Knoll and Sustainable Design

Each year Knoll sets key initiatives in our journey to sustainability. We are members of a global consortium on energy, have adopted a scientific, metrics-based approach to sustainable product design, and maintain a leadership position in establishing universal, verifiable, sustainability standards for our industry.

Knoll promotes independent third-party certification because it provides the most impartial and trustworthy foundation for industry-wide environmental compliance. Certification by established and respected third parties ensures that all manufacturers are held to the same high standards and that customers can trust a company's declaration about the environmental benefits of its products. Knoll third-party partners include: the International Standards Organization (ISO); Forest Stewardship Council (FSC®); Rainforest Alliance; GREENGUARD® Environmental Institute; and The Business and Institutional Furniture Manufacturer's Association (BIFMA) level® certification from Scientific Certification Systems (SCS).

In addition, Knoll is aligned with the U.S. Green Building Council and can help companies, healthcare organizations and educational institutions achieve Leadership in Energy and Environmental Design (LEED®) workplace certification.

Global Climate Change

- Knoll is a sponsor of the Clinton Global Initiative, which brings together a community of global leaders to devise and implement solutions to some of the world's most pressing challenges, including environmental change.
- Knoll has a comprehensive Energy Management Program to increase energy efficiency in products and processes.

Life Cycle Assessment (LCA) Tool

- Life Cycle Assessment is a science-based measurement of a product's environmental impacts throughout its life cycle, from raw materials sourcing through manufacture, shipping, use and re-use or end-of-life. LCA enables cradle-to-cradle implementation of sustainable practices.
- Knoll has partnered with The Green Standard.org to develop an affordable, universal ISO-compliant computer-based LCA tool that can be used by the entire contract furniture industry and is partnering on the development of an Environmental Product Declaration System (EPDs) for Knoll products. EPDs are verified documents containing LCA results and additional environmental performance information about a product.

Setting Industry Standards

- Knoll partners with MTS (The Institute for Market Transformation to Sustainability) to develop the SMaRT® Consensus Sustainable Products Standards, a set of consensus-based sustainable product standards based on the LEED® model, for all building products, fabric, apparel, flooring and carpet. MTS, the developer of SMaRT®, is an accredited American National Standards Institute (ANSI) standard developer.
- Knoll also partners with BIFMA (Business and Institutional Furniture Manufacturers Association) to promote level® sustainability standards for the contract furniture industry.
- Knoll has established FSC® (Forest Stewardship Council) certified wood as the standard for general office open plan office systems, casegoods and tables.
- Knoll has launched Full Circle, a resource recovery program developed with ANEW, to help customers extend the life cycle of surplus furniture, fixtures and equipment (FF&E) in an economically, socially and environmentally responsible manner.
- Our goal is to encourage all manufacturers in the contract furniture industry and related industries to adopt standards that will lead to sustainable products and practices.

For more information about Knoll and sustainable design, visit knoll.com/environment.

All dimensions in this price list are nominal and follow standard size convention of its respective product line.

				Panel base raceway covers	Plastic panel trim	DS1 pedestal drawer plugs	2mm Edge Work-surfaces	2mm Edge Work-surfaces	Techwood edge work-surfaces	Cascade edge work-surface
				Steel tile inserts	PVC post assemblies	DS1 pedestal handles	15" deep counters	15" deep counters	15" deep counters	
				D1 style tile supports	Beltway raceway covers	DS1 Overhead door end plugs	Overhead doors		Overhead doors	
				Overhead cabinets	Power pole covers		Credenza top and doors		Credenza tops	
				Pedestal case and fronts			Overdesk doors		Credenza doors	
									Overdesk doors	
									Series 2 overhead door	

Note: All Dividends Horizon products except DS1 and DS2 pedestals and doublewide pedestals are painted with a textured finish excluding 613 Silver which is available as a smooth finish only.

X and Y base tables and the freestanding screen kits are always painted with a textured finish, including 613 Silver.

Note: Laminates and other finishes may vary in color due to different dye lots. Slight variations are to be expected.

Most products introduced after 2004 are not available in Legacy finishes. See individual pricing pages for availability.

Specify Legacy finishes to match existing product only. Legacy finishes are not available for new customers.

This price list contains pricing for Core finishes. For detailed pricing of Legacy finishes, please refer to the latest release of CAP worksheet or contact your customer service representative.

The new, Core P1 finishes in Morrison have the same list prices as P2. Additionally, Pedestals and Reuter overhead storage have a separate P3 price point for Silver and Bright White.

The new Core finish 113 Dark Grey is not a match to the Morrison Legacy finish NV. It is a match to the Dividends Legacy finish Y3.

The new Core finish 115 Medium Grey is not a match to the Morrison Legacy finish NJ. It is a match to the Dividends Legacy finish Y2.

Patterned laminates (Micro, Brushed and Wood grain laminates) are available on Morrison postformed worksurfaces and shelves (straight, trapezoidal, VDT).

Wood grain laminates are also available on Cascade Edge worksurfaces.

* Paint finishes for glazed panels, window and door frames are textured only.

Specify legacy finishes to match existing product only. Legacy finishes are not available for new customers.

This price list contains pricing for Core finishes. For detailed pricing of Legacy finishes, please refer to the latest release of CAP worksheet or contact your customer service representative.

In September 2008 all existing Morrison veneer finishes were transferred to our Toronto plant. All existing finishes were changed to closed pore finishing and assigned new finish codes. The older, semi-open pore finishes are no longer available.

As of February 2009 Legacy laminates will be priced 10% higher than Core laminates.

MU1	Worksurface 1 1/4" thick
S	Worksurface type
48	Width
18	Depth
A	Grommets
Q	Standard Special
117	Surface finish
Q	Standard Special

Specification Information

Grommets/no grommets:

A- Worksurfaces include 3" grommet in each back corner leading into desk support or wire manager.

B- Worksurface does not include grommets.

Specify surface finish.
1 1/4" worksurfaces are 3-ply, solid core construction with threaded metal inserts at all end panel, desk support and bracket locations and pilot holes at pedestal locations.

Worksurfaces with grommets are bored to accept and are shipped with wire manager clips.

All worksurfaces are U.L.-listed.

Application Notes

18"D worksurfaces are used interchangeably in desk and panel system applications as shallow main surfaces, extensions, or credenza tops. They may be supported at each end by an 18" end support bracket, 18" cantilever bracket, 18"W conference end panel, 18"D pedestal, or 12"W end panel (MN2-E12) in conjunction with a desk support.

18"D worksurfaces with desk supports do not accept pedestals.

All worksurfaces are 3/8" less than nominal depth for rear wire clearance or privacy screens.

Panel-supported 1 1/4" worksurfaces over 48" must be mid-span supported by MB2-C18 bracket, specified separately.

Suspended pedestals may not be used with 1 1/4" worksurfaces

Order Code	Specification Information	Application Notes
Example: MU1-S4418-B-Q-117	B: Worksurface does not include grommets.	18"D worksurfaces are used interchangeably in desk and panel system applications as shallow main surfaces, extensions, or credenza tops. They may be supported at each end by an 18" end support bracket, 18" cantilever bracket, 18"W conference end panel, 18"D pedestal, or 12"W end panel (MN2-E12) in conjunction with a desk support.
MU1 Worksurface 1 1/4" thick	Specify surface finish.	Suspended pedestals may not be used with 1 1/4" worksurfaces
S Worksurface type	1 1/4" worksurfaces are 3-ply, solid core construction with threaded metal inserts at all end panel, desk support and bracket locations and pilot holes at pedestal locations.	
44 Width	All worksurfaces are U.L.-listed.	
18 Depth		
B No grommets		18"D worksurfaces with desk supports do not accept pedestals.
Q Standard Specials		All worksurfaces are 3/8" less than nominal depth for rear wire clearance or privacy screens.
117 Surface finish		Panel-supported 1 1/4" worksurfaces over 48" must be mid-span supported by MB2-C18 bracket, specified separately.

Example: MU1-R6636E-Q-117	<i>Grommets/no grommets:</i>	
MU1 Worksurface, 1 1/4" thick	E- rounded end worksurface includes 3" grommet in each straight end corner.	Rounded end worksurfaces are used interchangeably in desk and panel system applications as main surfaces or extensions. They may be supported by 30" end support brackets, 30" cantilever bracket, 30" flat bracket or 30" conference end panel, and by a support column at the rounded end. Use 18"D pedestal or end panel with desk support under rounded end worksurfaces with recessed grommets. Use 48"D desk support with 63" rounded end and 60"W desk support with 75" rounded end. Worksurfaces with end grommets may not be supported by conference end panel. Suspended pedestals may not be used with 1 1/4" worksurfaces. Rounded end worksurfaces have threaded metal inserts for desk support, end panel each end, and at all bracket locations. End grommet worksurfaces have no pedestal inserts.
R Rounded end	R- rounded end worksurface includes 3" grommets recessed for use with 6" recessed desk support.	
66 Width	B- rounded end worksurface does not include grommets	
36 Depth		
E End grommets	Specify surface finish.	
Q Standard Specials	Rounded end worksurfaces with recessed or no grommets are specified left or right to determine position of grommets and pedestal drilling. Rounded end when seated at desk defines L/R hand (Right hand shown above).	
117 Surface finish	1 1/4" worksurfaces are 3-ply, solid core construction with threaded metal inserts at all end panel, desk support and bracket locations and pilot holes at pedestal locations. MU1- worksurfaces are supported by brackets with machine screws. All worksurfaces are U.L.-listed.

Example: LU1-S2418-B-Q-117		
LU1 Worksurface, 1 1/4" thick	A- worksurface includes one edge grommet	18"D worksurfaces are used in panel system applications as shallow main surfaces, extensions or credenza tops. They may be supported at each end by an 18" end support bracket, 18" cantilever bracket, 18"W desk end panel or 18"D pedestal.
S Straight worksurface	B- worksurface does not include grommet	
24 Width		
18 Depth		
B No grommet	Specify surface finish.	Options worksurfaces cannot be used in conjunction with Network desk supports.
Q Standard Specials	1 1/4" Options worksurfaces are 3-ply, solid core construction with pilot holes at all pedestal, end panel, and bracket locations.	
117 Surface finish	Edge grommets are centered at rear of worksurface.	
		All straight worksurfaces are 3/8" less than nominal depth for rear wire clearance.
		Panel-supported 1 1/4" worksurfaces over 48" must be mid-span supported by MB2-C18 bracket, specified separately.
		Panel-supported 1 1/4" worksurfaces over 96" must be pedestal or MB2-C24 cantilever bracket supported every 48".
		Suspended pedestals may not be used with 1 1/4" worksurfaces.

Order Code

Example:	MM3-IS54R-612-Q
MM3	Accessory
IS	Intermediate shelves
54	Width
R	Return
612	Paint finish
Q	Standard Special

Specification Information

Specify paint finish.

Specify return shelves by number that corresponds to total return dimension (depth of desk and width of return).

Application Notes

Intermediate shelves provide an additional level of storage between the worksurface and standard overhead storage.

Intermediate shelves include brackets for cantilever support from vertical panel connector tracks.

Intermediate shelves may be mounted on 1" increments of height up to 1" from top of panel. Recommended position is 6" - 7" above the worksurface.

Use full width shelves with back panels of the same total width. Add returns to form a continuous "L". Half-round endpiece joins back-to-back shelves over a half-round conference worksurface. Quarter round terminates an intermediate shelf at a straight panel connection.

Intermediate shelves cannot be mounted to freestanding desks or overhead supports.

Use full width intermediate shelves that correspond with actual workstation width.

612 Surface finish		

Standard 13" deep shelves double as flush counter surfaces. Specify undershelf or transaction shelf brackets for this application. Each set supports a maximum span of 48". Shelves over 60"W require MB1-AUX-S auxiliary support brackets.

All shelf brackets accept task light fixtures with the exception of the transaction shelf brackets MB2-TS-(). Adjacent bookend-style shelf brackets require MB1-TC tie clip to secure full-width task light.

Desk mounted counter surfaces do not accept task lights.

Morrison System

Order Code

Specification Information

Example: MZ1-B2415-15-W210/20-Q	
MZ1	Morrison Network privacy screen
B	Back of worksurface
24	Width
15	Height
15	Surface type and group no.
W210/20	Upholstery
Q	Standard Special

Surface type:

10-	Fabric group 10
15-	Fabric group 15
20-	Fabric group 20
30-	Fabric group 30
35-	Fabric group 35
40-	Fabric group 40
45-	Fabric group 45

Back of worksurface screens provide visual barrier and tackable surface from underside of worksurface to a height of 42", 46" or 49".

Screen widths should correspond to straight worksurface width, or sum of VDT corner and return widths.

Use back of worksurface screen for VDT applications where one side is backed by a vertical panel.

VDT worksurfaces will accept back screens on only one back edge.

Back screens may not be used at the end of a straight worksurface; use end screens in this application.

Privacy screens are not available in a combination of fabrics.

Back of worksurface screens are full dimension: two smaller screens may be substituted for a larger one. For example, if using fabric grades 20-70, specify two 36" screens for a 72" surface.

Between back-to-back straight or VDT worksurfaces specify a single 3/4" back screen. This allows back-to-back 23 5/8"D or 29 5/8"D worksurfaces to plan on a precise 6" module.

15" high screens are used for a 42" horizon.

19"H screens are used to fill in space between worksurface and Morrison overhead.

22"H screens fill the space between worksurface and Reuter overhead.

All but shared end screens start at the bottom of the worksurface.

Privacy screens are supported by brackets fastened at worksurface inserts. Privacy screens include mounting brackets, insert kit, and stiffener clip.

For replacement screen stiffeners see Accessories page.

Privacy screens may be specified to achieve ASTM E-84 Class "A" flamespread rating.

Morrison vertical storage

options kiosk

Standard Specials Systems

description	width	depth	height	pattern number	Paint
Options Kiosk	24"	24"	18"	LV3-S18S-(L/R)-()-Q	\$1,644.

Reff System

Order Code	Specification Information	Application Notes
Example: QR3B0PLL3418-A4K	<i>To order please specify pattern number including:</i>	
QR3 Reff Generation 3 Special	1. Top trim profile	1. Top trim profile:
B0 No Beltway	2. Base height	A = Flat
P Monolithic panel	3. Knockout option (K = with knockouts, N = without knockouts)	B = Square
LL Laminate on both sides	4. Panel side 1 finish(s) inside	C = Bullnose
34 34" high	5. Panel side 2 finish(s) outside	E = Extruded aluminum, anodized finish only
18 18" wide	6. Top trim finish	2. Base height:
(A) Flat style top trim	7. Base finish	4 = 4" base height
(4) 4" base height	8. <i>Optional:</i> specify (M) for panel frame to be milled for ported components. \$15 list upcharge applicable	6 = 6" base height (add \$50 per panel for this option)
(K) Include knockouts in base		Applicable finishes are listed on page 85.
118 Laminate selection - side 1		Product on this page will accept wood grain laminate where laminate is currently an option.
118 Laminate selection - side 2		
V316 Maple (top trim finish)		
118 Bright White (base finish)		

All panels on this page accept stacking modules.

6" Raceway option increases panel height by 2 3/4".

All panels on this page have no high acoustical option or Beltway option except those indicated with an asterisk.

Product on this page can be attached to posts 34"H, other 34", 42", 49", 64", and 79" panels without beltway. To attach 34"H panels to Beltway posts over 34"H, order appropriate attachment kit from the standard Reff price list.

79"H hookstrip reveal strips are ordered separately from page standard Reff price list at no charge.

* These panel widths do not accept stacking modules.

* For creating freestanding pedestal using standard Reff pedestal. Counterweights must be ordered separately.

Order Code	Specification Information	Application Notes
Example: QRSA903RL	<i>To order please specify pattern number including:</i>	Products on this page are shipped without hardware which must be ordered separately from the support components section.
QR Reff Standard Special		
S Straight top	<i>1. Grommet options:</i>	
A 1 1/4" thick	CF = Classic grommet in Flush location	
90 90" wide	PF = Profiles grommet in Flush location	Worksurface stiffeners recommended to provide additional support for open spans greater than 54" w.
3 30" deep	N = No Grommet	
CF Grommet Option		These worksurfaces are predrilled with pilot holes for use with wood screws.
111 Jet Black (grommet)	<i>2. Grommet finishes:</i>	
L Laminate finish	Painted or Plated	
114 Folkstone grey	<i>3. Finish type:</i>	Classic type grommet sits even with top of the worksurface. Profiles type grommets have a 1/16" thick flange which rests above the worksurface.
	L = Laminate	Note: When specifying "plated" Classic grommet - The cap is plated and the sleeve comes in black only.
	M = Wood/laminate mixed	Note: Recessed grommet location is note recommended for 20" and 24" deep tops.
	1 = V1	
	2 = V2	
	3 = V3	

Product on this page will accept woodgrain laminate where laminate is currently an option.

Knoll accepts no responsibility for special grommet locations which interfere with support or other hardware. All requests for special grommet locations must be approved through custom product development.

Actual widths of worksurfaces are 1/16" less than nominal dimension. Actual depth is 1/8" less.

Reff System

* For creating freestanding pedestal using standard Reff pedestal. Counterweights must be ordered separately.

Order Code

Example:	QRSB903RL
QR	Reff Standard Special
S	Straight top
B	1 3/4" thick
90	90" wide
3	30" deep
R	Recessed grommet location
L	Laminate finish
114	Folkstone grey
111	Jet Black (grommet)

To order please specify pattern number including:

1. Top thickness
2. Grommet option
3. Top finish type
4. Top finish
5. Grommet finish

1. Thickness options:
B = 1 3/4"

2. Grommet options:
N = No grommets
F = Flush front grommet location
R = Recessed front (not recommended for 20"D and 24"D tops)

3. Finish type:
L = Laminate
M = Wood/laminate mixed
1 = V1
2 = V2
3 = V3

Applicable finishes are listed on page 85.

Knoll accepts no responsibility for special grommet locations which interfere with support or other hardware. All requests for special grommet locations must be approved through custom product development.

Actual widths of worksurfaces are 1/16" less than nominal dimension. Actual depth is 1/8" less.

1 3/4" thick laminate option is double post formed front and back, all others are edgebanded.

Products on this page are shipped without hardware which must be ordered separately from the support components section in standard Reff price list.

1 3/4" tops require support at mid point to reduce spans to 66" or less.

Mixed finish 1 3/4" tops are not post-formed.

Reff System

Order Code	Specification Information	Application Notes
Example: QRSBP503RL	<i>To order please specify pattern number including:</i>	
QR Reff Standare Special	1. Top thickness	1 3/4" thick laminate option is double post formed front and back, all others are edgebanded.
S Straight top	2. Grommet option	Products on this page are shipped without hardware which must be ordered separately from the support components section in standard Reff price list.
B 1 3/4" thick	3. Top finish type	
P Post	4. Top finish	
50 24" wide	5. Grommet finish	
3 30" deep	1. Thickness options: B = 1 3/4"	1 3/4" tops require support at mid point to reduce spans to 66" or less.
R Recessed grommet location	2. Grommet options: N = No grommets	Mixed finish 1 3/4" tops are not post-formed.
L Laminate finish	F = Flush front grommet location	
114 Folkstone grey	R = Recessed front (not recommended for 20"D and 24"D tops)	
111 Jet Black (grommet)		

3. Finish type:
L = Laminate
M = Wood/laminate mixed
1 = V1
2 = V2
3 = V3

Applicable finishes are listed on page 85.

Knoll accepts no responsibility for special grommet locations which interfere with support or other hardware. All requests for special grommet locations must be approved through custom product development.

Actual widths of worksurfaces are 1/16" less than nominal dimension. Actual depth is 1/8" less.

Order Code

Specification Information

Example:	QRCCDLA23672N2
QR	Reff Standard Special
CC	Curved corner
D	D top
L	Left Hand
A	1 1/4" thick
2	24" return
36	36" d at straight edge of corner, 30" across "D"
72	72" wide
N	No grommet
	Grommet finish
2	V2 finish
V319	Medium Cherry

To order please specify pattern number including:

1. Grommet options:

CF = Classic grommet in flush location
 PF = Profiles grommet in flush location
 N = No Grommet

2. Grommet Finish:

Painted or Plated

3. Finish type:

L = Laminate
 M = Mixed (laminated surface with wood edge)
 1 = V1
 2 = V2
 3 = V3

4. Top Finish:

Product on this page will accept woodgrain laminate where laminate is currently an option.

These worksurfaces are predrilled with pilot holes for use with wood screws.

Worksurface stiffeners are recommended to provide additional support for open spans greater than 54"w.

Classic type grommet sits even with top of the worksurface.

Profiles type grommets have a 1/16" thick flange which rests above the worksurface.

Note: When specifying "plated" Classic grommet - The cap is plated and the sleeve comes in black only.

A	1 1/4" thick
2	24" return
36	36" d at straight edge of corner, 30" across "D"
72	72" wide
N	No grommet
	Grommet finish
2	V2 finish
V319	Medium Cherry

To order please specify pattern number including:

1. Grommet options:

CF = Classic grommet in flush location
PF = Profiles grommet in flush location
N = No Grommet

2. Grommet Finish:

Painted or Plated

3. Finish type:

L = Laminate
M = Mixed (laminated surface with wood edge)
1 = V1
2 = V2
3 = V3

4. Top Finish:

Product on this page will accept woodgrain laminate where laminate is currently an option.

These worksurfaces are predrilled with pilot holes for use with wood screws.

Worksurface stiffeners are recommended to provide additional support for open spans greater than 54"w.

Classic type grommet sits even with top of the worksurface.

Profiles type grommets have a 1/16" thick flange which rests above the worksurface.

Note: When specifying "plated" Classic grommet - The cap is plated and the sleeve comes in black only.

Specification Information

To order please specify pattern number including:

1. *Grommet options:*
 CF = Classic grommet in flush location
 FR = Classic grommet in Recessed location
 PF = Profiles grommet in Flush location
 PR = Profiles grommet in Recessed location
 N = No Grommet

2. *Grommet finish:*
 Painted or Plated

3. *Finish type:*
 L = Laminate
 M = Wood/laminate mixed
 1 = V1
 2 = V2
 3 = V3

4. *Top Finish:*

Application Information

Actual widths of worksurface are 1/16" less than nominal dimension. Actual depth is 1/8" less than nominal dimension.

Product on this page will accept woodgrain laminate where laminate is currently an option.

See Planning Guide for standard grommet locations. D-top grommet location is always centered at flat end.

Knoll assumes no responsibility for special grommet locations which interfere with support or other hardware.

Refer to Planning Guide for modesty panel size requirements and all other support options.

Products on this page are shipped without hardware which must be ordered separately from the support components section.

These worksurfaces are predrilled with pilot holes for use with wood screws.

Worksurface stiffeners are recommended to provide additional support for open spans greater than 54"w.

Classic type grommet sits even with top of the worksurface. Profiles type grommets have a 1/16" thick flange which rests above the worksurface.

Note: When specifying "plated" Classic grommet - The cap is plated and the sleeve comes in black only.

Note: Recessed grommet location is not recommended for 20" and 24" deep tops.

1"	58"	26 1/2"	QRB58MR() ()	509.	720.	828.	1,117.

Use of short modesty panel

Pedestals and finished back for pedestal must each be ordered separately

Short modesty comes with attachment brackets to secure modesty panel to sides of pedestals.

Order:

28" modesty for 60" bow top

34" modesty for 66" bow top

46" modesty for 78" bow top

58" modesty for 90" bow top

When ordering 30"d bow top for use with short modesty, specify **recessed** grommet location

When ordering 36"d bow top for use with short modesty, specify **alternate** grommet location

Specification Information

To order please specify pattern number including:

1. Hinge location, where applicable
2. Finish type
3. Interior option
4. Pull option
5. Lock option, where applicable
6. Finish, cabinet
7. Finish, pull when applicable
8. Keying instructions

***After specifying product code, provide keying instructions.**

1. Hinge location:
L = Left hand
R = Right hand

2. Finish type:
L = Laminate
1 = V1
2 = V2
3 = V3

3. Interior options:
M = Metal

4. Pull Option (where applicable)

D = metal D-pull (finish optional)
J = routed J-pull (finish matches case)
C = nickel finish C-pull (nickel finish only)
S = S-pull (stainless steel finish only)
R = Cylinder
T = Tab
F = Bar
H = Out Line

5. Lock options:
L = Lock hole drilled
N = No lock drilling

8. Refer to page 187 for keying instructions.

Product on this page excluding J-pull option will accept woodgrain laminate where laminate is currently an option.

Specify shelf paint finish on open cabinets with metal interiors.

Please note: Shelf adjustability is limited to approximately 2.5" up or down per shelf from predetermined shelf height.

Application Notes

Key alike are field installed using the KnollKey order form. Random locks are factory installed.

Cabinets do not come with lock included. Keying instructions must accompany all cabinet orders.

Hinge door cabinets have optional lock drilling which can be specified in the cabinet product code.

**Note:*
Wardrobe cabinets do not come equipped with coat rod and boot tray. Please specify separately from standard Reff price list.

File drawers include file bars for front to back and side to side filing.

File drawers do not support bottom loading.

Applicable finishes are listed on page 85.

Order Code

Example:	QRC612DHDLWJN
QR	Reff Standard Special
C	Cabinets
6	68" high
1	16" wide
2	20" deep
DH	Desk height
D	Wardrobe
L	Left hand hinge location
L	Laminate finish type
W	Wood interior
J	Routed pull
N	No lock drilling

Specification Information

To order please specify pattern number including:

1. Hinge location, where applicable
2. Finish type
3. Interior option
4. Pull option
5. Lock option, where applicable
6. Finish, cabinet
7. Finish, pull when applicable
8. Keying instructions

***After specifying product code, provide keying instructions.**

1. Hinge location:

L = Left hand
R = Right hand

2. Finish type:

L = Laminate
1 = V1
2 = V2
3 = V3

3. Interior options:

W = Wood

4. Pull Option (where applicable)

D = metal D-pull (finish optional)
J = routed J-pull (finish matches case)
C = nickel finish C-pull (nickel finish only)
S = S-pull (stainless steel finish only)
R = Cylinder
T = Tab
F = Bar
H = Out Line

5. Lock options:

L = Lock hole drilled
N = No lock drilling

8. Refer to page 187 for keying instructions.

Product on this page excluding J-pull option will accept woodgrain laminate where laminate is currently an option.

Specify shelf paint finish on open cabinets with metal interiors.

Please note: Shelf adjustability is limited to approximately 2.5" up or down per shelf from predetermined shelf height.

Application Notes

Key alike are field installed using the KnollKey order form. Random locks are factory installed.

Cabinets do not come with lock included. Keying instructions must accompany all cabinet orders.

Hinge door cabinets have optional lock drilling which can be specified in the cabinet product code.

*Note:

Wardrobe cabinets do not come equipped with coat rod and boot tray. Please specify separately from standard Reff price list.

File drawers include file bars for front to back and side to side filing.

File drawers do not support bottom loading.

Applicable finishes are listed on page 85.

Example: QAFPO10W-114	
QA	AutoStrada
F	Floor standing
P	Pedestal
O	Open with an adj. shelf
W	Wood interior only
1	20" deep nominal
0	16" wide
114	Finish, Folkstone grey

To order please specify pattern number including:

1. Hand (applicable 16" and 19" wide units)
L = hinges on left
R = hinges on right
2. Depth
1 = 20" deep
2 = 24" deep
3. Width
0 = 16" wide
1 = 19" wide
2 = 30" wide
3 = 36" wide
4 = 42" wide
4. Pull
E = Extruded aluminum pull
P = Extruded aluminum protruding pull

5. Lock option
L = drilled for locks
N = not drilled for locks
6. Interior
W = wood interior (only)
7. Finish
Laminate, V1, V2 or V3 finish
8. Finish, pull
Anodized aluminum or painted finish options listed on page 0 excluding silver.

Optional lock drilled to be specified. If drilled for locks selected, keying instructions must accompany order.

See page 165 for finish options applicable.

Product on this page will accept wood grain laminate where laminate is currently an option.

Units on this page include a finished sub-top and anti-tip spacer. Height to underside of worksurface including anti-tip spacer is 27"h. Optional work surface stand-offs (to use in place of anti-tip spacer) are specified separately from page 0.

Primary finished top required in freestanding applications, ordered separately when item stands alone.

Note: Optional cabinet feet are recommended when units used in free-standing applications to achieve overall desk height of 29³/₈" (see page 0).

Note: Above pedestals do not allow for 2 rows of binder storage.

Order Code	Specification Information	Application Notes	
Example: AW1 S2430-Q-119	Worksurface edges are trim grey.	Worksurfaces may be end-supported, cantilevered from Currents service wall, or supported by C-leg or pedestal at each end. Universal worksurfaces are interchangeable with Currents desks. Specify supports separately. Straight worksurfaces have a 1"D curved front for additional surface area, or a flat front. Flat front allows two straight worksurfaces to meet at right angles.	24"D straight worksurfaces may be cantilevered with two cantilever brackets.
AW1 Worksurface	<i>Specify top finish</i>		24" and 30"D straight worksurfaces may be end supported with two Currents end support brackets.
S Straight			
24 Width			
30 Depth			Universal straight worksurfaces 36" wide and greater include a steel stiffener that doubles as a horizontal cable manager.
Q Standard Special			
119 Top finish			Counter surface with curved front is designed to mount on either side of 39"H wall crown with counter surface brackets.

Equity service wall accessories

panel starter and end starter

Standard Specials Systems

description	nominal height	pattern no.	list
Equity panel starter	80	AA1EPS80Q	\$507.
Equity end starter	28	AX1E28Q	361.
	80	AX1E80Q	507.

Order Code	Specification Information	Application Notes	
Example: AX1EET64T, 613	<i>Specify legacy paint finish for Equity end and panel starters, trim kits and crown end cap:</i>	Equity panel starters attach perpendicular panels to Currents wall structural base covers. Equity panel starter includes clamp bracket and adapter. Both end and panel starters include top clip for added stiffness. No connector post is required for either starter.	Specify trim kit suffix “T” for panels on both sides, “L” or “R” for attached panels only on left or right side of end of the Currents wall (as seen from outside of “T” end). Also specify crown end cap for all end conditions.
AX1 Accessory	<i>Note:</i>		
EET Equity end trim	For more specific application information, please refer to pages 48-49 of the 1999 Equity Planning Guide. Additional finishes are available for crown end caps.	Equity end starter supports perpendicular panel run on the centerline of the end of the wall. Perpendicular panels should be at the same height or higher than the service wall.	Gap fillers fill the gap when attaching a lower height Equity panel at the end of a 64”H Currents service wall.
64 Panel trim			
T “T” both sides			
613 Silver trim	*For pricing and discounting refer to the Currents price list. Leadtimes will be consistent with Currents published lead-times.	The Equity end trim kit encloses and flushes out the end of the Currents service wall with attached, end started Equity panels.

Selling Policy

This Selling Policy supercedes all previous selling policies. Prices, discounts and product offerings are subject to change without notice.	
Terms & Conditions of Sales	Sales by Knoll, Inc. or Knoll North America Corp. ("Seller") of Knoll Product Lines (hereinafter "Products") within the United States and Canada are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser's assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supercede any prior and/or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and signed and shall be valid for all purposes as if they were originated and maintained in documentary form.
Ordering Information	All orders must be in writing. The product pattern number(s) contained on Seller's order acknowledgement shall be the final expression of the order.
Order Confirmation	A purchase order is not binding on Seller until Purchaser has received Seller's order confirmation or acknowledgment.
Pricing Policies	List prices are subject to change without notice. List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller's list prices.
Taxes	All sales, use, excise and other taxes applicable to the sale of the Products shall be paid by Purchaser. If Purchaser claims an exemption from any tax, Purchaser shall submit to Seller the appropriate exemption certificates.
Terms of Payment	Payment for one hundred percent (100%) of the net order amount is due within thirty (30) days of the date of invoice, which is generally issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than \$100,000 net, a fifty percent (50%) deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice. KnollStudio orders less than \$2,000 require payment for one hundred percent (100%) of the net order amount (including any applicable sales tax and charges for inside delivery, special packaging, etc.), due at time of order placement. For KnollStudio orders greater than \$2,000, a one-half (50%) deposit is due at time of order placement with the remainder (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due prior to shipment. If, in the judgment of Seller, Purchaser's financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance. Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults on payment, Purchaser shall be liable for all collection costs, including reasonable attorney's fees and costs.
Changes and Cancellation	Purchase orders may not be changed or cancelled, in whole or in part, without prior written consent of Seller. Changes may effect delivery dates. Expenses incurred because of changes shall be charged to Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including "COM" (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled.
Freight Prepaid	Freight is prepaid and included in the price of all Products, except KnollTextiles, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice.
Delivery/Freight Charges	Shipments outside the contiguous 48 United States and Canada shall be shipped F.O.B. Origin. For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination. Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment, in writing. Nonstandard methods of shipment and/or additional services are available upon request. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser's request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redelivery. Partial shipments may be made and invoiced by Seller.
Claims	All shipments for Knoll Products within the contiguous United States and Canada are F.O.B. Origin. All risk of loss passes to Purchaser at time of delivery to carrier. Purchaser shall inspect all Products upon receipt and notify Seller within ten (10) working days after receipt of any damage or defects which are, or should be, apparent from an inspection of the Product and its packaging. Failure of Purchaser to notify Seller during the ten (10) working day period shall constitute acceptance of the Products and waiver of any apparent defects, errors or shortages. For all claims relating to Product damaged in transit or for any other claims relating to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser for such claims. Seller may, upon request, assist Purchaser with filing of such claims with the carrier, but Seller will not be liable for any of these transportation related claims.
Seller's Security Interest	Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.
Returns	The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) of list restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products.
Held Orders/Storage	If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.

Selling Policy

Customer's Own Material	A Purchaser who requests a fabric or other surface material not standard to Seller's line of Products ("COM") must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to use of the COM on the Product.
Warranty	Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below. Warranty period set forth below is for 24-hour, 7 days a week, multi shift use (includes parts and labor to repair). Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts. <i>Product and Period of Warranty</i> <i>Lifetime: Antenna Workspaces, AutoStrada, Calibre, Crinion Open Table, Currents, Dividends Horizon, Morrison, Reff Profiles laminate, Series 2 Storage, Template and other non-wood components (except cascade edge worksurfaces, operational parts, controls, electrical, Lighting, Series 2 Veneer Front Storage, special or custom products, see below)</i> <i>12 Years: Chadwick, Essentials Work Chairs, Generation by Knoll, Life, Moment, MultiGeneration by Knoll, ReGeneration by Knoll, Remix, RPM, Sapper and Toboggan seating (except seating upholstery, textiles, leathers and finishes, see below).</i> <i>10 Years: Anchor Storage except digital keypad lock, Antenna Workspaces, AutoStrada, Crinion Open Table, Dividends Horizon, Dividends Horizon Satellite Surfaces, Reff Profiles, Template wood components, Series 2 Veneer Front Storage, cascade edge worksurfaces, Wood Casegoods (The Graham Collection) (except wood casegoods upholstered surfaces, see below), Reuter overheads, Reuter vertical storage, KnollExtra Sapper Monitor Arm Collection, Sapper XYZ Monitor Arm, Adjustable keyboard mechanisms and platforms, Communication Boards (except fabric board textiles, see below), Smokador collection (except leathers, see below), and Orchestra Universal Systems Accessories, k. lounge structural components.</i> <i>5 Years: Operational parts, controls, electrical, Lighting (except light ballasts, bulbs and power supply, see below), special or custom product, wood veneer products, Currents handcrank, Interaction Counterforce, KnollStudio, Spark Series seating structural elements, structural elements of all KnollStudio outdoor products including all Richard Schultz designed products, KnollExtra CPU storage and all universal storage drawers and Power Collection, Tone Tables.</i> <i>3 Years: Seating upholstery, textiles, leathers and finishes. Fabric boards textiles and Smokador Collection leathers.</i> <i>2 Years: Anchor Storage digital keypad lock, all other KnollExtra product</i> <i>1 Year: Light ballasts, bulbs and power supply, seating upholstered armpads and soft armpads, wood casegoods upholstered surfaces. KnollStudio, outdoor product finishes, k. lounge upholstery and k. lounge fabric.</i> This warranty does not apply to: • Damage caused by a carrier other than the Seller. • Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products). • COM or other third party materials applied to Products. • Products not installed by or under the auspices of a Knoll Dealer. • Dramatic temperature variations or exposure to unusual conditions. • Changes in surface finishes, including colorfastness due to aging or exposure to light. • Clear paint finish applied to Antenna Workspaces steel or aluminum part. • Except as specifically noted above, textiles and upholstery supplied by <i>KnollTextiles</i> (consult current <i>KnollTextiles</i> price list for applicable warranty). Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures, or surface hardness of such materials. The Seller also does not guarantee the colorfastness of fiberglass panel surfaces. THE EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE. The remedies provided above are the Purchaser's sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with respect to or arising out of the Product furnished hereunder.
Delay/Force Majeure	Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delay, allocate available Product or cancel any purchase order.
Compliance with Law	PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.
Patents	Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediate, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended. The foregoing indemnity does not apply to the following: • Products supplied according to a design other than that of Seller, and which is required by the Purchaser. • Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer. • Any settlements of a suit or proceeding made without Seller's written consent.
Limitations of Liability	SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT. Purchaser's remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.

KnollKey Lock Program

KnollKey Lock Program General Information

Following is the KnollKey lock policy, applicable to all products.

Knoll furniture can be ordered keyed-alike or random keyed. Key-alike and random keying instructions cannot be mixed on any single order. Only one of the two instructions can be used on an individual order. When an order is submitted with mixed (key-alike and random) instructions, Knoll will release the order as key-alike only and lock cores will have to be specified separately.

Key-alike

For the convenience of the user, furniture may be keyed alike at no charge. Write "Key-alike" in the description of your purchase order for any pedestal, overhead, file or other item you wish to have keyed alike.

Using the key-alike instructions, order cores and keys as line items on your purchase order. Do NOT submit a key-alike form. The Knoll East Greenville Lock Center will select key numbers from the standard range of K 001 - K 250. Key numbers will not be repeated unless over 250 sets are ordered. Lock cores keyed-alike will ship separately from the product, ready for field installation.

There is no charge for key-alike orders if placed with the furniture order.

IF THE KEY-ALIKE ORDER IS NOT PLACED AT LEAST TWO WEEKS PRIOR TO THE FURNITURE SHIP DATE, A \$50 HANDLING CHARGE AND AIR FREIGHT CHARGES WILL APPLY.

If product is ordered and shipped random-keyed, additional lock cores for key-alike are billable.

Random-Keying

To specify product keyed-random, write "key-random" in the product description. Random-keyed product is shipped with the lock core factory installed. A shrouded key is included. Random means no effort has been made to match key numbers, or to make them different.

Keys

A Knoll shrouded key is shipped with every lock core. 250 Key numbers are available. For numbers above 250, contact Custom Product Development. Additional keys and key blanks are available. See service parts for more information.

Master Keying

Knoll locks can be controlled by means of a master key. There is no additional per-lock charge for master keying. A letter of approval from the client must accompany orders for master keys.

Installing Lock Cores

Lock cores can be installed or removed in the field by using a change key. Cores must be in the unlocked position to be removed. See service parts for change key pattern number and pricing.

Lock Distribution

All orders for key-alike lock cores/keys are packaged and shipped from the East Greenville Lock Center, regardless of where the pedestals, overhead, or other units are produced. Random keyed product will have cores factory-installed.

How to Specify Key-Alike

Following is an example of how to specify key-alike for a cluster of 10 workstations.

Step 1 - Using the project floorplan, count the number of locks in each workstation.

Step 2 - Count the number of workstations with the same quantity of locks. Group together the workstations with a like number of locks.

5 workstations with 2 locks per station
3 workstations with 4 locks per station
2 workstations with 5 locks per station

Step 3 - For the first group (5 sets of 2 locks), enter the number of workstations in the quantity column.

Qty	Pattern #	Description	Unit List	Ext. List
5				

Step 4 - Then enter the pattern number "KSPEC_ _" and add a suffix for the number of locks for that group (i.e., for 2 locks per station, add the suffix "2"). Up to 30 lock cores are available in a set (i.e., KSPEC 30).

Qty	Pattern #	Description	Unit List	Ext. List
5	KSPEC 2	Set of 2 cores/keys	N / C	N / C

Step 5 - Repeat for other groups.

Qty	Pattern #	Description	Unit List	Ext. List
5	KSPEC 2	Set of 2 cores/keys	N / C	N / C
3	KSPEC 4	Set of 4 cores/keys	N / C	N / C
2	KSPEC 5	Set of 5 cores/keys	N / C	N / C

Your Key instructions are complete.

Knoll will select key numbers for each set from 250 available numbers. Additional key numbers are available through Custom Product Development. **For additions to existing installations, specify desired key numbers in the description.**

Service Parts

Pattern #	Description	List Price
KKEY_ _ _	Shrouded Key Specify key number desired	\$10
KBLANK	Shrouded Key Blank	\$10
KSPECB_ _ _	Retrofit Universal Core/Key Specify key number desired	\$22
KCHANGE	Change Key	\$10
HLKRKMASTER*	Master Key	\$10

*Note: A letter of approval on company letterhead from the client must accompany all orders for master keys.

General Ordering Information

The Products

This guide encompasses all standard products for this product group.

Sizes

Dimensions listed in this guide are indicated as:

H = height

W = width

D = depth

Dia. = diameter

Rad. = radius

Pricing

All prices shown are list.

How to Order

Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item's "designated area" can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:

Knoll, Inc.
1235 Water Street
P.O. Box 157
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll's environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such "green" initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to knoll.com, click on "About Knoll" and then "Environmental Focus."
