (suffix 13)
- Lime Green (suffix LGR)
- Oyster (suffix O)
- Peach (suffix PCH)
- Sky Blue (suffix S)
- Warm Wood (suffix 12)
- Weatherable Silver (suffix W)
- White (suffix W)
- Yellow (suffix YEL)

Wood top finishes:
- Teak (suffix T)
- High Density Polyurethane (suffix HPDE)

Maintenance:
See pages 28-29.

Construction

Base:
- Top spider and base are powder coated cast aluminum. Stem is powder coated stainless steel.

Wood top:
- Vertical grain teak with natural finish.

HPDE top:
- Machined high density polyurethane.

Note:
- Teak tops will patina over time if left outdoors and will turn a silvery grey color.
- Glide: Molded nylon glides are included on P321 and P322 models only.

### Construction

**Wood Top Finish:**
- Teak (suffix T): Teak top finish.

**Maintenance:**
See pages 20-29.

**Porcelain Top:**
- All thick steel plate with a porcelain enamel coated layer composed of glass particles, baked to melt into a 1/82 smooth surface. Heavy colored subgrade comprised of metal or particle wood board provides additional support.

**Glass Top:**
- 1/2 thick glass top available in clear or acid etched.

**Frame:**
- Frame is aluminum and extrusions soldered together. Finished in highly weather-resistant polyester powder coat paint. Welded stainless steel connectors attach top on corners.

**Fiberglass Top:**
- Fiberglass top available in white.

**Note:**
Teak tops will patina over time if left outdoors and will turn a silver-grey color.

**Glass:**
- Clear baritone plastic.

**Ordering Information**

**Specify:**
1. Pattern number
2. Base option
3. Top option

**Shipping:**
- Top and base of SM tables will ship in separate packages.

**Maintenance:**

**Note:**
- The SM Table Collection is certified Clean Air GOLD.
- For weight information, please contact your KnollStudio representative.

**Construction**

**Frame:**
- Constructed of stainless steel, frame has continuous appearance. White bases are coated in a tough, abrasion-resistant Rilsan® finish. Polished bases are stainless steel, hand-buffed to a mirror finish. 

**Top:**
- Three top options:  
  1. 3/4" thick clear glass with a 1/8" wide bevel; top and edges have a slight green tint.  
  2. 3/4" thick Starphire™ glass with a bevel edge; underside of glass is painted white.  
  3. 3/4" thick natural cleft slate with beveled edge.

**Glides:**
- Glides are included with the table base.

  4. Rail finish

**Construction**

- **Frame:**
  - Frames are constructed from extruded aluminum rails, which are connected using die-cast aluminum “X” and “Y” shaped castings. Structural steel legs join the table’s extruded aluminum rails through a blind assembly, seamlessly tying the leg to the cope detailed rail.
  - Stainless steel hardware and fasteners are used throughout the table’s construction.

- **All painted parts are finished in ultra-durable outdoor polyester powder coat finish. Steel legs are pre-treated with a zinc-rich epoxy primer that provides a robust base of protection from the elements.**

- **Tops are elevated off the table’s base using cast aluminum (glass) or nylon spacers (laminate, marble, or engineered stone). All tops are secured to the base using threaded metal inserts and fasteners.**
  - For glass tops, the plated finished aluminum spacer acts as a glass bolt and is attached to the glass using an ultra-strong adhesive.

Top Finishes:
- Laminate, outdoor: Bright White (suffix O118)
- Glass: Clear Glass (suffix G2)
- Natural Marble: Carrara, honed (suffix GCO)
- Engineered Stone: Vetra Bianco (suffix VB)

Construction

Frames:
Frames are constructed from extruded aluminum rails, which are connected using die-cast aluminum 'X' and 'Y' shaped castings. Structural steel legs join the table's extruded aluminum rails through a blind assembly, seamlessly tying the leg to the cope detailed rail. Stainless steel hardware and fasteners are used throughout the table's construction.

Top:
Tops are elevated off the table's base using cast aluminum (glass) or nylon spacers (laminate, marble, or engineered stone). All tops are secured to the base using threaded metal inserts and fasteners. For glass tops, the plated finished aluminum spacers act as a glass bolt and is attached to the glass using an ultra-strong adhesive.

Glides:
Non-marking indoor/outdoor grey nylon glide protects the table and the floor. An adjustable height indoor glide kit is also included.

Outdoor Laminate:
White laminate faces with black phenolic core. Core is constructed of FSC certified craft paper and phenolic resin.

Glass:
1/2" thick clear tempered glass.

Marble:
Honed natural Carrara marble.

Engineered Stone:
Polished, bright white surface is nonporous and more compact than most granites. Comprised of 93% fused quartz. It does not yellow or stain and is scratch resistant. Suitable for outdoors.

Notes:
- Marble is treated to resist stains with a topical sealer, which requires maintenance. Natural marbles will develop a rich patina when used outdoors. Natural finished marbles will contain open fissures and pin-holes, which is considered a natural desirable trait.
- Engineered Stone: Polished, bright white surface is nonporous and more compact than most granites. Comprised of 93% fused quartz. It does not yellow or stain and is scratch resistant. Suitable for outdoors.

Maintenance:
See page 28-29.

Ordering Information

Pattern no.: 49TS-30 | 49TS-30 SN

Black base: $8,391 $8,294
Pol. chrome base: $2,656 $2,511

49TS-36 SN: $6,117 $6,530

49TR-36 SN: $7,263 $7,660
49TR-36: $2,656 $3,056
49TR-36-G2: $3,194 $3,591

49TR-42 SN: $4,034 $4,430
49TR-42: $2,924 $3,320

49TR-48-G2: $9,355 $9,752
49TR-48: $2,924 $3,320
49TR-48-G2: $3,019 $3,415

Construction

Top: These three options: 1" thick laminate top with molded urethane beveled edge; 1/4" thick clear tempered glass with polished pencil edge; and 3/8" thick natural cleft slate with beveled edge.

Base: 7/16" diameter cold rolled steel rod with molded urethane pencil edge; and clear glass (suffix G2) or slate (suffix SN) top.

Shipping: All tables shipped knocked-down. Base and top assembly required. Clearanced urethane edge detail.

Selling Policy

This Selling Policy supersedes all previous selling policies and is inclusive of Knoll, KnollStudio and Muuto. Prices, discounts and product offerings are subject to change without notice.

Sales by Knoll, Inc. or Knoll North America Corp. (“Seller”) of Knoll Product Lines (hereinafter “Products”) within the United States and Canada are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser’s assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and signed and shall be valid for all purposes as if they were originated and maintained in documentary form.

Ordering Information

All orders must be in writing. The product pattern number(s) contained on Seller’s order acknowledgement shall be the final expression of the order.

Order Confirmation

A purchase order is not binding on Seller until Purchaser has received Seller’s order confirmation or acknowledgment.

Pricing Policies

List prices are subject to change without notice.

Terms of Payment

List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller’s list prices.

Taxes

All sales, use, excise and other taxes applicable to the sale of the Products shall be paid by Purchaser. If Purchaser claims an exemption from any tax, Purchaser shall submit to Seller the appropriate exemption certificates.

Terms & Conditions of Sales

Payment for one hundred percent (100%) of the net order amount (including any applicable shipping and handling fee) is due within thirty (30) days of the date of invoice, which is generally issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than $100,000 but a fifty percent (50%) deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice. KnollStudio orders less than $2,000 require payment for one hundred percent (100%) of the net order amount (including any applicable sales tax and charges for inside delivery, special packaging, etc.), due at time of order placement. For KnollStudio orders greater than $2,000, a one-half (50%) deposit is due at time of order placement with the remainder (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due prior to shipment.

If, in the judgment of Seller, Purchaser’s financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance.

Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults on payment, Purchaser shall be liable for all collection costs, including reasonable attorney’s fees and costs.

Changes and Cancellation

Expenses incurred because of changes shall be charged to Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including “COM” (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled.

QuickShip orders may not be changed or canceled after Muuto's authorization. In the event of Muuto order changes, 25% payment of original net order amount is required for changes incurring the week the order is scheduled to ship. If Muuto is ordered on QuickShip, the QuickShip policy supersedes.

For standard orders, freight prepaid and included in the price of all Knoll Office and KnollStudio Products, except KnollTextiles and Muuto, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice.

Freight for all Muuto orders must be specified at time of order placement and added to the PO.

Delivery/Freight Charges

For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination.

Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment in writing. Nonstandard methods of shipment and/or additional services are available upon request. Orders for QuickShip product shipping direct parcel or White Glove are subject to additional shipping and handling charges and must be paid by Purchaser. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser’s request, will be added for air freight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redelivery.

Partial shipments may be made and invoiced by Seller.

Claims

All shipments for Knoll Products within the contiguous United States and Canada are F.O.B. Origin. All risk of loss passes to Purchaser at time of delivery to carrier. Purchaser shall inspect all Products upon receipt and notify Seller within ten (10) working days after receipt of any damage or defects which are, or should be, apparent from an inspection of the Product and its packaging. Failure of Purchaser to notify Seller during the ten (10) working day period shall constitute acceptance of the Products and waiver of any apparent defects, errors or shortages. For all claims relating to Product damaged in transit or for any other claims related to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser for such claims. Seller may, upon request, assist Purchaser with filing of such claims with the carrier, but Seller will not be liable for any of these transportation related claims.

June 1, 2021
Selling Policy

Seller's Security Interest

Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.

Returns

The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) of list restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products 30 days after the time when Seller can defer production. Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.

Held Orders/Storage

If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.

Customer’s Own Material

A Purchaser who requests a fabric or other surface material not standard to Seller's line of Products ("COM") must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to use of the COM on the Product.

Warranty

Seller warrants to the original Purchaser that only the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below. Warranty period set forth below is for 24-hour, 7 days a week, multi shift use (includes parts and labor to repair). Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.

Product and Period of Warranty

Lifetime: Antenna Workspaces, AutoStrada, Calibre, Crinion Open Table, Currents, Dividends Horizon, Morrison, Reff Profiles laminate, Rockwell Unscripted, Series 2 Storage, Template, Quoin and other non-wood components (except cascade edge worksurfaces, operational parts, controls, electrical, Lighting, Series 2 Veneer Front Storage, digital locks, upholstery, textiles and leathers, special or custom products, see below), Islands Collection table structure, legs, and laminate worksurfaces.

1 Year: Light ballasts, bulbs and power supply, seating upholstered armpads and soft armpads, wood casegoods, upholstered surfaces, KnollStudio, textiles, leathers and outdoor product finishes, Pixel Lounge fabric, k. lounge upholstery and k. lounge fabric, Rockwell Unscripted fabric and accessories, k.screen cork and PET.

This warranty does not apply to:

• Damage caused by a carrier other than the Seller.
• Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).
• COM or other third party materials applied to Products.
• Portions not installed by or under the auspices of a Knoll Dealer.
• Dramatic temperature variations or exposure to unusual conditions.
• Changes in surface finishes, including colorfastness due to aging or exposure to light.
• Except as specifically noted above, textiles and upholstery supplied by KnollTextiles and Spinneybeck FilzFelt (consult current price lists for applicable warranties).

Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures, or surface hardness of such materials. The Seller also does not guarantee the durability of finishes on panel surfaces. The EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

The remedies provided above are the Purchaser's sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with
Delay/Force Majeure

Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of war or terrorism, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delays, allocate available Product or cancel any purchase order.

Compliance with Law

PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.

Patents

Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.

The foregoing indemnity does not apply to the following:

• Products supplied according to a design other than that of Seller, and which is required by the Purchaser.
• Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.
• Any settlements of a suit or proceeding made without Seller’s written consent.

Limitations of Liability

SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.

Purchaser’s remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.
General Ordering Information

The Products
This guide encompasses all standard products for this product group.

Sizes
Dimensions listed in this guide are indicated as:
H = height
W = width
D = depth
Dia. = diameter
Rad. = radius

Pricing
All prices shown are list.

How to Order
Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item’s “designated area” can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:
Knoll, Inc.
1235 Water Street
P.O. Box 157
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll’s environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such “green” initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to knoll.com, click on “About Knoll” and then “Environmental Focus.”
