A Price List Overview

Where do I send my order? How should I maintain my marble table?

From textile options to wood polishes, the KnollStudio price list is designed to provide you with everything you need to know in order to understand, specify, and care for furniture in the KnollStudio Collection.

This book is divided into three easy-to-use sections.

• Propeller Table Series
• Pixel™ Tables Series
• LSM Conference Tables

For a quick overview of the collection’s scope, review the Visual Index on pages 0-3. If you’re looking for pieces by a specific designer, try the Designer Index on page 0.

Finishes

For detailed explanations of the many materials used in constructing KnollStudio furniture, consult page 7. A cross-reference of KnollStudio veneer or lumber finishes with standard Knoll Office veneers is provided on page 7. Easy-care maintenance information is also provided on pages 8-9.

Placing Your KnollStudio Order

For information about where to send your order and key terms and conditions, see page 9. The complete Knoll Selling Policy is available on pages 70-71.

General Ordering Information and Knoll’s Sustainability Statement is available on page 73

Product Information On Each Page

On each page, the following features will assist you:

- Description provides both the pattern number and a basic description of the product.
- Dimensions provide the overall space the product will require. Statistics are based on the maximum width, depth, and height of the product.
- Weight is based on the product itself. It does not include packaging. Weights are rounded to the nearest pound.
- Weights of upholstered items do not include weight of textile/leather. To calculate total weight, multiply covering requirements by textile/leather weight, and add to product weight.
- Pattern Number provides both the product identification number and all additional selections required for ordering. Finish options are enclosed in parentheses. Finish suffix descriptions are found under Finishes on the bottom portion of the page.
- Order Code/Ordering Information outlines exactly how to specify KnollStudio product and the full scope of finishes and other options. The Order Code provides an example of how one pattern number on the page is specified.
- Construction provides specific materials and finishes employed, as well as specific construction details.

Note to Knoll Dealer Sellers:

The products contained in this price list are also available through the Knoll Essentials program, with limited exceptions. For additional information, please contact your customer service representative or visit Knoll Exchange.

Intertek Clean Air Certification

Intertek’s Clean Air Certification validates the level of volatile organic compound (VOC) emissions from products. VOCs are gases emitted from products and include a variety of chemicals that may effect consumers’ health in the short- and long-term. Both Intertek Clean Air GOLD and SILVER certifications ensure the user-health, safety and sustainability of Knoll products. A selection of Knoll Office and KnollStudio products are Intertek certified Clean Air, most of which are certified GOLD, which imposes more rigorous standards than certified SILVER.

- USGBC LEED credits
- California 01350 Special Environmental Requirements (CDPH)
- California Department of General Service (DGS) Indoor Air Quality Specifications for Open Panel Office Furniture
- Compliant to BIFMA e3 standard credit 7.6.2 and 7.6.3
Materials and Finishes

KnollStudio Natural Materials
Wood and marble are natural materials that vary. Use material samples and printed sample materials as reference only. KnollStudio printed and finish samples offer an example of what an “average” natural material may look like, within a range of acceptance carefully delineated by Knoll. Because of the breadth of variations possible with any natural material, Knoll specialists select these materials with stringent criteria, accepting only the top 3 - 5% of what is available.

Wood

Knoll Natural Veneers
All natural finishes are selected from the finest hardwoods available around the world. Veneers are flat cut and carefully matched so that cathedral or heart patterns are perfectly balanced. Natural veneers also are cut to allow a generous margin of quarter-grain figuring ensuring invisible splicing.

Marble

Knoll selects the highest quality, structurally sound marble through a host of quarries in the United States, Turkey, Spain, Slovenia and Italy. Because each mountain range and quarry have their own signature, every marble piece - even within a single quarry - is unique. Hues, veins, crystals, fossils, clouds, and distinctive marks will vary from piece to piece. This is the extraordinary character of stone as a material. Its high quality and its unique nature give the Knoll tables a feel of incredible sculptural beauty. The following are the marbles that KnollStudio offers:

Coated Marbles

Coated Marbles
Coated marbles have transparent, high-polish, polyester coating to prevent use-associated stains. Even with this protection, coated marbles should not be used outdoors. Stains should be wiped immediately. Coating will yellow over time.

Satin Coated Marble
Satin coated marbles have transparent satin polyester coating to prevent use-associated stains. This satin finish gives the stone a natural, honed appearance while providing the same protective qualities as the Coated Marbles. Even with this protection, satin coated marbles should not be used outdoors. Stains should be wiped immediately. Coating will yellow over time.

Arabescato
Ivory white with dark grey veining. May contain random green veins.

Calacatta
Ivory white. Gold and beige random veins with additional veins varying from cream to green and grey.

Grey Marble
Grey with black and white veins. Hues vary in tone and intensity.

Polished Chrome
Several-step plating process that includes a heavy layer of nickel for added rust protection and a bright mirror finish.

Satin Chrome
Chrome plating applied for a soft satinized chrome finish with a higher nickel content.

Polished Aluminum
A shiny, polished finish.

Clear Anodized Aluminum
A light grey satin finish.

Laminate
An exceptionally durable plastic surface. Highly resistant to most chemicals and extensive wear.

Vetro Bianco:
Vetro Bianco is an engineered resin free quartz surface. The brilliant white surface is nonporous, stain proof, and extremely durable making it suitable for indoor and outdoor use.
With proper care, your KnollStudio furniture should last for years to come. To help ensure the longevity of your purchase, below are helpful hints on routine cleaning for your KnollStudio piece. Most basic maintenance can be performed with common household cleaning products.

**Wood**

Clean with a commercial brand of liquid furniture polish twice a month. For stubborn dirt or light scratches, rub lightly with very fine steel wool before using furniture polish. Steel wool Grade #0000 is recommended. To rejuvenate luster, apply a furniture cream as a last step. Do not use water or household solvents; they will destroy the protective finish.

**Marble with Polyester Coating**

Wash with lukewarm water. Wash more thoroughly with Windex, Fantastik, Ivory Flakes in warm water, or other non-abrasive solutions. Rinse with warm water and dry with a soft cloth.

**Vetro Bianco**

Wash surface with lukewarm water. Clean more thoroughly with a non-abrasive solution such as Windex or Fantastik. Rinse with warm water and dry with a soft cloth. Wipe off stains immediately with water and a soft cloth. Never use steel wool or other abrasives on surface.

**Glass/Acrylic Polycarbonate**

Clean with Windex, Fantastik or other non-abrasive cleaning solutions. Wipe dry with a clean cloth.

**Laminate/Melamine**

Scrub with Windex, Fantastik, Mr. Clean, or other household soaps or detergents well dissolved in water, or with a very soft cloth dampened with alcohol or a synthetic thinner. For a dull finish, rub with jeweler's rouge as a polishing agent and finish with paste wax. Never use abrasives. Remove stubborn stains with Soft Scrub.

**Stainless Steel**

Use Windex, Fantastik, or other non-abrasive household cleaners. For small scratches, rub with Comet, Ajax, or other mild abrasives in the direction of the grain. Apply a coat of auto wax to maintain beauty.

**Chrome/Satin Chrome**

Clean with Windex or an automotive chrome cleaner such as Semi-Chrome twice a month. Apply a coat of hard paste wax to protect against moisture.

**Polished Aluminum**

Clean with Windex, Fantastik, or other non-abrasive cleaning solutions. Coat with a hard paste wax semi-annually to maintain luster and prevent discoloration.

**Anodized Aluminum**

Clean with mild soaps, detergents, or other non-abrasive cleaning agents. Apply paste wax or DuPont non-abrasive car polish #7 twice a year to prevent oxidation.

For stubborn stains or discolorations, apply navel jelly aluminum cleaner.

**Urethane Edge**

Clean with household soaps and detergents well dissolved in water. Do not use abrasive cleaning solutions.

**Powder Coat Paint**

Clean with Windex or Endust using a soft cloth. Remove stubborn stains with Soft Scrub.
Use the Following Address:
If you would like to send an order directly to our order entry departments, please use the following address:

Knoll, Inc.
P.O. Box 157
East Greenville, PA 18041
Attn: Order Entry
Fax: 215 679-1570
Tel: 800 343-KNOLL

When Placing Your Order, Include:
- All information requested on the order form.
- Local taxes for the “delivered to” address.
- For orders $2,000 or under (including applicable taxes and delivery/installation fees, if any), full payment must be made when order is placed.
- For orders over $2,000, a deposit equal to one-half of the complete order value is required at order placement. Balance must be settled before shipment.

Key Points to Remember:
All accepted orders will be confirmed in writing on the Knoll standard acknowledgement form. A copy of the acknowledgement will be mailed to the customer prior to production.

Freight within the 48 contiguous United States and Canada, excluding the Yukon, Northwest Territories and Newfoundland, is prepaid and included in the price of all orders.

For residential orders, Knoll strongly recommends White Glove delivery service to most locations in the Continental United States and Canada. White Glove service includes inside delivery, unpacking, furniture installation and removing cartons and crates. The fee for this service will be quoted at the point of purchase.

KnollStudio’s limited warranty covers all furniture against manufacturing defects in this price list for a period of five years after delivery to the customer.

All pricing is in U.S. dollars.

**Materials**

- **Legs**: Extruded aluminum and finished in a highly durable textured powder coat paint.
- **Glides/Casters**: Sterling (suffix 111T), Black (suffix 112T), Light Grey (suffix 113T), and Medium Grey (suffix 114T).
- **Electrical**: Mechanisms and slide the lever along the curved path to engage.
- **Maintenance**: See pages 7-0.

**Features**

- **Legs**: Legs are extended aluminum and finished in a highly durable textured powder coat paint.
- **Glides/Casters**: Each table is fitted with a Pixel connector on the undersides of each corner. Four leg tables have the ganging mechanism incorporated into the leg casting. To join the tables, align the mechanism and slide the lever along the curved path to engage.

**Cutout Options**

- **Cutout**: Please refer to pg. 178-179.

**Notes**

- **Designers**: Marc Krusin, 2015
- **Award(s)**: Best of Neocon Gold Award, 2015
- **Construction**: Constructed of particle board substrates sandwiched between laminate or wood veneer top and phenolic backer sheet bottom. Laminate tops can be specified with a flat, MR, or molded urethane edge. Veneer tops will have matching solid wood edge. Solid wood edges can be specified on corner wedge tops with a solid veneer top. Edge and top will match.

**Pricing**

- **118T**: Bright White legs
- **1118T**: Bright White legs and top
- **11218T**: Medium Grey legs and top
- **11318T**: Black legs and top

- G: Glides
- 111: Black laminate
- 300: Black molded edgeband
- Y: No grommet
- 111T: Jet Black legs

**Finish Options:**

- Colored laminate finishes: Bright White (suffix 118), Folkstone (suffix 114), Black (suffix 111)
- Woodgrain laminate finishes: Medium Cherry (suffix 124), Natural Maple (suffix 125), Natural Cherry (suffix 126), Walnut (suffix 127), Light Ash (suffix 129), Warm Ash (suffix 130), Whitewash Ash (suffix 143), Grey Ash (suffix 142), Classic Oak (suffix 145), Country Pine (suffix 144), Zebrawood (suffix 145)
- Veneer top/edge finishes: American Walnut (suffix AW), Natural Oak (suffix NO), Fumed Oak (suffix OF), Ebonized Oak (suffix OE)
- Molded edgeband finishes: Black (suffix 300M), Innertone (suffix 386M), Platinum (suffix 367M), Folkstone (suffix 004M), Mink (suffix 324M), Graphite Pear (suffix 144), Zebrawood (suffix 145)
- Leg finishes: Jet Black (suffix 111T), Bright White (suffix 118T), Medium Grey (suffix 115T), Sterling (suffix 906T), Classic Oak (suffix 145)
- Glides: Glides (suffix G)

**Electrical:**

- Cutout Options: ($33 per cutout)
- Tables may be specified with zero or one round grommet. Please refer to page 10 for the proper cutout code.
- Column base tables can only accommodate the KE1, KE2, and KE3 electrical modules.
- Grommet cover must be ordered separately if specifying a grommet cutout. Please refer to page 174-175.

**Construction:**

- Laminate and-inline tape: Constructed of an MDF core sandwiched between laminate or wood veneer top and phenolic backer sheet bottom. Reverse knife edge is only available in a molded urethane edge and a solid wood edge. ABS flat edge is not available.
- Legs: Legs are extruded aluminum and finished with a highly durable textured powder coat paint.

- Platinum (004)
- Folkstone (004)

**Flat edgeband finishes:**

- Black (111)
- White (118)
- Platinum (004)
- Folkstone (004)

**Construction**

- Laminate and wooden tops:
  - Constructed of particle board substrates sandwiched between laminate or wood veneer top and phenolic backer sheet.
  - Laminate tops can be specified with a flat ABS or molded urethane edge.
  - Veneer tops will have matching solid wood edge.
  - Solid wood edges can be specified on corner wedge tops with a wood veneer top. Edge and top will match.

- Hangers:
  - Hangers are made of steel and finished in a highly durable textured powder coat paint.

- Dimensions:
  - Side depth refers to edges adjacent to connecting tables.
  - Width refers to edge facing the user.

**Features**

- **Corner Wedge Top:**
  - The Corner Wedge Top is used to easily transition Pixel rectangular training tables into L-shapes, U-shapes or hollow square configurations.
  - Top connects to the adjacent tables by Powder coated steel hangers and Pixel ganging brackets. By eliminating legs in the design, the Corner Wedge allows for unencumbered leg room in the corner position.

- **Corner Wedge Dolly:**
  - The Corner Wedge Dolly is made of black powder coated steel on casters and can fit up to 12 wedges.
  - The handle on the dolly can be used to support the weight of the Corner Wedge while ganging or removing from the Pixel Tables.

**Maintenance:**

See pages 7.

**Note:** Pixel tables are certified Clean Air GOLD.

** KGANG Pixel ganging mechanism**

**Dimensions:**

- Non-parallel sides of the trapezoid top.
- Side depth refers to the shorter nonparallel sides of the trapezoid top.

**Construction:**

- Constructed of particle board substrates sandwiched between laminate tops and phenolic backer sheet bottom. Laminate tops can be specified with a flat ABS or molded laminate edge.

**Laminate Top:**

- Only KG, KE5, and KE8 electrical modules are available on Pixel Trapezoid Tables.

**Cutout Options:**

- Cutout codes are available on Pixel Trapezoid Tables.
- For cutout codes, please refer to the cutout matrix on page 10 for the proper cutout code.
- Note: Cutout codes are not available on flip top tables.

**Features:**

- Each table is fitted with a Pixel ganging mechanism and slide the lever along the curved path to engage.

**Maintenance:** See pages 7.

Construction

- Case: 5/8" MDF with mitered corners for seamless edges. Case is constructed using dowel joints for added durability. Wood veneer applied on surface of each side or finished in a wet coat paint.

- Drawers:
  - Body of drawer is veneer wrapped, mitred, and glued 1/2" particle board. Drawer front is 3/4" particle board with wood veneer applied on surface of each side or finished in a textured wet paint. The drawer features a faux double drawer facade which is delineated with a horizontal 1/8" groove painted or stained to match the case finish.

- Laminate and veneer top:
  - Constructed of particle board wrapped in laminate or wood veneer. Edges can only be specified with a flat ABS edge for laminate tops, and solid wood for veneer tops.

- Note:
  - There is a 1/8" reveal between the top of the case and the bottom of the pedestal top.

- Legs:
  - Legs are constructed using a combination of extruded aluminum and a machined aluminum sheet metal plate. Upper mounting plate is aluminum and bolted to an extruded aluminum vertical stem. Finished in a highly durable textured powder coat paint.

- Maintenance:
  - See page 7.

Pixel Link

- Pixel Link is a non-sequential power system that allows users to "daisy chain" multiple power centers together. Please specify a Starter Box (KLSC) if using the Pixel Link system. Pixel Link's "brain" allows users to connect up to 8 power/data centers off of one infeed. The smart LED indicators built into the Starter Box will illuminate green when you're connected and ready to plug in. A red light means that you've linked too many units.

Pixel Link's "brain" allows users to connect up to 8 power/data centers off of one starter box. The smart LED indicators will illuminate green when you're connected and ready to plug in. A red light means that you've linked too many units.

**Pixel Link Rules**

**Starter Boxes:** Starter Boxes can accommodate a maximum of (8) electrical modules and (8) jumper cables (do not count the Starter Box itself). For this application, we will need (6) Pixel Link electrical modules and starter boxes. If you need to add additional Pixel Link modules to your existing run, specify a KLA1-2 jumper cable in between your existing module and the new module. If you need to replace an old starter box but still need to use your old starter box, specify a KLA2-1 jumper cable in between your existing module and existing starter box. Please note that you are still limited to connections per starter box and this adaptor cable counts towards that limit.

**Electrical Modules:** Choose an Electrical Module with the appropriate length to suit the distance to your power source.

**Pixel Link Adapter:** Choose an Electrical Module with a Pixel Link length equivalent to the width of your table. The maximum Pixel Link cable length is 60'. Therefore, on 72" tables, you will need to order the electrical module with 60' Pixel Link cable and an additional 12' jumper cable.

**Cutout Codes:** Refer to the Pixel Grommet and Electrical Module Cutout Matrix on page 10 for cutout positions on all tables.

**Corner Wedge:** If utilizing a Corner Wedge in your configuration, specify a 24" Pixel Link to accommodate the added distance and curve for each corner wedge strip.

**How to Specify Pixel Link Power System**

Pixel Trac is a non-sequential modular power system that allows users to link up to 15 duplex receptacles together off of one hardwired power infeed. With locking and keyed connectors, installation is a snap. Pixel Trac is a UL Listed Manufactured Wiring System.

**Ordering Information**

**How to Specify Pixel Trac Power System:**

**Example 1:**

Need: (2) rows of (13) tables

**Table Specifications:**
- (26) 60" x 24" Pixel C-Leg Tables with a Front Center (EA) cutout for a KE5 power module in all tables.
- Each starter (infeed) cable can accommodate a minimum of (13) Pixel Trac jumper kits. Choose the length starter that matches the distance to your power source. For this application we will need to specify (2) Pixel Trac Starters, one for each row.
- Select the Pixel Trac Kit that is the same length as the table. For this application we will need (26) of the 60" Pixel Trac Kits, (1) for each table.
- Review the Grommet and Electrical Module Cutout Matrix to verify that the preferred power module is available in the requested location. Choose the power module with the 48" cord to reduce the amount of excess cord that needs to be stored in each trough. For this application we will need (26) of the KE5 Electrical Modules.

Need: (2) rows of (13) tables

**Table Specifications:**
- (26) 72" x 30" Pixel C-Leg Tables with a Front Left and Right (DA) cutouts with two KE5 power modules in each table.
- Each starter (infeed) cable can accommodate a maximum of (13) Pixel Trac jumper kits. Choose the length starter that matches the distance to your power source. For this application we will need to specify (2) Pixel Trac Starters, one for each row.
- Select the Pixel Trac Kit that is the same length as the table. For this application we will need (26) of the 72" Pixel Trac Kits, (1) for each table.
- Review the Grommet and Electrical Module Cutout Matrix to verify that the preferred power module is available in the requested location. Choose the power module with the 48" cord to reduce the amount of excess cord that needs to be stored in each trough. For this application we will need (52) of the KE5 Electrical Modules.
- **Electrical Specifications:**
  - (52) KE5 Pixel Electrical Module – KE5202C48
  - (26) 72" Pixel Trac Kit – KTK72

  - Bright White (suffix 118T)
  - Medium Grey (suffix 115T)
  - Sterling (suffix 906T)

**Features:**

- **Vertical Wire Management Clips:**
  - Easily snap on to the leg of the Pixel Table in order to guide the wires and cords down to the floor. Clips slide up and down the leg for adjustment.
  - Note: Vertical wire management clips are clear and come in a pack of 2.

- **Horizontal Wire Management Clips:**
  - Slide onto the underside of the table top which secures the wires or cables in place.
  - Note: Horizontal wire management clips are black and come in a pack of 4.

**Notes:**
- Cord covers can be specified for both C and T Leg Pixel tables on casters or glides. Covers are extruded aluminum and slide onto the leg to hide vertical wires and allow for a more seamless look. Specify paint finish to match table leg finish. Recommended for use when specifying Pixel Tray.
- Note: Cord covers cannot be used on electric and pinset height adjustable tables.

This Selling Policy supersedes all previous selling policies. Prices, discounts and product offerings are subject to change without notice.

### Terms & Conditions of Sales

Sales by Knoll, Inc., or Knoll North America Corp. (“Seller”) of Knoll Product Lines (“Products”) within the United States and Canada are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser’s assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supersede any prior or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and signed and shall be valid for all purposes as if they were originated and maintained in documentary form.

### Ordering Information

All orders must be in writing. The product pattern number(s) contained on Seller’s order acknowledgement shall be the final expression of the order.

### Order Confirmation

A purchase order is not binding on Seller until Purchaser has received Seller’s order confirmation or acknowledgment.

### Pricing Policies

List prices are subject to change without notice.

### Terms of Payment

List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller’s list prices.

### Taxes

Purchaser shall submit to Seller the appropriate exemption certificates.

### Changes and Cancellation

Purchase orders may not be changed or cancelled, in whole or in part, without prior written consent of Seller. Changes may effect delivery dates. Expenses incurred because of changes shall be charged to Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including “COM” (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled.

### Freight Prepaid

Freight is prepaid and included in the price of all Products, except KnollTextiles, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice.

### Delivery/Freight Charges

For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination.

### Conditions

Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment, in writing.

Nonstandard methods of shipment and/or additional services are available upon request. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser’s request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redelivery.

### Claims

All shipments for Knoll Products within the contiguous United States and Canada are F.O.B. Origin. All risk of loss passes to Purchaser at time of delivery to Seller packing cartons. No refund or credit shall be given for damaged Products. Other claims relating to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser.

### Seller’s Security Interest

Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.

### Returns

The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) of list restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products.

### Held Orders/Storage

If Purchaser requests that an order be held at the seller after the time when Seller can deliver the goods, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.
Customer’s Own Material

A Purchaser who requests a fabric or other surface material not standard to Seller’s line of Products (“COM”) must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, or other physical attributes of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to use of the COM on the Product.

Limitations of Liability

Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below. Warranty period set forth below is for 24-hour, 7 days a week, multi shift use (includes parts and labor to repair). Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.

Product and Period of Warranty

This warranty does not apply to:

• Damage caused by a carrier other than the Seller.
• Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).
• COM or other third party materials applied to Products.
• Products not installed by or under the auspices of a Knoll Dealer.
• Dramatic temperature variations or exposure to unusual conditions.
• Changes in surface finishes, including colorfastness due to aging or exposure to light.
• Except as specifically noted above, textiles and upholstery supplied by KnollTextiles and Spinneybeck FilzFelt (consult current price lists for applicable warranties).

Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures, or surface hardness of such materials. The Seller also does not guarantee the colorfastness of fiberglass panel surfaces.

THE EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

The remedies provided above are the Purchaser’s sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with respect to or arising out of the Product furnished hereunder.

Delay/Force Majeure

Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of war or terrorism, act of any governmental authority or if the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delay, allocate available Product or cancel any purchase order.

Compliance with Law

PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.

Patents

Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediately, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.

The foregoing indemnity does not apply to the following:

• Products supplied according to a design other than that of Seller, and which is required by the Purchaser.
• Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.
• Any settlements of a suit or proceeding made without Seller’s written consent.

Limitations of Liability

SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.
Purchaser's remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.

Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll’s environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such “green” initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.
