**Remix**  
Side Chair

Inspired by the idea of bringing pre-existing elements together to make something entirely new, Remix side pairs upholstered comfort with resilient yet pliable flexors to provide unexpected performance.

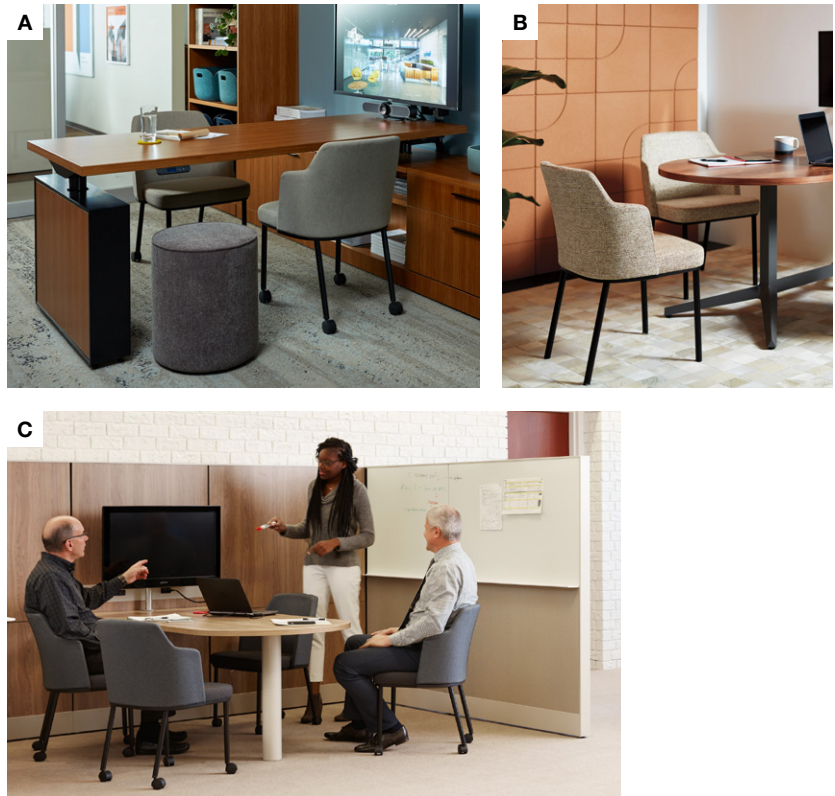

By combining traditional and innovative elements, Remix infuses movement into the historically static upholstered side chair.

- A** A small scale and optional casters make Remix side highly mobile so it's easy to zip from here to there
- B** Plush cushioning and a welcome, open seat invite you to sit and stay a while
- C** Built in pliable flexors enable back movement while offering lasting support

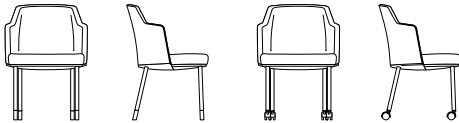

**Warranty**
