A Price List Overview
Where do I send my order? How should I maintain my marble table? From textile options to wood polishes, the KnollStudio price list is designed to provide you with everything you need to know in order to understand, specify, and care for furniture in the KnollStudio Collection.

This book is divided into three easy-to-use sections.
• Propeller Table Series
• Pixel™ Tables Series
• LSM Conference Tables

For a quick overview of the collection’s scope, review the Visual Index on pages 2-0. If you’re looking for pieces by a specific designer, try the Designer Index on page 6.

Finishes
For detailed explanations of the many materials used in constructing KnollStudio furniture, consult page 6. A cross-reference of KnollStudio veneer or lumber finishes with standard Knoll Office veneers is provided on page 6. Easy-care maintenance information is also provided on pages 7-8.

Placing Your KnollStudio Order
For information about where to send your order and key terms and conditions, see page 8. The complete Knoll Selling Policy is available on pages 49-50.

General Ordering Information and Knoll’s Sustainability Statement is available on page 52.

Product Information On Each Page
On each page, the following features will assist you:

Description provides both the pattern number and a basic description of the product.

Dimensions provide the overall space the product will require. Statistics are based on the maximum width, depth, and height of the product.

Weight is based on the product itself. It does not include packaging. Weights are rounded to the nearest pound.

Weights of upholstered items do not include weight of textile/leather. To calculate total weight, multiply covering requirements by textile/leather weight, and add to product weight.

Pattern Number provides both the product identification number and all additional selections required for ordering. Finish options are enclosed in parentheses. Finish suffix descriptions are found under Finishes on the bottom portion of the page.

Order Code/Ordering Information outlines exactly how to specify KnollStudio product and the full scope of finishes and other options. The Order Code provides an example of how one pattern number on the page is specified.

Construction provides specific materials and finishes employed, as well as specific construction details.

Note to Knoll Dealer Sellers:
The products contained in this price list are also available through the Knoll Essentials program, with limited exceptions. For additional information, please contact your customer service representative or visit Knoll Exchange.

For More Information
For more information, contact your KnollStudio representative, a Knoll Space retailer or e-tailer, or telephone Customer Services at 800 343-KNOLL. To find the retailer or showroom nearest you, visit www.knoll.com.
Intertek Clean Air Certification

Intertek’s Clean Air Certification validates the level of volatile organic compound (VOC) emissions from products. VOCs are gases emitted from products and include a variety of chemicals that may effect consumers’ health in the short- and long-term. Both Intertek Clean Air GOLD and SILVER certifications ensure the user-health, safety and sustainability of Knoll products. A selection of Knoll Office and KnollStudio products are Intertek certified Clean Air, most of which are certified GOLD, which imposes more rigorous standards than certified SILVER.

- USGBC LEED credits
- California 01350 Special Environmental Requirements (CDPH)
- California Department of General Service (DGS) Indoor Air Quality Specifications for Open Panel Office Furniture
- Compliant to BIFMA e3 standard credit 7.6.2 and 7.6.3
KnollStudio Natural Materials

Wood and marble are natural materials that vary. Use material samples and printed sample materials as reference only. KnollStudio printed and finish samples offer an example of what an “average” natural material may look like, within a range of acceptance carefully delineated by Knoll. Because of the breadth of variations possible with any natural material, Knoll specialists select these materials with stringent criteria, accepting only the top 3 - 5% of what is available.

Wood

Knoll Natural Veneers
All natural finishes are selected from the finest hardwoods available around the world. Veneers are flat cut and carefully matched so that cathedral or heart patterns are perfectly balanced. Natural veneers also are cut to allow a generous margin of quarter-grain figuring ensuring invisible splicing.

Marble

Knoll selects the highest quality, structurally sound marble through a host of quarries in the United States, Turkey, Spain, Slovenia and Italy. Because each mountain range and quarry have their own signature, every marble piece - even within a single quarry - is unique. Hues, veins, crystals, fossils, clouds, and distinctive marks will vary from piece to piece. This is the extraordinary character of stone as a material. Its high quality and its unique nature give the Knoll tables a feel of incredible sculptural beauty.

The following are the marbles that KnollStudio offers:

Coated Marbles

Coated Marbles
Coated marbles have transparent, high-polish, polyester coating to prevent use-associated stains. Even with this protection, coated marbles should not be used outdoors. Stains should be wiped immediately. Coating will yellow over time.

Satin Coated Marble
Satin coated marbles have transparent satin polyester coating to prevent use-associated stains. This satin finish gives the stone a natural, honed appearance while providing the same protective qualities as the Coated Marbles. Even with this protection, satin coated marbles should not be used outdoors. Stains should be wiped immediately. Coating will yellow over time.

Arabescato
Ivory white with dark grey veining. May contain random green veins.

Calacatta
Ivory white. Gold and beige random veins with additional veins varying from cream to green and grey.

Grey Marble
Grey with black and white veins. Hues vary in tone and intensity.

Polished Chrome
Several-step plating process that includes a heavy layer of nickel for added rust protection and a bright mirror finish.

Satin Chrome
Chrome plating applied for a soft satinized chrome finish with a higher nickel content.

Polished Aluminum
A shiny, polished finish.

Clear Anodized Aluminum
A light grey satin finish.

Laminate
An exceptionally durable plastic surface. Highly resistant to most chemicals and extensive wear.

Vetro Bianco:
Vetro Bianco is an engineered resin free quartz surface. The brilliant white surface is nonporous, stain proof, and extremely durable making it suitable for indoor and outdoor use.
With proper care, your KnollStudio furniture should last for years to come. To help ensure the longevity of your purchase, below are helpful hints on routine cleaning for your KnollStudio piece. Most basic maintenance can be performed with common household cleaning products.

**Wood**
Clean with a commercial brand of liquid furniture polish twice a month. For stubborn dirt or light scratches, rub lightly with very fine steel wool before using furniture polish. Steel wool Grade #0000 is recommended. To rejuvenate luster, apply a furniture cream as a last step. Do not use water or household solvents; they will destroy the protective finish.

**Marble with Polyester Coating**
Wash with lukewarm water. Wash more thoroughly with Windex, Fantastik, Ivory Flakes in warm water, or other non-abrasive solutions. Rinse with warm water and dry with a soft cloth.

**Vetro Bianco**
Wash surface with lukewarm water. Clean more thoroughly with a non-abrasive solution such as Windex or Fantastik. Rinse with warm water and dry with a soft cloth. Wipe off stains immediately with water and a soft cloth. Never use steel wool or other abrasives on surface.

**Glass/Acrylic Polycarbonate**
Clean with Windex, Fantastik or other non-abrasive cleaning solutions. Wipe dry with a clean cloth.

**Laminate/Melamine**
Scrub with Windex, Fantastik, Mr. Clean, or other household soaps or detergents well dissolved in water, or with a very soft cloth dampened with alcohol or a synthetic thinner. For a dull finish, rub with jeweler's rouge as a polishing agent and finish with paste wax. Never use abrasives. Remove stubborn stains with Soft Scrub.

**Stainless Steel**
Use Windex, Fantastik, or other non-abrasive household cleaners. For small scratches, rub with Comet, Ajax, or other mild abrasives in the direction of the grain. Apply a coat of auto wax to maintain beauty.

**Chrome/Satin Chrome**
Clean with Windex or an automotive chrome cleaner such as Semi-Chrome twice a month. Apply a coat of hard paste wax to protect against moisture.

**Polished Aluminum**
Clean with Windex, Fantastik, or other non-abrasive cleaning solutions. Coat with a hard paste wax semi-annually to maintain luster and prevent discoloration.

**Anodized Aluminum**
Clean with mild soaps, detergents, or other non-abrasive cleaning agents. Apply paste wax or DuPont non-abrasive car polish #7 twice a year to prevent oxidation. For stubborn stains or discolorations, apply navel jelly aluminum cleaner.

**Powder Coat Paint**
Clean with Windex or Endust using a soft cloth. Remove stubborn stains with Soft Scrub.
Placing Your KnollStudio Order

Use the Following Address:
If you would like to send an order directly to our order entry departments, please use the following address:

Knoll, Inc.
P.O. Box 157
East Greenville, PA 18041
Attn: Order Entry
Fax: 215 679-1570
Tel: 800 343-KNOLL

When Placing Your Order, Include:
• All information requested on the order form.
• Local taxes for the “delivered to” address.
• For orders $2,000 or under (including applicable taxes and delivery/installation fees, if any), full payment must be made when order is placed.
• For orders over $2,000, a deposit equal to one-half of the complete order value is required at order placement. Balance must be settled before shipment.

Key Points to Remember:
All accepted orders will be confirmed in writing on the Knoll standard acknowledgement form. A copy of the acknowledgement will be mailed to the customer prior to production.

Freight within the 48 contiguous United States and Canada, excluding the Yukon, Northwest Territories and Newfoundland, is prepaid and included in the price of all orders.

For residential orders, Knoll strongly recommends White Glove delivery service to most locations in the Continental United States and Canada. White Glove service includes inside delivery, unpacking, furniture installation and removing cartons and crates. The fee for this service will be quoted at the point of purchase.

KnollStudio’s limited warranty covers all furniture against manufacturing defects in this price list for a period of five years after delivery to the customer.

All pricing is in U.S. dollars.

For More Information:
For complete Knoll Selling Policy and warranty information, please refer to pages 49-50 in the back of this price list.

For additional information on KnollStudio, contact your KnollStudio representative, a Knoll Space retailer or e-tailer, or telephone Customer Services at 800 343-KNOLL. To find the retailer or showroom nearest you, visit www.knoll.com.
Below are a few configurations of the LSM V-Base rectangular conference tables

The V-Base design with two supporting column bases and a center trough allows for maximum knee clearance, and thoughtful electrical and communication distribution.

LSMV/PSS04
One segment 96” wide by 48” deep table top with supporting 24” V-Base

LSMV/PSS01
Two segment 120” wide by 60” deep table top with supporting 36” V-Base

LTV/PSS4
Four segment 216” wide by 72” deep table top with supporting 42” V-Base and two intermediate legs

Ordering Information

Pattern no. Outside segment Inside segment
LSMV/PSS04 Y, Y, Y, AE2, GE2, GE3, GE6, BE2, GG2
LSMV/PSS01 Y, Y, Y, AE2, GE2, GE3, GE6, BE2, GG2
LTV/PSS4 Y, Y, Y, GE2, GE3, GE6, AE2, AE3, GGG2

Top:
- Plastic laminate and wood veneer, 1” thick.
- 3-ply solid particle fi leboard core with balanced backer sheet.
- Veneer top comes with matching 1/8” solid lumber outer edges and veneer self-edge at joining section edges.
- Plastic laminate tops are edged with matching 3mm ABS flat edge band.
- Engineered stone and marble, 20mm thick tops with 1” painted medium density fi leboard sub-tops.

Edges:
The LSM Conference Table Series features two distinctive applied edge details for all top fi nishes. The extruded aluminum edge details are available in two pro fi les and are fi nished to match base fi nish options. To specify the table, select either Fluted (P) or partial Surround (S), or LSM Power Port electrical hubs for table top access.

AE2 - 2X1 Power Center, center depth, two side locations (R&L)
Y, GE2, GE3, GE6, BE2, GG2

Electrical Options:
Compatible with the LSM Power Center electrical hubs for table top access, or LSM Power Port electrical hubs for electrical access through the trough located on the underside of the table’s top surface. Individual tables have unique cut-out options per base/section size.

LSMV Collection
Lawrence and Ted
Rectangular Conference Table with V-Base

LSM Power center electrical hubs for table top access. Individual tables have cut-out options per section, per table. See chart below:

Pattern no. Outside segment Inside segment
LSMV/PSS04 Y, Y, Y, AA2, AE2, GE2, GE3, GE6, BE2, GG2
LSMV/PSS01 Y, Y, Y, AA2, AE2, GE2, GE3, GE6, BE2, GG2
LTV/PSS4 Y, Y, Y, AA2, GE2, GE3, GE6, AE2, AE3, GGG2

V-Base:
The v-base is constructed of polished stainless steel, horizontal brushed stainless steel, or powder coat painted cold rolled steel. End panels of the V-bases are easily removable using thumb screws and handles located at the top edges; simply remove thumb screws, lift with handles to remove from internal box.

Lofting:
Three leveling glides are located within each v-base column and feature a glide-shroud that eliminates any light gap due to irregularities in the floor

Leveling:

**Partial Surround edge detail:**

Note: LSM tables are certified Clean Air GOLD.
# LSM Conference Table Series with V-Base

## Rectangular Two Segment Conference Table with V-Base

### Designers:
Debra Lehman-Smith and Ron Fiegenschuh, 2012

### Order Code
Example: L3SV32-AW-C-CES-RR
- **Ax**: L3SV32, L3SV22, L3SVP22, L3SVP32
- **W**: 120, 132, 144. 162, 180, 213, 240. 264,
- **D**: 120, 132, 144, 162, 180, 213, 240. 264,
- **H**: 72, 75, 90, 110, 115, 120, 125, 150, 160, 170
- **S**: 1, 2, 4

### Finishes
- **Colored laminate top**
  - Bright White (suffix 110)
  - American Walnut (suffix AW)
  - Natural Oak (suffix NO)
  - Ebonized Oak (suffix OE)
  - White Ash (suffix A101)
- **Engineered Stone top**
  - Grey Marble (suffix GG, GGS)
  - Calacatta (suffix MC, MCS)
  - Arabescato (suffix MA, MAS)
- **Steel/anodized aluminum**
  - Horizontal Brushed Stainless Steel (suffix SS)
  - Vertical Polished Stainless Steel/Mirror Chrome (suffix C)
- **Paint**
  - Satin (suffix POL)
  - Satin (suffix SAT)

### Electrical
- **Power Centers**
  - L43X1 Power Centers feature 3 simplex outlets and either one or two knockouts. Individual sections have unique cutout options, please refer to the chart below.
  - L46X2 Power Centers feature 6 simplex outlets and either two knockouts or four active USB jacks, or combination of both.
- **Grommet options** ($156 per cutout)**
- **Plinth edge detail**
  - Specify: (P); profile is diagramed below.

- **LSM Collection**

### Knowledge selection
- **Pattern number**
- **Laminate** (suffix)
- **Veneer**
- **Engineered stone** (suffix)
- **Grey marble** (suffix)
- **Calacatta** (suffix)
- **Arabescato** (suffix)
- **Steel/anodized aluminum** (suffix)
- **Paint** (suffix)

### Examples
- **LSM3V2-AW-C-CES-RRS**
- **LSM3V2-AW-C-CES-RRS**

### Table top segments may be specified with zero, one or two cutouts. Individual sections have unique cutout options, please refer to the chart below.

### Features
- Power Center Cutout Options ($156 per cutout)
- Available Electrical Cut-outs per individual table
- The LSM Conference Table features a distinctive applied edge detail. The circled aluminum edge detail is available in a plinth edge profile and is finished to match base finish options. To specify the table, select Plinth edge (P) profile in diagram below. Plinth edge detail.

### Note:
- LSM tables are certified Clean Air GOLD.
### Finishes

#### Control melamine top finishes (polished, etch)
- Apecubi (suffix MA, MAB)
- Callacina (suffix MC, MEX)
- Greystone (suffix GG, GEX)

#### Engineered Stone top
- Veros steele (suffix VB)
- Not available on laminated glass.

#### Base/Edge finishes
- Bright White painted (suffix BS)
- Horizontal Blended StainlessSteel/Steel/Steel/Chrome (suffix C)
- Black (suffix B5)

#### Grommet options ($136 per cutout)
- For any Power Center, left or right of any section edge, mid-depth (GE2), (GE3), (BE6).
- For Two Power Centers, left and right of any section edge, mid-depth (AE2), (AE3).
- Available available for individual items only.

#### Order Code

Example: LSVF23-166-110-5-H/M/O/G
1. 166 x 90 rectangular table, plinth edge, three segments.
2. Bright White varnished with matching ABS edgeband.
3. Bright White painted laminate, Chamfer type, solid wood edge.
4. No cutout, segment 1.
5. No cutout, segment 2.
6. Center cut-out for Power Center, center, mid-depth, segment 3.

#### Specifying:
1. Pattern number
2. Top finishes (including edgeband)
3. Base and Edge profile finishes
4. Cut-out options

### Order Code

Power Center Cutout Options ($156 per cutout)

- Tables can be hardwired using pre-wired boxes, or plugged in with cordset boxes.
- Table top segments may be specified with one cutout option, please refer to the chart below.
- Power Centers are available in these sizes and multiple configurations.
- L4XX Power Centers feature 2 simplex outlets and either one knockout or two active USB jacks.
- Limitations on mid-depth (MD2), (MD3) Bases.

**Features**

- For Single Power Center, center, mid-depth (GE2), (GE3), (GE6), (GE0) selectable.
- For Single Power Center, right or left of table top segments may be specified with one cutout option, please refer to the chart below.
- Power Centers feature 3 simplex outlets and either one knockout or two active USB jacks.
- L4XX Power Centers feature 6 simplex outlets and either two knockouts or four active USB jacks, or combination of both.
- For four Power Center, center, mid-depth (GE2), (GE3), (GE6), (GE0) selectable.
- For Four Power Center, right or left of table top segments may be specified with one cutout option, please refer to the chart below.

---

**Order Code**

Example: LTV54-Y, BE2, BE3, BE6, BGG2

- No cutout, segment 1 (BGG2)
- Base/edge profile is Extruded aluminum edge detail.
- Finish Options:
  - Painted Solid Wood (suffix OA)
  - Painted Solid Wood (suffix OAE)
  - Engineered Stone (suffix ES)
  - Engineered Stone (suffix ESE)
  - Steel/anodized aluminum (suffix SS)
  - Horizontal Brushed Stainless Steel/Glass (suffix C)
  - Natural Oak (suffix ON)
  - Ebonized Oak (suffix OE)
  - Fumed Oak (suffix OF)
  - White Ash (suffix A101)

---

**LSM Conference Table Series**

- LSM tables are certified Clear Air Gold.
- LSM tables feature a distinctive applied edge detail. The extended aluminum edge detail is available in a single edge profile and is finished to match base finish options. To specify the table, select a single edge (P) profile. The single edge detail is shown below.

---

Specifications:

1. Pattern number selection:
2. Top finishes (including edgeband):
3. Base and Edge profile finish:
4. Cut-out options:
5. Engineered stone top finishes:
6. Base/Edge finish options:
7. Plinth edge detail:

</table>

**Features**

- The LSM Conference Table features a distinctive applied edge detail. The external aluminum edge detail is available in a polished edge profile and is finished to match base finish options. To specify the table, select Plinth edge (P) profile as diagrammed below.
- **Power Center Cutout Options:** ($156 per cutout)
- Tables can be hardwired using pre-wired boxes, or plugged in with cordset boxes.
- **Power Center Cutout Options:** ($156 per cutout)
- Tables can be hardwired using pre-wired boxes, or plugged in with cordset boxes.
- **Cutout options:**
  - Y: Standard cutout for electrical outlets and four knockouts centers.
  - AE: Standard cutout for electrical outlets and four knockouts centers.
  - BE: Standard cutout for electrical outlets and four knockouts centers.
  - GE: Standard cutout for electrical outlets and four knockouts centers.
  - AE2: Standard cutout for electrical outlets and four knockouts centers.
  - BE2: Standard cutout for electrical outlets and four knockouts centers.
  - GE2: Standard cutout for electrical outlets and four knockouts centers.

**Table Top Options:**

- Veneer top with Coated marble top finishes (polished, satin):
  - White: Polished S.S./ Chrome
  - American Walnut: Satin S.S./ Anod. Aluminum

- Engineered Stone top:
  - Grey Marble (suffix GG, GGS)
  - Calacatta (suffix MC, MCS)
  - Arabescato (suffix MA, MAS)

- Colored laminate top:
  - American Walnut (suffix AW)
  - Steel/anodized aluminum (suffix SS)
  - Horizontal Brushed Stainless (suffix C)
  - Satin S.S./ Anod. Aluminum

- Paint/Paint:
  - Paint/Paint

**Ordering Code:**

- Example: L3VVP72-MA-SS-Y-(AE2)-AE2-AE2-Y
- 72" x 72" rectangular table, plinth edge, six segments

**Plinth Edge Details:**

- Plinth edge detail: (P); profile is diagramed below.
Below are the three general configurations of the LSM L-Leg conference tables: square, rectangular with four legs, and rectangular with four corner legs and intermediate support legs.

The L-Leg design maximizes leg clearance using an under table support structure that allows for a 120° side table with the use of just four legs. Tables wider than 120° are supported with an inset intermediate supporting leg.

### Ordering Information

**Specify:**
1. Pattern Number, indicating either Plinth (suffix P) or Surround edge detail (suffix S)
2. Top finish
3. Base/edge detail finish
4. Power Center cut-out option, per section

**Top:**
- Plastic laminate and wood veneer, 1 5/8" thick; 3-ply solid particle fiberboard core with balanced backer sheet. Veneer tops come with matching 1 5/8" solid hickory exterior edges and veneer self-edge at jointing section edges. Plastic laminate tops are edged with matching 1.6mm ABS flat edge band.

**Construction**
- The LSM Conference Table Series features two distinctive applied edge details for all top finishes. The extruded aluminum edge details are available in two profiles and are finished to match base detail options.
- To specify the table, select either Plinth (P) or partial Surround (S), patterns are diagramed below.

**Partial Surround only available on glass tops.**

---

### LSM Power center electrical hubs for table top access. Individual tables have cut-out options per section, per table. See chart below:

**Finish Options**

- Colored laminate type: Bright White (suffix 118)  
- American Walnut (suffix AL)  
- Natural Oak (suffix ON)  
- Fumed Oak (suffix OF)  
- Ebonized Oak (suffix OE)  
- Calacatta (suffix MC, MCS)  
- Coated marble top finishes: Calacatta (suffix MG, MG5)  
- Calacutt (suffix MG5)  
- Vetro Bianco (suffix VB)

**Electrical**

- Power Center Cutout Options: ($156 per cutout)  
- Table can be hardwired using pre-wired boxes, or plugged in with cordset boxes. 
- Cutout configurations: For Single Power Center, left or right of joining section edge, mid-depth (GE2), (GE3), (BE6)  
- For no Power Center (Y)

**Features**

- The LSM Conference Table features a distinctive applied edge detail. The extended aluminum edge detail is available in a phenolic profile and is finished to match base finish options. To specify the table, refer to Phenolic Edge (P) profile is designed below.  
- Phenolic edge detail: [Diagram]

Conference Tables

W 120, 144, 168, 192
H 29, 33, 37, 41

Center table top size
SS: Brushed commercial aluminum top, stainless finish
BB: Center for LSL30 Power Center, left of joining section edge, mid-depth, segment 1
BB2: Center for LSL30 Power Center, right of joining edge section, mid-depth, segment 2

Features
LSM tables are certified Clean Air GOLD.

Electrical
Power Center Cutout Options ($156 per cutout)
Tables can be furnished using pre-wired boxes, or plugged in with corded boxes. Table top segments may be specified with zero, one or two cutouts. Individual tables have unique cutout options, please refer to the table below.

LSM2X Power Centers feature 2 simplex outlets and either one knockout or two active USB jacks. LSM4X Power Centers feature 3 simplex outlets and either one knockout or two active USB jacks, or combination of both

Power Center Cutout Options

B = No cutout
Y = Single grommet, center, mid-depth (Y)
G = Single grommet, left, mid-depth (G)
R = Single grommet, right, mid-depth (R)
BGG2 = Single grommet, left, mid-depth (B), center, mid-depth (G), right, mid-depth (R)

Profile options ($136 per cutout)
Tables may be specified with zero, one or two grommets per section. For detailed information, consult page 22

Grommet finish (optional)
Single grommet, left, mid-depth (BGG2)
Single grommet, center, mid-depth (GGE2), (GGE3), (BE6)

**Finish Options**

- G ene ral laminate top finishes:
  - Arctic White (suffix 118)
  - Natural Oak (suffix ON)
  - American Walnut (suffix AW)
  - White Ash (suffix A101)
  - Fumed Oak (suffix OF)
- Specified pattern no. laminate veneer top base/edge selection

**Electrical**

- Power Center Options (extra: $150 per cutout)
  - Tables may be hardwired using pre-assembled boxes, or plugged in with cordset boxes.
  - Table top segments may be specified with zero, one, or two cutouts. Individual tables have unique cutout options, please refer to the chart below.
  - Power Centers are available in three sizes and multiple configurations.

**Features**

- The LSM Conference Table features a distinctive applied edge detail. The extruded aluminum edge detail is available in a biphase profile and is finished to match the base finish options. To specify the table, select a Plinth edge (P) profile is diagrammed below. Plinth edge detail.

**Features**

- The Power Center is a flush mounted electrical hub for table-top distribution of power and access to data, or audiovisual connections. Available in three sizes, a multitude of interior configurations, and either as a 15 amp cord set, or a 20 amp prewired version. The L42X1 is available as a cord set version only, with two simple electrical outlets and room for one data faceplate, or with two active USB charging outlets. The L42X2 is available as either a cord set version or a prewired version, available as a two alternating circuits, with three simple electrical outlets and room for one data faceplate, or as two alternating active USB charging outlets. The L42X2 is available as either a cord set version or a prewired version, available as a two alternating circuits, with three simple electrical outlets and room for one data faceplate, or as two alternating active USB charging outlets. The L42X2 is available as either a cord set version or a prewired version, available as a two alternating circuits, with three simple electrical outlets and room for one data faceplate, or as two alternating active USB charging outlets. All cord set boxes feature a convenience outlet located on the underside of the box. 10' flexible power cord.

**Note:**

- Power Centers use Propeller electrical Plexus communication and data faceplates. UL Listed.

**Order Code**

**Example:** LG2PP2

- Two power, no plate knockout, black finish, top mount 72" black cord, two 3/8" self tapping screws.

**Features**

- Perimeter Power Electrical Boxes use Propeller electrical plates for communication and data faceplates.

**Pattern no.**

- LG2PP2: $353.
- LG2PP202: $353.
- LG2PP202X: $353.
- LG2PP4: $449.
- LG2PP402: $627.
- LG2PP402X: $627.
- LG2PP404: $769.
- LG2PP4X: $449.

**Note:**
Perimeter Power Electrical Boxes are top mount 72" black cord, two 3/8" self tapping screws.
**Features**
For use with the LSM electrical Power Centers.
Interconnecting cables ensure power connection in a straight line configuration. Link multiple units together without the hassle of sequential placement. Interconnecting cables are a four wire, two circuit system. Hardwire starter cable is required to connect first Power Center unit to building power.

**Order Code**

**Features**

**Ribbon Vertical Wire Manager:**
- The ribbon vertical manager, designed by LSM, is a mirror chrome spring that serves as a conduit for vertical cable management. Spring diameter is 2.5”.
- Die-cast aluminum flanges terminate the top and bottom of the spring and are finished in a smooth medium grey powder coat paint.
- A medium grey ABS plastic spacer fits between the top flange and the underside of the table which provides horizontal wire distribution in four directions.
- Connection hardware is included and consists of wood screws and double sided table and top fasteners. For use depending on top and table type.

**Antenna Vertical Wire Manager:**
- The antenna vertical manager serves as an enclosed vertical cable conduit for vertical cable management. Offered in two painted options.
- Antenna finishes:
  - Black (suffix 111T)
  - Bright White (suffix 118T)

**Power Port Electrical:**
- The Power Port trough offers under table access to electrical power within the center trough of the V-Base table series. Available in hard wire or cord set, the box offers two simplex electrical outlets and four active USB charging outlets. The easy to mount boxes simply fit into existing cut outs and are secured using thumb screws (included).
- UL Listed.

This Selling Policy supersedes all previous selling policies and is inclusive of Knoll, KnollStudio and Muuto. Prices, discounts and product offerings are subject to change without notice.

**Terms & Conditions of Sales**

Sales by Knoll, Inc. or Knoll North America Corp. (“Seller”) of Knoll Product Lines (hereinafter “Products”) within the United States and Canada are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser’s assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supersede any prior and/or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and signed and shall be valid for all purposes as if they were originated and maintained in documentary form.

**Ordering Information**

All orders must be in writing. The product pattern number(s) contained on Seller’s order acknowledgement shall be the final expression of the order.

**Order Confirmation**

A purchase order is not binding on Seller until Purchaser has received Seller’s order confirmation or acknowledgment.

**Pricing Policies**

List prices are subject to change without notice.

List prices shall be the prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller’s list prices.

**Taxes**

All sales, use, excise and other taxes applicable to the sale of the Products shall be paid by Purchaser. If Purchaser claims an exemption from any tax, Purchaser shall submit to Seller the appropriate exemption certificates.

**Terms of Payment**

Payment for one hundred percent (100%) of the net order amount (including any applicable shipping and handling fee) is due within thirty (30) days of the date of invoice, which is generally issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than $100,000 net, a fifty percent (50%) deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice.

KnollStudio orders less than $2,000 require payment for one hundred percent (100%) of the net order amount (including any applicable sales tax and charges for inside delivery, special packaging, etc.), due at time of order placement. For KnollStudio orders greater than $2,000, a one-half (50%) deposit is due at time of order placement with the remainder (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due prior to shipment.

If, in the judgment of Seller, Purchaser’s financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance. Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults on payment, Purchaser shall be liable for all collection costs, including reasonable attorney’s fees and costs.

**Changes and Cancellation**

Expenses incurred because of changes shall be charged to Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including “COM” (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled.

QuickShip orders may not be changed or canceled without Knoll’s authorization. In the event of Muuto order changes, 25% payment of original net order amount is required for changes incurring the week the order is scheduled to ship. If Muuto is ordered on QuickShip, the QuickShip policy supersedes.

For standard orders, freight prepaid is included in the price of all Knoll Office and KnollStudio Products, except KnollTextiles and Muuto, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packaging is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice.

Freight for all Muuto orders must be specified at time of order placement and added to the PO.

**Freight Prepaid**

For standard orders, freight prepaid is included in the price of all Knoll Office and KnollStudio Products, except KnollTextiles and Muuto, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packaging is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice.

**Delivery/Freight Charges**

For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination.

Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment, in writing.

Nonstandard methods of shipment and/or additional services are available upon request. Orders for QuickShip product shipping direct parcel or White Glove are subject to additional shipping and handling charges and must be paid by Purchaser. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser’s request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redelivery.

Partial shipments may be made and invoiced by Seller.

**Claims**

All sales, use, excise and other taxes applicable to the sale of the Products shall be paid by Purchaser. If Purchaser claims an exemption from any tax, Purchaser shall submit to Seller the appropriate exemption certificates.

**Sales by Knoll, Inc. or Knoll North America Corp. (“Seller”) of Knoll Product Lines (hereinafter “Products”) within the United States and Canada are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser’s assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supersede any prior and/or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and signed and shall be valid for all purposes as if they were originated and maintained in documentary form.
Selling Policy

Seller's Security Interest

Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.

Returns

The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service.

All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) of list restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products or delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.

Customer's Own Material

A Purchaser who requests a fabric or other surface material not standard to Seller’s line of Products (“COM”) must submit samples of the requested material to Seller. Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to the use of the COM on the Product.

Held Orders/Storage

If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests or later changes in surface finishes, including colorfastness due to aging or exposure to light. Dramatic temperature variations or exposure to unusual conditions. Products not installed by or under the auspices of a Knoll Dealer. COM or other third party materials applied to Products.

This warranty does not apply to:

- Damage caused by a carrier other than the Seller.
- Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).
- COM or other third party materials applied to Products.
- Products not installed by or under the auspices of a Knoll Dealer.
- Dramatic temperature variations or exposure to unusual conditions.
- Changes in surface finishes, including colorfastness due to aging or exposure to light.
- Except as specifically noted above, textiles and upholstery supplied by KnollTextiles and Spinneybeck FilzFelt (consult current price lists for applicable warranties).

Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures of such materials. The Seller also does not guarantee the colorfastness or matching of such materials. The Seller also does not guarantee the colorfastness or matching of such materials.

The remedies provided above are the Purchaser's sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with...
Delay/Force Majeure

Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of war or terrorism, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delays, allocate available Product or cancel any purchase order.

Compliance with Law

PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.

Patents

Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediate, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.

The foregoing indemnity does not apply to the following:
- Products supplied according to a design other than that of Seller, and which is required by the Purchaser.
- Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.
- Any settlements of a suit or proceeding made without Seller’s written consent.

Limitations of Liability

SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.

Purchaser’s remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.
General Ordering Information

The Products
This guide encompasses all standard products for this product group.

Sizes
Dimensions listed in this guide are indicated as:
H = height
W = width
D = depth
Dia. = diameter
Rad. = radius

Pricing
All prices shown are list.

How to Order
Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item’s “designated area” can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:
Knoll, Inc.
1235 Water Street
P.O. Box 157
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll’s environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such “green” initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to knoll.com, click on “About Knoll” and then “Environmental Focus.”
