Using the KnollExtra Price List

An Overview

In the first part of the Price List you'll find Lighting and Power Series.

The second part features a full range of desktop accessories including Smokador and Orchestra, perfect for panel-mounted or freestanding application.

Part three offers a broad range of systems support products, including technology management and communication boards.

Can’t find it? Consult the Table of Contents on page 1 or the Alpha-numeric Index on page 188.

Product Information on Each Page

The KnollExtra Price List was designed to provide you with everything you need to know in order to understand, specify, and care for KnollExtra products. On each page, the following features will assist you:

**Description/Construction** explains salient features, capabilities, materials, and country of origin.

**Dimensions** provide the overall space the product will require. Statistics are based on the maximum width, depth and height of the product.

**Weight** is based on the product itself. It does not include packaging or complementary items such as pens, memo paper or calendars.

**Order Code/Ordering Information** outlines exactly how to specify KnollExtra product and the full scope of finish options. The Order Code provides an example of how one pattern number is specified.

**Custom Options** reviews availability of special sizes, finishes etc.

For More Information

For more information, contact your Knoll sales representative, telephone Customer Service at 1-800-343-5665, or visit one of the Knoll showrooms listed on the last page of this book.

A Word About Finishes

KnollExtra finishes are designed to complement a broad range of interiors and office products.

Key KnollExtra finishes coordinate with specific Knoll systems finishes:

## Placing Your Order

### Use the Following Addresses

If you would like to send a standard lead time order to our order entry department, please use the following address:

*For North American orders:*
Knoll, Inc.
1235 Water Street
East Greenville, PA 18041
Attn: Order Entry

Fax: 215 679-1788
Tel: 800 343-KNOLL

All accepted orders will be confirmed in writing on the Knoll standard order confirmation form.

### Ship-Complete Orders

Orders that must ship complete are to be so stated on the purchase order. Products with different lead times, combined on one order, can be acknowledged for shipment based on the longest of those lead times. Orders not marked “ship complete” will be released according to the confirmation, and invoiced in increments.

### For More Information

For complete Knoll Selling Policy and warranty information, please refer to page 191 of this price list.

For additional information on KnollExtra, contact your Knoll representative, a Knoll dealer, or telephone Customer Services at 800 343-KNOLL.

Maintaining Your Purchase

Maintenance

While KnollExtra relies on highly durable materials in each product line, regular basic maintenance will ensure the longevity of your product. Most stains, marks, and discolorations can be removed by following the simple instructions outlined on this page.

Plastic
Windex and a dry cloth.

Stainless Steel:
Windex and a dry cloth.

Antique Brass, Brushed Zinc and Black Oxide:
A damp cloth with no cleaning agents.

Satin Brass:
Pledge.

Linoleum:
Windex and a dry cloth.

Contemporary and Traditional Standard Leathers:
Mild soap and water on a soft cloth.

Spinneybeck Leathers:
As a result of the high quality aniline dye process, most scratches or minor stains can be removed simply by gently rubbing them with your fingers. The body’s natural oils revitalize the leather. For stubborn stains, use mild soap and water. Take care to wash the surface evenly since soaps may slightly alter the leather’s tonality.

Surf Collection:
Wipe nylon skin using warm water and mild detergent. Do not use abrasives.

Office Automation Accessories/Storage Drawers:
Clean with a soft cloth and Windex, Fantastik, Endust or other non-abrasive household cleaners. Remove stubborn stains with SofScrub.

For Surf Board and VDT Sleeve soft touch paints, never use abrasives. Clean with lukewarm water and a soft cloth.

Marker Boards:
For day-to-day use, surface requires only a dry cleaning with a standard felt eraser or dry cloth. For best results, keep marker board and marker pens at room temperature. KnollExtra suggests Bic Great Erase BOLD marker pens which are designed for use on marker boards. All marker pens should be tightly capped and stored horizontally when not in use.

Follow the instructions below as a periodic maintenance program, or to remove stubborn stains:

1. Clean with EV-1 or any liquid ammonia-added cleaner and rinse with clean water, then dry. For best results, wash board like a window with sponge and squeegee.

2. Interim cleaning may be done by sprinkling a dry powdered cleanser on an eraser and applying to the board in a circular motion. Rinse with clean water, then dry.

3. To remove crayon, scotch tape, or other stubborn materials, apply a mild solvent or paste made with scouring powder and water.

Fabric Boards:
Despite the durability of most panel textiles, fabric boards are subject to long-term soiling and wear. A regular maintenance program will significantly lessen soil and dirt build up or staining on your fabric boards. Cleaning is particularly important in areas adjacent to air conditioning or ventilation systems.

Remember to consult the care instructions provided by the fabric manufacturer. The general recommendations below should apply to most fabric boards.

1. Avoid excessive heat or moisture which can affect finishes and adhesives. Never allow fabric panels to become wet inside the core. Room temperature should be maintained between 50 and 85 degrees; humidity should be maintained between 20 and 50%.

2. Avoid contact with sharp edges which could puncture the surface.

3. Do not handle fabric boards more than necessary. Avoid bending or flexing the panels; this could break the bond between the surface and core materials.

4. Grease or oil should be wiped off immediately upon contact. Remove excess grease or oil by blotting. Use hot water and mild soap to remove any remaining residue.

5. Whenever possible, clean only with warm water and mild soap. Use caution when applying cleaning agents, particularly those that contain alcohol, strong alkalies, or solvents. These ingredients may react to the vinyl backing or adhesives used in the fabric boards. Always test cleaning agents on fabric from the rear of the panel before using on the front.

6. Care should be taken in using strong room cleaners or pesticides. Their fumes may contain agents which lead to the loosening of the fabric board glue bond.

Pop Up Screens:
Clean with soap and water. For greasy stains, use a cleaning agent, first testing in a less visible area.

<td>Slate Blue</td>
</tr>
</tbody>
</table>

### General Notes

- Each electrical module has either 4 outlets or 3 outlets and 2 USB ports, depending on specification.
- Power Cube is 13" high with 4 levelers. Hard wired comes with 72" whip. Cord set comes with 72" cord with a 3-prong plug for 120V outlets. Base includes one slot per corner for choice of cord exit.
- Power Cube: Powder coated steel, steel and nylon levelers
- Magnetic Accessory Cup: See page 44.

### Construction

**Note:** Each Power Cube comes with a whiteboard finish and ships with 4 dry erase markers (blue, green, red and black) and a microfiber cloth eraser.

To prevent dry erase markers from drying out, store them with the cap down in the optional cup.

Order Code:
Example: OR-BKT-SM-A
- OR-BKT Workface-mounted bracket
- SM-A

Ordering Information:
Specify:
1. Pattern number

Mounting Options
- Panel, stand-on and wall-mounted brackets:
  - Wall, stand-on, or panel-mounted brackets are included in the list price and are specified when ordering pattern number.
  - Workface-mounted bracket:
    - Metal posts attach to underside of workface with C-clamp, raising Load Bar 10'' above workface.
    - Usable on workface 8'/10'' thick. There should be at least 3'' of space between the back of the desk and the surface behind (ie. it cannot be flush). Set of 2 brackets. For Load Bars wider than 66'', order additional brackets. For use with load bars and 6 1/2'' slat boards only.

Custom Options
- Brackets are currently available for virtually every major office system. Panel-mounted brackets for other systems can be developed. Minimum of 100 sets per bracket. Tooling and set-up charges may be required. Contact your Knoll sales representative or Customer Service for complete pricing information.

### Order Code

- **Example:** SAP MA HP 224 100 K
- **SAP MA HP 224 100 K:** Sapper Horsepower arm with 100x100 VESA plate and Horsepower mount on 24” masts

### Knob Finish Options:
- **Red (R)**
- **Black (B)**

### Horsepower Mount finish options:
- Jet Black (111)
- Brown (112)
- Dark Grey (113)
- Folkstone (114)
- Medium Grey (115)
- Sandstone (116)
- Soft Grey (117)
- Bright White (118)
- Dark Red (130)
- Slate Blue (131)
- Beige Mist Metallic (611)
- Medium Metallic Grey (612)
- Silver Metallic (613)

### Mounting and Application Information

- **To mount monitors on Horsepower, counter weights are necessary to keep the unit stable. A down-mounted cabinet or metal shelf along with a ballast kit are required, available in the Antenna price list. Please reference the Horsepower Technology Cart planning guide.**

- **Sapper Monitor Arm kits can be mounted to 30”, 36” and 48” wide independent Horsepower and support screen widths up to 32”, 36” and 50” wide overall on corresponding units. Horsepower, down-mounted cabinet or shell and ballast kit must be purchased separately, available in the Antenna price list.**
Horsepower Mounting Options
by Richard Sapper

Horsepower Mounts and VESA plates can be ordered separately for planning flexibility.

  - Dark Red (130)
  - Slate Blue (131)
  - Rose Mist Metallic (611)
  - Medium Metallic Grey (612)
  - Silver Metallic (613)

- To mount monitors on Horsepower, counter weights are necessary to keep the unit stable. A down-mounted cabinet or metal shell along with a ballast kit are required, available in the Antenna price list. Please reference the Horsepower Tech User planning guide.
- Sapper Monitor Arm kits can be mounted to 30", 36" and 48" wide Independent Horsepower and support screen widths up to 32", 38" and 50" wide overall on corresponding units.

- To mount a monitor up to 20lbs. order a Sapper 24" mast, a Sleeve Arm, movement joint and one Horsepower Mount.
- To mount a monitor up to 30 lbs. order two Sapper 24" masts, two Sleeve Arms (no movement joint needed), two Horsepower Mounts and a corresponding VESA plate.
- Horsepower, down-mounted cabinets and ballast kits must be purchased separately, available in the Antenna price list.
Mounting and Application Information: All Sapper standard monitor arms:
• Maximum weight of 20 lbs per arm, weight limits vary with mounting method.
• Ship with standard flat release joint movement and 105 degrees of rotation for portrait and landscape usage.
• Fold into themselves to be highly compact at the end of their range of movement. Are durable and lightweight (standard arm weighs only 2.4 lbs).

All Sapper monitor arms:
• Maximum weight of 50 lbs per arm and single 30 lbs per double, weight limits vary with mounting method.
• Ship with standard flat release joint movement and 117 degrees of movement for portrait and landscape usage.
• Fold into themselves to be highly compact only 5”7” when fully compressed.

Sapper Monitor Arm Collection
Mounting, Construction and Application Information

Mounting:
Our Sapper monitor arms are compatible with the International Video Electronics Standard (VESA) industry interface standard for specific wall mounting applications. See details below.

Weight Limits:
Weight limits for individual mounting options are outlined for each monitor arm. Taken together (both the mounting option weight limit and the individual arm limit) you can determine the best mounting approach for your client given the number of monitors they desire to mount and the weight of those monitors. Mounting options are outlined below by mounting option on the next few pages.

For example, if you want to mount two monitors on a workscreen with a monitor arm and each of those monitors weighs 15 lbs each (the Sapper, 11” x 23”/RM15, 18x 18” each, 36 lbs total), we can accommodate that weight limit for the 24” mast on a monitor arm and the 20 lbs limit for each arm. However, we cannot accommodate those monitor weight limits when a 32” arm is used because the maximum weight limitation on a single mast is 45 lbs for this mast.

Size Limits:

Monitors Arm
There is no specific maximum size for a single arm solution (outside of the limitations of the space in which you are trying to put it). When mounting two monitors, the maximum outer horizontal width per monitor is 31.8” for a cockpit solution or 33.9” for a flat positioning flush next to each other in a row. Clients can accommodate larger screen monitors in triples by mounting screen screws to a portrait position.

Sapper monitor standard arm configurations:

• Maximum weight of 20 lbs per arm, weight limits vary with mounting method.
• Ship with standard flat release joint movement and 117 degrees of movement for portrait and landscape usage.
• Fold into themselves to be highly compact only 5”7” when fully compressed.

Mounting:
Our Sapper monitor arms are compatible with the International Video Electronics Standard (VESA) industry interface standard for specific wall mounting applications. See details below.

Weight Limits:
Weight limits for individual mounting options are outlined for each monitor arm. Taken together (both the mounting option weight limit and the individual arm limit) you can determine the best mounting approach for your client given the number of monitors they desire to mount and the weight of those monitors. Mounting options are outlined below by mounting option on the next few pages.

For example, if you want to mount two monitors on a workscreen with a monitor arm and each of those monitors weighs 15 lbs each (the Sapper, 11” x 23”/RM15, 18x 18” each, 36 lbs total), we can accommodate that weight limit for the 24” mast on a monitor arm and the 20 lbs limit for each arm. However, we cannot accommodate those monitor weight limits when a 32” arm is used because the maximum weight limitation on a single mast is 45 lbs for this mast.
Sapper™ Monitor Arm Collection
Mounting, Construction and Application Information

For use on architectural walls only as outlined further on this page. Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight. See above for weight limits if mounting slat wall to an architectural wall.

Sapper 50 Direct Wall Mounting (for Sapper 50 monitor arm):
For single monitor mounting, you can use either the direct wall mast mount or direct wall mount.
Please note that the Sapper 50 Direct Wall Mount is specific to the Sapper 50 arm. You cannot use the standard mast with the Sapper 50 arm or a standard arm with the Sapper 50 mount.
For use on architectural walls only as outlined further on this page. Knoll cannot be held responsible for the structural integrity of a wall so please work with clients to ensure their wall is structurally sound to hold the arm configuration and the monitor weight.

Interpole Mounting
Sapper arms can be mounted on either the slot or channel sides of Interpole with the proper mount. Mounts can be moved after installation but the pole may have residual markings.
If screens are mounted on the slot side, use the channel mount. If overheads are mounted on the slot side, then a SapperXYZ with extended channel mount. If overheads are mounted on the slot or side, there is no need for a slot mount. If overheads are mounted on the slot side, there is a slot to detour removal of the entire arm and monitor from the mast.
Deactivate Fast Release with Set Screw

Fast Release:
Walls
External cable management allows for easy installation and removal of monitors. There are gates under the arm that will contain wires from the monitor to plastic cable management clips that go on the back of the beam (6 on the small, 8 on the medium) that can hold wires from the monitor to the mast cable management.
The beam mast cable management is wider than the standard mast cable management to accommodate multiple monitor wires.

Beams
For the beam solutions, there are beam cord management clips on the back of the beam (6 on the small, 8 on the medium) that can hold wires from the monitor to the mast cable management.
The beam mast cable management is wider than the standard mast cable management to accommodate multiple monitor wires.

Height Adjustment
Rotation, Swivel, Tilt and Depth Adjustment

Fast Release

Fast Release: Allows for swift installation and removal of flat panel monitors by merely pulling the quick release pin up to remove monitor with movement joint/back plate attached.

Set Screw to Prevent Arm Removal

Compatibility:
The Sapper Monitor Arm Collection is not compatible with the Wishbone Flat Panel Monitor Support System (i.e., Wishbone, Zorro or Rotation arm, posts, tool bars, brackets, mounting, etc.). They have been designed independently and as such parts from one system cannot be used with the other.

Steel and Arm Mounts: Steel and arm mounts are made with powder-coated steel. Arm height is limited if mounting slat wall to an architectural wall.

All movement joints come with a set screw within the movement joint slide to deter removal of the entire arm and monitor from the mast.

Deactivate Fast Release with Set Screw:
The Sapper Monitor Arm Collection offers intuitive adjustment. To adjust the height, you simply manually lift the arm and twist the adjustment knob like a screw up or down to the mast in a comfortable setting. The easiest way to lift the monitor is to fold it in before making the adjustment. To adjust the depth, you can move the arm in or out. You can also rotate the monitor 360 degrees for landscape or portrait viewing and adjust the swivel back and forth 110 degrees and tilt up and down 150 degrees. The arm folds in and out from 2½" fully compressed to approximately 17" when fully extended.

Adjustment:

Cable Management:

Monitor Arms
External cable management allows for easy installation and removal of monitors. There are gates under the arm that will contain wires from the monitor to plastic cable management clips that go on the mast to keep wires tidy to the electrical socket.

Gates

Clips

Heights

Rotation, Swivel, Tilt and Depth Adjustment

Installation Instructions:
Comprehensive installation instructions will be shipped with product and are also available on Knoll Exchange for easy reference.

Construction:
Arm: die-cast aluminum with a cold rolled steel top plate
Mast: anodized aluminum extrusion
Beams: anodized extruded aluminum
Adjustment knob: nylon undermold with a TPU overmold
Movement joint (includes fast release monitor plate): plastic bushings, zinc and plastic molded plastic tilt friction components and glass filled nylon VESA plate
Movement joint slide: aluminum, powder coated silver
VESA plate adaptors: steel
Table clamp, grommet mount, fixed table mount, Antenna center beam center mount: steel
Slot wall and wall mounts (both mast and direct, both standard and compact arms): die cast aluminum with steel back plates
Double arm bracket: die cast aluminum, steel top plate, extruded aluminum posts, plastic upper and lower bushings
Triple support arm bracket: die cast aluminum steel top plate, extruded aluminum posts, plastic upper and lower bushings
Must-to-beam bracket: aluminum, powder coated silver
Cable management: transparent poly-carbonate clips with the mast and beams, plastic bushings under standard arms
Antenna and Quadripole support arm bracket: die cast aluminum
Two-Piece Table Clamp, Deep Table Clamp, Heavy-Duty Table, Clamp, Grommet, Fixed Table and Antenna Center Beam Table Mounting: steel
Antenna Table Center Beam Side Mounting: die-cast Aluminum
Slot Wall and Wall Mounts both Direct Mast Mounting, Direct Mounting and Sapper 50 Direct Mounting (for both standard and compact arms): Die-cast Aluminum with steel back plates
Quadripole arm bracket: Die-cast Aluminum
Horsepower mounts: die-cast aluminum, powder coated
Steel VESA mounts.

XYZ Sacker XYZ
MA Monitor arm
S Single arm
CLMP Two-piece table clamp mounting option
K Kit
JH Jet Black Finish

Ordering Information

Specify:
1. Pattern number
2. Finish

Kits do not require any additional mounting specifications.

Standard Monitor Arm Finish Options:
Jet Black (111)
Medium Grey (115)
Bright White (116)

Silver Monitor Arm Finish Options:
Silver (603)

Mount Finish Option Note:
All mounting options come in a Black finish, with the exception of the Antenna Center Beam Side Mount which will come in the same finish color that was specified for the arm.

Arm Finish Option Note:
All monitor arm finishes are monochromatic with the exception of Bright White, which has a light grey shroud.

Sapper XYZ monitor arm table clamp kit with movement limit of 180° uses a different table clamp than the standard Sapper XYZ table clamp kit

Mounting and Application Information

See page 166 for comprehensive mounting, application and construction information.

Ordering Note

Due to extensive adjustability of Sapper XYZ monitor arms, a mock-up is recommended to ensure it is suited for the specific workstation, particularly if placed in front of a wall or panel.

Example: XYZ-MA-C-111

XYZ - Sapper XYZ
MA - Monitor arm
C - Crossbar monitor arm
111 - Jet Black finish

Ordering Information
- Specify: 1. Pattern number 2. Finish
- Standard Monitor Arm Finish Options: Jet Black (111), Medium Grey (115), Bright White (116)
- Silver Monitor Arm Finish Option: Silver (613)

Ordering Note
Due to extensive adjustability of Sapper XYZ Monitor arms, a mock-up is recommended to ensure it is suited for the specific workstation, particularly if placed in front of a wall or panel.

Mounting and Application Information
See page 166 for comprehensive mounting, application and construction information.

164 165
Double Cockpit
For Sapper XYZ Crossbar, the maximum outer horizontal width per monitor is 28.6325" for a cockpit solution or 38.6325" for a cockpit solution next to each other.

Double Flat
The Sapper XYZ monitor arms are designed independently and as such, parts from one system cannot be used with the other, with the exception of the movement joint. Finishes colors are consistent across the Sapper XYZ and Sapper Monitor Arm Collection portfolios.

Installation Instructions:
Comprehensive installation instructions will be shipped with product and are also available on Knoll Exchange for easy reference.

Construction:
Arm: die cast aluminum with steel channels and plastic molded shroud
Movement joint (includes fast release monitor plate): plastic bushings, zinc and plastic molded plastic tilt friction components and glass filled nylon VESA plate
VESA plate adapter: steel
Cable clamp, monitor mount, fixed table mount: steel

Cable Management:
Support Sapper XYZ single arm and Sapper XYZ 30: transparent polycarbonate clip on post, soft plastic in channel
Sapper XYZ Crossbar: transparent polycarbonate clip on post, hook and loop fastener strips on crossbar

Antenna Table Center Beam Side Mounting:
KnollExtra

**Mechanism Attributes**

**All mechanisms have the following features:**

- Spring assist adjustment
- Knobless height adjustment
- Pivot 360° on the track
- Black textured metal finish

**Advanced Easy Lift arm:**

- Variable height adjustment of 3.6” (up 2.38”, down 6.58”)
- Soft touch knob adjusts tilt from 10° to (-) 20°

**Short easy lift arm:**

- Variable height adjustment of 5.3” below the work surface
- Soft touch knob adjusts tilt from 10° to (-) 20°

**Sit/Stand arm:**

- Variable height adjustment of 14.2” (up 6.3”, down 9.9”)
- Soft touch knob adjusts tilt from 10° to (+) 15°

**Pivot feature:**

Allows the keyboard platform to move independently from arm, allowing it to stay parallel to the work surface as the arm is moved laterally.

**Keyboard Support**

The keyboard supports uses a vapor degassed working environment by allowing for height and tilt adjustment of the keyboard. When not in use, the keyboard support stores completely under the work surface as the arm is moved independent of the work surface to free vital work surface space.

Dimensions above are for the platform only. For full configuration depths, all component measurements and application suggestions refer to the Keyboard Measurements on Knoll Exchange.

21” Swivel HP platform offers a fully adjustable keyboard support option with height adjustable mounting surface which can be positioned either the numeric keyboard pad or keyboard and a sliding track that is less than 36” from the top such as a power hammer or cable basket.

For taller individuals, we recommend using a dual pivot solution with the track mounted on the diagonal to maximize knee space.

**Antenna and Tone Mounting Note**

In order to mount on Antenna Workspace, an adapter is needed available through the Antenna price list. Pattern code YAK.

**Tone**

In order to mount on Tone T-Leg and 24” deep C-Leg tables, an adapter is needed available through the Antenna price list. Pattern code YAK.

**For 30” deep C-Leg tables, specify the 16” track only.”
Freestanding Ergonomic Accessories

**VDT Sleeve**
- Racetrack-shaped sleeve slides over worksurface to create VDT corner.
- Creates 17 5/8" wide VDT corner, 9 7/8" from worksurface corner.
- Can be adjusted to any angle, or removed when not needed.
- Heavy-gauge steel with felt backing to prevent scuffing.
- Available in two metallic and two soft-touch finishes.

**Surf Board VDT Corner**
- Fits any worksurface thickness or edge profile.
- Creates generous 24" wide VDT corner, 14 1/8" from worksurface corner.
- Can be adjusted to any angle, or removed when not needed.
- Integral non-handed mouse pad.
- Felt back and rubber bumpers protect worksurface.
- Designed by Ross Lovegrove and Stephen Peart.

**Order Code**
- Example: OA-SLV-A-E
- OA-SLV: VDT sleeve
- A: 1 1/4" sleeve
- E: Soft grey finish

**Ordering Information**
- Specify:
  1. Pattern number
  2. Thickness (VDT sleeve only)
  3. Finish

**Custom Options**
- Customer colors available upon sample chip approval. Contact your Knoll sales representative or Customer Service for complete pricing information.

**Construction**
- **VDT sleeve**:
  - Heavy-gauge steel in painted finish.
  - Felt backing protects worksurface.
  - Manufactured in the United States
- **Surf Board**:
  - Rigid steel plate with 1 1/4" thick rolled front detail. Black rubber bumpers and non-scuffing felt back.

**Design Awards**
- **Surf Board**:
  - Best of Category Award, Consumer Products, JD Magazine Annual Design Review, 1994

Order Code: OA-CPU2-SLING

OA - Office Automation
CPU - CPU
SLING - Sling

Ordering Information
Example: OA-CPU2-SLING

Specify:
1. Pattern number

Adjustable Sling CPU Holder:
- Accommodates equipment 2.5"-64" wide by 8"-59" high.
- Slides on track under the worksurface and swivels 360° for easy CPU access.
- Weight capacity of 75 lbs.

Adjustable Vertical CPU Holder:
- Accommodates equipment 3.5"-9.5" wide by 13.5"-22.5" high.
- The lockable Vertical CPU Holder accommodates a CPU depth range of 14.8"-22.3".
- Slides on track under worksurface and swivels 360° for easy CPU access.
- Weight capacity of 85 lbs.

Mounting Note

Cabinet CPU Holders come standard with a 17" long track. They mount on worksurfaces 18" or deeper.

The lockable Adjustable Vertical CPU Holder offers theft deterrence with a heavy-duty, tamper-proof locking nut with pentagonal key.

Construction

Adjustable Sling CPU Holder:
- Black painted glass filled nylon mounting mechanism.
- Woven nylon sling.

Adjustable Vertical CPU Holder:
- Black painted steel frame with glass filled nylon slide clamp.
- Rack: Black painted steel

Antenna, Tone and Telescope Mounting

Antenna:
- In order to mount on Antenna Workspaces, an adapter is needed, available through the Antenna price list. Pattern code YACP.

Tone:
- In order to mount on Tone T-leg and 24" deep C-Leg, an adapter is needed, available through the Antenna price lists. Pattern code YACP. 30" deep C-Leg provides enough track clearance.

Telescope:
- Due to legroom clearance, CPUs cannot mount on Telescope tables less than 72" wide. For mounting on tables 72" or wider, only one power supply tray can be installed opposite from the CPU holder, and the YACP adapter from the Antenna price list is needed.
Height-Adjustable Table Leg CPU Holders

Single and Double CPU Holders

<td>$705.00</td>
</tr>
</tbody>
</table>

**Order Code Example:**

OA-CPU2-S-HAL-114

**Ordering Information:**

1. Pattern number
2. Finish

**Options:**

- Smooth Painted Finish:
  - Jet Black (111)
  - Brown (112)
  - Dark Grey (113)
  - Folkstone Grey (114)
  - Medium Grey (115)
  - Neutral (116)
  - Salt Grey (117)
  - Beige Mist Metallic (611)
  - Medium Metallic Grey (612)
  - Silver (613)
  - Bright White (118)

**Construction:**

CPU holders are made of painted steel with adhesive-backed rubber liners and a nylon adjustment knob.

**Mounting Note:**

Height adjustable table leg CPU holders are designed to attach around the leg of Knoll height adjustable tables, resting on the foot of the leg.

**Table Compatibility:**

Height adjustable table leg CPU holders will work with Tonic, Boll, and k. stand height adjustable tables.

The attachment for the table leg is not compatible with k. bench, Antenna Workspace, or Telescope.

</tr>
</tbody>
</table>

### Ordering Information

**Specify:**
1. Pattern number
2. Finish

**Finish options for Basket:**
- Clear (CL)
- Charcoal (CH)

### Additional Information

**Cable Management Clips:**
- Each clip is 5.65" x 1.5".
- Available in black finish only.

**Cable Management Basket:**
- Basket is available in two finishes:
  - Clear (CL) is a clear powder coat finish on top of raw steel wire.
  - Charcoal (CH) is a recycled black powder coat.
- Both finishes may vary in color slightly due to nature of the material.

### Construction

**Cable Management Clips:**
- Glass reinforced molded nylon.

**Cable Management Basket:**
- Powder coated steel wire.

### Mounting Options

**Cable Management Clips** have two mounting options. Hardware is included for both options.

- **Swivel mounting:** Install using the primary center screw only.
- **Fixed mounting:** Install using the three screws provided (primary center screw and two side screws). A double-sided stick pad is included for ease of installation when fixed mounting.

On average, use two clips per workstation.

**Cable Management Baskets** are designed to be mounted to the underside of height-adjustable or fixed height work surfaces through a series of screw holes in the attachment plates.
## Wexby Storage

### Product Description

**Wexby Mobile Bin**

- **Pattern No.:** EXBSB1020TKL-(118)-(R)-(B)
- **List Price:** $473.

**Description:**
10" X 20" Mobile bin with a toolslot and rubber liner.

### Order Code

<table>
<thead>
<tr>
<th>Code</th>

</tbody>
</table>

### Ordering Information

- **Specify:**
  1. Pattern number
  2. Case Finish
  3. Knob Color
  4. Liner

  - Liner defaults to black rubber.
  - Knob Finish Options:
    - Black (B)
    - Red (R)
  - Liner Option:
    - Black Rubber (B)

### Case Finish Options

- **Core Paint Finish Options:**
  - Jet Black (111)
  - Brown (112)
  - Dark Grey (113)
  - Folkstone (114)
  - Medium Grey (115)
  - Sandstone (116)
  - Soft Grey (117)
  - Bright White (118)
  - Black Brown (120)
  - Beige Mist Metallic (611)
  - Medium Metallic Grey (612)
  - Silver Metallic (613)
  - Accent Paint Finishes:
    - Dark Red (130)
    - Slate Blue (131)
    - Olive Green (132)
    - Canary Yellow (133)
    - Knoll Red (134)
  - Textured paint finish is available for both core paints and accent paints. For a textured paint finish, add a "T" at the end of the corresponding finish code i.e. textured bright white (118T).
  - Silver (613) does not have a textured option.

### Ordering Note

Toolslot accessories - Antenna, Powerbeam tray, and pencil cup (YNA TRAY, YNACUP) are sold separately.

### Application Information

- 4 factory-installed casters are included and are always black.
- Included knobs may be repositioned in the field to make the unit right or left handed.

* Please consult Customer Service for lead times.

### Construction

Satin anodized aluminum frame (can be powder coated black). Porcelain coating on cold rolled steel laminated to corrugated and hardboard with a Mylar backing. All Universal Marker Boards are magnetized. Manufactured in the United States.
Universal Fabric Boards

Standard Sizes

- Standard fabric board has 3/8" thick mineral board.
- Construction with squared corner.
- Rounded corner or radiused edge, available at upcharge.
- Panel or wall mounting options.

3. Corner/edge detail
2. Mounting option pattern number
1. Fabrics width

Mounting Options

Panel-mounted brackets: Panel mounted brackets are included in the last price line but must be specified separately. To specify appropriate panel-mounted bracket, consult the KnollExtra Bracket Chart on page 11.

Wall-mounted applications are specified as flush (F-WM-F) or reveal (F-WM-R) and will require the use of clips or screws. The appropriate covering is determined by the thickness of the fabric board.

Under overhead specification note: For application under a system overhead, please clearance distance between the wall and the bottom of the overhead or task light. See side by side fabric board chart.

Caution: Mounting option pattern number must be specified as flush (F-WM-F) or reveal (F-WM-R) or reveal (F-WM-R). Both options are appropriate for any smooth, clean surface. Flash wall mount option utilizes velcro squares.

Rail-mounted options: Wall-mounted applications are specified as flush (F-WM-F) or reveal (F-WM-R). Both options are appropriate for any smooth, clean surface. Flash wall mount option utilizes velcro squares.

Rear wall-mount option provides 3/8" firewall between wall and fireboard. Fabric boards mount with 4 brackets onto 2 black painted wall rails that screw into wall to ensure rigidity. For other mounting options and pricing, contact Customer Service.

For special sizes:
For special customer contact Customer Services. Maximum fabric board size is 120" W x 24" H. Fabrics must be railroaded on any panel wider than 60". See page 11 for pricing and fabric railroading information.

Communication Board

Customer's own material:
For approval, submit at least one yard of fabric for application testing. For panel-mounted applications, all OPE and textile that are not pre-approved must be UL-tested. Please consult Knoll sales. Customer Services for details.

Construction
Whiteboard: Honeycomb core with medium-density fiberboard skin, high pressure laminate finish and ABS edge.

Legs: Steel
Cup: Die cast aluminum with wool felt insert and steel fasteners.

Note:
Each markerboard ships with four dry erase markers (blue, green, red and black) and a microfiber cleaning cloth.

Overall height from floor is 72" high with writable surface starting 25" from floor.

To prevent dry erase markers from drying out, store them with the cap down in the optional cup.

Selling Policy

This Selling Policy supersedes all previous selling policies and is inclusive of Knoll, KnollStudio and Muuto. Prices, discounts and product offerings are subject to change without notice.

Sales by Knoll, Inc. or Knoll North America Corp. ("Seller") of Knoll Product Lines (hereinafter “Products”) within the United States and Canada are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser’s assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supersede any prior and/or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and shall be valid for all purposes as if they were originated and maintained in documentary form.

Order Confirmation

A purchase order is not binding on Seller until Purchaser has received Seller’s order confirmation or acknowledgment.

Pricing Policies

List prices are subject to change without notice. List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller’s list prices.

Taxes

All sales, use, excise and other taxes applicable to the sale of the Products shall be paid by Purchaser. If Purchaser claims an exemption from any tax, Purchaser shall submit to Seller the appropriate exemption certificates.

Terms of Payment

Payment for one hundred percent (100%) of the net order amount (including any applicable shipping and handling fee) is due within thirty (30) days of the date of invoice, which is generally issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than $100,000 net, a fifty percent (50%) deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice. KnollStudio orders less than $2,000 require payment for one hundred percent (100%) of the net order amount (including any applicable sales tax and charges for inside delivery, special packaging, etc.), due at time of order placement. For KnollStudio orders greater than $2,000, a one-half (50%) deposit is due at time of order placement with the remainder (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due prior to shipment. If, in the judgment of Seller, Purchaser’s financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance. Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults on payment, Purchaser shall be liable for all collection costs, including reasonable attorney’s fees and costs.

Changes and Cancellation

For standard orders, freight prepaid, the order is scheduled to ship. If Muuto is ordered on QuickShip, the QuickShip policy supersedes.

Freight Prepaid

For standard orders, including Knoll Office and KnollStudio Products, except KnollTextiles and Muuto, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice.

Delivery/Freight Charges

For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination. Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment, in writing. Nonstandard methods of shipment and/or additional services are available upon request. Orders for QuickShip product shipping direct parcel or White Glove are subject to additional shipping and handling charges and must be paid by Purchaser. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser’s request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redeelivery.

Claims

All shipments for Knoll Products within the contiguous United States and Canada are F.O.B. Origin. All risk of loss passes to Purchaser at time of delivery to carrier. Purchaser shall inspect all Products upon receipt and notify Seller within ten (10) working days after receipt of any damage or defects which are, or should be, apparent from an inspection of the Product and its packaging. Failure of Purchaser to notify Seller during the ten (10) working day period shall constitute acceptance of the Products and waiver of any apparent defects, errors or shortages. For all claims relating to Product damaged in transit or for any other claims relating to or arising out of the transportation of the Products, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser for such claims. Seller may, upon request, assist Purchaser with filing of such claims with the carrier, but Seller will not be liable for any of these transportation related claims.
Selling Policy

Seller’s Security Interest

Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.

Returns

The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) of list restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products.

Held Orders/Storage

If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.

Customer’s Own Material

A Purchaser who requests a fabric or other surface material not standard to Seller’s line of Products (“COM”) must submit samples of the requested material to Seller prior to entry of a purchase order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to use of the COM on the Product.

Warranty

Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below. Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.

Product and Period of Warranty

Lifetime: Antenna Workspaces, AutoStrada, Calibre, Crianion Open Table, Currents, Dividends Horizon, Morrison, Reff Profiles laminate, Rockwell Unscripted, Series 2 Storage, Template, Quoin and other non-wood components (except cascade edge worksurfaces, operational parts, controls, electrical, Lighting, Series 2 Veneer Front Storage, digital locks, upholstery, textiles and leathers, special or custom products, see below), Islands Collection table structure, legs, and laminate worksurfaces; and Wexby mobile bin.

12 Years: Chadwick, Generation by Knoll, k.task, Life, Moment, MultiGeneration by Knoll, Ollo, ReGeneration by Knoll, Remix, and Toboggan seating (except seating upholstery, textiles, leathers and finishes, see below).

10 Years: Anchor Storage except digital locks, Antenna Workspaces, AutoStrada, Crianion Open Table, Dividends Horizon, Dividends Horizon Satellite Surfaces, Reff Profiles, Rockwell Unscripted, Quoin wood components, Template wood components, Series 2 Veneer Front Storage, cascade edge worksurfaces, Wood Casegoods (The Graham Collection) (except wood casegoods upholstered surfaces, see below), Reuter overheads, Reuter vertical storage, KnollExtra Sapper Monitor Arm Collection, Supper XYZ Monitor Arm Series, Adjustable keyboard mechanisms and platforms, Communication Boards (except fabric board textiles, cork and Felt, see below), Smokador collection (except leathers, see below), Orchestra Universal Systems Accessories, k. lounge structural components, KnollStudio Flex and Propeller, Tone bases and Lscrews, and dealer-purchased non BIFMA-certified Muto products.

5 Years: Operational parts, controls, electrical, Lighting (except light ballasts, bulbs and power supply, see below), special or custom product, wood veneer products and plywood, Currents handcrank, KnollStudio (excluding textiles, leather and outdoor finishes), LSM, Pixel Lounge, Rockwell Unscripted wire bases, KnollExtra CPU holders and all universal storage drawers, and Power Collection, k.bench (except changes in finish, see below) and k.stand bases (except changes in finish, see below), Islands Collection veneer worksurfaces, operational parts, wide prommet lid, castors, glides and electrical; and dealer-purchased non BIFMA-certified Muto products.

3 Years: Rockwell Unscripted upholstery (except textiles and leather), Office Seating upholstery, textiles, leathers and finishes. Fabric boards textiles and Smokador Collection leathers, KnollExtra Pop Up Screens, k.screen (except cork and PET), and retailer-purchased Muto products.

2 Years: Anchor Storage digital locks, Quoin digital locks, all other KnollExtra product.

1 Year: Light ballasts, bulbs and power supply, seating upholstered armrests and soft armrests, wood casegoods, upholstered surfaces, KnollStudio, textiles, leathers and outdoor product finishes, Pixel Lounge fabric, k. lounge upholstery and k. lounge fabric, Rockwell Unscripted fabric and accessories, k.screen cork and PET.

This warranty does not apply to:
• Damage caused by a carrier other than the Seller.
• Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).
• COM or other third party materials applied to Products.
• Products not installed by or under the auspices of a Knoll Dealer.
• Dramatic temperature variations or exposure to unusual conditions.
• Changes in surface finishes, including colorfastness due to aging or exposure to light.
• Except as specifically noted above, textiles and upholstery supplied by KnollTextiles and Spinneybeck FeltFelt (consult current price lists for applicable warranties).

Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grainer or textures, or surface hardness of such materials. The Seller also does not guarantee replacement of any wood or fabric panels or surfaces.

The EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

The remedies provided above are the Purchaser’s sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with

February 15, 2022
Delay/Force Majeure

Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of war or terrorism, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delays, allocate available Product or cancel any purchase order.

Compliance with Law

PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.

Patents

Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediate, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.

The foregoing indemnity does not apply to the following:

- Products supplied according to a design other than that of Seller, and which is required by the Purchaser,
- Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.
- Any settlements of a suit or proceeding made without Seller’s written consent.

Limitations of Liability

SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.

Purchaser's remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.
General Ordering Information

The Products
This guide encompasses all standard products for this product group.

Sizes
Dimensions listed in this guide are indicated as:
H = height
W = width
D = depth
Dia. = diameter
Rad. = radius

Pricing
All prices shown are list.

How to Order
Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item’s “designated area” can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:
Knoll, Inc.
1235 Water Street
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll’s environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such “green” initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to knoll.com, click on “About Knoll” and then “Environmental Focus.”
