Intertek's Clean Air Certification validates the level of volatile organic compound (VOC) emissions from products. VOCs are gases emitted from products and include a variety of chemicals that may affect consumers' health in the short- and long-term. Both Intertek Clean Air GOLD and SILVER certifications ensure the user-health, safety and sustainability of Knoll products. A selection of Knoll Office and KnollStudio products are Intertek certified Clean Air, most of which are certified GOLD, which imposes more rigorous standards than certified SILVER.

- USGBC LEED credits
- California 01350 Special Environmental Requirements (CDPH)
- California Department of General Service (DGS) Indoor Air Quality Specifications for Open Panel Office Furniture
- Compliant to BIFMA e3 standard credit 7.6.2 and 7.6.3
KnollStudio Natural Materials

Wood and marble are natural materials that vary. Use material samples and printed sample materials as reference only. KnollStudio printed and finish samples offer an example of what an “average” natural material may look like, within a range of acceptance carefully delineated by Knoll. Because of the breadth of variations possible with any natural material, Knoll specialists select these materials with stringent criteria, accepting only the top 3 - 5% of what is available.

Wood

Knoll Natural Veneers

All natural finishes are selected from the finest hardwoods available around the world. Veneers are flat cut and carefully matched so that cathedral or heart patterns are perfectly balanced. Natural veneers also are cut to allow a generous margin of quarter-grain figuring ensuring invisible splicing.

Marble

Knoll selects the highest quality, structurally sound marble through a host of quarries in the United States, Turkey, Spain, Slovenia and Italy. Because each mountain range and quarry have their own signature, every marble piece - even within a single quarry - is unique. Hues, veins, crystals, fossils, clouds, and distinctive marks will vary from piece to piece. This is the extraordinary character of stone as a material. Its high quality and its unique nature give the Knoll tables a feel of incredible sculptural beauty. The following are the marbles that KnollStudio offers:

Coated Marbles

Coated Marbles

Coated marbles have transparent, high-polish, polyester coating to prevent use-associated stains. Even with this protection, coated marbles should not be used outdoors. Stains should be wiped immediately. Coating will yellow over time.

Satin Coated Marble

Satin coated marbles have transparent satin polyester coating to prevent use-associated stains. This satin finish gives the stone a natural, honed appearance while providing the same protective qualities as the Coated Marbles. Even with this protection, satin coated marbles should not be used outdoors. Stains should be wiped immediately. Coating will yellow over time.

Arabescato

Ivory white with dark grey veining. May contain random green veins.

Calacatta

Ivory white. Gold and beige random veins with additional veins varying from cream to green and grey.

Grey Marble

Grey with black and white veins. Hues vary in tone and intensity.

Man-Made Materials & Finishes

Stainless Steel

Completely rust-proof, highly durable, and resistant to bending stress.

Polished Chrome

Several-step plating process that includes a heavy layer of nickel for added rust protection and a bright mirror finish.

Satin Chrome

Chrome plating applied for a soft satinized chrome finish with a higher nickel content.

Polished Aluminum

A shiny, polished finish.

Clear Anodized Aluminum

A light grey satin finish.

Laminate

An exceptionally durable plastic surface. Highly resistant to most chemicals and extensive wear.

Vetro Bianco:

Vetro Bianco is an engineered resin free quartz surface. The brilliant white surface is nonporous, stain proof, and extremely durable making it suitable for indoor and outdoor use.
With proper care, your KnollStudio furniture should last for years to come. To help ensure the longevity of your purchase, below are helpful hints on routine cleaning for your KnollStudio piece. Most basic maintenance can be performed with common household cleaning products.

**Wood**
Clean with a commercial brand of liquid furniture polish twice a month. For stubborn dirt or light scratches, rub lightly with very fine steel wool before using furniture polish. Steel wool Grade #0000 is recommended. To rejuvenate luster, apply a furniture cream as a last step. Do not use water or household solvents: they will destroy the protective finish.

**Marble with Polyester Coating**
Wash with lukewarm water. Wash more thoroughly with Windex, Fantastik, Ivory Flakes in warm water, or other non-abrasive solutions. Rinse with warm water and dry with a soft cloth.

**Vetro Bianco**
Wash surface with lukewarm water. Clean more thoroughly with a non-abrasive solution such as Windex or Fantastik. Rinse with warm water and dry with a soft cloth. Wipe off stains immediately with water and a soft cloth. Never use steel wool or other abrasives on surface.

**Glass/Acrylic Polycarbonate**
Clean with Windex, Fantastik or other non-abrasive cleaning solutions. Wipe dry with a clean cloth.

**Laminate/Melamine**
Scrub with Windex, Fantastik, Mr. Clean, or other household soaps or detergents well dissolved in water, or with a very soft cloth dampened with alcohol or a synthetic thinner. For a dull finish, rub with jeweler's rouge as a polishing agent and finish with paste wax. Never use abrasives. Remove stubborn stains with Soft Scrub.

**Stainless Steel**
Use Windex, Fantastik, or other non-abrasive household cleaners. For small scratches, rub with Comet, Ajax, or other mild abrasives in the direction of the grain. Apply a coat of auto wax to maintain beauty.

**Chrome/Satin Chrome**
Clean with Windex or an automotive chrome cleaner such as Semi-Chrome twice a month. Apply a coat of hard paste wax to protect against moisture.

**Polished Aluminum**
Clean with Windex, Fantastik, or other non-abrasive cleaning solutions. Coat with a hard paste wax semi-annually to maintain luster and prevent discoloration.

**Anodized Aluminum**
Clean with mild soaps, detergents, or other non-abrasive cleaning agents. Apply paste wax or DuPont non-abrasive car polish #7 twice a year to prevent oxidation.

For stubborn stains or discolorations, apply navel jelly aluminum cleaner.

**Urethane Edge**
Clean with household soaps and detergents well dissolved in water. Do not use abrasive cleaning solutions.

**Powder Coat Paint**
Clean with Windex or Endust using a soft cloth. Remove stubborn stains with Soft Scrub.

Below are the three general configurations of the LSM L-Leg conference tables: square with four legs, and rectangular with four corner legs and intermediate support legs.

The L-Leg design maximizes leg clearance using an under table support structure that allows for a 120" side table with the use of just four legs. Tables wider than 120" are supported with an inset intermediate supporting leg.

**Ordering Information**

Specify:
1. Pattern Number, indicating either legs and intermediate support legs
2. Top finish
3. Base/edge detail finish
4. Power Center cut-out option, per section

**Construction**

Top: Plastic laminate and wood veneer, 1 3/4" thick; 5-ply solid particle fiberboard core with balanced backer sheet. Veneer tops come with matching 1/4" solid hankum exterior edges and veneer sel-edges at joining section edges. Plastic laminate tops are edged with matching .8mm ABS flat edge band.

The LSM Conference Table Series features two distinctive applied edge details for all top finish options. The extruded aluminum edge details are available in two profiles and are finished to match base finish options.

To specify the table, select either Plinth (P) or partial Surround (S), profiles are diagramed below.

*Partial Surround only available on glass top.

**Leveling**

Three leveling glides are located within each v-base column and feature a glide-shroud that eliminates any light gap due to irregularities in the floor.

**Electrical Options**

Compatible with either a 24" grommet, or the LSM Power Center electrical hubs for table top access. Individual tables have cut-out options per section, per table. See chart below:

- **LSM Power Center Cutout Options:**
  - GE2 - 2X1 Power Center, center on depth, one side location
  - GE3 - 3X1 Power Center, center on depth, one side location
  - GE6 - 4X2 Power Center, center on depth, center on width
  - GE2 - 2X1 Power Center, center on depth, center on width
  - GE3 - 3X1 Power Center, center on depth, center on width
  - GE6 - 4X2 Power Center, center on depth, center on width

- **Shipping:**
  - Top, legs, intermediate legs and supporting rails are shipped separately. Tops are predrilled for attachment to legs and support rails.

#### Features

- **Features:**
  - The LSM Conference Table features a distinctive applied edge detail. The extended aluminum edge detail is available in a product edge profile and is finished to match base finish options. To specify the table, refer to the edge detail profile. For more information, contact page 24.

- **Features:**
  - Power Center Cutout Options: ($156 per cutout)
    - Tables may be specified with zero, one or two active USB jacks, or combination of both.
    - Available Electrical Cut-outs per individual table:
      - GE1: Y, GE2, GE3 (suffix BB1), GE6 (suffix BB6)
      - GE2: Y, GE3, GE6 (suffix BB3), GE6 (suffix BB6)
      - GE3: Y, GE6 (suffix BB6), GE6 (suffix BB6)
      - For Single Power Center, left or right of center:
        - GE1: Y, GE2, GE3 (suffix BB1), GE6 (suffix BB6)
        - GE2: Y, GE3, GE6 (suffix BB3), GE6 (suffix BB6)

#### Features

The Power Center is a flush mounted electrical hub for table-top distribution of power and access to data, or audiovisual connections. Available in three sizes, a multitude of interior configurations, and either a 15 amp cord set, or a 20 amp prewired version. The L42X1 is available as a cord-set version only, with two simplex electrical outlets and either room for one data faceplate, or with two active USB charging outlets. The L42X2 is available as either a cord-set version only, with two simplex electrical outlets and either room for one data faceplate, or with two active USB charging outlets. The L46X2 is available as either a cord-set version or a prewired version, with six simple electrical outlets and room for two data faceplates, or four active USB charging outlets, or a combination of two active USB charging outlets and one data faceplate.

**Not:**
- Power Centers use Propeller electrical Plexus communication and data faceplates. UL Listed.
- All cord-set boxes feature a convenience outlet located on the underside of the box. 108" flexible power cord.

**Features**
The Power Center is a flush mounted electrical hub for table-top distribution of power and access to data, or audiovisual connections. Available in three sizes, a multitude of interior configurations, and either as a 15 amp cord set, or a 20 amp prewired version.

- The L42X1 is available as a cord-set only, with two simplex electrical outlets, and either room for one data faceplate, or with two active USB charging outlets.
- The L43X1 is available as either a cord-set version or a prewired version, available as two alternating circuits, with three simplex electrical outlets and either room for one data faceplate, or two active USB charging outlets.
- The L46X2 is available as either a cord-set version or a prewired version, available as two alternating circuits, with six simplex electrical outlets and room for two data faceplates, or four active USB charging outlets, or a combination of two active USB charging outlets and one data faceplate.

Prewired boxes feature a simplified four-wire distribution system, with easy to connect jumper cables (sold separately). This option does require hardwiring from building power to the first Power Center using a power in-feed cable, sold separately.

Alternate circuits when ordering multiple boxes for a single run.

Note: Power Centers use Propeller electrical Plexus communication and data faceplates.

**Features**

For use with the LSM Electrical Power Centers.

Interconnecting cables ensure power connection in a straight line configuration. Link multiple units together without the hassle of sequential placement. Interconnecting cables are a four wire, two circuit system.

Hardwire starter cable is required to connect first Power Center unit to building power.

**Features**

- **Ribbon Vertical Wire Manager:** The ribbon vertical wire manager, designed by LSM, is a mirror chrome spring that serves as a conduit for vertical cable management. Spring diameter is 2.5”. Die-cast aluminum flanges terminate the top and bottom of the spring and are finished in a smooth medium grey powder coat paint.
- **Antenna Vertical Wire Manager:** The antenna vertical wire manager serves as an enclosed vertical cable conduit for vertical cable management. Offered in two painted options.
- **Power Port Electrical:** The Power Port trough offers under table access to electrical power within the center trough of the V-Base table series. Available in hard wire or cord set, the box offers two simplex electrical outlets and four active USB charging outlets. The easy to mount boxes simply fit into existing cut outs and are secured using thumb screws (included).

Selling Policy

Terms & Conditions of Sales

This Selling Policy supersedes all previous selling policies and is inclusive of Knoll, KnollStudio and Muuto. Prices, discounts and product offerings are subject to change without notice.

Sales by Knoll, Inc. or Knoll North America Corp. (“Seller”) of Knoll Product Lines (hereinafter “Products”) within the United States and Canada are made on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser’s assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supersede any prior and/or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice any time during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and shall be valid for all purposes as if they were originated and maintained in documentary form.

Ordering Information

All orders must be in writing. The product pattern number(s) contained on Seller’s order acknowledgement shall be the final expression of the order. A purchase order is not binding on Seller until Purchaser has received Seller’s order confirmation or acknowledgment.

Order Confirmation

List prices are subject to change without notice.

Pricing Policies

List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller’s list prices.

Taxes

All sales, use, excise and other taxes applicable to the sale of the Products shall be paid by Purchaser. If Purchaser claims an exemption from any tax, Purchaser shall submit to Seller the appropriate exemption certificates.

Terms of Payment

Payment for one hundred percent (100%) of the net order amount (including any applicable shipping and handling fee) is due within thirty (30) days of the date of invoice, which is generally issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than $100,000 net, a fifty (50%) deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice. KnollStudio orders less than $2,000 require payment for one hundred percent (100%) of the net order amount (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due at time of order placement. For KnollStudio orders greater than $2,000, a one-half (50%) deposit is due at time of order placement with the remainder (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due prior to shipment. If, in the judgment of Seller, Purchaser’s financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance. Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults on payment, Purchaser shall be liable for all collection costs, including reasonable attorney’s fees and costs.

Changes and Cancellation

Changes and Cancellation

Changes may effect delivery dates, expenses incurred because of changes shall be charged to Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including “COM” (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled.

Freight Prepaid

QuickShip orders may not be changed or canceled without Knoll’s authorization. In the event of Muuto order changes, 25% payment of original net order amount is required for changes incurring the week the order is scheduled to ship, If Muuto is ordered on QuickShip, the QuickShip policy supersedes.

For standard orders, Freight prepaid is included in the price of all Knoll Office and KnollStudio Products, except KnollTextiles and Muuto, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packaging is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice.

Delivery/Freight Charges

For all Muuto orders must be specified at time of order placement and added to the PO. Freight for all Muuto orders must be specified at time of order placement and added to the PO. Freight for all Muuto orders must be specified at time of order placement and added to the PO.

For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination. Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment, in writing. Nonstandard methods of shipment and/or additional services are available upon request. Orders for QuickShip product shipping direct parcel or White Glove are subject to additional shipping and handling charges and must be paid by Purchaser. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser’s request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redelivery.

Claims

All claims relating to Product damaged in transit or for any other claims relating to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser for such claims. Seller may, upon request, assist Purchaser with filing of such claims with the carrier, but Seller will not be liable for any of these transportation related claims.
# Selling Policy

## Seller’s Security Interest

Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.

## Returns

The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) of list restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products.

## Held Orders/Storage

If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.

## Customer’s Own Material

A Purchaser who requests a fabric or other surface material not standard to Seller’s line of Products (“COM”) must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to use of the COM or the Product.

This warranty does not apply to:

- Damage caused by a carrier other than the Seller.
- Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).
- COM or other third party materials applied to Products.
- Products not installed by or under the auspices of a Knoll Dealer.
- Dramatic temperature variations or exposure to unusual conditions.
- Changes in surface finishes, including colorfastness due to aging or exposure to light.
- Except as specifically noted above, textiles and upholstery supplied by KnollTextiles and Spinneybeck FilzFelt (consult current price lists for applicable warranties).

Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures. The Seller does not guarantee the natural surface hardness of such materials. The Seller also does not guarantee the finish of glass or plastic surfaces. The EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE. The remedies provided above are the Purchaser’s sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with...
Delay/Force Majeure

Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of war or terrorism, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delays, allocate available Product or cancel any purchase order.

Compliance with Law

PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.

Patents

Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediately, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.

The foregoing indemnity does not apply to the following:

• Products supplied according to a design other than that of Seller, and which is required by the Purchaser.
• Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.
• Any settlements of a suit or proceeding made without Seller’s written consent.

Limitations of Liability

SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.

Purchaser’s remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.

How to Order
Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item’s “designated area” can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:
Knoll, Inc.
1235 Water Street
P.O. Box 157
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll’s environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such “green” initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.
