4-Leg Tables

Designed to create effective learning and training environments, the Pixel Collection fosters connections and creativity. The Pixel 4-Leg Table has a simple, sleek design and that stands alone or gangs together.

- A** Simple shape transforms from a single meeting table to side-to-side for training, or back-to-back to create a larger conference table
- B** Optional molded urethane edgeband prevents liquids from collecting at the table edge—ideal for high-traffic spaces
- C** Ganging brackets at all four corners enable seamless electrical wiring and create a continuous level surface when tables are connected

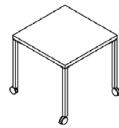

Warranty
10 Years
