Pixel™ Modesty Screens

A Price List Overview

Where do I send my order? How should I maintain my marble table? From textile options to wood polishes, the KnollStudio price list is designed to provide you with everything you need to know in order to understand, specify, and care for furniture in the KnollStudio Collection.

This book is divided into three easy-to-use sections.

- Propeller Table Series
- Pixel™ Tables Series
- LSM Conference Tables

For a quick overview of the collection's scope, review the Visual Index on pages 0-4. If you're looking for pieces by a specific designer, try the Designer Index on page 0.

Finishes

For detailed explanations of the many materials used in constructing KnollStudio furniture, consult page 7. A cross-reference of KnollStudio veneer or lumber finishes with standard Knoll Office veneers is provided on page 7. Easy-care maintenance information is also provided on pages 8-9.

Placing Your KnollStudio Order

For information about where to send your order and key terms and conditions, see page 9. The complete Knoll Selling Policy is available on pages 74-75.

General Ordering Information and Knoll's Sustainability Statement is available on page 77

Product Information On Each Page

On each page, the following features will assist you:

Description provides both the pattern number and a basic description of the product.

Dimensions provide the overall space the product will require. Statistics are based on the maximum width, depth, and height of the product.

Weight is based on the product itself. It does not include packaging. Weights are rounded to the nearest pound.

Weights of upholstered items do not include weight of textile/leather. To calculate total weight, multiply covering requirements by textile/leather weight, and add to product weight.

Pattern Number provides both the product identification number and all additional selections required for ordering. Finish options are enclosed in parentheses. Finish suffix descriptions are found under Finishes on the bottom portion of the page.

Order Code/Ordering Information outlines exactly how to specify KnollStudio product and the full scope of finishes and other options. The Order Code provides an example of how one pattern number on the page is specified.

Construction provides specific materials and finishes employed, as well as specific construction details.

Note to Knoll Dealer Sellers:

The products contained in this price list are also available through the Knoll Essentials program, with limited exceptions. For additional information, please contact your customer service representative or visit Knoll Exchange.

For More Information

For more information, contact your KnollStudio representative, a Knoll Space retailer or e-tailer, or telephone Customer Services at 800 343-KNOLL. To find the retailer or showroom nearest you, visit www.knoll.com.

Intertek Clean Air Certified Pixel Products

Intertek Clean Air Certification

Intertek's Clean Air Certification validates the level of volatile organic compound (VOC) emissions from products. VOCs are gases emitted from products and include a variety of chemicals that may affect consumers' health in the short- and long-term. Both Intertek Clean Air GOLD and SILVER certifications ensure the user-health, safety and sustainability of Knoll products. A selection of Knoll Office and KnollStudio products are Intertek certified Clean Air, most of which are certified GOLD, which imposes more rigorous standards than certified SILVER.

- USGBC LEED credits
- California 01350 Special Environmental Requirements (CDPH)
- California Department of General Service (DGS) Indoor Air Quality Specifications for Open Panel Office Furniture
- Compliant to BIFMA e3 standard credit 7.6.2 and 7.6.3

Materials and Finishes

KnollStudio Natural Materials

Wood and marble are natural materials that vary. Use material samples and printed sample materials as reference only. KnollStudio printed and finish samples offer an example of what an “average” natural material may look like, within a range of acceptance carefully delineated by Knoll. Because of the breadth of variations possible with any natural material, Knoll specialists select these materials with stringent criteria, accepting only the top 3 - 5% of what is available.

Wood

Knoll Natural Veneers

All natural finishes are selected from the finest hardwoods available around the world. Veneers are flat cut and carefully matched so that cathedral or heart patterns are perfectly balanced. Natural veneers also are cut to allow a generous margin of quarter-grain figuring ensuring invisible splicing.

*Quarter
Pattern*

*Cathedral
Pattern*

Marble

Knoll selects the highest quality, structurally sound marble through a host of quarries in the United States, Turkey, Spain, Slovenia and Italy. Because each mountain range and quarry have their own signature, every marble piece - even within a single quarry - is unique. Hues, veins, crystals, fossils, clouds, and distinctive marks will vary from piece to piece. This is the extraordinary character of stone as a material. Its high quality and its unique nature give the Knoll tables a feel of incredible sculptural beauty. The following are the marbles that KnollStudio offers:

Coated Marbles

Coated Marbles

Coated marbles have transparent, high-polish, polyester coating to prevent use-associated stains. Even with this protection, coated marbles should not be used outdoors. Stains should be wiped immediately. Coating will yellow over time.

Satin Coated Marble

Satin coated marbles have transparent satin polyester coating to prevent use-associated stains. This satin finish gives the stone a natural, honed appearance while providing the same protective qualities as the Coated Marbles. Even with this protection, satin coated marbles should not be used outdoors. Stains should be wiped immediately. Coating will yellow over time.

Arabescato

Ivory white with dark grey veining. May contain random green veins.

Calacatta

Ivory white. Gold and beige random veins with additional veins varying from cream to green and grey.

Grey Marble

Grey with black and white veins. Hues vary in tone and intensity.

Man-Made Materials & Finishes

Stainless Steel

Completely rust-proof, highly durable, and resistant to bending stress.

Polished Chrome

Several-step plating process that includes a heavy layer of nickel for added rust protection and a bright mirror finish.

Satin Chrome

Chrome plating applied for a soft satinized chrome finish with a higher nickel content.

Polished Aluminum

A shiny, polished finish.

Clear Anodized Aluminum

A light grey satin finish.

Laminate

An exceptionally durable plastic surface. Highly resistant to most chemicals and extensive wear.

Vetro Bianco

Vetro Bianco is an engineered resin free quartz surface. The brilliant white surface is nonporous, stain proof, and extremely durable making it suitable for indoor and outdoor use.

Product Maintenance

With proper care, your KnollStudio furniture should last for years to come. To help ensure the longevity of your purchase, below are helpful hints on routine cleaning for your KnollStudio piece. Most basic maintenance can be performed with common household cleaning products.

Wood

Clean with a commercial brand of liquid furniture polish twice a month. For stubborn dirt or light scratches, rub lightly with very fine steel wool before using furniture polish. Steel wool Grade #0000 is recommended. To rejuvenate luster, apply a furniture cream as a last step. Do not use water or household solvents: they will destroy the protective finish.

Marble with Polyester Coating

Wash with lukewarm water. Wash more thoroughly with Windex, Fantastik, Ivory Flakes in warm water, or other non-abrasive solutions. Rinse with warm water and dry with a soft cloth.

Vetro Bianco

Wash surface with lukewarm water. Clean more thoroughly with a non-abrasive solution such as Windex or Fantastik. Rinse with warm water and dry with a soft cloth. Wipe off stains immediately with water and a soft cloth. Never use steel wool or other abrasives on surface.

Glass/Acrylic Polycarbonate

Clean with Windex, Fantastik or other non-abrasive cleaning solutions. Wipe dry with a clean cloth.

Laminate/Melamine

Scrub with Windex, Fantastik, Mr. Clean, or other household soaps or detergents well dissolved in water, or with a very soft cloth dampened with alcohol or a synthetic thinner. For a dull finish, rub with jeweler's rouge as a polishing agent and finish with paste wax. Never use abrasives. Remove stubborn stains with Soft Scrub.

Stainless Steel

Use Windex, Fantastik, or other non-abrasive household cleaners. For small scratches, rub with Comet, Ajax, or other mild abrasives in the direction of the grain. Apply a coat of auto wax to maintain beauty.

Chrome/Satin Chrome

Clean with Windex or an automotive chrome cleaner such as Semi-Chrome twice a month. Apply a coat of hard paste wax to protect against moisture.

Polished Aluminum

Clean with Windex, Fantastik, or other non-abrasive cleaning solutions. Coat with a hard paste wax semi-annually to maintain luster and prevent discoloration.

Anodized Aluminum

Clean with mild soaps, detergents, or other non-abrasive cleaning agents. Apply paste wax or DuPont non-abrasive car polish #7 twice a year to prevent oxidation.

For stubborn stains or discolorations, apply navel jelly aluminum cleaner.

Urethane Edge

Clean with household soaps and detergents well dissolved in water. Do not use abrasive cleaning solutions.

Powder Coat Paint

Clean with Windex or Endust using a soft cloth. Remove stubborn stains with Soft Scrub.

Placing Your Pixel Order

Use the Following Address:

If you would like to send an order directly to our order entry departments, please use the following address:

Knoll, Inc.
P.O. Box 157
East Greenville, PA 18041
Attn: Order Entry

Fax: 215 679-1570
Tel: 800 343-KNOLL

When Placing Your Order, Include:

- All information requested on the order form.
- Local taxes for the “delivered to” address.
- For orders \$2,000 or under (including applicable taxes and delivery/installation fees, if any), full payment must be made when order is placed.
- For orders over \$2,000, a deposit equal to one-half of the complete order value is required at order placement. Balance must be settled before shipment.

Key Points to Remember:

All accepted orders will be confirmed in writing on the Knoll standard acknowledgement form. A copy of the acknowledgement will be mailed to the customer prior to production.

Freight within the 48 contiguous United States and Canada, excluding the Yukon, Northwest Territories and Newfoundland, is prepaid and included in the price of all orders.

For residential orders, Knoll strongly recommends White Glove delivery service to most locations in the Continental United States and Canada. White Glove service includes inside delivery, unpacking, furniture installation and removing cartons and crates. The fee for this service will be quoted at the point of purchase.

KnollStudio’s limited warranty covers all furniture against manufacturing defects in this price list for a period of five years after delivery to the customer.

All pricing is in U.S. dollars.

For More Information:

For complete Knoll Selling Policy and warranty information, please refer to pages 74-75 in the back of this price list.

For additional information on KnollStudio, contact your KnollStudio representative, a Knoll Space retailer or e-tailer, or telephone Customer Services at 800 343-KNOLL. To find the retailer or showroom nearest you, visit www.knoll.com.

Electrical	Construction	Features
<i>Cutout Options: (\$33 list per cutout)</i> Tables may be specified with no cutouts (code Y). For single or double cutout codes, please choose your electrical module(s) then refer to the cutout matrix on page 10 for the proper cutout code.	<i>Laminate and Veneer tops:</i> Constructed of particle board substrates sandwiched between laminate or wood veneer top and phenolic backer sheet bottom. Laminate tops can be specified with a flat ABS or molded urethane edge. Veneer tops will have matching solid wood edge. Solid wood edges can be specified on corner wedge tops with a wood veneer top. Edge and top will match.	<i>Ganging tables:</i> Each table is fitted with a Pixel connector on the underside of each corner. To join the tables, align the mechanisms and slide the lever along the curved path to engage.
<i>Note:</i> Grommet cover must be ordered separately if specifying a grommet cutout. Please refer to pg. 174-175.	<i>Legs:</i> Legs are constructed using a combination of cast and extruded aluminum. Base and upper mounting plates are cast aluminum and bolted to an extruded aluminum vertical stem. Finished in a highly durable textured powder coat paint.	Trough cutout on C-Leg Only TAS - Center Cutout C-Leg tables may be specified with a center trough cutout but only if no box cutouts are specified on the top.
		<i>Maintenance:</i> See pages 8. <i>Note:</i> Pixel tables are certified Clean Air GOLD.

Leg finishes:
Jet Black (suffix 111T)
Bright White (suffix 118T) *
Medium Grey (suffix 115T)
Sterling (suffix 906T)

Glides/Casters:
Glides (suffix G)
Casters (suffix C)

Hybrid Chrome Base:
Chromed legs are available on KCXW at an upcharge of \$891 list. Legs and feet will be chromed while the horizontal trough will be in a standard Pixel paint finish. Place suffix C after leg finish suffix. Please note Hybrid Chrome base is not available on 18" depth tables on casters.
Example:
KCXW6030-C-118-300-Y-118T-C

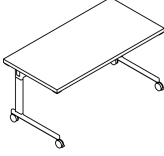

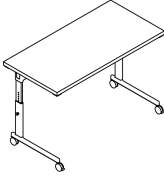

Note:
Glides are not available on flip top tables.

*For tables with bright white legs, the face of the casters are white and the edge is black. For all other leg finishes, casters are all black.

Order Code	Finishes
<i>Example:</i> KCPW7224-C-114-004T-Y-115T	<i>Colored laminate finishes:</i> Bright White, matte (suffix 118) Folkstone, matte (suffix 114) Black, matte (suffix 111)
KCPW7224 72" x 24" Work Height, Flip Top	<i>Woodgrain laminate finishes:</i> Medium Cherry (suffix 124) Natural Maple (suffix 125) Natural Cherry (suffix 126) Walnut (suffix 127) Light Ash (suffix 139) Warm Ash (suffix 140) Whitened Ash (suffix 141) Grey Ash (suffix 142) Classic Oak (suffix 143) Graphite Pear (suffix 144)
C Locking casters	<i>Veneer top/edge finishes:</i> American Walnut (suffix AW) Natural Oak (suffix ON) Fumed Oak (suffix OF) Ebonized Oak (suffix OE)
114 Folkstone laminate	<i>Molded edgeband finishes:</i> Black (suffix 300M) Mink (suffix 324M) Innertone (suffix 386M) Platinum (suffix 367M) Folkstone (suffix 004M)
004T Folkstone flat edgeband	<i>Flat edgeband finishes:</i> Black (suffix 111) Mink (suffix 324) Innertone (suffix 386) Platinum (suffix 367) Folkstone (suffix 004) White (suffix 118)
Y No grommet	<i>Woodgrain flat edgeband finishes:</i> Medium Cherry (suffix 124) Natural Maple (suffix 125) Natural Cherry (suffix 126) Walnut (suffix 127) Light Ash (suffix 139) Warm Ash (suffix 140) Whitened Ash (suffix 141) Grey Ash (suffix 142) Classic Oak (suffix 143) Graphite Pear (suffix 144)
115T Medium Grey legs	<i>Leg finishes:</i> Jet Black (suffix 111T) Bright White (suffix 118T)* Medium Grey (suffix 115T) Sterling (suffix 906T)
<i>Specify:</i> 1. Pattern number 2. Locking casters or glide selection 3. Top finish selection 4. Edgeband selection 5. Cutout option 6. Leg finish	<i>Hybrid Chrome Base:</i> Chromed legs are available on KCPW at an upcharge of \$891 list. Legs and feet will be chromed while the horizontal trough will be in a standard Pixel paint finish. Place suffix C after leg finish suffix. Please note Hybrid Chrome base is not available on 18" depth tables on casters. <i>Example:</i> KCPW6030-C-118-300-Y-118T-C <i>Note:</i> Glides are not available on flip top tables. *For tables with bright white legs, the face of the casters are white and the edge is black. For all other leg finishes, casters are all black. <i>Glides/Casters:</i> Glides (suffix G) Casters (suffix C)

Electrical	Construction	Features
<i>Cutout Options: (\$33 list per cutout)</i> Tables may be specified with no cutouts (code Y). For single or double cutout codes, please choose your electrical module(s) then refer to the cutout matrix on page 10 for the proper cutout code. <i>Note:</i> Grommet cover must be ordered separately if specifying a grommet cutout. Please refer to pg. 174-175.	<i>Laminate and Veneer tops:</i> Constructed of particle board substrates sandwiched between laminate or wood veneer top and phenolic backer sheet bottom. Laminate tops can be specified with a flat ABS or molded urethane edge. Veneer tops will have matching solid wood edge. Solid wood edges can be specified on corner wedge tops with a wood veneer top. Edge and top will match. <i>Legs:</i> Legs are constructed using a combination of cast and extruded aluminum. Base and upper mounting plates are cast aluminum and bolted to an extruded aluminum vertical stem. Finished in a highly durable textured powder coat paint.	<i>Ganging tables:</i> Each table is fitted with a Pixel connector on the underside of each corner. To join the tables, align the mechanisms and slide the lever along the curved path to engage. Trough cutout on C-Leg Only TAS - Center Cutout C-Leg tables may be specified with a center trough cutout but only if no box cutouts are specified on the top. <i>Maintenance:</i> See pages 8. <i>Note:</i> Pixel tables are certified Clean Air GOLD. <i>Caution:</i> When moving flip top tables on casters, only push tables while the top is down in the flat position.

Glides are not available on flip top tables.

*For tables with bright white legs, the face of the casters are white and the edge is black. For all other leg finishes, casters are all black.

Electrical
Cutout Options: (\$33 list per cutout)
Tables may be specified with no cutouts (code Y). For single or double cutout codes, please choose your electrical module(s) then refer to the cutout matrix on page 10 for the proper cutout code.

Note:
Grommet cover must be ordered separately if specifying a grommet cutout. Please refer to pg. 174-175.

Construction
Laminate tops:
Constructed of particle board substrates sandwiched between laminate top and phenolic backer sheet bottom. Tops can be specified with a flat ABS edge.

Legs:
Legs are constructed using a combination of cast and extruded aluminum. Base and upper mounting plates are cast aluminum and bolted to an extruded aluminum vertical stem. Finished in a highly durable textured powder coat paint.

Features
Ganging tables:
Each table is fitted with a Pixel connector on the underside of each corner. To join the tables, align the mechanisms and slide the lever along the curved path to engage.

Wire Management:
Use magnetic clips to secure wires and cords to black horizontal beam underneath the tabletop. Tuck excess wires and cords inside wire management bar.

Flip Mechanism:
To flip tabletop, pull red button on right side of the table and use other hand to gently lift the tabletop up. Black button on left side of the table can also be pushed while performing the same movement.

Maintenance:
See pages 8.

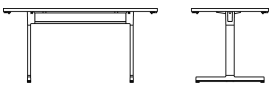

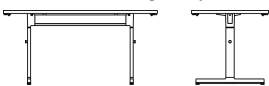

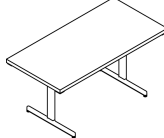

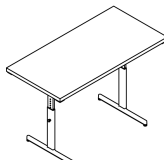

Note:
Pixel tables are certified Clean Air GOLD.

Caution:
When moving flip top tables on casters, only push tables while the top is down in the flat position.

KTXW7224 72" x 24" Work Height, Fixed Top	<i>Woodgrain laminate finishes:</i> Medium Cherry (suffix 124) Natural Maple (suffix 125) Natural Cherry (suffix 126) Walnut (suffix 127) Light Ash (suffix 139) Warm Ash (suffix 140) Whitened Ash (suffix 141) Grey Ash (suffix 142) Classic Oak (suffix 143) Graphite Pear (suffix 144)
C Locking casters	<i>Veneer top/edge finishes:</i> American Walnut (suffix AW) Natural Oak (suffix ON) Fumed Oak (suffix OF) Ebonized Oak (suffix OE)
114 Folkstone laminate	<i>Molded edgeband finishes:</i> Black (suffix 300M) Mink (suffix 324M) Innertone (suffix 386M) Platinum (suffix 367M) Folkstone (suffix 004M)
004T Folkstone flat edgeband	<i>Flat edgeband finishes:</i> Black (suffix 111) Mink (suffix 324) Innertone (suffix 386) Platinum (suffix 367) Folkstone (suffix 004) White (suffix 118)
Y No grommet	<i>Woodgrain flat edgeband finishes:</i> Medium Cherry (suffix 124) Natural Maple (suffix 125) Natural Cherry (suffix 126) Walnut (suffix 127) Light Ash (suffix 139) Warm Ash (suffix 140) Whitened Ash (suffix 141) Grey Ash (suffix 142) Classic Oak (suffix 143) Graphite Pear (suffix 144)
115T Medium Grey legs	<i>Leg finishes:</i> Jet Black (suffix 111T) Bright White (suffix 118T)* Medium Grey (suffix 115T) Sterling (suffix 906T)
<i>Specify:</i> 1. Pattern number 2. Locking casters or glide selection 3. Top finish selection 4. Edgeband selection 5. Cutout option 6. Leg finish	<i>Hybrid Chrome Base:</i> Chromed legs are available on KTXW at an upcharge of \$891 list. Legs and feet will be chromed while the horizontal trough will be in a standard Pixel paint finish. Place suffix C after leg finish suffix. <i>Example:</i> KTXW6030-C-118-300-Y-118T-C <i>Note:</i> Glides are not available on flip top tables. *For tables with bright white legs, the face of the casters are white and the edge is black. For all other leg finishes, casters are all black.
	<i>Glides/Casters:</i> Glides (suffix G) Casters (suffix C)

Electrical	Construction	Features
<i>Cutout Options: (\$33 list per cutout)</i> Tables may be specified with no cutouts (code Y). For single or double cutout codes, please choose your electrical module(s) then refer to the cutout matrix on page 10 for the proper cutout code.	<i>Laminate and Veneer tops:</i> Constructed of particle board substrates sandwiched between laminate or wood veneer top and phenolic backer sheet bottom. Laminate tops can be specified with a flat ABS or molded urethane edge. Veneer tops with have matching solid wood edge. Solid wood edges can be specified on corner wedge tops with a wood veneer top. Edge and top will match.	<i>Ganging tables:</i> Each table is fitted with a Pixel connector on the underside of each corner. To join the tables, align the mechanisms and slide the lever along the curved path to engage.
<i>Note:</i> Grommet cover must be ordered separately if specifying a grommet cutout. Please refer to pg. 174-175.	<i>Legs:</i> Legs are constructed using a combination of cast and extruded aluminum. Base and upper mounting plates are cast aluminum and bolted to an extruded aluminum vertical stem. Finished in a highly durable textured powder coat paint.	Trough cutout on C-Leg Only TAS - Center Cutout C-Leg tables may be specified with a center trough cutout but only if no box cutouts are specified on the top.
		<i>Maintenance:</i> See pages 8. <i>Note:</i> Pixel tables are certified Clean Air GOLD.

<i>Example:</i> KLTPW6024-C-114-004T-Y-115T	<i>Colored laminate finishes:</i> Bright White, matte (suffix 118) Folkstone, matte (suffix 114) Black, matte (suffix 111)
KLTPW 6024 60" x 24" T-Leg S Series Table, Work Height, Flip Top	<i>Woodgrain laminate finishes:</i> Medium Cherry (suffix 124) Natural Maple (suffix 125) Natural Cherry (suffix 126) Walnut (suffix 127) Light Ash (suffix 139) Warm Ash (suffix 140) Whitened Ash (suffix 141) Grey Ash (suffix 142) Classic Oak (suffix 143) Graphite Pear (suffix 144)
C Locking casters	
114 Folkstone laminate	
004T Folkstone flat edgeband	
Y No grommet	
115T Medium Grey legs	
<i>Specify:</i>	
1. Pattern number	<i>Flat edgeband finishes:</i> Black (suffix 111) Mink (suffix 324) Innertone (suffix 386) Platinum (suffix 367) Folkstone (suffix 004) White (suffix 118)
2. Locking casters or glide selection	<i>Note:</i> Glides are not available on flip top tables.
3. Top finish selection	*For tables with bright white legs, the face of the casters are white and the edge is black. For all other leg finishes, casters are all black.
4. Edgeband selection	<i>Woodgrain flat edgeband finishes:</i> Medium Cherry (suffix 124) Natural Maple (suffix 125) Natural Cherry (suffix 126) Walnut (suffix 127) Light Ash (suffix 139) Warm Ash (suffix 140) Whitened Ash (suffix 141) Grey Ash (suffix 142) Classic Oak (suffix 143) Graphite Pear (suffix 144)
5. Cutout option	<i>Leg finishes:</i> Jet Black (suffix 111T) Bright White (suffix 118T)* Medium Grey (suffix 115T) Sterling (suffix 906T)
6. Leg finish	<i>Glides/Casters:</i> Glides (suffix G) Casters (suffix C)

Electrical	Construction	Features
<i>Cutout Options: (\$33 list per cutout)</i> Tables may be specified with no cutouts (code Y). For single or double cutout codes, please choose your electrical module(s) then refer to the cutout matrix on page 10 for the proper cutout code.	<i>Laminate tops:</i> Constructed of particle board substrates sandwiched between laminate top and phenolic backer sheet bottom. Tops can be specified with a flat ABS edge.	<i>Ganging tables:</i> Each table is fitted with a Pixel connector on the underside of each corner. To join the tables, align the mechanisms and slide the lever along the curved path to engage.
<i>Note:</i> Grommet cover must be ordered separately if specifying a grommet cutout. Please refer to pg. 174-175.	<i>Legs:</i> Legs are constructed using a combination of cast and extruded aluminum. Base and upper mounting plates are cast aluminum and bolted to an extruded aluminum vertical stem. Finished in a highly durable textured powder coat paint.	<i>Caution:</i> When moving flip top tables on casters, only push tables while the top is down in the flat position.
		<i>Wire Management:</i> Use magnetic clips to secure wires and cords to black horizontal beam underneath the tabletop. Tuck excess wires and cords inside wire management bar.
		<i>Flip Mechanism:</i> To flip tabletop, pull red button on right side of the table and use other hand to gently lift the tabletop up. Black button on left side of the table can also be pushed while performing the same movement.
		<i>Maintenance:</i> See pages 8.
		<i>Note:</i> Pixel tables are certified Clean Air GOLD.

Features	Configurations
Corner Wedge Top: The Corner Wedge Top is used to easily transition Pixel rectangular training tables into L-shape, U-shape or hollow square configurations. This top connects to the adjacent tables by powder coated steel hangers and Pixel ganging brackets. By eliminating legs in the design, the Corner Wedge allows for unencumbered leg room in the corner position.	L-Shape Configuration: 
Corner Wedge Dolly: The Corner Wedge Dolly is made of black powder coated steel on casters and can fit up to 12 wedges. The handle on the dolly can be used to support the weight of the Corner Wedge while ganging or removing from the Pixel Tables.	U-Shape Configuration: 
Maintenance: See pages 8.	Hollow Square Configuration: 
Note: Pixel tables are certified Clean Air GOLD.

Pedestal

	description	w	d	h	top thickness	weight
<i>Designer(s):</i> Marc Krusin, 2015	KS-31 Pedestal with two drawers 	18"	18"	26"	1/2"	

pattern no.	laminate top / ABS edge / Painted case	Veneer top / Veneer edge / Veneer case
KS-31-(G,C)-()-()-()	\$3,746.	\$3,902.

Order Code	Finishes	Construction
<i>Example:</i> KS-31-C-118-118T-118T-118T	<i>Colored laminate finishes:</i> Bright White, matte (suffix 118) Folkstone, matte (suffix 114) Black, matte (suffix 111)	<i>Case:</i> 3/4" MDF with mitered corners for seamless edges. Case is constructed using dowel joints for added durability. Wood veneer applied on surface of each side or finished in a wet coat paint.
KS-31 Pixel Pedestal		
C locking casters		
118 Bright White laminate top	<i>Woodgrain laminate finishes:</i> Medium Cherry (suffix 124) Natural Maple (suffix 125) Natural Cherry (suffix 126) Walnut (suffix 127) Light Ash (suffix 139) Warm Ash (suffix 140) Whitened Ash (suffix 141) Grey Ash (suffix 142) Classic Oak (suffix 143) Graphite Pear (suffix 144)	<i>Drawers:</i> Body of drawer is veneer wrapped, mitered, and glued 1/2" particle board. Drawer front is 3/4" particle board with wood veneer applied on surface of each side or finished in a textured wet paint. The drawer features a faux double drawer facade which is delineated with a horizontal 1/8" groove painted or stained to match the case finish.
118T Bright White ABS edge		
118T Bright White painted case	<i>Woodgrain flat edgeband finishes:</i> Medium Cherry (suffix 124) Natural Maple (suffix 125) Natural Cherry (suffix 126) Walnut (suffix 127) Light Ash (suffix 139) Warm Ash (suffix 140) Whitened Ash (suffix 141) Grey Ash (suffix 142) Classic Oak (suffix 143) Graphite Pear (suffix 144)	
118T Bright White legs	<i>Veneer top/Veneer edge/Veneer case finishes:</i> American Walnut (suffix AW) Natural Oak (suffix ON) Fumed Oak (suffix OF) Ebonized Oak (suffix OE)	
<i>Specify:</i>	<i>Painted case finishes:</i> Bright White (suffix 118T) Jet Black (suffix 111T)	<i>Leg finishes:</i> Black (suffix 111T) Bright White (suffix 118T) Medium Grey (suffix 115T) Aluminum (suffix 906T)
1. Pattern number		<i>Legs/Casters:</i> Glides (suffix G) Casters (suffix C) *
2. Locking caster or glide selection		
3. Top finish selection		
4. ABS edge selection		
5. Case finish selection		
6. Leg finish		
		*Casters are always black

Laminate and Veneer tops:
Constructed of particle board wrapped in laminate or wood veneer. Edges can only be specified with a flat ABS edge for laminate tops, and solid wood for veneer tops.

Note:
There is a 1/8" reveal between the top of the case and the bottom of the pedestal top.

Legs:
Legs are constructed using a combination of extruded aluminum and a machined aluminum sheet metal plate. Upper mounting plates are aluminum and bolted to an extruded aluminum vertical stem. Finished in a highly durable textured powder coat paint.

Maintenance:
See pages 8.

L60	60" Pixel Link
BK	Black finish

Specify:

1. Pattern number
2. Case Finish

Ordering Information

Case and Receptacle Finishes:

Black case with Black receptacles (suffix BK)
White case with White receptacles (suffix WH)
Bright White case with Bright White receptacles (suffix 118)

Note:

White (suffix WH) option for electrical modules has a warmer tone compared to Bright White (suffix 118). It is recommended that Bright White be specified with a Bright White laminate top for closest match.

Cutout Codes:
Please refer to the Grommet and Electrical Module Cutout Matrix on page 10 for table compatibility and cutout codes.

Note:

Power Modules with a Pixel Link require a Starter Box. 72" wide tables require a jumper cable. Please refer to page 58 of the price list for Pixel Link Starter Boxes and Cables.

Pixel Link

Pixel Link is a non-sequential power system that allows users to "daisy chain" multiple power centers together. **Please specify a Starter Box (KLSC) if using the Pixel Link system.** Pixel Link's "brain" allows users to connect up to 8 power/data centers off of one infeed. The smart LED indicators built into the Starter Box will illuminate green when you're connected and ready to plug in. A red light means that you've linked too many units.

Construction

Description:

KE4: Die-cast aluminum with powder coat matte paint finish.
KE5: Aluminum case with powder coat matte paint finish.
KE7: Aluminum case with powder coat matte paint finish. *
KE8: Aluminum case with powder coat matte paint finish.

*KE7 Electrical Module is compatible with flat edge tops only. This mount will not work with knife edge tables.

Electrical

USB:

The USB option that is included in the KE4 module will have (2) USB jacks per position. For example a KE4202C72 module includes (2) Power and (2) USB but will actually have (2) Power and (4) USB jacks.

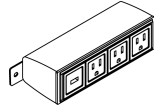

The USB option that is included in the KE5, KE7, and KE8 modules will only have (1) USB jack per position. For example a KE5202C72 module includes (2) Power and (2) USB and will have (2) Power and (2) USB jacks.

USB: 2 Amps

Note:

Additional data and power configurations can be requested through Custom Product Development.

 2. Case Finish

Ordering Information

Case and Receptacle Finishes:

Black case with Black receptacles (suffix BK)

White case with White receptacles (suffix WH)

Bright White case with Bright White receptacles (suffix 118)

Note: White (suffix WH) option for electrical modules has a warmer tone compared to Bright White (suffix 118). It is recommended that Bright White be specified with a Bright White laminate top for closest match.

KE6 Electrical Modules are only available on C-Leg tables with trough cutout.

Cutout Codes: Please refer to the Grommet and Electrical Module Cutout Matrix on page 10 for table compatibility and cutout codes.

Note: Power Modules with a Pixel Link require a Starter Box. 72" wide tables require a jumper cable. Please refer to page 58 of the price list for Pixel Link Starter Boxes and Cables.

Pixel Link

Pixel Link is a non-sequential power system that allows users to "daisy chain" multiple power centers together. **Please specify a Starter Box (KLSC) if using the Pixel Link system.** Pixel Link's "brain" allows users to connect up to 8 power/data centers off of one infeed. The smart LED indicators built into the Starter Box will illuminate green when you're connected and ready to plug in. A red light means that you've linked too many units.

Construction

Description: KE6: Aluminum case with powder coat matte paint finish.

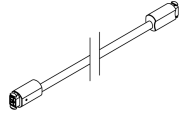

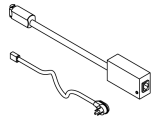

Electrical

USB: The USB option that is included in the KE6 module will only have (1) USB jack per position. For example a KE6301C72 module includes (3) Power and (1) USB and will have (3) Power and (1) USB jack.

USB: 2 Amps

Note: Additional data and power configurations can be requested through Custom Product Development.

120	120" power cord	
<i>Specify:</i>		
1. Pattern number		
2. Cord length		
	Pixel Link is a non-sequential power system that allows users to “daisy chain” multiple power centers together. Pixel Link’s “brain” allows users to connect up to 8 power/data centers off of one starter box. The smart LED indicators will illuminate green when you’re connected and ready to plug in. A red light means that you’ve linked too many units.	<p>Starter Boxes: Starter Boxes can accommodate a maximum of (8) electrical modules and/or jumper cables (do not count the Starter Box itself).</p> <p><i>Example:</i> (8) Electrical Modules or (4) Electrical Modules with (4) Jumper Cables.</p> <p>Electrical Modules: Cordset: Choose an Electrical Module with the appropriate length cordset to reach the power source.</p> <p>Pixel Link: Choose an electrical module with a Pixel Link length equivalent to the width of your table. The maximum Pixel Link cable length is 60". Therefore, on 72" tables, you will need to order the electrical module with 60" Pixel Link cable and an additional 12" jumper cable.</p> <p>Cutout Codes: Refer to the Pixel Grommet and Electrical Module Cutout Matrix on page 10 for table compatibility and cutout codes.</p> <p>Corner Wedge: If utilizing a Corner Wedge in your configuration, specify a 24" Pixel Link to accommodate the added distance and curve for each corner wedge top.</p>
		<p>Pixel Link Adaptor: As of January 1, 2020, the Pixel Link male/female connectors have been updated and will not fit previous Pixel Link electrical modules and starter boxes. If you need to add additional Pixel Link modules to your existing run, specify a KLA1-2 adaptor cable in between your existing module and the new module. If you need to replace an old starter box but still need to use your existing electrical modules, specify a KLA2-1 adaptor cable in between your new starter box and existing electrical module. Please note that you are still limited to 8 connections per starter box and this adaptor cable counts towards that limit.</p>

Ordering Information
<p>How to Specify Pixel Link Power System:</p> <p>Example 1: Need: (3) rows of (8) tables</p> <p>Table Specifications: (24) 60" x 24" Pixel C-Leg Tables with consistent cutout positions on all tables.</p> <p>Starter boxes can only accommodate a maximum of (8) electrical modules + jumper cables (do not count the starter box itself). For this application, we will need to specify (3) starter boxes (one for each row) since no jumpers are required. Choose the length cord that matches the distance to your power source.</p> <p>Electrical Specifications: (24) KE4 Pixel Electrical Module - KE4301L60BK (3) Pixel Link Starter Box with 72" Cordset - KLSC72</p>
<p>Example 2: Need: (3) rows of (8) tables</p> <p>Table Specifications: (24) 72" x 30" Pixel C-Leg Tables with consistent cutout positions on all tables.</p> <p>Here we are going to show the same application with larger tables. Again, we have used (24) KE4 electrical modules with a 60" Pixel Link connector. Since our tables are 72" we will need to add 12" jumper cables to our specification to accommodate the added length.</p> <p>Since we now have two components per table (electrical module + jumper cable) we will need a starter box for every (4) tables. In this case we will need (6) starter boxes. An additional power source will need to be provided for each row. Choose the length cord that matches the distance to each power source.</p> <p>Electrical Specifications: (24) KE4 Pixel Electrical Module - KE4301L60BK (18) 12" Pixel Jumper Cable - KLJ12 (6) Pixel Link Starter Box with 72" Cordset - KLSC72</p>

Selling Policy

This Selling Policy supersedes all previous selling policies and is inclusive of Knoll, KnollStudio and Muuto. Prices, discounts and product offerings are subject to change without notice.

Terms & Conditions of Sales	Sales by Knoll, Inc. or Knoll North America Corp. ("Seller") of Knoll Product Lines (hereinafter "Products") within the United States and Canada are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser's assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supersede any prior and/or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and signed and shall be valid for all purposes as if they were originated and maintained in documentary form.
Ordering Information	All orders must be in writing. The product pattern number(s) contained on Seller's order acknowledgement shall be the final expression of the order.
Order Confirmation	A purchase order is not binding on Seller until Purchaser has received Seller's order confirmation or acknowledgment.
Pricing Policies	List prices are subject to change without notice. List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller's list prices.
Taxes	All sales, use, excise and other taxes applicable to the sale of the Products shall be paid by Purchaser. If Purchaser claims an exemption from any tax, Purchaser shall submit to Seller the appropriate exemption certificates.
Terms of Payment	Payment for one hundred percent (100%) of the net order amount (including any applicable shipping and handling fee) is due within thirty (30) days of the date of invoice, which is generally issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than \$100,000 net, a fifty percent (50%) deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice. KnollStudio orders less than \$2,000 require payment for one hundred percent (100%) of the net order amount (including any applicable sales tax and charges for inside delivery, special packaging, etc.), due at time of order placement. For KnollStudio orders greater than \$2,000, a one-half (50%) deposit is due at time of order placement with the remainder (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due prior to shipment. If, in the judgment of Seller, Purchaser's financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance. Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults on payment, Purchaser shall be liable for all collection costs, including reasonable attorney's fees and costs.
Changes and Cancellation	Standard purchase orders may not be changed or cancelled, in whole or in part, without prior written consent of Seller. Changes may effect delivery dates. Expenses incurred because of changes shall be charged to Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including "COM" (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled. QuickShip orders may not be changed or canceled without Knoll's authorization. In the event of Muuto order changes, 25% payment of original net order amount is required for changes incurring the week the order was entered. 100% payment of original net order amount is required for changes incurring the week the order is scheduled to ship. If Muuto is ordered on QuickShip, the QuickShip policy supersedes.
Freight Prepaid	For standard orders, freight is prepaid and included in the price of all Knoll Office and KnollStudio Products, except KnollTextiles and Muuto, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice. Freight for all Muuto orders must be specified at time of order placement and added to the PO.
Delivery/Freight Charges	Shipments outside the contiguous 48 United States and Canada shall be shipped F.O.B. Origin. For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination. Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment, in writing. Nonstandard methods of shipment and/or additional services are available upon request. Orders for QuickShip product shipping direct parcel or White Glove are subject to additional shipping and handling charges and must be paid by Purchaser. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser's request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reassignment and redelivery. Partial shipments may be made and invoiced by Seller.
Claims	All shipments for Knoll Products within the contiguous United States and Canada are F.O.B. Origin. All risk of loss passes to Purchaser at time of delivery to carrier. Purchaser shall inspect all Products upon receipt and notify Seller within ten (10) working days after receipt of any damage or defects which are, or should be, apparent from an inspection of the Product and its packaging. Failure of Purchaser to notify Seller during the ten (10) working day period shall constitute acceptance of the Products and waiver of any apparent defects, errors or shortages. For all claims relating to Product damaged in transit or for any other claims relating to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser for such claims. Seller may, upon request, assist Purchaser with filing of such claims with the carrier, but Seller will not be liable for any of these transportation related claims.

Selling Policy

Seller's Security Interest	Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.
Returns	The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) of list restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products.
Held Orders/Storage	If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.
Customer's Own Material	A Purchaser who requests a fabric or other surface material not standard to Seller's line of Products ("COM") must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to use of the COM on the Product.
Delay/Force Majeure	Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of war or terrorism, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delay, allocate available Product or cancel any purchase order.
Compliance with Law	PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.
Patents	Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediate, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended. The foregoing indemnity does not apply to the following: <ul style="list-style-type: none">• Products supplied according to a design other than that of Seller, and which is required by the Purchaser.• Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.• Any settlements of a suit or proceeding made without Seller's written consent.
Limitations of Liability	SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT. Purchaser's remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.
Warranty	please visit warranty website link Warranty Knoll for up-to-date information.

General Ordering Information

The Products

This guide encompasses all standard products for this product group.

Sizes

Dimensions listed in this guide are indicated as:

H = height

W = width

D = depth

Dia. = diameter

Rad. = radius

Pricing

All prices shown are list.

How to Order

Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item's "designated area" can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:

Knoll, Inc.

1235 Water Street

P.O. Box 157

East Greenville, PA 18041

Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll's environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such "green" initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to knoll.com, click on "About Knoll" and then "Environmental Focus."
