Antenna Workspaces

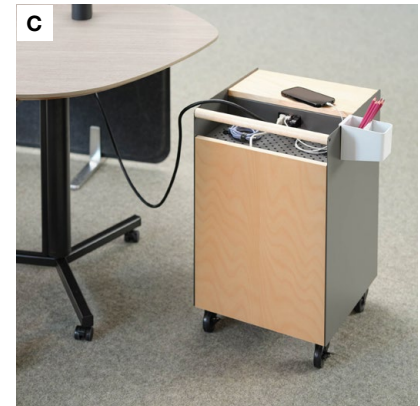

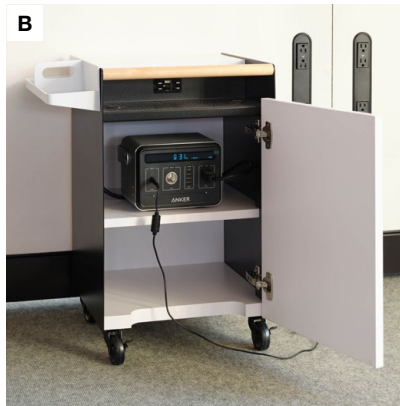

Tech Cart

From Antenna Design comes a new tech cart that offers an untethered, mobile power source for today's flexible workplace. The cart features conveniently located outlets for quick access and a refined form that hides cords and provides storage space for cables, personal items, and any work tools the day might demand.

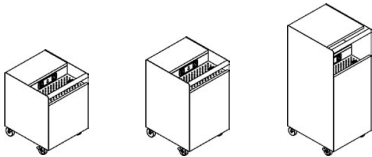

- A** It makes a wider range of spaces suitable for work, including patios, lounge areas, meeting rooms, and cafes.
- B** Its perforated tray features duplex AC, USB-A, and USB-C outlets that are powered by a rechargeable battery.
- C** Designed with space efficiency in mind, the cart is slim and maneuverable. The perforated tray provides ventilation and offers a path to route cables, while the ash handle intuitively signifies mobility.

Warranty

Limited lifetime
